

**AGREEMENT BETWEEN THE COUNTY OF TEHAMA AND
MID PACIFIC ENGINEERING, INC.**

This agreement is entered into between the County of Tehama, through its Administration Office, ("County") and Mid Pacific Engineering, Inc. ("Contractor") for the purpose of providing on-call materials testing and special inspection services.

1) RESPONSIBILITIES OF CONTRACTOR

During the term of this agreement, Contractor shall provide on-call materials testing and special inspection services as outlined in Exhibit "B", at the direction of County's Project Manager.

2) RESPONSIBILITIES OF THE COUNTY

County shall compensate Contractor for said services pursuant to Section 3 and 4 of this agreement.

3) COMPENSATION

Contractor shall be paid in accordance with the rates set forth in the Fee Schedule, attached hereto as Exhibit "B", after satisfactorily completing the duties described in this Agreement. The Maximum Compensation payable under this Agreement shall not exceed \$50,000. Contractor shall not be entitled to payment or reimbursement for any tasks or services performed except as specified herein. Contractor shall have no claim against County for payment of any compensation or reimbursement, of any kind whatsoever, for any service provided by Contractor after the expiration or other termination of this Agreement. Contractor shall not be paid any amount in excess of the Maximum Compensation amount set forth above, and Contractor agrees that County has no obligation, whatsoever, to compensate or reimburse Contractor for any expenses, direct or indirect costs, expenditures, or charges of any nature by Contractor that exceed the Maximum Compensation amount set forth above. Should Contractor receive any such payment it shall immediately notify County and shall immediately repay all such funds to County. This provision shall survive the expiration or other termination of this Agreement.

4) BILLING AND PAYMENT

On or before the 15th of each month, Contractor shall submit to County an itemized invoice for all services rendered during the preceding calendar month. County shall make payment of all

undisputed amounts within 30 days of receipt of Contractor's invoice. County shall be obligated to pay only for services properly invoiced in accordance with this section.

5) TERM OF AGREEMENT

This agreement shall commence on the date of signing and shall terminate upon completion of the work, unless terminated in accordance with section 6 below.

6) TERMINATION OF AGREEMENT

If Contractor fails to perform his/her duties to the satisfaction of the County, or if Contractor fails to fulfill in a timely and professional manner his/her obligations under this agreement, or if Contractor violates any of the terms or provisions of this agreement, then the County shall have the right to terminate this agreement effective immediately upon the County giving written notice thereof to the Contractor. Either party may terminate this agreement on 30 days' written notice. County shall pay contractor for all work satisfactorily completed as of the date of notice. County may terminate this agreement immediately upon oral notice should funding cease or be materially decreased, or should the Tehama County Board of Supervisors fail to appropriate sufficient funds for this agreement in any fiscal year.

The County's right to terminate this agreement may be exercised by the Chief Administrator.

7) ENTIRE AGREEMENT; MODIFICATION

This agreement for the services specified herein supersedes all previous agreements for these services and constitutes the entire understanding between the parties hereto. Contractor shall be entitled to no other benefits other than those specified herein. No changes, amendments or alterations shall be effective unless in writing and signed by both parties. Contractor specifically acknowledges that in entering into and executing this agreement, Contractor relies solely upon the provisions contained in this agreement and no other oral or written representation.

8) NONASSIGNMENT OF AGREEMENT

Inasmuch as this agreement is intended to secure the specialized services of Contractor, Contractor may not assign, transfer, delegate or sublet any interest herein without the prior written consent of the County.

9) EMPLOYMENT STATUS

Contractor shall, during the entire term of this agreement, be construed to be an independent contractor and nothing in this agreement is intended nor shall be construed to create an employer-employee relationship, a joint venture relationship, or to allow County to exercise discretion or control over the professional manner in which Contractor performs the services which are the subject matter of this agreement; provided always, however, that the services to be provided by Contractor shall be provided in a manner consistent with the professional standards applicable to such services. The sole interest of the County is to insure that the services shall be rendered and performed in a competent, efficient and satisfactory manner. Contractor shall be fully responsible for payment of all taxes due to the State of California or the Federal government, which would be withheld from compensation of Contractor, if Contractor were a County employee. County shall not be liable for deductions for any amount for any purpose from Contractor's compensation. Contractor shall not be eligible for coverage under County's Workers Compensation Insurance Plan nor shall Contractor be eligible for any other County benefit.

10) INDEMNIFICATION

Contractor shall defend, hold harmless, and indemnify Tehama County, its elected officials, officers, employees, agents, and volunteers against all claims, suits, actions, costs, expenses (including but not limited to reasonable attorney's fees of County), damages, judgments, or decrees by reason of any person's or persons' injury, including death, or property (including property of County) being damaged, arising out of contractor's performance of work hereunder or its failure to comply with any of its obligations contained in this agreement, whether by negligence or otherwise. Contractor shall, at its own expense, defend any suit or action founded upon a claim of the foregoing. Contractor shall also defend and indemnify County against any adverse determination made by the Internal Revenue Service or the State Franchise Tax Board and/or any other taxing or regulatory agency against the County with respect to Contractor's "independent contractor" status that would establish a liability for failure to make social security or income tax withholding payments, or any other legally mandated payment.

11) INSURANCE

Contractor shall procure and maintain insurance pursuant to Exhibit A, "Insurance Requirements For Contractor," attached hereto and incorporated by reference.

12) PREVAILING WAGE

Contractor certifies that it is aware of the requirements of California Labor Code Sections 1720 et seq., as well as California Code of Regulations, Title 8, Section 16000 et seq. (Prevailing Wage Laws), which require the payment of prevailing wage rates and the performance of other requirements on certain public works and maintenance projects. Contractor shall pay, at least, the general prevailing wage rates, as determined by the Director of the Department of Industrial Relations of the State of California, for all work hereunder. Contractor further agrees to fully comply with and to require its subcontractor to fully comply with such Prevailing Wage Laws. County will maintain the general prevailing rate of per diem wages and other information set forth in Labor Code Section 1773 at its principal office, and will make this information available to any interested party upon request. Contractor shall defend, indemnify and hold the County, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties, or interest arising out of any failure or alleged failure of the Contractor or its subcontractors to comply with the Prevailing Wage Laws.

Contractor acknowledges the requirements of Labor Code sections 1725.5 and 1771.1 which provide that no contractor or subcontractor may be listed on a bid proposal or be awarded a contract for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 with exceptions from this requirement specified under Labor Code sections 1725.5(f), 1771.1(a) and 1771.1(n).

Contractor acknowledges that this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

13) NON-DISCRIMINATION

Contractor shall not employ discriminatory practices in the treatment of persons in relation to the circumstances provided for herein, including assignment of accommodations, employment of personnel, or in any other respect on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, age, or sexual orientation.

14) GREEN PROCUREMENT POLICY

Through Tehama County Resolution No. 2021-140, the County adopted the Recovered Organic Waste Product Procurement Policy (available upon request) to (1) protect and conserve natural resources, water and energy; (2) minimize the jurisdiction's contribution to pollution and solid waste disposal; (3) comply with state requirements as contained in 14 CCR Division 7, Chapter 12, Article 12 (SB 1383); (4) support recycling and waste reduction; and (5) promote the purchase of products made with recycled materials, in compliance with the California Integrated Waste Management Act of 1989 (AB 939) and SB1382 when product fitness and quality are equal and they are available at the same or lesser cost of non-recycled products. Contractor shall adhere to this policy as required therein and is otherwise encouraged to conform to this policy.

15) COMPLIANCE WITH LAWS AND REGULATIONS

All services to be performed by Contractor under to this Agreement shall be performed in accordance with all applicable federal, state, and local laws, ordinances, rules, and regulations. Any change in status, licensure, or ability to perform activities, as set forth herein, must be reported to the County immediately.

16) LAW AND VENUE

This agreement shall be deemed to be made in, and shall be governed by and construed in accordance with the laws of the State of California (excepting any conflict of laws provisions which would serve to defeat application of California substantive law). Venue for any action arising from this agreement shall be in Tehama County, California.

17) AUTHORITY

Each party executing this Agreement and each person executing this Agreement in any representative capacity, hereby fully and completely warrants to all other parties that he or she has full and complete authority to bind the person or entity on whose behalf the signing party is purposing to act.

18) NOTICES

Any notice required to be given pursuant to the terms and provisions of this agreement shall be in writing and shall be sent first class mail to the following addresses:

- a. If to County: Tehama County Administration
727 Oak Street
Red Bluff, CA 96080
- b. If to Contractor: Mid Pacific Engineering, Inc.
6310 State Highway 273
Anderson, CA 96007

Notice shall be deemed to be effective two days after mailing.

19) NON-EXCLUSIVE AGREEMENT

Contractor understands that this is not an exclusive agreement, and that County shall have the right to negotiate with and enter into agreements with others providing the same or similar services to those provided by Contractor, or to perform such services with County's own forces, as County desires.

20) STANDARDS OF THE PROFESSION

Contractor agrees to perform its duties and responsibilities pursuant to the terms and conditions of this agreement in accordance with the standards of the profession for which Contractor has been properly licensed to practice.

21) LICENSING OR ACCREDITATION

Where applicable the Contractor shall maintain the appropriate license or accreditation through the life of this contract.

22) RESOLUTION OF AMBIGUITIES

If an ambiguity exists in this Agreement, or in a specific provision hereof, neither the Agreement nor the provision shall be construed against the party who drafted the Agreement or provision.

23) NO THIRD PARTY BENEFICIARIES

Neither party intends that any person shall have a cause of action against either of them as a third party beneficiary under this Agreement. The parties expressly acknowledge that is not their intent to create any rights or obligations in any third person or entity under this Agreement. The parties agree that this Agreement does not create, by implication or otherwise, any specific, direct or indirect obligation, duty, promise, benefit and/or special right to any person, other than

the parties hereto, their successors and permitted assigns, and legal or equitable rights, remedy, or claim under or in respect to this Agreement or provisions herein.

24) HAZARDOUS MATERIALS

Contractor shall provide to County all Safety Data Sheets covering all Hazardous Materials to be furnished, used, applied, or stored by Contractor, or any of its Subcontractors, in connection with the services on County property. Contractor shall provide County with copies of any such Safety Data Sheets prior to entry to County property or with a document certifying that no Hazardous Materials will be brought onto County property by Contractor, or any of its Subcontractors, during the performance of the services. County shall provide Safety Data Sheets for any Hazardous Materials that Contractor may be exposed to while on County property.

25) HARASSMENT

Contractor agrees to make itself aware of and comply with the County's Harassment Policy, TCPR §8102: Harassment, which is available upon request. The County will not tolerate or condone harassment, discrimination, retaliation, or any other abusive behavior. Violations of this policy may cause termination of this agreement.

26) COUNTERPARTS, ELECTRONIC SIGNATURES – BINDING

This agreement may be executed in any number of counterparts, each of which will be an original, but all of which together will constitute one instrument. Each Party of this agreement agrees to the use of electronic signatures, such as digital signatures that meet the requirements of the California Uniform Electronic Transactions Act (“CUETA”) Cal. Civil Code §§ 1633.1 to 1633.17), for executing this agreement. The Parties further agree that the electronic signatures of the Parties included in this agreement are intended to authenticate this writing and to have the same force and effect as manual signatures. Electronic signature means an electronic sound, symbol, or process attached to or logically associated with an electronic record and executed or adopted by a person with the intent to sign the electronic record pursuant to the CUETA as amended from time to time. The CUETA authorizes use of an electronic signature for transactions and contracts among Parties in California, including a government agency. Digital signature means an electronic identifier, created by computer, intended by the party using it to

have the same force and effect as the use of a manual signature, and shall be reasonably relied upon by the Parties. For purposes of this section, a digital signature is a type of “electronic signature” as defined in subdivision (i) of Section 1633.2 of the Civil Code. Facsimile signatures or signatures transmitted via pdf document shall be treated as originals for all purposes.

IN WITNESS WHEREOF, County and Contractor have executed this agreement on the day and year set forth below.

INSURANCE REQUIREMENTS FOR CONTRACTOR

Contractor shall procure and maintain, for the duration of the contract, insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work described herein and the results of that work by Contractor, his/her agents, representatives, employees or subcontractors. At a minimum, Contractor shall maintain the insurance coverage, limits of coverage and other insurance requirements as described below.

Commercial General Liability (including operations, products and completed operations) \$1,000,000 per occurrence for bodily injury, personal injury and property damage. If coverage is subject to an aggregate limit, that aggregate limit will be twice the occurrence limit, or the general aggregate limit shall apply separately to this project/location.

Automobile Liability

Automobile liability insurance is required with minimum limits of \$1,000,000 per accident for bodily injury and property damage, including owned and non-owned and hired automobile coverage, as applicable to the scope of services defined under this agreement.

Workers' Compensation

If Contractor has employees, he/she shall obtain and maintain continuously Workers' Compensation insurance to cover Contractor and Contractor's employees and volunteers, as required by the State of California, as well as Employer's Liability insurance in the minimum amount of \$1,000,000 per accident for bodily injury or disease.

Professional Liability (Contractor/Professional services standard agreement only)

If Contractor is a state-licensed architect, engineer, contractor, counselor, attorney, accountant, medical provider, and/or other professional licensed by the State of California to practice a profession, Contractor shall provide and maintain in full force and effect while providing services pursuant to this contract a professional liability policy (also known as Errors and Omissions or Malpractice liability insurance) with single limits of liability not less than \$1,000,000 per claim and \$2,000,000 aggregate on a claims made basis. However, if

coverage is written on a claims made basis, the policy shall be endorsed to provide coverage for at least three years from termination of agreement.

If Contractor maintains higher limits than the minimums shown above, County shall be entitled to coverage for the higher limits maintained by Contractor.

All such insurance coverage, except professional liability insurance, shall be provided on an "occurrence" basis, rather than a "claims made" basis.

Endorsements: Additional Insureds

The Commercial General Liability and Automobile Liability policies shall include, or be endorsed to include "Tehama County, its elected officials, officers, employees and volunteers" as an additional insured.

The certificate holder shall be "County of Tehama."

Deductibles and Self-Insured Retentions

Any deductibles or self-insured retentions of \$25,000 or more must be declared to, and approved by, the County. The deductible and/or self-insured retentions will not limit or apply to Contractor's liability to County and will be the sole responsibility of Contractor.

Primary Insurance Coverage

For any claims related to this project, Contractor's insurance coverage shall be primary insurance as respects the County, its officers, officials, employees and volunteers. Any insurance or self-insurance maintained by the County, its officers, officials, employees or volunteers shall be excess of Contractor's insurance and shall not contribute with it.

Coverage Cancellation

Each insurance policy required herein shall be endorsed to state that "coverage shall not be reduced or canceled without 30 days' prior written notice certain to the County."

Acceptability of Insurers

Contractor's insurance shall be placed with an insurance carrier holding a current A.M. Best & Company's rating of not less than A:VII unless otherwise acceptable to the County. The County

reserves the right to require rating verification. Contractor shall ensure that the insurance carrier shall be authorized to transact business in the State of California.

Subcontractors

Contractor shall require and verify that all subcontractors maintain insurance that meets all the requirements stated herein.

Material Breach

If for any reason, Contractor fails to maintain insurance coverage or to provide evidence of renewal, the same shall be deemed a material breach of contract. County, in its sole option, may terminate the contract and obtain damages from Contractor resulting from breach. Alternatively, County may purchase such required insurance coverage, and without further notice to Contractor, County may deduct from sums due to Contractor any premium costs advanced by County for such insurance.

Policy Obligations

Contractor's indemnity and other obligations shall not be limited by the foregoing insurance requirements.

Verification of Coverage

Contractor shall furnish County with original certificates and endorsements effecting coverage required herein. All certificates and endorsements shall be received and approved by the County prior to County signing the agreement and before work commences. However, failure to do so shall not operate as a waiver of these insurance requirements.

The County reserves the right to require complete, certified copies of all required insurance policies, including endorsements affecting the coverage required by these specifications at any time.

On-Call Materials Testing and Special Inspection Services Agreement

TEHAMA COUNTY RE-ENTRY FACILITY

645 Madison Street
Red Bluff, California
MPE Project No. 06774-02

As requested by Mr. Jeff Smith of Lenders Construction Services, LLC, Mid Pacific Engineering, Inc. (MPE) will continue to provide on-call materials testing and special inspection services for the Tehama County Re-Entry Facility project located at 645 Madison Street in Red Bluff, California. Our office has provided services for this project from December 14, 2023 to the present date, as outlined in our original agreement addressed to Lenders Construction Services, LLC (MPE Project No. 06774-01, dated November 10, 2023). It is our understanding that all completed and remaining services performed from the time period of October 27, 2024, and continuing until the completion of the project will be provided based on this agreement and billed directly to the County of Tehama.

Billing for our work will be on a time and expense basis using the attached 2022 Prevailing Wage Schedule of Fees, with a not-to-exceed amount of **\$50,000** without prior authorization. Please be aware that the construction schedule and the contractor's efficiency affects the number of site visits and cost required for our services. *We will bill only for work actually performed on your project.* We understand this project falls under California prevailing wage laws.

To assure that all parties fully understand the limitations of our role in your project, we emphasize that our representative will not act as supervisor of construction, nor will they direct construction operations. The various sub-contractors should be informed that neither the presence of our representative nor the testing by our firm shall excuse them for defects discovered in their work. Job and site safety of the contractor's personnel will be the sole responsibility of the contractor. Written reports of our findings and test results will be provided upon completion of each phase of work. Copies of daily field reports will be distributed to the site Superintendent upon request.

If this agreement and the attached *General Conditions for Construction Testing* along with our 2022 Prevailing Wage Schedule of Fees are acceptable, please sign and date this letter in the space provided below and return one copy to our office as our formal authorization to proceed.

We look forward to working with you on this project. If you have any questions regarding this agreement or require additional information, please feel free to contact us.

GENERAL CONDITIONS

FOR

CONSTRUCTION TESTING SERVICES

WARRANTY OF AUTHORITY TO SIGN - The person signing the attached contract, or accepting the attached proposal, warrants he has authority as, or on behalf of, the Client or Owner for whom or for whose benefit Mid Pacific Engineering, Inc. (hereinafter referred to as "Consultant") would render service. If such a person does not have such authority, he agrees that he is personally liable for all breaches of the Agreement and that in any action against him for breach of such warranty, a reasonable attorney's fee shall be included in any judgment rendered.

LIMITATION OF LIABILITY - The Client agrees to limit the Consultant's liability to the client and all construction contractors and subcontractors on the project arising from the Consultant's services pursuant to this agreement, such that the total aggregate liability of the Consultant to all those named shall not exceed \$50,000 or the Consultant's total fee for the services rendered on this project, whichever is greater. The Client further agrees to require of the contractor and his subcontractors an identical limitation of the Consultant's liability for damages suffered by the contractor or the subcontractor arising from the Consultant's professional acts, errors, or omissions. Neither the contractor nor any of his subcontractor's assume any liability for damages to others which may arise on account of the Consultant's professional acts, errors or omissions.

STANDARD OF CARE - Service performed by the Consultant under this Agreement will be conducted in a manner consistent with the level of care and skill ordinarily exercised by members of the profession currently practicing under similar conditions. No other warranty, express or implied, is made.

RESPONSIBILITY OF THE CONTRACTOR - Services provided by the Consultant under this Agreement should not be taken as a guarantee of construction nor does it relieve the contractor of his responsibility to produce a completed project conforming to the project plans and/or specifications. In all cases the contractor is responsible for site safety and the repairs of defects regardless of when they are found.

DISTRIBUTION OF REPORTS - Unless specifically requested by the Client, all reports prepared by the Consultant will be sent only to the Client. If reports or other test data prepared by the Consultant is to be forwarded to any other party (including regulatory agencies), the Client must specifically request this service in writing to the Consultant prior to the start of work.

INSURANCE - The Consultant represents and warrants that it and its agents, staff and consultants employed by it are protected by Workers' Compensation insurance and that the Consultant has such coverage under public liability and property damage insurance policies which the Consultant deems to be adequate. Certificates for all such policies of insurance may be provided to the Client upon request in writing. Within the limits and conditions of such insurance, the Consultant agrees to indemnify and save the client harmless from and against any loss, damage or liability arising from any negligent acts by the Consultant, its agents, staff, and consultants employed by it. The Consultant shall not be responsible for any loss, damage, or liability beyond the amounts, limits, and conditions of such insurance. The Consultant shall not be responsible for any loss, damage, or liability arising from any acts by the Client, its agents, staff, and other consultants employed by it.

SAMPLES - The Consultant will dispose of all soil, rock, concrete, steel, masonry, or other construction-related samples upon completion of testing. Further storage or transfer of samples can be made at Client's expense upon written request.

OWNERSHIP OF DOCUMENTS - All reports, field data, field notes, laboratory test data, calculations, estimates, and other documents prepared by the Consultant, as instruments of service, shall remain the property of the Consultant. Client agrees that all reports and other work furnished to the Client or his agents, which are not paid for, will be returned upon demand and will not be used by the Client for any purpose whatsoever.

TERMINATION - This agreement may be terminated by either party upon seven (7) days written notice in the event of substantial failure by the other party to perform in accordance with the terms hereof. Such termination shall not be effective if that substantial failure has been remedied before expiration of the period specified in the written notice. In the event of termination, Consultant shall be paid for services performed to the termination notice date plus reasonable termination expenses.

ASSIGNS - Neither the Client nor the Consultant may delegate, assign, sublet or transfer his duties or interest in the Agreement without written consent of the other party.

PAYMENT - The Consultant will submit monthly invoices to the Client and a final bill upon completion of services. Unless specified otherwise in the Agreement, payment is due upon presentation of invoice and is past due thirty (30) days from invoice date. Client agrees to pay a finance charge of one and one-half percent (1-1/2%) per month, or the maximum rate allowed by law, on past due accounts.

If fees are not paid in full for the labor, services, equipment or materials furnished or to be furnished, a mechanic's lien may be placed against the property. Such action may lead to the loss of all or part of Client's property being so improved.

MEDIATION - All claims, disputes and other matters in question between the parties to this agreement, arising out of or relating to this agreement or the breach thereof, shall be submitted to non-binding mediation under the auspices of a mediation service experienced in the handling of construction disputes prior to initiation of any lawsuit or other litigation unless the parties mutually agree otherwise. The cost of said Mediation shall be split equally between the parties. This agreement to mediate shall be specifically enforceable under the prevailing law of the jurisdiction in which this agreement was signed.

DISPUTES - In the event that a dispute should arise relating to the performance of the services to be provided under this agreement or for nonpayment of fees, and should that dispute result in litigation, it is agreed that the prevailing party shall be entitled to recover all reasonable costs incurred in the defense of the claim, including staff time, court costs, attorneys' fees, and other claim-related expenses.
