

**TEHAMA COUNTY AIR POLLUTION CONTROL DISTRICT  
NOTICE OF PUBLIC HEARING  
REGARDING THE ADOPTION OF NORTHERN SACRAMENTO VALLEY PLANNING AREA  
2024 TRIENNIAL AIR QUALITY ATTAINMENT PLAN**

---

**NOTICE IS HEREBY GIVEN** that the District Board of the Tehama County Air Pollution Control (“District”) will hold a public hearing at the time, date, and location indicated below to consider the adoption of Northern Sacramento Valley Planning Area 2024 Triennial Air Quality Attainment Plan pursuant to California Health and Safety Code Section 40925.

---

**HEARING DATE, TIME, AND LOCATION**

- **Date:** March 18, 2024
  - **Time:** 10:30 A.M., or soon thereafter
  - **Location:** Board Chambers, 727 Oak St., Red Bluff, California
- 

**PURPOSE**

The California Clean Air Act (CCAA) requires air districts which have been designated as a nonattainment area for California Ambient Air Quality Standards (CAAQS) for ozone, carbon monoxide, sulfur dioxide, or nitrogen dioxide to prepare and submit a plan for attaining and maintaining the standards. The CCAA also requires that districts review their progress made toward attaining the CAAQS every three years.

The 2024 triennial update of the Northern Sacramento Valley Planning Area Air Quality Attainment Plan (2024 Plan) assesses the progress made in implementing the previous triennial update and proposes modifications to the strategies necessary to attain the CAAQS by the earliest practicable date. The 2024 Plan includes an assessment of progress towards achieving the control measure commitments in the previous Triennial Plan, a summary of the last three years of ozone data, a comparison of the expected versus actual emission reductions for each measure committed to in the previous Triennial Plan, updated control measure commitments, and updated growth rates of population, industry, and vehicle related emissions.

---

**AVAILABILITY OF DOCUMENTS**

- A copy of the full text of the Northern Sacramento Valley Planning Area 2024 Triennial Air Quality Attainment Plan is available for public review at the Tehama County Air Pollution Control District office at 1834 Walnut St Red Bluff, CA 96080 and on the District’s website at [www.tehcoapcd.net](http://www.tehcoapcd.net).

- Copies may also be requested by contacting Joseph Tona, Air Pollution Control Officer at 530-527-3717 or by email at [staff@tehcoapcd.net](mailto:staff@tehcoapcd.net).
- 

#### **WRITTEN PUBLIC COMMENTS**

- Written comments are invited and must be received by March 14, 2025, at 5:00 P.M.
- Please address comments to:
