TEHAMA COUNTY FLOOD CONTROL AND WATER CONSERVATION DISTRICT

Chambers
Tehama County Board of Supervisors Chambers
727 Oak Street, Red Bluff, CA 96080
https://tehamacounty.legistar.com/Calendar.aspx

AGENDA FOR WEDNESDAY, AUGUST 5, 2026

special meeting

10:00 AM

Chairperson: Matt Hansen Vice-Chairperson: Vacant
Directors: Greg Jones, Rob Burroughs, Tom Walker

Justin Jenson, Deputy Director of Public Works-Water Resources; Lena Sequeira, Administration

This meeting conforms to the Brown Act Open Meeting Requirements, in that actions and deliberations of the Tehama County Flood Control and Water Conservation District Board of Directors, created to conduct the people's business are taken openly; and that the people remain fully informed about the conduct of its business. Any written materials related to an open session item on this agenda that are submitted to the Clerk less than 72 hours prior to this meeting, and that are not exempt from disclosure under the Public Records Act, will promptly be made available for public inspection at Tehama County Flood Control and Water Conservation District, 1509 Schwab Street, Red Bluff, CA 96080.

1. Call to Order / Pledge of Allegiance / Introductions

2. Public Comment

This time is set aside for citizens to address this Board on any item of interest to the public that is within the subject matter jurisdiction of this Board provided the matter is not on the agenda or pending before this Board. Each agenda item will have an opportunity for public comment at the time the item is called. Persons wishing to provide public comment are asked to address the Board from the podium. The Chair reserves the right to limit each speaker to three (3) minutes. Disclosure of the speaker's identity is purely voluntary during the public comment period.

For audio and real-time commenting via phone:
(530) 212-8376, conference code 142001. Press 5* on your phone keypad to raise your hand to comment.

For live audio of the meeting:

Board Matters

Adjourn

The County of Tehama does not discriminate on the basis of disability in admission to, access to, or operation of its buildings, facilities, programs, services, or activities. Questions, complaints, or requests for additional information regarding the Americans with Disabilities Act (ADA) may be forwarded to the County's ADA Coordinator: Tom Provine, County of Tehama, 727 Oak St., Red Bluff, CA 96080, Phone: (530) 527-4655. Individuals with disabilities who need auxiliary aids and/or services or other accommodations for effective communication in the County's programs and services are invited to make their needs and preferences known to the affected department or the ADA Coordinator. For aids or services needed for effective communication during Tehama County Flood Control & Water Conservation District meetings, please contact the ADA Coordinator prior to the day of the meeting. This notice is available in accessible alternate formats from the affected department or the ADA Coordinator.

Tehama County

Agenda Request Form

File #: 26-1415 **Agenda Date:** 8/5/2026 **Agenda #:** 3.

DWR SGMA Update

Requested Action(s)
Informal Information Sharing and Group Discussion

Financial Impact:
None

Background Information:
Now that several GSA's have gone through the probationary process and two are in probation with the Water Board there is an opportunity to inform the District on the probationary process, how the process effects GSA's and ask questions about how it works.

File #: 26-1418 **Agenda Date:** 8/5/2026 **Agenda #:** 4.

BIG PICTURE FINANCIAL OVERVIEW

Requested Action(s)
Discussion regarding current cash balances in 604 and 603

Financial Impact:
none

Background Information:
Review current cash balances and the need for near term funding

Tehama County

Agenda Request Form

FEE TYPE AND VIABILITY DISCUSSION

Requested Action(s)
Discuss and provide staff direction

Financial Impact:
unknown

Background Information:
Discuss what types of fees are viable within existing ordinance. What types of fees are viable based on current legal outcomes. What modifications could be made under existing 218 process. Costs associated with doing the process a second time without grant assistance.

ORDINANCE NO. 2026-2

AN UNCODIFIED ORDINANCE OF THE TEHAMA COUNTY FLOOD CONTROL AND WATER CONSERVATION DISTRICT BOARD OF DIRECTORS ESTABLISHING FEES ON GROUNDWATER EXTRACTORS FOR THE ADMINISTRATION OF GROUNDWATER BASINS WITHIN THE DISTRICT

THE BOARD OF DIRECTORS OF THE TEHAMA COUNTY FLOOD CONTROL AND WATER CONSERVATION DISTRICT ("District") ORDAINS AS FOLLOWS:

SECTION 1. TITLE.

This Ordinance shall be known as the Groundwater Extraction Administrative and Project Management Action Fee Ordinance.

SECTION 2. PURPOSE AND FINDINGS

A. Pursuant to Water Code Appendix Chapter 82 and the Sustainable Groundwater Management Act ("SGMA"), the District elected to be a groundwater sustainability agency ("GSA") that has a jurisdiction that is coextensive with the County.
B. SGMA requires GSAs to develop, implement, and periodically update groundwater sustainability plans and to undertake projects and management actions ("PMAs") to achieve sustainability goals, including monitoring, data management, demand management, recharge projects, and enforcement, all of which impose identifiable and reasonable regulatory and programmatic costs on the District.
C. The District finds that the administration, monitoring, reporting, and enforcement of Groundwater Extraction activities which includes but is not limited to all of the aforementioned tasks, do impose identifiable administrative costs on the District.
D. The fees established by this Ordinance are regulatory fees designed to recover the District's reasonable costs of providing these governmental services and regulatory activities and is not a tax. The fee bears a fair or reasonable relationship to the payor's burdens on, and/or benefits received from, the District's administration, PMAs, and related GSA functions.
E. The District finds that an Administrative Fee is necessary to recover the District's reasonable regulatory costs associated with administering Groundwater Extraction permitting, compliance tracking, data management, enforcement, and related administrative functions.
F. The District further finds that a PMA fee is necessary to recover the District's reasonable regulatory costs associated with demand management, recharge projects, dry-well mitigation, and enforcement actions associated with these PMAs.
G. The Administrative Fee shall be used solely to fund the administration, monitoring, reporting, and enforcement of Groundwater Extraction activities described in this Ordinance and any related administrative, planning, engineering, legal, compliance, monitoring, reporting, data management, stakeholder engagement, and enforcement activities.

H. The PMA fee shall be used solely to fund the GSA PMA program described in this Ordinance and any related administrative, planning, engineering, legal, compliance, monitoring, reporting, data management, stakeholder engagement, and enforcement activities.
I. The District intends that any challenge to a final administrative decision made under this Ordinance shall be subject to administrative mandamus pursuant to California Code of Civil Procedure section 1094.5, and not traditional mandamus.
J. To ensure proper judicial review under section 1094.5, this Ordinance establishes an adjudicatory administrative appeal process requiring the taking of evidence, the exercise of discretion in factual determinations, and the issuance of written findings.

SECTION 3. DEFINITIONS

For purposes of this Ordinance:

A. “Parcel” means any legal parcel assigned an Assessor’s Parcel Number (APN) within the County of Tehama.
B. “Groundwater Extraction” means any known withdrawal of groundwater from the water budget for any Basin for which the District, as the Groundwater Sustainability Agency for all of Tehama County, is required to submit reports on groundwater management to the Department of Water Resources or any succeeding agency, including but not limited to extraction by wells, infiltration galleries, or other groundwater works.
C. “Fee Administrator” means the District Groundwater Executive or other official designated by the District Groundwater Executive to administer this Ordinance.
D. “Administrative Fee” means the per parcel annual fee imposed pursuant to this Ordinance to recover the County’s reasonable regulatory costs.
E. “Basin” has the same meaning as it has in the Sustainable Groundwater Management Act, which shall be controlling if there is any ambiguity with later legislation, or the meaning of any subsequent legislation which imposes or continues the requirement that a groundwater sustainability agency submit reports on groundwater management to the Department of Water Resources or any succeeding agency.
F. “Project Management Actions” or “PMAs” mean the suite of projects and management actions adopted or implemented by the District, including but not limited to water budget refinement, dry-well mitigation programs, demand management, recharge/augmentation projects, monitoring networks, data platforms, reporting to state agencies, compliance and enforcement activities, and associated planning, design, permitting, construction management, operations, maintenance, and public outreach.
G. “Overdraft Basin” means any Basin where the average annual amount of Groundwater Extraction exceeds the long-term average annual supply of water to the Basin.

SECTION 4. IMPOSITION OF ADMINISTRATIVE FEE.

A. Each Parcel which receives extracted groundwater shall be subject to an Administrative Fee in the amount established by resolution of the Board of Directors. No administrative fee shall be imposed on parcels that are outside the basin and do not receive extracted groundwater from within a basin.
B. The Administrative Fee is intended to be regulatory in nature, designed to recover the District's reasonable costs of administering Groundwater Extraction oversight.
C. The Administrative Fee shall be payable annually and shall be due on the date specified by the Fee Administrator. Alternatively, the District Board may elect to collect the Administrative Fee on the tax roll in the same manner and at the same time as general property taxes by adopting a resolution electing to do so and describing the process for submission of an annual report describing the fees to be imposed each year to the Clerk of the Board.
D. Failure to pay the Administrative Fee when due may result in penalties, interest, or enforcement actions authorized by this Ordinance or by state law.
E. The following parcels are specifically exempted from the Administrative Fee:
    i. Public rights-of-way;
    ii. Parcels with verified de-minimis use below a Board-established threshold; and
    iii. Parcels owned by government entities to the extent prohibited by law.

SECTION 5. IMPOSITION OF A PMA FEE

A. Each parcel which receives extracted groundwater from an over drafted basin shall be subject to the PMA fee in the amount established by resolution of The Board of Directors. No PMA fee shall be imposed on a parcel that is outside an over drafted basin and does not receive extracted groundwater from an over drafted basin.
B. The PMA Fee is intended to be regulatory in nature and designed to recover the District's reasonable costs of the services and regulatory activities described herein as PMAs.
C. The specific PMA Fee schedule, including any fixed and variable components, shall be established and may be amended from time to time by resolution of the District Board.
D. The PMA Fee shall be due and payable on the date specified by the Fee Administrator. The Board may elect by resolution to collect the Fee on the county tax roll in the same manner and at the same time as general property taxes, following the adoption of the required annual report and any hearings required by law.
E. Unpaid PMA Fees may be subject to penalties, interest, and collection or enforcement actions as authorized by this Ordinance and applicable law.
F. The following parcels are specifically exempted from the PMA Fee:
    i. Public rights-of-way;
    ii. Parcels with verified de-minimis use below a Board-established threshold;

iii. Parcels with no well and no groundwater use that has been verified by the Fee Administrator; and
iv. Parcels owned by government entities to the extent prohibited by law.

SECTION 6. FEE STRUCTURE AND ALLOCATION METHODOLOGY.

A. The Fees may include:
   i. The Administrative Fee could be allocated on a per parcel (or per account) basis such that each parcel pays the same amount or on one or more proportional factors, which may include irrigated acreage, land use class, water use category, or measured/estimated Groundwater Extraction volumes to recover administration, monitoring, data management, reporting, outreach, and enforcement of Groundwater Extraction activities.
   ii. The PMA Fee could be allocated based on one or more proportional factors, which may include irrigated acreage, land use class, water use category, or measured/estimated Groundwater Extraction volumes, to recover the incremental PMA costs reasonably attributable to those factors.
B. The allocation methodology for each of these Fees shall: (i) reasonably reflect the burdens imposed on, and/or benefits received from, the District's administrative activities or PMAs, respectively; (ii) avoid over-collection; and (iii) treat similarly situated parcels similarly.
C. The Fee Administrator may rely on assessor rolls, well registration and reporting, land use surveys, remote sensing, crop coefficients, and other best-available information. If payor-provided data are incomplete or not timely submitted, the Fee Administrator may use modeled or default factors by category, subject to appeal.
D. By resolution, the Board may adopt credits or adjustments for:
   i. Documented private investments or in-kind contributions that directly offset District PMA costs;
   ii. Participation in District-approved conservation, recharge, or demand management programs that reduce the District's PMA expenses; or
   iii. Parcels with legal or physical restrictions that materially limit groundwater use.

SECTION 7. FEE PROCEDURE

Regardless of whether these fees or charges are subject to Articles XIII C or XIII D of the California Constitution, the District shall use the following procedure when considering resolutions to impose either an Administrative Fee or a PMA Fee:

A. The District shall make available to the public any proposed fee, charge, or assessment to which this section is to apply no less than 45 days before the deadline for a ratepayer or assessed property owner to submit an objection pursuant to subsection D below.
B. The District shall post on its internet website a written basis for the fee, charge, or assessment, and include a link to the internet website in the written notice of the

Hearing, including, but not limited to, a notice pursuant to subdivision (c) of Section 4 or paragraph (1) of subdivision (a) of Section 6 of Article XIII D of the California Constitution.

C. The District shall mail the written basis described in subsection B above to a payor or property owner along with a Notice of Fee Determination which shall include:
    i. The amount of the Fee;
    ii. A statement of the factual basis for the determination;
    iii. Instructions for requesting an administrative appeal;
    iv. A statement that failure to file a timely appeal constitutes a waiver of all administrative objections.
    v. a written notice of the Hearing, a statement in bold-faced type of 12 points or larger that:
        i. All written objections must be submitted to the Clerk of the Board of Directors by the end of public comment period at the Hearing and that a failure to timely object in writing bars any right to challenge that fee, charge, or assessment in court and that any such action will be limited to issues identified in such objections.
        ii. All substantive and procedural requirements for submitting an objection to the proposed fee, charge, or assessment such as those specified for a property-related fee under California Constitution, article XIII D, section 6(a) or for an assessment on real property under California Constitution, article XIII D, section 4(e).

D. The District shall provide at least 45 days for a payor or property owner to review the proposed fee or assessment and to timely submit to the Clerk of the Board of Directors a written objection to that fee, charge, or assessment that specifies the grounds for alleging noncompliance. Any objection shall be submitted before the end of the public comment portion of a Hearing on the rate, charge or assessment.

SECTION 8. REQUIRED RESPONSE TO THE WELL REGISTRATION SURVEY.

A. Pursuant to Resolution 9-2022, the District Groundwater Executive has been directed to survey the properties within the District. 2026 shall be the final year for this survey and shall hereinafter be referred to as the 2026 Well Registration Survey.
B. The 2026 Well Registration Survey shall be sent to all property owners who have failed to submit a GSA Well Registration form to the District at all or have submitted a GSA Well Registration form that fails to contain sufficient information to determine the use of groundwaters on the parcels under their ownership.
C. Any property owner that receives the 2026 Well Registration Survey is required to submit a GSA Well Registration form within 30 days by sending the fully completed form by certified mail to 1509 Schwab Street, Red Bluff or by completing the online form found at https://tehamacountywater.org/gsa/well-registration-form/.
D. This requirement includes those property owners of parcels that have no well.

E. A GSA Well Registration form contains sufficient information if it identifies all of the property owner's parcels that have no well or if it provides enough data for the annual average acre-feet of groundwater used on the property to be estimated.
F. The Executive Director may impose a fine on any property owner that fails to submit a GSA Well Registration form which contains sufficient information when it can be shown that the 2026 Well Registration Survey was sent via certified mail to the property owner at their address as it appears on the last equalized assessment roll and no GSA Well Registration form containing sufficient information was received within 30 days of the mailing.
G. The fine for a failure to submit a GSA Well Registration form which contains sufficient information may be up to but no more than the minimum Administrative Fee on their parcel assuming the average amount of groundwater usage for the zoning district in which the parcel is located.
H. The fine may be tripled if a property owner submits a GSA Well Registration form which fraudulently states that there is no well on a parcel.
I. Each year in which no response to the survey is received shall be considered a separate violation and the Executive Director may impose the fine again on or after the day after the anniversary of the response due date.

SECTION 9. ADMINISTRATIVE APPEAL PROCEDURE

A. Any parcel owner subject to a fee authorized under this ordinance may file an appeal challenging an action made pursuant to this ordinance that the parcel owner is subject to.
B. An appeal must be filed in writing with the Fee Administrator within 30 calendar days of the mailing of a bill, whether from the District or as part of a property tax bill, or of the action in question.
C. Appeals shall be heard by a County appointed Hearing Officer who is neutral, trained in administrative hearings, and authorized to take evidence and issue final decisions.
D. The appellant shall receive at least 20 calendar days' written notice of the hearing date, time, and location.
E. The hearing shall be conducted in accordance with procedures ensuring due process, including:
    1. The right to present oral and documentary evidence;
    2. The right to call and cross examine witnesses;
    3. The right to be represented by counsel;
    4. The right to submit written argument.
F. The Hearing Officer shall take evidence, assess credibility, determine facts, and exercise discretion in evaluating the weight of evidence.
G. The District shall maintain a complete administrative record including:
    1. All notices;
    2. All documents submitted by the parties;
    3. All evidence received;

4. A recording or transcript of the hearing;
5. The Hearing Officer's written decision.

H. The District bears the initial burden of producing evidence supporting the fee determination or the action. The appellant bears the burden of proving that the determination or action is incorrect.
I. The Hearing Officer shall issue a written decision containing findings of fact and conclusions.
J. The decision shall be the District's final administrative decision.
K. The written findings shall explain the evidentiary basis for the decision and the reasoning supporting the outcome.

SECTION 10. JUDICIAL REVIEW

A. The District hereby declares that the administrative appeal process established by this Ordinance is intended to satisfy all prerequisites for judicial review by administrative mandamus pursuant to California Code of Civil Procedure section 1094.5.
B. Any petition for judicial review of a final administrative decision issued under this Ordinance shall be brought exclusively under CCP § 1094.5.
C. The administrative record prepared under Section 9(G) shall constitute the record for purposes of judicial review.

SECTION 11. CEQA FINDINGS.

The Board of Supervisors finds that adoption of this Ordinance is exempt from CEQA because: (i) it is not a project within the meaning of Public Resources Code, section 21065 because it has no potential to alter the physical environment; (ii) and pursuant to CEQA Guidelines section 15061(b)(3), the so-called "common sense" exemption, for this same reason.

SECTION 12. SEVERABILITY.

If any section, subsection, clause, or phrase of this Ordinance or the application thereof to any person or circumstances shall be held invalid, such invalidity shall not affect the validity of the remaining portions of this Ordinance or its application to other persons and circumstances, which shall remain in full force and effect. The Board of Directors declares that it would have adopted this Ordinance and each section, subsection, sentence, clause, phrase or portion thereof despite the fact that any one or more sections, subsections, sentences, clauses, phrases, or portions be declared invalid or unconstitutional and, to that end, the provisions hereof are hereby declared to be severable.

SECTION 13. CONFLICTING LAWS.

For the term of this ordinance, as set forth in Section 14 below, the provisions of this ordinance shall govern. To the extent that there is any conflict between the provisions of

this ordinance and the provisions of any other District code, ordinance, resolution or policy, all such other conflicting provisions shall be suspended.

SECTION 14. EFFECTIVE DATE.

This Ordinance shall be and is hereby declared to be in full force effect from and after thirty (30) days after the date of its passage and the clerk shall cause this Ordinance or a summary to be published once before the expiration of fifteen (15) days after said passage, with the names of the Directors voting for or against the same, in the *Red Bluff Daily News*, a newspaper of general circulation in the County of Tehama, State of California.

In regular session of the Board of Directors of the Tehama County Flood Control and Water Conservation District, introduced on the 16th day of March, 2026, and DULY PASSED AND ADOPTED THIS ___ DAY OF _____, 2026, by the Board of Directors of the County of Tehama by following vote:

RESOLUTION 03-2026 SETTING AN ANNUAL GROUNDWATERSUSTAINABILITY PLAN OPERATIONS AND ADMINISTRATIVE FEE

Requested Action(s)
1.Consider establishing a de-minimis threshold
2.Consider adopting resolution 03-2026

Financial Impact:
De-minimis threshold would effect the budget well under $100,000
Resolution: fees collected are intended to cover the budgeted costs

Background Information:
Item was tabled on 7/20/2026 for further discussion

Resolution No. 03-2026

A RESOLUTION OF THE TEHAMA COUNTY FLOOD CONTROL AND WATER CONSERVATION DISTRICT BOARD OF DIRECTORS, ACTING AS THE GROUNDWATER SUSTAINABILITY AGENCY, SETTING AN ANNUAL GROUNDWATER SUSTAINABILITY PLAN OPERATIONS AND ADMINISTRATIVE FEE

Whereas, the Tehama County Flood Control and Water Conservation District ("District") is a local public agency governed by a Board of Directors and serves as the Groundwater Sustainability Agency ("GSA") for Tehama County;

Whereas, the California Legislature has enacted the Sustainable Groundwater Management Act ("SGMA") (Water Code §10720 et seq.), which imposes extensive planning, implementation, monitoring, reporting, and enforcement obligations on local agencies with limited accompanying state financial assistance;

Whereas, the District recognizes the legitimate need to address groundwater sustainability challenges in order to protect long-term water supplies, domestic wells, agricultural economies, and environmental resources for the benefit of owners of property which receive extracted groundwater;

Whereas, although the District acknowledges that meeting its primary obligation of providing this benefit will also provide a benefit to the residents and businesses of Tehama County generally, it finds this benefit to be a secondary, incidental effect and the aforementioned property owners are the primary beneficiary;

Whereas, the regulatory framework imposed by SGMA includes onerous, prescriptive, and continuously expanding reporting and compliance obligations mandated by state agencies, which significantly increase administrative and operational costs borne solely by local agencies;

Whereas, the District previously relied on temporary grant funding to offset a portion of these state-imposed costs; however, such funding is no longer reliably available, requiring the District to establish a stable local funding mechanism;

Whereas, Water Code §10730 authorizes a groundwater sustainability agency to impose regulatory fees to recover the reasonable costs of administering and implementing SGMA, and such fees constitute regulatory fees within the meaning of Article XIII C, section 1(e) of the California Constitution (Proposition 26); and

Whereas, the Board of Directors has reviewed a Five-Year Groundwater Sustainability Plan Implementation Budget identifying estimated annual operations and administrative costs of

approximately $1,178,000 for Fiscal Year 2026–2027 with an estimated 1.5% increase each year over the next five years;

Now, Therefore, Be It Resolved that the Board of Directors of the Tehama County Flood Control and Water Conservation District hereby establishes and imposes an annual Groundwater Sustainability Plan Operations and Administrative Fee in the managed groundwater basins - Corning, Los Molinos, Red Bluff, Antelope, and Bowman - as a regulatory fee under Proposition 26 in order to recover the reasonable costs imposed on the District by SGMA compliance activities.

Be It Further Resolved that the Board of Directors expressly finds, in the alternative and to the extent applicable, that the fee also satisfies the requirements of Article XIII D of the California Constitution (Proposition 218), including that the revenues derived from the fee do not exceed the funds required to provide the regulated services, and that the fee bears a fair and reasonable relationship to the burdens and benefits attributable to affected parcels or groundwater users.

Be It Further Resolved that specific fee rates, billing methodologies, exemptions, and implementation details are set forth in Attachment A to this Resolution, which are incorporated herein by reference and may be amended from time to time by subsequent Board action.

The foregoing Resolution was offered by Director _____, and seconded by Director _____ on _____ and adopted by the following vote:

AYES:

Resolution No. 04-2026

A RESOLUTION OF THE TEHAMA COUNTY FLOOD CONTROL AND WATER CONSERVATION DISTRICT BOARD OF DIRECTORS, ACTING AS THE GROUNDWATER SUSTAINABILITY AGENCY, SETTING A PROJECT MANAGEMENT ACTION (PMA) FEE FOR OVERDRAFTED SUBBASINS

Whereas, the District, acting as the Groundwater Sustainability Agency, is required by SGMA to avoid undesirable results including chronic lowering of groundwater levels and impacts to groundwater-dependent wells in overdrafted subbasins;

Whereas, the District acknowledges the legitimate need to take affirmative action to address documented groundwater overdraft conditions notwithstanding the highly prescriptive and burdensome regulatory reporting structure imposed by the State of California;

Whereas, SGMA compels local agencies to implement corrective measures, including demand management, water acquisition, and well mitigation actions, or risk loss of local groundwater management authority to state agencies;

Whereas, the Corning, Red Bluff, and Los Molinos Subbasins have been identified as overdrafted subbasins subject to heightened state oversight and enforcement risk;

Whereas, the District recognizes that such obligatory project management actions will address the emergent conditions within these overdrafted subbasins and thereby benefit owners of property therein which receive extracted groundwater;

Whereas, although the District acknowledges that meeting these obligations for the overdraft basins will, as the result of hydrostatic pressure, likely provide property owners of adjacent subbasins with a benefit, it finds this benefit to be a secondary, incidental benefit and the aforementioned property owners within the overdraft basins will be the primary beneficiary pf these program management actions;

Whereas, the Board of Directors has reviewed a Five-Year Groundwater Sustainability Plan Implementation Budget identifying a maximum annual Project Management Action (PMA) costs of approximately $1,395,000 for full cost recovery; and

Whereas, Water Code §§10730 and 10730.5 authorize the imposition of groundwater extraction and usage-based regulatory fees, which constitute regulatory fees under Proposition 26 and are not taxes within the meaning of Article XIII C of the California Constitution;

Now, Therefore, Be It Resolved that the Board of Directors hereby establishes and imposes a Project Management Action (PMA) Fee as a regulatory fee under Proposition 26 applicable to groundwater users within designated overdrafted subbasins - Corning, Los Molinos, Red Bluff - to fund mandatory SGMA corrective actions.

Be It Further Resolved that the Board of Directors additionally finds, to the extent required, that the PMA Fee satisfies the proportionality and cost-recovery requirements of Proposition 218, including that the fee revenues shall not exceed the cost of the programs funded and that fees are fairly apportioned based on groundwater use or other legally defensible methodologies.

Be It Further Resolved that specific PMA fee rates, calculation methodologies, service areas, exemptions, and administrative procedures are set forth in Attachment A to this Resolution, which are incorporated herein by reference and subject to amendment by subsequent Board action.

The foregoing Resolution was offered by Director _____, and seconded by Director _____ on _____ and adopted by the following vote:
