EXHIBIT A – PROGRAM DESCRIPTION, FUNDING AND FEES

**I. Name of Program:** Psychiatric Inpatient Concurrent Review (“PICR”)

**II. Program Overview:**

Objective

CalMHSA shall administer this Program to assist participating counties in conducting concurrent review and authorization for all psychiatric inpatient hospital and psychiatric health facility services on behalf of participating California County Mental Health Plans (“MHPs”).

Per the Department of Health Care Services (“DHCS”) Behavioral Health Information Notice (“BHIN”) 19-026 and BHIN 22-017, MHPs are required to conduct concurrent review and authorization for all psychiatric inpatient hospital services and psychiatric health facility services. These BHINs outline policy changes implemented to ensure an MHPs’ compliance with the Parity in Mental Health and Substance Use Disorder Services Final Rule (Parity Rule; Title 42 of the CFR, part 438.910).

By utilizing a technology-assisted concurrent review process, a consistent and efficient review process will support MHP compliance with BHINs 19-026, 22-017, 26-001, 26-002 (and any additional or superseding BHIN), and the Parity in Mental Health and Substance Use Disorder Services Final Rule (Parity Rule; Title 42 of the CFR, part 438.910).

Services

CalMHSA has entered into a services contract (“Service Agreement”) with Acentra Health, LLC (formerly known as Kepro/Keystone Peer Review Organization, Inc. (“Contractor”)) to provide participating counties a web-enabled utilization review platform and clinical services to carry out psychiatric inpatient concurrent review and authorization services on behalf of multiple California County MHPs.

CalMHSA shall work closely with Contractor to coordinate implementation and onboarding of participating counties. Participants shall submit their Monthly MEDS Extract File (“MMEF”) to Contractor via secure transfer utilizing Dropbox or a successor application, as determined by CalMHSA. For Participants utilizing the SmartCare electronic health record, Participant authorizes CalMHSA to import Participant’s MMEF data from Participant’s CalMHSA SmartCare instance, or any other data sources as otherwise agreed upon between CalMHSA and Participant, directly to Dropbox.

MHPs delegating concurrent review and authorization services to Contractor will range in size from small/rural to large counties and will be located throughout California. Although the review and authorization requirements are uniform, the communication practices may vary, as agreed upon, to accommodate the operational needs of the participating counties or inpatient psychiatric hospitals where county beneficiaries are hospitalized.

**III. Service Fee:**

Participant agrees to pay the following Service Fee for each completed Treatment Authorization Request (“TAR”) conducted on behalf of Participant:

**Table A.**

Applicable Period	Service Fee Per Review
03/01/2026 – 06/30/2028	\$168

**Notes:**

1. Service Fee refers to the cost to complete each TAR and is inclusive of all costs and fees. Participant will be invoiced at the end of each month based on Participants’ actual utilization of the services according to the rate set forth in Table A above for each TAR completed.

**IV. Program Funding**

Maximum program funding under this Agreement shall not exceed the Not to Exceed (“NTE”) amount set forth below for all the stated services during the term of the Agreement:

**Table B.**

Applicable Period	Not to Exceed (“NTE”)
02/01/2026 – 06/30/2028	\$292,320.00

**Notes:**

The NTE is generally determined based on the county’s highest annual utilization over the past three fiscal years, with an additional 25% allowance to accommodate potential increases in utilization over the term of this Agreement.
