RECITALS TO BE ADDED TO FY25/26 CONTRACT YEAR

WHEREAS, Psynergy seeks to amend the Agreement to modify and clarify certain of its and County's obligations.

ACCORDINGLY, County and Contractor agree as follows:

- 1. **Term of Agreement.** In the event the Agreement had expired or terminated by its own terms at any time that Psynergy provided services to clients referred by County, and Psynergy provided such services acting on the good-faith belief that County would make payment for such services, the Agreement shall be deemed to have been amended and restated as of the date of such expiration or termination with the same terms and conditions in effect prior to such expiration or termination.
- 2. Rate & Terms of Payment. County agrees to make payment at the current rate set forth in this Agreement, as amended, even if County's billing and transactional system has not yet been updated to reflect changes in such rate of payment. When County makes any publicly-available updates to its rates of payment for any services contemplated by this Agreement, the parties shall amend the Agreement to reflect such rate change no later than thirty (30) days after the updates take effect, and such amendment shall have retroactive effect. In order for Psynergy to be paid at the new rate of payment on a retroactive basis, if Psynergy already invoiced County for such services prior to entering

into an amendment, Psynergy shall be entitled to bill for any difference in the rate of payment for a service that was billed before the date of any such amendment, and County shall be obligated to make payment on such invoice within thirty (30) days of its receipt.

3. **Explanation of Benefits.** County agrees to provide a detailed explanation of benefits ("EOB") with each payment. The EOB will identify each patient, date of service, and particular service for which payment is being made.

4. Delay in Payment.

- (i) With respect to all invoices for fiscal year 2025/2026, and all subsequent invoices, County shall make payment to Psynergy on such invoices within thirty (30) days of receipt.
- (ii) Notwithstanding anything in the Agreement to the contrary, if County fails to make payment on any invoice issued by Psynergy for sixty (60) days or more, Psynergy shall be entitled to bill, and County shall be obligated to pay, for all such services provided by Psynergy per day on a bundled basis, where the rate of payment is (see rates above) per day per patient (the "Bundled Rate"). Such payment shall be made within thirty (30) days after Psynergy provides County with notice of its obligations under this paragraph 3.
 - 5. **Unusual Coverage Situations.** Notwithstanding anything in the Agreement to the contrary, at the time County makes a referral to Psynergy for a new patient, County shall be obligated to disclose all sources of coverage for such patient. In the event (i) County omits material information regarding such patient's coverage sources, or (ii) the patient lacks coverage because he or she is undocumented or uninsured, County shall be financially responsible for all services furnished to such patient by Psynergy and make payment at the rates and upon the terms and conditions set forth in this Agreement as if such patient, at all relevant times, were a Medi-Cal beneficiary with no other source of coverage. If a new patient referred to Psynergy by County has any form of third-party insurance, County shall pay for all services provided to such patient per day on a bundled basis at the Bundled Rate.
