

OTHER THAN "A" STEP REQUEST

The Board of Supervisors, on November 13, 1990, asked to receive consistent information from Department Heads who request to hire a new employee at other than "A" step of the classification range. Board policy cites that "A" step is the normal and desired starting point in a classification unless compelling* reasons exist to start an individual at a higher step.

*Please note that the Board has previously provided direction that a pay disparity between Tehama and other counties is not, in and of itself, a sufficient compelling reason to start an employee at higher than "A" step.

RE: Request approval of the Personnel Action Form appointing the applicant in the following classification:
Senior Transportation Planner at other than "A" step.

Please answer the following questions so that the Board may more objectively assess the request. Send the completed form along with the Agenda Request Form to the Personnel office, allowing sufficient time for review and approval/disapproval prior to the anticipated hiring date. Requests for "C" step or above will be referred to the Board of Supervisors on the regular agenda for their consideration. Requests for "B" step will be placed on the consent agenda for approval.

1. \$ 32.61 Step A Request: \$ 34.24 Step B

2. Total applications received during recruitment for this position: 1
Total number of "qualified" applicants: 1

3. Justification for requesting higher step than A:

The candidate's two and a half years' experience in the Associate and Planner Aide position with the Department, in addition to her experience with grants, vendors, and contractor coordination, project planning, bidding, clerking meetings, budget experience, GIS experience, and a good finance background makes her the ideal candidate for this position. This candidate is considered the highest-ranking candidate and has agreed to employment at the negotiated rate within the Tehama County pay scale. The candidate's training and experience exceeds that of an entry level employee. The Transportation Commission would like to appoint a highly qualified candidate such as this.

4. How has the Department budgeted for this additional cost?

The estimated base salary for this 1.0 FTE at Step B is \$71,219.20, \$3,390.40 greater than Step A. This position has been budgeted for but unfilled this fiscal year. The Department has sufficient funding budgeted for appointment at Step B for the fiscal year 2024/25.

I hereby certify that to the best of my knowledge, the information provided above is a true and accurate representation of all the material facts which should be considered with this request.
