AGENDA FOR TUESDAY, NOVEMBER 18, 2025

The Board of Supervisors welcomes you to their meetings which are regularly scheduled for each Tuesday. Your participation and interest are encouraged and appreciated. Members of the public may address the Board from the podium on items on the agenda when the matter is called. The Board reserves the right to limit the time devoted to any item on the agenda and to limit the time of any speaker.

The Board wishes to ensure that business is conducted in an orderly fashion and the public is asked to be courteous and polite when addressing the Board and to be respectful to others attending the Board meeting. The Board has adopted a Code of Conduct for the public attending these meetings. The Code of Conduct is posted in the Chambers and online at https://www.tehama.gov/wp-content/uploads/2025/09/PUBLIC-CODE-OF-CONDUCT.pdf. Any disorderly conduct which disrupts, disturbs, or otherwise impedes the orderly conduct of the Board meeting is prohibited.

Members of the public who are unable to attend in person may participate, listen and watch in the following ways:

1) To participate in the Board meeting, the public may listen and comment over the phone by calling: (530) 212-8376, conference code 933876. Press 5* to raise your hand to comment.

2) Members of the public who are unable to attend in person may watch and listen via the web at: https://tehamacounty.legistar.com/Calendar.aspx. To comment on an upcoming agenda item, call (530) 212-8376, conference code 933876. Press 5* to raise your hand to comment at the time the item is called.

The audio and live video streaming is being offered as a convenience. The Board meeting will continue even if there is a disruption. If there is a disruption, the public is encouraged to consider an alternate option listed above. If you have trouble connecting or accessing the meeting, contact the Board office for assistance at (530) 527-4655.

Please refer to the last page of the agenda for information on how to participate in the

meeting, as well as the various options being made available for members of the public to provide comment.

The County of Tehama does not discriminate on the basis of disability in admission to, access to, or operation of its buildings, facilities, programs, services, or activities. Questions, complaints, or requests for additional information regarding the Americans with Disabilities Act (ADA) may be forwarded to the County's ADA Coordinator: Tom Provine, County of Tehama, 727 Oak St., Red Bluff, CA 96080, Phone: (530) 527-4655. Individuals with disabilities who need auxiliary aids and/or services or other accommodations for effective communication in the County's programs and services are invited to make their needs and preferences known to the affected department or the ADA Coordinator. For aids or services needed for effective communication during Board of Supervisors meetings, please contact the ADA Coordinator two business days prior to the day of the meeting. This notice is available in accessible alternate formats from the affected department or the ADA Coordinator.

The Agenda is divided into two sections:

CONSENT AGENDA:

These items include routine financial and administrative actions and are usually approved by a single majority vote. Any Board member, staff member or interested person may request that an item be removed from the Consent Agenda for discussion on the Regular Agenda.

REGULAR AGENDA:

These items include significant financial and administrative actions of special interest that are usually approved individually by a majority vote. The Regular Agenda also includes noticed hearings and public hearings. The times on the agenda are approximate.

9:00 AM CALL TO ORDER / PLEDGE OF ALLEGIANCE

PLEASE TURN OFF OR MUTE YOUR CELL PHONE

PUBLIC COMMENT

This is a time set aside for members of the public to directly address the Board of Supervisors on any item of interest to the public that is within the subject matter jurisdiction of this board. No action shall be taken on any item not appearing on the agenda unless the action is otherwise authorized by subdivision (b) of section 54954.2 of the government code. This board has chosen to exercise its discretion and limit each speaker to three (3) minutes. Public Comment may be limited to the first 30 minutes of the meeting and if there are more speakers than this time limit will allow, the Chair may request that remaining speakers wait until the end of the meeting, at which point public comment may be reopened.

Members of the public will be allowed to address the Board of Supervisors regarding items appearing on the agenda at the time the item is called.

APN: 081-110-023 (District 5)
Case No. CE-25-116

59. ENVIRONMENTAL HEALTH DEPARTMENT / CODE ENFORCEMENT - Code Enforcement Officers Clint Weston and Ron Robbins 25-1957

a) Request that the Board of Supervisors adopt the recommended decision of the Planning Commission declaring the existence of a public nuisance on the property, ordering the abatement thereof; and directing an itemized accounting of the costs incurred in abating the public nuisance, without further notice of hearing

Owner: Raymond Kimber and Leona M Kimber
Site Address: 208 Samson Ave., Gerber
APN: 064-183-001 (District 5)
Case No. CE-25-106

FUTURE AGENDA ITEMS

Future Agenda Items is an opportunity for a Board member to present a topic to the full Board and County Departments and allow the Board to express majority that staff should be directed to address the issue and bring it back to the full Board as an agendized matter. This is not a time for the Board to address the merits or express their opinions on the issue but solely to decide if staff should expend resources in researching and preparing documents for consideration at a public board meeting. More complex issues may result in a future study session.

CLOSED SESSION

Members of the public may address the Closed Session matters at the time the closed session is announced.

60. CLOSED SESSION 25-1593

a) PERSONNEL / PUBLIC EMPLOYEE PERFORMANCE EVALUATION (Government Code Section 54957)

Title: Part Two of the Health Services Agency Director Annual Performance Evaluation Process

61. CLOSED SESSION **25-1925**

a) EMPLOYEE NEGOTIATIONS - CONFERENCE WITH LABOR NEGOTIATORS (Government Code Section 54957.6)

Agency Negotiators: Gabriel Hydrick

Employee: Social Services Director

62. CLOSED SESSION **25-1926**

a) CONFERENCE WITH LEGAL COUNSEL - EXISTING LITIGATION (Paragraph (1) of subdivision (d) of Government Code Section 54956.9). Name of Case: Freemyers et al v. Tehama County et al (Discussion and possible action relative to existing litigation.)

REPORTABLE ACTIONS FROM CLOSED SESSION

ADJOURN

Any written materials related to an open session item on this agenda that are submitted to the Board of Supervisors, and that are not exempt from disclosure under the Public Records Act, will be made available for public inspection at the Tehama County Clerk of the Board of Supervisors Office, 633 Washington St., Rm. 12 (P.O. Box 250), Red Bluff, California, 96080, (530) 527-3287 during normal business hours.

The deadline for items to be placed on the Board's agenda is 5 p.m. on the Wednesday Thirteen days prior to the meeting on Tuesday, unless a holiday intervenes. Items not listed on the Agenda can only be considered by the Board if they qualify under Government Code Section 54954.2(b) (typically this applies to items meeting criteria as an off-agenda emergency).

DISCLOSURE OF CAMPAIGN CONTRIBUTIONS PURSUANT TO GOVERNMENT CODE SECTION 84308:

Members of the Board of Supervisors are disqualified and not able to participate in any agenda item involving contracts (other than competitively bid, labor, or personal employment contracts), franchises, discretionary land use permits and other entitlements if the Board member received more than $250 in campaign contributions from the applicant or contractor, an agent of the applicant or contractor, or any financially interested participant who actively supports or opposes the County's decision on the agenda item since January 1, 2023. Members of the Board of Supervisors who have received, and applicants, contractors or their agents who have made, campaign contributions totaling more than $250 to a Board member since January 1, 2023, are required to disclose that fact for the official record of the subject proceeding. Disclosures must include the amount of the campaign contribution and identify the recipient Board member and may be made either in writing to the Clerk of the Board of Supervisors prior to the subject hearing or by verbal disclosure at the time of the hearing.

WAYS TO PARTICIPATE, WATCH AND LISTEN DURING THE MEETING:

1) Attend in person in Board Chambers, Tehama County Administration Building, 727 Oak

St., Red Bluff, CA 96080.

2) Listen and comment over the phone by calling: (530) 212-8376, conference code 933876. Press 5* to raise your hand to comment.

3) Watch live video and listen at: https://tehamacounty.legistar.com/Calendar.aspx. To comment on an upcoming agenda item, call (530) 212-8376, conference code 933876. Press 5* to raise your hand to comment at the time the item is called.

The audio and live video streaming is being offered as a convenience. The Board meeting will continue even if there is a disruption. If there is a disruption, the public is encouraged to consider an alternate option listed above. If you have trouble connecting or accessing the meeting, contact the Board office for assistance at (530) 527-4655.

PROVIDE PUBLIC COMMENT BEFORE THE MEETING BY:

1) Writing a letter to the Board of Supervisors at PO Box 250, Red Bluff, CA 96080.

2) Emailing: tcbos@tehama.gov. Written or emailed public comments received by 4:00 p.m. the day prior to the meeting will be provided to the Board members electronically or in written format and will become part of the public record.

PROVIDE PUBLIC COMMENT DURING THE MEETING BY:

1) In-Person: Board Chambers, Tehama County Administration Building, 727 Oak St., Red Bluff, CA 96080: Members of the public can provide comment in-person inside the Board of Supervisors' Chambers.

2) Over the Phone: Members of the public can call (530) 212-8376, conference code 933876. Press 5* to raise your hand to comment. The public will be placed in a call-in queue until they are permitted into the meeting for comment.

COMMUNICATIONS received by the Board of Supervisors are on file and available for review in the Office of the Clerk of the Board.

MINUTES, AGENDAS, AGENDA MATERIAL, and ARCHIVED MATERIAL is available on our website at https://tehamacounty.legistar.com/Calendar.aspx

Narrative Questions/Responses

Question 1 *

Briefly describe the plan to provide all mandatory services outlined in the VW Supplemental Program Components and indicate any significant changes to your Program for the 2025-26 Grant Subaward performance period.
Our program will continue to provide all mandatory and optional services outlined in the RFA. These services will include, but are not limited to: information regarding the criminal justice system, notification of court proceedings, crisis response, restitution assistance, victim impact statements, court support, and assistance with CalVCB Applications. We will maintain levels of a 1.0 FTE Coordinator, a 1.0 FTE Advocate, and a .50 FTE MVA Advocate. We will continue to review all crime reports submitted to the District Attorney's office for review to identify and contact crime victims and provide services. We will also continue to receive referrals from other community agencies such as Adult Protective Services, Rape Crisis, and Empower Tehama to ensure that we are providing services to as many crime victims as we can identify.
There will be no significant changes to our VW Program in the coming grant year.

Question 2 *

Briefly describe the optional services listed in the VW Supplemental Program Components that your VW Center provides to victims/survivors.
Our Victim Services Center provides optional services such as Employer Intervention, Witness Notification, assistance with funeral arrangements, and transportation assistance. We do not provide child care assistance.

Question 3 *

Provide a brief status update of the VW Center's crisis response and Mass Victimization (MV) Assistance plan for crime-related MV/terrorism incidents. Include after-hours contact information.
In the event of a mass victimization, we will immediately establish a Family Assistance Center to assist will CalVCB applications and Emergency Assistance. We currently have a MOU with the District Attorney's Criminal Division to utilize support staff at our Family Assistance Center. Additionally, we have an agreement with Empower Tehama, our local Domestic Violence service provider, to assist with CalVCB applications at the center if needed. Our region is almost done with our MOU between area Victim Services offices.
Our after hours contacts for mass victimization are:
Jeff Eldred: (520)798-1991
Rachael McClain: (530)722-8964

Question 4 *

List information for all field offices in the county including address, telephone numbers, employees assigned to the office, and supervisor(s) contact information.
We have one central office in Tehama County:
444 Oak Street (Room M); Red Bluff, CA
(530)527-4296

Coordinator: Jeff Eldred
V/W Advocate Meghan Swain
MVA Rachael McClain
HA Advocate Angela Lucero
AB109 Advocate (Part-time): Carla Correa

Question 5 *

This section is for additional space to answer Question 4.
none

Question 6 *

Describe how volunteers are used to accomplish the goals of the Program. If volunteers are not used, provide a justification for why a volunteer waiver is needed.

We currently use our court-certified interpreter as a volunteer. She will come to our office as needed or meet us in court to translate for Spanish speaking victims.

Application Signatures Form

Assurances/Signatures

Authorized Body of Five *

This certifies that each member of the Approval Authority has approved the HSGP application for funding.

Proof of Authority/Governing Body Resolution *

This Grant Subaward consists of this title page, the application for the grant, which is attached and made a part hereof, and the Assurances/Certifications. I hereby certify I am vested with the authority to enter into this Grant Subaward, and have the approval of the City/County Financial Officer, City Manager, County Administrator, Governing Board Chair, or other Approving Body. The Subrecipient certifies that all funds received pursuant to this agreement will be spent exclusively on the purposes specified in the Grant Subaward. The Subrecipient accepts this Grant Subaward and agrees to administer the grant project in accordance with the Grant Subaward as well as all applicable state and federal laws, audit requirements, federal program guidelines, and Cal OES policy and program guidance. The Subrecipient further agrees that the allocation of funds may be contingent on the enactment of the State Budget.

Upload Proof of Authority/Governing Body Resolution *

Standard Certification of Compliance *

By checking this box, I certify the Subrecipient will comply with the requirements of the Standard Certification of Compliance. I am fully aware that this certification is made under penalty of perjury under the laws of the State of California.

Program Standard Assurance Addendum *

The undersigned represents that he/she is authorized to enter into this Addendum for and on behalf of the Applicant/Subrecipient. Applicant/Subrecipient understands that failure to comply with this Addendum or any of the assurances may result in suspension, termination, reduction, or de-obligation of funding. Applicat/Subrecipient agrees to repay funds in the event there is a violation of grant assurances.

Grant Subaward Assurances *

By checking this box, I certify I have read all applicable Grant Subaward Assurances and the Subrecipient will comply with the requirements. I am fully aware that this certification is made under penalty of perjury under the laws of the State of California.

California Public Records Act *

I understand the Grant Subaward applications are subject to the California Public Records Act, Government Code section 7920.000 et seq.

Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program Match Waiver Request Form

Cal OES Subrecipients may request a partial or full match waiver for Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program funds. Approval is dependent on a compelling justification. To request a partial or full match waiver, the Subrecipient must complete the following:

1. VOCA Fund Source #1: 25VOCA
   VOCA Victim Assistance Formula Grant Program Funds Awarded: $ 181,937
   Amount of Match Proposed: $ 0
2. VOCA Fund Source #2 (if applicable): Select
   VOCA Victim Assistance Formula Grant Program Funds Awarded:
   Amount of Match Proposed:
3. VOCA Fund Source #3 (if applicable): Select
   VOCA Victim Assistance Formula Grant Program Funds Awarded:
   Amount of Match Proposed:
4. Briefly summarize the services provided:

   We provide direct services to victims of crime in Tehama County, California. We provide all mandatory and optional services including, but not limited to, information about the criminal justice system, referral to other victim service providers, crisis intervention, court escort/support, transportation assistance, assistance with victim impact statements, assistance with CalVCB application process, and other services.

5. Describe practical/logistical obstacles and/or local resource constraints to providing match.

   Our county has a policy that we will use no general fund monies to match any grant. This has been a long standing policy. We receive no General Fund funding.

ENVIRONMENTAL HEALTH

Requested Action(s)
a) RESOLUTION - Request adoption of a resolution authorizing the Director of Environmental Health to apply for and act on behalf of Tehama County to secure Enforcement Assistance Grant funds (Waste Tire Enforcement) from Department of Resources Recycling and Recovery (CalRecycle) for the 33rd cycle to be used for Surveillance Inspection of Tire Facilities, Outreach and Enforcement programs in the amount of $23,440, for the period of 7/1/26 to 6/30/27

Financial Impact:
Requesting and securing the grant funds will facilitate adding the Waste Tire program to the department objectives of public health protection in the Solid Waste program without adding staff.

Background Information:
This grant series is an annual reimbursement grant from CalRecycle that will further augment the department activities in the Solid Waste Enforcement program. Not applying would fail to capture funds that facilitate the program.

Grant Cycle Overview

The Department of Resources Recycling and Recovery (CalRecycle) offers the Local Government Waste Tire Enforcement Grant Program pursuant to Section 42889(b)(4) of the Public Resources Code. The purpose of the grant is to provide sufficient, stable, and non-competitive funding to California jurisdictions for the enforcement of waste tire permitting, hauling, and storage laws.

This resource document provides applicants with instructions to access and complete the application online, and information about grant administration. The web-based application is in CalRecycle's Grants Management System (GMS) (https://secure.calrecycle.ca.gov/Grants/SignIn.aspx?ReturnUrl=%2fGrants). The applicant will need to sign in to GMS to complete and submit an application. https://calrecycle.ca.gov/tires/grants/enforcement/

Note: The following terms used in this document are defined below, unless the context clearly indicates otherwise:

- "Applicant" refers to either the legal name of the entity that is legally responsible for grant administration and any entity that will receive and control grant funded equipment, if awarded, or to a person who is completing an application on behalf of the Applicant (this is usually the primary contact listed on the application, but could also be the secondary contact, signature authority, or consultant).
- "You" refers to a person who is completing the application on behalf of the Applicant.
- "Grantee" refers to an applicant after approval of grant award.

Timeline

November 4, 2025: Application Due Date

- Applicants must submit applications in GMS by 11:59 p.m. on this date.
- Customer service will be available until 4:00 p.m. on this date.

December 4, 2025: Secondary Due Date

- Approved Resolution or Letter of Commitment and any other Applicant's Required Authorization Documents must be uploaded in GMS by this date if it was not submitted with the application.

January/February 2026 (tentative): Grants Awarded

- CalRecycle considers funding recommendations, and if approved, conditionally awards grants during this month.

June 30, 2026—September 30, 2027: Grant Term

For milestones that take place during the grant term, refer to the Procedures and Requirements document.

Eligible Applicants

Eligible applicants: city, county, or city and county that work closely with a managing entity to implement and oversee the program.

Managing Entity

All applicants must designate a managing entity to implement and oversee the Program. The managing entity must be one of the following:

- A Local Enforcement Agency.
- An Environmental Health Agency, department, office, etc.
- A Code Enforcement Agency, department, office, etc.
- An agency, department, or office, which has inspection and code enforcement authority, experience, and capability.

New Applicants

New applicants are those cities or counties that did not receive a TEA grant award for Fiscal Year (FY) 2024–25 (TEA32 cycle). New applicants must meet the following requirements at the time of application:

- Counties must have 50 or more active[1] businesses in their jurisdictions with Tire Program Identification (TPID) numbers.
- Cities must have 100 or more active**Error! Bookmark not defined.** businesses in their jurisdictions with TPID numbers.

New applicants that are under the jurisdiction of an existing TEA grantee may apply for this grant only if the new applicant:

- Meets the eligibility requirements of this program.
- Notifies the existing grantee and CalRecycle before submitting an application.
- Meets with the existing grantee and CalRecycle.
- Demonstrates that complementary services are needed in its jurisdiction(s).

Reapplying Grantees

Reapplying grantees are applicants that received a grant award in FY 2024–25 (TEA32 cycle). Reapplying grantees must meet the following TPID number requirements:

- Counties must have 50 or more active**Error! Bookmark not defined.** businesses in their jurisdictions with TPID numbers.
- Cities must have 100 or more active**Error! Bookmark not defined.** businesses in their jurisdictions with TPID numbers.

The city, county, or city and county is eligible to apply for a TEA grant if it satisfactorily performed in accordance with its prior Grant Agreement. See details about performance measures below.

[1] "Active means the Business Status is "Active" in CalRecycle's Waste Tire Management System (WTMS).

Listed below are examples of performance measures and standards that may be considered to determine if a reapplying grantee performed satisfactorily in prior grant cycles:

- Complied with all requirements of the Grant Agreement.
- Submitted complete Progress Reports, Payment Requests, and other required grant documents according to grant agreement timelines.
- Completed at least 80 percent of inspections estimated in the application in accordance with the Inspection Priorities as described in the Procedures and Requirements.
- Expended at least 80 percent of awarded funds on eligible and approved items and activities.
- Submitted complete Progress Reports, Payment Requests, and other required grant documents according to grant agreement timelines.
- Attended all mandatory training.
- Complied with all requirements of the Grant Agreement.

CalRecycle enforcement and grant staff will work with reapplying grantees that did not perform satisfactorily. If a reapplying grantee did not perform satisfactorily, staff may recommend that no award be granted for FY 2025–26 (TEA33).

Collaborative Application

Two or more eligible entities may agree to submit a Collaborative Application. A Collaborative Application requires one of the eligible entities to act as the Lead Collaborative Jurisdiction (Lead) and the other entities will be Participating Collaborative Jurisdiction(s). Under a Collaborative Application, a Participating Jurisdiction grants permission for the Lead to perform waste tire enforcement activities in its jurisdiction. If a jurisdiction is a Participating Collaborative Jurisdiction(s) in a Collaborative Application, it may not apply individually.

- **County/County**
  Two or more counties agree to collaborate. The counties agree that one county will submit a Collaborative Application for a TEA grant as the Lead with the other county/counties listed as a Participating Jurisdiction(s) on the application. The Lead will perform waste tire enforcement activities in the Participating Jurisdiction(s). All members of a collaborative application must submit a resolution from their governing body.

- **Cities within the same County**
  Two or more cities within the same county agree to collaborate. The cities agree that one city will submit a Collaborative Application for a TEA grant as the Lead with the other city/cities listed as Participating Jurisdiction(s) on the application. The Lead will perform waste tire enforcement activities in the Participating Jurisdiction(s). Both the Lead and the Participating Jurisdiction(s) are required to submit resolutions.

- **Cities Collaborating with a Different County or with a City in a Different County**

A county may also collaborate with a city from an adjacent county. If a city is not receiving waste tire enforcement services from the county in which it is located, the city may collaborate with another county or a city outside of its county. Both the Lead and the Participating Jurisdiction(s) are required to submit resolutions. In addition, the Lead must obtain a Letter of Permission from the County Administrator's Office of the county in which enforcement action will be taken.

See Application Documents, Resolution for Collaborative Applicants, and Letter of Permission sections, for further information on additional Collaborative Application requirements.

Note: An incorporated city that is not an active TEA grantee does not need to become a Collaborative Jurisdiction with its own county when the county is a TEA grantee and conducts inspections on the city's behalf.

Individual Application

An Individual Application is one in which a single eligible entity will be responsible for grant implementation. The applicant in an Individual Application will be responsible for the performance of the grant and all related documentation. In addition, the applicant will be the only entity receiving any real or personal property that is purchased with grant funds.

Eligible Projects/Products

CalRecycle is responsible for performing all activities related to enforcing waste tire permitting, hauling, and storage laws and regulations. When a local jurisdiction receives a TEA grant and becomes a grantee, it is authorized to enforce waste tire laws and regulations under CalRecycle's authority, not its own. Some grantees or managing entities have authority as Local Enforcement Agencies or code enforcement agencies; however, that authority is not applicable to the waste tire enforcement program.

County grantees may perform waste tire activities in the following areas:

- The unincorporated area of its own county.
- The incorporated areas of all cities within the boundaries of the county that are neither TEA grantees nor Participating Collaborative Jurisdictions on any other jurisdiction's TEA grant application.
- The unincorporated and incorporated area of any Participating Collaborative Jurisdiction(s).

City grantees may perform waste tire activities in the following areas:

- The incorporated area of its own city.
- The unincorporated and incorporated areas of any Participating Collaborative Jurisdiction(s).

City and county grantees may perform waste tire activities in the following areas:

- The unincorporated and incorporated areas of its own city and county.
- The unincorporated and incorporated areas of any Participating Collaborative Jurisdiction(s).

Available Funds

- $6,250,000 is available for this grant cycle, fiscal year 2025–26, subject to funding availability.
- Applicants may request the maximum award amount allowed for their qualifying populations. The maximum award for any applicant is:
    - $350,000 for applicants with qualifying populations of 1 to 900,000.
    - $500,000 for applicants with qualifying populations of 900,001 to 2,000,000.
    - $650,000 for applicants with qualifying populations of 2,000,001 or more.

Determining Maximum Awards

Qualifying populations for maximum award amounts are determined using population data published in the California Department of Finance report, E-1 Population Estimates for Cities, Counties and the State with Annual Percent Change (https://dof.ca.gov/forecasting/demographics/estimates-e1/). This report is generally published in May of each year.

The following is a description of how an applicant's qualifying population is determined:

For a **county applicant**, the qualifying population includes all the following:

- The population of the unincorporated area of the applicant county and the population of all incorporated cities within the boundaries of the county that are not included on any other TEA application.
- The population of the unincorporated and incorporated areas of any Participating Collaborative Jurisdiction(s).

For a **city applicant**, the qualifying population includes all the following:

- The population of the incorporated area of the applicant city.
- The population of the unincorporated and incorporated areas of any Participating Collaborative Jurisdiction(s).

For a **city and county applicant**, the qualifying population includes all the following:

- The population of the unincorporated and incorporated areas of the applicant city and county.
- The population of the unincorporated and incorporated areas of any Participating Collaborative Jurisdiction(s)

Grant Term

The Grant Term begins June 30, 2026. The Grant Term ends on September 30, 2027.

For detailed information about requirements within the grant term, refer to the Procedures and Requirements document.

Eligible and Ineligible Costs

Grantees may incur eligible costs only during the Grant Term. For detailed information about eligible and ineligible costs, refer to the Procedures and Requirements document.

Indirect Costs

For detailed information about indirect costs, refer to the Procedures and Requirements document.

Public Records Requests

CalRecycle's policy is to make records requested by the public promptly available in accordance with the laws governing disclosure of records and information to the public. In general, all records in the possession of a state agency are public records subject to disclosure, unless a law provides that a particular kind of record or information is not a public record or is exempt or prohibited from disclosure.

Upon request, the entire contents of the submitted application are subject to public records requests. This may include contact information, project summary, uploaded documents, and scoring information. Public records may be requested from CalRecycle through the California Public Records Act Requests web page (https://www2.calrecycle.ca.gov/Forms/ContactUs/PublicRecordsRequest/).

Confidentiality

The following describes the treatment of certain confidential or proprietary information under the California Public Records Act (Government Code 7920.000 et seq.) and related regulations. It also describes how questions are resolved on whether information is truly confidential, the legal protections for confidential information, and internal and program procedures to maintain confidentiality.

Confidential or Proprietary Information

Title 14 of the California Code of Regulations (14 CCR), sections 17041–17046 (https://www.calrecycle.ca.gov/Laws/Regulations/Title14/), states that confidential or proprietary information shall include, but is not limited to:

- Personal or business-related financial data, customer client lists, supplier lists and other information of a proprietary or confidential business nature provided by persons in applications, reports, returns, certifications or other documents submitted to [CalRecycle] which if released would result in harmful effects on the person's competitive position.
- Tax information prohibited from disclosure, pursuant to the Revenue and Taxation Code.

Accordingly, appropriate documents submitted with an application that are clearly marked, on each page, "confidential or proprietary information" will be treated by CalRecycle pursuant to the procedures set forth in 14 CCR sections 17041–17046. However, the law does not treat documents marked as "confidential or proprietary information" (such as sales brochures, promotional literature and other general non-financial documents) as confidential if they do not fall within the categories of protected financial documents listed above.

What if there is a question about what is confidential?

If CalRecycle receives a request to disclose data claimed by the applicant to be confidential, CalRecycle would notify the applicant of the request and state that the

documents were under review to determine whether information was correctly identified as “confidential.” If there was any question as to whether specific information was confidential, CalRecycle would contact the person(s) identified in the application to provide a justification and statement why the information is confidential. The process for evaluating confidentiality claims is set forth in section 14 CCR 17046.

What procedures does CalRecycle have in place to ensure that confidential information is kept confidential?
Confidential or proprietary information will be evaluated and analyzed only by CalRecycle staff, kept confidential, and will be maintained with restricted access. Records no longer needed to provide the services offered under the grant program are periodically destroyed, when allowed by audit policies and state law.

Application Instructions

Application Access

The application is available in CalRecycle's web-based Grants Management System (GMS). Access to GMS is secure; therefore, you must have a CalRecycle WebPass to log in to the system. Those who have not previously obtained a CalRecycle WebPass can create an account at the CalRecycle WebPass page (https://secure.calrecycle.ca.gov/WebPass/).

To start an application:

1. Log in to GMS (https://secure.calrecycle.ca.gov/Grants).
2. Select **Apply for a Grant** on the left.
    - All open grant cycles are displayed in a table.
3. Find Local Government Waste Tire Enforcement Grant Program TEA33: Fiscal Year 2025–2026 and select **Start Application**.
    - A pop-up window will appear asking for contact information. If you have an existing GMS Account, the information may be auto populated.
    - GMS will automatically add you as the Primary Contact for the new grant application; however, you may update this later.
4. Click **Save**.

GMS Tabs - Application Contents and Instructions

The components of the application are divided into tabs. To fill out an application, click on each tab and complete the sections in each tab as required. General directions are on the top of each tab, and detailed information about the requirements for each tab is listed below.

The applicant is responsible for a complete application. This includes signing documents, uploading required documents, and submitting the application by the due date(s). Failure to do so may result in disqualification from the Local Government Waste Tire Enforcement Grant Program.

Examples of disqualifications may include:

- Applicant does not meet the eligibility requirements.
- Project is not eligible.
- Applicant fails to use required CalRecycle documents or forms.
- Applicant uploads incomplete or blank documents to the Documents tab.
- Signature Authority fails to sign Application Certification or any document that requires a signature.
- The online application is incomplete or missing information.

Summary Tab

This tab provides a summary of the application, due dates, resource documents and links, application documents, and the Application Submission section. It is the applicant's responsibility to submit all required documents, based on the particular grant application/project, by the appropriate due date.

Applicant/Participant Tab
The applicant name is the legal name of the entity that is legally responsible for grant administration, if awarded.

1. Select the **Add Applicant/Participant** button and type in the **Applicant Name** and **County**. Do not enter your personal name.
2. Search the table for the correct applicant name and select **Add Applicant/Participant**.
3. Choose the **Lead Participant** radio button and click **Save**.
    - Every application must have a Lead Participant even if it is an individual application with no Non-Lead Participants.

If the Participant Search List does not contain your Applicant/Participant name:

1. Click on **Add New Applicant/Participant**.
2. Enter the **Applicant/Participant Name** as it appears on the Resolution. Do not include the department or unit name. Do not enter your personal name.
    - List county names with the name first followed by the word "County," e.g., "Sacramento County."
    - List city names as "City of" followed by the city's name, e.g., "City of Sacramento."
3. Complete all required fields then click **Save**.

For Collaborative applications, add the name of each eligible Non-Lead Participant and select the Participating Jurisdiction radio button.

For a list of eligible applicants, please see the Grant Cycle Overview section titled "Eligible Applicants."

Detail Tab
Complete this tab as follows:

1. Enter a dollar amount in the **Grant Funds Requested** field. Do not exceed the maximum grant award amount of (see "Available Funds" section above). Please round all amounts to the nearest whole dollar.
2. Enter the **Assembly Districts and Senate Districts**. To select more than one district hold the "Ctrl" key while selecting the numbers.
3. Enter the applicant's **Department Name**, e.g., "General Services." If the applicant does not have a department, enter the applicant's name.
4. Enter the grant payment mailing address. This is the address CalRecycle sends payments.
5. **Project Summary/Statement of Use**: Provide a brief, concise summary of how grant funds will be expended and how these funds will augment your local/regional enforcement efforts. Restrict this narrative to 600 characters maximum including spaces. Insert program specific direction.
6. Select the appropriate option for the Resolution Requirement and optional Letter of Designation.

Contacts Tab
CalRecycle requires the application to have only one Primary Contact and at least one Signature Authority. Each application contact may be granted access by checking the box on the top of the contact's detail screen. The contact will be able to log in to GMS using their own CalRecycle WebPass and access the application.

Note: CalRecycle requires a valid email address for the Signature Authority in order to route the Grant Agreement, if awarded.

- **Primary Contact.** One person who the Signature Authority or their designee has authorized to manage and oversee the grant. This person will be the first contact with whom the Grant Manager will communicate.
- **Signature Authority**. The person(s) authorized to sign CalRecycle documents, such as grant applications, grant agreements, etc., as authorized by a board/council-adopted Resolution, Letter of Designation, or Letter of Commitment (if applicable).
- **Secondary Contact**. A person authorized (by the Primary Contact or Signature Authority or their designee) as the alternate person with whom the Grant Manager will communicate. (Not required.)
- **Consultant.** A professional who provides advice in an area of expertise. If CalRecycle awards a grant to the applicant, the consultants may manage the grant or only conduct specific activities, based on a written agreement between the applicant and the consultant outlining work to be performed. (Not required.)
- **Participant Signature Authority.** (Applicable to Cooperative applications only) The person(s) authorized to sign documents on behalf of their organization, as authorized by a Letter of Commitment, Resolution, or Letter of Designation.

Budget Tab
Complete the budget document provided in GMS and follow the steps below.

1. Transfer the total of each budget category from the budget document into the Budget tab of GMS.
    a. Budget amounts in the budget document must match those entered in the Budget tab.
    b. The total amounts entered in the Budget tab of GMS must equal the Grant Funds Requested amount shown in the Detail tab.
2. Upload the budget document in Excel format (Excel, PDF, etc.) to the Documents tab of GMS.

Utilizing a document form other than the official CalRecycle versions, tampering with the CalRecycle version, or otherwise circumventing imposed character limits, may subject the applicant to disqualification.

Documents Tab
See the Application Documents Section in the Summary tab for documents that must be uploaded in the Documents tab.

When uploading a document, enter a document title, select the appropriate document type from the drop-down list, and enter the date that it was executed/signed, if applicable, or select “today’s date.”

Document files cannot include special characters such as commas, dollar signs, asterisks, etc.

Utilizing a document form other than the official CalRecycle versions, tampering with the CalRecycle version, or otherwise circumventing imposed character limits may subject the applicant to disqualification.

Application Submittal and Deadline

The **Submit Application** button located in the Summary tab will be enabled after all required documents have been uploaded.

Click the **Submit Application** button and the application status will change to **Application Submitted**. You can only submit the application once; however, you may upload the following documents until the secondary due date: Resolution, Letter of Designation, Letter of Permission.

You must submit your application no later than 11:59 p.m. on November 4, 2025. Customer service will be available until 4:00 p.m. on the application due date either by emailing grantassistance@calrecycle.ca.gov or calling (916) 324-1219; however, there is no guarantee CalRecycle will be able to provide support if there is an influx of inquiries.

Note: Applications that are not submitted by the due date will be deleted from GMS.

Application Documents

Below is a list of all documents required for a complete application. Instructions on how to obtain all documents are described below.

1. Application Certification
2. Budget
3. Cost Allocation Plan (if applicable)
4. Letter of Designation (if applicable)
4. Resolution – Lead Participant
5. TEA Staff Roster

CalRecycle Documents

CalRecycle documents are accessible in the Summary tab in the Application Documents section. To access a document, click on the link, open it up, fill it out, save it to your computer, and upload it to the Documents tab. If you are having trouble with a document, email grantassistance@calrecycle.ca.gov or call (916) 324-1219.

Altered or reproduced CalRecycle documents or templates may result in automatic disqualification of your application. Unless a document specifies that it may be reproduced as necessary, **do not** alter CalRecycle documents.

Note: Do not include special characters in file names. Doing so may result in automatic disqualification of your application.

Application Certification

The Application Certification is a required application document that must be generated from GMS.

After you have completed each tab of the application and uploaded the required documents, generate the Application Certification.

1. Click “Print Application Certification” under the Application Submission section of the Summary tab.
    a. **Note:** You will not be able to click “Print Application Certification” until each tab of the application is completed and all required application documents have been uploaded.
2. Signature Authority signs the Application Certification using a certified e-signature or original wet signature.
3. Upload the signed Application Certification to the Documents tab.

Budget

Applicants are required to submit a Budget. Complete the Excel format Budget document available for download on the Summary Tab of GMS. The completed Excel budget document must be uploaded in the Documents tab (do not convert the Excel budget document into another format) and the category budget amounts must match those entered in the Budget tab. The total must equal the amount of Grant Funds Requested on the Detail tab.

A description must be provided for each budget line item included. Instructions for this requirement are included on the budget document. Line-item descriptions must be detailed, specific and enable reviewers to understand the amounts budgeted and the intended purpose of each line item.

A unique budget document will be provided that includes additional pages for the proposed Supplemental Grant.

TEA Staff Roster
Applicants are required to complete the TEA Staff Roster form. It is available for download from the Summary Tab in GMS. The completed form must be uploaded in GMS to the Documents tab.

Applicant's Documents

Below is a list of documents that the applicant is responsible for preparing and uploading to their application. For examples/templates of some of these documents, please refer to the **Summary tab.** Retain the original hard copy documents for potential CalRecycle audits. See Audit Considerations Section of the Procedures and Requirements for more information.

Indirect Cost Allocation Plan (CAP)
Indirect costs must be supported with an Indirect Cost Allocation Plan submitted in the grantee's grant application.

If indirect costs are not included in the budget, there is no requirement to submit a CAP.

Upload a Generally Accepted Accounting Practices (GAAP)-compliant Cost Allocation Plan to the Documents Tab in GMS. The CAP details how your organization will allocate Indirect Costs charged to this grant. The CAP must be obtained from your jurisdiction's accounting department. Indirect costs will be disallowed unless an approvable CAP is submitted.

Indirect costs may not exceed 20% of the total direct costs in the approved budget. Grantees shall allocate and request reimbursement for Indirect Costs according to the jurisdiction's cost allocation methodology.

Applicant's Required Authorization Documents

Below is a list of required authorizing documents by application type that the applicant is responsible for preparing and uploading to their application**.**

Authorizing documents are documents which are written by the applicant. The documents give the applicant permission to apply for a grant, accept grant awards, and/or name the person authorized to sign grant documents on the applicant's behalf. Below are the requirements for each type of authorizing

document. Read each one carefully to determine which document(s) fits your application and applicant type.

Note: For Resolution, Letter of Authorization, Letter of Designation, and Letter of Support templates, refer to the Resolution and Letter Examples **(https://www.calrecycle.ca.gov/Funding/SampleDocs) web page**. CalRecycle staff are available to answer questions about these documents or to review your draft authorization documents to ensure they meet the requirements of the grant program. You may email your draft authorization documents to grantassistance@calrecycle.ca.gov.

Individual Application Authorization Documents

If **subject to a governing body and board approval is required to legally bind the applicant**, the applicant must submit a Resolution no later than the secondary due date or CalRecycle will deem the application incomplete and disqualify the applicant.

The Resolution must:

1. Authorize submittal of an application for one or more specifically named CalRecycle Grant(s) or for all CalRecycle Grants.
2. Identify the job titles of the Signature Authorities authorized to sign all grant-related documents necessary to secure funds and implement the approved project(s). The Resolution may also include language authorizing the Signature Authorities to delegate authority to additional job titles.
    a. Applicants can only submit a Letter of Designation if the corresponding Resolution includes designee language.
3. Identify the time period during which the authorizations are valid. The minimum duration is the grant term, and the maximum duration is five years from the date of adoption. If the Resolution expires during the application period or the grant term, CalRecycle will require a new valid Resolution.
4. Be certified by the governing body.

Note: The Signature Authority must sign a Letter of Designation **prior** to the designee's exercise of their authority.

TEA Collaborative Application Authorization Documents

TEA Collaborative Lead Participant

Applicant must submit a Resolution no later than the secondary due date or CalRecycle will deem the application incomplete and disqualify the applicant.

The Resolution must:

1. Authorize submittal of a Collaborative Application on behalf of itself as Lead Participant and all Non-Lead Participants for the Local Government Waste Tire Enforcement Grant Program.
2. Include a provision allowing a Signature Authority to determine and submit a list of Non-Lead Participants in accordance with CalRecycle requirements.

3. Authorize the Lead Participant to perform enforcement/compliance and surveillance activities of entities and/or individuals involved with the waste tire industry.
4. Identify the job titles of the Signature Authorities authorized to sign all grant-related documents necessary to secure funds and implement the approved project(s). The Resolution may also include language authorizing the Signature Authorities to delegate authority to additional job titles.
    a. Applicants can only submit a Letter of Designation if the corresponding Resolution includes designee language.
5. Identify the time period during which the authorizations are valid. The minimum duration is the grant term, and the maximum duration is five years from the date of adoption. If the Resolution expires during the application period or the grant term, CalRecycle will require a new valid resolution.
6. Be certified by the governing body.

TEA Collaborative Participating Collaborative Jurisdiction(s)
Applicant must submit Participating Collaborative Jurisdiction(s) Resolution(s) no later than the secondary due date or CalRecycle will remove the Participating Collaborative Jurisdiction(s) from the application.

The Resolution must:

1. Authorize the Lead Participant to submit a Collaborative application as Lead Participant on behalf of the Participating Collaborative Jurisdiction(s) for the Local Government Waste Tire Enforcement Grant Program.
2. Authorize the Lead Participant to perform enforcement/compliance and surveillance activities of entities involved with the waste tire industry in the Participating Collaborative Jurisdiction(s)'s jurisdiction.
3. State that the Participating Collaborative Jurisdiction(s) will not perform enforcement/compliance and surveillance activities in its own jurisdiction.
4. Authorize the Lead Participant to execute all documents necessary to implement the Grant.
5. Identify the time period during which the authorizations are valid. The minimum duration is the grant term, and the maximum duration is five years from the date of adoption. If the Resolution expires during the application period or the grant term, CalRecycle will require a new valid resolution.
6. Be certified by the governing body.

Letter of Designation
CalRecycle requires a Letter of Designation (LOD) only when the Signature Authority identified in the approved Resolution chooses to delegate their signature authority to another person. The applicant must upload the LOD **prior** to the designee's exercise of their authority. If the designee signs an application document in place of the Signature Authority, the applicant must upload the LOD with their application.

The LOD must:

1. Be on Applicant's letterhead.
2. Reference the Authorizing Resolution by number (or date adopted if not numbered).
3. Include the job title of the designee and the scope of the designee's authority.
4. Include the time period during which the designee may exercise the authority.
5. Be signed and dated by the Signature Authority.

The designee's authority may not extend beyond the effective date of the approved Resolution. For example, if the Resolution is effective until December 31, 2026, then the Letter of Designation may not be effective beyond December 31, 2026.

Electronic Signatures and Original Signatures

CalRecycle requires a certified e-Signature or original wet signature on documents or forms that certify legally binding information.

Note: E-signatures must include the first and last name of the Signature Authority, be in the Adobe Digital ID format (or through another certified digital signature program) and cannot be completed using the "Fill and Sign" function within Adobe. Any document using the "Fill and Sign" function is considered incomplete and may be sent back to the applicant.

Once the document(s) have been signed by the Signature Authority, upload the digitally signed document, or scan the wet signature and save it to GMS. Retain the original document for potential CalRecycle audits. See Audit Considerations Section of the Procedures and Requirements document for more information.

If you have questions, email grantassistance@calrecycle.ca.gov.

Grant Review and Award Process

Grant Application Review Process

After the close of the application period, CalRecycle staff will review the applications for completeness and eligibility. Only complete applications will be considered for award.

If total grant requests received exceed $6,250,000.00, grant awards will be adjusted so the total awarded does not exceed the total funding available.

CalRecycle staff will verify the applicant's qualifying population to set a potential base grant award as follows:

- $70,000 for applicants with qualifying populations less than or equal to 99,999.
- $90,000 for applicants with qualifying populations 100,000 through 499,999.
- $130,000 for applicants with qualifying populations 500,000 through 1,000,000.
- $210,000 for applicants with qualifying populations of 1,000,001 or more.

CalRecycle staff may also consider the following information to determine the recommended award amount for each applicant:

- The number of active permitted sites and other businesses with TPID numbers.
- The number of priority inspections identified by CalRecycle.
- Known threats to public health and safety or the environment.
- The number of illegal waste tire dumpsites identified in previous grant cycles.
- Grant funds expended in previous grant cycles.
- The number of inspections completed in previous grant cycles.
- Enforcement and field patrolling activities in previous grant cycles.
- The results of the Grantee's Performance Evaluation.

Grant Award Process

For qualifying applications, CalRecycle staff will develop funding recommendations for the consideration and approval of CalRecycle's Director, or their designee; CalRecycle tentatively schedules this for January/ February 2026. CalRecycle reserves the right to partially fund or fund individual phases of selected proposals, and CalRecycle may fund an amount less than requested.

CalRecycle reserves the right to not award any grant funds under one or more cycles.

Grant Award Conditions

When awarded, this grant will be subject to two conditions:

1. The recommended grantee must pay all outstanding debts due to CalRecycle, or bring current outstanding payments owed to CalRecycle, within 60 days of the award email date.
2. The recommended grantee's Signature Authority (or their delegated signature authority) must sign and return the Grant Agreement to CalRecycle. CalRecycle must receive the signed Grant Agreement within 60 days of the date of the award email.

Failure to comply with either condition will void the grant award.

Grant Program Administration

Grant Agreement

The Grant Agreement binds the Grantee to CalRecycle's requirements as outlined in the Grant Agreement documents. CalRecycle will send the Grant Agreement Cover Sheet electronically to allow for a certified e-signature using Adobe Sign.

These documents shall guide the grantee's administration of the grant project.

Following CalRecycle's conditional approval of the grant awards, we will email grantees the information below.

- **Award email**
- **Grant Agreement Cover Sheet (CalRecycle 110)**
  - To be signed by the grantee (this is the Lead Participant in individual Applications or collaborative applications).
- **Exhibit A: Terms and Conditions**
  - Contain CalRecycle's standard legal requirements for grants.
- **Exhibit B: Procedures and Requirements**
  - Contain specific requirements for administering this grant, including but not limited to project, reporting, and audit requirements.
- **Exhibit C: Grantee's approved application with revisions, if any, and any amendments**
- **e-Signature Instructions for Awardees**
  - Contains instructions on how to sign the Grant Agreement Cover Sheet using Adobe Sign.

Reporting Process

CalRecycle requires grantees to report on the progress of their grant on February 25, 2027 and September 30, 2027. The Procedures and Requirements document contains detailed reporting information and deadlines.

Payment Request Process

CalRecycle will retain 10 percent of each approved Payment Request amount until the Grant Manager approves the Final Report, the final Payment Request, and all required supporting documentation. The Procedures and Requirements document contains detailed payment information.

Exhibit A
Terms and Conditions

Local Government Waste Tire Enforcement Grant Program Fiscal Year 2025–26

The following terms used in this Grant Agreement (Agreement) have the meanings given to them below, unless the context clearly indicates otherwise:

- "CalRecycle" means the Department of Resources Recycling and Recovery.
- "Director" means the Director of CalRecycle or his or her designee.
- "Grant Agreement" and "Agreement" means all documents comprising the agreement between CalRecycle and the grantee for this grant.
- "Grant Manager" means CalRecycle staff person responsible for monitoring the grant.
- "Grantee" means the recipient of funds pursuant to this Agreement.
- "Program" means the Local Government Waste Tire Enforcement Grant Program.
- "State" means the State of California, including, but not limited to, CalRecycle and/or its designated officer.

Air or Water Pollution Violation

The grantee shall not be:

(a) In violation of any order or resolution not subject to review promulgated by the State Air Resources Board or an air pollution control district.

(b) Out of compliance with any final cease and desist order issued pursuant to Water Code Section 13301 for violation of waste discharge requirements or discharge prohibitions.

(c) Finally determined to be in violation of provisions of federal law relating to air or water pollution.

Amendment

No amendment or variation of the terms of this Agreement shall be valid unless made in writing, signed by the parties, and approved as required. No oral understanding or agreement not incorporated into this Agreement is binding on any of the parties. This Agreement may be amended, modified or augmented by mutual consent of the parties, subject to the requirements and restrictions of this paragraph.

Americans with Disabilities Act

The grantee assures the state that it complies with the Americans with Disabilities Act of 1990 (ADA) (42 U.S.C.§ 12101 et seq.), which prohibits discrimination on the basis of disability, as well as all applicable regulations and guidelines issued pursuant to the ADA.

Assignment, Successors, and Assigns

(a) This Agreement may not be assigned by the grantee, either in whole or in part, without CalRecycle's prior written consent.
(b) The provisions of this Agreement shall be binding upon and inure to the benefit of CalRecycle, the grantee, and their respective successors and assigns.

Audit/Records Access

The grantee agrees that CalRecycle, the Department of Finance, the Bureau of State Audits, or their designated representative(s) shall have the right to review and to copy any records and supporting documentation pertaining to the performance of this Agreement. The grantee agrees to maintain such records for possible audit for a minimum of three (3) years after final payment date or grant term end date, whichever is later, unless a longer period of records retention is stipulated, or until completion of any action and resolution of all issues which may arise as a result of any litigation, dispute, or audit, whichever is later. The grantee agrees to allow the designated representative(s) access to such records during normal business hours and to allow interviews of any employees who might reasonably have information related to such records. Further, the grantee agrees to include a similar right of the State to audit records and interview staff in any contract or subcontract related to performance of this Agreement.

[It may be helpful to share the Terms and Conditions (Exhibit A) and Procedures and Requirements (Exhibit B) with your finance department, contractors and subcontractors. Examples of audit documentation include, but are not limited to: expenditure ledger, payroll register entries and time sheets, personnel expenditure summary form, travel expense log, paid warrants, contracts, change orders, invoices, and/or cancelled checks.]

Authorized Representative

The grantee shall continuously maintain a representative vested with signature authority authorized to work with CalRecycle on all grant-related issues. The grantee shall, at all times, keep the Grant Manager informed as to the identity and contact information of the authorized representative.

Availability of Funds

CalRecycle's obligations under this Agreement are contingent upon and subject to the availability of funds appropriated for this grant.

Bankruptcy/Declaration of Fiscal Emergency Notification

If the grantee files for protection under Chapter 9 of the U.S. Bankruptcy Code (11 U.S.C. §901 et seq.) or declares a fiscal emergency at any time during the Grant Term, the grantee shall notify CalRecycle within 15 days of such filing or declaration, pursuant to the procedures set forth in the section entitled "Communications" herein.

Charter Cities

If the grantee is a charter city, a joint powers authority that includes one or more charter cities, or the regional lead for a regional program containing one or more charter cities, the grantee shall not receive any grant funding if such funding is prohibited by Labor Code section 1782. If it is determined that Labor Code section 1782 prohibits funding for the grant project, this Agreement will be terminated and any disbursed grant funds shall be returned to CalRecycle.

Child Support Compliance Act

For any agreement in excess of $100,000, the grantee acknowledges that:

(a) The grantee recognizes the importance of child and family support obligations and shall fully comply with all applicable state and federal laws relating to child and family support enforcement, including, but not limited to, disclosure of information and compliance with earnings assignment orders, as provided in Family Code Section 5200 et seq.

(b) The grantee, to the best of its knowledge, is fully complying with the earnings assignment orders of all employees, and is providing the names of all new employees to the New Hire Registry maintained by the California Employment Development Department.

Communications

All communications from the grantee to CalRecycle shall be directed to the Grant Manager. All notices, including reports and payment requests, required by this Agreement shall be given in writing by email, letter, or fax to the Grant Manager as identified in the Procedures and Requirements (Exhibit B). If an original document is required, prepaid mail or personal delivery to the Grant Manager is required following the email or fax.

Compliance

The grantee shall comply fully with all applicable federal, state, and local laws, ordinances, regulations, and permits. The grantee shall provide evidence, upon request, that all local, state, and/or federal permits, licenses, registrations, and approvals have been secured for the purposes for which grant funds are to be expended. The grantee shall maintain compliance with such requirements throughout the Grant Term. The grantee shall ensure that the requirements of the California Environmental Quality Act are met for any approvals or other requirements necessary to carry out the terms of this Agreement. The grantee shall ensure that all of grantee's contractors and subcontractors have all local, state, and/or federal permits, licenses, registrations, certifications, and approvals required to perform the work for which they are hired. Any deviation from the requirements of this section shall result in non-payment of grant funds.

Conflict of Interest

The grantee needs to be aware of the following provisions regarding current or former state employees. If the grantee has any questions on the status of any person

rendering services or involved with this Agreement, CalRecycle must be contacted immediately for clarification.

Current State Employees (Pub. Contract Code, § 10410):
(a) No officer or employee shall engage in any employment, activity, or enterprise from which the officer or employee receives compensation or has a financial interest and which is sponsored or funded by any state agency, unless the employment, activity, or enterprise is required as a condition of regular state employment.
(b) No officer or employee shall contract on his or her own behalf as an independent contractor with any state agency to provide goods or services.

Former State Employees (Pub. Contract Code, § 10411):
(a) For the two-year period from the date he or she left state employment, no former state officer or employee may enter into a contract in which he or she engaged in any of the negotiations, transactions, planning, arrangements or any part of the decision-making process relevant to the contract while employed in any capacity by any state agency.
(b) For the twelve-month period from the date he or she left state employment, no former state officer or employee may enter into a contract with any state agency if he or she was employed by that state agency in a policy-making position in the same general subject area as the proposed contract within the twelve month period prior to his or her leaving state service.

If the grantee violates any provisions of above paragraphs, such action by the grantee shall render this Agreement void. (Pub. Contract Code, § 10420).

Contractors/Subcontractors

The grantee will be entitled to make use of its own staff and such contractors and subcontractors as are mutually acceptable to the grantee and CalRecycle. Any change in contractors or subcontractors must be mutually acceptable to the parties. Immediately upon termination of any such contract or subcontract, the grantee shall notify the Grant Manager.

Nothing contained in this Agreement or otherwise, shall create any contractual relation between CalRecycle and any contractors or subcontractors of grantee, and no agreement with contractors or subcontractors shall relieve the grantee of its responsibilities and obligations hereunder. The grantee agrees to be as fully responsible to CalRecycle for the acts and omissions of its contractors and subcontractors and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by the grantee. The grantee's obligation to pay its contractors and subcontractors is an independent obligation from CalRecycle's obligation to make payments to the grantee. As a result, CalRecycle shall have no obligation to pay or to enforce the payment of any moneys to any contractor or subcontractor.

Copyrights

Grantee retains title to any copyrights or copyrightable material produced pursuant to this Agreement. grantee hereby grants to CalRecycle a royalty-free, nonexclusive,

transferable, world-wide license to reproduce, translate, and distribute copies of any and all copyrightable materials produced pursuant this Agreement, for nonprofit, non-commercial purposes, and to have or permit others to do so on CalRecycle's behalf. Grantee is responsible for obtaining any necessary licenses, permissions, releases or authorizations to use text, images, or other materials owned, copyrighted, or trademarked by third parties and for extending such licenses, permissions, releases, or authorizations to CalRecycle pursuant to this section.

Corporation Qualified to do Business in California

When work under this Agreement is to be performed in California by a corporation, the corporation shall be in good standing and currently qualified to do business in the State. "Doing business" is defined in Revenue and Taxation Code Section 23101 as actively engaging in any transaction for the purpose of financial or pecuniary gain or profit.

Discharge of Grant Obligations

The grantee's obligations under this Agreement shall be deemed discharged only upon acceptance of the final report by CalRecycle. If the grantee is a non-profit entity, the grantee's Board of Directors shall accept and certify as accurate the final report prior to its submission to CalRecycle.

Disclaimer of Warranty

CalRecycle makes no warranties, express or implied, including without limitation, the implied warranties of merchantability and fitness for a particular purpose, regarding the materials, equipment, services or products purchased, used, obtained and/or produced with funds awarded under this Agreement, whether such materials, equipment, services or products are purchased, used, obtained and/or produced alone or in combination with other materials, equipment, services or products. No CalRecycle employees or agents have any right or authority to make any other representation, warranty or promise with respect to any materials, equipment, services or products, purchased, used, obtained, or produced with grant funds. In no event shall CalRecycle be liable for special, incidental or consequential damages arising from the use, sale or distribution of any materials, equipment, services or products purchased or produced with grant funds awarded under this Agreement.

Discretionary Termination

The Director shall have the right to terminate this Agreement at his or her sole discretion at any time upon 30 days written notice to the grantee. Within 45 days of receipt of written notice, grantee is required to:

(a) Submit a final written report describing all work performed by the grantee.
(b) Submit an accounting of all grant funds expended up to and including the date of termination.
(c) Reimburse CalRecycle for any unspent funds.

Disputes

In the event of a dispute regarding performance under this Agreement or interpretation of requirements contained therein, the grantee may, in addition to any other remedies

that may be available, provide written notice of the particulars of such dispute to the Branch Chief of Financial Resources Management Branch, Department of Resources Recycling and Recovery, PO Box 4025, Sacramento, CA 95812-4025. Such written notice must contain the grant number.

Unless otherwise instructed by the Grant Manager, the grantee shall continue with its responsibilities under this Agreement during any dispute.

Drug-Free Workplace Certification

The person signing this Agreement on behalf of the grantee certifies under penalty of perjury under the laws of California, that the grantee will comply with the requirements of the Drug-Free Workplace Act of 1990 (Gov. Code, § 8350 et seq.) and will provide a drug-free workplace by taking the following actions:

(a) Publish a statement notifying employees that unlawful manufacture, distribution, dispensation, possession or use of a controlled substance is prohibited and specifying actions that will be taken against employees for violations.
(b) Establish a drug-free awareness program to inform employees about all of the following:
    (1) The dangers of drug abuse in the workplace.
    (2) The grantee's policy of maintaining a drug-free workplace.
    (3) Any available counseling, rehabilitation, and employee assistance programs.
    (4) Penalties that may be imposed upon employees for drug abuse violations.
(c) Require that each employee who works on the grant:
    (1) Receive a copy of the drug-free policy statement of the grantee.
    (2) Agrees to abide by the terms of such statement as a condition of employment on the grant.

Failure to comply with these requirements may result in suspension of payments under the Agreement or termination of the Agreement or both and grantee may be ineligible for award of any future State agreements if CalRecycle determines that the grantee has made a false certification, or violated the certification by failing to carry out the requirements as noted above.

Effectiveness of Agreement

This Agreement is of no force or effect until signed by both parties.

Entire Agreement

This Agreement supersedes all prior agreements, oral or written, made with respect to the subject hereof and, together with all attachments hereto, contains the entire agreement of the parties.

Environmental Justice

In the performance of this Agreement, the grantee shall conduct its programs, policies, and activities that substantially affect human health or the environment in a manner that ensures the fair treatment of people of all races, cultures, and income levels, including minority populations and low-income populations of the state.

Failure to Perform as Required by this Agreement

CalRecycle will benefit from the grantee's full compliance with the terms of this Agreement only by the grantee's:

(a) Investigation and/or application of technologies, processes, and devices which support reduction, reuse, and/or recycling of wastes.
(b) Cleanup of the environment.
(c) Enforcement of solid waste statutes and regulations, as applicable.

Therefore, the grantee shall be in compliance with this Agreement only if the work it performs results in:

(a) Application of information, a process, usable data or a product which can be used to aid in reduction, reuse, and/or recycling of waste.
(b) The cleanup of the environment.
(c) The enforcement of solid waste statutes and regulations, as applicable.

If the Grant Manager determines that the grantee has not complied with the Grant Agreement, the grantee may forfeit the right to reimbursement of any grant funds not already paid by CalRecycle, including, but not limited to, the 10 percent withhold.

In addition to forfeiture of grant funds, failure to perform as required by this Agreement may impact Grantee’s eligibility for future grants offered by CalRecycle.

Force Majeure

Neither CalRecycle nor the grantee, its contractors, vendors, or subcontractors, if any, shall be responsible hereunder for any delay, default, or nonperformance of this Agreement, to the extent that such delay, default, or nonperformance is caused by an act of God, weather, accident, labor strike, fire, explosion, riot, war, rebellion, sabotage, flood, or other contingencies unforeseen by CalRecycle or the grantee, its contractors, vendors, or subcontractors, and beyond the reasonable control of such party.

Forfeit of Grant Funds/Repayment of Funds Improperly Expended

If grant funds are not expended, or have not been expended, in accordance with this Agreement, or if real or personal property acquired with grant funds is not being used, or has not been used, for grant purposes in accordance with this Agreement, the Director, at his or her sole discretion, may take appropriate action under this Agreement, at law or in equity, including requiring the grantee to forfeit the unexpended portion of the grant funds, including, but not limited to, the 10 percent withhold, and/or to repay to CalRecycle any funds improperly expended.

Generally Accepted Accounting Principles

The grantee is required to use Generally Accepted Accounting Principles in documenting all grant expenditures.

Grant Manager

The Grant Manager’s responsibilities include monitoring grant progress, and reviewing and approving Grant Payment Requests and other documents delivered to CalRecycle pursuant to this Agreement. The Grant Manager may monitor grantee performance to

ensure that the grantee expends grant funds appropriately and in a manner consistent with the terms and conditions contained herein. The Grant Manager does not have the authority to approve any deviation from or revision to the Terms and Conditions (Exhibit A) or the Procedures and Requirements (Exhibit B), unless such authority is expressly stated in the Procedures and Requirements (Exhibit B).

Grantee Accountability

The grantee is ultimately responsible and accountable for the manner in which the grant funds are utilized and accounted for and the way the grant is administered, even if the grantee has contracted with another organization, public or private, to administer or operate its grant program. In the event an audit should determine that grant funds are owed to CalRecycle, the grantee is responsible for repayment of the funds to CalRecycle.

Grantee's Indemnification and Defense of the State

The grantee agrees to indemnify, defend and save harmless the state and CalRecycle, and their officers, agents and employees from any and all claims and losses accruing or resulting to any and all contractors, subcontractors, suppliers, laborers, and any other person, firm or corporation furnishing or supplying work services, materials, or supplies in connection with the performance of this Agreement, and from any and all claims and losses accruing or resulting to any person, firm or corporation who may be injured or damaged by the grantee as a result of the performance of this Agreement.

Grantee's Name Change

A written amendment is required to change the grantee's name as listed on this Agreement. Upon receipt of legal documentation of the name change, CalRecycle will process the amendment. Payment of Payment Requests presented with a new name cannot be paid prior to approval of the amendment.

In Case of Emergency

In the event of an emergency, or where there is an imminent threat to public health and safety or the environment, the grantee may choose, at its own risk, to incur grant-eligible expenses not previously included in the approved Budget, subject to subsequent approval by the Grant Manager of both the Budget change and the need to implement the Budget change on an emergency basis. The grantee shall notify the Grant Manager of the emergency and the Budget change at the earliest possible opportunity. CalRecycle reserves the right to accept or reject the grantee’s determination that the circumstances constituted an emergency or a threat to public health and safety or the environment. If the Grant Manager determines that the circumstances did not constitute an emergency or a threat to public health or safety, the Budget change will be disallowed.

Limited Waiver of Sovereign Immunity and Consent to Jurisdiction

The Grantee expressly and irrevocably waives sovereign immunity (and any defenses based thereon) in favor of CalRecycle, but not as to any other person or entity, as to any dispute which specifically arises under this Agreement and not as to any other action, matters or disputes.

The Grantee does not waive its sovereign immunity with respect to (i) actions by third parties, except for parties acting on behalf of, under authorization from the Grantee or CalRecycle, or (ii) disputes between the Grantee and CalRecycle which do not specifically arise under this Agreement. The Grantee further agrees that exhaustion of tribal administrative remedies, including before any tribal court, shall not be required prior to proceeding to filing a complaint in the appropriate court of law; and

The Grantee and CalRecycle agree that any monetary damages awarded or arising under this Agreement shall be exclusively limited to actual direct damages incurred based on obligations contained in this Agreement that have been demonstrated with substantial certainty and which do not, in any event, exceed the total amount of the award under this Agreement. The Grantee and CalRecycle agree not to assert any claim for damages, injunctive, or other relief which is not consistent with the provisions of this Agreement; and

The Grantee and CalRecycle may seek, and the Grantee may seek after it has exhausted any available remedy through the Government Claims Program and the Program so approves, judicial review for breach of contract in the State Superior Court for Sacramento County, including any appellate proceedings. The Grantee and CalRecycle expressly consent to the jurisdiction of such Court, provided that:

(a) No person or entity other than the Grantee and CalRecycle is a party to the action, unless failure to join a third party would deprive the court of jurisdiction; provided, however, that nothing herein shall be construed to constitute a waiver of the sovereign immunity of the Grantee or CalRecycle in respect to any such third party.
(b) The judgment so entered has the same force and effect as, and is subject to all the provisions of law relating to, a judgment in a civil action, and may be enforced like any other judgment of the court in which it is entered.

Nothing in this Agreement shall be construed to constitute a waiver of the sovereign immunity of the Grantee with respect to intervention by any additional party not deemed an indispensable party to the proceeding. Unless otherwise agreed by the Grantee and CalRecycle, any dispute resolution meetings or communications, or mediation, shall be in the context of a settlement discussion to potential litigation and remain confidential to the extent not prohibited by applicable law.

No Agency Relationship Created/Independent Capacity

The grantee and the agents and employees of grantee, in the performance of this Agreement, shall act in an independent capacity and not as officers or employees or agents of CalRecycle.

No Waiver of Rights

CalRecycle shall not be deemed to have waived any rights under this Agreement unless such waiver is given in writing and signed by CalRecycle. No delay or omission on the part of CalRecycle in exercising any rights shall operate as a waiver of such right or any other right. A waiver by CalRecycle of a provision of this Agreement shall not prejudice or constitute a waiver of CalRecycle's right otherwise to demand strict compliance with that provision or any other provision of this Agreement. No prior waiver by CalRecycle, nor any course of dealing between CalRecycle and grantee, shall constitute a waiver of any of CalRecycle's rights or of any of grantee's obligations as to any future transactions. Whenever the consent of CalRecycle is required under this Agreement, the granting of such consent by CalRecycle in any instance shall not constitute continuing consent to subsequent instances where such consent is required and in all cases such consent may be granted or withheld in the sole discretion of CalRecycle.

Non-Discrimination Clause

(a) During the performance of this Agreement, grantee and its contractors shall not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment on the bases enumerated in Government Code Section 12900 et seq.
(b) The person signing this Agreement on behalf of the grantee certifies under penalty of perjury under the laws of California that the grantee has, unless exempted, complied with the nondiscrimination program requirements (Gov. Code, § 12990, subd. (a-f) and California Code of Regulations, Title 2, Section 8103). (Not applicable to public entities.)

Order of Precedence

The performance of this grant shall be conducted in accordance with the Terms and Conditions (Exhibit A), Procedures and Requirements (Exhibit B), Project Summary/Statement of Use, Work Plan, and Budget of this Agreement, or other combination of Exhibits specified on the Grant Agreement Coversheet attached hereto (collectively referred to as "Terms"). Grantee's CalRecycle-approved Application (Grantee's Application) is hereby incorporated herein by this reference. In the event of conflict or inconsistency between the articles, exhibits, attachments, specifications or provisions that constitute this Agreement, the following order of precedence shall apply:
(a) Grant Agreement Coversheet and any Amendments thereto
(b) Terms and Conditions
(c) Procedures and Requirements
(d) Project Summary/Statement of Use
(e) Budget
(f) Work Plan
(g) Grantee's Application
(h) All other attachments hereto, including any that are incorporated by reference.

Ownership of Drawings, Plans and Specifications

The grantee shall, at the request of CalRecycle or as specifically directed in the Procedures and Requirements (Exhibit B), provide CalRecycle with copies of any data, drawings, design plans, specifications, photographs, negatives, audio and video productions, films, recordings, reports, findings, recommendations, and memoranda of every description or any part thereof, prepared under this Agreement. Grantee hereby grants to CalRecycle a royalty-free, nonexclusive, transferable, world-wide license to reproduce, translate, and distribute copies of any and all such materials produced pursuant to this Agreement, for nonprofit, non-commercial purposes, and to have or permit others to do so on CalRecycle's behalf.

Payment

(a) The approved Budget, if applicable, is attached hereto and incorporated herein by this reference and states the maximum amount of allowable costs for each of the tasks identified in the Work Plan, if applicable, which is attached hereto and incorporated herein by this reference. CalRecycle shall reimburse the grantee for only the work and tasks specified in the Work Plan or the Grantee's Application at only those costs specified in the Budget and incurred in the term of the Agreement.
(b) The grantee shall carry out the work described in the Work Plan or in the Grantee's Application in accordance with the approved Budget, and shall obtain the Grant Manager's written approval of any changes or modifications to the Work Plan, approved project as described in the Grantee's Application or the approved Budget prior to performing the changed work or incurring the changed cost. If the grantee fails to obtain such prior written approval, the Director, at his or her sole discretion, may refuse to provide funds to pay for such work or costs.
(c) The grantee shall request reimbursement in accordance with the procedures described in the Procedures and Requirements (Exhibit B).
(d) Ten percent will be withheld from each Payment Request and paid at the end of the grant term, when all reports and conditions stipulated in this Agreement have been satisfactorily completed. Failure by the grantee to satisfactorily complete all reports and conditions stipulated in this Agreement may result in forfeiture of any such funds withheld pursuant to CalRecycle's 10 percent) retention policy.
(e) Lodgings, Meals and Incidentals: Grantee's Per Diem eligible costs are limited to the amounts authorized in the California State Administrative Manual (contact the Grant Manager for more information).
(f) Payment will be made only to the grantee.
(g) Reimbursable expenses shall not be incurred unless and until the grantee receives a Notice to Proceed as described in the Procedures and Requirements (Exhibit B).

Personnel Costs

If there are eligible costs pursuant to Exhibit B, Procedures and Requirements, any personnel expenditures to be reimbursed with grant funds must be computed based on actual time spent on grant-related activities and on the actual salary or equivalent hourly wage the employee is paid for his or her regular job duties, including a proportionate

share of any benefits to which the employee is entitled, unless otherwise specified in the Procedures and Requirements (Exhibit B).

Real and Personal Property Acquired with Grant Funds

(a) All real and personal property, including equipment and supplies, acquired with grant funds shall be used by the grantee only for the purposes for which CalRecycle approved their acquisition for so long as such property is needed for such purposes, regardless of whether the grantee continues to receive grant funds from CalRecycle for such purposes. In no event shall the length of time during which such property, including equipment and supplies, acquired with grant funds, is used for the purpose for which CalRecycle approved its acquisition be less than five (5) years after the end of the grant term, during which time the property, including equipment and supplies, must remain in the State of California.

(b) Subject to the obligations and conditions set forth in this section, title to all real and personal property acquired with grant funds, including all equipment and supplies, shall vest upon acquisition in the grantee. The grantee may be required to execute all documents required to provide CalRecycle with a security interest in any real or personal property, including equipment and supplies, and it shall be a condition of receiving this grant that CalRecycle shall be in first priority position with respect to the security interest on any such property acquired with the grant funds, unless pre-approved in writing by the Grant Manager that CalRecycle will accept a lower priority position with respect to the security interest on the property. Grantee shall inform any lender(s) from whom it is acquiring additional funding to complete the property purchase of this grant condition.

(c) The grantee may not transfer Title to any real or personal property, including equipment and supplies, acquired with grant funds to any other entity without the express authorization of CalRecycle. Grantee's violation of this provision shall result in Grantee's reimbursement to CalRecycle of the amount of grant funds used to purchase said equipment and supplies.

(d) CalRecycle will not reimburse the grantee for the acquisition of equipment that was previously purchased with CalRecycle grant funds, unless the acquisition of such equipment with grant funds is pre-approved in writing by the Grant Manager. In the event of a question concerning the eligibility of equipment for grant funding, the burden will be on the grantee to establish the pedigree of the equipment.

Reasonable Costs

A cost is reasonable if, in its nature or amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost. Consideration will be given to:

(a) Whether the cost is of a type generally recognized as ordinary and necessary for the performance of the grant.

(b) The restraints or requirements imposed by such factors as generally accepted sound business practices, arms-length bargaining, federal and state laws and regulations, and the terms and conditions of this Agreement.

(c) Whether the individuals concerned acted with prudence in the circumstances, considering their responsibilities to the organization, its members, employees, clients, and the public at large.

(d) Significant deviations from the established practices of the organization which may unjustifiably increase the grant costs.

Recycled-Content Paper

All documents submitted by the grantee must be printed double-sided on recycled-content paper containing 100 percent post-consumer fiber. Specific pages containing full color photographs or other ink-intensive graphics may be printed on photographic paper.

Reduction of Waste

In the performance of this Agreement, grantee shall take all reasonable steps to ensure that materials purchased or utilized in the course of the project are not wasted. Steps should include, but not be limited to: the use of used, reusable, or recyclable products; discretion in the amount of materials used; alternatives to disposal of materials consumed; and the practice of other waste reduction measures where feasible and appropriate.

Reduction of Waste Tires

Unless otherwise provided for in this Agreement, in the performance of this Agreement, for all purchases made with grant funds, including, but not limited to equipment and tire-derived feedstock, the grantee shall purchase and/or process only California waste tires and California waste tire-derived products. As a condition of final payment under this Agreement, the grantee must provide documentation substantiating the source of the tire materials used during the performance of this Agreement to the Grant Manager.

Reimbursement Limitations

Under no circumstances shall the grantee seek reimbursement pursuant to this Agreement for a cost or activity that has been or will be paid for through another funding source. The grantee shall not seek reimbursement for any costs used to meet cost sharing or matching requirements of any other CalRecycle funded program.

All costs charged against the Agreement shall be net of all applicable credits. The term “applicable credits” refers to those receipts or reductions of expenditures that operate to offset or reduce expense items that are reimbursable under this Agreement. Applicable credits may include, but are not necessarily limited to, rebates or allowances, discounts, credits toward subsequent purchases, and refunds. Grantee shall, where possible, deduct the amount of the credit from the amount billed as reimbursement for the cost, or shall deduct the amount of the credit from the total billed under a future invoice.

Reliable Contractor Declaration

Prior to authorizing any contractor or subcontractor to commence work under this Grant, the grantee shall submit to CalRecycle a Reliable Contractor Declaration (CalRecycle 168) from the contractor or subcontractor, signed under penalty of perjury, disclosing whether of any of the events listed in Section 17050 of Title 14, California Code of Regulations, Natural Resources (https://www.calrecycle.ca.gov/laws/regulations/title14), Division 7, has occurred with respect to the contractor or subcontractor within the

preceding three (3) years. If a contractor is placed on CalRecycle's Unreliable List after award of this Grant, the grantee may be required to terminate that contract.

Remedies

Unless otherwise expressly provided herein, the rights and remedies hereunder are in addition to, and not in limitation of, other rights and remedies under this Agreement, at law or in equity, and exercise of one right or remedy shall not be deemed a waiver of any other right or remedy.

Self-Dealing and Arm's Length Transactions

All expenditures for which reimbursement pursuant to this Agreement is sought shall be the result of arm's-length transactions and not the result of, or motivated by, self-dealing on the part of the grantee or any employee or agent of the grantee. For purposes of this provision, "arm's-length transactions" are those in which both parties are on equal footing and fair market forces are at play, such as when multiple vendors are invited to compete for an entity's business and the entity chooses the lowest of the resulting bids. "Self-dealing" is involved where an individual or entity is obligated to act as a trustee or fiduciary, as when handling public funds, and chooses to act in a manner that will benefit the individual or entity, directly or indirectly, to the detriment of, and in conflict with, the public purpose for which all grant monies are to be expended.

Severability

If any provisions of this Agreement are found to be unlawful or unenforceable, such provisions will be voided and severed from this Agreement without affecting any other provision of this Agreement. To the full extent, however, that the provisions of such applicable law may be waived, they are hereby waived to the end that this Agreement be deemed to be a valid and binding agreement enforceable in accordance with its terms.

Site Access

The grantee shall allow the state to access sites at which grant funds are expended and related work being performed at any time during the performance of the work and for ninety (90) days after completion of the work, or until all issues related to the grant project have been resolved.

Stop Work Notice

Immediately upon receipt of a written notice from the Grant Manager to stop work, the grantee shall cease all work under this Agreement.

Termination for Cause

CalRecycle may terminate this Agreement and be relieved of any payments should the grantee fail to perform the requirements of this Agreement at the time and in the manner herein provided. In the event of such termination, CalRecycle may proceed with the work in any manner deemed proper by CalRecycle. All costs to CalRecycle shall be deducted from any sum due the grantee under this Agreement. Termination pursuant to

this section may result in forfeiture by the grantee of any funds retained pursuant to CalRecycle's 10 percent retention policy.

Time is of the Essence

Time is of the essence to this Agreement.

Tolling of Statute of Limitations

The statute of limitations for bringing any action, administrative or civil, to enforce the terms of this Agreement or to recover any amounts determined to be owing to CalRecycle as the result of any audit of the grant covered by this Agreement shall be tolled during the period of any audit resolution, including any appeals by the grantee to the Director.

Union Organizing

By signing this Agreement, the grantee hereby acknowledges the applicability of Government Code Sections 16645, 16645.2, 16645.8, 16646, 16647, and 16648 to this Agreement and hereby certifies that:

(a) No grant funds disbursed by this grant will be used to assist, promote, or deter union organizing by employees performing work under this Agreement.

(B) If the grantee makes expenditures to assist, promote, or deter union organizing, the grantee will maintain records sufficient to show that no state funds were used for those expenditures, and that grantee shall provide those records to the Attorney General upon request.

Venue/Choice of Law

(a) All proceedings concerning the validity and operation of this Agreement and the performance of the obligations imposed upon the parties hereunder shall be held in Sacramento County, California. The parties hereby waive any right to any other venue. The place where the Agreement is entered into and place where the obligation is incurred is Sacramento County, California.

(b) The laws of the State of California shall govern all proceedings concerning the validity and operation of this Agreement and the performance of the obligations imposed upon the parties hereunder.

Waiver of Claims and Recourse against the State

The grantee agrees to waive all claims and recourse against the state, its officials, officers, agents, employees, and servants, including, but not limited to, the right to contribution for loss or damage to persons or property arising out of, resulting from, or in any way connected with or incident to this Agreement. This waiver extends to any loss incurred attributable to any activity undertaken or omitted pursuant to this Agreement or any product, structure, or condition created pursuant to, or as a result of, this Agreement.

Work Products

Grantee shall provide CalRecycle with copies of all final products identified in the Work Plan. Grantee shall also provide CalRecycle with copies of all public education and advertising material produced pursuant to this Agreement.

Workers' Compensation/Labor Code

The grantee is aware of Labor Code Section 3700, which requires every employer to be insured against liability for Workers' Compensation or to undertake self-insurance in accordance with the Labor Code, and the grantee agrees to comply with such provisions before commencing the performance of the work of this Agreement.

Introduction

The Department of Resources Recycling and Recovery (CalRecycle) administers the Local Government Waste Tire Enforcement Grant Program. These Procedures and Requirements describe project and reporting requirements, report due dates, report contents, grant payment conditions, eligible and ineligible project costs, project completion and closeout procedures, and records and audit requirements.

In a Collaborative Grant, the term "grantee" used throughout this document refers to the Lead Participant (Lead). The Lead is designated to act on behalf of all Non-Lead Participant(s). The Lead manages the grant, is responsible for the performance of the grant and all required documentation, and administers the grant funds to its Non-Lead Participants on its behalf.

This document is attached to, and incorporated by reference, into the Grant Agreement.

Milestones

June 30, 2026: Grant Term and Grant Performance Period Begin on date indicated in the Notice to Proceed

February 25 2027: Progress Report Due

June 29, 2027: Grant Performance Period Ends

June 30, 2027—September 30, 2027: Report Preparation Period

September 30, 2027: Final Report and Final Payment Request Due

Grants Management System (GMS)

GMS is CalRecycle's web-based grant application and Grants Management System. Access to GMS is secure; grantees must log in using a WebPass. WebPass accounts are tied to a specific email address. If an email address changes, or if it becomes inactive, the grantee must create a new WebPass account to continue accessing GMS. Establish or manage a WebPass at CalRecycle's WebPass page (https://secure.calrecycle.ca.gov/WebPass/).

Accessing the Grant

Grantees must log in to GMS (https://secure.calrecycle.ca.gov/Grants) using their web pass. After logging in, locate the grant in the **My Awarded/Open Grants** table and select the **Grant Management** link. The **Grant Management Module** includes the following sections:

- **Summary tab**: Shows approved budget, paid and remaining amounts. (This section is available to the grantee in read-only mode.)
- **Payment Request tab**: Grantee requests reimbursement.
- **Reports tab**: Grantee uploads required reports.
- **Documents tab**: Grantee uploads all other grant documents that are not supporting documents to a payment request or a report. This section also provides access to documents that were uploaded within other sections of GMS.

Follow the instructions in GMS to work in the system. The following sections describe the reports, transactions, and supporting documents CalRecycle requires.

Contact Updates

Access to the grant is limited to those listed in the **Contacts** tab of the **Application Module** with the “Allow Access” check box marked. A contact may be listed but not granted access by not checking the box. Please note, if a contact is granted access to a grant, they will be able to edit contacts, submit payment requests, upload reports, and view all documents. Those with access may update contact information for all contact types except Signature Authority. Email the assigned Grant Manager regarding any changes to Signature Authority information.

Prior to Commencing Work

Prior to commencing work under this grant, the grantee's Grant Manager or primary contact and authorized grant Signature Authority should review the Terms and Conditions (Exhibit A) and the Procedures and Requirements (Exhibit B) to identify key grant administrative requirements. Evaluation of the grantee's compliance with these requirements is a major focus of grant audits.

Reliable Contractor Declaration

Prior to authorizing a contractor or subcontractor to commence work under this grant, the grantee shall submit to the Grant Manager a declaration from the contractor or subcontractor, signed under penalty of perjury, stating that within the preceding three (3) years, none of the events listed in section 17050 of Title 14 (https://www.calrecycle.ca.gov/Laws/Regulations/Title14/), California Code of Regulations, Natural Resources, Division 7, has occurred with respect to the contractor or subcontractor. The grantee must submit this form for each contractor and subcontractor working under the grant.

If a contractor or subcontractor is placed on the CalRecycle Unreliable Contractor List (https://www.calrecycle.ca.gov/Funding/Unreliability/) after award of this grant, the grantee may be required to terminate the contract. Obtain the Reliable Contractor Declaration form (CalRecycle 168) from CalRecycle's Application and Grant Management Tools webpage (https://calrecycle.ca.gov/funding/tools/

The grantee must upload a scanned copy of each signed Reliable Contractor Declaration form in GMS. To upload the form:

1. Go to the **Reports** tab.
2. Click on **Reliable Contractor Declaration** under **Report Type**.
3. Click the **Add Document** button.
4. Select Reliable Contractor Declaration in the **Document Type** drop down box, enter a document title, click the **Browse** button to search and upload the document, and then **Save**.
5. Click on the **Submit Report** button.

For further instructions regarding GMS, including login directions, see the "Grants Management System" section (above).

Grant Term, Grant Performance Period, and Report Preparation Period

The Grant Term begins on June 30, 2026 and ends on September 30, 2027. The grantee must make all grant-eligible program expenditures and incur all grant-eligible costs within this period. Expenditures made or costs incurred prior to June 30, 2026 or after the end date are not eligible for reimbursement. Most costs are further limited during the Report Preparation Period (below).

The Grant Performance Period begins on June 30, 2026 and ends on June 29, 2027.

The Report Preparation Period is from June 30, 2027 to September 30, 2027.

The Final Report and final Payment Request are due on September 30, 2027.

Eligible Costs

Grantees may incur eligible costs only during the Grant Term, which starts when the grantee receives a Notice to Proceed from CalRecycle and ends on September 30, 2027. See Grant Term, Grant Performance Period, and Report Preparation Period for additional information. All grant expenditures must be for activities, products, and costs specifically included in the approved Work Plan and approved Budget. To be eligible for reimbursement, costs must be incurred on or after June 30, 2026 and before the end of the Grant Term. All services must be provided, and goods received during this period in order to be eligible costs. Invoices for goods and services must be paid by the grantee prior to the inclusion of those goods or services on a payment request.

Eligible costs are limited to the following:

Inspections - Priorities and Eligible Activities

Inspections are the core component of the grant. Inspections are to be conducted according to the quality standards as outlined in the CalRecycle Waste Tire Enforcement Manual in order to be eligible for reimbursement. Actual personnel hours must be documented by Tire Program Identification numbers (TPID) and back-up is to be maintained according to the Terms and Conditions, Audit/Records Access provision on page 2. See further guidance in the Personnel Hours section.

Grantees shall inspect locations with TPID numbers assigned in the Inspection Priority Work Plan, provided by CalRecycle at the start of the Grant Term.

Eligible inspection activities are listed below:

1. Inspector time reviewing the Inspection Priority Work Plan to ensure that TPIDs listed for inspection are consistent with the CalRecycle Waste Tire Enforcement Manual.
2. Using Waste Tire Management System (WTMS) to generate a list of eligible TPIDs to inspect, in addition to those listed on the Inspection Priority Work Plan.
3. Pre-inspection planning.
4. Post-inspection reporting and follow-up.
5. Communicating with facility staff or owners before or after an inspection.

6. Travel time to-and-from inspections.
7. Physically inspecting the TPID site, taking photographs, interviewing personnel, writing and submitting complete and correct inspection reports.

   Note: Non-physical inspections may be allowed under emergency and extenuating circumstances with prior approval from CalRecycle.

8. Only inspections conducted at the following time frame and frequencies are eligible:
   - Inspections conducted within the grant performance period
   - One routine inspection is allowed per eligible TPID.
   - A maximum of two re-inspections may be performed per active TPID if a NOV was documented during the routine inspection.
   - One observation inspection may be performed per active TPID as described in the CalRecycle Waste Tire Enforcement Manual.
   - One educational inspection may be performed per active, new or never-inspected TPID.
   - Inspections where an extension was issued.

Enforcement

Enforcement Actions and Surveillance

Eligible enforcement and surveillance activities include steps taken beyond normal inspection activities to identify illegal waste tire activity and collect evidence as defined below.

1. Eligible enforcement and surveillance activities **must** be directly related to identifying, researching, surveilling, investigating, and/or documenting at least one of the following issues:
   - Illegal (unpermitted) waste tire storage sites and activities with 500 or more waste tires.
   - Individuals responsible for illegal dumping of waste tires.
     Private property on which illegal dumping of waste tires is occurring or has occurred with 500 or more waste tires.
     Note: (Private property with more than 500 illegal stored waste tires must be referred to CalRecycle for enforcement prior to seeking remediation).
   - Unregistered waste tire haulers hauling 10 or more waste or used tires.
2. Eligible enforcement and surveillance activities may include the following activities:
   - Coordinating and working with CalRecycle, the California Highway Patrol, local District Attorney (DA), task forces, other TEAs, and local law enforcement
     - Gathering and sharing of information and resources.
     - Providing training to local law and code enforcement personnel within the TEA jurisdiction to encourage referrals or citations.
     - Establishing and conducting checkpoints to identify unregistered waste tire haulers.
     - Attending administrative, court and/or CalRecycle hearings and supporting case development
   - Assisting CalRecycle with investigations and referrals:

        - Making waste tire enforcement referrals, as approved or required.
        - Investigating waste tire referrals, complaints, violations, discrepancies, and legal records searches, etc., as requested.
        - Obtaining inspection warrants and other warrants as needed in participation with local law enforcement activity.
        - Performing interviews and field investigations to develop enforcement cases.
        - Researching databases and document past enforcement activity.
    - After appropriate enforcement and surveillance, coordinating with other agencies to remediate environmental damage due to illegal dumping and storage of waste tires, including:
        - Reviewing of regulations and procedures.
        - Coordinating with Local Conservation Corps for cleanups, and other related activity.
        - Coordinating with CalRecycle for cleanup and lien options.
    - Record Keeping
        - Producing and maintaining documents and files to track waste tire enforcement-related activities.
3. Grantees must report enforcement and surveillance activities to the CalRecycle Inspection Liaison as follows:
    - Report within 15 calendar days all enforcement actions on waste tire-related cases, including any referrals to the DA's Office and any actions taken by the DA's Office on waste tire-related cases
    - Report within 15 calendar days all waste tire enforcement referrals, as approved or required. See Inspection section below.

Field Patrolling and Small Tire Pile Cleanup

Field Patrolling and Small Tire Pile Cleanup are limited to 15 percent of the total approved Budget. Field Patrolling must be productive. Unproductive Field Patrolling, such as visiting the same locations more than once per quarter for observation, may be ineligible for reimbursement. Eligible field patrolling activities and costs are limited:

- Preparation and planning of field patrol.
- Follow-up on illegal dumping complaints and referrals.
- Patrolling locations with known illegal waste tire dumping once per quarter.
- Cleanup of small tire piles on public land with 35 or fewer waste tires including disposal fees.

Administrative Costs

Administrative Costs are limited to 15 percent of the total approved Budget.

Eligible administrative costs are limited to:

- Eligible administrative costs include personnel time for which there is a direct and demonstrable link to implementation of the TEA grant.
- Administrative functions for which there is a direct and demonstrable link to implementation of the TEA grant.

Examples of eligible activities include:

- Preparation and submittal of Progress Reports, Payment Requests, and required documents.
- Grant-related communication.
- Compliance activities related to performance evaluation or audits.
- Development and maintenance of a system to track grant costs.
- TEA grant personnel administration.
- Preparation and submittal of the next TEA grant cycle application.

Education
Education costs are limited to 10 percent of the total approved Budget.

Eligible education activities and costs include:

- Eligible education costs include personnel time, and reproduction of CalRecycle educational materials for the purpose of educating waste tire generators and haulers about laws and regulations related to waste tire management.

Examples of eligible activities include:

- Generating WTMS reports of newly issued TPID's.
- Printing and distributing Tire Education Brochure from the CalRecycle TEA Resource Center when sites or conducting enforcement or tire related surveillance.
- Informing businesses and business owners/operators about applicable waste tire laws and regulations and available compliance resources.
- Providing tire-related education to Local Conservation Corps (https://www.calrecycle.ca.gov/Funding/LocalCC/).
- Providing other outreach activities requested by CalRecycle.

Operational Costs
The category includes operational needs such as rent for office space (if not included in Indirect Costs), equipment, materials, and supplies necessary to perform eligible waste tire activities under the TEA Grant. Operational Costs are limited to 10 percent of the total approved budget.

Equipment purchased and utilized for the purposes of more than one program, costs charged to the TEA grant must be allocated proportionate to actual use in TEA grant activities.

Examples of eligible equipment include:

- Personal Protective Equipment: including boots, reflective vests or logo/identifying windbreakers, hard hat/sun hat, gloves, face masks, safety glasses.
- Field Equipment: including measuring devices, GPS, binoculars, camera and accessories, clipboards.
- Cell phones, mobile Wi-Fi hotspots and cell service.
- Computers or tablets, and related standard accessories.

Training
Training is reimbursable for tire enforcement staff, supervisors and other staff who work directly on grant activities. In-house training is to be charged under the applicable budget category (i.e., inspection training is charged under the inspection budget).

Unless otherwise approved, grantee training requirements and eligibility are as follows:

1. Grantee must provide to CalRecycle and maintain a current list of inspectors and lead inspectors, their qualifications, and the amount of time their position is allocated to the Program (i.e., percentage or quantity of inspections).
2. All inspectors must be trained and approved by CalRecycle prior to conducting eligible inspections. CalRecycle may also approve an in-house inspector trainer when someone with adequate experience is employed by the grant. Existing inspectors may be approved by CalRecycle without additional training.
3. **Mandatory training** activities include:
    - New inspector inspection training (CalRecycle shall provide oversight of training).
    - CalRecycle-sponsored Waste Tire Round Tables[1].
    - WTMS Training[1].
    - Technical Training Series[1].
    - Grant Administration Webinar.
    - Other mandatory training, as required by CalRecycle.
4. Eligible **non-mandatory training** includes:
    - CalRecycle Application Webinar
    - Meetings, trainings or conferences requested by CalRecycle.
    - Coordinating and hosting CalRecycle-sponsored training events.
    - CalEPA sponsored Enforcement Symposium.
    - Basic Inspector Academy.
    - Conducting Effective Interviews for Inspectors.
    - Environmental Enforcement Training.
    - Basic and refresher health and safety related classes, including Hazardous Waste Operations and Emergency Response (HAZWOPER).
    - Hauler Training.
    - Specific training approved in the Budget Document or that are pre-approved in writing by the Grant Manager.
    - E-manifest Training.
5. When multiple sessions of a training event are scheduled, grantees must attend the session closest to their location. Exceptions must be justified and pre-approved by the Grant Manager.
6. If attending an event with multiple subjects of which only part is related/beneficial to waste tire enforcement, the portion of the training and travel costs charged to the TEA grant must be proportional to the class time devoted to waste tire enforcement.

Transportation
Transportation Costs are limited to 10 percent of the total approved budget. Eligible transportation costs **are those which are necessary** to perform TEA Grant activities in the approved budget.

[1] Grantee must send at least one inspector to each of these events.

Any activities/costs not specifically listed below must be pre-approved in writing by the Grant Manager to be reimbursable. The following activities/costs are eligible:

- **Use of grantee-owned or personal vehicles (mileage)**. Grantees may claim vehicle usage costs based upon actual mileage of the grantee or the state mileage rate, whichever is less.
- **Travel and Travel Expenses**. All travel costs must be in accordance with the California State Travel policies (http://www.calhr.ca.gov/employees/Pages/travel-reimbursements.aspx). Reimbursable mileage and other travel expenses (per diem) may not exceed the state rates as set forth in the State Administrative Manual. Documentation submitted for travel reimbursement must include departure and return times and dates.

Indirect Costs

Indirect costs are limited to 20 percent of the total direct costs in the approved budget. Grantees shall allocate Indirect Costs according to the jurisdiction's Cost Allocation Plan (CAP) methodology submitted with the application and must adhere to Generally Accepted Accounting Principles (GAAP).

Budgeting for Indirect Costs:
Multiply the total of all direct charges by 20 percent to find the maximum indirect cost allocation allowed.

How to charge Indirect Costs:
Indirect costs are not limited to 20 percent of an invoice. A grantee may charge the agency's full indirect cost rate, but only until the approved Indirect Cost line-item allocation is exhausted.

Ineligible Costs

Any costs not specifically included in the approved Budget and not directly related to the Local Government Waste Tire Enforcement (TEA) Grant Program and the approved grant project are ineligible for reimbursement. The grantee should contact the Grant Manager if clarification is needed. Ineligible costs include, but are not limited to:

- Costs incurred prior to June 30, 2026 or after September 30, 2027.
- Personnel costs charged as a flat rate for grant activity. Only actual personnel hours may be reimbursed and must be backed up by timesheets or other time accounting practices.
- Performance costs incurred outside the Performance Period, prior to June 30, 2026 or after June 29, 2027.
- Reporting Costs incurred after September 30, 2027.
- Costs that exceed the percentage cap of a capped category.
- Printing materials for education other than the CalRecycle brochures.
- Unapproved training costs.
- Food (except for meals when travelling to approved training according to State per diem rates and restrictions).
- Out of state travel.
- Ineligible inspection activities include inspections of the following: (except as otherwise pre-approved in writing or requested by the CalRecycle Inspector Liaison.) If you find a TPID number has been included on your

work plan that you believe is ineligible based on the following or other factors, do not inspect it. Contact your CalRecycle inspector liaison first for confirmation and written approval to proceed:
    - Locations where the TPID number does not have a site (physical) address in the grantee's jurisdiction or is located at an address that is not listed in WTMS.
    - Closed TPID numbers (refers to the TPID Site Status in WTMS).
    - Unproductive Field Patrolling visits to sites on multiple dates within the same quarter or repeat visits when waste tires were not discovered.
    - Inspections of Permitted Major or Minor Waste Tire Facilities unless invited to participate with a CalRecycle Inspector.
    - Inspections of previously inspected Small Quantity Generators (SQGs) unless the TPID is pre-approved by the CalRecycle Liaison. (SQG refers to the TPID Site Role identified in the WTMS.)
    - Any other inspection expressly prohibited in this document or in the Waste Tire Enforcement Manual.
- Activity on Farm/Ranch/Dairy/Ag Sites.
- Activity on Tribal Lands.

Bids

Three bids **must** be obtained for purchases $5,000 and higher when:

- Making a single purchase from any vendor for products or services to the main agreement where the charge to the grant funds is $5,000 or higher.
    - There are multiple bona fide vendors for the service/product to be purchased.
    - At the beginning of a contract cycle, when the cost of the contract billed to the grant is $5,000 or higher. After a contract bid is accepted according to the requirements of the Grant Agreement, the contract need not be rebid until the end of the contract term is reached.
- Bids **need not** be obtained when:
    - A vendor provides a bid for services that is less than $5,000 but the actual cost of the job exceeds $5,000 due to unexpected conditions that require additional labor or materials.

Modifications

The grantee must submit any proposed revision(s) to the Work Plan and/or Budget in writing to the Grant Manager. The grantee may not incur costs or make expenditures based on the revision without first receiving the Grant Manager's written approval. Proposed revisions must be clearly marked on the Work Plan and/or Budget and must be accompanied by a summary of proposed changes or modifications, including justification for the proposed changes. If approved, the Grant Manager will upload the final revised Work Plan and/or Budget to GMS and notify the grantee. The grantee may submit proposed revisions in conjunction with a Progress Report, but they cannot be submitted as part of the Progress Report. The grantee should retain the approval document(s) for audit purposes. See the "Audit Record/Access" section of the Terms and Conditions (Exhibit A).

General budget modification guidelines:

- The grantee may not incur costs or make expenditures based on the modified budget without first receiving the Grant Manager's written approval.
- Budget modifications may not cause any budget category to exceed a category percentage cap.
- Budget modifications cannot alter the amount of the grant award.

To request a budget modification:

- Enter the Budget Modification amounts in the appropriate rows of the Budget Modification Template (see Budget Modification Template for more information).
- Submit the Budget Modification Template and your Budget Modification Request by email to your grant manager.

Your request must contain justification for the modification:

- **Justification:** Why do you need to move money, or create, or delete a line-item?

The grant manager will review and reply with approval, disapproval, or request for additional information. If approved, the Grant Manager will upload the final revised Work Plan and/or Budget to GMS and notify the grantee. Retain the approval email for audit purposes. See the "Audit Record/Access" section of the Terms and Conditions (Exhibit A).

Acknowledgements

The grantee shall acknowledge CalRecycle's support each time a project funded, in whole or in part, by this Agreement is publicized in any medium, including news media, brochures, or other types of promotional materials. The acknowledgement of CalRecycle's support must incorporate the CalRecycle logo. Initials or abbreviations for CalRecycle shall not be used. The Grant Manager may approve deviation from this requirement on a case-by-case basis where such deviation is consistent with CalRecycle's Communication Strategy and Outreach Plan. Contact your Grant Manager for the CalRecycle logo.

Reporting Requirements

The Grant Agreement requires a Progress Report and a Final Report; however, the Grant Manager may require additional Progress Reports at any time during the Grant Term. Failure to submit the Final Report with appropriate documentation by the due date may result in rejection of the Payment Request and/or forfeiture by the grantee of claims for costs incurred that might otherwise have been eligible for grant funding.

The grantee must upload all reports in GMS. For further instructions regarding GMS, including login directions, see the "Grants Management System" section (above).
To upload a report:

1. Go to the **Reports** tab.
2. Click on the appropriate Report Type.
3. Click on the **Add Document** button.

4. Choose the Document Type, enter a document title, click the **Browse** button to search and upload the document, and then **Save**.
    - Select the **Back** button to upload another document and continue the process until all required documents as listed below are uploaded.
    - The maximum allowable file size for each document is 35MB.
5. Click the **Submit Report** button to complete your report submittal. The **Submit Report** button will not be enabled until all required reporting documents are uploaded.

Grant Managers will only approve reports with current information that include all required sections and documents. Grant Managers will only process Payment Requests after report approval.

Failure to comply with the specified reporting requirements may be considered a breach of the Grant Agreement and may result in the termination of the Grant Agreement, rejection of the Payment Request, and/or forfeiture by the grantee of claims for costs incurred that might otherwise have been eligible for grant funding. The grantee must report any problems or delays immediately to the Grant Manager.

Electronic Signatures and Original Signatures

CalRecycle requires a certified e-Signature or original wet signature on documents or forms that certify legally binding information.

Note: E-signatures must include the first and last name of the Signature Authority, be in the Adobe Digital ID format (or through another certified digital signature program) and cannot be completed using the "Fill and Sign" function within Adobe. Any document using the "Fill and Sign" method is considered incomplete and may be sent back to the grantee.

If you have questions, email grantassistance@calrecycle.ca.gov.

Progress Report

The grantee must submit a **Progress Report** by the due dates listed in the Milestones Section of this document. The Progress Report should cover grant activities that occurred **from June 30, 2026** through **December 31, 2026**.

The report should include the following:

- The Grant Number, grantee's name, and Grant Term.
- The following disclaimer statement on the cover page:
  "The statements and conclusions of this report are those of the grantee and not necessarily those of the Department of Resources Recycling and Recovery (CalRecycle), its employees, or the State of California. The state makes no warranty, express or implied, and assumes no liability for the information contained in the succeeding text."
- Midyear Cover Sheet is to be signed by an Authorized Signatory—either print, sign and scan, or export the cover sheet to a PDF and sign electronically.

Final Report

The Final Report is due **September 30, 2027**. This report should cover grant activities for the Performance Period **January 1, 2027** through **June 29, 2027**. The grantee must include the following items in the Final Report:

- The Grant Number, grantee's name, and Grant Term.
- The following disclaimer statement on the cover page:
  "The statements and conclusions of this report are those of the grantee and not necessarily those of the Department of Resources Recycling and Recovery (CalRecycle), its employees, or the State of California. The state makes no warranty, express or implied, and assumes no liability for the information contained in the succeeding text."
- Final Cover Sheet is to be signed by an Authorized Signatory – Either print, sign and scan, or export the cover sheet to a pdf and sign electronically.

Grant Payment Information

- Payment to the grantee for eligible grant expenses is made on a reimbursement basis only, and only for those materials and services specified in the approved grant application.
- The grantee may request reimbursement only twice during the Grant Term. In conjunction with (or after) submission of the Progress Report and in conjunction with the Final Report.
- The grantee must submit the required Progress Report/Final Report prior to, or concurrent with, submission of the Grant Payment Request. No reimbursement is made prior to Grant Manager approval of the report.
- The grantee must submit a completed Grant Payment Request and provide supporting documentation as described in the "Payment Request and Documentation" section for completed project(s) only.
- CalRecycle will make grant payments to only the grantee. It is the grantee's responsibility to pay all contractors and subcontractors for purchased goods and services.
- CalRecycle will withhold and retain 10 percent of each approved Grant Payment Request amount until all conditions stipulated in the Agreement, including submission and Grant Manager approval of the Progress and Final Reports have been satisfied.
- CalRecycle will make payments to the grantee as promptly as fiscal procedures permit. The grantee can typically expect payment approximately 45 days from the date the grantee submits a complete Grant Payment Request.
- The grantee must provide a Reliable Contractor Declaration form (CalRecycle 168) (https://www2.calrecycle.ca.gov/Docs/Web/127824) signed under penalty of perjury by the grantee's contractors and subcontractors in accordance with the "Reliable Contractor Declaration" section of the Terms and Conditions (Exhibit A). The declaration must be received and approved by the Grant Manager prior to commencement of work. See the "Reliable Contractor Declaration" section in Terms and Conditions (Exhibit A) for more information.

Payment Request and Documentation

Failure to submit the final Payment Request with appropriate documentation by the due date may result in rejection of the Payment Request and/or forfeiture by the grantee of claims for costs incurred that might otherwise have been eligible for grant funding.

The grantee must submit payment requests in GMS. For further instructions regarding GMS, including login directions, see the "Grants Management System" section (above). To submit a Grant Payment Request:

1. Go to the **Payment Request** tab.
2. Click on the **Create a Payment Request** button.
    a. Choose **Reimburse** for the **Transaction Type** and enter the amount spent in each budget subcategory.
    b. When the transaction is complete, click the **Save** button.
    c. After the transaction is saved, the **Upload Supporting Documents** button will appear in the lower right corner.
3. Click the **Upload Supporting Documents** button.
    a. Choose the **Document Type**, enter a **document title**, click the **Browse** button to search and upload the document, and then **Save**.
    b. Select the **Back** button to upload another document and continue this process until all required supporting documents as listed below are uploaded.
    c. The maximum allowable file size for each document is 35MB.
4. Click the **Submit Transaction** button, located on the transaction page, to complete your payment request. The **Submit Transaction** button will not be enabled until all required supporting documents are uploaded.
        a. **Note:** Once a transaction is saved, select the transaction number from the **Payment Request** tab to access it again. Please do not create multiple transactions for the same requested funds.

Supporting Documentation

- **Grant Payment Request form** (CalRecycle 87)
    - A scanned copy with the signature of the signatory or his/her designee, as authorized by grantee's Resolution or Letter of Commitment, must be uploaded to GMS.
        - **Note:** A designee may sign on behalf of the grantee if a) an authorized by the Resolution or Letter of Commitment, and b) a Letter of Designation has been provided to the Grant Manager.
- **Cost and Payment Documentation**
    - Acceptable cost and payment documentation must include at least one of each of the following:
        - Invoices, receipts, or purchase orders must include the vendor's name and telephone number, address, description of goods or services purchased, amount due, and date.
    - Proof of payment may include:
        - Copy of cancelled check(s) that shows an endorsement from the banking institution.
        - Invoice(s) showing a zero balance, or stamped "paid" with a check number, date paid, and initials.

        - Accounting system report from local government if it contains the vendor name, date of invoice, invoice number, check number or internal ID, and date amount was paid.
        - Bank statement(s) along with a copy of the endorsed check or invoice showing the check number.
        - Copy of an electronic funds transfer confirmation.
        - Copy of a credit card statement(s).
    - The Grant Manager may require additional cost and payment documentation as necessary to verify eligible costs.
- **Program Specific Forms**
    - Expenditure Itemization Summary (CalRecycle 736).
        - Incorporated into the Progress Report.
    - Travel Expense Log Form (CalRecycle 246) for hotel, meals, per diem, and other expenses, hotel receipts and other receipts for conference fees, tuition, flight, etc.
    - Certificate of completion for approved non-mandatory training.
    - Mileage logs.
    - Hourly Rate Document.

All forms listed above are available on the CalRecycle Application and Grant Management Tools webpage (https://calrecycle.ca.gov/Funding/tools/).

Personnel Hours

Grantees must detail personnel hours charged to the grant by budget category on the Expenditure Itemization Summary (EIS). Grantees must maintain, and provide upon request, detailed timekeeping records of all personnel hours worked on TEA grant activities including inspection hours by TPID. This documentation must be maintained for three years after the final payment is received for auditing purposes.

For each pay period, the employee's timekeeping document must contain at minimum:

- Employee name and classification.
- Total hours worked and leave taken during the pay period.
- Hours worked/leave taken per day.
- Description of the activity/task on which the employee worked for each hour worked.

Supervision of staff conducting eligible activities constitutes a direct grant cost and is separate from Administrative activities; therefore, grantees may claim, under Inspection and Enforcement categories, any direct supervision time and costs related to that category.

Grantees may calculate an actual/loaded hourly rate for each employee that includes actual salary, wages, shift differentials, and contractual fringe benefits.

Note: Grantees are cautioned to ensure that costs included in a loaded hourly rate are not duplicated in the Indirect Costs.

Performance Evaluation

The grantee will be evaluated on effectiveness and efficiency in fulfilling the procedures and requirements outlined in this document. The Progress Report and Final Report will collect some of the data for this evaluation. Data collected will assess the quality and efficiency of work completed in all categories, particularly in Inspections, Enforcement, Education, and Field Patrolling. A Report template is provided by CalRecycle in the EIS and it is a requirement. Grantees are mandated to collect and report all required data.

All forms listed above are available from the CalRecycle Grant Forms web page (https://www.calrecycle.ca.gov/forms).

Audit Considerations

The grantee agrees to maintain records and supporting documentation pertaining to the performance of this grant subject to possible audit for a minimum of three (3) years after final payment date or Grant Term end date, whichever is later. CalRecycle may stipulate a longer period of records retention in order to complete any action and/or resolution of all issues which may arise as a result of any litigation, dispute, or audit, whichever is later.

Examples of audit documentation include, but are not limited to, competitive bids, grant amendments if any relating to the Budget or Work Plan, copies of any agreements with contractors or subcontractors if utilized, expenditure ledger, payroll register entries, time sheets, personnel expenditure summary form, travel expense log, paid warrants, contracts and change orders, samples of items and materials developed with grant funds, invoices, and cancelled checks. Please refer to the Terms and Conditions (Exhibit A) for more information.

Conditions and Certification

Condition of Application Submittal: Acceptance of Grant Agreement Provisions

In the event the Applicant is awarded a grant, the submittal of this Application constitutes acceptance of all provisions contained in the Grant Agreement, which may consist of the following:

- Executed Grant Agreement Cover Sheet and any approved amendments
- Exhibit A - Terms and Conditions
- Exhibit B - Procedures and Requirements
- Exhibit C - Application with revisions, if any, and any amendments

Environmental Justice:

In the event Applicant is awarded a grant, submittal of this Application constitutes acceptance of the following; that in the performance of the Grant Agreement, Applicant/Grantee shall conduct their programs, policies, and activities that substantially affect human health or the environment in a manner that ensures the fair treatment of people of all races, cultures, and income levels, including minority populations and low-income populations of the State. (see Govt. Code §65040.12(e) and Pub. Resources Code §71110(a))

Certification:

I declare under penalty of perjury under the laws of the State of California, that funds have been allocated for the project(s)/activities identified in the grant application and that sufficient funds are available to complete the project(s)/activities identified in the grant application, that I have read the Application Guidelines and Instructions and that all information submitted for CalRecycle's consideration for award of grant funds is true and correct to the best of my knowledge, and that on behalf of the Applicant I accept the above conditions of submittal.

RESOLUTION _____

LOCAL ENFORCEMENT AGENCY GRANTS

WHEREAS, Public Resources Code sections 40000 et seq. authorize the Department of Resources Recycling and Recovery (CalRecycle), formerly known as the California Integrated Waste Management Board, to administer various Grant Programs (grants) in furtherance of the state of California's (State) efforts to reduce, recycle and reuse solid waste generated in the State thereby preserving landfill capacity and protecting public health and safety and the environment;

NOW, THEREFORE, BE IT RESOLVED that the Tehama County Board of Supervisors authorizes the submittal of application to CalRecycle for Waste Tire Enforcement Grant.

BE IT FURTHER RESOLVED that the Director of Environmental Health is hereby authorized and empowered to execute in the name of Tehama County all grant documents, including but not limited to, applications, agreements, amendments and requests for payment, necessary to secure grant funds and implement and carry out the purposes specified in the grant application subject to confirmation of the Board of Supervisors.

BE IT FURTHER RESOLVED that these authorizations are effective for the fiscal year 2025-26.

The foregoing resolution was offered on a motion by Supervisor _____, second by Supervisor _____ and adopted by the following vote of the board.

PUBLIC WORKS

Requested Action(s)
a) AGREEMENT - Request approval and authorization for the Interim Public Works Director to sign Amendment No. 1 for Utility Agreement No. UA 21.003 PG, with Pacific Gas & Electric (PG&E) Company (Misc. Agreement 2021-274) for the Evergreen Road Bridge Replacement Project, increasing the compensation amount by $35,749.97, totaling $70,078.09, for relocation of utilities within the project area

Financial Impact:
The project is funded through the Federal Highway Bridge Program (HBP), additional funding is being requested to cover the costs. This does not impact the General Fund.

Background Information:
The Board approved the original Utility Agreement UA 21.003 PG (Misc. Agreement 2021-274) with PG&E for costs to remove and relocate a total of eight (8) utility poles, for the Evergreen Road at South Fork Cottonwood Creek Bridge Replacement Project, at the October 26, 2021 board meeting, in which the County was responsible for the Pro-Rata share of costs for relocating one (1) utility pole.

The original agreement costs were based on the PG&E cost liability letter dated September 9, 2021, in which the County Pro-Rata share was estimated to be in the amount of $34,328.12. This amount was based on a preliminary estimate by PG&E to perform the work.

Utility Agreement UA 21.003 PG (Misc. Agreement 2021-274) states in Section IV “Payment for Work”, the Local Agency shall pay its share of the Actual and Necessary cost of the herein described work within 90 days after receipt of Owner’s itemized bill….compiled on the basis of the actual and necessary cost and expense incurred and charged or allocated to said work in accordance with the uniform system of accounts prescribed for Owner by the California Public Utilities Commission (PUC), Federal Energy Regulatory Commission (FERC) or Federal Communications Commission (FCC), whichever is applicable. This section also states that “in the event the final bill exceeds 125% of the estimated cost of this agreement, an amended Agreement shall be execute by the parties to this agreement prior to the payment of the Owners final bill.”

The actual costs incurred by PG&E for the relocation work are outlined in the itemized invoice dated October 22, 2024, in which the County is responsible for the Pro-Rata share of one (1) of the eight (8) poles. Utility Agreement UA 21.003 PG stated that the estimated cost of the County’s share of the facility relocation would be $34,328.12. As noted in the itemized invoice, the actual cost of the County’s share is $70,078.09.
The Major contributing factors to the overrun of costs are:

- Contract Cost estimated at $5,078.00 vs Actual Cost is $43,110.77

- Labor Cost estimated at $96,086.00 vs Actual Cost is $166,461.09
- Labor Overhead Cost estimated at $171,274.00 vs Actual Cost is $368,083.30
- Materials Cost estimated at $81,217.00 vs Actual Cost is $58,298.99

This Amendment to Utility Agreement UA 21.003 PG is based on the actual costs to perform the work, as outlined in PG&E's cost over-run letter dated October 23, 2024, for the total amount of $70,078.09.

FIRST AMENDMENT TO UTILITY AGREEMENT NO. UA-21.003 PG; LOCAL AGENCY MISC. AGREEMENT #2021-274

WHEREAS, the County of Tehama, acting by and through its Department of Public Works, hereinafter call "LOCAL AGENCY" and Pacific Gas & Electric Company, hereinafter called "OWNER," have entered into that certain Utility Agreement No. UA-21.003 PG, also known as Misc. Agreement #2021-274, dated November 19, 2021, which Agreement sets forth the terms and conditions pursuant to which OWNER has relocated overhead electric facilities according to the attached Bowman/Evergreen Road Project Map "PM35032234" consisting of two sheets dated 6/1/2021, to accommodate the LOCAL AGENCY'S bridge replacement project on Evergreen Road, Project No. 316581; and,

WHEREAS, in the performance of said work, increased costs over and above those estimated at the time of the execution of said Agreement were incurred due to the fact that the job was estimated in 2021, along with increases in labor costs, including overtime, flagging, and unaccounted and unanticipated costs for engineering, environmental, and field services; and,

WHEREAS, it has been determined that, final costs have overrun the amount shown in said Agreement by 204% and when the increased costs exceed by 25% the estimated amount set forth in said Agreement, said Agreement shall be amended to show the increased cost of the work to the LOCAL AGENCY; and,

WHEREAS, the estimated cost to the LOCAL AGENCY of the work to be performed under said Agreement was $34,328.12, and by reason of the increased costs referred to above, the amended total estimated cost to the LOCAL AGENCY is $70,078.09.

NOW, THEREFORE, it is agreed between the parties as follows:

1. The estimated cost to the LOCAL AGENCY of $34,328.12 as set forth in said Agreement is hereby amended to read $70,078.09.

2. All other terms and conditions of said Agreement remain unchanged.

IN WITNESS WEREOF, the parties hereto have executed this First Amendment to Utility Agreement No. UA-21.003 PG, this _____day of _____2025.

COST LIABILITY LETTER FOR THE EVERGREEN RELOCATION PROJECT PM# 35032234

RE: Cost Liability Letter, PG&E's Project No. PM# 35032234

Dear Mrs. Oliver:

Attached are 3 prints of PG&E's Plan No. PM 35032234, consisting of 2 sheets, showing the proposed relocation of PG&E's electric distribution facilities to accommodate the above-referenced project.

We have reviewed the plans as to the division of costs and the relocation of one (1) pole as shown upon our plans should be at 100% Agency expense pursuant to the easements granted to Pacific Gas and Electric Company from California Lands, Inc, dated December 21, 1939 (LD# 2429-04-0100) and R.W. Adams and Nellie M. Adams dated October 25, 1939. The relocation of seven (7) electric distribution poles as shown upon our plans should be at 100% PG&E expense as they were installed pursuant to the franchise agreement.

The cost for this work should be at 12.5% Agency expense and at 87.5% PG&E expense. We arrived at this proration by the following method:

AGENCY'S LIABILITY AS A PERCENTAGE

1 pole at 100% Agency expense ÷ total 8 poles = 12.5% of work at Agency expense

The total estimated cost to perform this work for PM# 35032234 is currently $360,241, less Joint Utility Credits ($22,168), salvage and depreciation ($42,730) and betterment ($20,718), totaling $274,625 of which the Agency's share of the work is 12.5% or $34,328.12.

Please review the enclosed information and if satisfactory, please issue your Notice to Owner, Encroachment Permit, and Utility Agreement in the amount of $34,328.12. A Joint Use Agreement will be required for this project.

Sincerely,

Jason Thomas

Original Amount

MATERIALS AND LABOR SUMMARY SHEET

PG&E Direct Cost	$ 96,086
Overheads & Material Burden	$252,491
Install Revolving Stock	$ 11,664
Gross Financial Cost Subtotal	$360,241
Joint Utility Credits	$ -22,168
Betterment	$ -20,718
Salvage & Depreciation	$ -42,730
	$274,625
Agency's liability	x 0.125
Estimated Subtotal Cost	$34,328.12

AGENCY'S LIABILITY $360,241 - $22,168 - $20,718 - $42,730 = $274,625 x 0.125 = $34,328.12

RE: PG&E Facility Relocation Cottonwood Creek Bridge in Tehama County
PG&E's Electric Distribution Job No. PM 35032234

Dear Ms. Oliver:

The attached itemized invoice covers the actual cost incurred by the electric facility relocation work required to accommodate the subject County project construction.

Utility Agreement No. UA 21-003 PG stated that the estimated cost of the electric relocation would be $274,625 with the County's share at 12.5% or $34,328.12. As noted on the attached invoice, the actual cost of the electric relocation after standard credits is $560,624.74 with the County's share being $70,078.09.

Major Contributing factors to the overrun are:

- Contract cost estimated at $5,078.00/ actual cost is $43,110.77.
- Labor cost estimated at $96,086.00/ actual cost is $166,461.09.
- Labor Overheads cost estimated at $171,274.00/ actual cost is $368,083.30.

Note: Material cost estimated at $81,217.00/ actual cost is $58,298.99.

Please prepare and forward an Amendment to Utility Agreement No. UA 21-003 PG reflecting the true cost of the electric relocation for our approval and execution.

Please mail your check in the amount of $70,078.09 to:

UTILITY AGREEMENT

Tehama County
Department of Public Works
9380 San Benito Avenue
Gerber, CA 96035

County	Route	P.M.	Project #
TEHAMA	County Route No. 165	N/A	EA:02-453964L
Fed. Aid. No. BRLOZB-5908(025)			
Owner's File: PM 35032234			
FEDERAL PARTICIPATION: On the Project: Yes/No **On the Utilities: Yes/No**			

UTILITY AGREEMENT NO. UA 21-003 PG

The County of Tehama hereinafter called "LOCAL AGENCY" proposes to replace the South Fork Cottonwood Creek Bridge at Evergreen Road (Bridge No. 08C-0000) located north of Red Bluff, Tehama County, California, and Pacific Gas & Electric Company hereinafter called "OWNER," owns and maintains the overhead electric facilities; within the limits of LOCAL AGENCY's project that requires relocation of said facilities to accommodate LOCAL AGENCY's project.

It is hereby mutually agreed that:

I. WORK TO BE DONE:

In accordance with Notice to Owner No. PGE-01-2021 dated October 18, 2021, OWNER shall relocate electric facilities. All work shall be performed substantially in accordance with OWNER's Plan No. PM 35032234, dated September 9, 2021, consisting of 2 sheets, a copy of which is on file in the Office of the LOCAL AGENCY at 9380 San Benito Avenue, Gerber, CA 96035. Deviations from the OWNER's plan described above initiated by either the LOCAL AGENCY or the OWNER, shall be agreed upon by both parties hereto under a Revised Notice to Owner. Such Revised Notices to Owner, approved by the LOCAL AGENCY and agreed to/acknowledged by the OWNER, will constitute an approved revision of the OWNER's plan described above and are hereby made a part hereof. No work under said deviation shall commence prior to written execution by the OWNER of the Revised Notice to Owner. Changes in the scope of the work will require an amendment to this Agreement in addition to the revised Notice to Owner.

II. LIABILITY FOR WORK

The existing facilities described in Section I above will be relocated at 12.5% LOCAL AGENCY's expense and 87.5% OWNER's expense in accordance with the following proration: The agreed upon OWNER's plan consists of eight (8) poles which are involved in the relocation work with one (1) pole on existing PG&E easement with prior rights (1pole at 100% LOCAL AGENCY Expense divided by total 8

poles = 12.5% of work at LOCAL AGENCY expense).

III. PERFORMANCE OF WORK

OWNER agrees to perform the herein-described work with its own forces or to cause the herein described work to be performed by the OWNER's contractor, employed by written contract on a continuing basis to perform work of this type, and to provide and furnish all necessary labor, materials, tools, and equipment required therefore; and to prosecute said work diligently to completion.

Use of personnel requiring lodging and meal "per diem" expenses will not be allowed without prior written authorization by LOCAL AGENCY's representative. Requests for such authorization must be contained in OWNER's estimate of actual and necessary relocation costs. OWNER shall include an explanation why local employee or contract labor is not considered adequate for the relocation work proposed. Per Diem expenses shall not exceed the per diem expense amounts allowed under the California Department of Human Resources travel expense guidelines.

Work performed by OWNER's contractor is a public work under the definition of Labor Code Section 1720(a) and is therefore subject to prevailing wage requirements; but work performed directly by Owner's employees falls within the exception of Labor Code Section 1720(a)(1) and does not constitute a public work under Section 1720(a)(2) and is not subject to prevailing wages. OWNER shall verify compliance with this requirement in the administration of its contracts referenced above.

IV. PAYMENT FOR WORK

The LOCAL AGENCY shall pay its share of the actual and necessary cost of the herein described work within 90 days after receipt of OWNER's itemized bill in quintuplicate, signed by a responsible official of OWNER's organization and prepared on OWNER's letterhead, compiled on the basis of the actual and necessary cost and expense incurred and charged or allocated to said work in accordance with the unform system of accounts prescribed for OWNER by the California Public Utilities Commission (PUC), Federal Energy Regulatory Commission (FERC) or Federal Communications Commission (FCC), whichever is applicable.

It is understood and agreed that the LOCAL AGENCY will not pay for any betterment or increase in capacity of OWNER's facilities in the new location and that OWNER shall give credit to the LOCAL AGENCY for all accrued depreciation of the replaced facilities and for the salvage value of any material or parts salvaged and retained or sold by OWNER.

Not more than once a month, but at least quarterly, OWNER will prepare and submit itemized progress bills for costs incurred not to exceed OWNER's recorded costs as of the billing date less estimated credits applicable to completed work. Payment of progress bills not to exceed the amount of this Agreement may be made under the terms of this Agreement. Payment of the progress bills which exceed the amount of this Agreement may be made after receipt and approval by LOCAL AGENCY of documentation supporting the cost increase and after an Amendment has been executed by the parties to this Agreement.

The OWNER shall submit a final bill to the LOCAL AGENCY within 180 days after the completion of the work described in Section I above. If the LOCAL AGENCY has not received a final bill within 180 days after notification of completion of OWNER's work described in Section I of this Agreement, and LOCAL AGENCY has delivered to OWNER fully executed Director's Deeds, Consents to Common Use

or Joint Use Agreements as required for OWNER's facilities; LOCAL AGENCY will provide written notification to OWNER of its intent to close its file within 30 days. OWNER hereby acknowledges, to the extent allowed by law that all remaining costs will be deemed to have been abandoned.

The final billing shall be in the form of an itemized statement of the total costs charged to the project, less the credits provided for in the Agreement, and less any amounts covered by progress billings. However, the LOCAL AGENCY shall not pay final bills, which exceed the estimated cost of this Agreement without documentation of the reason for the increase of said cost from OWNER and approval of documentation by LOCAL AGENCY. Except, if the final bill exceeds the OWNER's estimated costs solely as the result of a revised Notice to Owner as provided for in Section I, a copy of said revised Notice to Owner shall suffice as documentation.

In any event if the final bill exceeds 125% of the estimated cost of this Agreement, an amended Agreement shall be executed by the parties to this Agreement prior to the payment of the OWNERS final bill. Any and all increases in costs that are the direct result of deviations from the work described in Section I of this Agreement shall have the prior concurrence of LOCAL AGENCY.

Detailed record from which the billing is compiled shall be retained by the OWNER for a period of three years from the date of the final payment and will be available for audit in accordance with Contract Cost Principals and Procedures as set forth in 48 CFR, Chapter 1, Subpart E, Part 31 by LOCAL AGENCY and/or Federal Auditors. In performing work under this Agreement, OWNER agrees to comply with the Uniform System of Accounts for Public Utilities found at 18 CFR, Parts 101, 102, et al., to the extent they are applicable to OWNER doing work on the project that is the subject of this agreement, the contract cost principles and procedures as set forth in 48 CFR, Chapter 1, Part 31, et seq., 23 CFR, Chapter 1, Part 645 and 2 CFR, Part 200, et al. If a subsequent State and/or Federal audit determines payments to be unallowable, OWNER agrees to reimburse AGENCY upon receipt of AGENCY billing. If OWNER is subject to repayment due to failure by Local Public Agency (LPA) to comply with applicable laws, regulations, and ordinances, the LPA will ensure that OWNER is compensated for actual cost in performing work under this agreement.

V. GENERAL CONDITIONS

All costs accrued by OWNER as a result of LOCAL AGENCY's request of April 25, 2016 to review, study and/or prepare relocation plans and estimates for the project associated with this Agreement may be billed pursuant to the terms and conditions of this Agreement.

If LOCAL AGENCY's project which precipitated this Agreement is canceled or modified so as to eliminate the necessity of work by OWNER, LOCAL AGENCY will notify OWNER in writing, and LOCAL AGENCY reserves the right to terminate this Agreement by Amendment. The Amendment shall provide mutually acceptable terms and conditions for terminating the Agreement.

All obligations of LPA under the terms of this Agreement are subject to the acceptance of the Agreement by LPA Board of Directors or the Delegated Authority (as applicable), the passage of the annual Budget Act by the State Legislature, and the allocation of those funds by the California Transportation Commission.

OWNER shall submit a Notice of Completion to the LOCAL AGENCY within 30 days of the completion of the work described herein.

Where OWNER has prior rights in areas which will be within the highway right of way and where OWNER's facilities will remain on or be relocated on LOCAL AGENCY highway right of way, a Joint Use Agreement or Consent to Common Use Agreement shall be executed by the parties.

It is understood that said highway is a Federal aid highway and accordingly, 23 CFR, Chapter 1, Part 645 is hereby incorporated into this Agreement.

In addition, the provisions of 23 CFR 635.410, BA, are also incorporated into this agreement. The BA requirements are further specified in Moving Ahead for Progress in the 21st Century (MAP-21), section 1518; 23 CFR 635.410 requires that all manufacturing processes have occurred in the United States for steel and iron products (including the application of coatings) installed on a project receiving funding from the FHWA.

Owner understands and acknowledges that this project is subject to the requirements of the BA law (23 U.S.C., Section 313) and applicable regulations, including 23 CFR 635.410 and FHWA guidance and will demonstrate BA compliance by collecting written certification(s) from the vendor(s) or by collecting written certification(s) from the manufacturer(s) (the mill test report (MTR).

All documents obtained to demonstrate BA compliance will be held by the OWNER for a period of three (3) years from the date the final payment was received by the OWNER and will be made available to STATE or FHWA upon request.

One set of copies of all documents obtained to demonstrate BA compliance will be attached to, and submitted with, the final invoice.

This does not include products for which waivers have been granted under 23 CFR 635.410 or other applicable provisions or excluded material cited in the Department's guidelines for the implementation of Buy America requirements for utility relocations issued on December 3, 2013.

LOCAL AGENCY further acknowledges that OWNER, in complying with the Buy America Rule, is expressly relying upon the instructions and guidance (collectively, "Guidance") issued by LOCAL AGENCY and its representatives concerning the Buy America Rule requirements for utility relocations within the State of California. Not withstanding any provision herein to the contrary, OWNER shall not be deemed in breach of this Agreement for any violations of the Buy America Rule if OWNER's actions are in compliance with the Guidance.

COST LIABILITY LETTER FOR THE EVERGREEN RELOCATION PROJECT PM# 35032234

RE: Cost Liability Letter, PG&E's Project No. PM# 35032234

Dear Mrs. Oliver:

Attached are 3 prints of PG&E's Plan No. PM 35032234, consisting of 2 sheets, showing the proposed relocation of PG&E's electric distribution facilities to accommodate the above-referenced project.

We have reviewed the plans as to the division of costs and the relocation of one (1) pole as shown upon our plans should be at 100% Agency expense pursuant to the easements granted to Pacific Gas and Electric Company from California Lands, Inc, dated December 21, 1939 (LD# 2429-04-0100) and R.W. Adams and Nellie M. Adams dated October 25, 1939. The relocation of seven (7) electric distribution poles as shown upon our plans should be at 100% PG&E expense as they were installed pursuant to the franchise agreement.

The cost for this work should be at 12.5% Agency expense and at 87.5% PG&E expense. We arrived at this proration by the following method:

AGENCY'S LIABILITY AS A PERCENTAGE

1 pole at 100% Agency expense ÷ total 8 poles = 12.5% of work at Agency expense

The total estimated cost to perform this work for PM# 35032234 is currently $360,241, less Joint Utility Credits ($22,168), salvage and depreciation ($42,730) and betterment ($20,718), totaling $274,625 of which the Agency's share of the work is 12.5% or $34,328.12.

Please review the enclosed information and if satisfactory, please issue your Notice to Owner, Encroachment Permit, and Utility Agreement in the amount of $34,328.12. A Joint Use Agreement will be required for this project.

Sincerely,

Jason Thomas

MATERIALS AND LABOR SUMMARY SHEET

PG&E Direct Cost	$ 96,086
Overheads & Material Burden	$252,491
Install Revolving Stock	$ 11,664
Gross Financial Cost Subtotal	$360,241
Joint Utility Credits	$ -22,168
Betterment	$ -20,718
Salvage & Depreciation	$ -42,730
	$274,625
Agency's liability	x 0.125
Estimated Subtotal Cost	$34,328.12

AGENCY'S LIABILITY $360,241 - $22,168 - $20,718 - $42,730 = $274,625 x 0.125 = $34,328.12

FIRE

Requested Action(s)
a) AGREEMENT / RESOLUTION - Request approval and authorization for the Fire Chief to sign and execute Grant Agreement #7FG25116, and adoption of a Resolution signed by the Chair and a member of the Board, with the Department of Forestry and Fire Protection relative to disbursement of Volunteer Fire Capacity funds for the purchase of PPE with the maximum amount not to exceed $20,000, effective upon the last signatory date and shall terminate 8/31/26

Financial Impact:
This grant requires a 50/50 match. Grant provides funding of $20,000 with an additional $21,454.00 from budget unit 2042, account 2042-5110.

Background Information:
Previously known as the Volunteer Fire Assistance Grant and the Rural Fire Capacity Grant, the Fire Department has been receiving this grant for 20+ years.

The Board gave their approval to apply for the Grant on May 20, 2025. Grant funds were awarded late in the year, so the Grant period has been extended through 8/31/2026 as indicated in the Resolution.

Grant award will help fund the purchase of fire protection gear for the Tehama County Volunteers, including structure jackets and pants.

State of California
Department of Forestry and Fire Protection (CAL FIRE)
Cooperative Fire Protection
GRANT AGREEMENT

APPLICANT: TEHAMA COUNTY FIRE DEPARTMENT

PROJECT TITLE: **Volunteer Fire Capacity**

GRANT AGREEMENT: **7FG25116**

PROJECT PERFORMANCE PERIOD is from date upon approval through August 31, 2026.
Under the terms and conditions of this Grant Agreement, the applicant agrees to complete the project as described in the project description, and the State of California, acting through the Department of Forestry & Fire Protection, agrees to fund the project up to the total state grant amount indicated.

PROJECT DESCRIPTION: Cost-share funds awarded to provide assistance to rural areas in upgrading their capability to organize, train, and equip local forces for fire protection.

Total State Grant not to exceed **$20,000.00** (or project costs, whichever is less).

The Special and General Provisions attached are made a part of and incorporated into this Grant Agreement.

Agreement for the Volunteer Fire Capacity Program of the
Cooperative Forestry Assistance Act of 1978

THIS AGREEMENT, made and entered between the STATE of California, acting through the Director of the Department of Forestry and Fire Protection hereinafter called "STATE", and ____TEHAMA COUNTY FIRE DEPARTMENT_____ hereinafter called "LOCAL AGENCY", covenants as follows:

RECITALS:

1. STATE has been approved as a passthrough agent of the United States Department of Agriculture, (USDA), Forest Service for the purpose of administering the Volunteer Fire Capacity program in California, hereinafter referred to as VFC, authorized by the Cooperative Forestry Assistance Act (CFAA) of 1978 (PL 95-313, 92 Stat 365, 16 U.S.C. 2106), as amended.

2. This is a subaward under the FY2025 State of California Volunteer Fire Capacity Projects Grant #25-DG-11052012-154 awarded to STATE by the Forest Service on September 20, 2025. The Federal Assistance Listing for the award is 10.698, Cooperative Fire Program. This subaward is funded solely with Federal funds and is subject to the Office of Management and Budget (OMB) guidance in subparts A through F of 2 CFR Part 200, as adopted and supplemented by the USDA in 2 CFR Part 400, and under certain terms and conditions to LOCAL AGENCY to assist LOCAL AGENCY to upgrade its fire protection capability.

3. LOCAL AGENCY desires to participate in said VFC and agrees to the terms and conditions specified in the Procedural Guide for Volunteer Fire Capacity Program 2025.

NOW THEREFORE, it is mutually agreed between the parties as follows:

4. **APPROVAL: This Agreement is of no force or effect until signed by both parties and approved by the Department of General Services, if required. LOCAL AGENCY may not commence performance until such approval has been obtained.**

5. **INCORPORATION: The Procedural Guide for Volunteer Fire Capacity Program 2025, submitted Application for Funding and associated Grant Assurances are hereby incorporated by reference as part of the Grant Agreement.**

6. **TIMELINESS: Time is of the essence in this Agreement.**

7. **FORFEITURE OF AWARD: LOCAL AGENCY must return this Agreement and required resolution properly signed and executed to STATE at the email address specified in paragraph 12, with a timestamp no later than January 31, 2026 or LOCAL AGENCY will forfeit the funds.**

8. GRANT AND BUDGET CONTIGENCY CLAUSE: It is mutually understood between the parties that this **Agreement** may have been written for the mutual benefit of both parties before ascertaining the availability of congressional appropriation of funds, to avoid program and fiscal delays that would occur if the **Agreement** were executed after that determination was made.

This **Agreement** is valid and enforceable only if sufficient funds are made available to the STATE by the United States Government for the **State Fiscal Year 2025** for the purpose of this program. In addition, this **Agreement** is subject to any additional restrictions, limitations, or conditions enacted by the Congress or to any statute enacted by the Congress that may affect the provisions, terms, or funding of this **Agreement** in any manner.

The parties mutually agree that if the Congress does not appropriate sufficient funds for the program, this **Agreement** shall be amended to reflect any reduction in funds.

The STATE has the option to invalidate the **Agreement** under the 30-day cancellation clause or to amend the **Agreement** to reflect any reduction in funds.

9. REIMBURSEMENT: STATE will reimburse LOCAL AGENCY, from funds made available to STATE by the Federal Government, an amount not to exceed **$20,000.00** on a 50/50 matching funds basis, for the performance of specific projects and/or purchase of specific items identified in Proposed Project, Application for Funding, attached hereto. **Reimbursement will be only for those projects accomplished and/or items purchased between THE LAST SIGNATORY DATE ON PAGE 1 and AUGUST 31, 2026.** This sum is the sole and maximum payment that STATE will make pursuant to this Agreement. **LOCAL AGENCY must bill STATE at the e-mail address specified in paragraph 12, with a timestamp no later than NOVEMBER 1, 2026 in order to receive the funds.** The bill submitted by LOCAL AGENCY must clearly delineate the projects performed and/or items purchased. A vendor's invoice and proof of payment to vendor(s) must be included for items purchased.

10. LIMITATIONS: LOCAL AGENCY shall notify STATE prior to purchase of any Equipment as defined under 2 CFR 200.1 "Equipment." Expenditure of the funds distributed by STATE herein is subject to the same limitations as placed by the VFC, upon expenditure of United States Government Funds. Pursuant to 2 CFR 200.313 Equipment, subject to the obligations and conditions set forth in that section; title to any equipment and supplies acquired under this **Agreement** vests with the LOCAL AGENCY. For any equipment items over $10,000, the federal government may retain a vested interest in accordance with paragraph 17 below.

11. MATCHING FUNDS: Any and all funds paid to LOCAL AGENCY under the terms of this **Agreement**, hereinafter referred to as "VFC Funds", shall be matched by LOCAL AGENCY on a dollar-for-dollar basis, for each project listed on attachment(s) hereto identified as "Proposed Project". No amount of unpaid "contributed" or "volunteer" labor or services shall be used or consigned in calculating the matching amount "actually spent" by LOCAL AGENCY.

LOCAL AGENCY shall not use VFC Funds as matching funds for other federal grants, including Department of Interior (USDI) Rural Fire Assistance grants, nor use funds from other federal grants, including USDI Rural Fire Assistance grants, as matching funds for VFC Funds.

12. ADDRESSES: The mailing addresses of the parties hereto under the terms of the Agreement are:

LOCAL AGENCY:
TEHAMA COUNTY FIRE DEPARTMENT
604 ANTELOPE BLVD.
RED BLUFF, CA 96080
Attention: Laurianne Griffin
Telephone Number(s): (530) 528-5118
E-mail Laurianne.Griffin@fire.ca.gov

STATE:
Department of Forestry and Fire Protection
Grants Management Unit, Attn: VFC
P. O. Box 944246
Sacramento, California 94244-2460
E-MAIL: CALFIRE.GRANTS@fire.ca.gov

13. PURPOSE: Any project to be funded hereunder must be intended to specifically assist LOCAL AGENCY to organize, train, and/or equip local firefighting forces in the aforementioned rural area and community to prevent or suppress fires which threaten life, resources, and/or improvements within the area of operation of LOCAL AGENCY. Project funds are not to be used for research and development.

14. COMBINING: In the event funds are paid for two or more separate, but closely related projects, the 50/50 cost-sharing formula will be applied to the total cost of such combined projects.

15. OVERRUNS: In the event that the total cost of a funded project exceeds the estimate of costs upon which this Agreement is made, LOCAL AGENCY may request additional funds to cover the **Agreement** share of the amount exceeded. However, there is no assurance that any such funds are, or may be, available for reimbursement. Any increase in funding will require an amendment.

16. UNDERRUNS: In the event that the total cost of a funded project is less than the estimate of costs upon which this **Agreement** is made, LOCAL AGENCY may request that additional eligible projects/items be approved by STATE for **Agreement** funding. However, there is no assurance that any such approval will be funded. Approval of additional projects/items, not listed on the Proposed Project application, made by STATE, will be in writing and will require an amendment.

17. FEDERAL INTEREST IN EQUIPMENT: Items of equipment with a current fair market value in excess of $10,000 (per-unit) may be retained or sold by LOCAL AGENCY once it is no longer needed for the original project, program, or for other activities supported by the awarding Federal agency. However, the Federal agency is entitled to an amount calculated by multiplying the percentage of the Federal agency's contribution towards the original purchase by the current market value or proceeds from the sale. If the equipment is sold, the STATE may permit the LOCAL AGENCY to retain, from the Federal share, $1,000 of the proceeds to cover expenses associated with the selling and handling of the equipment. LOCAL AGENCY will notify STATE of the disposal of such items.

18. EQUIPMENT INVENTORY: Any single item purchased in excess of $10,000 will be assigned a VFC Property Number by the STATE. LOCAL AGENCY shall forward a copy of the purchase documents listing the item, brand, model, serial number, any LOCAL AGENCY property number assigned, and a LOCAL AGENCY contact and return address to STATE at the address specified in paragraph 12. The STATE will advise the LOCAL AGENCY Contact of the VFC Property Number assigned.

19. AUDIT: LOCAL AGENCY agrees that the STATE, the Department of General Services, the California State Auditor, or their designated representative shall have the right to review and to copy any records and supporting documentation pertaining to the performance of this **Agreement**. LOCAL AGENCY agrees to maintain such records for possible audit for a minimum of five (5) years after final payment, unless a longer period of records retention is stipulated. LOCAL AGENCY agrees to allow the auditor(s) access to such records during normal business hours and to allow interviews of any employees who might reasonably have information related to such records. Further, LOCAL AGENCY agrees to include a similar right of the State of California to audit records and interview staff in any subcontract related to performance of this **Agreement**. (GC 8546.7, PCC 10115 et seq., CCR Title 2, Section 1896).

20. DISPUTES: In the event of any dispute over qualifying matching expenditures of LOCAL AGENCY or audit findings, the dispute will be decided by STATE and its decision shall be final and binding.

21. MONITORING: LOCAL AGENCY agrees to the monitoring of activities as necessary by STATE to ensure that the award is used for authorized purposes, in compliance with Federal statutes, regulations, and the terms and conditions of the agreement; and that performance goals are achieved.

22. INDEMNIFICATION: LOCAL AGENCY agrees to indemnify, defend, and save harmless, the STATE, its officers, agents, and employees, from any and all claims and losses, accruing or resulting to any and all contractors, subcontractors, suppliers, laborers, and any other person, firm or corporation furnishing or supplying work services, materials, or supplies in connection with the performance of this **Agreement**, and from any and all claims and losses accruing or resulting to any person, firm or corporation who may be injured or damaged by LOCAL AGENCY in the performance of this **Agreement**.

23. CIVIL RIGHTS: LOCAL AGENCY agrees to comply with civil rights requirements as detailed in the Complying With Civil Rights Requirements brochure (FS-850) and the And Justice For All poster (AD-475A). The poster is to be placed at all public points of contact/reception areas.

24. DRUG-FREE WORKPLACE REQUIREMENTS: LOCAL AGENCY will comply with the requirements of the Drug-Free Workplace Act of 1990 and will provide a drug-free workplace by taking the following actions:

    a. Publish a statement notifying employees that unlawful manufacture, distribution, dispensation, possession or use of a controlled substance is prohibited and specifying actions to be taken against employees for violations.

b. Establish a Drug-Free Awareness Program to inform employees about:

1) the dangers of drug abuse in the workplace;

2) the person's or organization's policy of maintaining a drug-free workplace;

3) any available counseling, rehabilitation and employee assistance programs; and,

4) penalties that may be imposed upon employees for drug abuse violations.

c. Every employee who works on the proposed **Agreement** will:

1) receive a copy of the company's drug-free workplace policy statement; and,

2) agree to abide by the terms of the company's statement as a condition of employment on the **Agreement**.

Failure to comply with these requirements may result in suspension of payments under the **Agreement** or termination of the **Agreement** or both and LOCAL AGENCY may be ineligible for funding of any future State **Agreement** if the department determines that any of the following has occurred: (1) the LOCAL AGENCY has made false certification, or violated the certification by failing to carry out the requirements as noted above. (GC 8350 et seq.)

25. **TERM: The term of the Agreement SHALL COMMENCE ON THE LAST SIGNATORY DATE ON PAGE 1 and continue through August 31, 2026.**

26. TERMINATION: This **Agreement** may be terminated by either party giving 30 days written notice to the other party or provisions herein amended upon mutual consent of the parties hereto.

27. AMENDMENTS: No amendment or variation of the terms of this **Agreement** shall be valid unless made in writing, signed by the parties and approved as required. No oral understanding or **Agreement** not incorporated in the **Agreement** is binding on any of the parties.

28. INDEPENDENT CONTRACTOR: LOCAL AGENCY, and the agents and employees of LOCAL AGENCY, in the performance of this **Agreement**, shall act in an independent capacity and not as officers or employees or agents of the STATE or the Federal Government.

29. INDIRECT RATE: LOCAL AGENCY may not assess an indirect rate in excess of their Federally approved Negotiated Indirect Cost Rate Agreement (NICRA) or a de minimis rate if LOCAL AGENCY does not have an approved NICRA, not to exceed 15%. LOCAL AGENCY may also elect not to assess an indirect rate. The approved indirect cost rate at the time of execution is 0%.

30. MEDIA: LOCAL AGENCY shall acknowledge STATE and USDA Forest Service support in any publications, audiovisuals and electronic media developed as a result of this award.

    It is encouraged to give public notice of the receipt of this award and announce progress and accomplishments, acknowledging STATE and USDA Forest Service support. Follow direction in USDA Supplemental 2 CFR 415.2.

31. ASSIGNMENT: This Agreement is not assignable by LOCAL AGENCY either in whole or in part.

Agenda Request Form

File #: 25-1918 **Agenda Date:** 11/18/2025 **Agenda #:** 8.

TEHAMA COUNTY COMMUNITY ACTION AGENCY

Requested Action(s)
a) AGREEMENT - Request approval and authorization for the Tehama County Community Action Agency ex officio Executive Director to sign Agreement 25F-6049 Amendment No. 1 with the Department of Community Services and Development increasing the total amount available in the budget by $27,824, thereby increasing the not to exceed amount to $330,753 for the term of 1/1/25 through 4/30/26

Financial Impact:
The funding for the 2025 Community Services Block Grant (CSBG) Discretionary Grant has been provided in the amount of $26,000 in Amendment No. 1, additionally the amendment also increases the regular grant budget by $1,824, bringing the total amount available for Contract 25F-6049 to $330,753.

CSBG Revenue is budgeted in 5062-450720 and may be adjusted during the mid-year budget review. There is no impact to the General Fund.

Background Information:
This is an amendment to an existing contract. Community Action Agency (CAA) receives Community Services Block Grant (CSBG) funding on an annual basis and is required to enter into agreements with the State of California Community Services and Development (CSD) to receive funding. CAA will use these funds to address the needs of low-income individuals and families in Tehama County through the support of CAA staff and administration of programs in the areas of food, housing, education, and family development.

The original agreement, Misc. Agreement 2025-066, was approved by the Board of Supervisors on April 8, 2025.

SUBVENTION AGREEMENT

PREAMBLE

This subvention agreement, for the funding of Community Services Block Grant (CSBG) programs in 2025 ("Agreement"), is entered into between the Department of Community Services and Development ("CSD") and the contractor named on the face sheet of this Agreement, Form STD 213 ("Contractor"), and shall be enforceable on the date last signed.

NOW THEREFORE, in consideration of the promises and of the mutual agreements and covenants hereinafter set forth, the CSD and Contractor hereby agree as follows:

ARTICLE 1 – SCOPE OF WORK

1.1 General

Contractor shall administer and/or operate community-based programs designed to reduce poverty, revitalize low-income communities, and empower low-income families and individuals within Contractor's service area to achieve greater self-sufficiency, pursuant to Title 42 of the United States Code (USC) Sections 9901 et seq. (the Community Services Block Grant Act, as amended) and Government Code Sections 12085 et seq., as amended. Unless otherwise specified in the Contractor's Community Action Plan or elsewhere in this Agreement, Contractor shall make its services and activities available to the low-income community within its service area throughout the entire performance period of this Agreement. Contractor shall ensure that all services funded in whole or in part through this Agreement will support state and federal policies and goals of the CSBG Act as set forth in the above-referenced statutes. The CSBG Assistance Listing number is 93.569. The award is 100 percent funded through the United States Department of Health and Human Services (HHS).

1.2 Agreement Term

1.2.1 The term of this Agreement shall be as specified on the Agreement face sheet (STD 213) and is divided into two distinct sections: a Period of Performance and an Extension Period.

1.2.2 *Period of Performance*. The Period of Performance of this Agreement shall be from January 1, 2025, through December 31, 2025. One hundred percent of the Agreement amount specified in Article 1.3 below is expected to be fully expended by the end of the Period of Performance.

1.2.3 *Extension Period*. The Extension Period provided by this Agreement is available upon approval by CSD from August 1, 2025, through April 30, 2026, to those contractors who will not fully expend 100 percent of the Agreement amount by the

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

end of the performance period. Requests for extensions must follow Article 3.1.3 of this Agreement and be received by CSD no later than November 16, 2025.

1.3 Agreement Amount

The maximum amount of this Agreement shall be as specified on the face sheet (STD 213) and is subject to adjustment(s), in accordance with the following terms:

1.3.1 The initial amount shall be based on the prior year's grant award of the federal Community Services Block Grant award.

1.3.2 Upon notification of the full federal fiscal year grant award amount from the HHS, CSD shall, if necessary, issue an amendment to this Agreement to increase or decrease the maximum amount.

1.3.3 If the full amount of the HHS CSBG grant award to CSD is not available for allocation, CSD will notify Contractor in writing of the amount of Contractor's allocation that is available for expenditure and shall advance funds in accordance with Article 5.2 of this Agreement, as appropriate. When additional funds are subsequently made available by HHS, CSD will notify Contractor of the total amount of funds that may be expended. Contractor may not expend funds in excess of the amount available and authorized by CSD for expenditure. Access to funding shall be conferred upon Contractor through written authorization by CSD, and amendment to this Agreement shall not be required for such purpose, except in cases where the maximum amount of the Agreement has been revised.

1.3.4 In the event HHS fails to provide sufficient funding to CSD to enable payment of Contractor's maximum amount of the Agreement prior to the end of the contract term, the contract amount shall be deemed to be reduced commensurate to the amount actually provided by HHS or the contract shall be closed on that basis without need for amendment pursuant to Articles 2.3.1.2 and 2.3.2.2.

1.3.5 This Agreement may include a specific amount allocated from the annual discretionary allocation. These funds may target a specific purpose and require a separate budget and work plan in accordance with Article 7.1 of this Agreement.

1.4 Service Area

The services shall be performed in the Contractor's service area as indicated on CSD's Public Website at https://www.csd.ca.gov.

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

1.5 Legal Authorities – Program Requirements, Standards, and Guidance

1.5.1 All services and activities are to be provided in accordance with all applicable federal, state, and local laws and regulations, and as those laws and regulations may be amended from time to time, including but not limited to, the following:

1.5.1.1 The Community Services Block Grant Act, as amended, 42 USC § 9901 et seq., and 45 Code of Federal Regulations (CFR) Part 96;

1.5.1.2 California laws and regulations applicable to CSBG Programs, Government Code (Cal. Gov. Code) § 12085 et seq., as amended, and Title 22, California Code of Regulations (Cal. Code Regs.) §§ 100601- 100795;

1.5.1.3 The Single Audit Act, 31 USC § 7501 et seq., and the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards, 45 CFR Part 75 and 2 CFR Part 200 Subpart F (§200.500 et. seq.);

1.5.1.4 California Civil Code §§ 1798 et seq., and the Federal Privacy Act of 1974 (5 USC § 552a); Requirements to Respond to Incidents Involving a Breach of Personal Information, Statewide Information Management Manual (SIMM) 5340-C, State Administrative Manual (SAM) 5100, 5300.5, California Department of Technology; and

1.5.1.5 California Contractor Certification Clauses 04/2017 (CCC 04/2017); and State contracting requirements, "General Terms and Conditions, GTC 02/2025, hereby incorporated into this Contract by reference, is available at the following web address: https://www.dgs.ca.gov/OLS/Resources/Page-Content/Office-of-Legal-Services-Resources-List-Folder/Standard-Contract-Language".

1.5.2 *Conflict of Laws.* Contractor shall comply with all of the requirements, standards, and guidelines contained in the authorities listed within this Agreement, as they may be amended from time to time, with respect to procurement requirements, administrative expenses, and other costs claimed under this Agreement, including those costs incurred pursuant to subcontracts executed by Contractor, notwithstanding any language contained in the following authorities that might otherwise exempt Contractor from their applicability. To the extent that the authorities directly conflict with any State law or regulation, or any provision of this Agreement, then that federal law or regulation shall apply, unless a provision of

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

federal law applicable to block grants, such as 45 CFR § 96.30, specifically allows for the application of state law.

1.5.3 Contractor shall comply with specific CSD program guidance which shall be binding on the Contractor as a condition of the Contractor's eligibility to receive CSBG funds, provided:

1.5.3.1 That such guidance shall be issued by CSD in writing in the form of "CSD Program Notice (CPN) No. XX-XX" or "CSD Program Advisory (CPA) No. XX-XX";

1.5.3.2 That such guidance shall be issued by CSD in the most timely and expeditious manner practicable;

1.5.3.3 That such guidance shall be reasonably necessary to realize the intent and purposes of the CSBG Act;

1.5.3.4 That major and material changes in program requirements, which substantially affect the Contractor's and/or CSD's ability to fulfill contractual obligations, or which otherwise create a substantial hardship on either the Contractor or CSD, shall be subject to an amendment to this Agreement;

1.5.3.5 That the parties' failure or inability to execute a mutually acceptable amendment within a period of time allowing the parties to reasonably comply with any major change(s) in CSBG requirements, shall result in this Agreement being without force and effect, subject only to such provisions contained herein as are intended to survive the Agreement in accordance with the express and implied provisions of applicable federal and state law;

1.5.3.6 That Contractor is duly informed of the risk of de-designation as an eligible entity, based on CSD's obligation to avoid/minimize interruption of CSBG-funded services in any part of the state, in the event that this Agreement terminates due to failure to agree to any necessary amendment; and

1.5.3.7 That upon CSD's or Contractor's good faith determination, delivered to the other party by written notice, that agreement to any necessary amendment cannot be achieved, then this contract shall be terminated, and any issues of eligible entity status addressed, in accordance with requirements of federal and state law and established CSD policy and procedure.

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

1.5.4 The federal and state laws, regulations, and other authorities referenced in this Agreement are hereby incorporated by reference. Copies may be accessed for reference on the Local Agencies Portal (agencies.csd.ca.gov).

ARTICLE 2 – CONTRACT ADMINISTRATION AND PROCEDURE

2.1 Required Documents

2.1.1 Contractor shall provide the following documents, satisfactory to CSD in form and substance, together with a signed copy of this Agreement before CSD executes and returns the Agreement to Contractor for implementation. The following documents shall be returned to the Procurement Services Unit at PSU@csd.ca.gov within 30 calendar days of receipt for private agencies or 45 calendar days of receipt for public agencies:

2.1.1.1 Federal Funding Accountability and Transparency Act Report (CSD 279);

2.1.1.2 Certification Regarding Lobbying/Disclosure of Lobbying Activities;

2.1.1.3 Contractor Certification Clauses (CCC 04/2017);

2.1.1.4 Current Insurance or Self-Insurance Authority Certification; and

2.1.1.5 Board Resolution authorizing execution of this Agreement.

2.1.2 In addition to the documentation requirements set forth in Article 2.1.1, CSD's obligations under this Agreement are expressly contingent upon Contractor providing the supplemental documentation set forth below, and available on the Local Agencies Portal. Contractor shall return the following documents to the assigned CSD Field Representative within 30 calendar days of receipt for private agencies or 45 calendar days of receipt for public agencies, and each shall be subject to approval by CSD in form and substance:

2.1.2.1 CSBG Contract Budget Summary (CSD 425.S);

2.1.2.2 CSBG Budget Support Personnel Costs (CSD 425.1.1);

2.1.2.3 CSBG Budget Support Non-Personnel Costs (CSD 425.1.2);

2.1.2.4 CSBG Budget Support Other Agency Operating Funds (CSD 425.1.3);

2.1.2.5 CSBG Contract Budget Narrative (CSD 425.1.4);

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

2.1.2.6 CSBG Annual Report Work Plan (CSD 641);

2.1.2.7 CSBG Annual Report Projections (CSD 641A and/or CSD 641B);

2.1.2.8 Agency Staff and Board Roster (CSD 188);

2.1.2.9 Board Meeting Schedule;

2.1.2.10 Updated Organizational Bylaws (if applicable); and

2.1.2.11 Joint Powers Agreement (if applicable).

2.1.3 *Board Resolution.* Contractor must also submit a governing board resolution with a DocuSign signature or a wet signature of the board's authorized representative, identifying the individual(s) authorized to execute the 2025 CSBG Agreement and any amendments.

2.1.4 CSD shall maintain a certified date-stamped copy of this Agreement for inspection by Contractor during normal business hours.

2.1.5 This Agreement may not be changed or altered by any party, except by a formal written, fully executed amendment, or as provided in Article 1.5.3 with respect to program guidance, or as provided in Article 3 – Agreement Changes. Upon such amendment of any provision, the amended PDF version shall be date-stamped and posted to the Local Agencies Portal until such time as a subsequent agreement or amendment is executed by the parties.

2.1.6 Contractors that are public or governmental entities with local provisions requiring receipt of a copy of all parts of this Agreement as a prerequisite to execution, as well as other contractors that make special arrangements with CSD, may receive copies for execution and retention.

2.2 Contractor's Option of Termination

2.2.1 Contractor may, at Contractor's sole option, elect to terminate this Agreement in lieu of adherence to the procedures set out in Article 1.5.3, should Contractor determine that any subsequent program guidance or proposed amendment to the contract is unjustifiably onerous or otherwise adverse to Contractor's legitimate business interests and ability to implement the contract in an effective and reasonable manner, provided:

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

2.2.1.1 Such notice of termination is in writing and will be effective upon receipt by CSD, delivered by U.S. Postal Service Certified Mail, Return Receipt Requested.

2.2.1.2 Notice contains a statement of the reasons for termination with reference to the specific provision(s) in the program guidance or proposed amendment in question.

2.2.2 Contractor shall be entitled to reimbursement for all allowable costs incurred prior to termination of the contract. Such reimbursement shall be in accordance with the program guidance and contract provisions in effect at the time the cost was incurred.

2.2.3 Contractor shall, within 60 calendar days of termination, close-out the contract in accordance with contractual closeout procedures as provided in Article 6.2 – Close-Out Report.

2.2.4 By executing this Agreement, Contractor acknowledges and understands that voluntary termination prior to the end of the Agreement term may result in Contractor's permanent or temporary de-designation as an eligible entity, due to CSD's obligation to seek replacement CSBG Provider(s) in accordance with state and federal CSBG requirements.

2.3 Budget Contingencies

2.3.1 *State Budget Contingency.*

2.3.1.1 It is mutually agreed that if funds are not appropriated for implementation of CSBG programs through the state budget process or otherwise, whether in the current year and/or any subsequent year covered by this Agreement, this Agreement shall be of no further force and effect. Upon written notice to Contractor by CSD that no funds are available for contract implementation, the Agreement shall be terminated, and the State shall have no obligation to pay Contractor or to furnish other consideration under this Agreement and Contractor shall not be obligated for performance.

2.3.1.2 If CSBG funding for any fiscal year is reduced to such degree that CSD reasonably determines that the program cannot be implemented effectively, the State shall at its sole discretion have the option either to terminate this Agreement upon written notice to Contractor or, in the alternative, to offer and negotiate an amendment addressing the reduced funding. If the parties fail to reach agreement on such amendment, CSD may at its option give

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

written notice of termination without further obligation by either party except for contract closeout obligations or final settlement.

2.3.1.3 Pursuant to Cal. Gov. Code §12785, if federal funding is reduced by any amount up to 3.5 percent below the amount of the federal appropriation from the prior year, the discretionary fund will be allocated to restore funding to the prior year's funding level for CSBG eligible entities. In the event the appropriation of the federal CSBG funds is significantly reduced, the CSBG discretionary funding may not be sufficient to restore funding to the prior year's funding level.

2.3.2 *Federal Budget Contingency.*

2.3.2.1 The parties agree that because of uncertainty in the federal budget process, this Agreement may be executed before the availability and amounts of federal funding can be ascertained, in order to minimize delays in the provision of services and the distribution of funds. The parties further agree that the obligations of the parties under this Agreement are expressly contingent on adequate funding being made available to the state by the United States Government.

2.3.2.2 If federal funding for any fiscal year is reduced to such degree that CSD reasonably determines that the program cannot be implemented effectively, CSD shall at its sole discretion have the option either to terminate this Agreement upon written notice to Contractor or, in the alternative, to offer and negotiate an amendment addressing the reduced funding. If the parties fail to reach an agreement on such amendment, CSD may at its option give written notice of termination without further obligation by either party except for contract closeout obligations or final settlement.

2.3.2.3 If federal funding authorities condition funding on any obligations, restrictions, limitations, or conditions not existent when this Agreement was executed, this Agreement shall be amended by mutual agreement for compliance with such obligations, restrictions, limitations or conditions. Failure of the parties to reach agreement on such amendment shall render this Agreement without force and effect.

2.4 Miscellaneous Provisions

2.4.1 *Assignment*. Neither this Agreement nor any of the rights, interests, or obligations under this Agreement shall be assigned by any party without the prior written

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

consent of the other parties, except in the case where responsibility for program implementation and oversight may be transferred by the State to another State agency. In the event of such transfer, this Agreement is binding on the agency to which the program is assigned.

2.4.2 *Merger/Entire Agreement*. This Agreement (including the attachments, documents and instruments referred to in this Agreement) constitutes the entire agreement and understanding of the parties with respect to the subject matter of this Agreement and supersedes all prior understandings and agreements, whether written or oral, among the parties with respect to such subject matter.

2.4.3 *Severability*. If any provision of this Agreement is found to be invalid or unenforceable in any respect for any reason, the validity and enforceability of any such provision in any other respect and of the remaining provisions of this Agreement will not be in any way impaired and shall remain in full force and effect.

2.4.4 *Notices.* Each party to this Agreement agrees to the use of electronic signatures, such as digital signatures that meet the requirements of the California Uniform Electronic Transactions Act ("CUETA") (Civ. Code §§ 1633.1 to 1633.17), for executing this Agreement. CSD encourages Contractor to adopt the DocuSign platform to facilitate the receipt of this Agreement. Unless otherwise provided herein, notice given by the parties shall be in writing, delivered personally, by United States mail, or by overnight delivery service (with confirmation). Certain reporting and other communications may be delivered electronically as specified by CSD or as is customary between the parties. Notice shall be delivered as follows:

To **Contractor's** address of record; and

To **CSD** at:
California Department of Community Services and Development
Field Operations Unit
2389 Gateway Oaks Drive, Suite 100
Sacramento, CA 95833

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

ARTICLE 3 – AGREEMENT CHANGES

3.1 Amendment

3.1.1 Formal amendments to this Agreement are required for changes to the term, amount, scope of work, and/or formal name changes. No amendment to this Agreement shall be valid unless made in writing, signed by the parties, and approved as required. No oral understanding or agreement not incorporated in the Agreement is binding on any of the parties.

3.1.2 If Contractor intends to request a formal amendment to this Agreement, the request must be submitted on CSD Form 425b, *Justification for Contract Amendment/Modification*, no later than 45 calendar days prior to the expiration of the Agreement term.

3.1.3 *Extension Period*. If Contractor identifies that they will not fully expend 100 percent of the Agreement amount by the end of the Period of Performance, then Contractor shall submit written notification to their assigned Field Representative and the Community Services Division inbox at CSBG.Div@csd.ca.gov on CSD Form 425b, *Justification for Contract Amendment/Modification*, no later than 45 calendar days prior to the expiration of the Period of Performance or no later than November 16, 2025. Refer to Article 1.2.2 for Period of Performance. The CSD Form 425b shall include:

3.1.3.1 The reason(s) the Contractor will not fully expend 100 percent of the Agreement amount by the end of the performance period; and

3.1.3.2 The date (January 31, February 28, March 31, or April 30, 2026) in which the Contractor proposes to fully expend 100 percent of the Agreement amount.

3.1.3.3 The acknowledgement of the adjusted Closeout timeline, as stated in Article 6.2.1 of the Agreement.

3.1.4 CSD Form 425b is located on the Local Agencies Portal.

3.1.5 All requests for an Extension Period are subject to CSD approval. In addition, the Contractor must execute the amendment before the expiration date of this Agreement.

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

3.2 Minor Modification

3.2.1 Contractor request(s) for modification to CSBG Fiscal Data or Work Plan documents must be submitted on CSD Form 425b, *Justification for Contract Amendment/Modification*, no later than 45 calendar days prior to the expiration date of this Agreement.

3.2.2 Any increase to out-of-state travel costs or equipment purchases will require a request for modification to the budget and must be submitted on CSD Form 425b, *Justification for Contract Amendment/Modification*.

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

ARTICLE 4 - ADMINISTRATIVE POLICIES AND PROCEDURES

4.1 Board Roster, Bylaws, Resolution, and Minutes

4.1.1 Concurrently with Contractor's submission of this Agreement, Contractor shall submit to CSD at CSBG.Div@csd.ca.gov and the Contractor's assigned Field Representative the following:

4.1.1.1 Unless otherwise specified in 4.1.1.3 and 4.1.1.4 below, Contractor shall submit to CSD an Agency Staff and Board Roster form (CSD 188) of the tripartite board including the name and sector (i.e., low-income, public, private) of each board member, unique contact information for each member including an address at a location other than the office of the eligible entity, vacancy title, and date each board seat was vacated for each board member. Contractor is responsible to notify CSD of any changes to the tripartite board within 30 calendar days of such occurrence.

4.1.1.2 Contractor must provide updated organizational bylaws if any changes occurred within the past calendar year.

4.1.1.3 In the case of Native American Indian (NAI) Contractors that have established another mechanism (in consultation with CSD and subject to CSD approval) to ensure low-income individuals' participation in the management of programs funded by this Agreement, a current roster of the NAI governing council, commission, board, or other body responsible for administration of CSBG-funded programs, and the most recent version of the organizational bylaws. The roster shall include unique contact information for each member of the governing body at a location other than the office of the NAI Contractor and shall identify how low-income individuals are represented in the organization's governance. NAI Contractors shall also submit the most recent version of the organizational bylaws. NAI Contractor is responsible to notify CSD of any changes to its governing body within 30 calendar days of such occurrence.

4.1.1.4 In the case of Limited Purpose Agency (LPA) Contractors, a current roster of Contractor's board, including the name of each board member, unique contact information for each member at a location other than the office of the LPA, and the most recent version of the organizational bylaws. LPA Contractor is responsible to notify CSD of any changes to its board within 30 calendar days of such occurrence.

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

4.1.2 Contractor's current governing board must authorize the execution of this Agreement. Contractor has the option of demonstrating such authority by either: (a) direct signature of a board member having signing authority; or (b) any lawful delegation of such authority that is consistent with Contractor's bylaws.

4.1.3 Where Contractor delegates signing authority to the chief executive officer (CEO) or executive director (ED), CSD will accept either a resolution specific to this Agreement or a resolution approved by the current governing board with general applicability to any CSD program contract or amendment. Where Contractor provides a general resolution, Contractor shall maintain documentation that the CEO or ED provided timely and effective communication of the execution and terms of this Agreement to the board. Either a specific or current general resolution must be on file with CSD prior to CSD's final execution of this Agreement. In the event agency names a new chief executive officer (CEO) or executive director (ED) agency shall provide a letter on agency letterhead notifying CSD of this change within 30 days of appointment.

4.1.4 Contractor shall submit to CSD the approved minutes of regularly scheduled meetings of its tripartite board, LPA contractor's board, NAI governing council, commission, advisory board, or other body responsible for administration of CSBG-funded programs, no later than 30 calendar days after the minutes are approved. Contractor shall submit board meeting minutes to CSD at CSBG.Div@csd.ca.gov and to the Contractor's assigned Field Representative. Regularly scheduled board meetings shall be held in accordance with Contractor's bylaws.

4.1.5 In addition to the minutes referenced in Article 4.14, if Contractor's tripartite board is advisory to the elected officials of a local government, Contractor also shall submit to CSD the minutes from any meeting of the elected officials where matters relating to this Agreement are heard; including, but not limited to, discussions about or decisions affecting the Community Action program. Such minutes shall be submitted to CSD no later than 30 calendar days after the minutes are approved. Contractor shall submit board meeting minutes to CSD at CSBG.Div@csd.ca.gov and to the Contractor's assigned Field Representative.

4.2 Training and Quarterly CSBG Service Provider (CSP) Meetings

Contractor shall make every effort to attend all trainings and quarterly CSP meetings associated with CSD.

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

4.3 Internal Control Certification

Contractor shall establish and maintain a system of internal accounting and administrative control. This responsibility includes documenting the system, communicating system requirements to employees, and assuring that the system is functioning as prescribed and is modified, as appropriate, for changes in conditions. The system of internal accounting and administrative control shall be attested to within the Contractor's independent audit conducted pursuant to this Agreement, and include:

4.3.1 Segregation of duties appropriate to safeguard State assets;

4.3.2 Access to Contractor assets is limited to authorized personnel who require these assets in the performance of their assigned duties;

4.3.3 Authorization and recordkeeping procedures adequate to provide effective accounting controls over assets, liabilities, revenues, and expenditures;

4.3.4 Practices to be followed in performance of duties and functions;

4.3.5 Personnel of a quality commensurate with their responsibilities; and

4.3.6 Effective internal review.

4.4 Record Retention Requirements

4.4.1 All records maintained by Contractor shall meet the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards (45 CFR § 75.361 through § 75.370).

4.4.2 Contractor shall maintain all records pertaining to this Agreement for a minimum of three years after submission of the final report. However, Contractor shall maintain applicable records until CSD resolves all audit and monitoring findings.

4.4.3 Contractor ensures that employee and applicant records shall be maintained in a confidential manner to ensure compliance with the Information Practices Act of 1977, as amended (Civ. Code §§ 1798 et seq.), and the Federal Privacy Act of 1974, as amended (5 USC § 552a).

4.5 Insurance Requirements

4.5.1 By execution of this Agreement, Contractor agrees that required insurance policies

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

and bond shall be in effect at all times during the term of this Agreement.

4.5.2 Contractor shall provide CSD with written notice at least 30 calendar days prior to cancellation or reduction of insurance coverage to an amount less than that required in this Agreement.

4.5.3 Notices of Insurance must be submitted electronically via email to PSU@csd.ca.gov.

4.5.4 In the event said insurance coverage expires at any time or times during the term of this Agreement, Contractor agrees to provide within 30 calendar days prior to said expiration date, a new Certificate of Insurance (ACORD 25) evidencing insurance coverage as provided for herein for not less than the remainder of the term of this Agreement. The Certificate shall identify and name CSD as the Certificate Holder. New Certificates of Insurance will be reviewed for content and form by CSD.

4.5.5 In the event Contractor fails to maintain in effect at all times the specified insurance and bond coverage as herein provided, CSD may, in addition to any other available remedies it may have, suspend this Agreement.

4.5.6 With the exception of workers' compensation and fidelity bond, CSD shall be named as additional insured on all Certificates of Insurance required under this Agreement. The issuance of other CSD contracts, to include any cash advances and reimbursement payments, to the Contractor shall be contingent upon required current insurance coverage being on file at CSD for this Agreement.

4.5.7 Should Contractor utilize a subcontractor(s) to provide services under this Agreement, Contractor shall indemnify and hold the State harmless against any liability incurred by that subcontractor(s).

4.6 Specific Insurance Requirements

4.6.1 *Self-Insurance.*

4.6.1.1 When Contractor is a self-insured governmental entity, CSD, upon satisfactory proof, may waive the appropriate insurance requirements. To qualify for a waiver, an appropriate county or city risk manager shall sign a certification that shall contain assurance of the adequacy of the governmental entity's ability to cover any potential losses under this Agreement.

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

4.6.1.2 Contractor shall specify in writing a list of which coverage(s) will be self-insured under this Agreement and shall list all applicable policy numbers, expiration dates, and coverage amounts.

4.6.1.3 In the event that the Contractor's self-insurance coverage does not contain any changes from the prior year, CSD will accept a certified letter signed by authorized personnel stating that no changes have occurred from last year. This letter is due at the time of Agreement execution or within 30 calendar days of expiration of insurance.

4.6.1.4 In lieu of providing certification of self-insurance, Contractor may provide proof of excess insurance coverage through an insurance carrier who is licensed to underwrite insurance in the State of California.

4.6.2 *Workers' Compensation Insurance.*

4.6.2.1 Contractor shall have and maintain for the term of this Agreement workers' compensation insurance issued by an insurance carrier licensed to underwrite workers' compensation insurance in the State of California.

4.6.2.2 Contractor shall submit either an applicable Certificate of Insurance or a Certificate of Consent to Self-Insure issued by the Director of the California Department of Industrial Relations to CSD as evidence of compliance with the workers' compensation insurance requirement prior to issuance of an initial cash advance.

4.6.3 *Commercial or Government Crime Coverage (Fidelity Bond).*

4.6.3.1 Contractor shall maintain a commercial crime policy. If Contractor is a public entity, Contractor shall maintain a government crime policy. The commercial crime policy or government crime policy (hereinafter "fidelity bond") shall include the following coverages or their substantial equivalents: Employee Dishonesty/Theft, Forgery or Alteration, and Computer Fraud.

4.6.3.2 Contractor's fidelity bond coverage limits shall not be less than a minimum amount of 4 percent of the total amount of consideration set forth under this Agreement.

4.6.3.3 Contractor shall submit an applicable Certificate of Insurance (ACORD 25) to CSD as evidence of compliance with the fidelity bond requirement prior

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

to issuance of an initial cash advance.

4.6.4 *General Liability Insurance.*

4.6.4.1 Contractor shall have and maintain for the term of this Agreement general liability and property damage insurance for a combined single limit of not less than $500,000 per occurrence.

4.6.4.2 Contractor shall submit to CSD an applicable Certificate of Insurance naming CSD as an additional insured, as evidence of compliance with the general liability insurance requirement prior to issuance of an initial cash advance.

4.6.5 *Vehicle Insurance*.

4.6.5.1 Contractor shall have and maintain for the term of this Agreement vehicle insurance in the amount of $500,000 for each person and each accident for bodily injury and in the amount of $500,000 for each person and each accident for property damage.

4.6.5.2 When employees use their own vehicles to perform duties within the scope of their employment, Contractor shall have and maintain for the term of this Agreement non-owned and hired automobile liability insurance in the amount of $500,000 for each person and each accident for bodily injury and $500,000 for each person and each accident for property damage. Driving to and from place of business is not within the scope of employment.

4.6.5.3 Contractor shall submit to CSD an applicable Certificate of Insurance naming CSD as an additional insured as evidence of compliance with the vehicle insurance requirement prior to issuance of an initial cash advance.

4.7 System Security Requirements

The contractor shall, in cooperation with CSD, institute policies, processes, procedures, and security controls designed to ensure the security of data and to protect information by the Information Practices Act of 1977 (Civ. Code §§ 1798 et seq.), and such other State and federal laws and regulations as may apply. The parties hereto agree to requirements, obligations, and standards in accordance with requirements set in the State Administrative Manual (SAM). In the event different system security standards may be applied to this Article, the Contractor shall endeavor to use the strictest security standard that complies with state and federal requirements.

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

4.8 Services Offered (2025 CSBG Amendment 1 Contract)

Data exchange between CSD and Contractor shall be handled through one of three methods: (1) a Contractor user must upload data files or perform data entry using credentials provided by CSD; or (2) utilize CSD web applications as configured by the Contractor technology vendor; or (3) via email using security protocols, such as encryption and redaction, for any sensitive data.

4.9 Data Protection

4.9.1 Data exchanged between CSD and Contractor must be limited to the data fields included on Data Transfer Rules documents posted on the Local Agencies Portal. No personal financial information (e.g., credit card, bank account numbers), shall be stored or exchanged in the data exchange sessions.

4.9.2 Data exchanged between CSD and Contractor must be limited to the data fields as requested within the web applications. No personal financial information, (e.g., credit card, bank account numbers), shall be stored or exchanged in the data exchange sessions.

4.9.3 Data exchanged between CSD and Contractor via email communication must have all personally identifiable information (PII) and other sensitive information redacted before the document is sent. Alternately, Contractor is to encrypt any attachments that have sensitive data using encryption tools and configurations as required by CSD.

4.10 Contractor Systems Security

4.10.1 The physical location of the computing and data storage devices (e.g., servers) shall be within controlled access facilities. Individual users may not have access to the data except through their systems that are specifically credentialed for Contractor business. All access will be controlled by appropriate identification, authentication, and authorization methods to validate the approved users.

4.10.2 Standards for secure transmission may be accomplished through such means as certificates, secure socket layer, etc., and storage of the data with encryption, if applicable.

4.10.3 Contractor shall securely destruct data by sanitizing media prior to disposal.

4.10.4 Contractor shall keep security patches, anti-virus, and anti-malware software up to date on all systems on which data may be used.

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

4.11 Trusted Behavior Expectations

CSD's application system and users shall protect Contractor's application system/data, and the Contractor's application system and users shall protect CSD's application system/data, in accordance with the federal Privacy Act of 1974 (5 USC § 552a), Trade Secrets Act (18 USC §1831 et. al) and Stored Communications Act (18 USC § 2701). Technology and systems code and functionality are owned by the respective parties and may not be shared with anyone else or used without the written consent of the owner.

4.12 Incident Reporting

Any party discovering a security incident should report the incident in accordance with its incident reporting procedures. The incident reporting procedures, the contractor shall, within 24 hours of discovery, report to CSD's Chief Information Officer and the CSD Information Security Office at ISO@csd.ca.gov any security incident contemplated herein. Examples include but are not limited to, stolen or lost equipment, malware/ransomware detection, suspected hacking, release of privileged information, or inappropriate access to systems and services, etc.

The contractor further agrees CSD shall have the right to participate in the investigation of a security incident involving CSD's data, and to cooperate fully with CSD and other relevant State entities during independent investigation of the security incident.

4.13 Audit Trail Responsibilities

Both parties are responsible for auditing application processes and user activities. Activities that will be recorded include event type, date and time of event, user identification, workstation identification, success or failure of access attempts, and actions taken by system administrators.

4.14 Data Sharing Responsibilities

Contractor shall ensure that all primary and delegated secondary organizations that share, exchange, or use personal, sensitive, or confidential data, pursuant to this Agreement and subcontracts issued by Contractor, shall adhere to these security requirements and applicable state and federal law, in addition to further data sharing guidance as may be issued by CSD during the term of this Agreement. If data sharing is accomplished via interconnectivity of an application system, then data sharing must be certified to be secure by both parties.

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

4.15 Travel and Per Diem

4.15.1 Contractor's total travel and per diem costs for in-state and/or out-of-state shall be included in the Agreement Budget(s). Out-of-state travel costs that exceed the budgeted amount shall not be reimbursed without prior written authorization from CSD.

4.15.2 Contractor's employee travel costs and per diem reimbursement rates shall be reimbursed in accordance with Contractor's written policies and procedures not to exceed federal per diem requirements, and subject to the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards (45 CFR § 75.474) or any amendments thereto, as applicable.

4.15.3 In the absence of a written travel reimbursement policy, federal per diem limits shall apply.

4.16 Codes of Conduct

4.16.1 *Written Standards.* Contractor shall maintain written standards of conduct governing the performance of its employees engaged in the award and administration of contracts or subcontracts. No employee, officer, or agent of the Contractor shall participate in the selection, award, or administration of a subcontract supported by federal funds if a real or apparent conflict of interest would be involved. Such a conflict would arise when the employee, officer, or agent, any member of their immediate family, their partner, or an organization that employs or is about to employ any of the parties indicated herein, has a financial or other interest in the firm selected for an award. The officers, employees, and agents of the Contractor shall neither solicit nor accept gratuities, favors, or anything of monetary value from subcontractors or parties to sub agreements. The standards of conduct shall provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the recipients.

4.16.2 *Self-Dealing Prohibited.* Contractor shall not pay federal funds received from CSD to any entity in which it (or one of its employees, officers, agents, any member of their immediate family, their partner, or an organization that employs or is about to employ any of the parties indicated herein) has an interest. As ownership constitutes a financial interest, Contractor shall not subcontract with a subsidiary. Similarly, Contractor shall not subcontract with an entity that employs or is about to employ any person described in 45 CFR § 75.327, or subsequent amendments to these requirements.

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

4.17 Conflict of Interest

4.17.1 Contractor certifies that its employees and the officers of its governing body shall avoid any actual or potential conflicts of interest and that no officer or employee who performs any functions or responsibilities in connection with this Agreement shall have any personal financial interest or benefit that either directly or indirectly arises from this Agreement.

4.17.2 Contractor shall establish written safeguards to prohibit its employees or its officers from using their positions for a purpose that could result in private gain or that gives the appearance of being motivated for private gain for themselves or others, particularly those with whom they have family, business, or other ties.

4.18 Fraud, Waste, and Abuse

4.18.1 Contractor shall submit a written report to CSD within 45 days of incidents and activities, or suspected incidents and activities, involving fraud, waste, and abuse of CSBG funds by Contractor's employees, subcontractors, clients, or other parties affiliated with Contractor. Incidents and activities subject to reporting under this section include, but are not limited to, criminal acts and other violations of law constituting a misuse of funds that could result in cost disallowance. Contractor shall, in a timely manner, inform CSD of any reports or complaints submitted to law enforcement officials by Contractor, Contractor's employees, subcontractors, clients or other parties affiliated with Contractor, concerning the misuse of CSBG funds.

4.18.2 Contractor shall provide employees, subcontractors, clients, and other parties affiliated with the Contractor the information necessary to report fraud, waste, and abuse to the U.S. Department of Health and Human Services (HHS) Office of Inspector General Fraud hotline.

4.19 Procurement Standards

4.19.1 *Maintenance of Written Procurement Procedures.* Contractors shall administer this Agreement in accordance with all federal and State rules and regulations governing the CSBG program pertaining to procurement, including the Code of Federal Regulations Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards and amendments thereto, consistent with the compliance requirement in Article 1 of this Agreement. Contractors shall establish, maintain, and follow written procurement procedures consistent with the

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

procurement standards in 45 CFR § 75.326 through § 75.340, or any subsequent amendments to these standards, and all additional provisions in this Agreement, including but not limited to a code of conduct for the award and administration of contracts and a procedure that provides, to the maximum extent practical, open and free competition.

4.19.2 *Eligible Bidders.* Contractor shall not permit any organizational conflicts of interest or noncompetitive practices that may restrict or eliminate competition or otherwise restrain trade. In order to ensure objective subcontractor performance and eliminate unfair competitive advantage, individuals, or firms that develop or draft specifications, requirements, statements of work, invitations for bids, and/or requests for proposals shall be excluded from competing for such procurements. Contractor shall award any subcontract to the bidder or offeror whose bid or offer is responsive to the solicitation and is most advantageous to Contractor when considering price, quality, and other factors. Contractor's solicitations shall clearly set forth all requirements that the bidder or offeror shall fulfill in order for the bid or offer to be evaluated by the recipient.

4.19.3 Contractor assures that all supplies, materials, vehicles, equipment, or services purchased or leased with funds provided by this Agreement shall be used solely for the activities allowed under this Agreement, unless a fair market value for such use is charged to the benefiting program and credited to this Agreement.

4.19.4 Contractor shall provide for open and free competition and adequate cost analysis in all procurement transactions for each purchase order, lease, or subcontract for any articles, supplies, equipment, or services to be obtained from vendors or subcontractors.

4.19.5 *Non-Competitive Bid Justification.* If a service or product is of a unique nature, is in response to a public exigency or emergency, or more than one vendor/provider cannot reasonably be identified, Contractor shall maintain adequate justification for the absence of competitive bidding. "Adequate justification" must include but is not limited to: (a) explanation of why the acquisition of goods or services is limited to one vendor or supplier; (b) description of sole vendor/supplier's unique qualifications to provide the goods or services in question; and (c) analysis of cost(s) to demonstrate reasonableness.

4.19.6 *CSD Lease/Purchase Pre-Approval Requirements*. To ensure that significant procurement transactions are conducted in an open and freely competitive manner, Contractor shall obtain prior written approval from CSD of capital expenditures for

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

equipment with a unit cost of $10,000 or more through the submission of a Request for Purchase/Lease Pre-Approval (Form CSD 558) to agency's assigned Field Representative and the Community Services Division inbox at CSBG.Div@csd.ca.gov at least 15 calendar days prior to execution of the transaction. Transactions without CSD's prior written approval may be disallowed.

4.19.7 In all procurements, whether requiring CSD pre-approval or not, Contractor is solely responsible for maintenance of adequate procurement records demonstrating compliance with Federal and State requirements.

4.19.8 Noncompliance with any of the provisions in this section may result in a disallowance of the costs of the procurement transaction.

4.20 Use and Disposition of Vehicles and Equipment

4.20.1 Use of CSBG-funded vehicles and equipment by other programs shall comply with Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards (45 CFR § 75.320 and § 75.439).

4.20.1.1 Vehicles and equipment purchased with CSBG funds must be used by Contractor in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by CSBG funds, and Contractor must not encumber the property without prior approval of CSD. When no longer needed for the original program or project, the equipment may be used in other activities supported by CSD, in the following order of priority: (a) activities under a Federal award from CSD; then (b) activities under Federal awards from other HHS awarding agencies.

4.20.1.2 During the time that equipment is used on the project or program for which it was acquired, Contractor must also make the equipment available for use on other projects or programs currently or previously supported by the Federal Government. User fees should be considered, if appropriate, in accordance with federal regulations.

4.20.1.3 Any user fees shall be treated as "program income" to the CSBG program, as described in 45 CFR § 75.307.

4.20.1.4 Contractor may be compensated for the use of its buildings, capital improvements, equipment and software projects capitalized in accordance

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

with generally accepted accounting principles (GAAP), provided they are used, needed in Contractor's program activities, and properly allocated to the CSBG program. Such compensation must be made by allocating and computing depreciation in accordance with the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards (45 CFR § 75.436).

4.20.2 Contractor shall comply with all equipment management requirements outlined in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards (45 CFR § 75.320 (d)), including, but not limited to: (a) property records; (b) physical inventory of the property; (c) a control system to prevent loss, damage, or theft; (d) adequate maintenance procedures; and (e) proper sale procedures.

4.20.3 *Sale or Disposition of CSBG-Funded Vehicles and Equipment.*

4.20.3.1 If/when Contractor's CSBG program(s) no longer need(s) items of equipment with a current per unit fair market value of $5,000 or less, the equipment may be retained, sold, or otherwise disposed in accordance with the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards (45 CFR § 75.320).

4.20.3.2 Conflict of interest policies and proper sales procedures should be followed to ensure that the best possible value and sale price is realized.

4.20.3.3 Pursuant to 45 CFR § 75.307(d), sale proceeds from the sale of real property, equipment, or supplies are not program income. (S*ee also* 45 CFR § 75.2 "Program Income".) Such proceeds will be handled in accordance with the requirements of Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards – *Subpart D–Post Federal Award Requirements* (including 45 CFR §§ 75.318, 75.320 and 75.321).

4.21 Subcontracts

4.21.1 Contractor may enter into subcontract(s) to perform part or all of the direct services covered under this Agreement. Prior to the commencement of subcontracted services under this Agreement, Contractor shall obtain board approval, to include but not be limited to, an assurance that the subcontractor agreement(s) shall comply with all terms, conditions,

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

assurances, and certifications of this Agreement for the nonprofit and local governmental agencies performing services in the area(s) described in ARTICLE 1 - SCOPE OF WORK.

4.21.2 *Notification of Subcontract Execution.*

4.21.2.1 Contractor shall provide annual written notification to CSD within 60 calendar days of execution of each subcontractor agreement by completing the CSD 163 Subcontractor List (Form), which can be found on the Local Agencies Portal.

4.21.2.2 This annual written notification shall also include a certification that, to the best of Contractor's knowledge, the subcontractor is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency. For purposes of this certification of subcontractor eligibility, Contractor may rely on information as verified via the Excluded Parties List System (EPLS), available at https://sam.gov/.

4.21.2.3 If CSD determines that Contractor has executed a subcontract with an individual or entity listed as debarred, suspended, or otherwise ineligible on EPLS as of the effective start date of the subcontract, costs Contractor has incurred under the subcontract may be disallowed.

4.21.2.4 Contractor must ensure that funds expended pursuant to this Agreement are allowable and allocable and Contractor must adopt fiscal control and accounting procedures sufficient to enable the tracing of funds paid to any subcontractor to a level of expenditure adequate to establish that such funds have not been used in violation of this Agreement. Contractor shall ensure that any subcontracts under this Agreement contain all provisions necessary to ensure adequate substantiation and controls of the expenditure of such funds. Contractor may achieve this through detailed invoices, by periodic monitoring of subcontractor's program activities and fiscal accountability, by retaining a right of reasonable access to the subcontractor's books and records, or by any other method sufficient to meet the Contractor's responsibility to substantiate costs required by the Uniform Administrative

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

Requirements, Cost Principles and Audit Requirements for HHS Awards (45 CFR Part 75, Subpart E – Cost Principles).

4.21.3 Contractor is solely responsible for performance of the terms, conditions, assurances, and certifications of this Agreement, without recourse to the State, regarding the settlement and satisfaction of all contractual and administrative issues arising out of subcontract agreement(s) entered into in support of this Agreement, including disputes, claims, or other matters of a contractual nature as well as civil liability arising out of negligence or intentional misconduct of the subcontractor(s).

4.21.4 Nothing contained in this Agreement shall create any contractual relation between CSD and any subcontractors, and no subcontract shall relieve the Contractor of its responsibilities and obligations hereunder. Contractor shall be liable for any acts and omissions of its subcontractors or of persons either directly or indirectly employed by subcontractors in violation of this Agreement. Contractor's obligation to pay subcontractor(s) is independent from CSD's obligation to make payments to Contractor. As a result, CSD shall have no obligation to pay or to enforce payment of any moneys to any subcontractor.

4.21.5 In the event CSD suspends, terminates, and/or makes changes to the services to be performed under this Agreement, Contractor shall notify all of its subcontractors in writing within five business days of receipt of notice of such action.

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

ARTICLE 5 – PROGRAM BUDGET REQUIREMENTS AND PAYMENTS

5.1 Budget

5.1.1 Concurrent with the submission of this Agreement, Contractor shall complete and submit the CSBG Fiscal Data forms [CSBG Contract Budget Summary (CSD 425.S), CSBG Budget Support - Personnel Costs (CSD 425.1.1), CSBG Budget Support - Non-Personnel Costs (CSD 425.1.2), CSBG Budget Support - Other Agency Operating Funds (CSD 425.1.3), and Budget Narrative (CSD 425.1.4)] attached to this Agreement. Contractor must include an itemized list identifying all other funding sources and amounts that make up the total annual operating budget of the community action program(s). Notwithstanding any other provision of this paragraph, Contractor may submit the itemized list of other funding sources by either of the following methods: (a) completing the attached form (CSD 425.1.3); or (b) submitting an internal annual budget document displaying the funding sources and their anticipated revenues.

5.1.2 Contractor shall submit the CSBG Contract Budget Narrative form (CSD 425.1.4) with a justification for each projected line item reported on the CSD 425.1.1 and CSD 425.1.2.

5.1.3 *Administrative Expenses.* For the purpose of administrative expenditures, and pursuant to Cal. Gov. Code § 12781(c)(1)(D), Contractor may use funds allocated under this Agreement in an amount not to exceed 12 percent of the total operating budget of its community action program(s), including other agency funds used to support CSBG. Contractor shall not use funds provided under this Agreement to cover administrative costs incurred in the Low Income Home Energy Assistance Program (LIHEAP) in excess of the LIHEAP contractual limitations by the Contractor's agency.

The budgets of the Contractor's community action programs, not the budget of the organization or the organizational division to which the community action programs are assigned, shall be used in calculating the amount of allowable administrative expenditures under this subparagraph.

5.1.3.1 A qualifying community action program is defined by Cal. Gov. Code § 12750(b) as:

A "locally planned and operated program comprising a range of services and activities having a measurable and potentially major impact on causes of

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

poverty in the community or those areas of the community where poverty is a particularly acute problem."

5.1.3.2 Community action programs typically:

5.1.3.2.1 Maintain a tripartite board of directors or advisory board, as defined in Cal. Gov. Code § 12751, which in the case of governmental entities, has operational jurisdiction and oversight or advisory responsibility, and

5.1.3.2.2 Serve the purposes and goals of the federal Community Services Block Grant Act, Section 672 (42 USC § 9901) and Cal. Gov. Code § 12750 with particular reference to the reduction of the causes and conditions of poverty and persistent economic insecurity.

5.1.4 For purposes of allocating indirect costs, contractors may use current negotiated indirect cost rates that have been approved by a cognizant federal agency. Contractor shall submit a copy of the letter of approval from the cognizant agency which includes date of approval and amount of rate. In the absence of a negotiated indirect cost rate, Contractor may elect to use a 15 percent de minimis indirect cost rate as permitted under 45 CFR § 75.414(f) and 2 CFR § 200.414(f).

5.1.5 *Budget modifications require pre-approval by CSD*. No originally approved budget line item may be increased or decreased by more than 10 percent (10%) without prior CSD approval. Contractor shall submit a CSD 425b, *Justification for Contract Amendment/Modification* and updated budget forms to request a budget modification.

5.2 Advance Payments – Amount

5.2.1 Upon approval of all contract deliverables, CSD shall, in accordance with Cal. Gov. Code § 12781(b), issue an advance payment to Contractor in an amount not to exceed 25 percent of the maximum amount of this Agreement.

5.2.2 If HHS does not initially make enough funds available for CSD to pay the advance amount in full, CSD shall provide that portion of the advance payment that is available and pay the remaining portion(s) as funds become available.

5.2.3 If HHS fails to provide sufficient funds to pay the advance payment during the first six months of the contract term, Contractor will not be entitled to additional advance

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

payments thereafter.

5.2.4 If, during the first six months of the contract term, CSD amends this Agreement to increase the maximum amount, CSD shall advance up to 25 percent of the increase to Contractor.

5.2.5 Contractors who opt not to receive an advance payment must notify CSD in writing on agency letterhead. Written notification must be submitted with the Agreement.

5.3 Advance Payments – Interest on Advances

5.3.1 Contractor must deposit all advances in an interest-bearing account in accordance with 45 CFR § 75.305(b)(8), unless one or more of the following apply:

5.3.1.1 Contractor receives less than $120,000 in Federal awards per year.

5.3.1.2 The best reasonably available interest-bearing account would not be expected to earn interest in excess of $500 per year on federal cash balances.

5.3.1.3 The depository would require an average or minimum balance so high that it would not be feasible within the expected Federal and non-Federal cash resources.

5.3.2 Interest earned amounts up to $500 may be retained by Contractor for administrative expenses. Any additional interest earned on CSBG advance payments deposited in interest-bearing accounts must be remitted annually to the U.S. Department of Health and Human Services at:

HHS Program Support Center
P. O. Box 979132
St. Louis, MO 63197

When returning interest, the refund should include: an explanation stating that the refund is for interest, the name of the awarding agency (CSD), and the grant number for which the interest was earned.

5.4 Advance Payments – Liquidation of Advance

5.4.1 Contractor may liquidate the advance at any time through offsets against CSD-approved reimbursement requests; however, CSD shall initiate repayment of the

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

advance through offsets of approved expenditures at the seventh monthly reporting period of the Period of Performance, or when the Contractor has expended 75 percent of the maximum amount of this Agreement.

5.4.2 CSD-initiated repayments of the advance shall be accomplished through offsets against subsequent reimbursement of approved expenditures. CSD shall determine the amount to be offset against reimbursements by dividing the unpaid advance amount by the number of remaining expenditure reporting periods in the Period of Performance In the event that an expenditure request for a reporting period is less than the offset amount as determined above, the entire amount of the expenditure reimbursement request shall be applied against the remaining advance balance. If the original contract is granted a term extension, this does not extend the advance repayment period.

5.4.3 If the advance payment is not fully paid by the end date of the original contract term, then CSD will offset any subsequent reimbursement of approved expenditures to fully repay the advance payment.

5.5 Advance Payments – Lien Rights

The State retains lien rights on all funds advanced.

5.6 Payments

5.6.1 Upon approval of Contractor deliverables CSD shall issue payments (as specified by Contractor on the CSD 425.S and CSD 627) to Contractor upon receipt and approval of a certified CSBG Expenditure/Activity Report. The report shall indicate the actual expenditures being billed to CSD for reimbursement for the specific report period.

5.6.2 Subsequent payments to Contractor shall be contingent on receipt and approval by CSD of the preceding Expenditure/Activity Report. If Contractor owes CSD any outstanding balance(s) for overpayments of any Agreement, current or previous, the balance(s) may be offset after notice to the Contractor providing an opportunity to present any valid objection to the offset.

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

SUBVENTION AGREEMENT

ARTICLE 6 – FINANCIAL REPORTING

6.1 Fiscal Reports

6.1.1 Contractor shall request reimbursement for expenditures associated with all contract activities by reporting in the Expenditure Activity Reporting System (EARS) in accordance with CPN-C-22-01, CSBG Financial Reporting Policies and Procedures, which is available online at the Local Agencies Portal.

6.1.2 Contractor shall submit adjustments in accordance with CPN-C-22-01.

6.1.3 Contractor shall complete and submit to CSD a monthly CSBG Expenditure/Activity Report by entry in EARS on or before the 25th calendar day following the report period. This monthly submission is required regardless of the amount expended during the reporting period, even if the amount is zero.

6.2 Close-Out Report

6.2.1 Contractor shall complete and submit all CSD close-out forms when funds are 100 percent expended and according to the timelines below. The close-out report must be submitted for both the CSBG and Discretionary portions of the contract amount. The close-out report must be submitted according to the following Period of Performance timeline:

- Period of Performance: January 1, 2025, through December 31, 2025; Close-out due March 31, 2026 (90 calendar day close-out);
- Extension Period: January 1, 2025, through March 31, 2026; Close-out due May 31, 2026 (60 calendar day close-out); or
- Extension Period: January 1, 2025, through April 30, 2026; Close-out due May 31, 2026 (31 calendar day close-out).

6.2.2 The close-out report shall include the following forms: Close-Out Checklist and Certification of Documents Transmitted (CSD 715), Close-Out Program Income/Interest Earned Expenditure Report (CSD 715C), Close-Out Equipment Inventory Schedule (CSD 715D) and CSBG Discretionary Grant Work Plan/Final Report (CSD 626FR). The latest versions of the close-out forms are available on the Local Agencies Portal.

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

6.2.3 All close-out forms must be submitted electronically via email to CSBG.Div@csd.ca.gov.

6.2.4 Final expenditures must be submitted by entry into EARS by within the established close-out period coinciding with the performance period of this agreement as described in Section 6.2.1.

6.2.5 All adjustments must be submitted in accordance with CPN-C-22-01.

6.2.6 Subsequent payments for expenditures under any open CSD contract and the issuance of other CSD contracts shall be contingent upon timely submission of the closeout report.

6.2.7 If CSD grants Contractor a term extension, regardless of the Extension Period, Contractor must submit all required close-out documents, without exception, no later than May 31, 2026.

6.3 Transparency Act Reporting

6.3.1 Federal Funds Accountability and Transparency Act (FFATA) Requirements. Awards under these programs are included under the provisions of P.L. 109-282, the "Federal Funds Accountability and Transparency Act of 2006" (FFATA). Under this statute, the grant recipient is required to report information regarding executive compensation and all subawards, contracts, and subcontracts in excess of $25,000 through the Federal Subaward Reporting System (https://www.SAM.gov/fsrs) and in accordance with the terms found in Federal regulations at 2 CFR Part 170, including Appendix A.

6.3.2 Pursuant to the FFATA reporting requirements (2 CFR Part 170), CSD is required to report information regarding contractors (sub-awardees) receiving CSBG funds. Contractor must complete CSD Form 279, located on the Local Agencies Portal and return with the signed contract to ensure compliance.

6.3.3 CSD may issue guidance and/or amendment(s) to this Agreement, establishing additional reporting requirements as necessary to ensure compliance with the FFATA or other Federal and State regulations, as applicable.

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

ARTICLE 7 – CSBG TERMS, CONDITIONS, PROGRAMMATIC PROVISIONS, AND REPORTING

7.1 Discretionary Funds Requirements

7.1.1 Contractor shall complete the following documents, available on the Local Agencies Portal, satisfactory to CSD in form and substance, and submit to the assigned CSD Field Representative within 30 calendar days of receipt for private agencies or 45 calendar days of receipt for public agencies.

7.1.1.1 CSBG Contract Discretionary Contract Budget Summary (CSD 627S);

7.1.1.2 CSBG Discretionary Budget Support Personnel Cost (CSD 627A);

7.1.1.3 CSBG Discretionary Budget Support Non-Personnel Cost (CSD 627B);

7.1.1.4 CSBG Discretionary Budget Contract Budget Narrative (CSD 627C); and

7.1.2 *Administrative Cap*. The discretionary allocation is subject to an administrative cap of 12 percent of the total discretionary funds received.

7.1.3 *Advance Payments*. Advance payments are not available on the 2025 Discretionary Funds.

7.1.4 *Fiscal Reporting*. Contractor shall complete and submit to CSD a monthly CSBG Expenditure/Activity Report by entry in EARS on or before the 25th calendar day following the report period. This monthly submission is required regardless of the amount expended during the reporting period, even if the amount is zero.

7.1.5 Discretionary funds are expected to be fully expended no later than December 31, 2025.

7.1.6 *Close-Out*. Contractor shall complete and submit all CSD close-out forms as required and outlined in Section 6.2.

7.2 Fair Hearing for Denial of Client Benefits by Contractor

7.2.1 Pursuant to 22 Cal. Code Regs. § 100751, as amended, Contractor shall advise individuals who have been denied assistance under a program funded by this Agreement of their right to appeal to the Contractor, and if not satisfied with the Contractor's decision, then to CSD for a fair hearing within 20 calendar days from

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

the denial of assistance. Contractor must establish a procedure for an appeal process which at a minimum complies with 22 Cal. Code Regs. § 100751.

7.2.2 Within five business days of receipt of an appeal from a client, CSD's Administrative Fair Hearing Officer shall schedule an administrative fair hearing to be conducted no later than 30 calendar days from the receipt of the request.

7.2.3 The client may withdraw the appeal/request for a fair hearing at any time during the appeal process by providing written, email, or telephonic notice to CSD. Telephonic notice of withdrawal must be confirmed in writing by the Administrative Fair Hearing Officer or designated CSD staff.

7.3 Organizational Standards

To maintain compliance with the Office of Community Services' *CSBG IM 138: State Establishment of Organizational Standards for CSBG Eligible Entities*, Contractor shall submit the Organizational Standards annually utilizing the eGov ReportHub system no later than September 2, 2025. Contractor shall have until January 31, 2026, to address modification requests from CSD and/or complete the technical assistance plan(s) for unmet standards in the 2025 Organizational Standards Assessment.

7.4 Programmatic Reporting

7.4.1 *Submission of Required Plans/Reports.* Unless otherwise specified by the provisions of this Article, all Community Action Plans and reports required by the provisions of this Article shall be submitted via email to CSBG.Div@csd.ca.gov, no later than the date specified.

7.4.2 *Community Action Plan*. Contractor shall submit a Community Action Plan meeting the requirements of Government Code § 12747 no later than June 30th of every odd year, unless/until otherwise instructed by CSD. All future Community Action Plans must include certification of a ROMA trainer, implementor, California ROMA Representative, or advocate prior to submission to CSD.

7.4.3 *CSBG Annual Work Plan Modules 3 and 4*. Annual programmatic work plan covers the proposed programmatic activities from January 1, 2025, through December 31, 2025. Contractor must complete and submit the CSBG Annual Work Plan CSD 641 form and enter the Targets using Work Plan CSD 641A Module 3 Targets and/or 641B Module 4 Targets as part of the contract deliverables. Required data for Module 3 and Module 4 will include selecting the appropriate CNPI(s) and or FNPI(s), entering the target, and entering the type of documentation the agency will use to verify the outcome has been met. The Annual Report projections for CY

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

2025 must be completed and submitted with the contract deliverables. Copies of the forms may be accessed on the Local Agencies Portal.

7.4.4 *CSBG Annual Report Modules 2 through 4 and Agency Success Stories.* Annual programmatic reporting covers the programmatic activities from January 1, 2025, through December 31, 2025. As applicable, Modules 2 through 4 and Agency Success Stories must be completed and submitted in the eGov Reporting system no later than February 3, 2026. Access to the eGov system is available at: https://cacsd.communitysoftwaregroup.com/CsgIdentity/Account/LogIn.

7.4.5 Contractor shall be required to collect programmatic outcomes associated with services provided under an extended Period of Performance covering the period January 1, 2026, through the extended Period of Performance as specified on the STD 213. Contractor must submit the programmatic outcomes through this period with the following year's annual report information.

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

ARTICLE 8 – COMPLIANCE POLICIES AND PROCEDURES

8.1 Right to Monitor, Audit, and Investigate

8.1.1 Any duly authorized representative of the federal or State government, which includes but is not limited to the State Auditor, CSD Staff, and any entity selected by CSD to perform inspections, shall have the right to monitor and audit Contractor and all subcontractors providing services under this Agreement through on-site inspections, audits, and other applicable means the State determines necessary.

8.1.2 Contractor shall make available all reasonable information necessary to substantiate expenditures under this Agreement are allowable and allocable, including, but not limited to books, documents, papers, and records. Contractor shall agree to make such information available to the federal government, the State, or any of their duly authorized representatives including representatives of the entity selected by CSD to perform inspections, for examination, copying, or mechanical reproduction, on or off the premises of the appropriate entity upon a reasonable request.

8.1.3 Any duly authorized representative of the federal or State government shall have the right to undertake investigations in accordance with applicable federal and state requirements, with particular reference to 42 USC §§ 9914-9916, and 22 Cal. Code Regs. § 100730, as amended.

8.1.4 All agreements entered into by Contractor with audit firms for purposes of conducting independent audits under this Agreement shall contain a clause permitting any duly authorized representative of the federal or State government access to the working papers of said audit firm(s).

8.2 Compliance Monitoring – Contractor's and CSD's Shared Responsibilities for Federal Funds

8.2.1 As the recipient of federal CSBG funds under this Agreement, Contractor is responsible for substantiating that all costs claimed under this Agreement are allowable and allocable under all applicable federal and State laws, and for tracing all costs to the level of expenditure.

8.2.2 As the State CSBG administrator, CSD must conduct onsite and follow-up monitoring, and other audits/reviews as necessary, to ensure that:

8.2.2.1 Contractor meets federal and state performance goals, administrative and

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

financial management standards, and other requirements, including federal organizational standards, as discussed in Article 7.2, applicable to CSBG-funded programs; and

8.2.2.2 Funds allocated to Contractor are expended for the purposes identified in federal and State CSBG law for allowable and allocable costs in accordance with CFR requirements.

8.2.3 CSD shall provide Contractor reasonable advance written notice of on-site monitoring reviews of Contractor's program or fiscal performance. Contractor shall cooperate with CSD program staff and other representatives, and provide access to all programs, records, documents, resources, personnel, inventory, and other things reasonably related to the administration and implementation of the services and activities funded directly or indirectly by this Agreement.

8.2.4 Except under certain conditions whereby advanced notice may not be feasible such as, a whistleblower or other investigation, CSD shall provide Contractor reasonable advance written notice of on-site audit of Contractor's program or fiscal performance. Contractor shall cooperate with CSD audits and other representatives, and provide access to all programs, records, documents, resources, personnel, inventory, and other things reasonably related to the administration and implementation of the services and activities funded directly or indirectly by this Agreement.

8.2.5 In the event CSD determines that Contractor is not in compliance with material or other legal requirements of this Agreement, CSD shall provide Contractor with observations, recommendations, and/or findings of noncompliance in writing, along with specific action plans for correcting the noncompliance. All noncompliance findings must be resolved by the mutually agreed upon corrective action timeframe.

8.3 Collection of Disallowed Costs

8.3.1 In the event questioned costs are identified in a final decision on cost disallowance issued by CSD, Contractor shall comply with any demand for repayment, as specified in such final report.

8.3.2 *Time for Response.* Contractor shall have no less than 30 calendar days from receipt of the final decision to tender payment to CSD or, alternatively, to provide CSD with complete and accurate information or documentary evidence in support of the

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

allowability of questioned costs.

8.3.3 *Notice After Review of Further Supporting Evidence.* If Contractor challenges questioned costs and submits complete and accurate information or documentary evidence in support of the allowability of questioned costs as provided above in Article 8.3.2, CSD shall, after consideration of Contractor's submission, accordingly, issue a revised Notice of Disallowed Costs, if any, no later than 30 calendar days after receipt of Contractor's information or documentation. Contractor shall have 15 calendar days from receipt of such Notice to tender payment or a repayment plan acceptable to CSD. In the alternative, Contractor may request a hearing in accordance with this Agreement, for CSD's final determination of disallowed costs.

8.3.4 All statements, notices, responses and demands issued in accordance with this Article 8.3 shall be in writing.

8.3.5 CSD may, at its discretion, reasonably extend the time periods allowed for responses specified in this Article 8.3.

8.4 Auditing Standards

8.4.1 *Applicability.* The standards set forth in in 2 CFR § 200.500 et seq. are hereby incorporated by reference.

8.4.2 *Supplemental Audit Guide.* In addition to the applicable audit requirements specified in Article 8.4.1, Contractor must follow the most current CSD Supplemental Audit Guide, which is incorporated into this Agreement by reference and may be accessed on the Local Agencies Portal.

8.5 Audit Reports

8.5.1 Funds provided under this Agreement shall be included in an audit conducted in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements §§ 200.500-521, standards promulgated by the American Institute of Certified Public Accountants (AICPA), and those standards included in the U.S. Government Accountability Office's "Government Auditing Standards," July 2018 Revision, as amended, April 2021. Please note: February 2024 Revision of Government Auditing Standards is effective for financial audits, attestation engagements, and reviews of financial statements for periods ending on or after December 15, 2025, and for performance audits beginning on or after December 15, 2025.

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

8.5.2 *Organizations below audit threshold.* Contractors falling below the federal funding threshold, currently $1,000,000, that mandates a single audit may be subject to an audit and/or other fiscal or program-specific review conducted by CSD or its agents, upon 30 calendar days written notice.

8.5.3 The financial and compliance audit report shall contain a Schedule of Expenditures of Federal Awards (SEFA) in accordance with 2 CFR § 200.510 (45 CFR § 75.510). The SEFA must report total federal awards expended for the appropriate single audit report period. All CSBG grants shall be reported separately on the SEFA, i.e., CSBG; Discretionary. In addition, a separate Supplemental Statement of Revenues and Expenditures (SSRE) for **each** contract whose **term ends** during the single-audit fiscal year shall be included in that year's single audit. The SSRE shall report revenue and expenditures for CSD funding by contract line item and Contractor's fiscal year. The SSRE shall cover the entire contract term as required in CSD's Supplemental Audit Guide.

8.5.4 *Submission of Audit Reports*. Contractor shall submit to CSD one electronic copy of the required audit report(s) and any management letter(s) issued by the accountant, within the earlier of 30 calendar days after receipt of the auditor's report, or nine months after the end of the Contractor's fiscal year.

8.5.5 The audit report(s) and all supplemental financial information must be submitted to the following addresses:

One Electronic copy:

audits@csd.ca.gov

Upon receipt of the audit report, CSD's Audit Services Unit (ASU) will send a confirmation email within ten calendar days. Contractor should verify receipt of ASU's confirmation email to ensure your Single Audit report was received.

In accordance with the guidelines of the Division of Audits of the California State Controller's Office (SCO), if Contractor is a local government agency, the reporting package may be submitted to the SCO via the SCO's Data Exchange Portal (DEP), or by U.S. Postal Service or private carrier. Reports submitted via DEP must be uploaded as unsecured PDFs. If you have any questions, please contact SCO at: SingleAudits@sco.ca.gov.

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

8.6 Failure to Comply with Audit Requirements

8.6.1 As outlined in CPN-A-24-01 (Single Audit Requirements), failure by the Contractor to comply with audit requirements may result in a high risk designation and certain special conditions.

8.6.2 *Collection of Disallowed Costs*. Contractor shall have no less than ten business days from receipt of the draft Audit Transmittal Report (TR) or comparable document to provide acceptance of the disallowed costs or, alternatively, to provide CSD with complete and accurate information or documentary evidence in support of the allowability of questioned costs.

8.6.3 If Contractor challenges questioned costs and submits complete and accurate information or documentary evidence in support of the allowability of questioned costs CSD shall, after consideration of Contractor's submission, issue a final TR, no later than 30 calendar days after receipt of Contractor's information or documentation. If questioned costs are determined to be owning, ASU shall notify CSD's Fiscal Accounting Services Unit (FASU) to send an invoice. Contractor will tender payment to FASU or negotiate a repayment plan acceptable to FASU.

8.7 Enforcement Actions Resulting from Noncompliance with this Agreement

8.7.1 *Legal Authority*. The authority for CSD Enforcement Actions, as defined in Article 8.7.2, for cost disallowances/recovery of misused funds, and for de- designation of eligible entity status (collectively "Enforcement Process") is found in the federal CSBG Act (42 USC §§ 9914-9916), in the Code of Federal Regulations, and in state regulations, with particular reference to 22 Cal. Code Regs. § 100780. In order to facilitate compliance with the cited authorities, the parties to this Agreement agree that Article 8.7 shall: (a) guide, inform and clarify the Enforcement Process; (b) establish the procedures to be followed; and (c) establish the rights and obligations of the parties with respect to the Enforcement Process, for purposes of implementing the principles set out in the applicable legal authorities.

8.7.2 *Definitions.*

Enforcement Action. For purposes of this Article, "Enforcement Action" shall refer to official steps taken by CSD in response to material breaches of this Agreement and/or Contractor's inability to fulfill contractual obligations of the Agreement due to serious financial instability or insolvency. Enforcement Actions may include any of the following: (a) "High-Risk" designation; (b) a determination of cost

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

disallowance; (c) contract suspension; (d) contract termination; or (e) termination of Contractor's designation as an eligible entity.

High Risk Designation refers to the status of a Contractor which, due to material breach/failure to fulfill contractual obligations and/or serious financial instability, is subject to Enforcement Action(s) that may include imposition of Special Conditions and/or Sanctions designed to allow for continued performance of the Agreement within the conditions/sanctions imposed, or other actions deemed necessary to safeguard public funds.

Material Breach means any act or omission by Contractor that is in contravention or disregard of Contractor's duties and obligations under the terms of this Agreement and under applicable State and federal law, which act or omission: (a) constitutes fraud or gross negligence by Contractor or its agent(s);
(b) is likely to result in significant waste and/or abuse of federal funds; (c) has a significant adverse impact on Contractor's ability to meet its administrative, financial, or programmatic duties and obligations over the term of the contract or a significant portion thereof; (d) violates or otherwise disregards significant program guidance and other requirements of the Federal Government, whether issued directly or through CSD; (e) may have serious adverse effects and consequences on the Contractor's customers, employees, subcontractors, creditors, suppliers, vendors, or other stakeholders; or (f) may otherwise significantly and adversely affect the viability, effectiveness, or integrity of the program.

8.7.3 *Initiation of Enforcement Action.*

8.7.3.1 *Grounds for Enforcement Action.* If CSD determines that Contractor has not complied with the requirements of this Agreement and that Contractor's noncompliance constitutes a material breach of the Agreement, or if CSD determines that Contractor's financial condition is so unstable and tenuous that its ability to implement this Agreement is seriously compromised, CSD may initiate an Enforcement Action.

8.7.3.2 *Notice of High-Risk Designation.* To initiate an Enforcement Action, CSD must provide Contractor with written Notice of High-Risk designation, setting forth: (a) the factual and legal basis for the determination of noncompliance, upon which the High-Risk designation is based; (b) the corrective action(s) required; and (c) the date by which they must be taken and completed.

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

8.7.4 *Special Conditions and Sanctions.*

8.7.4.1 CSD may impose Special Conditions and/or Sanctions upon a determination that such steps are reasonably necessary to address acute financial instability or a material breach, as defined above. Imposition of Special Condition(s) and/or Sanction(s) shall be in writing and shall become effective on the date specified in the notice. Such notices must contain the following information: (a) the nature of the Special Condition(s) and/or Sanction(s) being imposed; (b) the reason(s) for imposing Special Condition(s) and/or Sanction(s); and (c) the corrective actions that must be taken and the time allowed for completing them before CSD removes the Special Condition(s) and/or Sanction(s).

8.7.4.2 Special Conditions may include but are not limited to: (a) requiring Contractor to obtain training and/or technical assistance; (b) imposition of special or additional reporting requirements; (c) special or conditional cost reimbursement requirements and procedures; (d) provision of documentation by Contractor; and/or (e) requiring Contractor to amend or modify systems, procedures, and/or policies.

8.7.4.3 Sanctions may include but are not limited to: (a) suspension of advances and/or reimbursements; and/or (b) issuance of notices to suspend operations.

8.7.4.4 Sanctions may not be imposed without a hearing being first held in accordance with applicable regulations, *unless* CSD reasonably determines, based on credible information, that: (a) substantial sums to be paid to Contractor have been or will be used in violation of law or the provisions of this Agreement, and/or (b) associated costs are otherwise very likely to be disallowed; and (c) taxpayer dollars are at significant risk and are unlikely to be recovered if Sanctions are not immediately imposed.

8.7.5 *Procedures for Review of Special Conditions and/or Sanctions.*

8.7.5.1 If Contractor wishes to contest the imposition of Special Conditions and/or Sanctions, Contractor shall have five business days following receipt of a Notice of Enforcement Action in which to show cause, in writing, why the Special Conditions or Sanctions should not be imposed.

8.7.5.2 CSD shall have five business days following receipt of Contractor's response to accept or reject Contractor's objection and to state in writing the

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

consequences of the decision and Contractor's obligations going forward, if any.

8.7.5.3 *Hearing.* Within five business days of receipt of a Notice of Enforcement Action, Contractor may request a hearing for the parties to consider the matters addressed in the Notice and to discuss alternative courses of action, which meeting CSD may agree to if, in its sole judgment, it determines that the meeting would be helpful to the process, can be held expeditiously, and will not cause undue delay or further jeopardize taxpayer dollars.

8.7.5.4 Contractor may, at any time, request in writing that CSD initiate the contract suspension or contract termination processes, to include the requisite hearings, as set out in applicable federal and State law, with particular reference to 22 Cal. Code Regs. § 100780.

8.7.5.5 Should Contractor fail to show cause as to why the Enforcement Action should not go forward, or should Contractor fail to request that CSD initiate either the contract suspension or termination processes, CSD may initiate such action at its own discretion.

8.7.5.6 Special Conditions and Sanctions shall remain in effect until the hearing procedure is completed, provided, with respect to sanctions, CSD reasonably determines that Article 8.7.5.3 applies.

8.7.6 *Enforcement Action Cost Disallowance.*

8.7.6.1 *Statement of Questioned Costs.* If CSD determines that Contractor's non-compliance has resulted in questioned costs, CSD shall provide Contractor with a Statement of Questioned Costs along with the Notice of Enforcement Action, or at such later time in the enforcement process as questioned costs are identified.

8.7.6.2 Statements of Questioned Costs shall include, at minimum: (a) particular item(s) of cost questioned and the specified amount(s) by type or category of costs; (b) factual basis for questioning costs, and the information and/or documentation required to justify payment of the costs; and (c) timeframe and procedures for Contractor's submission of the required information or documentation to CSD.

8.7.6.3 *Investigative Audits and Reports.* If CSD determines that more information is required before a Statement of Questioned Costs can be issued or before a

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

final determination of cost disallowance can be made, CSD may conduct an investigative audit of Contractor's records, files and books of account, or retain an audit firm for such purpose. Contractor agrees to cooperate fully in any audit conducted and to ensure that Contractor's agents, accountants and subcontractors cooperate in the performance of such audit. A report of any audit conducted shall be shared with Contractor, who shall be given ample opportunity to respond to findings and to submit information and documentation in support of the response.

8.7.6.4 *Effect of Non-Cooperation with Investigative Audits.* If Contractor fails to cooperate in the conduct of an audit initiated pursuant to Article 8.5, CSD may: (a) impose sanctions as provided in Article 8.7.4; and/or (b) issue a Notice of Disallowed Costs as determined appropriate.

8.7.6.5 *Notice of Disallowed Costs.* If CSD determines that further information and/or documentation provided by Contractor has not fully addressed or resolved any outstanding issues of questioned costs, CSD shall issue a Notice of Disallowed Costs, which notice shall include: (a) the amount of disallowed costs to be repaid, if any; and (b) the date by which repayment must be made or, in the alternative, (c) the date by which Contractor must submit a proposed repayment plan for consideration by CSD.

8.7.6.6 *Right to Dispute Notice.* Not later than five business days after receipt of a Notice of Disallowed Costs, Contractor may request a hearing disputing the Notice or statements made therein. The hearing shall be conducted in accordance with the procedures set out in 22 Cal. Code Regs. § 100780, for the purpose of adjudicating the matter of cost disallowance; however, either Contractor or CSD may opt to adjudicate other pending enforcement action matters, in a combined proceeding.

8.7.6.7 *Waiver of Right to Dispute.* If Contractor declines to request a hearing to adjudicate cost disallowance, or neglects to submit a request as provided in Article 8.7.6.6, the Notice of Disallowed Costs shall be deemed final, and Contractor shall be obligated to comply with the requirements of the Notice.

8.7.6.8 Contractor will be deemed to have complied with a Notice of Disallowed Costs when CSD receives full repayment of outstanding disallowed amount(s), or when CSD formally approves a repayment plan. In reviewing Contractor's repayment plan, CSD shall take into consideration such factors as, but not limited to: (a) federal requirements or conditions applicable to the

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

grant(s) under which the disallowed costs were funded; (b) the exigencies of the grant program and CSD's ability to reallocate the funds repaid or otherwise dispose of the funds in accordance with applicable law; (c) the risk of being unable to recover funding and the options for securing Contractor's repayment obligation; and (d) Contractor's financial condition and ability to pay.

8.7.7 *Removal of High-Risk Designation.* Contractor shall remain on High-Risk until CSD reasonably determines that Contractor has complied with the requirements of the Notice of High-Risk Designation, including verification by CSD that corrective measures have been implemented, that all conditions have been met and that disallowed costs have been repaid or, alternatively, that CSD has deemed Contractor's repayment plan to be acceptable and Contractor has demonstrated it is in compliance with the plan. Upon determination that Contractor has complied with the requirements of the Notice of High-Risk Designation, CSD shall give Contractor written notice of such determination.

8.7.8 *Further Enforcement Action*. In the event Contractor's non-compliance with the terms and conditions of this Agreement are not remedied through imposition of Special Conditions, and/or Sanctions, thereby enabling CSD to remove High-Risk designation, CSD may initiate further Enforcement Actions involving Contract Suspension, Contract Termination and Termination of Contractor's designation as eligible entity, which shall be initiated and conducted in accordance with the applicable provisions found in 22 Cal. Code Regs. § 100780 and other applicable State and federal statutes and regulations.

8.7.9 *Contractor's Status During Federal Review Period.* The final decision with respect to any enforcement action which involves contract termination, cost disallowance, a denial of refunding, and/or de-designation of an eligible entity shall become effective upon completion of the applicable federal review, if initiated by Contractor, and in compliance with review requirements pursuant to Section 678C of the Community Services Block Grant Act, (42 USC § 9915), except that Special Conditions and Sanctions shall remain in force during the course of any federal review and appeal, and no new contracts or amendments will be executed during the federal review and appeal process.

ARTICLE 9 – FEDERAL AND STATE POLICY PROVISIONS

9.1 Federal Certification Regarding Debarment, Suspension, and Related Matters

9.1.1 Contractor hereby certifies to the best of its knowledge that it, any of its officers, and any subcontractor(s):

a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency;

b. Have not, within a three-year period preceding this Agreement, been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction; violation of federal or State antitrust statutes; commission of embezzlement, theft, forgery, or bribery; falsification or destruction of records; making false statements; or receiving stolen property;

c. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state, or local) with commission of any of the offenses enumerated in Article 9.1.1; and

d. Have not, within a three-year period preceding this Agreement, had one or more public (federal, state, or local) transactions terminated for cause or default.

9.1.2 If any of the above conditions are true for the Contractor, any of its officers, or any subcontractor(s), Contractor shall describe such condition(s) in writing and submit this information to CSD with the other forms Contractor must complete and return prior to CSD's execution of this Agreement. Based on the description, CSD in its discretion may decline to execute this Agreement or set further conditions of this Agreement. In the event any of the above conditions are true and not disclosed by Contractor, it shall be deemed a material breach of this Agreement, and CSD may terminate this Agreement for cause immediately pursuant to the termination provisions of State and federal law governing the CSBG program.

9.2 Federal Requirements

9.2.1 Salary Limitation – Federal Executive Level II. Federal funds for these grant

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

programs consistently include a provision as part of the Consolidated Appropriations Act (e.g., Public Law 115-31, May 5, 2017) from Congress that the amount that "shall be used to pay the salary of an individual, through a grant or other extramural mechanism" including non-federal share, must not exceed the amount of the Federal Executive Level II salary for that calendar year. This amount is published annually by the U.S. Office of Personnel Management and can be found on their website at SALARY TABLE 2024-EX (opm.gov). This amount reflects an individual's base salary exclusive of fringe benefits and any income that an individual may be permitted to earn outside of the duties of the non-Federal entity's organization. This salary limitation also applies to subawards, contracts, and subcontracts under an ACF grant or cooperative agreement.

9.2.2 Human Trafficking Provisions. Contractor is subject to the requirements of Section 106(g) of the "Trafficking Victims Protection Act of 2000" (22 USC § 7104). The full text of this requirement can be found at https://acf.gov/grants/award-term-and-condition-trafficking-persons.

9.2.3 Prohibition on Use or Procurement of Covered Telecommunications Equipment or Services. Pursuant to the "Prohibition on certain telecommunications and video surveillance services or equipment" (2 CFR § 200.216), contractors are prohibited from expending grant funds on "equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. As described in Public Law 115-232, section 889, covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation and video surveillance and telecommunications equipment by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities). The full text of this requirement can be found at Electronic Code of Federal Regulations (eCFR).

9.3 Affirmative Action Compliance

9.3.1 Each contractor or subcontractor with 50 or more employees and an agreement of $50,000 or more shall develop a written Affirmative Action Compliance Program.

9.3.2 The written Affirmative Action Compliance Program shall follow the guidelines set forth in 41 CFR § 60-1.40, §§ 60-2.10 through 60-2.32, and §§ 60-741.1 through 60-741.47.

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

9.3.3 Each contractor or subcontractor with less than 50 employees shall comply with Section 202 of Part II of Executive Order 11246, as amended by Executive Order 11375. Contractor shall ensure that subcontractors falling within the scope of this provision shall fully comply with the requirements thereof.

9.4 Nondiscrimination Compliance

9.4.1 Contractor's signature affixed hereon shall constitute a certification that to the best of its ability and knowledge will, unless exempted, comply with the nondiscrimination program requirements set forth in this section.

9.4.2 Contractor hereby certifies compliance with the following:

a. Federal Executive Order 11246, as amended by Executive Order 11375, relating to equal employment opportunity;

b. Title VI and Title VII of the Civil Rights Act of 1964, as amended (42 USC §§ 2000d et seq. and 2000e et seq.);

c. Rehabilitation Act of 1973, as amended (29 USC §§ 701 et seq.);

d. Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended (41 CFR Subtitle B, Part 60-300);

e. Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor, as amended (41 CFR Chapter 60); and

f. Americans with Disabilities Act of 1990, as amended (Pub. L. 101-336; 42 USC §§ 12101 et seq.).

9.5 Specific Assurances

9.5.1 *Smoking Prohibitions.* In accordance with Title XII of Public Law 103-227, the "PRO-KIDS Act of 1994," smoking may not be permitted in any portion of any indoor facility owned or regularly used for the provision of health, day care, education, or library services to children under the age of 18, if the services are funded by Federal programs whether directly or through State, Territories, local and Tribal governments. Federal programs include grants, cooperative agreements, loans and loan guarantees, subawards, and contracts. The law does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions or facilities and used for inpatient drug

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

and alcohol treatment. The above language must be included in any subawards that contain provisions for children's services and that all subawards shall certify compliance accordingly. Failure to comply with the provisions of this law may result in the imposition of a civil monetary penalty of up to $1,000 per day. This Agreement incorporates by reference all provisions set forth in "Drug and Child Support Services and Referrals", under 42 USC § 9919(b).

9.5.2 *American-Made Equipment/Products*. Contractor shall assure, pursuant to Public Law 103-333, Section 507, to the extent practicable, that all equipment and products purchased with funds made available under this Agreement shall be American made.

9.5.3 *Federal and State Occupational Safety and Health Statutes*. Contractor assures that it shall be in compliance with the provisions as set forth in Federal and State Occupational Safety and Health Statutes; the California Safe Drinking Water and Toxic Enforcement Act of 1986 (Cal. Health & Safety Code §§ 25249.5 et seq.); Universal Waste Rule (Hazardous Waste Management System: Modification of the Hazardous Waste Recycling Regulatory Program) (40 CFR Part 273); and California Workers' Compensation laws (Labor Code §§ 3200 et seq.).

9.5.4 *Political Activities*. Contractor shall refrain from all political activities if such activities involve the use of any funds that are the subject of this Agreement. Contractor is prohibited from any activity that is designed to provide voters or prospective voters with transportation to the polls or to provide similar assistance in connection with an election if such activities involve the use of any funds that are subject to this Agreement.

9.5.5 *Lobbying Activities*. Contractor shall refrain from all lobbying activities if such activities involve the use of any funds that are the subject of this Agreement or any other fund, programs, projects, or activities that flow from this Agreement. If Contractor engages in lobbying activities, Contractor shall complete, sign and date the attached CERTIFICATION REGARDING LOBBYING/DISCLOSURE OF LOBBYING ACTIVITIES, as required by the U.S. Department of Health and Human Services under 45 CFR Part 93 (Appendix A).

9.6 Subrecipient Monitoring

Contractor must obtain a Unique Entity Identifier (UEI) assigned by the System for Award Management (SAM.gov). CSD is required to check SAM.gov to verify that Contractor and subrecipients are not debarred, suspended, or ineligible. The UEI is a 12-character

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

alphanumeric ID assigned by SAM.gov.

9.7 Executive Order N-6-22 – Russia Sanctions

On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (the EO) regarding Economic Sanctions against Russia and Russian entities and individuals. "Economic Sanctions" refers to sanctions imposed by U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law. The EO direct state agencies to terminate contracts with, and to refrain from entering any new contracts with, individuals or entities that are determined to be a target of Economic Sanctions. Accordingly, should the State determine Contractor is a target of Economic Sanctions or is conducting prohibited transactions with sanctioned individuals or entities, that shall be grounds for terminations of this agreement. The State shall provide Contractor advance written notice of such termination, allowing Contractor at least 30 calendar days to provide written response. Termination shall be at the sole discretion of the State.

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

SUBVENTION AGREEMENT

DEFINITIONS

All terms used in this Agreement shall be defined as stated in applicable federal and state statutes and regulations (42 USC § 9902; Cal. Gov. Code § 12730; 45 CFR Part 75 and 22 Cal. Code Regs. § 100601). The following terms shall be more specifically defined for purposes of this Agreement, insofar as the definition accords with federal and state law, as follows:

Agreement:	The complete contents of this Agreement entered into by and between the CSD and Contractor, including all rights, duties, and obligations whether expressed or implied required toward the legal performance of the terms hereof, and including all documents expressly incorporated by reference.
Agreement Term:	The timeframe of this Agreement as specified on the Agreement face sheet (STD 213) including the established Period of performance and an extended period granted upon approval to the Contractor by CSD.
Amendment:	A formal change to the Agreement of a material nature including but not limited to the term, scope of work, or name change of one of the Parties, or a change of the maximum amount of this Agreement.
Authorized Agent:	The duly authorized representative of the Board of Directors of Contractor, and the duly elected or appointed, qualified, and acting officer of the State. In the case of Contractor, the State shall be in receipt of a board resolution affirming the agent's representative capacity to bind Contractor to the terms of this Agreement.
Board of Directors:	For the purposes of a private nonprofit Community Action Agency, Board of Directors refers to the tripartite board as mandated by 42 USC § 9910 and Government Code § 12751. For the purposes of a publicly governed Community Action Agency, Board of Directors refers to the tripartite advisory/ administering board that is mandated by 42 USC § 9910 and California Government Code § 12752.1 and established by the political subdivision or local government.
Community Action Agency:	A public or private nonprofit agency that fulfills all requirements of Government Code § 12750.

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

Continuing Resolution:	An appropriation act that provides budget authority for federal agencies, specific activities, or both to continue in operation when Congress and the President have not completed action on the regular appropriation acts by the beginning of the fiscal year.
Contractor:	The entity (partnership, corporation, association, agency, or individual) designated on the face sheet (STD 213) of this Agreement.
CSD:	The State of California Department of Community Services and Development.
Eligible Entity	"Eligible entity" means an entity—(1) that is an eligible entity as defined in 42 USC Section 9902(1), or is designated by the process described in 42 USC Section 9909 (including an organization serving migrant or seasonal farmworkers that is so described or designated); (2) that has a tripartite board or other mechanism described in subsection (a) or (b), as appropriate, of 42 USC Section 9910; and (3) provides services in their Service Area pursuant to a CSBG grant from CSD.
Equipment:	An article of nonexpendable, tangible personal property having a useful life of more than one year and an acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-profit organization for financial statement purposes, or $5000.
Extended Period of Performance:	An extension to the Period of Performance provided to Contractor upon approval if Contractor does not expect to complete award activities during the Period of Performance.
Limited Purpose Agency (LPA):	A community-based nonprofit organization without a tripartite board, as defined in California Government Code § 12775 and 42 USC § 9910(b)(2).
Maximum Amount:	The dollar amount reflected on line 3 of the face sheet (STD 213) of this Agreement.

Docusign Envelope ID: 71D42A3B-A622-4D07-9D47-C6D275818C99

Modification:	An immaterial change to this Agreement that does not require an Amendment.
Native American Indian Program (NAI):	A tribal or other Native American Indian organization in an urban or rural off-reservation area, as defined in Government Code § 12772, such as an Indian nonprofit organization, which meets the criteria of 'eligible entity' as defined in subdivision (g) of § 12730. An NAI may be considered a 'public organization' for purposes of tripartite board requirements or other mechanisms of governance in accordance with 42 USC § 9910(b)(2).
Parties:	CSD on behalf of the State of California, and the Contractor.
Period of Performance:	Time during which Contractor is expected to complete award activities and expend approved funds.
Program:	The Community Services Block Grant (CSBG) Program, 42 USC §§ 9901 et seq., as amended.
State:	The State of California Department of Community Services and Development.
Subcontractor:	An entity (partnership, tribe, corporation, association, agency, or individual) that enters into a separate contract or agreement with Contractor to fulfill direct program or administrative tasks in support of this Agreement**.**
Subcontract:	A separate contract or agreement entered into by and between Contractor and Subcontractor to fulfill direct program or administrative tasks in support of this Agreement.
Total Allocation:	The actual amount of funds available to Contractor under this Agreement, as calculated pursuant to Government Code § 12759 after CSD receives the notice of grant award for the full allocation based on the appropriation by Congress for the related federal fiscal year, and as publicly announced by CSD's Director or designee, subsequent to the execution of this Agreement.

SUBVENTION AGREEMENT

TABLE OF FORMS AND ATTACHMENTS

Forms (to be returned with signed Agreement):

A. CSBG Contract Allocation Increase:

1. CSBG Contract Budget Summary (CSD 425.S);
2. CSBG Budget Support Personnel Costs (CSD 425.1.1);
3. CSBG Budget Support Non-Personnel Costs (CSD 425.1.2);
4. CSBG Budget Support Other Agency Operating Funds (CSD 425.1.3);
5. CSBG Contract Budget Narrative (CSD 425.1.4);
6. CSBG Annual Report Work Plan (CSD 641);
7. CSBG Annual Report Projections (CSD 641A and/or CSD 641B); and
8. Joint Powers Agreement (if applicable).

B. *CSBG Annual Work Plan Modules 3 and 4*. Annual programmatic work plan covers the proposed programmatic activities during the Period of Performance from January 1, 2025, through December 31, 2025. Contractor must complete and submit the CSBG Annual Work Plan CSD 641 form and enter the Targets using Work Plan CSD 641A Module 3 Targets and/or 641B Module 4 Targets. Required data for Module 3 and Module 4 will include selecting the appropriate CNPI(s) and or FNPI(s), entering the target, and providing the type of documentation the agency will use to verify the outcome has been met. The Annual Report projections for CY 2025 must be completed and submitted with the contract deliverables. All necessary forms may be accessed on the Local Agencies Portal.

C. CSBG Discretionary Funds:

1. CSBG Discretionary Contract Budget Summary (CSD 627);
2. CSBG Discretionary Budget Support Personnel Cost (CSD 627A);
3. CSBG Discretionary Budget Support Non-Personnel Cost (CSD 627B);

SUBVENTION AGREEMENT

PREAMBLE

This subvention agreement, for the funding of Community Services Block Grant (CSBG) programs in 2025 ("Agreement"), is entered into between the Department of Community Services and Development ("CSD") and the contractor named on the face sheet of this Agreement, Form STD 213 ("Contractor"), and shall be enforceable on the date last signed.

NOW THEREFORE, in consideration of the promises and of the mutual agreements and covenants hereinafter set forth, the CSD and Contractor hereby agree as follows:

ARTICLE 1 – SCOPE OF WORK

1.1 General

Contractor shall administer and/or operate community-based programs designed to reduce poverty, revitalize low-income communities, and empower low-income families and individuals within Contractor's service area to achieve greater self-sufficiency, pursuant to Title 42 of the United States Code (USC) Sections 9901 et seq. (the Community Services Block Grant Act, as amended) and Government Code Sections 12085 et seq., as amended. Unless otherwise specified in the Contractor's Community Action Plan or elsewhere in this Agreement, Contractor shall make its services and activities available to the low-income community within its service area throughout the entire performance period of this Agreement. Contractor shall ensure that all services funded in whole or in part through this Agreement will support state and federal policies and goals of the CSBG Act as set forth in the above-referenced statutes. The CSBG Assistance Listing number is 93.569. The award is 100 percent funded through the United States Department of Health and Human Services (HHS).

1.2 Agreement Term

1.2.1 The term of this Agreement shall be as specified on the Agreement face sheet (STD 213) and is divided into two distinct sections: a Period of Performance and an Extension Period.

1.2.2 *Period of Performance*. The Period of Performance of this Agreement shall be from January 1, 2025, through December 31, 2025. One hundred percent of the Agreement amount specified in Article 1.3 below is expected to be fully expended by the end of the Period of Performance.

1.2.3 *Extension Period*. The Extension Period provided by this Agreement is available upon approval by CSD from January 1, 2026, through April 30, 2026, to those contractors who will not fully expend 100 percent of the Agreement amount by the end of the performance period. Requests for extensions must follow Article 3.1.3 of

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

this Agreement and be received by CSD no later than November 16, 2025.

1.3 Agreement Amount

The maximum amount of this Agreement shall be as specified on the face sheet (STD 213) and is subject to adjustment(s), in accordance with the following terms:

1.3.1 The initial amount shall be based on the prior year's grant award of the federal Community Services Block Grant award.

1.3.2 Upon notification of the full federal fiscal year grant award amount from the HHS, CSD shall, if necessary, issue an amendment to this Agreement to increase or decrease the maximum amount.

1.3.3 If the full amount of the HHS CSBG grant award to CSD is not available for allocation, CSD will notify Contractor in writing of the amount of Contractor's allocation that is available for expenditure and shall advance funds in accordance with Article 5.2 of this Agreement, as appropriate. When additional funds are subsequently made available by HHS, CSD will notify Contractor of the total amount of funds that may be expended. Contractor may not expend funds in excess of the amount available and authorized by CSD for expenditure. Access to funding shall be conferred upon Contractor through written authorization by CSD, and amendment to this Agreement shall not be required for such purpose, except in cases where the maximum amount of the Agreement has been revised.

1.3.4 In the event HHS fails to provide sufficient funding to CSD to enable payment of Contractor's maximum amount of the Agreement prior to the end of the contract term, the contract amount shall be deemed to be reduced commensurate to the amount actually provided by HHS or the contract shall be closed on that basis without need for amendment pursuant to Articles 2.3.1.2 and 2.3.2.2.

1.3.5 This Agreement may include a specific amount allocated from the annual discretionary allocation. These funds may target a specific purpose and require a separate budget and work plan in accordance with Article 7.1 of this Agreement.

1.4 Service Area

The services shall be performed in the Contractor's service area as indicated on CSD's Public Website at https://www.csd.ca.gov.

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

1.5 Legal Authorities – Program Requirements, Standards, and Guidance

1.5.1 All services and activities are to be provided in accordance with all applicable federal, state, and local laws and regulations, and as those laws and regulations may be amended from time to time, including but not limited to, the following:

1.5.1.1 The Community Services Block Grant Act, as amended, 42 USC § 9901 et seq., and 45 Code of Federal Regulations (CFR) Part 96;

1.5.1.2 California laws and regulations applicable to CSBG Programs, Government Code (Cal. Gov. Code) § 12085 et seq., as amended, and Title 22, California Code of Regulations (Cal. Code Regs.) §§ 100601- 100795;

1.5.1.3 The Single Audit Act, 31 USC § 7501 et seq., and the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards, 45 CFR Part 75;

1.5.1.4 California Civil Code §§ 1798 et seq., and the Federal Privacy Act of 1974 (5 USC § 552a); Requirements to Respond to Incidents Involving a Breach of Personal Information, Statewide Information Management Manual (SIMM) 5340-C, California Department of Technology; and

1.5.1.5 California Contractor Certification Clauses 04/2017 (CCC 04/2017); and State contracting requirements, "General Terms and Conditions, GTC 04/2017".

1.5.2 *Conflict of Laws.* Contractor shall comply with all of the requirements, standards, and guidelines contained in the authorities listed within this Agreement, as they may be amended from time to time, with respect to procurement requirements, administrative expenses, and other costs claimed under this Agreement, including those costs incurred pursuant to subcontracts executed by Contractor, notwithstanding any language contained in the following authorities that might otherwise exempt Contractor from their applicability. To the extent that the authorities directly conflict with any State law or regulation, or any provision of this Agreement, then that federal law or regulation shall apply, unless a provision of federal law applicable to block grants, such as 45 CFR § 96.30, specifically allows for the application of state law.

1.5.3 Contractor shall comply with specific CSD program guidance which shall be binding on the Contractor as a condition of the Contractor's eligibility to receive CSBG funds, provided:

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

1.5.3.1 That such guidance shall be issued by CSD in writing in the form of "CSD Program Notice (CPN) No. XX-XX" or "CSD Program Advisory (CPA) No. XX-XX";

1.5.3.2 That such guidance shall be issued by CSD in the most timely and expeditious manner practicable;

1.5.3.3 That such guidance shall be reasonably necessary to realize the intent and purposes of the CSBG Act;

1.5.3.4 That major and material changes in program requirements, which substantially affect the Contractor's and/or CSD's ability to fulfill contractual obligations, or which otherwise create a substantial hardship on either the Contractor or CSD, shall be subject to an amendment to this Agreement;

1.5.3.5 That the parties' failure or inability to execute a mutually acceptable amendment within a period of time allowing the parties to reasonably comply with any major change(s) in CSBG requirements, shall result in this Agreement being without force and effect, subject only to such provisions contained herein as are intended to survive the Agreement in accordance with the express and implied provisions of applicable federal and state law;

1.5.3.6 That Contractor is duly informed of the risk of de-designation as an eligible entity, based on CSD's obligation to avoid/minimize interruption of CSBG-funded services in any part of the state, in the event that this Agreement terminates due to failure to agree to any necessary amendment; and

1.5.3.7 That upon CSD's or Contractor's good faith determination, delivered to the other party by written notice, that agreement to any necessary amendment cannot be achieved, then this contract shall be terminated, and any issues of eligible entity status addressed, in accordance with requirements of federal and state law and established CSD policy and procedure.

1.5.4 The federal and state laws, regulations, and other authorities referenced in this Agreement are hereby incorporated by reference. Copies may be accessed for reference on the Local Agencies Portal (agencies.csd.ca.gov).

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

ARTICLE 2 – CONTRACT ADMINISTRATION AND PROCEDURE

2.1 Required Documents

2.1.1 Contractor shall provide the following documents, satisfactory to CSD in form and substance, together with a signed copy of this Agreement before CSD executes and returns the Agreement to Contractor for implementation. The following documents shall be returned to the Procurement Services Unit at PSU@csd.ca.gov within 30 calendar days of receipt for private agencies or 45 calendar days of receipt for public agencies:

2.1.1.1 Federal Funding Accountability and Transparency Act Report (CSD 279);

2.1.1.2 Certification Regarding Lobbying/Disclosure of Lobbying Activities;

2.1.1.3 Contractor Certification Clauses (CCC 04/2017);

2.1.1.4 Current Insurance or Self-Insurance Authority Certification; and

2.1.1.5 Board Resolution authorizing execution of this Agreement.

2.1.2 In addition to the documentation requirements set forth in Article 2.1.1, CSD's obligations under this Agreement are expressly contingent upon Contractor providing the supplemental documentation set forth below, and available on the Local Agencies Portal. Contractor shall return the following documents to the assigned CSD Field Representative within 30 calendar days of receipt for private agencies or 45 calendar days of receipt for public agencies, and each shall be subject to approval by CSD in form and substance:

2.1.2.1 CSBG Contract Budget Summary (CSD 425.S);

2.1.2.2 CSBG Budget Support Personnel Costs (CSD 425.1.1);

2.1.2.3 CSBG Budget Support Non-Personnel Costs (CSD 425.1.2);

2.1.2.4 CSBG Budget Support Other Agency Operating Funds (CSD 425.1.3);

2.1.2.5 CSBG Contract Budget Narrative (CSD 425.1.4);

2.1.2.6 CSBG Annual Report Work Plan (CSD 641);

2.1.2.7 CSBG Annual Report Projections (CSD 641A and/or CSD 641B);

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

2.1.2.8 Agency Staff and Board Roster (CSD 188);

2.1.2.9 Board Meeting Schedule;

2.1.2.10 Updated Organizational Bylaws (if applicable); and

2.1.2.11 Joint Powers Agreement (if applicable).

2.1.3 *Board Resolution.* Contractor must also submit a governing board resolution with a DocuSign signature or a wet signature of the board's authorized representative, identifying the individual(s) authorized to execute the 2025 CSBG Agreement and any amendments.

2.1.4 CSD shall maintain a certified date-stamped copy of this Agreement for inspection by Contractor during normal business hours.

2.1.5 This Agreement may not be changed or altered by any party, except by a formal written, fully executed amendment, or as provided in Article 1.5.3 with respect to program guidance, or as provided in Article 3 – Agreement Changes. Upon such amendment of any provision, the amended PDF version shall be date-stamped and posted to the Local Agencies Portal until such time as a subsequent agreement or amendment is executed by the parties.

2.1.6 Contractors that are public or governmental entities with local provisions requiring receipt of a copy of all parts of this Agreement as a prerequisite to execution, as well as other contractors that make special arrangements with CSD, may receive copies for execution and retention.

2.2 Contractor's Option of Termination

2.2.1 Contractor may, at Contractor's sole option, elect to terminate this Agreement in lieu of adherence to the procedures set out in Article 1.5.3, should Contractor determine that any subsequent program guidance or proposed amendment to the contract is unjustifiably onerous or otherwise adverse to Contractor's legitimate business interests and ability to implement the contract in an effective and reasonable manner, provided:

2.2.1.1 Such notice of termination is in writing and will be effective upon receipt by CSD, delivered by U.S. Postal Service Certified Mail, Return Receipt Requested.

2.2.1.2 Notice contains a statement of the reasons for termination with reference to

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

the specific provision(s) in the program guidance or proposed amendment in question.

2.2.2 Contractor shall be entitled to reimbursement for all allowable costs incurred prior to termination of the contract. Such reimbursement shall be in accordance with the program guidance and contract provisions in effect at the time the cost was incurred.

2.2.3 Contractor shall, within 60 calendar days of termination, close-out the contract in accordance with contractual closeout procedures as provided in Article 6.2 – Close-Out Report.

2.2.4 By executing this Agreement, Contractor acknowledges and understands that voluntary termination prior to the end of the Agreement term may result in Contractor's permanent or temporary de-designation as an eligible entity, due to CSD's obligation to seek replacement CSBG Provider(s) in accordance with state and federal CSBG requirements.

2.3 Budget Contingencies

2.3.1 *State Budget Contingency.*

2.3.1.1 It is mutually agreed that if funds are not appropriated for implementation of CSBG programs through the state budget process or otherwise, whether in the current year and/or any subsequent year covered by this Agreement, this Agreement shall be of no further force and effect. Upon written notice to Contractor by CSD that no funds are available for contract implementation, the Agreement shall be terminated, and the State shall have no obligation to pay Contractor or to furnish other consideration under this Agreement and Contractor shall not be obligated for performance.

2.3.1.2 If CSBG funding for any fiscal year is reduced to such degree that CSD reasonably determines that the program cannot be implemented effectively, the State shall at its sole discretion have the option either to terminate this Agreement upon written notice to Contractor or, in the alternative, to offer and negotiate an amendment addressing the reduced funding. If the parties fail to reach agreement on such amendment, CSD may at its option give written notice of termination without further obligation by either party except for contract closeout obligations or final settlement.

2.3.1.3 Pursuant to Cal. Gov. Code §12785, if federal funding is reduced by any amount up to 3.5 percent below the amount of the federal appropriation

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

from the prior year, the discretionary fund will be allocated to restore funding to the prior year's funding level for CSBG eligible entities. In the event the appropriation of the federal CSBG funds is significantly reduced, the CSBG discretionary funding may not be sufficient to restore funding to the prior year's funding level.

2.3.2 *Federal Budget Contingency.*

2.3.2.1 The parties agree that because of uncertainty in the federal budget process, this Agreement may be executed before the availability and amounts of federal funding can be ascertained, in order to minimize delays in the provision of services and the distribution of funds. The parties further agree that the obligations of the parties under this Agreement are expressly contingent on adequate funding being made available to the state by the United States Government.

2.3.2.2 If federal funding for any fiscal year is reduced to such degree that CSD reasonably determines that the program cannot be implemented effectively, CSD shall at its sole discretion have the option either to terminate this Agreement upon written notice to Contractor or, in the alternative, to offer and negotiate an amendment addressing the reduced funding. If the parties fail to reach an agreement on such amendment, CSD may at its option give written notice of termination without further obligation by either party except for contract closeout obligations or final settlement.

2.3.2.3 If federal funding authorities condition funding on any obligations, restrictions, limitations, or conditions not existent when this Agreement was executed, this Agreement shall be amended by mutual agreement for compliance with such obligations, restrictions, limitations or conditions. Failure of the parties to reach agreement on such amendment shall render this Agreement without force and effect.

2.4 Miscellaneous Provisions

2.4.1 *Assignment*. Neither this Agreement nor any of the rights, interests, or obligations under this Agreement shall be assigned by any party without the prior written consent of the other parties, except in the case where responsibility for program implementation and oversight may be transferred by the State to another State agency. In the event of such transfer, this Agreement is binding on the agency to which the program is assigned.

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

2.4.2 *Merger/Entire Agreement*. This Agreement (including the attachments, documents and instruments referred to in this Agreement) constitutes the entire agreement and understanding of the parties with respect to the subject matter of this Agreement and supersedes all prior understandings and agreements, whether written or oral, among the parties with respect to such subject matter.

2.4.3 *Severability*. If any provision of this Agreement is found to be invalid or unenforceable in any respect for any reason, the validity and enforceability of any such provision in any other respect and of the remaining provisions of this Agreement will not be in any way impaired and shall remain in full force and effect.

2.4.4 *Notices.* Each party to this Agreement agrees to the use of electronic signatures, such as digital signatures that meet the requirements of the California Uniform Electronic Transactions Act ("CUETA") (Civ. Code §§ 1633.1 to 1633.17), for executing this Agreement. CSD encourages Contractor to adopt the DocuSign platform to facilitate the receipt of this Agreement. Unless otherwise provided herein, notice given by the parties shall be in writing, delivered personally, by United States mail, or by overnight delivery service (with confirmation). Certain reporting and other communications may be delivered electronically as specified by CSD or as is customary between the parties. Notice shall be delivered as follows:

To **Contractor's** address of record; and

To **CSD** at:
California Department of Community Services and Development
Field Operations Unit
2389 Gateway Oaks Drive, Suite 100
Sacramento, CA 95833

ARTICLE 3 – AGREEMENT CHANGES

3.1 Amendment

3.1.1 Formal amendments to this Agreement are required for changes to the term, amount, scope of work, and/or formal name changes. No amendment to this Agreement shall be valid unless made in writing, signed by the parties, and approved as required. No oral understanding or agreement not incorporated in the Agreement is binding on any of the parties.

3.1.2 If Contractor intends to request a formal amendment to this Agreement, the request must be submitted on CSD Form 425b, *Justification for Contract*

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

Amendment/Modification, no later than 45 calendar days prior to the expiration of the Agreement term.

3.1.3 *Extension Period*. If Contractor identifies that they will not fully expend 100 percent of the Agreement amount by the end of the Period of Performance, then Contractor shall submit written notification to their assigned Field Representative on CSD Form 425b, *Justification for Contract Amendment/Modification*, no later than 45 calendar days prior to the expiration of the Period of Performance or no later than November 16, 2025. Refer to Article 1.2.2 for Period of Performance. The CSD Form 425b shall include:

3.1.3.1 The reason(s) the Contractor will not fully expend 100 percent of the Agreement amount by the end of the performance period; and

3.1.3.2 The date (January 31, February 28, March 31, or April 30, 2026) in which the Contractor proposes to fully expend 100 percent of the Agreement amount.

3.1.3.3 The acknowledgement of the adjusted Closeout timeline, as stated in Article 6.2.1 of the Agreement.

3.1.4 CSD Form 425b is located on the Local Agencies Portal.

3.1.5 All requests for an Extension Period are subject to CSD approval. In addition, the Contractor must execute the amendment before the expiration date of this Agreement.

3.2 Minor Modification

3.2.1 Contractor request(s) for modification to CSBG Fiscal Data or Work Plan documents must be submitted on CSD Form 425b, *Justification for Contract Amendment/Modification*, no later than 45 calendar days prior to the expiration date of this Agreement.

3.2.2 Any increase to out-of-state travel costs or equipment purchases will require a request for modification to the budget and must be submitted on CSD Form 425b, *Justification for Contract Amendment/Modification*.

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

ARTICLE 4 - ADMINISTRATIVE POLICIES AND PROCEDURES

4.1 Board Roster, Bylaws, Resolution, and Minutes

4.1.1 Concurrently with Contractor's submission of this Agreement, Contractor shall submit to CSD at CSBG.Div@csd.ca.gov and the Contractor's assigned Field Representative the following:

4.1.1.1 Unless otherwise specified in 4.1.1.3 and 4.1.1.4 below, Contractor shall submit to CSD an Agency Staff and Board Roster form (CSD 188) of the tripartite board including the name and sector (i.e., low-income, public, private) of each board member, unique contact information for each member including an address at a location other than the office of the eligible entity, vacancy title, and date each board seat was vacated for each board member. Contractor is responsible to notify CSD of any changes to the tripartite board within 30 calendar days of such occurrence.

4.1.1.2 Contractor must provide updated organizational bylaws if any changes occurred within the past calendar year.

4.1.1.3 In the case of Native American Indian (NAI) Contractors that have established another mechanism (in consultation with CSD and subject to CSD approval) to ensure low-income individuals' participation in the management of programs funded by this Agreement, a current roster of the NAI governing council, commission, board, or other body responsible for administration of CSBG-funded programs, and the most recent version of the organizational bylaws. The roster shall include unique contact information for each member of the governing body at a location other than the office of the NAI Contractor and shall identify how low-income individuals are represented in the organization's governance. NAI Contractors shall also submit the most recent version of the organizational bylaws. NAI Contractor is responsible to notify CSD of any changes to its governing body within 30 calendar days of such occurrence.

4.1.1.4 In the case of Limited Purpose Agency (LPA) Contractors, a current roster of Contractor's board, including the name of each board member, unique contact information for each member at a location other than the office of the LPA, and the most recent version of the organizational bylaws. LPA Contractor is responsible to notify CSD of any changes to its board within 30 calendar days of such occurrence.

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

4.1.2 Contractor's current governing board must authorize the execution of this Agreement. Contractor has the option of demonstrating such authority by either: (a) direct signature of a board member having signing authority; or (b) any lawful delegation of such authority that is consistent with Contractor's bylaws.

4.1.3 Where Contractor delegates signing authority to the chief executive officer (CEO) or executive director (ED), CSD will accept either a resolution specific to this Agreement or a resolution approved by the current governing board with general applicability to any CSD program contract or amendment. Where Contractor provides a general resolution, Contractor shall maintain documentation that the CEO or ED provided timely and effective communication of the execution and terms of this Agreement to the board. Either a specific or current general resolution must be on file with CSD prior to CSD's final execution of this Agreement.

4.1.4 Contractor shall submit to CSD the approved minutes of regularly scheduled meetings of its tripartite board, LPA contractor's board, NAI governing council, commission, advisory board, or other body responsible for administration of CSBG-funded programs, no later than 30 calendar days after the minutes are approved. Contractor shall submit board meeting minutes to CSD at CSBG.Div@csd.ca.gov and to the Contractor's assigned Field Representative. Regularly scheduled board meetings shall be held in accordance with Contractor's bylaws.

4.1.5 In addition to the minutes referenced in Article 4.14, if Contractor's tripartite board is advisory to the elected officials of a local government, Contractor also shall submit to CSD the minutes from any meeting of the elected officials where matters relating to this Agreement are heard; including, but not limited to, discussions about or decisions affecting the Community Action program. Such minutes shall be submitted to CSD no later than 30 calendar days after the minutes are approved. Contractor shall submit board meeting minutes to CSD at CSBG.Div@csd.ca.gov and to the Contractor's assigned Field Representative.

4.2 Training and Quarterly CSBG Service Provider (CSP) Meetings

Contractor shall make every effort to attend all trainings and quarterly CSP meetings associated with CSD.

4.3 Internal Control Certification

Contractor shall establish and maintain a system of internal accounting and administrative control. This responsibility includes documenting the system, communicating system requirements to

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

employees, and assuring that the system is functioning as prescribed and is modified, as appropriate, for changes in conditions. The system of internal accounting and administrative control shall be attested to within the Contractor's independent audit conducted pursuant to this Agreement, and include:

4.3.1 Segregation of duties appropriate to safeguard State assets;

4.3.2 Access to Contractor assets is limited to authorized personnel who require these assets in the performance of their assigned duties;

4.3.3 Authorization and recordkeeping procedures adequate to provide effective accounting controls over assets, liabilities, revenues, and expenditures;

4.3.4 Practices to be followed in performance of duties and functions;

4.3.5 Personnel of a quality commensurate with their responsibilities; and

4.3.6 Effective internal review.

4.4 Record Retention Requirements

4.4.1 All records maintained by Contractor shall meet the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards (45 CFR § 75.361 through § 75.370).

4.4.2 Contractor shall maintain all records pertaining to this Agreement for a minimum of three years after submission of the final report. However, Contractor shall maintain applicable records until CSD resolves all audit and monitoring findings.

4.4.3 Contractor ensures that employee and applicant records shall be maintained in a confidential manner to ensure compliance with the Information Practices Act of 1977, as amended (Civ. Code §§ 1798 et seq.), and the Federal Privacy Act of 1974, as amended (5 USC § 552a).

4.5 Insurance Requirements

4.5.1 By execution of this Agreement, Contractor agrees that required insurance policies and bond shall be in effect at all times during the term of this Agreement.

4.5.2 Contractor shall provide CSD with written notice at least 30 calendar days prior to cancellation or reduction of insurance coverage to an amount less than that required in this Agreement.

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

4.5.3 Notices of Insurance must be submitted electronically via email to PSU@csd.ca.gov.

4.5.4 In the event said insurance coverage expires at any time or times during the term of this Agreement, Contractor agrees to provide within 30 calendar days prior to said expiration date, a new Certificate of Insurance (ACORD 25) evidencing insurance coverage as provided for herein for not less than the remainder of the term of this Agreement. The Certificate shall identify and name CSD as the Certificate Holder. New Certificates of Insurance will be reviewed for content and form by CSD.

4.5.5 In the event Contractor fails to maintain in effect at all times the specified insurance and bond coverage as herein provided, CSD may, in addition to any other available remedies it may have, suspend this Agreement.

4.5.6 With the exception of workers' compensation and fidelity bond, CSD shall be named as additional insured on all Certificates of Insurance required under this Agreement. The issuance of other CSD contracts, to include any cash advances and reimbursement payments, to the Contractor shall be contingent upon required current insurance coverage being on file at CSD for this Agreement.

4.5.7 Should Contractor utilize a subcontractor(s) to provide services under this Agreement, Contractor shall indemnify and hold the State harmless against any liability incurred by that subcontractor(s).

4.6 Specific Insurance Requirements

4.6.1 Self-Insurance.

4.6.1.1 When Contractor is a self-insured governmental entity, CSD, upon satisfactory proof, may waive the appropriate insurance requirements. To qualify for a waiver, an appropriate county or city risk manager shall sign a certification that shall contain assurance of the adequacy of the governmental entity's ability to cover any potential losses under this Agreement.

4.6.1.2 Contractor shall specify in writing a list of which coverage(s) will be self-insured under this Agreement and shall list all applicable policy numbers, expiration dates, and coverage amounts.

4.6.1.3 In the event that the Contractor's self-insurance coverage does not contain any changes from the prior year, CSD will accept a certified letter signed by

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

authorized personnel stating that no changes have occurred from last year. This letter is due at the time of Agreement execution or within 30 calendar days of expiration of insurance.

4.6.1.4 In lieu of providing certification of self-insurance, Contractor may provide proof of excess insurance coverage through an insurance carrier who is licensed to underwrite insurance in the State of California.

4.6.2 Workers' Compensation Insurance.

4.6.2.1 Contractor shall have and maintain for the term of this Agreement workers' compensation insurance issued by an insurance carrier licensed to underwrite workers' compensation insurance in the State of California.

4.6.2.2 Contractor shall submit either an applicable Certificate of Insurance or a Certificate of Consent to Self-Insure issued by the Director of the California Department of Industrial Relations to CSD as evidence of compliance with the workers' compensation insurance requirement prior to issuance of an initial cash advance.

4.6.3 Commercial or Government Crime Coverage (Fidelity Bond).

4.6.3.1 Contractor shall maintain a commercial crime policy. If Contractor is a public entity, Contractor shall maintain a government crime policy. The commercial crime policy or government crime policy (hereinafter "fidelity bond") shall include the following coverages or their substantial equivalents: Employee Dishonesty/Theft, Forgery or Alteration, and Computer Fraud.

4.6.3.2 Contractor's fidelity bond coverage limits shall not be less than a minimum amount of 4 percent of the total amount of consideration set forth under this Agreement.

4.6.3.3 Contractor shall submit an applicable Certificate of Insurance (ACORD 25) to CSD as evidence of compliance with the fidelity bond requirement prior to issuance of an initial cash advance.

4.6.4 General Liability Insurance.

4.6.4.1 Contractor shall have and maintain for the term of this Agreement general liability and property damage insurance for a combined single limit of not less than $500,000 per occurrence.

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

4.6.4.2 Contractor shall submit to CSD an applicable Certificate of Insurance naming CSD as an additional insured, as evidence of compliance with the general liability insurance requirement prior to issuance of an initial cash advance.

4.6.5 *Vehicle Insurance*.

4.6.5.1 Contractor shall have and maintain for the term of this Agreement vehicle insurance in the amount of $500,000 for each person and each accident for bodily injury and in the amount of $500,000 for each person and each accident for property damage.

4.6.5.2 When employees use their own vehicles to perform duties within the scope of their employment, Contractor shall have and maintain for the term of this Agreement non-owned and hired automobile liability insurance in the amount of $500,000 for each person and each accident for bodily injury and $500,000 for each person and each accident for property damage. Driving to and from place of business is not within the scope of employment.

4.6.5.3 Contractor shall submit to CSD an applicable Certificate of Insurance naming CSD as an additional insured as evidence of compliance with the vehicle insurance requirement prior to issuance of an initial cash advance.

4.7 System Security Requirements

The contractor shall, in cooperation with CSD, institute policies, processes, procedures, and security controls designed to ensure the security of data and to protect information by the Information Practices Act of 1977 (Civ. Code §§ 1798 et seq.), and such other State and federal laws and regulations as may apply. The parties hereto agree to requirements, obligations, and standards in accordance with requirements set in the State Administrative Manual (SAM). In the event different system security standards may be applied to this Article, the Contractor shall endeavor to use the strictest security standard that complies with state and federal requirements.

4.8 Services Offered

Data exchange between CSD and Contractor shall be handled through one of three methods: (1) a Contractor user must upload data files or perform data entry using credentials provided by CSD; or (2) utilize CSD web applications as configured by the Contractor technology vendor; or (3) via email using security protocols, such as encryption and redaction, for any sensitive data.

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

4.9 Data Protection

4.9.1 Data exchanged between CSD and Contractor must be limited to the data fields included on Data Transfer Rules documents posted on the Local Agencies Portal. No personal financial information (e.g., credit card, bank account numbers), shall be stored or exchanged in the data exchange sessions.

4.9.2 Data exchanged between CSD and Contractor must be limited to the data fields as requested within the web applications. No personal financial information, (e.g., credit card, bank account numbers), shall be stored or exchanged in the data exchange sessions.

4.9.3 Data exchanged between CSD and Contractor via email communication must have all personally identifiable information (PII) and other sensitive information redacted before the document is sent. Alternately, Contractor is to encrypt any attachments that have sensitive data using encryption tools and configurations as required by CSD.

4.9.4 Access to the above-mentioned data must only be given to authorized personnel to complete essential duties. Authorized personnel are to log into these systems using their own assigned credentials (i.e., no login account sharing). Upon departure of personnel with assigned credentials, the Contractor will remove the employee's access to the systems as soon as possible.

4.10 Contractor Systems Security

4.10.1 The physical location of the computing and data storage devices (e.g., servers) shall be within controlled access facilities. Individual users may not have access to the data except through their systems that are specifically credentialed for Contractor business. All access will be controlled by appropriate identification, authentication, and authorization methods to validate the approved users.

4.10.2 Standards for secure transmission may be accomplished through such means as certificates, secure socket layer, etc., and storage of the data with encryption, if applicable.

4.10.3 Contractor shall securely destruct data by sanitizing media prior to disposal.

4.10.4 Contractor shall keep security patches, anti-virus, and anti-malware software up to date on all systems on which data may be used.

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

4.11 Trusted Behavior Expectations

CSD's application system and users shall protect Contractor's application system/data, and the Contractor's application system and users shall protect CSD's application system/data, in accordance with the federal Privacy Act of 1974 (5 USC § 552a), Trade Secrets Act (18 USC § 1905) and Stored Communications Act (18 USC § 2701). Technology and systems code and functionality are owned by the respective parties and may not be shared with anyone else or used without the written consent of the owner.

4.12 Incident Reporting

Any party discovering a security incident should report the incident in accordance with its incident reporting procedures. The incident reporting procedures, the contractor shall, within 24 hours of discovery, report to CSD's Chief Information Officer and the CSD Information Security Office at ISO@csd.ca.gov any security incident contemplated herein. Examples include but are not limited to, stolen or lost equipment, malware/ransomware detection, suspected hacking, release of privileged information, or inappropriate access to systems and services, etc.

The contractor further agrees CSD shall have the right to participate in the investigation of a security incident involving CSD's data, and to cooperate fully with CSD and other relevant State entities during independent investigation of the security incident.

4.13 Audit Trail Responsibilities

Both parties are responsible for auditing application processes and user activities. Activities that will be recorded include event type, date and time of event, user identification, workstation identification, success or failure of access attempts, and actions taken by system administrators.

4.14 Data Sharing Responsibilities

Contractor shall ensure that all primary and delegated secondary organizations that share, exchange, or use personal, sensitive, or confidential data, pursuant to this Agreement and subcontracts issued by Contractor, shall adhere to these security requirements and applicable state and federal law, in addition to further data sharing guidance as may be issued by CSD during the term of this Agreement. If data sharing is accomplished via interconnectivity of an application system, then data sharing must be certified to be secure by both parties.

4.15 Travel and Per Diem

4.15.1 Contractor's total travel and per diem costs for in-state and/or out-of-state shall be included in the Agreement Budget(s). Out-of-state travel costs that exceed the

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

budgeted amount shall not be reimbursed without prior written authorization from CSD.

4.15.2 Contractor's employee travel costs and per diem reimbursement rates shall be reimbursed in accordance with Contractor's written policies and procedures not to exceed federal per diem requirements, and subject to the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards (45 CFR § 75.474) or any amendments thereto, as applicable.

4.15.3 In the absence of a written travel reimbursement policy, federal per diem limits shall apply.

4.16 Codes of Conduct

4.16.1 *Written Standards.* Contractor shall maintain written standards of conduct governing the performance of its employees engaged in the award and administration of contracts or subcontracts. No employee, officer, or agent of the Contractor shall participate in the selection, award, or administration of a subcontract supported by federal funds if a real or apparent conflict of interest would be involved. Such a conflict would arise when the employee, officer, or agent, any member of their immediate family, their partner, or an organization that employs or is about to employ any of the parties indicated herein, has a financial or other interest in the firm selected for an award. The officers, employees, and agents of the Contractor shall neither solicit nor accept gratuities, favors, or anything of monetary value from subcontractors or parties to sub agreements. The standards of conduct shall provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the recipients.

4.16.2 *Self-Dealing Prohibited.* Contractor shall not pay federal funds received from CSD to any entity in which it (or one of its employees, officers, agents, any member of their immediate family, their partner, or an organization that employs or is about to employ any of the parties indicated herein) has an interest. As ownership constitutes a financial interest, Contractor shall not subcontract with a subsidiary. Similarly, Contractor shall not subcontract with an entity that employs or is about to employ any person described in 45 CFR § 75.327, or subsequent amendments to these requirements.

4.17 Conflict of Interest

4.17.1 Contractor certifies that its employees and the officers of its governing body shall avoid any actual or potential conflicts of interest and that no officer or employee

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

who performs any functions or responsibilities in connection with this Agreement shall have any personal financial interest or benefit that either directly or indirectly arises from this Agreement.

4.17.2 Contractor shall establish written safeguards to prohibit its employees or its officers from using their positions for a purpose that could result in private gain or that gives the appearance of being motivated for private gain for themselves or others, particularly those with whom they have family, business, or other ties.

4.18 Fraud, Waste, and Abuse

4.18.1 Contractor shall submit a written report to CSD within 45 days of incidents and activities, or suspected incidents and activities, involving fraud, waste, and abuse of CSBG funds by Contractor's employees, subcontractors, clients, or other parties affiliated with Contractor. Incidents and activities subject to reporting under this section include, but are not limited to, criminal acts and other violations of law constituting a misuse of funds that could result in cost disallowance. Contractor shall, in a timely manner, inform CSD of any reports or complaints submitted to law enforcement officials by Contractor, Contractor's employees, subcontractors, clients or other parties affiliated with Contractor, concerning the misuse of CSBG funds.

4.18.2 Contractor shall provide employees, subcontractors, clients, and other parties affiliated with the Contractor the information necessary to report fraud, waste, and abuse to the U.S. Department of Health and Human Services (HHS) Office of Inspector General Fraud hotline.

4.19 Procurement Standards

4.19.1 *Maintenance of Written Procurement Procedures.* Contractors shall administer this Agreement in accordance with all federal and State rules and regulations governing the CSBG program pertaining to procurement, including the Code of Federal Regulations Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards and amendments thereto, consistent with the compliance requirement in Article 1 of this Agreement. Contractors shall establish, maintain, and follow written procurement procedures consistent with the procurement standards in 45 CFR § 75.326 through § 75.340, or any subsequent amendments to these standards, and all additional provisions in this Agreement, including but not limited to a code of conduct for the award and administration of contracts and a procedure that provides, to the maximum extent practical, open and free competition.

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

4.19.2 *Eligible Bidders.* Contractor shall not permit any organizational conflicts of interest or noncompetitive practices that may restrict or eliminate competition or otherwise restrain trade. In order to ensure objective subcontractor performance and eliminate unfair competitive advantage, individuals, or firms that develop or draft specifications, requirements, statements of work, invitations for bids, and/or requests for proposals shall be excluded from competing for such procurements. Contractor shall award any subcontract to the bidder or offeror whose bid or offer is responsive to the solicitation and is most advantageous to Contractor when considering price, quality, and other factors. Contractor's solicitations shall clearly set forth all requirements that the bidder or offeror shall fulfill in order for the bid or offer to be evaluated by the recipient.

4.19.3 Contractor assures that all supplies, materials, vehicles, equipment, or services purchased or leased with funds provided by this Agreement shall be used solely for the activities allowed under this Agreement, unless a fair market value for such use is charged to the benefiting program and credited to this Agreement.

4.19.4 Contractor shall provide for open and free competition and adequate cost analysis in all procurement transactions for each purchase order, lease, or subcontract for any articles, supplies, equipment, or services to be obtained from vendors or subcontractors.

4.19.5 *Non-Competitive Bid Justification.* If a service or product is of a unique nature, is in response to a public exigency or emergency, or more than one vendor/provider cannot reasonably be identified, Contractor shall maintain adequate justification for the absence of competitive bidding. "Adequate justification" must include but is not limited to: (a) explanation of why the acquisition of goods or services is limited to one vendor or supplier; (b) description of sole vendor/supplier's unique qualifications to provide the goods or services in question; and (c) analysis of cost(s) to demonstrate reasonableness.

4.19.6 *CSD Lease/Purchase Pre-Approval Requirements*. To ensure that significant procurement transactions are conducted in an open and freely competitive manner, Contractor shall obtain prior written approval from CSD of capital expenditures for equipment with a unit cost of $10,000 or more through the submission of a Request for Purchase/Lease Pre-Approval (Form CSD 558) to CSD at least 15 calendar days prior to execution of the transaction. Transactions without CSD's prior written approval may be disallowed.

4.19.7 In all procurements, whether requiring CSD pre-approval or not, Contractor is solely

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

responsible for maintenance of adequate procurement records demonstrating compliance with Federal and State requirements.

4.19.8 Noncompliance with any of the provisions in this section may result in a disallowance of the costs of the procurement transaction.

4.20 Use and Disposition of Vehicles and Equipment

4.20.1 Use of CSBG-funded vehicles and equipment by other programs shall comply with Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards (45 CFR § 75.320 and § 75.439).

4.20.1.1 Vehicles and equipment purchased with CSBG funds must be used by Contractor in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by CSBG funds, and Contractor must not encumber the property without prior approval of CSD. When no longer needed for the original program or project, the equipment may be used in other activities supported by CSD, in the following order of priority: (a) activities under a Federal award from CSD; then (b) activities under Federal awards from other HHS awarding agencies.

4.20.1.2 During the time that equipment is used on the project or program for which it was acquired, Contractor must also make the equipment available for use on other projects or programs currently or previously supported by the Federal Government. User fees should be considered, if appropriate, in accordance with federal regulations.

4.20.1.3 Any user fees shall be treated as “program income” to the CSBG program, as described in 45 CFR § 75.307.

4.20.1.4 Contractor may be compensated for the use of its buildings, capital improvements, equipment and software projects capitalized in accordance with generally accepted accounting principles (GAAP), provided they are used, needed in Contractor’s program activities, and properly allocated to the CSBG program. Such compensation must be made by allocating and computing depreciation in accordance with the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards (45 CFR § 75.436).

4.20.2 Contractor shall comply with all equipment management requirements outlined in

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards (45 CFR § 75.320 (d)), including, but not limited to: (a) property records; (b) physical inventory of the property; (c) a control system to prevent loss, damage, or theft; (d) adequate maintenance procedures; and (e) proper sale procedures.

4.20.3 *Sale or Disposition of CSBG-Funded Vehicles and Equipment.*

4.20.3.1 If/when Contractor's CSBG program(s) no longer need(s) items of equipment with a current per unit fair market value of $5,000 or less, the equipment may be retained, sold, or otherwise disposed in accordance with the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards (45 CFR § 75.320).

4.20.3.2 Conflict of interest policies and proper sales procedures should be followed to ensure that the best possible value and sale price is realized.

4.20.3.3 Pursuant to 45 CFR § 75.307(d), , sale proceeds from the sale of real property, equipment, or supplies are not program income. (S*ee also* 45 CFR § 75.2 "Program Income".) Such proceeds will be handled in accordance with the requirements of Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards – *Subpart D–Post Federal Award Requirements* (including 45 CFR §§ 75.318, 75.320 and 75.321).

4.21 Subcontracts

4.21.1 Contractor may enter into subcontract(s) to perform part or all of the direct services covered under this Agreement. Prior to the commencement of subcontracted services under this Agreement, Contractor shall obtain board approval, to include but not be limited to, an assurance that the subcontractor agreement(s) shall comply with all terms, conditions, assurances, and certifications of this Agreement for the nonprofit and local governmental agencies performing services in the area(s) described in ARTICLE 1 - SCOPE OF WORK.

4.21.2 *Notification of Subcontract Execution.*

4.21.2.1 Contractor shall provide annual written notification to CSD within 60 calendar days of execution of each subcontractor agreement by completing the CSD 163 Subcontractor List (Form), which can be

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

found on the Local Agencies Portal.

4.21.2.2 This annual written notification shall also include a certification that, to the best of Contractor's knowledge, the subcontractor is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency. For purposes of this certification of subcontractor eligibility, Contractor may rely on information as verified via the Excluded Parties List System (EPLS), available at https://www.sam.gov.

4.21.2.3 If CSD determines that Contractor has executed a subcontract with an individual or entity listed as debarred, suspended, or otherwise ineligible on EPLS as of the effective start date of the subcontract, costs Contractor has incurred under the subcontract may be disallowed.

4.21.2.4 Contractor must ensure that funds expended pursuant to this Agreement are allowable and allocable and Contractor must adopt fiscal control and accounting procedures sufficient to enable the tracing of funds paid to any subcontractor to a level of expenditure adequate to establish that such funds have not been used in violation of this Agreement. Contractor shall ensure that any subcontracts under this Agreement contain all provisions necessary to ensure adequate substantiation and controls of the expenditure of such funds. Contractor may achieve this through detailed invoices, by periodic monitoring of subcontractor's program activities and fiscal accountability, by retaining a right of reasonable access to the subcontractor's books and records, or by any other method sufficient to meet the Contractor's responsibility to substantiate costs required by the Uniform Administrative Requirements, Cost Principles and Audit Requirements for HHS Awards (45 CFR Part 75, Subpart E – Cost Principles).

4.21.3 Contractor is solely responsible for performance of the terms, conditions, assurances, and certifications of this Agreement, without recourse to the State, regarding the settlement and satisfaction of all contractual and administrative issues arising out of subcontract agreement(s) entered into in support of this Agreement, including disputes, claims, or other matters of a contractual nature as well as civil liability arising out of negligence or

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

intentional misconduct of the subcontractor(s).

4.21.4 Nothing contained in this Agreement shall create any contractual relation between CSD and any subcontractors, and no subcontract shall relieve the Contractor of its responsibilities and obligations hereunder. Contractor shall be liable for any acts and omissions of its subcontractors or of persons either directly or indirectly employed by subcontractors in violation of this Agreement. Contractor's obligation to pay subcontractor(s) is independent from CSD's obligation to make payments to Contractor. As a result, CSD shall have no obligation to pay or to enforce payment of any moneys to any subcontractor.

4.21.5 In the event CSD suspends, terminates, and/or makes changes to the services to be performed under this Agreement, Contractor shall notify all of its subcontractors in writing within five business days of receipt of notice of such action.

ARTICLE 5 – PROGRAM BUDGET REQUIREMENTS AND PAYMENTS

5.1 Budget

5.1.1 Concurrent with the submission of this Agreement, Contractor shall complete and submit the CSBG Fiscal Data forms [CSBG Contract Budget Summary (CSD 425.S), CSBG Budget Support - Personnel Costs (CSD 425.1.1), CSBG Budget Support - Non-Personnel Costs (CSD 425.1.2), CSBG Budget Support - Other Agency Operating Funds (CSD 425.1.3), and Budget Narrative (CSD 425.1.4)] attached to this Agreement. Contractor must include an itemized list identifying all other funding sources and amounts that make up the total annual operating budget of the community action program(s). Notwithstanding any other provision of this paragraph, Contractor may submit the itemized list of other funding sources by either of the following methods: (a) completing the attached form (CSD 425.1.3); or (b) submitting an internal annual budget document displaying the funding sources and their anticipated revenues.

5.1.2 Contractor shall submit the CSBG Contract Budget Narrative form (CSD 425.1.4) with a justification for each projected line item reported on the CSD 425.1.1 and CSD 425.1.2.

5.1.3 *Administrative Expenses.* For the purpose of administrative expenditures, and pursuant to Cal. Gov. Code § 12781(c)(1)(D), Contractor may use funds allocated

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

under this Agreement in an amount not to exceed 12 percent of the total operating budget of its community action program(s), including other agency funds used to support CSBG. Contractor shall not use funds provided under this Agreement to cover administrative costs incurred in the Low Income Home Energy Assistance Program (LIHEAP) in excess of the LIHEAP contractual limitations by the Contractor's agency.

The budgets of the Contractor's community action programs, not the budget of the organization or the organizational division to which the community action programs are assigned, shall be used in calculating the amount of allowable administrative expenditures under this subparagraph.

5.1.3.1 A qualifying community action program is defined by Cal. Gov. Code § 12750(b) as:

A "locally planned and operated program comprising a range of services and activities having a measurable and potentially major impact on causes of poverty in the community or those areas of the community where poverty is a particularly acute problem."

5.1.3.2 Community action programs typically:

5.1.3.2.1 Maintain a tripartite board of directors or advisory board, as defined in Cal. Gov. Code § 12751, which in the case of governmental entities, has operational jurisdiction and oversight or advisory responsibility, and

5.1.3.2.2 Serve the purposes and goals of the federal Community Services Block Grant Act, Section 672 (42 USC § 9901) and Cal. Gov. Code § 12750 with particular reference to the reduction of the causes and conditions of poverty and persistent economic insecurity.

5.1.4 For purposes of allocating indirect costs, contractors may use current negotiated indirect cost rates that have been approved by a cognizant federal agency. Contractor shall submit a copy of the letter of approval from the cognizant agency which includes date of approval and amount of rate. In the absence of a negotiated indirect cost rate, Contractor may elect to use a 15 percent de minimis indirect cost rate as permitted under 45 CFR § 75.414(f) and 2 CFR § 200.414(f).

5.1.5 *Budget modifications require pre-approval by CSD*. No originally approved budget

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

line item may be increased or decreased by more than 10 percent (10%) without prior CSD approval. Contractor shall submit a CSD 425b, *Justification for Contract Amendment/Modification* and updated budget forms to request a budget modification.

5.2 Advance Payments – Amount

5.2.1 Upon approval of all contract deliverables, CSD shall, in accordance with Cal. Gov. Code § 12781(b), issue an advance payment to Contractor in an amount not to exceed 25 percent of the maximum amount of this Agreement.

5.2.2 If HHS does not initially make enough funds available for CSD to pay the advance amount in full, CSD shall provide that portion of the advance payment that is available and pay the remaining portion(s) as funds become available.

5.2.3 If HHS fails to provide sufficient funds to pay the advance payment during the first six months of the contract term, Contractor will not be entitled to additional advance payments thereafter.

5.2.4 If, during the first six months of the contract term, CSD amends this Agreement to increase the maximum amount, CSD shall advance up to 25 percent of the increase to Contractor.

5.2.5 Contractors who opt not to receive an advance payment must notify CSD in writing on agency letterhead. Written notification must be submitted with the Agreement.

5.3 Advance Payments – Interest on Advances

5.3.1 Contractor must deposit all advances in an interest-bearing account in accordance with 45 CFR § 75.305(b)(8), unless one or more of the following apply:

5.3.1.1 Contractor receives less than $120,000 in Federal awards per year.

5.3.1.2 The best reasonably available interest-bearing account would not be expected to earn interest in excess of $500 per year on federal cash balances.

5.3.1.3 The depository would require an average or minimum balance so high that it would not be feasible within the expected Federal and non-Federal cash resources.

5.3.2 Interest earned amounts up to $500 may be retained by Contractor for

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

administrative expenses. Any additional interest earned on CSBG advance payments deposited in interest-bearing accounts must be remitted annually to the U.S. Department of Health and Human Services at:

HHS Program Support Center
P. O. Box 979132
St. Louis, MO 63197

When returning interest, the refund should include: an explanation stating that the refund is for interest, the name of the awarding agency (CSD), and the grant number for which the interest was earned.

5.4 Advance Payments – Liquidation of Advance

5.4.1 Contractor may liquidate the advance at any time through offsets against CSD-approved reimbursement requests; however, CSD shall initiate repayment of the advance through offsets of approved expenditures at the seventh monthly reporting period of the Period of Performance, or when the Contractor has expended 75 percent of the maximum amount of this Agreement.

5.4.2 CSD-initiated repayments of the advance shall be accomplished through offsets against subsequent reimbursement of approved expenditures. CSD shall determine the amount to be offset against reimbursements by dividing the unpaid advance amount by the number of remaining expenditure reporting periods in the Period of Performance In the event that an expenditure request for a reporting period is less than the offset amount as determined above, the entire amount of the expenditure reimbursement request shall be applied against the remaining advance balance. If the original contract is granted a term extension, this does not extend the advance repayment period.

5.4.3 If the advance payment is not fully paid by the end date of the original contract term, then CSD will offset any subsequent reimbursement of approved expenditures to fully repay the advance payment.

5.5 Advance Payments – Lien Rights

The State retains lien rights on all funds advanced.

5.6 Payments

5.6.1 Upon approval of Contractor deliverables CSD shall issue payments (as specified by

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

Contractor on the CSD 425.S and CSD 627) to Contractor upon receipt and approval of a certified CSBG Expenditure/Activity Report. The report shall indicate the actual expenditures being billed to CSD for reimbursement for the specific report period.

5.6.2 Subsequent payments to Contractor shall be contingent on receipt and approval by CSD of the preceding Expenditure/Activity Report. If Contractor owes CSD any outstanding balance(s) for overpayments of any Agreement, current or previous, the balance(s) may be offset after notice to the Contractor providing an opportunity to present any valid objection to the offset.

ARTICLE 6 – FINANCIAL REPORTING

6.1 Fiscal Reports

6.1.1 Contractor shall request reimbursement for expenditures associated with all contract activities by reporting in the Expenditure Activity Reporting System (EARS) in accordance with CPN-C-22-01, CSBG Financial Reporting Policies and Procedures, which is available online at the Local Agencies Portal.

6.1.2 Contractor shall submit adjustments in accordance with CPN-C-22-01.

6.1.3 Contractor shall complete and submit to CSD a monthly CSBG Expenditure/Activity Report by entry in EARS on or before the 25th calendar day following the report period. This monthly submission is required regardless of the amount expended during the reporting period, even if the amount is zero.

6.2 Close-Out Report

6.2.1 Contractor shall complete and submit all CSD close-out forms when funds are 100 percent expended and according to the timelines below. The close-out report must be submitted for both the CSBG and Discretionary portions of the contract amount. The close-out report must be submitted according to the following Period of Performance timeline:

- Period of Performance: January 1, 2025, through December 31, 2025; Close-out due March 31, 2026 (90 calendar day close-out);
- Extension Period: January 1, 2025, through March 31, 2026; Close-out due May 31, 2026 (60 calendar day close-out); or

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

- Extension Period: January 1, 2025, through April 30, 2026; Close-out due May 31, 2026 (31 calendar day close-out).

6.2.2 The close-out report shall include the following forms: Close-Out Checklist and Certification of Documents Transmitted (CSD 715), Close-Out Program Income/Interest Earned Expenditure Report (CSD 715C), Close-Out Equipment Inventory Schedule (CSD 715D) and CSBG Discretionary Grant Work Plan/Final Report (CSD 626FR). The latest versions of the close-out forms are available on the Local Agencies Portal.

6.2.3 All close-out forms must be submitted electronically via email to CSBG.Div@csd.ca.gov.

6.2.4 Final expenditures must be submitted by entry into EARS by within the established close-out period coinciding with the performance period of this agreement as described in Section 6.2.1.

6.2.5 All adjustments must be submitted in accordance with CPN-C-22-01.

6.2.6 Subsequent payments for expenditures under any open CSD contract and the issuance of other CSD contracts shall be contingent upon timely submission of the closeout report.

6.2.7 If CSD grants Contractor a term extension, regardless of the Extension Period, Contractor must submit all required close-out documents, without exception, no later than May 31, 2026.

6.3 Transparency Act Reporting

6.3.1 Federal Funds Accountability and Transparency Act (FFATA) Requirements. Awards under these programs are included under the provisions of P.L. 109-282, the "Federal Funds Accountability and Transparency Act of 2006" (FFATA). Under this statute, the grant recipient is required to report information regarding executive compensation and all subawards, contracts, and subcontracts in excess of $25,000 through the Federal Subaward Reporting System (https://www.fsrs.gov/) and in accordance with the terms found in Federal regulations at 2 CFR Part 170, including Appendix A.

6.3.2 Pursuant to the FFATA reporting requirements (2 CFR Part 170), CSD is required to report information regarding contractors (sub-awardees) receiving CSBG funds. Contractor must complete CSD Form 279, located on the Local Agencies Portal and

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

return with the signed contract to ensure compliance.

6.3.3 CSD may issue guidance and/or amendment(s) to this Agreement, establishing additional reporting requirements as necessary to ensure compliance with the FFATA or other Federal and State regulations, as applicable.

ARTICLE 7 – CSBG TERMS, CONDITIONS, PROGRAMMATIC PROVISIONS, AND REPORTING

7.1 Discretionary Funds Requirements

7.1.1 Contractor shall complete the following documents, available on the Local Agencies Portal, satisfactory to CSD in form and substance, and submit to the assigned CSD Field Representative within 30 calendar days of receipt for private agencies or 45 calendar days of receipt for public agencies.

7.1.1.1 CSBG Contract Discretionary Contract Budget Summary (CSD 627S);

7.1.1.2 CSBG Discretionary Budget Support Personnel Cost (CSD 627A);

7.1.1.3 CSBG Discretionary Budget Support Non-Personnel Cost (CSD 627B);

7.1.1.4 CSBG Discretionary Budget Contract Budget Narrative (CSD 627C); and

7.1.1.5 CSBG Discretionary Grant Work Plan/Final Report (CSD 626FR).

7.1.2 *Administrative Cap*. The discretionary allocation is subject to an administrative cap of 12 percent of the total discretionary funds received.

7.1.3 *Advance Payments*. Advance payments are not available on the 2025 Discretionary Funds.

7.1.4 *Fiscal Reporting*. Contractor shall complete and submit to CSD a monthly CSBG Expenditure/Activity Report by entry in EARS on or before the 25th calendar day following the report period. This monthly submission is required regardless of the amount expended during the reporting period, even if the amount is zero.

7.1.5 Discretionary funds are expected to be fully expended no later than December 31, 2025.

7.1.6 *Close-Out*. Contractor shall complete and submit all CSD close-out forms as required and outlined in Section 6.2.

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

7.2 Fair Hearing for Denial of Client Benefits by Contractor

7.2.1 Pursuant to 22 Cal. Code Regs. § 100751, as amended, Contractor shall advise individuals who have been denied assistance under a program funded by this Agreement of their right to appeal to the Contractor, and if not satisfied with the Contractor's decision, then to CSD for a fair hearing within 20 calendar days from the denial of assistance. Contractor must establish a procedure for an appeal process which at a minimum complies with 22 Cal. Code Regs. § 100751.

7.2.2 Within five business days of receipt of an appeal from a client, CSD's Administrative Fair Hearing Officer shall schedule an administrative fair hearing to be conducted no later than 30 calendar days from the receipt of the request.

7.2.3 The client may withdraw the appeal/request for a fair hearing at any time during the appeal process by providing written, email, or telephonic notice to CSD. Telephonic notice of withdrawal must be confirmed in writing by the Administrative Fair Hearing Officer or designated CSD staff.

7.3 Organizational Standards

To maintain compliance with the Office of Community Services' *CSBG IM 138: State Establishment of Organizational Standards for CSBG Eligible Entities*, Contractor shall submit the Organizational Standards annually utilizing the eGov ReportHub system no later than September 2, 2025. Contractor shall have until January 31, 2026, to address modification requests from CSD and/or complete the technical assistance plan(s) for unmet standards in the 2025 Organizational Standards Assessment.

7.4 Programmatic Reporting

7.4.1 *Submission of Required Plans/Reports.* Unless otherwise specified by the provisions of this Article, all Community Action Plans and reports required by the provisions of this Article shall be submitted via email to CSBG.Div@csd.ca.gov, no later than the date specified.

7.4.2 *Community Action Plan*. Contractor shall submit a Community Action Plan meeting the requirements of Government Code § 12747 no later than June 30th of every odd year, unless/until otherwise instructed by CSD. All future Community Action Plans must include certification of a ROMA trainer, implementor, California ROMA Representative, or advocate prior to submission to CSD.

7.4.3 *CSBG Annual Work Plan Modules 3 and 4*. Annual programmatic work plan covers the proposed programmatic activities from January 1, 2025, through December 31, 2025. Contractor must complete and submit the CSBG Annual Work Plan CSD 641 form and enter the Targets using Work Plan CSD 641A Module 3 Targets and/or

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

641B Module 4 Targets as part of the contract deliverables. Required data for Module 3 and Module 4 will include selecting the appropriate CNPI(s) and or FNPI(s), entering the target, and entering the type of documentation the agency will use to verify the outcome has been met. The Annual Report projections for CY 2025 must be completed and submitted with the contract deliverables. Copies of the forms may be accessed on the Local Agencies Portal.

7.4.4 *CSBG Annual Report Modules 2 through 4 and Agency Success Stories.* Annual programmatic reporting covers the programmatic activities from January 1, 2025, through December 31, 2025. As applicable, Modules 2 through 4 and Agency Success Stories must be completed and submitted in the eGov Reporting system no later than February 3, 2026. Access to the eGov system is available at: https://cacsd.communitysoftwaregroup.com/CsgIdentity/Account/LogIn.

7.4.5 Contractor shall be required to collect programmatic outcomes associated with services provided under an extended Period of Performance covering the period January 1, 2026, through the extended Period of Performance as specified on the STD 213. Contractor must submit the programmatic outcomes through this period with the following year's annual report information.

ARTICLE 8 – COMPLIANCE POLICIES AND PROCEDURES

8.1 Right to Monitor, Audit, and Investigate

8.1.1 Any duly authorized representative of the federal or State government, which includes but is not limited to the State Auditor, CSD Staff, and any entity selected by CSD to perform inspections, shall have the right to monitor and audit Contractor and all subcontractors providing services under this Agreement through on-site inspections, audits, and other applicable means the State determines necessary.

8.1.2 Contractor shall make available all reasonable information necessary to substantiate expenditures under this Agreement are allowable and allocable, including, but not limited to books, documents, papers, and records. Contractor shall agree to make such information available to the federal government, the State, or any of their duly authorized representatives including representatives of the entity selected by CSD to perform inspections, for examination, copying, or mechanical reproduction, on or off the premises of the appropriate entity upon a reasonable request.

8.1.3 Any duly authorized representative of the federal or State government shall have the right to undertake investigations in accordance with applicable federal and state

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

requirements, with particular reference to 42 USC §§ 9914-9916, and 22 Cal. Code Regs. § 100730, as amended.

8.1.4 All agreements entered into by Contractor with audit firms for purposes of conducting independent audits under this Agreement shall contain a clause permitting any duly authorized representative of the federal or State government access to the working papers of said audit firm(s).

8.2 Compliance Monitoring – Contractor's and CSD's Shared Responsibilities for Federal Funds

8.2.1 As the recipient of federal CSBG funds under this Agreement, Contractor is responsible for substantiating that all costs claimed under this Agreement are allowable and allocable under all applicable federal and State laws, and for tracing all costs to the level of expenditure.

8.2.2 As the State CSBG administrator, CSD must conduct onsite and follow-up monitoring, and other audits/reviews as necessary, to ensure that:

8.2.2.1 Contractor meets federal and state performance goals, administrative and financial management standards, and other requirements, including federal organizational standards, as discussed in Article 7.2, applicable to CSBG-funded programs; and

8.2.2.2 Funds allocated to Contractor are expended for the purposes identified in federal and State CSBG law for allowable and allocable costs in accordance with CFR requirements.

8.2.3 CSD shall provide Contractor reasonable advance written notice of on-site monitoring reviews of Contractor's program or fiscal performance. Contractor shall cooperate with CSD program staff and other representatives, and provide access to all programs, records, documents, resources, personnel, inventory, and other things reasonably related to the administration and implementation of the services and activities funded directly or indirectly by this Agreement.

8.2.4 Except under certain conditions whereby advanced notice may not be feasible such as, a whistleblower or other investigation, CSD shall provide Contractor reasonable advance written notice of on-site audit of Contractor's program or fiscal performance. Contractor shall cooperate with CSD audits and other representatives, and provide access to all programs, records, documents, resources, personnel, inventory, and other things reasonably related to the

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

administration and implementation of the services and activities funded directly or indirectly by this Agreement.

8.2.5 In the event CSD determines that Contractor is not in compliance with material or other legal requirements of this Agreement, CSD shall provide Contractor with observations, recommendations, and/or findings of noncompliance in writing, along with specific action plans for correcting the noncompliance. All noncompliance findings must be resolved by the mutually agreed upon corrective action timeframe.

8.3 Collection of Disallowed Costs

8.3.1 In the event questioned costs are identified in a final decision on cost disallowance issued by CSD, Contractor shall comply with any demand for repayment, as specified in such final report.

8.3.2 *Time for Response.* Contractor shall have no less than 30 calendar days from receipt of the final decision to tender payment to CSD or, alternatively, to provide CSD with complete and accurate information or documentary evidence in support of the allowability of questioned costs.

8.3.3 *Notice After Review of Further Supporting Evidence.* If Contractor challenges questioned costs and submits complete and accurate information or documentary evidence in support of the allowability of questioned costs as provided above in Article 8.3.2, CSD shall, after consideration of Contractor's submission, accordingly, issue a revised Notice of Disallowed Costs, if any, no later than 30 calendar days after receipt of Contractor's information or documentation. Contractor shall have 15 calendar days from receipt of such Notice to tender payment or a repayment plan acceptable to CSD. In the alternative, Contractor may request a hearing in accordance with this Agreement, for CSD's final determination of disallowed costs.

8.3.4 All statements, notices, responses and demands issued in accordance with this Article 8.3 shall be in writing.

8.3.5 CSD may, at its discretion, reasonably extend the time periods allowed for responses specified in this Article 8.3.

8.4 Auditing Standards

8.4.1 *Applicability.* The standards set forth in in 2 CFR § 200.500 et seq. are hereby

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

incorporated by reference.

8.4.2 *Supplemental Audit Guide.* In addition to the applicable audit requirements specified in Article 8.4.1, Contractor must follow the most current CSD Supplemental Audit Guide, which is incorporated into this Agreement by reference and may be accessed on the Local Agencies Portal.

8.5 Audit Reports

8.5.1 Funds provided under this Agreement shall be included in an audit conducted in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements §§ 200.500-521, standards promulgated by the American Institute of Certified Public Accountants (AICPA), and those standards included in "Government Auditing Standards," December 2011 Revision, as amended, or the 2018 revision effective for financial audits, attestation engagements, and reviews of financial statements for periods ending on or after June 30, 2023.

8.5.2 *Organizations below audit threshold.* Contractors falling below the federal funding threshold, currently $1,000,000, that mandates a single audit may be subject to an audit and/or other fiscal or program-specific review conducted by CSD or its agents, upon 30 calendar days written notice.

8.5.3 The financial and compliance audit report shall contain a Schedule of Expenditures of Federal Awards (SEFA) in accordance with 2 CFR § 200.510 (45 CFR § 75.510). All CSBG grants shall be reported separately on the SEFA, i.e., CSBG; Discretionary. In addition, a separate Supplemental Statement of Revenues and Expenditures (SSRE) for **each** contract whose **term ends** during the single-audit fiscal year shall be included in that year's single audit. The SSRE shall report revenue and expenditures for CSD funding by contract line item and fiscal year. The SSRE shall cover the entire contract term as required in CSD's Supplemental Audit Guide.

8.5.4 *Submission of Audit Reports*. Contractor shall submit to CSD one electronic copy of the required audit report(s) and any management letter(s) issued by the accountant, within the earlier of 30 calendar days after receipt of the auditor's report, or nine months after the end of the Contractor's fiscal year.

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

8.5.5 The audit report(s) and all supplemental financial information must be submitted to the following addresses:

One Electronic copy:

audits@csd.ca.gov

Upon receipt of the audit report, CSD's Audit Services Unit (ASU) will send a confirmation email within ten calendar days. Contractor should verify receipt of ASU's confirmation email to ensure your Single Audit report was received.

In accordance with the guidelines of the Division of Audits of the California State Controller's Office (SCO), if Contractor is a local government agency, additional copies of the audit report must be submitted to the following address:

State Controller's Office
Division of Audits
300 Capitol Mall, Fifth Floor
Sacramento, CA 95814

8.6 Failure to Comply with Audit Requirements

8.6.1 In the event that Contractor fails to comply with the audit requirements under this Article, CSD, as appropriate in the circumstances, may take one or more of the following actions, provided in 45 CFR § 75.371 - § 75.375 "Remedies for Noncompliance": (a) temporarily withhold cash payments pending correction of the deficiency by Contractor or more severe enforcement action by CSD; (b) disallow (that is, deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance; (c) wholly or partly suspend (suspension of award activities) or terminate the award; (d) recommend that suspension or debarment proceedings be initiated by the HHS awarding agency, as authorized under 2 CFR Part 180 and Federal awarding agency regulations at 2 CFR Part 376; (e) withhold further federal awards for the project or program; and (f) take other remedies that may be legally available.

8.6.2 *Collection of Disallowed Costs*. Contractor shall have no less than ten business days from receipt of the draft Audit Transmittal Report (TR) or comparable document to provide acceptance of the disallowed costs or, alternatively, to provide CSD with complete and accurate information or documentary evidence in support of the allowability of questioned costs.

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

8.6.3 If Contractor challenges questioned costs and submits complete and accurate information or documentary evidence in support of the allowability of questioned costs CSD shall, after consideration of Contractor's submission, issue a final TR, no later than 30 calendar days after receipt of Contractor's information or documentation. If questioned costs are determined to be owning, ASU shall notify CSD's Financial Services Unit (FSU) to send an invoice. Contractor will tender payment to FSU or negotiate a repayment plan acceptable to FSU.

8.7 Enforcement Actions Resulting from Noncompliance with this Agreement

8.7.1 *Legal Authority*. The authority for CSD Enforcement Actions, as defined in Article 8.7.2, for cost disallowances/recovery of misused funds, and for de- designation of eligible entity status (collectively "Enforcement Process") is found in the federal CSBG Act (42 USC §§ 9914-9916), in the Code of Federal Regulations, and in state regulations, with particular reference to 22 Cal. Code Regs. § 100780. In order to facilitate compliance with the cited authorities, the parties to this Agreement agree that Article 8.7 shall: (a) guide, inform and clarify the Enforcement Process; (b) establish the procedures to be followed; and (c) establish the rights and obligations of the parties with respect to the Enforcement Process, for purposes of implementing the principles set out in the applicable legal authorities.

8.7.2 *Definitions.*

Enforcement Action. For purposes of this Article, "Enforcement Action" shall refer to official steps taken by CSD in response to material breaches of this Agreement and/or Contractor's inability to fulfill contractual obligations of the Agreement due to serious financial instability or insolvency. Enforcement Actions may include any of the following: (a) "High-Risk" designation; (b) a determination of cost disallowance; (c) contract suspension; (d) contract termination; or (e) termination of Contractor's designation as an eligible entity.

High Risk Designation refers to the status of a Contractor which, due to material breach/failure to fulfill contractual obligations and/or serious financial instability, is subject to Enforcement Action(s) that may include imposition of Special Conditions and/or Sanctions designed to allow for continued performance of the Agreement within the conditions/sanctions imposed, or other actions deemed necessary to safeguard public funds.

Material Breach means any act or omission by Contractor that is in contravention or disregard of Contractor's duties and obligations under the terms of this Agreement and under applicable State and federal law, which act or omission: (a)

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

constitutes fraud or gross negligence by Contractor or its agent(s); (b) is likely to result in significant waste and/or abuse of federal funds; (c) has a significant adverse impact on Contractor's ability to meet its administrative, financial, or programmatic duties and obligations over the term of the contract or a significant portion thereof; (d) violates or otherwise disregards significant program guidance and other requirements of the Federal Government, whether issued directly or through CSD; (e) may have serious adverse effects and consequences on the Contractor's customers, employees, subcontractors, creditors, suppliers, vendors, or other stakeholders; or (f) may otherwise significantly and adversely affect the viability, effectiveness, or integrity of the program.

8.7.3 *Initiation of Enforcement Action.*

8.7.3.1 *Grounds for Enforcement Action.* If CSD determines that Contractor has not complied with the requirements of this Agreement and that Contractor's noncompliance constitutes a material breach of the Agreement, or if CSD determines that Contractor's financial condition is so unstable and tenuous that its ability to implement this Agreement is seriously compromised, CSD may initiate an Enforcement Action.

8.7.3.2 *Notice of High-Risk Designation.* To initiate an Enforcement Action, CSD must provide Contractor with written Notice of High-Risk designation, setting forth: (a) the factual and legal basis for the determination of noncompliance, upon which the High-Risk designation is based; (b) the corrective action(s) required; and (c) the date by which they must be taken and completed.

8.7.4 *Special Conditions and Sanctions.*

8.7.4.1 CSD may impose Special Conditions and/or Sanctions upon a determination that such steps are reasonably necessary to address acute financial instability or a material breach, as defined above. Imposition of Special Condition(s) and/or Sanction(s) shall be in writing and shall become effective on the date specified in the notice. Such notices must contain the following information: (a) the nature of the Special Condition(s) and/or Sanction(s) being imposed; (b) the reason(s) for imposing Special Condition(s) and/or Sanction(s); and (c) the corrective actions that must be taken and the time allowed for completing them before CSD removes the Special Condition(s) and/or Sanction(s).

8.7.4.2 Special Conditions may include but are not limited to: (a) requiring

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

Contractor to obtain training and/or technical assistance; (b) imposition of special or additional reporting requirements; (c) special or conditional cost reimbursement requirements and procedures; (d) provision of documentation by Contractor; and/or (e) requiring Contractor to amend or modify systems, procedures, and/or policies.

8.7.4.3 Sanctions may include but are not limited to: (a) suspension of advances and/or reimbursements; and/or (b) issuance of notices to suspend operations.

8.7.4.4 Sanctions may not be imposed without a hearing being first held in accordance with applicable regulations, *unless* CSD reasonably determines, based on credible information, that: (a) substantial sums to be paid to Contractor have been or will be used in violation of law or the provisions of this Agreement, and/or (b) associated costs are otherwise very likely to be disallowed; and (c) taxpayer dollars are at significant risk and are unlikely to be recovered if Sanctions are not immediately imposed.

8.7.5 *Procedures for Review of Special Conditions and/or Sanctions.*

8.7.5.1 If Contractor wishes to contest the imposition of Special Conditions and/or Sanctions, Contractor shall have five business days following receipt of a Notice of Enforcement Action in which to show cause, in writing, why the Special Conditions or Sanctions should not be imposed.

8.7.5.2 CSD shall have five business days following receipt of Contractor's response to accept or reject Contractor's objection and to state in writing the consequences of the decision and Contractor's obligations going forward, if any.

8.7.5.3 *Hearing.* Within five business days of receipt of a Notice of Enforcement Action, Contractor may request a hearing for the parties to consider the matters addressed in the Notice and to discuss alternative courses of action, which meeting CSD may agree to if, in its sole judgment, it determines that the meeting would be helpful to the process, can be held expeditiously, and will not cause undue delay or further jeopardize taxpayer dollars.

8.7.5.4 Contractor may, at any time, request in writing that CSD initiate the contract suspension or contract termination processes, to include the requisite hearings, as set out in applicable federal and State law, with particular reference to 22 Cal. Code Regs. § 100780.

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

8.7.5.5 Should Contractor fail to show cause as to why the Enforcement Action should not go forward, or should Contractor fail to request that CSD initiate either the contract suspension or termination processes, CSD may initiate such action at its own discretion.

8.7.5.6 Special Conditions and Sanctions shall remain in effect until the hearing procedure is completed, provided, with respect to sanctions, CSD reasonably determines that Article 8.7.5.3 applies.

8.7.6 *Enforcement Action Cost Disallowance.*

8.7.6.1 *Statement of Questioned Costs.* If CSD determines that Contractor's non-compliance has resulted in questioned costs, CSD shall provide Contractor with a Statement of Questioned Costs along with the Notice of Enforcement Action, or at such later time in the enforcement process as questioned costs are identified.

8.7.6.2 Statements of Questioned Costs shall include, at minimum: (a) particular item(s) of cost questioned and the specified amount(s) by type or category of costs; (b) factual basis for questioning costs, and the information and/or documentation required to justify payment of the costs; and (c) timeframe and procedures for Contractor's submission of the required information or documentation to CSD.

8.7.6.3 *Investigative Audits and Reports.* If CSD determines that more information is required before a Statement of Questioned Costs can be issued or before a final determination of cost disallowance can be made, CSD may conduct an investigative audit of Contractor's records, files and books of account, or retain an audit firm for such purpose. Contractor agrees to cooperate fully in any audit conducted and to ensure that Contractor's agents, accountants and subcontractors cooperate in the performance of such audit. A report of any audit conducted shall be shared with Contractor, who shall be given ample opportunity to respond to findings and to submit information and documentation in support of the response.

8.7.6.4 *Effect of Non-Cooperation with Investigative Audits.* If Contractor fails to cooperate in the conduct of an audit initiated pursuant to Article 8.7.6.3, CSD may: (a) impose sanctions as provided in Article 8.7.4; and/or (b) issue a Notice of Disallowed Costs as determined appropriate.

8.7.6.5 *Notice of Disallowed Costs.* If CSD determines that further information

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

and/or documentation provided by Contractor has not fully addressed or resolved any outstanding issues of questioned costs, CSD shall issue a Notice of Disallowed Costs, which notice shall include: (a) the amount of disallowed costs to be repaid, if any; and (b) the date by which repayment must be made or, in the alternative, (c) the date by which Contractor must submit a proposed repayment plan for consideration by CSD.

8.7.6.6 *Right to Dispute Notice.* Not later than five business days after receipt of a Notice of Disallowed Costs, Contractor may request a hearing disputing the Notice or statements made therein. The hearing shall be conducted in accordance with the procedures set out in 22 Cal. Code Regs. § 100780, for the purpose of adjudicating the matter of cost disallowance; however, either Contractor or CSD may opt to adjudicate other pending enforcement action matters, in a combined proceeding.

8.7.6.7 *Waiver of Right to Dispute.* If Contractor declines to request a hearing to adjudicate cost disallowance, or neglects to submit a request as provided in Article 8.7.6.6, the Notice of Disallowed Costs shall be deemed final, and Contractor shall be obligated to comply with the requirements of the Notice.

8.7.6.8 Contractor will be deemed to have complied with a Notice of Disallowed Costs when CSD receives full repayment of outstanding disallowed amount(s), or when CSD formally approves a repayment plan. In reviewing Contractor's repayment plan, CSD shall take into consideration such factors as, but not limited to: (a) federal requirements or conditions applicable to the grant(s) under which the disallowed costs were funded; (b) the exigencies of the grant program and CSD's ability to reallocate the funds repaid or otherwise dispose of the funds in accordance with applicable law; (c) the risk of being unable to recover funding and the options for securing Contractor's repayment obligation; and (d) Contractor's financial condition and ability to pay.

8.7.7 *Removal of High-Risk Designation.* Contractor shall remain on High-Risk until CSD reasonably determines that Contractor has complied with the requirements of the Notice of High-Risk Designation, including verification by CSD that corrective measures have been implemented, that all conditions have been met and that disallowed costs have been repaid or, alternatively, that CSD has deemed Contractor's repayment plan to be acceptable and Contractor has demonstrated it is in compliance with the plan. Upon determination that Contractor has complied with the requirements of the Notice of High-Risk Designation, CSD

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

shall give Contractor written notice of such determination.

8.7.8 *Further Enforcement Action*. In the event Contractor's non-compliance with the terms and conditions of this Agreement are not remedied through imposition of Special Conditions, and/or Sanctions, thereby enabling CSD to remove High-Risk designation, CSD may initiate further Enforcement Actions involving Contract Suspension, Contract Termination and Termination of Contractor's designation as eligible entity, which shall be initiated and conducted in accordance with the applicable provisions found in 22 Cal. Code Regs. § 100780 and other applicable State and federal statutes and regulations.

8.7.9 *Contractor's Status During Federal Review Period.* The final decision with respect to any enforcement action which involves contract termination, cost disallowance, a denial of refunding, and/or de-designation of an eligible entity shall become effective upon completion of the applicable federal review, if initiated by Contractor, and in compliance with review requirements pursuant to Section 678C of the Community Services Block Grant Act, (42 USC § 9915), except that Special Conditions and Sanctions shall remain in force during the course of any federal review and appeal, and no new contracts or amendments will be executed during the federal review and appeal process.

8.8 Generate Artificial Intelligence (GenAI) Reporting and Factsheet STD. 1000

During the term of the contract, Contractor must notify the State in writing if their services or any work under this contract includes, or makes available, any previously unreported GenAI technology, including GenAI from third parties or subcontractors. Contractor shall immediately complete the GenAI Reporting and Factsheet (STD 1000) to notify the State of any new or previously unreported GenAI technology. At the direction of the State, Contractor shall discontinue the use of any new or previously undisclosed GenAI technology that materially impacts functionality, risk or contract performance, until use of such GenAI technology has been approved by the State.

Failure to disclose GenAI use to the State and submit the GenAI Reporting and Factsheet (STD 1000) may be considered a breach of the contract by the State at its sole discretion and the State may consider such failure to disclose GenAI and/or failure to submit the GenAI Reporting and Factsheet (STD 1000) as grounds for the immediate termination of the contract. The State is entitled to seek any and all relief to which it may be entitled to as a result of such nondisclosure.

The State reserves the right to amend the contract, without additional cost, to incorporate GenAI Special Provisions into the contract at its sole discretion and/or terminate any contract that presents an unacceptable level of risk to the State.

STD.1000 Form: https://www.documents.dgs.ca.gov/dgs/fmc/pdf/std1000.pdf

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

ARTICLE 9 – FEDERAL AND STATE POLICY PROVISIONS

9.1 Federal Certification Regarding Debarment, Suspension, and Related Matters

9.1.1 Contractor hereby certifies to the best of its knowledge that it, any of its officers, and any subcontractor(s):

a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency;

b. Have not, within a three-year period preceding this Agreement, been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction; violation of federal or State antitrust statutes; commission of embezzlement, theft, forgery, or bribery; falsification or destruction of records; making false statements; or receiving stolen property;

c. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state, or local) with commission of any of the offenses enumerated in Article 9.1.1; and

d. Have not, within a three-year period preceding this Agreement, had one or more public (federal, state, or local) transactions terminated for cause or default.

9.1.2 If any of the above conditions are true for the Contractor, any of its officers, or any subcontractor(s), Contractor shall describe such condition(s) in writing and submit this information to CSD with the other forms Contractor must complete and return prior to CSD's execution of this Agreement. Based on the description, CSD in its discretion may decline to execute this Agreement or set further conditions of this Agreement. In the event any of the above conditions are true and not disclosed by Contractor, it shall be deemed a material breach of this Agreement, and CSD may terminate this Agreement for cause immediately pursuant to the termination provisions of State and federal law governing the CSBG program.

9.2 Federal Requirements

9.2.1 Salary Limitation – Federal Executive Level II. Federal funds for these grant

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

programs consistently include a provision as part of the Consolidated Appropriations Act (e.g., Public Law 115-31, May 5, 2017) from Congress that the amount that "shall be used to pay the salary of an individual, through a grant or other extramural mechanism" including non-federal share, must not exceed the amount of the Federal Executive Level II salary for that calendar year. This amount is published annually by the U.S. Office of Personnel Management and can be found on their website at SALARY TABLE 2024-EX (opm.gov). This amount reflects an individual's base salary exclusive of fringe benefits and any income that an individual may be permitted to earn outside of the duties of the non-Federal entity's organization. This salary limitation also applies to subawards, contracts, and subcontracts under an ACF grant or cooperative agreement.

9.2.2 Human Trafficking Provisions. Contractor is subject to the requirements of Section 106(g) of the "Trafficking Victims Protection Act of 2000" (22 USC § 7104). The full text of this requirement can be found at https://www.acf.hhs.gov/grants/award-term-and-condition-for-trafficking-in-persons.

9.2.3 Prohibition on Use or Procurement of Covered Telecommunications Equipment or Services. Pursuant to the "Prohibition on certain telecommunications and video surveillance services or equipment" (2 CFR § 200.216), contractors are prohibited from expending grant funds on "equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. As described in Public Law 115-232, section 889, covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation and video surveillance and telecommunications equipment by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities). The full text of this requirement can be found at Electronic Code of Federal Regulations (eCFR).

9.3 Affirmative Action Compliance

9.3.1 Each contractor or subcontractor with 50 or more employees and an agreement of $50,000 or more shall develop a written Affirmative Action Compliance Program.

9.3.2 The written Affirmative Action Compliance Program shall follow the guidelines set forth in 41 CFR § 60-1.40, §§ 60-2.10 through 60-2.32, and §§ 60-741.1 through 60-741.47.

9.3.3 Each contractor or subcontractor with less than 50 employees shall comply with

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

Section 202 of Part II of Executive Order 11246, as amended by Executive Order 11375. Contractor shall ensure that subcontractors falling within the scope of this provision shall fully comply with the requirements thereof.

9.4 Nondiscrimination Compliance

9.4.1 Contractor's signature affixed hereon shall constitute a certification that to the best of its ability and knowledge will, unless exempted, comply with the nondiscrimination program requirements set forth in this section.

9.4.2 Contractor hereby certifies compliance with the following:

a. Federal Executive Order 11246, as amended by Executive Order 11375, relating to equal employment opportunity;

b. Title VI and Title VII of the Civil Rights Act of 1964, as amended (42 USC §§ 2000d et seq. and 2000e et seq.);

c. Rehabilitation Act of 1973, as amended (29 USC §§ 701 et seq.);

d. Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended (41 CFR Subtitle B, Part 60-300);

e. Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor, as amended (41 CFR Chapter 60); and

f. Americans with Disabilities Act of 1990, as amended (Pub. L. 101-336; 42 USC §§ 12101 et seq.).

9.5 Specific Assurances

9.5.1 *Smoking Prohibitions.* In accordance with Title XII of Public Law 103-227, the "PRO-KIDS Act of 1994," smoking may not be permitted in any portion of any indoor facility owned or regularly used for the provision of health, day care, education, or library services to children under the age of 18, if the services are funded by Federal programs whether directly or through State, Territories, local and Tribal governments. Federal programs include grants, cooperative agreements, loans and loan guarantees, subawards, and contracts. The law does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions or facilities and used for inpatient drug and alcohol treatment. The above language must be included in any subawards that contain provisions for children's services and that all subawards shall certify

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

compliance accordingly. Failure to comply with the provisions of this law may result in the imposition of a civil monetary penalty of up to $1,000 per day. This Agreement incorporates by reference all provisions set forth in "Child Support Services and Referrals", under 42 USC § 9919(b).

9.5.2 *American-Made Equipment/Products*. Contractor shall assure, pursuant to Public Law 103-333, Section 507, to the extent practicable, that all equipment and products purchased with funds made available under this Agreement shall be American made.

9.5.3 *Federal and State Occupational Safety and Health Statutes*. Contractor assures that it shall be in compliance with the provisions as set forth in Federal and State Occupational Safety and Health Statutes; the California Safe Drinking Water and Toxic Enforcement Act of 1986 (Health & Safety Code §§ 25249.5 et seq.); Universal Waste Rule (Hazardous Waste Management System: Modification of the Hazardous Waste Recycling Regulatory Program) (60 FR 25492, codified at 40 CFR Part 273); and California Workers' Compensation laws (Labor Code §§ 3200 et seq.).

9.5.4 *Political Activities*. Contractor shall refrain from all political activities if such activities involve the use of any funds that are the subject of this Agreement. Contractor is prohibited from any activity that is designed to provide voters or prospective voters with transportation to the polls or to provide similar assistance in connection with an election if such activities involve the use of any funds that are subject to this Agreement.

9.5.5 *Lobbying Activities*. Contractor shall refrain from all lobbying activities if such activities involve the use of any funds that are the subject of this Agreement or any other fund, programs, projects, or activities that flow from this Agreement. If Contractor engages in lobbying activities, Contractor shall complete, sign and date the attached CERTIFICATION REGARDING LOBBYING/DISCLOSURE OF LOBBYING ACTIVITIES, as required by the U.S. Department of Health and Human Services under 45 CFR Part 93 (Appendix A).

9.6 Subrecipient Monitoring

Contractor must obtain a Unique Entity Identifier (UEI) assigned by the System for Award Management (SAM.gov). CSD is required to check SAM.gov to verify that Contractor and subrecipients are not debarred, suspended, or ineligible. The UEI is a 12-character alphanumeric ID assigned by SAM.gov. CSD is also required to conduct risk assessments

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

of Contractor in accordance with 45 CFR § 75.352(b), and monitoring for each program, function, and activity (45 CFR § 75.342 & § 75.352.)

9.7 Executive Order N-6-22 – Russia Sanctions

On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (the EO) regarding Economic Sanctions against Russia and Russian entities and individuals. "Economic Sanctions" refers to sanctions imposed by U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law. The EO direct state agencies to terminate contracts with, and to refrain from entering any new contracts with, individuals or entities that are determined to be a target of Economic Sanctions. Accordingly, should the State determine Contractor is a target of Economic Sanctions or is conducting prohibited transactions with sanctioned individuals or entities, that shall be grounds for terminations of this agreement. The State shall provide Contractor advance written notice of such termination, allowing Contractor at least 30 calendar days to provide written response. Termination shall be at the sole discretion of the State.

SUBVENTION AGREEMENT

DEFINITIONS

All terms used in this Agreement shall be defined as stated in applicable federal and state statutes and regulations (42 USC § 9902; Cal. Gov. Code § 12730; 45 CFR Part 75 and 22 Cal. Code Regs. § 100601). The following terms shall be more specifically defined for purposes of this Agreement, insofar as the definition accords with federal and state law, as follows:

Agreement:	The complete contents of this Agreement entered into by and between the CSD and Contractor, including all rights, duties, and obligations whether expressed or implied required toward the legal performance of the terms hereof, and including all documents expressly incorporated by reference.
Agreement Term:	The timeframe of this Agreement as specified on the Agreement face sheet (STD 213) including the established Period of performance and an extended period granted upon approval to the Contractor by CSD.
Amendment:	A formal change to the Agreement of a material nature including but not limited to the term, scope of work, or name change of one of the Parties, or a change of the maximum amount of this Agreement.
Authorized Agent:	The duly authorized representative of the Board of Directors of Contractor, and the duly elected or appointed, qualified, and acting officer of the State. In the case of Contractor, the State shall be in receipt of a board resolution affirming the agent's representative capacity to bind Contractor to the terms of this Agreement.
Board of Directors:	For the purposes of a private nonprofit Community Action Agency, Board of Directors refers to the tripartite board as mandated by 42 USC § 9910 and Government Code § 12751. For the purposes of a publicly governed Community Action Agency, Board of Directors refers to the tripartite advisory/ administering board that is mandated by 42 USC § 9910 and California Government Code § 12752.1 and established by the political subdivision or local government.
Community Action Agency:	A public or private nonprofit agency that fulfills all requirements of Government Code § 12750.

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

Continuing Resolution:	An appropriation act that provides budget authority for federal agencies, specific activities, or both to continue in operation when Congress and the President have not completed action on the regular appropriation acts by the beginning of the fiscal year.
Contractor:	The entity (partnership, corporation, association, agency, or individual) designated on the face sheet (STD 213) of this Agreement.
CSD:	The State of California Department of Community Services and Development.
Eligible Entity	"Eligible entity" means an entity—(1) that is an eligible entity as defined in 42 USC Section 9902(1), or is designated by the process described in 42 USC Section 9909 (including an organization serving migrant or seasonal farmworkers that is so described or designated); (2) that has a tripartite board or other mechanism described in subsection (a) or (b), as appropriate, of 42 USC Section 9910; and (3) provides services in their Service Area pursuant to a CSBG grant from CSD.
Equipment:	An article of nonexpendable, tangible personal property having a useful life of more than one year and an acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-profit organization for financial statement purposes, or $5000.
Extended Period of Performance:	An extension to the Period of Performance provided to Contractor upon approval if Contractor does not expect to complete award activities during the Period of Performance.
Limited Purpose Agency (LPA):	A community-based nonprofit organization without a tripartite board, as defined in California Government Code § 12775 and 42 USC § 9910(b)(2).
Maximum Amount:	The dollar amount reflected on line 3 of the face sheet (STD 213) of this Agreement.
Modification:	An immaterial change to this Agreement that does not require an

Docusign Envelope ID: D313A372-7D98-4460-80D4-FC5222EF84D3

	Amendment.
Native American Indian Program (NAI):	A tribal or other Native American Indian organization in an urban or rural off-reservation area, as defined in Government Code § 12772, such as an Indian nonprofit organization, which meets the criteria of 'eligible entity' as defined in subdivision (g) of § 12730. An NAI may be considered a 'public organization' for purposes of tripartite board requirements or other mechanisms of governance in accordance with 42 USC § 9910(b)(2).
Parties:	CSD on behalf of the State of California, and the Contractor.
Period of Performance:	Time during which Contractor is expected to complete award activities and expend approved funds.
Program:	The Community Services Block Grant (CSBG) Program, 42 USC §§ 9901 et seq., as amended.
State:	The State of California Department of Community Services and Development.
Subcontractor:	An entity (partnership, tribe, corporation, association, agency, or individual) that enters into a separate contract or agreement with Contractor to fulfill direct program or administrative tasks in support of this Agreement**.**
Subcontract:	A separate contract or agreement entered into by and between Contractor and Subcontractor to fulfill direct program or administrative tasks in support of this Agreement.
Total Allocation:	The actual amount of funds available to Contractor under this Agreement, as calculated pursuant to Government Code § 12759 after CSD receives the notice of grant award for the full allocation based on the appropriation by Congress for the related federal fiscal year, and as publicly announced by CSD's Director or designee, subsequent to the execution of this Agreement.

SUBVENTION AGREEMENT

TABLE OF FORMS AND ATTACHMENTS

Forms (to be returned with signed Agreement):

A. CSBG Contract Allocation Increase:

1. CSBG Contract Budget Summary (CSD 425.S);
2. CSBG Budget Support Personnel Costs (CSD 425.1.1);
3. CSBG Budget Support Non-Personnel Costs (CSD 425.1.2);
4. CSBG Budget Support Other Agency Operating Funds (CSD 425.1.3);
5. CSBG Contract Budget Narrative (CSD 425.1.4);
6. CSBG Annual Report Work Plan (CSD 641);
7. CSBG Annual Report Projections (CSD 641A and/or CSD 641B); and
8. Joint Powers Agreement (if applicable).

B. *CSBG Annual Work Plan Modules 3 and 4*. Annual programmatic work plan covers the proposed programmatic activities during the Period of Performance from January 1, 2025, through December 31, 2025. Contractor must complete and submit the CSBG Annual Work Plan CSD 641 form and enter the Targets using Work Plan CSD 641A Module 3 Targets and/or 641B Module 4 Targets. Required data for Module 3 and Module 4 will include selecting the appropriate CNPI(s) and or FNPI(s), entering the target, and providing the type of documentation the agency will use to verify the outcome has been met. The Annual Report projections for CY 2025 must be completed and submitted with the contract deliverables. All necessary forms may be accessed on the Local Agencies Portal.

C. CSBG Discretionary Funds:

1. CSBG Discretionary Contract Budget Summary (CSD 627);
2. CSBG Discretionary Budget Support Personnel Cost (CSD 627A);
3. CSBG Discretionary Budget Support Non-Personnel Cost (CSD 627B);
4. CSBG Discretionary Contract Budget Narrative (CSD 627C); and

Generative Artificial Intelligence (GenAI) Reporting and Factsheet

Section 1: Bidder / Offeror / Contractor Information

25F-6049

Solicitation / Contract Number	**Bidder ID / Vendor ID (optional)**
Tehama County Community Action Agency	J17ZK8XTK6D5
Business Name	**Business Telephone Number**
P.O. Box 8263 310 South Main St., Red Bluff, CA 96080	530-527-6159

Business Address **City** **State** **Zip Code**

Contract / Description of Purchase

We do use not artificial generative intelligence to fulfill the CSBG contract services we provide.

Section 2: Reporting and Factsheet

Will you and/or your subcontractor(s) be using or offering GenAI technology, model, service, or system (collectively, "product")? ☐ **Yes** ☒ **No** (If no, skip to Signature section of this form.)

If yes, provide details regarding the GenAI system. See *GenAI Reporting and Factsheet Instructions* at the end of this form for more information.

Failure to provide information requested on this form may result in disqualification or may void any resulting contract.

1. GenAI Model Name	
LLM Version (Including number of parameters)	
All Model Names/ Owners for The Solution or Offering	

2. Applications / Product Owner (GenAI powered or driven)	
3. Product Description	
4. Use Case(s)	
5. Intended Information Domain	
6. Explain how the GenAI system is not adversely affecting decisions that materially impact access to, or approval for, housing or accommodations, education, employment, credit, health care, and criminal justice.	

Signature

By signing this document, I have identified and reported any GenAI use in the performance of this contract. If any new or previously unreported GenAI use is identified in the future in the performance of this contract, we will complete and submit to the State an updated STD 1000.

Signed by:
Bekkie Emery

Signature 1/21/2025 **Date**

Submit completed form to the awarding department.

GenAI Reporting and Factsheet Instructions

Please use the following definitions and instructions to complete the GenAI Reporting and Factsheet:

1. GenAI Model Name, LLM Version (including number of parameters) and All Model Names/Owners for The Solution or Offering
    a. Definition: The unique identifier or name assigned to the specific GenAI model or service.
    b. Purpose: Allows users to refer to and distinguish between different GenAI models.
2. Applications/Product Owner (GenAI powered or driven):
    a. Definition**:** The name of the organization or entity responsible for creating or deploying the GenAI model or service.
    b. Purpose: Helps identify the source and accountability for the GenAI system.
3. Product Description:
    a. Definition: A concise summary of the GenAI model's purpose, functionality, and key characteristics.
    b. Purpose: Provides a high-level understanding for users and stakeholders.
4. Use Case(s):
    a. Definition: The intended use or goal of the GenAI model (e.g., image recognition, natural language processing, text summarization).
    b. Purpose: Helps users assess whether the GenAI model aligns with their needs.
5. Intended Information Domain:
    a. Definition: The context, subject matter, or domain for which the GenAI model is designed to operate effectively.
    b. Purpose: Helps users determine if the GenAI model is suitable for their specific use case.
6. Adverse Impact:
    a. Explain below how you are ensuring the GenAI system is not adversely affecting decisions that materially impact access to, or approval for, housing or accommodations, education, employment, credit, health care, and criminal justice.
7. Signature:
    a. The signatory for the Contract shall also sign the STD 1000

Budget Narrative

Administrative Expenses:
OPERATING: Operating expenses in the Administrative section of this grant include indirect expenses including Insurance, A-87, Rent, and PERS Unfunded Liability.
CONTRACT/CONSULTANT: This amount includes partial full time equivalents (FTE) of salary and fringe costs of Tehama County Department of Social Services (TCDSS) administrative staff who support the Community Action Agency (CAA). These staff include a fiscal analyst and program analyst who provide reporting, compliance, fiscal management, fiscal analysis, and budget analysis for CAA.

Program Expenses:
SALARIES:
The Community Services Program Manager oversees and is responsible for all CAA programs. The Program Manager manages daily activities, monitors personnel matters, and develops policies and procedures as needed. This position also serves as an expert who communicates CAA matters to TCDSS staff. They work with other agencies, determine needs for services, and assist in budget development. The Program Manager is supervised by a Deputy-Director and the Director of TCDSS.
The Community Services Supervisor (Family Stabilization, Housing Support, Tehama County Bridges Program) coordinates and operates multiple housing and self-sufficiency programs to ensure low-income clients' daily living requirements are met. The Supervisor coordinates targeted community oriented projects and activities of these programs. They maintain effective working relationships with social/health services agencies and other community organizations. They also supervise and evaluate program and volunteer staff, lead meetings, and administer training as needed. The Supervisor reports to the Program Manager.
The Community Services Supervisor (Meals on Wheels, Housing and Disability Advocacy Program, Deposit Assistance and other CAA programs) coordinates and operates housing and self-sufficiency programs to ensure low-income clients' daily living requirements are met. The Supervisor plans, oversees, and evaluates staff assignments. They attend meetings, correspond with other organizations, and communicate with TCDSS staff. The Supervisor reports to the Program Manager.
The Community Service Aide (CSA) I/II assists with determining client needs and eligibility for services throughout all programs. They assist with case management and perform other related work as required. This might include data entry, working CAA events, and general administrative work. They are supervised directly by the Community Services Supervisor.
FRINGE: The benefit rate for fringe benefits is 39 percent. Fringe benefits for CAA include: OASDI, UI, Group Insurance, PERS, and Deferred Compensation.
OPERATING: Operating expenses in the program section of this grant include Worker's Comp, phone, general office supplies, postage, copies, membership dues, vehicle repairs, supportive cost for various programs, travel, gas, and training expenses for agency staff to attend, California based, conferences such as CSBG annual report and ROMA trainings. Costs also include nutrition for youth and seniors, housing deposit assistance, other projects and support.
SUBCONTRACTOR: This budgeted amount reflects subcontractor costs in the amount of:
- $12,500 is budgeted for vendor services for Project LIFT, which is a yearly community event providing services including but not limited to: dental, clothing, housing, referrals, DMV, veterinary, and haircuts. - $2,400 is budgeted for the Homeless Management Information System (HMIS).
- $11,880 is budgeted for case management software to document and track customer data to streamline state reporting and the reporting of National Performance Indicators (NPIs). - $2,000 has been budgeted for providing staffing and educational demonstrations for the Electronic Benefits Transfer (EBT) booth at the Red Bluff, California Farmers' Markets and to promote CAA information and events.
-$20,000 to PAL Mentoring Program to provide mentoring for at-risk youth in Tehama County.

Program/Service Name	Program Description	Domain(s) (check all that apply)
Example: Homeless Care Program	**Example:** A six bed, 24-hour recuperative care program at Memorial Shelter for homeless clients discharged from the hospital.	☐ Employment ☐ Education and Cognitive Development ☐ Income and Asset Building ☐ Housing ☒ Health and Social/Behavioral Development ☐ Civic Engagement and Community Involvement
Housing Support Program (HSP)	Housing Support Program—provides housing assistance through the CalWORKs program utilizing Rapid Rehousing and Housing First models and collaborates with the local homelessness Continuum of Care (CoC). Assistance includes deposit, rental assistance, utility deposits and stipends meeting program requirements.	☐ Employment ☐ Education and Cognitive Development ☐ Income and Asset Building ☒ Housing ☐ Health and Social/Behavioral Development ☐ Civic Engagement and Community Involvement

Family Stabilization Program (FSP)	Family Stabilization Program—provides family support to overcome barriers through case management in order to move clients from "in crisis" to "thriving". Supportive services provided include: child care, transportation, mental health, substance abuse, and domestic violence services, clothing, budgeting, job and life skills classes, fingerprinting, drug testing, and background checks.	☐ Employment ☒ Education and Cognitive Development ☐ Income and Asset Building ☐ Housing ☒ Health and Social/Behavioral Development ☐ Civic Engagement and Community Involvement
Tehama Bridges	Program works with targeted youth, their family and/or caregivers to provide additional assistance and resources as the family works toward self-sufficiency. While encouraging the family to bring in natural supports, the Bridges Team works together to help the families reach their goals using the 10 Principles and 4 Phases of Wraparound. Every family involved with Bridges develops their own individualized goals and mission statement that best supports their desired outcome. Every family has different needs and the Bridges Team must be flexible and fluid in the process to successfully connect and meet the needs of each family.	☐ Employment ☒ Education and Cognitive Development ☐ Income and Asset Building ☐ Housing ☒ Health and Social/Behavioral Development ☐ Civic Engagement and Community Involvement
Meals on Wheels	Provides fresh meals to seniors in Tehama County. We have two congregate sites and four city based routes that deliver meals to homebound seniors. Additionally, we have a frozen meal service for	☐ Employment ☐ Education and Cognitive Development ☐ Income and Asset Building ☐ Housing ☒ Health and Social/Behavioral Development ☐ Civic Engagement and Community Involvement

	seniors on the waiting list for this high demand service.	
CSBG Deposit Assistance Program	Provides deposit assistance to families who have income, but due to financial circumstances are unable to save for a housing deposit. The program also provides participants with financial education training.	☐ Employment ☐ Education and Cognitive Development ☐ Income and Asset Building ☒ Housing ☐ Health and Social/Behavioral Development ☐ Civic Engagement and Community Involvement
Police Activities League (PAL)	Provides mentoring opportunities & experiences for the youth of Tehama County.	☐ Employment ☒ Education and Cognitive Development ☐ Income and Asset Building ☐ Housing ☐ Health and Social/Behavioral Development ☐ Civic Engagement and Community Involvement
Housing and Disability Advocacy Program (HDAP)	Provides housing supports and disability benefit application assistance and advocacy to people likely eligible for disability benefits and experiencing homelessness or at risk of being homeless.	☐ Employment ☐ Education and Cognitive Development ☐ Income and Asset Building ☒ Housing ☐ Health and Social/Behavioral Development ☐ Civic Engagement and Community Involvement

CSD Public Website Update Form
CSD 168 (2015)

CSBG Agency Profile
Public Website Form

Instructions: Please submit this form to CSD on a yearly basis for the purpose of updating CSD's public website. The public website provides valuable information on the type of services offered, service area, and agency contact information for where clients may go to obtain services in California. This form is required even if no changes have occurred. Services are listed on the website according to service area(s)/county. If your agency provides services in more than one county, and if those services are not provided in all counties, complete a separate form for each county. If your agency provides all services in all areas complete one form.

Form Completed By:	Phone Number for Person Completing the Form:	County(ies) Served:

Contractor Certification Clause

CCC 307

CERTIFICATION

I, the official named below, CERTIFY UNDER PENALTY OF PERJURY that I am duly authorized to legally bind the prospective Contractor to the clause(s) listed below. This certification is made under the laws of the State of California.

Contractor/Bidder Firm Name (Printed)	Federal ID Number
Tehama County Community Action Agency	94-6000543

By (Authorized Signature)

Bekkie F Emery

Printed Name and Title of Person Signing

Bekkie F. Emery, Executive Director

Date Executed	Executed in the County of
01/21/2025	Tehama

CONTRACTOR CERTIFICATION CLAUSES

STATEMENT OF COMPLIANCE:

Contractor has, unless exempted, complied with the nondiscrimination program requirements. (GC 12990 (a-f) and CCR, Title 2, Section 8103) (Not applicable to public entities.)

DRUG-FREE WORKPLACE REQUIREMENTS:

Contractor will comply with the requirements of the Drug-Free Workplace Act of 1990 and will provide a drug-free workplace by taking the following actions:

a) Publish a statement notifying employees that unlawful manufacture, distribution, dispensation, possession or use of a controlled substance is prohibited and specifying actions to be taken against employees for violations.

b) Establish a Drug-Free Awareness Program to inform employees about:

1) the dangers of drug abuse in the workplace;

2) the person's or organization's policy of maintaining a drug-free workplace;

3) any available counseling, rehabilitation and employee assistance programs;

and,

4) penalties that may be imposed upon employees for drug abuse violations.

c) Provide that every employee who works on the proposed Agreement will:
1) receive a copy of the company's drug-free policy statement; and,

2) agree to abide by the terms of the company's statement as a condition of employment on the Agreement.

Failure to comply with these requirements may result in suspension of payments under the Agreement or termination of the Agreement or both and Contractor may be ineligible for award of any future State agreements if the department determines that any of the following has occurred: (1) the Contractor has made false certification, or violated the certification by failing to carry out the requirements as noted above. (GC 8350 et seq.)

NATIONAL LABOR RELATIONS BOARD CERTIFICATION:

Contractor certifies that no more than one (1) final unappealable finding of contempt of court by a Federal court has been issued against Contractor within the immediately preceding two-year period because of Contractor's failure to comply with an order of a Federal court which orders Contractor to comply with an order of the National Labor Relations Board. (PCC 10296) (Not applicable to public entities.)

CONTRACTS FOR LEGAL SERVICES $50,000 OR MORE- PRO BONO REQUIREMENT:

Contractor hereby certifies that contractor will comply with the requirements of Section 6072 of the Business and Professions Code, effective January 1, 2003.

Contractor agrees to make a good faith effort to provide a minimum number of hours of pro bono legal services during each year of the contract equal to the lessor of 30 multiplied by the number of full time attorneys in the firm’s offices in the State, with the number of hours prorated on an actual day basis for any contract period of less than a full year or 10% of its contract with the State.

Failure to make a good faith effort may be cause for non-renewal of a state contract for legal services, and may be taken into account when determining the award of future contracts with the State for legal services.

EXPATRIATE CORPORATIONS:

Contractor hereby declares that it is not an expatriate corporation or subsidiary of an expatriate corporation within the meaning of Public Contract Code Section 10286 and 10286.1, and is eligible to contract with the State of California.

SWEATFREE CODE OF CONDUCT:

a. All Contractors contracting for the procurement or laundering of apparel, garments or corresponding accessories, or the procurement of equipment, materials, or supplies, other than procurement related to a public works contract, declare under penalty of perjury that no apparel, garments or corresponding accessories, equipment, materials, or supplies furnished to the state pursuant to the contract have been laundered or produced in

whole or in part by sweatshop labor, forced labor, convict labor, indentured labor under penal sanction, abusive forms of child labor or exploitation of children in sweatshop labor, or with the benefit of sweatshop labor, forced labor, convict labor, indentured labor under penal sanction, abusive forms of child labor or exploitation of children in sweatshop labor. The contractor further declares under penalty of perjury that they adhere to the Sweatfree Code of Conduct as set forth on the California Department of Industrial Relations website located at www.dir.ca.gov, and Public Contract Code Section 6108.

b. The contractor agrees to cooperate fully in providing reasonable access to the contractor's records, documents, agents or employees, or premises if reasonably required by authorized officials of the contracting agency, the Department of Industrial Relations, or the Department of Justice to determine the contractor's compliance with the requirements under paragraph (a).

DOMESTIC PARTNERS:

For contracts of $100,000 or more, Contractor certifies that Contractor is in compliance with Public Contract Code section 10295.3.

GENDER IDENTITY:

For contracts of $100,000 or more, Contractor certifies that Contractor is in compliance with Public Contract Code section 10295.35.

DOING BUSINESS WITH THE STATE OF CALIFORNIA

The following laws apply to persons or entities doing business with the State of California.

CONFLICT OF INTEREST:

Contractor needs to be aware of the following provisions regarding current or former state employees. If Contractor has any questions on the status of any person rendering services or involved with the Agreement, the awarding agency must be contacted immediately for clarification.

a) Current State Employees (PCC 10410):

1) No officer or employee shall engage in any employment, activity or enterprise from which the officer or employee receives compensation or has a financial interest and which is sponsored or funded by any state agency, unless the employment, activity or enterprise is required as a condition of regular state employment.

2) No officer or employee shall contract on his or her own behalf as an independent contractor with any state agency to provide goods or services.

b) Former State Employees (PCC 10411):

1) For the two-year period from the date he or she left state employment, no former state officer or employee may enter into a contract in which he or she engaged in any of the negotiations, transactions, planning,

arrangements or any part of the decision-making process relevant to the contract while employed in any capacity by any state agency.

2) For the twelve-month period from the date he or she left state employment, no former state officer or employee may enter into a contract with any state agency if he or she was employed by that state agency in a policy-making position in the same general subject area as the proposed contract within the 12-month period prior to his or her leaving state service.

If Contractor violates any provisions of above paragraphs, such action by Contractor shall render this Agreement void. (PCC 10420)

Members of boards and commissions are exempt from this section if they do not receive payment other than payment of each meeting of the board or commission, payment for preparatory time and payment for per diem. (PCC 10430 (e))

LABOR CODE/WORKERS' COMPENSATION:

Contractor needs to be aware of the provisions which require every employer to be insured against liability for Worker's Compensation or to undertake self-insurance in accordance with the provisions, and Contractor affirms to comply with such provisions before commencing the performance of the work of this Agreement. (Labor Code Section 3700)

AMERICANS WITH DISABILITIES ACT:

Contractor assures the State that it complies with the Americans with Disabilities Act (ADA) of 1990, which prohibits discrimination on the basis of disability, as well as all applicable regulations and guidelines issued pursuant to the ADA. (42 U.S.C. 12101 et seq.)

CONTRACTOR NAME CHANGE:

An amendment is required to change the Contractor's name as listed on this Agreement. Upon receipt of legal documentation of the name change the State will process the amendment. Payment of invoices presented with a new name cannot be paid prior to approval of said amendment.

CORPORATE QUALIFICATIONS TO DO BUSINESS IN CALIFORNIA:

a. When agreements are to be performed in the state by corporations, the contracting agencies will be verifying that the contractor is currently qualified to do business in California in order to ensure that all obligations due to the state are fulfilled.

b. "Doing business" is defined in R&TC Section 23101 as actively engaging in any transaction for the purpose of financial or pecuniary gain or profit. Although there are some statutory exceptions to taxation, rarely will a corporate contractor performing within the state not be subject to the franchise tax.

c. Both domestic and foreign corporations (those incorporated outside of California) must be in good standing in order to be qualified to do business in California. Agencies will determine whether a corporation

is in good standing by calling the Office of the Secretary of State.

RESOLUTION:

A county, city, district, or other local public body must provide the State with a copy of a resolution, order, motion, or ordinance of the local governing body which by law has authority to enter into an agreement, authorizing execution of the agreement.

AIR OR WATER POLLUTION VIOLATION:

Under the State laws, the Contractor shall not be*:* (1) in violation of any order or resolution not subject to review promulgated by the State Air Resources Board or an air pollution control district; (2) subject to cease and desist order not subject to review issued pursuant to Section 13301 of the Water Code for violation of waste discharge requirements or discharge prohibitions; or (3) finally determined to be in violation of provisions of federal law relating to air or water pollution.

PAYEE DATA RECORD FORM STD. 204:

This form must be completed by all contractors that are not another state agency or other government entity.

SUBCONTRACTOR LIST
CSD 163 (8/2019)

Contractor Name:	Contract Term:	Contract Number:
Tehama County Community Action Agency	1/1/2025-12/31/2025	25F-6049

Contractor shall provide written notification to the State within 60 calendar days of execution of each subcontractor agreement the name of the subcontractor entity, its address, telephone number, contact person, contract amount, and program description of each subcontractor activity to be performed under this Agreement. TEHAMA COUNTY COMMUNITY ACTION AGENCY

Requested Action(s)
a) AGREEMENT - Request approval and authorization for Tehama County Community Action Agency ex officio Executive Director Bekkie Emery to sign Subaward A25-0006-S008 with Chico State Enterprises, on behalf of the Area 3 Agency on Aging for the provision of the Meals on Wheels program in an amount not to exceed $413,835, effective 7/1/25 through 6/30/26

Financial Impact:
This grant agreement provides the majority of the revenue required to administer the Meals on Wheels program. The total amount was estimated in the FY 25/26 Adopted Budget. These estimated amounts will be adjusted to match the actual allocation as needed before fiscal year end. This grant consists of Federal and State funds that require 10.53% match funding, which is met through the County General Fund contribution of $35,000 ongoing, as well as through donations and fundraisers.

Background Information:
This is a contract renewal. Meals on Wheels has contracted with Chico State Enterprises for many years to receive this funding. Approval of this contract is late in the fiscal year because it is historically received months into the fiscal year. The Area 3 Agency on Aging, a program through the California State Enterprises, receives a Federal Pass through Award from California Department of Aging to provide services according to Title III to meet the needs of California's older adult population. Some of this funding is provided to Tehama County through this subcontract agreement for Tehama County's Meals on Wheels program. Meals on Wheels provides healthy meals each business day to eligible citizens in both a congregate setting and to homebound individuals.

SUBAWARD

SUBAWARD NUMBER	AM. NO.
A25-0006-S008	
SP6516201 3C1 SP6516301 3C2	

THIS SUBAWARD, made and entered into in the State of California, by and between **Chico State Enterprises,** hereafter called **Recipient**, and

Tehama County , hereafter called Subrecipient

Recipient, on behalf of its program, the Area 3 Agency on Aging (AAA), has received a Federal Passthrough Award, AAA-2425-03 (Prime), from California Department of Aging, to provide services according to Title III Programs to meet the needs of California's older adult population. Recipient is entering into this Subaward with Subrecipient in order to facilitate the goals and objectives set forth in the Prime.

Subrecipient agrees at its own expense to furnish all equipment, labor and materials necessary to provide Funder with the services as follows: the term of this Subaward shall commence **7/1/2025** and will end **6/30/2026**. The maximum amount of this Subaward is **$ 413,835.00** from the following funding sources:

Funding Source	C1 Nutrition	C2 Nutrition
Federal	$ 97,266	$ 103,354
State General Fund	$ 9,231	$ 30,602
State GF Augmentation	$ 23,113	$ 129,538
USDA NSIP	$ 5,963	$ 14, 768
Total Groups	**$ 135,573**	**$ 278,262**
Grand Total	**$ 413,835**	

Subrecipient agrees to provide Nutrition under Title IIIB and the parties agree to comply with the terms and conditions of the following exhibits that are made a part of the Subaward Agreement by this reference:

Exhibit A1
Scope of Work

ARTICLE I. PROGRAM DEFINITIONS (Program Guide § 4.3)

Definitions Specific to Title III Programs

1. **Eligible Service Population for Title III B** means individuals sixty (60) years of age or older, with emphasis on those in greatest economic and social need with particular attention to low-income minority older individuals, older individuals with Limited English Proficiency (LEP), and older individuals residing in rural areas. [OAA § 305 (a)(2)(E); 22 CCR 7119, 125, 7127, 7130, 7135 and 7638.7]

2. **Indirect Costs** means costs incurred for a common or joint purpose benefiting more than one cost objective and not readily assignable to the cost objective specifically benefited, without effort disproportionate to the results achieved.

3. **Individual with a disability** the term ''individual with a disability'' means an individual with a disability, as defined in Section 3 of the Americans with Disabilities Act of 1990 (42 U.S.C. 12102), who is not less than age 18 and not more than age 59. [OAA § 372(a)(3)]

4. **In-kind Contributions** means the value of non-cash contributions donated to support the project or program (e.g., property, service, etc.).

5. **Matching Contributions** means local cash and/or in-kind contributions made by the Contractor, a Subrecipient, or other local resources that qualify as match for the Contract funding.

6. **Non-Matching Contributions** means local funding that does not qualify as matching contributions and/or is not being budgeted as matching contributions (e.g., federal funds, overmatch, etc.).

7. **Nutrition Services Incentive Program (NSIP)** means the program whose purpose is to provide incentives to encourage and reward effective performance by AAAs in the efficient delivery of nutritious meals to older individuals. The program consists of a cash allotment based on the ratio of the number of meals served by each Planning and Service Area (PSA) compared to the total number of meals served in the State in the prior-prior federal fiscal year.

8. **One-Time-Only Funds** means:

    a. Titles III federal funds allocated to the AAA in a State fiscal year that are not expended or encumbered for services and administration provided by June 30 of that fiscal year as reported to the California Department of Aging (CDA) in the Area Plan Financial Closeout Report. [22 CCR 7314(a)(6)]

    b. Title III federal funds recovered from an AAA as a result of a fiscal audit determination and resolution by CDA. [22 CCR 7314(a)(7)]

    c. Supplemental Title III program funds allocated by the Administration on Aging to CDA as a result of the federal reallotment process. [22 CCR 7314(a)(8)]

9. **Priority Services for Title III B** means those services associated with access to services (transportation, outreach, information and assistance, and case management); in-home services including supportive services such as respite and visiting, for families of older individuals who are victims of Alzheimer's disease and related disorders with neurological and organic brain dysfunction; and legal assistance.

10. **Program Income** means revenue generated by the Recipient or the Subrecipient from contract-supported activities and may include:

    a. Voluntary contributions received from a participant or other party for services received.

    b. Income from usage or rental fees of real or personal property acquired with grant funds or funds provided under this Agreement.

    c. Royalties received on patents and copyrights from contract-supported activities.

    d. Proceeds from the sale of goods created under an AAA Subaward agreement.

11. **Program Requirements** means Title III program requirements found in the OAA [42 USC 3001-3058]; the Code of Federal Regulations [45 CFR 1321]; the California Code of Regulations [22 CCR 7000 et seq.]; and CDA Program Memoranda, and California Retail Food Code (CRFC).

12. **Title III B (Supportive Services)** means a variety of services including, but not limited to: personal care, homemaker, chore, adult day health care, case management, assisted transportation, transportation, legal assistance, information and assistance, outreach, and long-term care ombudsman advocacy, Older Americans Act Performance System (OAAPS) categories and the National Ombudsman Reporting System (NORS). [OAA § 321(a)]

ARTICLE II. TITLE III SCOPE OF WORK (Program Guide § 4.4)

The Subrecipient shall:

1. Implement the statutory provisions of the Title III Programs [OAA § 306] in accordance with State and federal laws and regulations. The Subrecipient shall make every effort to meet the goals and objectives stipulated in the four-year Area Plan and annual updates of the Area Plan's Goals, Objectives, and Service Unit Plan, herein incorporated into this Agreement by reference. Performance shall not be unilaterally reduced or otherwise changed without prior consultation with, and written approval of, RECIPIENT. #1

2. Establish and maintain an organization that shall have the ultimate accountability for funds received from RECIPIENT and for the effective and efficient implementation of the activities as described in the Area Plan and all pertinent State and federal laws and regulations including data reporting requirements. #3

3. Meet the requirements under OAA § 301(a)(1)(A) to secure and maintain maximum independence and dignity in a home environment for the eligible service population capable of self-care with appropriate supportive and nutrition services. #7

4. Remove individual and social barriers to economic and personal independence for the eligible service population to the extent possible as required under OAA § 301(a)(1)(B). #8

5. Provide a continuum of care for the vulnerable eligible service population as required under OAA § 301(a)(1)(C). #9

6. Secure the opportunity for the eligible service population to receive managed in-home services as required under OAA § 301(a)(1)(D). #10

7. Conduct and/or promote activities for the prevention and treatment of elder abuse, neglect, and exploitation, as required under OAA § 721. #11

8. Facilitate RECIPIENT's subcontracting process. #12

9. Facilitate RECIPIENT's process of review, approval, and monitoring of Subrecipient's budgets and expenditures and any subsequent amendments and revisions to budgets. Subrecipient shall, to the extent feasible, ensure that all budgeted funds are expended by the end of the term of each agreement. #13

10. Facilitate RECIPIENT's process of monitoring, on an ongoing basis, Subrecipient's use of federal and State funds through reporting, site visits, regular contact, or other means to provide assurance that Subrecipient administers federal and state awards in compliance with laws, regulations, and the provisions of contracts and that performance goals are achieved. #14

11. RECIPIENT must follow up and ensure that Subrecipient takes timely and appropriate action on all deficiencies pertaining to the Federal programs detected through monitoring and on-site review. [CFR 75.352]. Onsite program monitoring must be conducted every two years for all programs except Title III C-1 and Title III C-2, which must be conducted every year. Onsite Fiscal monitoring must be conducted every two years for all programs including Title III C-1 and Title III C-2. #14

12. If this Subaward Agreement is for the provision of nutrition services, facilitate RECIPIENT's monitoring of nutrition programs. Non-food preparation congregate dining sites must be inspected using a standardized procedure developed by the AAA that assures all sites are seen systematically, but not necessarily every year. The AAA Registered Dietician (RD), annually, must physically inspect each food preparation site (central kitchen). AAA policies and procedures must guarantee the following:

    a. Inspection of non-food preparation nutrition sites at least every other year.

    b. Inspection of non-food preparation nutrition sites more often if they are seen to have an increased risk for food safety violations or a history of corrective actions.

    c. Inspection of central kitchens sites annually on-site. [22 CCR 7634.3(d)]

13. If this Subaward Agreement is for the provision of nutrition services, maintain or increase the number of Title III C-1 and C-2 meals served if federal and/or State funds

for meal programs increase. Subrecipient's nutrition program shall promote and maintain high standards of food safety and sanitation as required by the California Retail Food Code (CalCode).

14. Request, as needed, from RECIPIENT, support and technical assistance for direction, guidance, and interpretation of instructions to include client and performance data. #15

15. Distribute and maintain up-to-date CDA requirements so that all responsible persons have ready access to standards, policies, and procedures. #16

16. Provide program information and assistance to the public. #17

17. Maintain a program data collection and reporting system as specified in Exhibit E of this Subaward agreement. #18

18. Recognize and utilize as appropriate the focal points designated by the AAA, as specified in 42 U.S.C. 3026(a)(8)(C)(i)-(iii), for comprehensive service delivery in the community:

    a. Area 3 Agency on Aging Office, 25 Main Street, Suite 202, Chico, CA 95928-5388
    b. Chico Area Recreation District, 545 Vallombrosa, Chico, CA 95926
    c. Senior Center, 1335 Myers Street, Oroville, CA 95965
    d. Colusa Multipurpose Senior Center, 10th and Parkhill, Colusa, CA 95932
    e. Orland Senior Center, 19 Walker Street, Orland, CA 95963
    f. Willows Senior Center, 556 E. Sycamore, Willows, CA 95988
    g. Wildwood Senior Center, 366 Meadowbrook Lane, Chester, CA 96020
    h. Portola Senior Citizen's Club, 449 W. Sierra, Portola, CA 96122
    i. Veteran's Memorial Hall, 274 Lawrence, Quincy, CA 95971
    j. Mohawk Resource Center, Highway 89, Graeagle, CA
    k. Corning Senior Center, 1015 Fourth St, Corning, CA 96021
    l. Los Molinos Senior Center, 25199 Josephine, Los Molinos, CA 96055
    m. Red Bluff Multipurpose Senior Center, 1500 S Jackson, Red Bluff, CA 96080 #21

19. If this Subaward Agreement is for the provision of nutrition services, Ensure that meal counts associated with Title III C-1, C-2 and NSIP are in accordance 22 CCR 7638.7(a)(1)-(4).

20. If this Subaward Agreement is for the provision of nutrition services, Offer a meal to a volunteer under-age of sixty (60) if doing so will not deprive an older individual of a meal. [22 CCR 7638.7(b)(1)] Subrecipient shall develop and implement a written policy for providing and accounting for volunteer meals. [22 CCR 7638.7(b)(2)]

21. If this Subaward Agreement is for the provision of nutrition services, Provide a home-delivered meal to an eligible individual. [22 CCR 7638.7(c)]

22. If this Subaward Agreement is for the provision of nutrition services, Report a meal only once either as a Title III meal or a Title VI meal.

23. Adhere to 48 CFR 3.908, implementing section 828, entitled "Pilot Program for Enhancement of Contractor Whistleblower Protections," of the National Defense Authorization Act (NDAA) for Fiscal Year 2013 (Pub. L. 112-239, enacted January 2, 2013), applies to this Agreement. #22

24. Recognize any same-sex marriage legally entered into in a United States (U.S.) jurisdiction that recognizes their marriage, including one of the fifty (50) states, the District of Columbia, or a U.S. territory, or in a foreign country so long as that marriage would also be recognized by a U.S. jurisdiction. This applies regardless of whether or not the couple resides in a jurisdiction that recognizes same-sex marriage. However, this does not apply to registered domestic partnerships, civil unions or similar formal relationships recognized under the law of the jurisdiction of celebration as something other than a marriage. Accordingly, recipients must review and revise, as needed, any policies and procedures which interpret or apply federal statutory or regulatory references to such terms as "marriage," "spouse," family," "household member'" or similar references to familial relationships to reflect inclusion of same-sex spouse and marriages. Any similar familial terminology references in the U.S. Department of Health and Human Services' (HHS) statutes, regulations, or policy transmittals will be interpreted to include same-sex spouses and marriages legally entered into as described herein.

25. If this Subaward Agreement is for the provision of nutrition services, Title IIIC meals are compliant with the Older Californians Nutrition Program Menu Guidance.

26. To ensure all data is collected for the unmet need as requested by the U.S. Legislature, the AAA, either as a direct service provider or through a subcontractor must develop and implement a Wait List policy and procedure. The policy and procedure must include provisions for: prescreening individuals to determine eligibility; managing applicants' placement on and removal from the Wait List; periodically reviewing the eligibility and identified needs of applicants on the Wait List; and assigning priority for enrollment based on Wait list.

ARTICLE III Title III C (Nutrition Services) and Nutrition Services Incentive Program (Program Guide § 4.4.3)

The AAA shall:

1. Comply with all provisions in CCR 7630 – 7638.13 Elderly Nutrition Program.

2. On an ongoing basis, Recipient shall monitor the Sub-recipient's use of Federal and State funds through reporting, site visits, regular contact, or other means to assure the Subrecipient administers Federal and State awards in compliance with laws, regulations, and this subaward and that performance goals are achieved. Subrecipient shall ensure that the Subrecipient takes timely and appropriate action on all deficiencies pertaining to the Federal programs detected through monitoring and on-site review. [CFR 75.352]. Onsite program monitoring must be conducted every year for Title III C-1 and Title III C-2. Fiscal monitoring must be conducted every two (2) years for all programs including Title III C-1 and Title III C-2.

3. Monitor nutrition programs. Non-food preparation congregate dining sites must be inspected using a standardized procedure developed by AAA that assures all sites are seen systematically, but not necessarily every year. The Subrecipient Registered Dietician (RD), annually, must physically inspect each food preparation site (central kitchen). AAA policies and procedures shall guarantee the following:

    a. Inspection of non-food preparation nutrition sites at least every other year.

    b. Inspection of non-food preparation nutrition sites more often if they are seen to have an increased risk f or food safety violations or a history of corrective actions.

    c. Inspection of central kitchens sites annually on-site. [22 CCR 7634.3(d)]

4. Maintain or increase the number of Title III C-1 and C-2 meals served if federal and/or State funds for meal programs increase. The AAA and subrecipient shall promote and maintain high standards of food safety and sanitation as required by the California Retail Food Code (CalCode).

5. Ensure that meal counts associated with Title III C-1, C-2 and NSIP are in accordance 22 CCR 7638.7(a)(1)-(4).

6. Offer a meal to a volunteer under the age of sixty (60) if doing so will not deprive an older individual of a meal. [22 CCR 7638.7(b)(1)] The AAA or the Subrecipient shall develop and implement a written policy for providing and accounting for volunteer meals. [22 CCR 7638.7(b)(2)]

7. Provide a home-delivered meal to an eligible individual. [22 CCR 7638.7(c)]

8. Report a meal only once either as a Title III meal or a Title VI meal.

9. Ensure Title III C meals meet the nutrition requirements of meals:

    a. Comply with the most current Dietary Guidelines for Americans

    b. Provide one-third of the Dietary References Intakes (DRI) if providing one meal per day, two-thirds of the DRI if providing two meals per day, and 100% of the DRIs if providing three meals per day.

    c. Comply with the Older Californians Nutrition Program Menu Guidance.

10. Develop a policy and procedure to ensure that Title III C-1 and Title III C-2 meals are only received by eligible individuals.

11. Annually assess each Title III C-1 and C-2 client's nutrition risk using the DETERMINE Your Nutritional Health checklist published by the Nutrition Screening Initiative. [OAA § 339(2)(J); OAA § 207(a)(3)]

    a. Title IIIC intake forms must include the DETERMINE Your Nutritional Risk Health checklist questions and scoring as indicated in the Title IIIC – Intake and Assessment

Forms Guide.

12. Ensure that an eligible individual who receives a meal is given the opportunity to voluntarily contribute to the cost of the meal.

    a. Comply with provisions for voluntary contributions in Section 4.4. [OAA §325(b)]

    b. The nutrition services provider must develop a suggested amount. When developing this contribution amount, the income ranges of the older individuals in the community and the provider's other sources of income shall be considered. [CCR 7638.9.(b)]

(1) Title III C-1: Post signage indicating the suggested contribution for eligible individuals, and the guest fee for non-eligible individuals, near the contribution container at each congregate meal site. The guest fee shall cover all meal costs. [CCR 7638.9.(c)]

(2) Title III C-2: Notify C-2 clients of the suggested contribution amount and methods for making voluntary contributions.

13. Meet requirements for Title III To-Go Meals:
    a. Title III C-1 To-Go Meals:
        i. For C-1 To-Go meals that are consumed onsite:
            a) At least a portion of the meal is consumed in a congregate setting. Congregate settings include indoors (restaurants, grocery stores, etc.) or outdoors (parks, picnics, food trucks, festivals, events, tailgate parties, etc.).
        ii. For C-1 To-Go meals that are consumed offsite:
            a) Meal is picked up by the client (or representative) or delivered to the client.
            b) In-person or virtual interaction is included with the meal. Examples include:
                1) In-person group dining at a congregate site such as a restaurant, park, food truck, etc.)
                2) In-person, one-on-one interaction during the meal with program volunteer.
                3) Virtual group interaction scheduled by the nutrition provider such as nutrition education, virtual museum or travel tours, or group chat on virtual platforms such as GoogleMeet, Zoom, FaceTime, or similar applications that offer live interaction with participants.
                4) Virtual one-on-one interaction during the meal arranged by the nutrition provider via telephone or virtual platform (Zoom, FaceTime, etc.).
            c) The sign-in procedure includes confirmation that the client intends to participate in the virtual group interaction. The meal is considered a C-1 meal if the client confirms their intent to join the virtual activity. The meal is considered a C-2 meal if the client does not confirm their intent to join the virtual activity.
            d) The service provider is responsible for tracking confirmation of planned attendance; however, the provider is not responsible for verifying the client attends the virtual activity.
    b. Title III C-2 To-Go Meals
        i. Meet the following criteria for Title III C-2 To-Go Meals:

a) Meal is picked up by client (or client's agent) or delivered by the provider to the client.
b) Meal is consumed off-site (i.e., not in a congregate setting).
c) Participation in in-person or virtual interaction with the meal is declined or is not available.

ii. Complete initial assessment for all new C-2 clients within 2 weeks of the start of service.

a) The CCR 7638.3(a)(2) requirement for initial assessments to be conducted "in the home" does not apply if meals are picked up rather than home-delivered; assessments may be completed in person at time of meal pick-up or via telephone. If meals are home-delivered by the provider, the initial assessment must be conducted in the home.
b) Complete quarterly eligibility reassessments for all C-2 clients.

1) The CCR 7638.3(a)(4) requirement for quarterly eligibility reassessments to be conducted "in the home" every other quarter does not apply if meals are picked up rather than home-delivered by the provider and may be done in-person at the time of meal pick up or by phone. If meals are home-delivered, the quarterly eligibility reassessments must be conducted in the home every other quarter.

2) Establish a wait list and a prioritization policy as per CCR 7638.3(c) if unable to serve all eligible individuals.

EXHIBIT A2 - SCOPE OF SERVICE

Subgrantee agrees to provide the following nutrition services and meet the following performance goals in compliance with the Older Americans Act; Title III, Subpart C regulations:

A. SERVICE OBJECTIVES

Subgrantee shall provide the following services on a regular basis by the close of this Agreement on June 30, 2026:

1. Meals (1 meal): Provision, to an eligible client or other eligible participant, of a meal which complies with the Dietary Guidelines for Americans (as published by the Secretaries of the Department of Health and Human Services and the United States Department of Agriculture), and provides a minimum of 33-1/3 percent of the current daily Recommended Dietary Intake (RDI), as established by the Food and Nutrition Board of the National Research Council of the National Academy of Sciences.
2.
   a) Subgrantee will provide 12,990 congregate meals at nutrition sites in Tehama County from July 1, 2025 through June 30, 2026.
   b) Subgrantee will provide 23,815 home-delivered meals in Tehama County from
   c) July 1, 2025 through June 30, 2026.

3. Nutrition Education (Number of persons attending): A program to promote better health by providing accurate and culturally sensitive nutrition, physical fitness, or health information and instruction (as it relates to nutrition) to participants or participants and caregivers in a group or individual setting overseen by a dietitian or individual of comparable expertise. Handout materials may be used as the sole education component for home-delivered meal program participants.
   a) Subgrantee will provide the Area 3 Agency on Aging with a written plan for nutrition education, indicating the topics to be addressed in each quarter of the year.
   b) Subgrantee will provide a minimum of one in each quarter of the grant year.
   c) Subgrantee will provide a minimum of four (4) handout presentations for each home-delivered meal participant, one in each quarter of the grant year.
   d) Not more than $3,750 shall be budgeted for this activity.

4. In-Service Training: Subgrantee will provide In-Service Training for all paid and volunteer food service personnel no less than once per calendar quarter. At least two of the quarterly In-Service Trainings shall include the prevention of foodborne illnesses. Documentation of all In-Service trainings shall be submitted to the Area 3 Agency on Aging.

5. Food Safety Certification: Subgrantee will assure that at least one paid or volunteer staff personnel at each food facility has successfully completed a food safety certification course and has a current certificate. Evidence of certification shall be submitted to the Area 3 Agency on Aging.

6. Nutrition Risk Assessment: Subgrantee will complete a Nutrition Risk Assessment screening of all new participants, both Congregate and Home-Delivered, and record the participant's score on the Project Intake form. The screening shall be completed at least annually thereafter for Home-Delivered participants.

7. Monitoring of food facilities: Subgrantee will monitor all food facilities for safe food handling and sanitation practices no less than once per calendar quarter, utilizing a form provided by the Area 3 Agency on Aging. Exceptions shall be limited to those food facilities where food service is provided only two days a week or less, in which case the subgrantee shall monitor no less than once every six months. Monitoring of food facilities shall be conducted by the Project's Registered Dietician or Project Director. Documentation of all monitorings shall be submitted to the Area 3 Agency on Aging.

8. Monitoring of Home-Delivered Routes: Subgrantee will monitor every Home Delivered Meal route for safe food handling and sanitation practices no less than once per grant year, utilizing a form provided by the Area 3 Agency on Aging.

   Documentation of all monitorings shall be submitted to the Area 3 Agency on Aging.

9. Satisfaction Survey: Subgrantee will provide participants with an opportunity to express their opinion of the services received, and will conduct no less than one (1) written satisfaction survey during the grant year. The results of the written survey will be provided to the Area Agency as soon as the results are compiled.

10. Subgrantee will serve meals for both the congregate and home-delivered programs five (5) days per week, with the exception of the following holidays:

Independence Day	Labor Day	Veterans' Day
Thanksgiving Day	Day after Thanksgiving	Christmas Eve Day
Christmas Day	New Year's Eve Day	New Year's Day
Martin L. King Day	Washington's Birthday	Memorial Day
Juneteenth		

11. Subgrantee will serve the geographic area of Tehama County. Nutrition service will be available, at a minimum, in Red Bluff and Corning.

B. TARGET POPULATION OBJECTIVES

1. Subgrantee will give preference to older individuals with greatest economic and social need, with particular attention to low-income minority individuals, by providing them services in proportion to their existence in the general population. Additionally those older adults at risk of institutionalization will be targeted. The number of low-income, minority, and geographically isolated individuals actually served must equate to the percentages of those populations indicated in the most recent Census, as compared to the total number of unduplicated persons served.

Target Population in Greatest Social & Economic Need (Combined C-1, C-2)	Unduplicated Persons To Be Served	
	C-1	C-2
Total New Seniors	10	12
New Low Income	2	2
New Minority	3	4
New Geographically Isolated	5	5

C. REPORTING

1. Subgrantee shall submit to the Agency the appropriate client information and CARS program performance reports no later than the 10th day of each month, and the financial status report no later than the 20th day of each month.

2. Budget must make provision for payment of database usage to RTZ.

3. All employees involved in data collection or data entry shall be finger printed. All of said employees will complete the CDA Form 1024 – Information Privacy and Security Training by July 31, 2025 or within 30 days of hire.

4. Performance by Subgrantee shall be measured against goals and objectives as set forth in this Agreement. Component objectives must remain above 85% of the projected year-to-date plan at the end of each consecutive month.

5. For performance objectives falling below 85% of the contracted level of units of service, Subgrantee must submit a corrective action plan including a timetable as to when such corrective action will be taken to correct the problem.

5 Subgrantees are required to meet all reporting and submittal deadlines. Any subgrantee who cannot meet a deadline will be required to notify the A3AA prior to the deadline and provide specific information as to why. Any subgrantee who fails to adhere to the specified reporting and submittal requirements may be required to submit a Corrective Action Plan to the A3AA for review and approval.

6. Failure of Subgrantee to meet contractual performance standards and/or to adhere to the specified reporting and submittal requirements may also result in delay of payment of grant funds and/or ineligibility to be considered for the award of One-Time-Only funds.

D. COMPENSATION

1. Subgrantee shall be reimbursed for actual costs as submitted on the financial reports each month. Costs should be fairly close to 1/12th of the total award amount each month, but there may be months where the costs are higher or lower. Subgrantee is responsible for monitoring the status of the grant funds reported each month to ensure excess funds are not being requested which would result in a deficit at the end of the year. Subgrantee may request an advance of up to 1/12th of the total available funding, but such an advance must be liquidated by December 31. Advance payments are subject to the reasonable discretion of the Agency.

2. At closeout, Subgrantee shall be compensated by Agency for all eligible senior meal expenses not to exceed maximum grant award upon receipt of properly documented CARS reports, Form F-151, and Request for Funds.

3. The total compensation for congregate to Subgrantee shall not exceed the maximum available funding of $129,610.

4. The total compensation for home-delivered to Subgrantee shall not exceed the maximum available funding of $263,494.

5. The NSIP award will be available not to exceed $5,963 for congregate and $14,768 for home-delivered for a total of $20,731.

E. MATCHING CONTRIBUTION

Subgrantee shall provide the non-Federal matching contribution required, equaling or exceeding the minimum requirement of 10.53% of the sum of the subcontract award plus Subgrantee's matching contribution.

F. **EQUIPMENT PURCHASE**

Equipment purchase must be on the budget and approved before purchase.

Exhibit B2
Budget Detail, Payment Provisions, and Closeout

ARTICLE I. FUNDS (Program Guide § 3.15)

A. Expenditure of Funds (Program Guide § 3.15.1)

1. The Subrecipient shall expend all funds received hereunder in accordance with this Agreement.

2. Any reimbursement for authorized travel and per diem shall be at rates not to exceed those amounts paid by the State in accordance with the California Department of Human Resources' (CalHR) rules and regulations.

   a. Mileage/Per Diem (meals and incidentals)/Lodging:

   b. Out of State: http://hrmanual.calhr.ca.gov/Home/ManualItem/1/2201

   This is not to be construed as limiting the Subrecipient from paying any differences in costs, from funds other than those provided by RECIPIENT, between the CalHR rates and any rates Subrecipient is obligated to pay under other contractual agreements. No travel outside the State of California shall be reimbursed unless prior written authorization is obtained from RECIPIENT. [SCM 3.17.2.A(4)]

   Subrecipient agrees to include these requirements in all lower tiered subaward agreements it enters into with sub-subcontractors to provide services pursuant to this Subaward Agreement.

3. RECIPIENT reserves the right to refuse payment to Subrecipient or disallow costs for any expenditure, as determined by RECIPIENT to be: out of compliance with this Subaward Agreement, unrelated or inappropriate to Subaward activities, when adequate supporting documentation is not presented, or where prior approval was required, but was either not requested or not granted.

B. Accountability for Funds (Program Guide § 3.15.2)

1. Subrecipient shall maintain accounting records for funds received under the terms and conditions of this Agreement. These records shall be separate from those for any other funds administered by the Subrecipient and shall be maintained in accordance with Generally Accepted Accounting Principles and Procedures and the Office of Management and Budget's (OMB) Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. [2 CFR 200] [45 CFR 75]

C. Financial Management Systems (Program Guide § 3.15.3)

Subrecipient shall meet the following standards for its financial management systems, as stipulated in 2 CFR 200.302 and 45 CFR 75.302:

a. Financial Reporting.
b. Accounting Records.
c. Complete Disclosure.
d. Source Documentation.
e. Internal Control.
f. Budgetary Control.
g. Cash Management (written procedures).
h. Allowable Costs (written procedures).

D. Unexpended Funds (Program Guide § 3.15.4)

Upon termination, cancellation, or expiration of this Subaward Agreement, or dissolution of the entity, the Contractor shall return to the Recipient immediately, upon written demand, any funds provided

under this Agreement, which are not payable for goods or services delivered prior to the termination, cancellation, or expiration of this Agreement, or the dissolution of the entity.

E. Funding Contingencies (Program Guide § 3.15.5)

1. It is understood between the parties that this Subaward Agreement may have been written before ascertaining the availability or appropriation of funds, for the mutual benefit of both parties, in order to avoid program and fiscal delays that would occur if this Subaward Agreement were executed after that determination was made.

2. This Subaward Agreement is valid and enforceable only if sufficient funds are made available to the State by the United States Government or the Budget Acts of the appropriate fiscal years for purposes of this program(s). In addition, this Subaward Agreement is subject to any additional restrictions, limitations, or conditions enacted by the Congress or the Legislature that may affect the provisions, terms, or funding of this Subaward Agreement in any manner.

3. Limitation of Liability of RECIPIENT and/or State (Program Guide § 3.15.6**)**

   Payment for performance by the Subrecipient shall be dependent upon the availability of future appropriations by the California Legislature or Congress for the purposes of this Subaward, approval by RECIPIENT of Subrecipient's budget, and approval by the State of RECIPIENT's itemized Area Plan Budget incorporating Subrecipient's budget.

   No legal liability on the part of the State nor the RECIPIENT may arise under this Subaward until funds are made available, Subrecipient's budget has been received and approved by RECIPIENT, the State has approved RECIPIENT's itemized Area Plan Budget incorporating Subrecipient's budget, and Subrecipient has received an executed Subaward.

4. Funding Reduction(s) (Program Guide § 3.15.7)

   a. If funding for any State fiscal year is reduced or deleted by the California Department of Aging, California Department of Finance, California Legislature, or Congress for the purposes of this program, RECIPIENT shall have the option to either:

      1. Terminate Subrecipient pursuant to Exhibit D., Article X or

      2. Offer a Subaward amendment to Subrecipient to reflect the reduced funding for this Subaward.

   b. In the event that RECIPIENT elects to offer an amendment, it shall be mutually understood by both parties that:

      1. RECIPIENT reserves the right to determine which subcontracts, if any, under this program shall be reduced.

      2. Some subcontracts may be reduced by a greater amount than others, and

      3. RECIPIENT shall determine at its sole discretion the amount that any or all of the subcontracts shall be reduced for the fiscal year.

F. Interest Earned (Program Guide § 3.15.8)

1. Interest earned on federal advance payments deposited in interest-bearing accounts must be remitted annually to RECIPIENT. Interest amounts up to $500 per year may be retained by the Subrecipient for administrative expenses. [2 CFR 200.305(b)(9)] [45 CFR 75.305 (b)(9)]

2. Interest earned on advances of federal and non-federal funds shall be identified as non-match cash. [2 CFR 200.305(b)(8)] [45 CFR 75.305(b)(8)]

3. Subrecipient must maintain advance payments of federal awards in interest-bearing accounts, unless the following apply: [2 CFR 200.305(b)(8)] [45 CFR 75.305 (b)(8)]

    a. The Subrecipient receives less than $120,000 in federal awards per year.

    b. The best reasonably available interest-bearing account would not be expected to earn interest in excess of $500 per year on federal cash balances

    c. The depository would require an average or minimum balance so high that it would not be feasible within the expected federal and non-federal cash resources.

    d. A foreign government or banking system prohibits or precludes interest bearing accounts.

ARTICLE II. BUDGET AND BUDGET REVISION (Program Guide § 4.5)

A. **Budget & Budget Revision**

1. Subrecipient shall be compensated for expenses only as itemized in Subrecipient's budget then most recently approved by RECIPIENT and shall not be entitled to payment for those expenses until review and approval by RECIPIENT of Subrecipient's budget and until review and approval by the State of RECIPIENT's Area Plan Budget incorporating Subrecipient's budget. Subrecipient's Budget as approved by RECIPIENT is hereby incorporated by reference into this Subaward Agreement as a part of Exhibit B.

2. At any time during the Subaward period, RECIPIENT may request that Subrecipient revise its budget to reflect changes in funding levels, or to more closely align with realistic projections of service levels, income, or expense.

3. The Budget must set forth in detail the reimbursable items, unit rates and extended total amounts for each line item. Subrecipient's Budget shall include, at a minimum, the following items when reimbursable under this Agreement:

    a. Personnel Costs - monthly, weekly, or hourly rates, as appropriate and personnel classifications together with the percentage of time to be charged to this Agreement.
    b. Fringe Benefits.
    c. Contractual Costs – Subaward and consultant cost detail.
    d. Indirect Costs.
    e. Rent - specify square footage and rate.
    f. Property – detailed descriptions and unit costs, specified for each fund source. See section 3.4 Property, of the Program Guide (Exhibit G).
    g. Supplies - to include items that do not qualify as property, specified for each fund source. See section 3.4 Property, of the Program Guide (Exhibit G).
    h. Equipment - detailed descriptions and unit costs.
    i. In State Travel – mileage reimbursement rate, lodging, per diem and other costs.
    j. Out of State Travel - any travel outside the State of California including mileage reimbursement rate, lodging, per diem and other costs.
    k. Other Costs - a detailed list of other operating expenses.

B. **Indirect Costs (Program Guide § 4.5.1)**

1. The maximum reimbursement amount allowable for indirect costs is fifteen percent (15%) of the Subrecipient's Modified Total Direct Costs (MTDC), excluding in-kind contributions and nonexpendable equipment. Indirect costs shall not exceed 15% of the Sub Contractor's MTDC per funding category. [2 CFR 200.414(c)(1),(f)] [45 CFR 75.414(c)(1), (f)].

2. Subrecipients requesting reimbursement for indirect costs shall retain on file an approved indirect cost rate accepted by all federal awarding agencies or an allocation plan documenting the methodology used to determine the indirect costs.

3. Indirect costs exceeding the Fifteen percent (15%) maximum may be budgeted as in-kind for purposes of meeting minimum matching requirements.

4. For major Institutes of Higher Education and major nonprofit organizations, indirect costs must be classified within two broad categories: "Facilities" and "Administration." "Facilities" is defined as depreciation on buildings, equipment and capital improvement, interest on debt associated with certain buildings, equipment and capital improvements, and operations and maintenance expenses. "Administration" is defined as general administration and general expenses such as the director's office, accounting, personnel and all other types of expenditures not listed specifically under one of the subcategories of "Facilities" (including cross allocations from other pools, where applicable). [2 CFR 200.414(a)] [45 CFR 75.414(a)]

ARTICLE III. PROGRAM SPECIFIC FUNDS

A. **Program Income (Program Guide § 4.6)**

1. Program Income must be reported and expended under the same terms and conditions as the program funds from which it is generated.

2. Program Income must be used to pay for current allowable costs of the program in the same fiscal year that the income was earned (except as noted in 4).

3. For Title IIIB, IIIC, Program Income must be spent before Subaward funds (except as noted in 4) and may reduce the total amount of Subaward funds payable to the Subrecipient.

4. For Title IIIB and IIIC programs, if Program Income is earned by Subrecipient in excess of the amount reported in Subrecipient's last RECIPIENT-approved budget, and if aggregate Program Income earned by all providers and RECIPIENT exceeds the amount reported in RECIPIENT's last CDA-approved Area Plan Budget, a proportionate share of the aggregate excess amount attributable to Subrecipient may be deferred for use during the first quarter of the following contract budget period, if said following contract budget period is the last quarter of the federal fiscal year.

5. If Program Income is deferred for use it must be used by the last day of the federal fiscal year and reported when used.

6. Program Income may not be used to meet the matching requirements of this Subaward Agreement.

7. Non-IIIB & IIIC Program Income must be used to expand baseline services.

B. **One-Time Only (OTO) Funds (Program Guide § 4.6.1)**

One-Time-Only funds are grant funds which are additional to Subrecipient's baseline award. If awarded, One-Time-Only funds will be awarded by formal amendment of this Subaward Agreement, will be identified by the AAA as "one-time-only" or "OTO" in said amendment, and shall not be expended by Subrecipient for any purpose other than the specific purpose or purposes set forth in said amendment.

1. Titles III federal Program OTO funds shall only be used for the following purposes:

    a. The purchase of equipment that enhances the delivery of services to the eligible service population.

    b. Home and community-based projects that are approved in advance by CDA and are designed to address the unmet needs of the eligible service population identified in the Area Plan.

    c. Innovative pilot projects that are approved in advance by CDA and are designed for the development or enhancement of a comprehensive and coordinated system of services as defined in 45 CFR 1321.53(a)(b).

    d. OTO funds can be used to maintain or increase baseline services. However, Subrecipient shall assure that services funded with OTO funds will not create an expectation of service delivery beyond the current Subaward period.

2. NSIP OTO funds shall only be used to purchase food used in the Elderly Nutrition Program.

C. **Matching Contributions (Program Guide § 4.6.2)**

"Matching Contributions" means local cash and/or in-kind contributions made by the Subrecipient, a sub-Subrecipient, or other local resources that qualify as match for the Subaward funding.

1. Cash and/or in-kind contributions may count as match, if such contributions are used to meet program requirements.

2. Any matching contributions (cash or in-kind) must be verifiable from the records of the Subrecipient.

3. Matching contributions must be used for allowable costs in accordance with the OMB cost principles.

ARTICLE IV. PROGRAM SPECIFIC BUDGET AND BUDGET REVISION (Program Guide § 4.7)

A. Subrecipient may make written request to RECIPIENT for approval of a revision to Subrecipient's budget, but RECIPIENT may withhold such approval if such revision might cause RECIPIENT not to comply with any restrictions regarding revisions to the Area Plan Budget approved by the Department of Aging, or if sufficient funds are not available.

B. The final date to submit a request for a budget revision initiated by Subrecipient is December 15th of the Subaward Agreement period for a budget revision requiring a transfer of funds between Title IIIB, IIIC-1, or IIIC-2, unless otherwise specified by RECIPIENT.

C. The final date to submit a request for a budget revision containing line item adjustments only, and not requiring such transfer of funds, is March 30th.

D. Matching Requirements

1. The required program matching contribution for Title IIIB and IIIC is 10.53 percent.

2. Minimum matching requirements for Title IIIB and IIIC are calculated on net costs, which are total costs less program income, NSIP, and non-matching contributions.

3. Program matching contributions for Title IIIB and IIIC can be pooled to meet the minimum requirement of 10.53%.

4. Matching contributions generated in excess of the minimum required are considered overmatch.

E. Equipment

Equipment /Property with per unit cost over $5,000 or any computing devices, regardless of cost requires justification from the Contractor and approval from RECIPIENT. To request approval for specific equipment items, requests with justifications shall be sent to sgebhart@csuchico.edu. Such items must also be included in Recipient's approved Area Plan Budget. Please note an approved budget is not approval for equipment purchase.

ARTICLE V. PAYMENTS (Program Guide § 4.8)

A. For Title III B and III C Programs, the Subrecipient shall prepare and submit to RECIPIENT a monthly expenditure report and request for payment, in a format determined by RECIPIENT, no later than the 20th calendar day of each month. The report shall include all costs and funding sources for the month prior, including NSIP for III C programs.

B. RECIPIENT shall review requests for payment to ensure compliance with the approved Subaward budget and will analyze current cash needs.

C. RECIPIENT shall pay Subrecipient a total not to exceed the maximum amount specified herein. Payments to Subrecipient will be made after Enterprises receives funds from the Prime agency.

D. RECIPIENT may require financial reports more frequently than indicated above or with more detail (or both), upon written notice to Subrecipient, until such time as RECIPIENT determines that the financial management standards are met.

E. Maximum Funds Available

In consideration of the timely performance of the Subrecipient in a manner consistent with the law and this Subaward Agreement, including reporting requirements, RECIPIENT shall pay the Subrecipient the **lesser** of (1) the Subrecipient's respective expenditures within the limitations of the approved budget and budget narrative attached hereto, and within the purview of eligible and chargeable costs as set forth in said budget and 45 CFR, Appendix F, and not otherwise reimbursed;

or (2) the maximum Subaward for each category of service as specified herein, or as hereinafter modified in writing by RECIPIENT; or (3), at the option of RECIPIENT, the product of the respective number of units of service actually provided for each category of service, for each County to be served, multiplied by the applicable maximum Subaward baseline award for said category of service, divided by the respective number of units of service for said category of service and County set forth in the scope of work attached hereto, or as hereinafter modified in writing by RECIPIENT.

ARTICLE VI. CLOSEOUT (Program Guide § 4.12)

1. The Area Plan Financial Closeout Report and the Program Property Inventory Certification shall be submitted annually to the PRIME RECIPIENT. All subawards are required to submit Closeout reports as instructed by PRIME RECIPIENT.

2. Federal funds will be reduced proportionately to maintain the required matching ratios if the Subrecipient fails to report sufficient match.

3. During the review and approval of the closeout, administration costs will be increased to the total amount allocated before approving final costs for Program Development or Coordination activities.

4. Final expenditures must be reported to PRIME RECIPIENT in accordance with the allocations and funding periods specified in the budget display. If the expenditures reported by the Subrecipient exceed

the paid amount, Prime recipient will reimburse the difference to the Subrecipient up to the program funding allocation amounts listed on the budget display. If the expenditures reported by the Subrecipient are less than the paid amount, PRIME RECIPIENT will invoice the subrecipient for disallowed or unexpended funds only.

The payment on the invoice is due no later than 30 days from the date on the invoice.

If payment is not received within 30 calendar days, PRIME RECIPIENT will collect payment from upcoming disbursements. To reflect any funds recovered through offset or invoicing, the Subrecipient must update its accounting records to properly record the reversal of prior expenditures and reduce obligations under the applicable fiscal year funding period. All adjustments must comply with federal cost principles and PRIME RECIPIENT guidance.

Exhibit C
General Terms and Conditions

1. **Approval**

This Subaward Agreement is of no force or effect until RECIPIENT's Agreement with the Department of Aging has been signed by both parties and approved by the Department of General Services, if required. Subrecipient may not commence performance until such approval has been obtained.

2. **Agreement Authorization (AAA-2425-03 §8)**

If a public entity, Subrecipient shall submit to RECEIPIENT a copy of an approved resolution, order, or motion referencing this Agreement number authorizing execution of this Agreement. If a private nonprofit entity, Subrecipient shall submit to RECEIPIENT an authorization by the Board of Directors to execute this Agreement, referencing this Agreement number.

These documents, including minute orders must also identify the action taken.

Documentation in the form of a resolution, order, or motion by the Governing Board of the AAA is required for the original and each subsequent amendment to this Agreement. This requirement may also be met by a single resolution from the Governing Board of Subrecipient authorizing the AAA Director or designee to execute the original and all subsequent amendments to this Agreement.

3. **AMENDMENTS, REVISIONS OR MODIFICATIONS (AAA-2425-03 §16)**

A. No amendment or variation of the terms of this Subaward Agreement shall be valid unless made in writing, signed and approved through by both parties. No oral understanding or agreement not incorporated in this Subaward Agreement is binding on any of the parties.

B. Any provision of this subaward which conflicts with current or future applicable federal or state laws is hereby amended to conform to the provisions of those laws. Such amendment of subaward shall be effective on the effective date of the laws necessitating it and shall be binding on the parties even though such amendment may not have been reduced to writing and formally agreed upon and executed by the parties.

C. Failure by the AAA to take necessary actions required by amendments to this Subaward and/or the Program Guide shall constitute a material violation.

D. RECIPIENT reserves the right to revise, waive, or modify the Subaward Agreement to reflect any restrictions, limitations, or conditions enacted by the State, or enacted by Congress or the Legislature.

4. **Audit (Program Guide § 3.7)**

General

1. PRIME RECIPIENT or any duly authorized representative of the Federal or State government, which includes but is not limited to the State Auditor, CDA Staff, and any entity selected by State to perform inspections, shall have the right to monitor and audit the Subrecipient providing services under this subaward through on-site inspections, audits, and other applicable means the PRIME RECIPIENT determines necessary. In the event that PRIME RECIPIENT is informed of an audit by an outside federal or State government entity affecting the Subrecipient, PRIME RECIPIENT will provide timely notice to the Subrecipient.

2. The Subrecipient shall make available all reasonable information necessary to substantiate that expenditures under this subaward are allowable and allocable, including, but not limited to accounting

records, vendor invoices, bank statements, cancelled checks, bank/credit card statements, contracts and agreements, employee time sheets, purchase orders, and indirect cost allocation plans. The AAA shall agree to make such information available to PRIME RECIPIENT, the federal government, the State, or any of their duly authorized representatives, including representatives of the entity selected by State to perform inspections, for examination, copying, or mechanical reproduction, on or off the premises of the appropriate entity upon a reasonable request.

3. The Subrecipient shall cooperate with and participate in any further audits which may be required by PRIME RECIPIENT, the State, including CDA fiscal and compliance audits.

FISCAL and COMPLIANCE AUDITS

1. The PRIME RECIPIENT shall perform fiscal and compliance audits of subrecipient in accordance with Generally Accepted Government Auditing Standards (GAGAS) to ensure compliance with applicable laws, regulations, grants, and contract requirements.
2. The fiscal and compliance audits may include, but not be limited to, a review of:
    a. Financial closeouts (2 CFR 200.1 and 45 CFR 75.2)
    b. Internal controls (2 CFR 200.303 and 45 CFR 75.303)
    c. Allocation of expenditures (2 CFR 200.1 and 45 CFR 75.2)
    d. Allowability of expenditures (2 CFR 200.403 and 45 CFR 75.403)
    e. Equipment expenditures and approvals, if required (2 CFR 200.439 and 45 CFR 75.439)

Program Guide Single Audit Reporting Requirements (2 CFR 200 Subpart F and 45 CFR Subpart F)

1. SUBRECIPIENT Single Audit Reporting Requirements
    a. SUBRECIPIENTs that expend $1,000,000 or more in federal funds shall arrange for an audit to be performed as required by the Single Audit Act of 1984, Public Law 98 -502; the Single Audit Act Amendments of 1996, Public Law 104-156; 2 CFR 200.501 to 200.521 and 45 CFR 75.501 to 75.521.

A copy shall be submitted to the:
Chico State Enterprises
Attention: Passages SP Analyst
25 Main Street, Suite 103 Chico, CA 95928-5388

    b. The copy shall be submitted within thirty (30) days after receipt of the Auditor's report or nine (9) months after the end of the audit period, whichever occurs first, or unless a longer period is agreed to in advance by the cognizant or oversight agency.

    c. For purposes of reporting, the SUBRECIPIENT shall ensure that State-funded expenditures are displayed discretely along with the related federal expenditures in the single audit report's "Schedule of Expenditures of Federal Awards" (SEFA) under the Catalog of Federal Domestic Assistance (CFDA) number.

    d. For Subawards that do not have CFDA numbers, the SUBRECIPIENT shall ensure that the State-funded expenditures are discretely identified in the SEFA by the appropriate program name, identifying grant/contract number, and as passed through CDA through CSE.

2. The SUBRECIPIENT shall perform a reconciliation of the "Financial Closeout Report" to the audited financial statements, single audit, and general ledgers. The reconciliation shall be maintained and made available for CSE review.

3. Contract Resolution of Prime Recipient's Subrecipient

The PRIME RECIPIENT shall have the responsibility for resolving its subaward with its subrecipients to determine whether funds provided under this sub-award are expended in accordance with applicable laws, regulations, and provisions of this Sub-award. The PRIME RECIPIENT shall, at a minimum, perform Contract resolution within fifteen (12) months of the "Financial Closeout Report."

4. The PRIME RECIPIENT shall ensure that Subrecipient single audit reports meet 2 CFR 200 and 45 CFR 75, Subparts F-Audit Requirements.

5. Contract resolution includes:

a. Ensuring that Subrecipients expending $1,000,000.00 or more in federal awards during the Subrecipient's fiscal year have met the audit requirements of 2 CFR 200.501 - 200.521 and 45 CFR 75.501 to 75.521.
b. Issuing a management decision on audit findings within six (6) months after receipt of the Subrecipient's single audit report and ensuring that the Subrecipient takes appropriate and timely corrective action.
c. Reconciling expenditures reported to the SUBRECIPIENT to the amounts identified in the single audit or other type of audit if the Subrecipient was not subject to the single audit requirements. For a Subrecipient who was not required to obtain a single audit and did not obtain another type of audit, the reconciliation of expenditures reported to CDA must be accomplished through performing alternative procedures (e.g., risk assessment [2 CFR 200.331 and 45 CFR 75.352], documented review of financial statements, and documented expense verification, including match, etc.).

6. When alternative procedures are used, the SUBRECIPIENT shall perform financial management system testing, which provides, in part, for the following:
a. Accurate, current, and complete disclosure of the financial results of each federal award or program.
b. Records that identify adequately the source and application of funds for each federally funded activity.
c. Effective control over, and accountability for, all funds, property, and other assets to ensure these items are used solely for authorized purposes.
d. Comparison of expenditures with budget amounts for each federal award.
e. Written procedures to implement the requirements of 2 CFR 200.305.
f. Written procedures for determining the allowability of costs in accordance with 2 CFR Part 200 and 45 CFR Part 75, Subparts E - Cost Principles. [2 CFR 200.302 and 45 CFR 75.302]
g. The SUBRECIPIENT shall document system and expense testing to show an acceptable level of reliability, including a review of actual source documents.
h. Determining whether the results of the reconciliations performed necessitate adjustment of the SUBRECIPIENT's own records.

5. **Use of Name and Publicity**

Neither Party will use the name of the other Party or its employees in any advertisement, press release, or publicity with reference to this agreement or any product or service resulting from this agreement, without prior written approval of the other Party.

6. **Indemnification**

A. Subrecipient shall defend, indemnify, and hold harmless RECIPIENT; California State University, Chico; the California State University (CSU); the Trustees of the CSU, the State of California, and their officers, employees, volunteers, and agents from and against any and all liability, loss, expense, attorney's fees, or claims for injury or damages arising out of the performance of this Agreement, but only in proportion and to the extent such liability, loss, expense, attorney's fees, or claims for injury or damages are caused by or result from the negligent or intentional acts of Subrecipient, its officers, employees, and agents.

B. RECIPIENT shall defend, indemnify, and hold harmless Subrecipient, its officers, employees, volunteers, and agents from and against any and all liability, loss, expense, attorney's fees, or claims for injury or damages arising out of the performance of this Agreement, but only in proportion to and to the extent such liability, loss, expense, attorney's fees, or claims for injury or damages are caused by or result from the negligent or intentional acts.

7. **Commencement of Work (AAA-2425-03 §7)**

Should Subrecipient begin work in advance of receiving notice that this Agreement is approved, that work may be considered as having been performed at risk as a volunteer and may not be reimbursed or compensated.

8. **Standards of Work (AAA-2425-03 §9A)**

Subrecipient agrees that the performance of work and services pursuant to the requirements of this Subaward Agreement shall conform to accepted professional standards.

9. **Corporate Status (AAA-2425-03 §9B)**

A. Subrecipient shall be a public entity, private nonprofit entity, or Joint Powers Authority (JPA). If a private nonprofit corporation or JPA, Subrecipient shall be in good standing with the Secretary of State of California and shall maintain that status throughout the term of this Agreement.

B. Subrecipient shall ensure that any sub-Subrecipients providing services under this Agreement shall be of sound financial status.

C. Any subcontracting private entity or JPA shall be in good standing with the Secretary of State of California and shall maintain that status throughout the term of this Agreement.

D. Failure to maintain good standing by the contracting entity shall result in suspension or termination of this Subaward Agreement with RECEIPIENT until satisfactory status is restored. Failure to maintain good standing by a sub-subcontracting entity shall result in suspension or termination of the sub-Subaward by Subrecipient until satisfactory status is restored.

10. **Nondiscrimination (AAA-2425-03 §9C)**

The Subrecipient shall comply with all federal statutes relating to nondiscrimination. These include those statutes and laws contained in the Contractor Certification Clauses (CCC 307), which is hereby incorporated by reference. In addition, the Subrecipient shall comply with the following:

A. **Equal Access to Federally Funded Benefits, Programs and Activities -** The Subrecipient shall ensure compliance with Title VI of the Civil Rights Act of 1964 (42 USC 2000d; 45 CFR 80], which prohibits recipients of federal financial assistance from discriminating against persons based on race, color, religion, or national origin.

B. **Equal Access to State-Funded Benefits, Programs and Activities** - The Subrecipient shall, unless exempted, ensure compliance with the requirements of Cal. Gov. Code§ 11135 et seq., and 2 CCR§ 11140 et seq., which prohibit recipients of state financial assistance from discriminating against persons based on race, national origin, ethnic group identification, religion, age, sex, sexual orientation, color, or disability. [22 CCR§ 98323]

C. **California Civil Rights Laws** - Subrecipient shall, ensure compliance with the requirements of California Public Contract Code§ 2010 by submitting a completed California Civil Rights Laws Certification, prior to execution of this Subaward Agreement. The certificate is available at: http://www.dgs.ca.gov/ols/Forms.aspx

The California Civil Rights Laws Certification ensures Subrecipient compliance with the Unruh Civil Rights Act (Cal. Civ. Code§ 51) and the Fair Employment and Housing Act (Cal. Gov. Code§ 12960) and ensures that Subrecipient's internal policies are not used in violation of California Civil Rights Laws.

D. The Subrecipient assures RECIPIENT that it complies with the Americans with Disabilities Act (ADA) of 1990, which prohibits discrimination on the basis of disability, as well as all applicable regulations and guidelines issued pursuant to the ADA. (42 USC 12101 et seq.]

E. The Subrecipient agrees to include these requirements in all contracts it enters into with Subcontractors to provide services pursuant to this Subaward Agreement.

11. **Lobbying Certification (AAA-2425-03 §9 D)**

Subrecipient, by signing this Subaward Agreement, hereby certifies to the best of its knowledge and belief, that:

A. No federally appropriated funds have been paid or will be paid, by or on behalf of Subrecipient, to any person for influencing or attempting to influence an officer or employee of any agency; a Member of Congress; an officer or employee of Congress; or an employee of a Member of Congress; in connection with the awarding of any federal contract; the making of any federal grant; the making of any federal loan; the entering into of any cooperative agreement; and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

B. If any funds other than federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this federal contract, grant, loan, or cooperative agreement, Subrecipient shall complete and submit Standard Form-LLL, Disclosure Form to Report Lobbying, in accordance with its instructions.

C. Subrecipient shall require that the language of this certification be included in the award documents for all subcontracts at all tiers (including contracts under grants, loans, and cooperative agreements which exceed $100,000) and that all sub-subcontractors shall certify and disclose accordingly.

D. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into.

E. This certification is a prerequisite for making or entering into this transaction imposed by 31 USC 1352.

F. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

12. **Conflict of Interest (AAA-2425-03 §9E)**

A. The Subrecipient shall prevent employees, consultants, or members of governing bodies from using their positions for purposes including, but not limited to, the selection of sub-Subcontractors, that are, or give the appearance of being, motivated by a desire for private gain for themselves or others, such as family, business, or other ties. In the event that the RECIPIENT determines that a conflict of interest exists, any increase in costs associated with the conflict of interest may be disallowed by RECIPIENT and such conflict may constitute grounds for termination of the Subaward Agreement.

B. This provision shall not be construed to prohibit employment of persons with whom the Contractor's officers, agents, or employees have family, business, or other ties, so long as the employment of such persons does not result in a conflict of interest (real or apparent) or increased costs over those associated with the employment of any other equally qualified applicant, and such persons have successfully competed for employment with the other applicants on a merit basis.

13. **Covenant Against Contingent Fees (AAA-2425-03 §9F)**

A. Subrecipient warrants that no person or selling agency has been employed or retained to solicit this Subaward Agreement. There has been no agreement to make commission payments in order to obtain this Subaward Agreement.

B. For breach or violation of this warranty, RECIPIENT shall have the right to terminate this Subaward Agreement without liability or at its discretion to deduct from the Subaward Agreement price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or

contingency fee.

14. **Payroll Taxes and Deductions (AAA-2425-03 §9G)**

Subrecipient shall promptly forward payroll taxes, insurances, and contributions, including State Disability Insurance, Unemployment Insurance, Old Age Survivors Disability Insurance, and federal and State income taxes withheld, to designated governmental agencies as required by law.

15. **Subawards in Excess of $100,000 (AAA-2425-03 §9 H)**

If all funding provided herein exceeds $100,000, Subrecipient shall comply with all applicable orders or requirements issued under the following laws:

a. Clean Air Act, as amended. [42 USC 7401]

b. Federal Water Pollution Control Act, as amended. [33 USC 1251et seq.]

c. Environmental Protection Agency Regulations. [40 CFR 29] [Executive Order 11738]

d. State Contract Act [Cal. Pub. Con. Code §10295 et seq.]

e. Unruh Civil Rights Act [Cal. Pub. Con. Code§ 2010]

16. **Debarment, Suspension, and Other Responsibility Matters (AAA-2425-03 § 9 I)**

A. Subrecipient certifies to the best of its knowledge and belief, that it and its sub-Subcontractors:

1. Are not presently debarred, suspended, proposed for disbarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency.

2. Have not, within a three-year period preceding this Subaward Agreement, been convicted of, or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, State, or local) transaction or contract under a public transaction; violation of federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property.

3. Are not presently indicted for, or otherwise criminally or civilly charged by a governmental entity (federal, State, or local) with commission of any of the offenses enumerated in paragraph (l)(b} of this certification.

4. Have not, within a three-year period preceding this Subaward Agreement, had one or more public transactions (federal, State, or local) terminated for cause or default.

B. Subrecipient shall report immediately to RECIPIENT in writing, any incidents of alleged fraud and/or abuse by either Subrecipient or sub-Subcontractors.

C. Subrecipient shall maintain any records, documents, or other evidence of fraud and abuse until otherwise notified by RECIPIENT.

D. Subrecipient agrees to timely execute any and all amendments to this Subaward Agreement or other required documentation relating to the sub-Subrecipient's debarment/suspension status.

17. **Subrecipient's Staff (AAA-2425-03 §9J)**

Subrecipient shall maintain adequate staff to meet Subrecipient's obligations under this Agreement.

This staff shall be available to the State and/or to RECIPIENT for training and meetings which the State and/or RECIPIENT may find necessary from time to time.

18. **Remedies (AAA-2425-03 §14)**

Subrecipient agrees that any remedy provided in this Subaward Agreement is in addition to and not in derogation of any other legal or equitable remedy available to RECEIPIENT as a result of breach of this Agreement by Subrecipient, whether such breach occurs before or after completion of the project.

19. **Dissolution of Entity (AAA-2425-03 §15)**

Subrecipient shall notify RECIPIENT immediately of any intention to discontinue existence of the entity or to bring an action for dissolution.

20. **Subject Headings**

Headings within this Subaward Agreement are for convenient reference only and have no effect in limiting or extending the language of the provisions to which they refer.

21. **Force Majeure**

Neither Party shall be liable to the other for any delay in or failure of performance, nor shall any such delay in or failure of performance constitute default, if such delay or failure is caused by "Force Majeure." As used in this section, "Force Majeure" is defined as follows: Acts of war and acts of God such as earthquakes, floods, pandemics, and other natural disasters such that performance is impossible.

22. **Governing Law**

This Subaward Agreement is governed by and shall be interpreted in accordance with the laws of the State of California.

23. **Severability**

The invalidity or unenforceability of any provisions of this Subaward Agreement shall not affect the validity or enforceability of any other provision of this Subaward Agreement, which shall remain in full force and effect.

24. **Entire Agreement**

This Subaward Agreement and exhibits constitute the entire agreement between the Parties with respect to its subject matter and supersedes all prior agreements, representations, and understandings of the Parties, written or oral.

25. **Order of Precedence and Resolution of Language Conflicts (Program Guide §3.1.2)**

Subrecipient agrees to the extent applicable to the work to be performed by Subrecipient under this Subaward to comply with the provisions and clauses of the Prime Agreement and CDA Program Guide listed in Exhibits F & G. Where appropriate in the clauses, the term “CDA” shall mean “Recipient” and the terms “AAA” or “Chico State Enterprises” shall mean Subrecipient

The terms and conditions of this federal award and other requirements have the following order of precedence, if there is any conflict in what they require:

1. The HHS Grant Terms and Conditions.

2. The Older Americans Act and other applicable federal statutes and their implementing regulations.

3. If applicable, the Older Californians Act and other California State codes and regulations.

4. This Subaward Agreement, and all exhibits and amendments thereto.

5. Agreement No. AAA-2425-03 between RECIPIENT and the California Department of Aging, all Exhibits and any amendments thereto.

6. Any other documents incorporated herein by reference including, if applicable, the federal HHS terms and conditions found in Part II of the HHS Grant Policy Statement. The HHS Grant Policy Statement is available under the HHS Policy Requirements Topic at https://www.hhs.gov/grants/grants/grants policies-regulations/index.html

7. Program memos and other guidance issued by CDA.

ARTICLE I. GENERAL DEFINITIONS (Program Guide § 3.1)

A. **General Definitions** (Program Guide §3.1.1)

1. The term "Subaward Agreement" or "Subaward" shall mean this numbered Subaward Agreement, referenced exhibits, amendments hereto, the Request for Proposal and Subrecipient's Proposal, if any, the terms and conditions of Agreement No. AAA-2425-03 between Chico State Enterprises and the California Department of Aging and amendments thereto which are all hereby incorporated herein, as well as the Planning and Service Area No. 3 Area Plan and Area Plan Budget and any other documents incorporated by reference, unless otherwise provided in this Article.

2. "Subrecipient" means the governmental, nonprofit, or other legal entity awarded funds under this Subaward Agreement and is accountable to RECIPIENT and to the State and/or federal government for use of these funds and which is responsible for executing the provisions for services of this Subaward Agreement.

3. "CCR" means California Code of Regulations.

4. "CFR" means Code of Federal Regulations.

5. "Cal. Gov. Code" means California Government Code.

6. "OMB" means the federal Office of Management and Budget.

7. "Cal. Pub. Con. Code" means the California Public Contract Code.

8. "Cal. Civ. Code" means California Civil Code

9. "Reimbursable item" also means "allowable cost" and "compensable item."

10. "State" and "Department" mean the State of California and the California Department of Aging{CDA) interchangeably.

11. "Subrecipient" means the legal entity that receives funds from the Recipient to carry out part of a federal award identified in this Agreement.
12. "Contract" means Any form of legal agreement between the AAA and the subcontractor, including an agreement that the AAA or subcontractor would consider to be a contract, including vendor type Agreements for providing goods or services for the subcontractor to carry out part of a federal award received by the AAA under this Program Guide. It does not include payments to a contractor or payments to an individual that is a beneficiary of a federal program

13. "Vendor" means an entity selling goods or services to the Contractor or Subcontractor

during the Contractor or Subcontractor's performance of the Agreement.

14. "USC" means United States Code.

15. "HHS" means United States Department of Health and Human Services

16. "OAA'' means Older Americans Act.

ARTICLE II. GENERAL ASSURANCES (Program Guide § 3.2)

A. **Law, Policy and Procedure, Licenses, and Certificates** (Program Guide §3.2.1) **-** Subrecipient agrees to administer this Subaward Agreement in accordance with all applicable local, State, and federal laws and regulations including, but not limited to, discrimination, wages and hours of employment, occupational safety, and to fire, safety, health, and sanitation regulations, directives, guidelines and/or manuals related to this Subaward Agreement and resolve all issues using good administrative practices and sound judgment. Subrecipient and its sub-Subcontractors shall keep in effect all licenses, permits, notices, and certificates that are required by law.

B. **Subaward** (Program Guide §3.2.2)- The Subrecipient shall require language in all subawards to require all sub-Subrecipients to comply with all applicable State and federal laws.

C. **Facility Construction or Repair** (Program Guide §4.4.2) **-** This section applies only to Title III B funds and not to other funds allocated to other Titles under the OAA. Title Ill funds may be used for facility construction or repair, but only with prior written approval by RECIPIENT.

1. When applicable for purposes of construction or repair of facilities, Subrecipient shall comply with the provisions contained in the following and shall include such provisions in any applicable agreements with Subcontractors:

   a. Copeland "Anti-Kickback" Act. [18 USC 874, 40 USC 3145] [29 CFR 3]

   b. Davis-Bacon Act. [40 USC 3141 et seq.] [29 CFR 5]

   c. Contract Work Hours and Safety Standards Act. [40 USC 3701 et seq.] [29 CFR 5, 6, 7, 8]

   d. Executive Order 11246 of September 14, 1965, entitled "Equal Employment Opportunity" as amended by Executive Order 11375 of October 13, 1967, as supplemented in Department of Labor Regulations. [41 CFR 60].

2. Payments are not permitted for construction, renovation, alteration, improvement, or repair of privately owned property which would enhance the owner's value of such property except where permitted by law and by RECEIPIENT.

3. When funding is provided for construction and non-construction activities, Subrecipient must obtain prior written approval from RECEIPIENT before making any fund or budget transfers between construction and non-construction.

ARTICLE III. RECORDS (Program Guide §3.3)

A. Subrecipient shall maintain complete records which shall include, but not be limited to, accounting records, contracts, agreements, a reconciliation of the "Financial Closeout Report" (Closeout to RECIPIENT) to the audited financial statements, single audit report, and general ledgers, and a summary worksheet identifying the results of performing an audit resolution of its subcontractors in accordance to Article IX of this exhibit. T his includes the following: Letters of

Agreement, insurance documentation, memorandums and/or Letters of Understanding, patient or client records, and electronic files of its activities and expenditures hereunder in a form satisfactory to RECIPIENT and CDA. All records pertaining to this Subaward Agreement must be made available for inspection and audit by RECIPIENT or by the State or its duly authorized agents, at any time during normal business hours.

B. All such records, including confidential records, must be maintained and made available by Subrecipient: (1) until an audit has occurred and an audit resolution has been issued or unless otherwise authorized in writing by CDA's Audit Branch, (2) for such longer period, if any, as is required by applicable statute, by any other clause of this Subaward Agreement, or by Sections A and C of this Article, and (3) for such longer period as CDA deems necessary.

C. If this Subaward Agreement is completely or partially terminated, the records relating to the work terminated shall be preserved and made available for the same periods as specified in Section A above.

Subrecipient shall ensure that any resource directories and all client records remain the property of RECIPIENT and CDA upon termination of this Subaward Agreement and are returned to RECIPIENT and/or CDA or transferred to another Subrecipient as instructed by RECIPIENT and/or CDA.

D. In the event of any litigation, claim, negotiation, audit exception, or other action involving the records, all records relative to such action shall be maintained and made available until every action has been cleared to the satisfaction of RECIPIENT and/or the State and is so stated in writing to Subrecipient.

E. Adequate source documentation of each transaction shall be maintained relative to the allowability of expenditures reimbursed by RECIPIENT under this Subaward Agreement.

F. If the allowability of expenditures cannot be determined because records or documentation of Subrecipient are nonexistent or inadequate according to guidelines set forth in 2 CFR 200.302 and 45 CFR 75.302, the expenditures will be questioned in the audit and may be disallowed by RECIPIENT or CDA during the audit resolution process.

G. All records containing confidential information shall be handled in a confidential manner in accordance with the requirements for information integrity and security, and in accordance with guidelines set forth in this Article, and Article XVII. After the authorized period has expired, confidential records shall be shredded and disposed of in a manner that will maintain confidentiality.

ARTICLE IV. ACCESS (Program Guide §3.5)

Subrecipient shall provide access to RECIPIENT, the federal or State contracting agency, the California State Auditor, the Comptroller, General of the United States, or any of their duly authorized federal or State representatives to any books, documents, papers, and records of Subrecipient which are directly pertinent to this specific Agreement for the purpose of making an audit, examination, excerpts, and transcriptions. Subrecipient shall include this requirement in its sub-subcontracts.

ARTICLE V. MONITORING AND EVALUATION (Program Guide §3.6)

A. Authorized RECIPIENT and/or State representatives shall have the right to monitor and evaluate Subrecipient's administrative, fiscal and program performance pursuant to this Subaward Agreement. Said monitoring and evaluation may include, but is not limited to, administrative processes, fiscal, data and procurement components. This will include policies, procedures, procurement, audits, inspections of project premises, interviews of project staff and participants, and when applicable, inspection of food preparation sites.

B. Subrecipient shall cooperate with RECIPIENT and the State in the monitoring and evaluation processes, which include making any administrative, program and fiscal staff available during any scheduled process.

C. Subrecipient shall monitor contracts and subcontracts to ensure compliance with laws, regulations, and the provisions of contracts that may have a direct and/or material effect on each of its CDA funded programs.

D. Subrecipient is responsible for maintaining supporting documentation including financial and statistical records, contracts, subcontracts, monitoring reports, and all other pertinent records until an audit has occurred and an audit resolution has been issued or unless otherwise authorized in writing by CDA.

ARTICLE VI. INSURANCE (Program Guide §3.8)

A. Prior to commencement of any work under this Subaward Agreement, Subrecipient shall provide to the recipient, for the term of this Agreement, the following insurance:

1. General liability of not less than $2,000,000 per occurrence for bodily injury and property damage combined. Higher limits may be required by the State in cases of higher than usual risks.

2. Automobile liability including non-owned auto liability, of not less than $1,000,000 for volunteers and paid employees providing services supported by this Subaward Agreement.

3. If applicable, or unless otherwise amended by future regulation, Subrecipient and Subcontractors shall comply with the Public Utilities Commission General Order No. 115-F which requires higher levels of insurance for charter-party carriers of passengers and is based on seating capacity as follows:

$750,000 if seating capacity is under 8
$1,500,000 if seating capacity is 8 -15
$5,000,000 if seating capacity is over 15

4. Workers Compensation and Employers' Liability per statutory limits.

5. Professional liability of not less than $1,000,000 as it appropriately relates to the services rendered. Coverage shall include medical malpractice and/or errors and omissions. (All programs except Title V).

B. The insurance will be obtained from an insurance company acceptable to the Recipient, or be provided through partial or total self- acceptable to the Recipient.

C. Evidence of insurance shall be in a form and content acceptable to Recipient.

D. Subrecipient shall notify RECIPIENT within five (5) business days of any cancellation, non-renewal, or material change that affects required insurance coverage.

E. Insurance obtained through commercial carriers shall meet the following requirements:

1. The Certificate of Insurance shall provide that the insurer will not cancel the insured's coverage without thirty (30) days prior written notice to RECIPIENT, or ten (10) days written notice if the reason for cancellation is for non-payment of insurance premium.

2. The Certificate of Insurance shall provide that The State of California; the California State University (CSU); the Trustees of the California State University; California State University, Chico; Chico State Enterprises; University Foundation, California State University, Chico; and the officers, employees, representatives, volunteers, and agents of each of them are included as

additional insureds, with respect to work performed under this Subaward Agreement. Workers Compensation and Professional liability coverage are exempt from this requirement.

3. Chico State Enterprises shall be named as the certificate holder and RECIPIENT's address must be listed on the certificate.

F. The insurance provided herein shall be in effect at all times during the term of this Subaward Agreement. In the event the insurance coverage expires during the term of this Subaward Agreement, Subrecipient agrees to provide RECIPIENT, at least thirty (30) days prior to the expiration date, a new Certificate of Insurance evidencing insurance coverage as provided herein for a period not less than the remaining Agreement term or for a period not less than one (1) year.

In the event Subrecipient fails to keep in effect at all times said insurance coverage, RECIPIENT may, in addition to any other remedies it may have, terminate this Subaward Agreement.

G. Subrecipient shall require its lower tiered recipients, contractors, and vendors under this Subaward Agreement, other than units of local government which are similarly self-insured, to maintain adequate insurance coverage for general liability, Worker's Compensation liabilities, and if appropriate, auto liability including non-owned auto and professional liability, and further, Subrecipient shall require all of its lower tier Subcontractors to hold Subrecipient harmless. The sub-Subrecipient's Certificate of Insurance for general and auto liability shall also name Subrecipient, not RECIPIENT nor the State, as the certificate holder and additional insured. Subrecipient shall maintain Certificates of Insurance for all of its Subcontractors.

H. A copy of each appropriate Certificate of Insurance or letter of self-insurance, referencing this Subaward Agreement number shall be submitted to RECIPIENT with this Subaward Agreement.

I. Subrecipient shall be insured against liability for Worker's Compensation or undertake self-insurance in accordance with the provisions of the Labor Code and Subrecipient affirms to comply with such provisions before commencing the performance of the work under this Subaward Agreement. [Labor Code§ 3700]

ARTICLE VII. TERMINATION (Program Guide §3.9)

A. **Termination Without Cause**

Recipient may terminate performance of work under the MOU and this Program Guide, in whole or in part, without cause, if Recipient determines that a termination is in the program's best interest. Recipient may terminate the subaward upon ninety (90) days written notice to the subrecipient. The Notice of Termination shall specify the extent of the termination and shall be effective ninety (90) days from the delivery of the Notice. The parties agree that if the termination of the subaward is due to a reduction or deletion of funding by CDA, the Department of Finance (DOF), Legislature or Congress, the Notice of Termination shall be effective thirty (30) days from the delivery of the Notice. The subrecipient shall submit to recipient a Transition Plan as specified in Exhibit E, Article IV. The parties agree that for the terminated portion of the subaward, the remainder of subaward shall be deemed to remain in effect and is not void.

B. **Termination for Cause**

Recipient may terminate, in whole or in part, for cause the performance of work under the subaward. Recipient may terminate the MOU upon thirty (30) days written notice to the Subrecipient. The Notice of Termination shall be effective thirty (30) days from the delivery of the Notice of Termination unless the grounds for termination are due to threat to life, health or safety of the public and in that case, the termination shall take effect immediately. The Subrecipient shall submit to Recipient a Transition Plan as specified in this Exhibit E, Article IV. The grounds for termination for cause shall include, but are not limited to, the following:

1. In case of threat of life, health or safety of the public, termination of the Subaward shall be effective immediately.

2. A violation of the law or failure to comply with any condition of the Subaward.

3. Inadequate performance or failure to make progress so as to endanger performance of the Subaward

4. Failure to comply with reporting requirements.

5. Evidence that the Subrecipient is in an unsatisfactory financial condition as determined by an audit of the Subrecipient or evidence of a financial condition that endangers performance of the Subaward and/or the loss of other funding sources.

6. Delinquency in payment of taxes or payment of costs for performance of the Subaward and the services outlined within the subaward in the ordinary course of business.

7. Appointment of a trustee, receiver, or liquidator for all or a substantial part of the subrecipient's property, or institution of bankruptcy, reorganization or the arrangement of liquidation proceedings by or against the subrecipient.

8. Service of any writ of attachment, levy of execution, or commencement of garnishment proceedings against the subrecipient's assets or income.

9. The commission of an act of bankruptcy.

10. Finding of debarment or suspension.

11. The subrecipient's organizational structure has materially changed.

12. Recipient determines that the subrecipient may be considered a "high risk" agency as described in 2 CFR 200.205 and 45 CFR 75.205. If such a determination is made, the subrecipient may be subject to special conditions or restrictions.

C. **Subrecipient's Obligation After Notice of Termination**

After receipt of a Notice of Termination, and except as directed by Recipient and/or CDA, the subrecipient shall immediately proceed with the following obligations, as applicable, regardless of any delay in determining or adjusting any funds due under this clause.

The Subrecipient shall:

1. Stop work as specified in the Notice of Termination.

2. Place no further subcontracts for materials or services, except as necessary, to complete the continued portion of the subaward.

3. Terminate all subcontracts to the extent they relate to the work terminated.

4. Settle all outstanding liabilities and termination settlement proposals arising from the termination of subcontracts, (the approval or ratification of which will be final for purposes of this clause).

D. **Effective Date**

Termination of the MOU shall take effect immediately in the case of an emergency such as threat to life, health, or safety of the public. The effective date for Termination with Cause or for funding reductions is thirty (30) days and Termination without Cause is ninety (90) days subsequent to written notice to the subrecipient. The notice shall describe the action being taken by Recipient, the reason for such action and, any conditions of the termination, including the date of termination.

E. **Voluntary Termination of Area Plan Agreement (Title III Only)**

Pursuant to 22 CCR 7210, the subrecipient may voluntarily terminate its subaward prior to its expiration either by mutual agreement with Recipient or upon thirty (30) days written notice to Recipient. In case of voluntary termination, the Subrecipient shall allow Recipient up to one hundred eighty (180) days to transition services. The subrecipient shall submit a Transition Plan in accordance with this subaward.

F. **Notice of Intent to Terminate by AAA (all other non-Title III Programs)**

In the event the subrecipient no longer intends to provide services under the subaward, the subrecipient shall give Recipient a Notice of Intent to Terminate. Such notice shall be given in writing to Recipient at least one hundred eighty (180) days prior to the proposed termination date. Unless mutually agreed upon, the subrecipient does not have the authority to terminate the subaward. The Notice of Intent to Terminate shall include the reason for such action and the anticipated last day of work. The Subrecipient shall submit a Transition Plan in accordance with this subaward.

G. **In the Event of a Termination Notice**

Recipient will present written notice to the Subrecipient of any condition, such as, but not limited to, transfer of clients, care of clients, return of unspent funds; and disposition of property, which must be met prior to termination.

ARTICLE VIII. NOTICES (Program Guide §3.10)

A. Any notice to be given hereunder by either party to the other may be affected by personal delivery in writing or by registered or certified mail, overnight mail, postage prepaid, return receipt requested, or overnight mail, or by electronic methods, provided Subrecipient retains receipt, and shall be communicated as of actual receipt.

Notices mailed to Chico State Enterprises shall be addressed to:

Chico State Enterprises
Attn: Director, Sponsored Contracts
25 Main Street, Suite 103
Chico, CA 95928-5388

Notices mailed to Subrecipient shall be to the address indicated on the signature page of this Subaward Agreement.

B. Each party may change its address by written notice to the other party in accordance with this Article.

ARTICLE IX. INFORMATION INTEGRITY AND SECURITY (Program Guide §3.11)

This Information Confidentiality and Security Requirements section sets forth the information privacy and security requirements the subrecipient is obligated to follow with respect to all personal, confidential, and sensitive information (as defined herein) disclosed to the subrecipient, or collected, created, maintained,

stored, transmitted, or used by the subrecipient for or on behalf of the recipient and CDA pursuant to subrecipients' subaward with the recipient and the CDA program guide. (Such personal, confidential, and sensitive information is referred to here as CDA PSCI.) All parties desire to protect their privacy and provide for the security of CDA PSCI pursuant to this section of the subaward and in compliance with state and federal laws applicable to CDA PSCI.

The terms of this section shall apply to all contracts, subcontracts, and sub-subawards made by the subrecipient in furtherance of the MOU and services provided in accordance with this Program Guide. The subrecipient shall require its agents, subrecipients, subcontractors, or independent consultants (collectively, agents) to conform to this section regarding CDA PSCI.

A. Definitions

1. **Breach:**
   a. the unauthorized acquisition, access, use, or disclosure of CDA PSCI in a manner in which comprises the security, confidentiality, or integrity of the information; or

   b. the same definition of "breach of the security system" set forth in California Civil Code section 1798.29, subdivision (f); or

   c. the same as the definition of "breach" set forth in the Health Insurance Portability and Accountability Act Privacy Rule, 45 Code of Federal Regulations 164.402.
2. **Confidential Information:** Information that is exempt from disclosure under the provisions of the California Public Records Act (Government Code section 7920.000 Et seq.).

3. **Disclosure:** the release, transfer, provision of, access to, or divulging in any manner of information outside the entity holding the information

4. **PSCI:** "personal information", "sensitive information", and "confidential information" (as these terms are defined herein).

5. **Personal Information:** Information that identifies or describes an individual, including, but not limited to, their name, social security number, physical description, home address, home telephone number, education, financial matters, and medical or employment history. It is CDA's policy to consider all information about individuals private unless such information is determined to be a public record. Personal Information also includes the following:

   a. **Notice-Triggering Personal Information:** Specific items of personal information (name plus Social Security number, driver license/California identification card number, or financial account number) that may trigger a requirement to notify individuals if it is acquired by an unauthorized person. For purposes of this provision, identity shall include, but not be limited to name, identifying number, symbol, or other identifying information assigned to the individual, such as finger or voice print or a photograph. See Civil Code section 1798.29.

   b. **Protected Health Information (PHI)**: The term "PHI" refers to and includes both "PHI" as defined at 45 CFR section 160.103 and Personal Information (PI) as defined in the Information Practices Act at California Civil Code section 1798.3(a). PHI includes information in any form, including paper, oral, and electronic.

6. **Public Information:** Information that is not exempt from disclosure under the provisions of the California Public Records Act (Government Code sections 7920.000 Et seq.).

7. **Security Incident:**
   a. A breach or attempted breach; or

   b. The attempted or successful unauthorized access, disclosure, modification, or destruction of CDA PSCI, in violation of any state or federal law or in a manner not permitted under this Program Guide;

or

c. the attempted or successful modification or destruction of, or interference with, the SUBRECIPIENT's system operations in an information technology system, that negatively impacts the confidentiality, availability, or integrity of CDA PSCI; or

d. any event that is reasonably believed to have compromised the confidentiality, integrity, or availability of an information asset, system, process, data storage, or transmission. Furthermore, an information security incident may also include an event that constitutes a violation or imminent threat of violation of information security policies or procedures, including acceptable use policies.

8. **Sensitive Information:** Information that requires special precautions to protect from unauthorized use, access, disclosure, modification, loss, or deletion. Sensitive Information may be either Public Information or Confidential Information. It is information that requires a higher-than-normal assurance of accuracy and completeness. Thus, the key factor for Sensitive Information is that of integrity. Typically, Sensitive Information includes records of agency financial transactions and regulatory actions.

B. Disclosure Restrictions

The SUBRECIPIENT shall protect CDA PSCI from unauthorized disclosure. The SUBRECIPIENT shall not disclose, except as otherwise specifically permitted by the MOU and this Program Guide, any CDA PSCI to anyone other than CDA personnel or programs without prior written authorization from the CDA.

1. The SUBRECIPIENT and CDA mutually agree that the creation, receipt, maintenance, transmittal, and disclosure of data from CDA containing PHI shall be subject to the Health Insurance Portability and Accountability Act of 1996 and its implementing privacy and security regulations at 45 CFR Parts 160 and 164 (collectively and as used in this Agreement, HIPAA.). The SUBRECIPIENT agrees to provide the same, or greater, level of protection to CDA data that would be required if the SUBRECIPIENT were a Business Associate under HIPAA, regardless of whether the SUBRECIPIENT is or is not a Business Associate.

2. To the extent that other state and/or federal laws provide additional, stricter, and/or more protective (collectively, more protective) privacy and/or security protections to CDA PSCI covered under this Program Guide beyond those provided through HIPAA, SUBRECIPIENT agrees:

   a. To comply with the more protective of the privacy and security standards set forth in applicable state or federal laws to the extent such standards provide a greater degree of protection and security than HIPAA or are otherwise more favorable to the individuals whose information is concerned; and

   b. To treat any violation of such additional and/or more protective standards as a breach or security incident, as appropriate.

   c. Examples of laws that provide additional and/or stricter privacy protections to certain types of CDA PSCI, as defined in Section 3.11.1 of this Program Guide, include, but are not limited to the Information Practices Act, California Civil Code sections 1798-1798.78, Confidentiality of Alcohol and Drug Abuse Patient Records, 42 CFR Part 2, Welfare and Institutions Code section 5328, and California Health and Safety Code section 11845.5.
   d. If the SUBRECIPIENT is a Qualified Service Organization (QSO) as defined in 42 CFR section 2.11, the SUBRECIPIENT agrees to be bound by and comply with subdivisions (2)(i) and (2)(ii) of that section.

C. Use Restrictions

The SUBRECIPIENT shall not use any CDA PSCI for any purpose other than performing the SUBRECIPIENT's

obligations under the MOU and this Program Guide.

D. Safeguards and Security

The SUBRECIPIENT shall implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of CDA PSCI including electronic CDA PSCI that it creates, receives, maintains, uses, or transmits on behalf of CDA. The SUBRECIPIENT shall develop and maintain a written information privacy and security program that includes administrative, technical, and physical safeguards appropriate to the size and complexity of the SUBRECIPIENT's operations and the nature and scope of its activities. The SUBRECIPIENT's administrative, technical, and physical safeguards shall include, at a minimum:

1. **Technical Security Controls**: The SUBRECIPIENT shall, at a minimum, utilize a National Institute of Standards and Technology Special Publication (NIST SP) 800-53 compliant security framework when selecting and implementing its security controls and shall maintain continuous compliance with NIST SP 800-53 as it may be updated from time to time. The current version of NIST SP 800-53, Revision 5, is available online at https://csrc.nist.gov/publications/detail/sp/800-53/rev-5/final; updates will be available online at https://csrc.nist.gov/publications/sp800.

2. **Removable Media Devices**: All electronic files that contain CDA PSCI data must be encrypted when stored on any removable media or portable device (i.e., USB thumb drives, floppies, CD/DVD, smart devices, tapes, etc.). PSCI must be encrypted, at a minimum, using a FIPS 140-2 certified algorithm or successor standards, such as Advanced Encryption Standard (AES), with a 128bit key or higher.

3. **Patch Management:** The SUBRECIPIENT shall apply security patches and upgrades and keep virus software up to date on all systems which PHI and other confidential information may be used.

4. **Confidentiality Statement:** All people that will be working with CDA PSCI must sign a confidentiality statement that includes, at a minimum, General Use, Security and Privacy Safeguards, Unacceptable Use, and Enforcement Policies. The statement must be signed by all people prior to accessing CDA PSCI. The statement must be renewed annually. The SUBRECIPIENT shall retain each person's written confidentiality statement for CDA inspection for a period of six (6) years following contract termination.

5. **Transmission and Storage of PSCI:** All persons that will be working with CDA PSCI shall employ with FIPS 140-3 compliant encryption of PHI, at rest and in motion, unless it has been determined that such encryption is unreasonable and inappropriate based upon a risk assessment and equivalent alternative measures are in place and documented as such.

6. **Minimum Necessary:** Only the minimum necessary amount of CDA PSCI required to perform necessary business functions applicable to the terms of this Program Guide may be used, disclosed, copied, downloaded, or exported.

7. **Antivirus Software**: All workstations, laptops and other systems that process and/or store CDA PSCI must install and actively use a comprehensive anti-virus software solution with automatic updates scheduled at least daily.

8. **Data Security:** CDA PSCI will be stored separately from other customers' data. Data will be stored and processed within the continental United States, and remote access to data from outside the continental United States will be prohibited. Data will be encrypted such that unauthorized parties are unable to read the data within the database/data repositories or any backups.

E. Employee Training

All persons who assist in the performance of functions or activities on behalf of Recipient and CDA, or access or disclose CDA PSCI, must complete information privacy and security training, at least annually, at the SUBRECIPIENT's expense. Each person who receives information privacy and security training must

sign a certification, indicating the member's name and the date on which the training was completed. These certifications must be retained for a period of six (6) years following contract termination.

F. Employee Discipline

Appropriate sanctions must be applied against persons who fail to comply with privacy policies and procedures or any provisions of these requirements, including termination of employment where appropriate.

G. Mailing:

Mailings of CDA PSCI shall be sealed and secured from damage or inappropriate viewing of PSCI to the extent possible. Mailings which include 500 or more individually identifiable records of CDA PSCI in a single package shall be sent using a tracked mailing method which includes verification of delivery and receipt, unless the prior written permission of CDA to use another method is obtained.

H. Security Officer:

The SUBRECIPIENT shall designate a Security Officer to oversee its data security program who will be responsible for carrying out its privacy and security programs and for communicating on security matters with Recipient and CDA.

I. Mitigation of Harmful Effects:

The SUBRECIPIENT shall mitigate, to the extent practicable, any harmful effect that is known to the SUBRECIPIENT of a use or disclosure of PSCI and other confidential information in violation of the requirements of this Program Guide.

J. Access to, and Accounting For, Disclosure of PSCI:

The SUBRECIPIENT shall document and make available to Recipient or (at the direction of the Recipient and/or CDA) to an Individual such disclosures of CDA PSCI and information related to such disclosures necessary to respond to a proper request by the subject Individual for an accounting of disclosures of personal information as required by 45 CFR section 164.524 or any applicable state or federal law.

K. Access to Practices, Books, and Records

The SUBRECIPIENT shall make its internal practices, books, and records relating to the use and disclosure of CDA PSCI on behalf of Recipient and CDA available to Recipient and CDA upon reasonable request.

L. Special Provision for SSA Data

If the SUBRECIPIENT receives data from or on behalf of the recipient and/or CDA that was verified by or provided by the Social Security Administration (SSA Data) and is subject to an agreement between CDA and SSA, the SUBRECIPIENT shall provide, upon request by Recipient/CDA, a list of all employees and agents who have access to such data, including employees and agents of its agents, to the requesting agency.

M. Breaches and Security Incidents

The SUBRECIPIENT shall implement reasonable systems for the discovery and prompt reporting of any breach or security incident, and take the following steps:

1. **Notice to Recipient:** The SUBRECIPIENT shall notify Recipient immediately by email or telephone of the discovery of:

a. Unsecured CDA PSCI if the CDA PSCI is reasonably believed to have been accessed or acquired by an unauthorized person.

b. Any suspected security incident which risks unauthorized access to CDA PSCI and/or other confidential information.

c. Any intrusion or unauthorized access, use, or disclosure of CDA PSCI in violation of this Agreement; or

d. Potential loss of confidential data affecting this agreement.

e. Notice via email shall be made using the current CDA 1025 "Information Security Incident Report" forms and shall include all information known at the time the incident is reported. The forms are available online at: https://aging.ca.gov/Information_security/

f. Upon discovery of a breach or suspected security incident, intrusion, or unauthorized access, use or disclosure of CDA PSCI, the SUBRECIPIENT shall take:

i. Prompt corrective action to mitigate any risks or damages involved with the security incident or breach; and

ii. Any action pertaining to such unauthorized disclosure is required by applicable Federal and State laws and regulations.

2. **Investigation of Security Incident or Breach:** The SUBRECIPIENT shall immediately investigate such security incident, breach, or unauthorized use or disclosure of CDA PSCI.

3. **Complete Report:** The SUBRECIPIENT shall provide a complete report of the investigation to Recipient within (10) working days of the discovery of the breach or unauthorized use or disclosure. The complete report must include an assessment of all known factors relevant to a determination of whether a breach occurred under applicable federal and state laws. The report shall include a full, detailed corrective action plan including information on measures that were taken to halt and/or contain improper use or disclosure. If RECEIPIENT requests information in addition to this report, the SUBRECIPIENT shall make reasonable efforts to provide RECEIPIENT with such information. RECEIPIENT will review and approve or disapprove the SUBRECIPIENT's determination of whether a breach occurred, whether the security incident or breach is reportable to the appropriate entities, if individual notifications are required, and the SUBRECIPIENT's corrective action plan.

a. If the SUBRECIPIENT does not submit a complete report within the ten (10) working day timeframe, the SUBRECIPIENT shall request approval from RECEIPIENT within the ten (10) working day timeframe of a new submission timeframe for the complete report.

4. **Notification of Individuals:** If the cause of a breach is attributable to the SUBRECIPIENT or its agents, the SUBRECIPIENT shall notify individuals accordingly and shall pay all costs of such notifications as well as any costs associated with the breach. The notifications shall comply with applicable federal and state law. RECEIPIENT shall approve the time, manner, and content of any such notifications and their review and approval must be obtained before the notifications are made.

5. **Responsibility for Reporting Breaches to Entities other than RECEIPIENT:** If the cause of a breach of CDA PSCI is attributable to the SUBRECIPIENT or its subcontractors, the SUBRECIPIENT is responsible for all required reporting of the breach as required by applicable federal and state law.

6. **Submission of Sample Notification to Attorney General:** If notification to more than 500 individuals is required pursuant to California Civil Code section 1798.29, regardless of whether the SUBRECIPIENT is considered only a custodian and/or non-owner of the CDA PSCI, the SUBRECIPIENT shall, at its sole

expense and at the sole election of RECEIPIENT, either:

a. Electronically submit a single sample copy of the security breach notification, excluding any personally identifiable information, to the Attorney General pursuant to the format, content, and timeliness provisions of Section 1798.29, subdivision (e). The SUBRECIPIENT shall inform the CDA Privacy Officer of the time, manner, and content of any such submissions prior to the transmission of such submissions to the Attorney General; or

b. Cooperate with and assist RECEIPIENT in its submission of a sample copy of the notification to CDA and the Attorney General.

N. Contact Information

To direct communications to the above referenced CDA staff, the SUBRECIPIENT shall initiate contact as indicated herein. CDA reserves the right to make changes to the contact information below by giving written notice to the SUBRECIPIENT.

O. Responsibility of Recipient

Recipient agrees to not request the SUBRECIPIENT use or disclose CDA PSCI in any manner that would not be permissible under HIPAA and/or other applicable federal and/or state law.

P. Audits, Inspections, and Enforcement

1. **Recipient Right to Inspect:** From time to time, Recipient may inspect the facilities, systems, books, and records of the SUBRECIPIENT to monitor compliance with the safeguards required in the Information Confidentiality and Security Requirements (ICSR) section. The SUBRECIPIENT shall promptly remedy any violation of any provision of this ICSR section. The fact that CDA inspects, or fails to inspect, or has the right to inspect, the SUBRECIPIENT's facilities, systems, and procedures does not relieve the SUBRECIPIENT of its responsibility to comply with this ICSR section.

2. **Notification to CDA in Event the SUBRECIPIENT is Subject to Other Audit:** If the SUBRECIPIENT is the subject of an audit, compliance review, investigation, or any proceeding that is related to the performance of its obligations pursuant to the MOU and/or this Program Guide or is the subject of any judicial or administrative proceeding alleging a violation of HIPAA, the SUBRECIPIENT shall promptly notify CDA unless it is legally prohibited from doing so.

Q. Miscellaneous Provisions

1. **Disclaimer:** CDA makes no warranty or representation that compliance by the SUBRECIPIENT with this Program Guide will satisfy the SUBRECIPIENT's business needs or compliance obligations. The SUBRECIPIENT is solely responsible for all decisions made by the SUBRECIPIENT regarding the safeguarding of CDA PSCI and other confidential information.

2. **Amendment:**

a. Any provision of the MOU or this Program Guide which conflicts with current or future applicable federal or state laws is hereby amended to conform to the provisions of those laws. Such amendment of the MOU and/or this Program Guide shall be effective on the effective date of the laws necessitating it and shall be binding on the parties even though such amendment may not have been reduced to writing and formally agreed upon and executed by the parties.

b. Failure by the SUBRECIPIENT to take necessary actions required by amendments to the MOU and/or this Program Guide shall constitute a material violation.

3. **Assistance in Litigation or Administrative Proceedings:** The SUBRECIPIENT shall make itself, its employees, and agents available to CDA at no cost to CDA to testify as witnesses in the event of litigation or administrative proceedings being commenced against CDA, its director, officers, or employees based upon claimed violation of laws relating to security and privacy, and which involves inactions or actions by the SUBRECIPIENT (except where the SUBRECIPIENT or its subcontractor, workforce employee, or agent is a named adverse party).

4. **No Third-Party Beneficiaries** Nothing in this Program Guide is intended to or shall confer upon any third person, any rights, or remedies whatsoever.

5. **Interpretation:** The terms and conditions in this Program Guide shall be interpreted as broadly as necessary to implement and comply with regulations and applicable laws. The parties agree that any ambiguity in the terms and conditions of this Program Guide shall be resolved in favor of a meaning that complies and is consistent with federal and state laws and regulations.

6. **No Waiver of Obligations:** No change, waiver, or discharge of any liability or obligation hereunder on any one or more occasions shall be deemed a waiver of performance of any continuing or other obligation or shall prohibit enforcement of any obligation on any other occasion.

7. **Return or Destruction of CDA PSCI on Expiration or Termination:** At expiration or termination of the MOU, if feasible, the SUBRECIPIENT shall return or destroy all CDA PSCI that the SUBRECIPIENT still maintains in any form and retain no copies of such information. If return or destruction is not feasible, CDA and the SUBRECIPIENT shall determine the terms and conditions under which the SUBRECIPIENT may retain the PSCI.

8. **Data Sanitization:** All CDA PSCI must be sanitized using NIST Special Publication 800-88 standard methods for data sanitization when the CDA PSCI is no longer needed.

a. **Survival**: If return or destruction of CDA PSCI is not feasible upon the completion or termination of the MOU, the respective rights, and obligations of the SUBRECIPIENT under this Section shall survive the completion or termination of the MOU between the SUBRECIPIENT and CDA. The SUBRECIPIENT shall also limit further uses and disclosures of CDA PSCI to those purposes that make the return or destruction of the information infeasible.

ARTICLE X. COPYRIGHTS AND RIGHTS IN DATA (Program Guide §3.12)

A. Copyrights

1. If any material funded by this Subaward Agreement is subject to copyright, RECIPIENT reserves the right to copyright such material and Subrecipient agrees not to copyright such material, except as set forth in Section B of this Article.

2. Subrecipient may request permission to copyright material by writing to the Director of RECIPIENT. The Director shall grant permission or give reason for denying permission to Subrecipient in writing within sixty (60) days of receipt of the request.

3. If the material is copyrighted with the consent of RECIPIENT, RECIPIENT reserves a royalty-free, non-exclusive, and irrevocable license to reproduce, prepare derivative works, publish, distribute and use such materials, in whole or in part, and to authorize others to do so, provided written credit is given to the author.

4. Subrecipient certifies that it has appropriate systems and controls in place to ensure that State funds will not be used in the performance of this contract for the acquisition, operation, or maintenance of computer software in violation of copyright laws.

B. Rights in Data

1. Subrecipient shall not publish or transfer any materials, as defined in paragraph 2 below, produced or resulting from activities supported by this Subaward Agreement without the express written consent of the Director of RECIPIENT. That consent shall be given, upon receipt by RECIPIENT of the express written consent of the Director of CDA, or the reasons for denial shall be given, and any conditions under which it is given or denied, within thirty (30) days after the written request is received by RECIPIENT. RECIPIENT or State may request a copy of the material for review prior to approval of the request. This subsection is not intended to prohibit Subrecipient from sharing identifying client information authorized by the participant or summary program information which is not client specific.

2. As used in this Subaward Agreement, the term "subject data" means writings, sound recordings, pictorial reproductions, drawings, designs or graphic representations, procedural manuals, forms, diagrams, workflow charts, equipment descriptions, data files and data processing or computer programs, and works of any similar nature (whether or not copyrighted or copyrightable) which are first produced or developed under this Subaward Agreement. The term does not include financial reports, cost analyses and similar information incidental to contract administration, or the exchange of that information between AAAs to facilitate uniformity of contract and program administration on a statewide basis.

3. Subject only to other provisions of this Subaward Agreement, the State and/or RECIPIENT may use, duplicate, or disclose in any manner, and have or permit others to do so subject to State and federal law, all subject data delivered under this Subaward Agreement.

ARTICLE XI. Public Education and Information (Program Guide §3.13)

(Please note: This differs from the IIIB service categories within the data dictionary that have the same names)

Public Education and Information (PE&I) falls into two categories:

1. Educational – materials that educate and inform an audience such as activity books, coloring books, brochures, and posters.

2. Promotional – material that promotes, supports, or enhances efforts and directly relates to the project objective such as key chains, onboard signs, mugs, pencils, magnets, and litter bags. The State of California and CDA does NOT allow CDA funds to be used for this purpose.

Subrecipients and lower-tier subcontractors that use CDA funds to produce educational material must receive approval from the CDA Office of Communications prior to production. Additionally, subrecipients that use CDA funds to produce PI&E materials must receive written approval from the CDA Office of Communications in order to use any CDA logo. Subrecipients should allow a minimum of ten (10) business days for approval; they should contact the CDA Office of Communications for assistance (Communications@aging.ca.gov).

AAAs should also advise vendors that all materials used in the production of public outreach materials paid for with grant funds are the property of the AAA and the CDA (i.e., data, plates, digital files, camera-ready artwork, designs, concepts, photographs, video and audio). The CDA reserves the right to use materials developed by the AAA and/or subcontractor.

Inclusion of the logo and/or funding line should not interfere with the primary program messaging. Questions regarding the inclusion, size or placement of either logo or funding statement should be directed to the CDA Office of Communications.

All documents produced must comply with Federal Acquisition Regulation, Section 508, which governs document accessibility.

A. S.W.A.G Ban (Program Guide §3.13.1)

1. In 2011, Governor Jerry Brown issued an executive memo that has banned state agencies and departments from spending taxpayer money on promotional items, which he named "S.W.A.G".

S.W.A.G stands for "Stuff We All Get." The executive memo has not been overturned and is still in effect; accordingly, all entities that receive state funds must adhere to the executive memo.

SPECIFIC EXAMPLES OF S.W.A.G

In the executive memo, Governor Brown named specific items that constitute S.W.A.G, which he defined as "free giveaway and gift items," including key chains, squeeze toys, pens, hats, trinkets, shirts, cups, flashlights, ashtrays, and other "unnecessary" items. This is not an exhaustive list.

Ultimately, there is no specific case law defining SW.A.G.; each case is unique. AAAs must assess whether an item is either S.W.A.G., or an allowable expense. The decision to proceed with the purchase at issue as an allowable expense requires the AAA to maintain a record and keep a written justification regarding the purchase in its procurement file, as discussed below.

2. KEEPING WRITTEN JUSTIFICATION FOR PROCUREMENT

If the AAA determines that it is moving forward with the purchase of a promotional item, it should comply with the procedures outlined in SCM Vol 2. Chapter 400, section 401:

Promotional Materials-401

Prior to conducting a purchase for promotional materials, written justification must be kept in the procurement file supporting how the purchase of promotional materials meets the departmental mission and the AAA's business needs. Written justifications should include a description of the type of event(s) and how the promotional material(s) will be used.

[See: https://www.dgs.ca.gov/PD/Resources/SCM/TOC/2/2-8, All expenditures of public funds must support the Department's function, purpose, and benefit the state.]

3. FUNCTIONALITY AS AN ASSESSMENT FACTOR

In conducting its analysis on whether a promotional item constitutes S.W.A.G or should be deemed an allowable expense, the AAA may consider:

• The functionality of the item,

• Whether the item is given to a targeted group of people vs. to the general public,

• Whether the items are to be used for promotional purposes in support of the departmental mission and the AAA's business needs.

4. AAAs should work with their counsel to determine whether a promotional item may constitute S.W.A.G. If the AAA deems the item an allowable expense, this will trigger the requirement to maintain written justification in its procurement files.

B. Advertising and Public Relations (Program Guide §3.13.2)

Press releases, paid and earned advertisements, outreach and media, media and kick-off events, educational materials and public notices that utilize the CDA logo or name, require approval by the CDA Office of Communications prior to publication and dissemination. The AAA shall email the draft language and materials a minimum of ten (10) business days in advance of publication and dissemination to communications@aging.ca.gov and the appropriate CDA Program staff point of contact.

Language and materials submitted will be assessed in batches on the first and fifteenth of each month, with a minimum of ten (10) business days approval period.

C. Approval Requirements for Advertising and Public Relations (Program Guide §3.13.3)

This section further clarifies the approval requirements for Public Education and Information as outlined in section 2.

1. **Approval Required** for materials that mention the CDA name or use the CDA logo, including:

    - Paid advertising
    - Earned advertising
    - Outreach materials
    - Educational materials
    - Media events
    - Public notices

2. **No Approval Required:**

    - Materials that only mention CDA in the funding disclaimer "The materials were funding by a contract with the California Department of Aging." without using the CDA logo.
    - Materials that do not mention the CDA name or use the CDA logo.

3. **Social Media Posts**

    Approval Required:
    - Social media posts that mention the CDA name or use the CDA logo

    No Approval Required:
    - Social media posts that do not mention the CDA name or use the CDA logo, even if CDA funds are involved.
    - Tagging @calaging on X, Facebook or LinkedIn is optional but encouraged to keep CDA informed about your organization's activities.

4. **Specific Scenarios and Examples**

    - Paid advertisement in local newspaper - No approval is needed if the promotion includes the funding disclaimer without the CDA logo or mentioning CDA.
    - Public Notices - No approval is needed for public notices about Area Plan updates or RFPs that use template language but do not use CDA logo.

Examples of materials requiring approval:

- Press releases, brochures, websites, flyers, invitations, presentations, and reports that mention the CDA name beyond the funding disclaimer language or use the CDA logo with or without other logos.

5. Submission Process

- Submit language and materials needing approval to communications@aging.ca.gov
- Review timeline: Typically, within ten (10) business days
- Review dates: First and fifteenth of each month
- Urgent requests: Notify Office of Communications if expedited approval is needed
- Questions
- For questions about approval requirements email communications@aging.ca.gov
- For any inquiries or clarifications regarding the Stevens Amendment, contact your CDA Program Manager.

D. Copyrights/Trademarks (Program Guide §3.13.4)

The Subrecipient and CDA reserves a royalty-free, non-exclusive and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for educational and federal or state government purposes the following:

1. The copyright/trademark in any work developed under a grant, sub grant or contract under a grant or sub grant.
2. Any rights of copyright/trademark to which a AAA or subcontractor purchases ownership with grant funds.

Exhibit E
Specific Program Guide Terms and Conditions

ARTICLE I. ASSURANCES SPECIFIC TO AREA PLAN PROGRAMS (Program Guide 4.2)

A. **Program Assurances**

Subrecipient shall assure that the following conditions are met:

1. Services are provided only to the defined Eligible Service Population.

2. Subrecipient shall comply with the standards and guidelines for procurement of supplies, equipment, construction, and services as provided in 45 CFR 75.328.

3. RECIPIENT will make funds available to Subrecipient only for the support of activities specified in an approved and current Area Plan that is in compliance with State and federal laws and regulations.

4. An individual's receipt of services under the In-Home Supportive Services Program shall not be the sole cause for denial of any services provided by Subcontractors.

5. Funds made available under this Subaward Agreement shall supplement, and not supplant, any federal, State, or local funds expended by a State or unit of general-purpose local government to provide Title Ill services.

6. The following closely related programs identified by CFDA number are to be considered as an "other cluster" for purposes of determining major programs or whether a program-specific audit may be elected. Subrecipient shall identify the CFDA titles and numbers to the independent auditor conducting the organization's single audit along with each of its Subcontractors. The funding source (Federal Grantor) for the following programs is the U.S. Department of Health and Human Services, Administration for Community Living.

   93.044 Special Programs for the Aging-Title Ill, Part B - Grants for Supportive Services and Senior Centers (Title Ill B).

   93.045 Special Programs for the Aging-Title Ill, Part C - Nutrition Services (Title Ill C).

   93.053 Nutrition Services Incentive Program.

   "Cluster of programs" means a grouping of closely related programs that share common compliance requirements. The types of clusters of programs are research and development, student financial aid, and other clusters. "Other clusters" are defined by the consolidated CFR in the Compliance Supplement or as designated by a state for federal awards provided to its Subcontractors that meet the definition of "cluster of programs."

   When designating an "other cluster," a state shall identify the federal awards included in the cluster and advise the Subcontractors of compliance requirements applicable to the cluster. A "cluster of programs" shall be considered as one program for determining major programs, as described in 45 CFR 75.525(a), whether a program-specific audit may be elected. (Federal Office of Management and Budget, [45 CFR 75 Requirements], Audits of States, Local Governments 45 CFR 75 Appendix V to part 75 F. 1., and Non-Profit Organization 45 CFR 75 Appendix IV to part 75 C. 2.a.

7. Subrecipient assures that voluntary contributions shall be allowed and may be solicited in accordance with the following requirements [OAA § 315(b)]:

   a. Subrecipient or any Subcontractors for any Title Ill or Title VII-A services shall not use means

tests.

b. Any Title Ill or Title VII-A client that does not contribute toward the cost of the services received shall not be denied services.

c. Methods used to solicit voluntary contributions for Title Ill and Title VII-A services shall be non-coercive.

d. Subrecipient will:

1. Provide each recipient with an opportunity to voluntarily contribute to the cost of the service.

2. Clearly inform each recipient that there is no obligation to contribute and that the contribution is purely voluntary.

3. Protect the privacy and confidentiality of each recipient with respect to the recipient's contribution or lack of contribution.

4. Establish appropriate procedures to safeguard and account for all contributions.

5. Use all collected contributions to expand the services for which the contributions were given and to supplement (not supplant) funds received under this Act.

8. Any Title III service shall not implement a Cost Sharing program unless approved by RECIPIENT and CDA.

9. Subrecipient shall comply with OAA § 306(a)(17}, which requires an AAA to include in its Area Plan information on how it will coordinate activities and develop long-range emergency preparedness plans with local and State emergency response agencies, relief organizations, local and State governments, the local Ombudsman Program, and any other institutions that have responsibility for disaster relief service delivery.

10. Subrecipient shall assist Recipient to identify and make contact with the local Office of Emergency Services (OES) for Subrecipient's service area and to define Subrecipient's, AAA's, and the OES' respective roles and responsibilities. Subrecipient may participate in a discussion of the types of clients served by Subrecipient and how their needs will be addressed by the OES in the community.

11. Subrecipient shall furnish annually, or whenever a change occurs, the name of its Disaster Coordinator to the RECIPIENT.

12. Subrecipient shall not require proof of age, citizenship, or disability as a condition of receiving services.

13. If a senior nutrition program provider, Subrecipient shall develop a policy and procedure to ensure that Title Ill C-1 and Title Ill C-2 meals are only received by eligible individuals.

14. If a Senior home-delivered program provider, Subrecipient shall annually assess each Title Ill C-2 client's nutrition risk using the Determine Your Nutritional Risk checklist published by the Nutrition Screening Initiative. [OAA § 339(2)(J)] [OAA § 207(a)(3)]

15. Subrecipient shall assure that the following publication conditions are met:

Materials published or transferred by Subrecipient and financed with funds under this Subaward Agreement shall:

a. state, "The materials or product were a result of a project funded by a contract with the California

Department of Aging".

b. give the name of the entity, the address, and telephone number at which the supporting data is available and

c. include a statement that, "The conclusions and opinions expressed may not be those of the California Department of Aging and that the publication may not be based upon or inclusive of all raw data."

16. Long-Term Care Ombudsman funds from Title III B and VII – A, Chapter 2 shall be used exclusively for the Long-Term Care Ombudsman Program.

17. The Long-Term Care Program Coordinator shall establish and monitor the budget for the Program

B. **Assurances Specific to Legal Service Providers (LSPs) (Program Guide § 4.2.1)**

In accordance with OAA § 731, Subrecipient shall assure that the following conditions are met:

1. LSPs will coordinate with State-designated providers of Long-Term Care Ombudsman services by developing and executing an MOU which will address conflict of interest, provision of legal advice, procedures for referral and other technical assistance.

2. LSPs may provide direct legal assistance to residents of the long-term care facilities where the clients are otherwise eligible, and services are appropriate.

3. Where both legal and Ombudsman services are provided by the same agency, providers must develop and follow policies and procedures to protect the integrity, resources, and confidentiality of both programs.

4. LSPs may assist the State in providing legal representation to the Ombudsman Program when an Ombudsman or the program is named as a party or witness, in a subpoena, civil suit or other legal action challenging the performance of the official duties of the Ombudsman.

5. LSPs are to coordinate with the local Legal Services Corporation (LSC) program, if the provider is not an LSC funded program.

6. LSPs are to coordinate with the network of other service providers, including but not limited to, other LSPs, Long-Term Care Ombudsman Programs, Health Insurance Counseling and Advocacy Programs, senior information and assistance, Adult Protective Services, law enforcement, case management services and focal points.

7. LSPs are to coordinate legal assistance activities with the statewide hotline and private Bar, including groups within the private Bar furnishing services to older individuals on a pro bono or reduced fee basis.

8. LSPs are to use the Uniform Reporting System revised by CDA in July 2013 to collect data on legal services provided.

ARTICLE II. REPORTING PROVISIONS (Program Guide § 4.9)

A. Subrecipient shall submit program performance reports as applicable for Title Ill B, Title Ill C-1, Title Ill C-2, and Title I11-D programs in accordance with RECIPIENT and CDA requirements. [Welfare & Inst. Code §9102 (a)(5)]

B. Subrecipient shall have written procedures to assure that all submitted performance data is timely, complete, accurate, and verifiable. For late reports, Subrecipient shall submit a written

explanation to RECIPIENT within five (5) calendar days of the due date. This written explanation shall include the reasons for the delay and the date the report will be submitted.

C. Subrecipient shall verify the accuracy of the data with the understanding that it will be submitted by RECIPIENT to the Department of Aging for inclusion in reports to the State Executive Branch, Legislative Branch, and the federal government.

D. Subrecipient shall have written procedures specific to each program which includes:

1. Collection and reporting of program data for Sub-contractor.

2. Ensuring the accuracy of data from intake/assessment process through data entry and reporting to RECIPIENT.

3. Verification of data prior to submission to RECIPIENT.

4. Correction procedures.

5. Method for collecting and reporting:

a. Total estimated unduplicated clients in each non-registered service.

b. Total estimated unduplicated clients in all non-registered services.

c. Total estimated unduplicated clients across all registered and non-registered services.

6. A performance data monitoring process.

E. Subrecipient shall train and orient staff regarding program data collection and reporting requirements. Subrecipient shall have cross-trained staff in the event of planned or unplanned prolonged absences to ensure timely and accurate submission of data.

ARTICLE Ill. APPEAL PROCESS (Program Guide § 4.10)

A. If Subrecipient disputes the administration of this Subaward Agreement, either fiscal or nonfiscal, Subrecipient shall use the appeal procedure established by RECIPIENT and the Area Agency on Aging. Unless RECIPIENT notifies Subrecipient of a different stated time, Subrecipient shall file an appeal within thirty (30) days of the disputed action.

B. Only after Subrecipient has exhausted all appeal procedures established by RECIPIENT and the Area Agency on Aging shall Subrecipient use the appeal procedure established by the California Department of Aging in 22 CCR §7700 through 7710 to appeal RECIPIENT's final adverse determination relating to Title Ill programs, if applicable.

C. Appeal costs or costs associated with any administrative or court review are not reimbursable.

ARTICLE IV. Transition Plans and Obligations Upon Termination (Program Guide § 4.11)

A. Subrecipient shall submit a transition plan to RECIPIENT within fifteen (15) days of delivery of a written Notice of Termination (pursuant to Exhibit D, Article XII of this Subaward Agreement) for a service funded either by Title Ill. The transition plan must be approved by CDA and RECIPIENT and shall at a minimum include the following:

1. A description of how clients will be notified about the change in their service provider.

2. A plan to communicate with other organizations that can assist in locating alternative

services.

3. A plan to inform community referral sources of the pending termination of the service and what alternatives, if any, exist for future referrals.

4. A plan to evaluate clients in order to assure appropriate placement.

5. A plan to transfer any confidential medical and client records to a new Contractor.

6. A plan to dispose of confidential records in accordance with applicable laws and regulations.

7. A plan for adequate staff to provide continued care through the term of the Contract. (22 CCR 7206(e)(4)]

8. A full inventory and plan to dispose of, transfer, or return to the State all equipment purchased during the entire operation of the Contract.

9. Additional information as necessary to affect a safe transition of clients to other community service providers.

B. Subrecipient shall implement the transition plan as approved by CDA and RECIPIENT. RECIPIENT will monitor Subrecipient's progress in carrying out all elements of the transition plan.

C. If Subrecipient fails to provide and implement a transition plan as required by Exhibit D, Article XII of this Subaward Agreement, Subrecipient will implement a transition plan submitted by RECIPIENT to Subrecipient following the Notice of Termination.

ARTICLE V. ADDITIONAL TERMS AND CONDITIONS (RECIPIENT)

A. Subrecipient's independent audit shall include schedules which correlate by grant category and grant period to program expenditures as reported in Subrecipient's closeout report for the corresponding grant category and grant period. Discrepancies between audit schedules and the closeout report or failure to submit sufficiently detailed and appropriate audit schedules will result in disallowances by RECIPIENT and/or CDA.

A. Subrecipient shall be in full contract compliance within 120 days of the beginning date of this Subaward Agreement. If full compliance has not occurred within this time period, RECIPIENT shall have the right to evaluate Subrecipient's capacity to fulfill Subaward goals. [CCR 7364(c)].

B. Unless there are exceptional circumstances as determined by RECIPIENT, should Subrecipient's performance under this Subaward Agreement for any month fall below 85% of the contracted level of units of service or fail to meet the quality performance standards specified in Exhibit A, RECIPIENT may take the following steps:

1. RECIPIENT will advise Subrecipient of such performance deficiency or violation in writing and specify the action(s) that must be taken to remedy the situation.

2. Subrecipient shall respond within 30 working days of receipt of above notice with a plan for correction.

3. If approved by RECIPIENT, the plan shall be implemented by Subrecipient within forty-five (45) days of receipt of the notification described in Item 1 (above).

4. If Subrecipient fails to respond within the appropriate time and/or with an appropriate plan or fails to implement the plan within the forty-five (45) day period, RECIPIENT may serve a

written termination notice on Subrecipient, which termination may become effective immediately. In the event of such termination, RECIPIENT shall be liable for payment only for allowable services rendered prior to the effective date of such termination, provided such services performed are in accordance with the terms of this Subaward Agreement.

5. Exceptional circumstances which could justify performance below the contracted level are those circumstances which are beyond Subrecipient's control, such as natural disasters, inflationary increases beyond anticipated levels, shortages of materials or supplies due to labor disputes or other reasons to be determined at the discretion of RECIPIENT.

6. Subrecipient is a Congregate Nutrition service provider, Subrecipient shall assure that Subrecipient shall be in operation at least five (5) days per week, except in a rural-area where such frequency is not feasible, and a lesser frequency is approved by RECIPIENT and CDA.

7. An amendment is required to change Subrecipient's name as listed on this Subaward Agreement. Upon receipt of legal documentation of name change RECIPIENT will process the amendment. Payment of invoices presented with a new name cannot be paid prior to approval of said amendment.

ARTICLE VI. RECIPIENT CONTACT

A. The name of Recipient's contact to request revisions, waivers or modifications affecting this Subaward Agreement is Mariana Brimm, Contracts Analyst.

B. Subrecipient shall present the name of its contact for this Subaward Agreement to RECIPIENT. Subrecipient shall immediately notify RECIPIENT in writing of any change of its contact or address

MEMORANDUM OF UNDERSTANDING BETWEEN
THE CALIFORNIA DEPARTMENT OF AGING (CDA) AND
CHICO STATE ENTERPRISES

1. PURPOSE

   This Memorandum of Understanding (MOU) is entered into between the California Department of Aging, hereinafter referred to as "CDA," and Chico State Enterprises, hereinafter referred to as "Chico State Enterprises" or "AAA," in compliance with federal law (42 USC § 3001 et seq.), state law (Welfare and Institutions Code, Division 8.5), federal and/or state regulations, and any other authorities or policies.

   This MOU provides the transfer or continued transfer of responsibility for Older Americans Act (OAA) and Older Californians Act (OCA) assistance and/or related support services to eligible older adults, adults with disabilities, family caregivers, and residents in long-term care facilities within Chico State Enterprises' service area.

2. PARTIES

   "Parties" shall mean Chico State Enterprises and CDA. Each individually is a "Party."

3. POLICY

   Chico State Enterprises has been approved by the Administration for Community Living (ACL) to administer OAA and OCA activities in accordance with 42 USC § 3001 et seq., and Welfare and Institutions Code (WIC), Division 8.5.

4. APPLICABLE PROGRAMS

   The programs selected below are applicable to this MOU between Chico State Enterprises and CDA.

   ☒ Area Plan (AP)

   ☒ Health Insurance Counseling and Advocacy Program (HICAP)

   ☒ Medicare Improvements for Patients and Providers Act (MIPPA)

   ☐ Title V Senior Community Services Program (TV SCSEP)

Docusign Envelope ID: 640EA109-647A-480E-9B08-C775B1A5D57C

5. DEPARTMENT CONTACT

   A. The name of CDA's contact to request revisions, waivers, or modifications affecting this MOU or the Program Guide (as referenced in Section 10, below), will be provided by the State to the AAA upon full execution of this MOU.

   B. AAA shall submit to CDA changes to AAA's legal name, main address, and remit to address to bmbsubvention@aging.ca.gov.

   C. AAA shall submit to CDA changes to AAA Director or any key staff to be added or removed from the distribution list by submitting a Contact Report to AAAcontactinfo@aging.ca.gov. You may request the Contact Report by emailing AAAcontactinfo@aging.ca.gov.

6. NOTICES

   A. Any notice to be given hereunder by either Party to the other may be effected by personal delivery in writing or by registered or certified mail, overnight mail, postage prepaid, return receipt requested, provided the AAA retains receipt, and shall be communicated as of actual receipt.

   B. All other notices, apart from those identified in Section 5 of this MOU, shall be addressed to the California Department of Aging, AAA Based Teams, 2880 Gateway Oaks Drive, Suite 200, Sacramento, California, 95833. Notices mailed to the AAA shall be to the address indicated on the coversheet of this MOU.

   C. Either Party may change its address by written notice to the other Party in accordance with Section 5.

7. COMMENCEMENT OF WORK

   Should the AAA or its subcontractor begin work in advance of receiving notice that this MOU is approved, that work may be considered as having been performed at risk as a volunteer and may not be reimbursed or compensated and done at risk of assuming any and all liabilities that stem from said work.

8. RESPONSIBILITIES

   A. MOU Authorization

      i. If a public entity, the AAA shall submit to CDA a copy of an approved resolution, order, or motion referencing this MOU number authorizing execution of this MOU. If a private nonprofit entity, the

Docusign Envelope ID: 640EA109-647A-480E-9B08-C775B1A5D57C

AAA shall submit to CDA an authorization by the Board of Directors to execute this MOU, referencing this MOU number.

ii. These documents, including minute orders must also identify the action taken.

iii. Documentation in the form of a resolution, order, or motion by the Governing Board of the AAA is required for the original and each subsequent amendment to this MOU. This requirement may also be met by a single resolution from the Governing Board of the AAA authorizing the AAA Director or designee to execute the original and all subsequent amendments to this MOU.

B. UEI Number and Related Information

i. The Unique Entity Identifier changed from the DUNS Number to the Unique Entity ID (generated by SAM.gov) on April 4, 2022. The UEI number must be provided to CDA prior to the execution of this MOU. Business entities may register for a UEI number at https://sam.gov/content/duns-uei.

ii. The AAA must register the UEI number and maintain an "Active" status within the federal System for Award Management available online at https://www.sam.gov/portal/SAM/#1.

iii. If CDA cannot access or verify "Active" status by way of the AAA's UEI information, which is related to this federal subaward on the Federal Funding Accountability and Transparency Act Subaward Reporting System (SAM.gov) due to errors in the AAA's data entry for its UEI number, the AAA must immediately update the information as required.

E. Consultation

i. CDA will issue a Program Guide and Program Memos to provide guidance, insight, and direction to the AAAs on topics related to the activities applicable to this MOU.

ii. CDA and the AAA shall follow guidance provided by the Program Guide and Program Memos to promote cooperation, communication, and coordination of service and program implementation.

9. ASSURANCES

A. Standards of Work

Docusign Envelope ID: 640EA109-647A-480E-9B08-C775B1A5D57C

The AAA agrees that the performance of work and services pursuant to the requirements of this MOU and the Program Guide shall conform to accepted professional standards.

B. Corporate Status

i. The AAA shall be a public entity, private nonprofit entity, or Joint Powers Authority (JPA). If a private nonprofit corporation or JPA, the AAA shall be in good standing with the Secretary of State of California and shall maintain that status throughout the term of this MOU.

ii. The AAA shall ensure that any subcontractors providing services under this MOU shall be of sound financial status.

iii. Any subcontracting private entity or JPA shall be in good standing with the Secretary of State of California and shall maintain that status throughout the term of this MOU.

iv. Failure to maintain good standing by the AAA shall result in suspension or termination of this MOU with CDA until satisfactory status is restored. Failure to maintain good standing by a subcontracting entity shall result in suspension or termination of the subcontract by the AAA until satisfactory status is restored.

C. Nondiscrimination

The AAA shall comply with all federal statutes relating to nondiscrimination. These include those statutes and laws contained in the Contractor Certification Clauses (CCC 04/2017), located https://www.dgs.ca.gov/OLS/Resources/Page-Content/Office-of-Legal-Services-Resources-List-Folder/Standard-Contract-Language, which is hereby incorporated by reference. The CCC 04/2017 is required to be signed and submitted to CDA once every three (3) years and shall be furnished upon request by CDA. In addition, the AAA shall comply with the following:

i. Equal Access to Federally-Funded Benefits, Programs and Activities

The AAA shall ensure compliance with Title VI of the Civil Rights Act of 1964 [42 USC 2000d; 45 CFR 80], which prohibits recipients

Docusign Envelope ID: 640EA109-647A-480E-9B08-C775B1A5D57C

of federal financial assistance from discriminating against persons based on race, color, religion, or national origin.

ii. Equal Access to State-Funded Benefits, Programs and Activities

The AAA shall, unless exempted, ensure compliance with the requirements of Cal. Gov. Code § 11135 et seq. and 2 CCR § 11140 et seq., which prohibit recipients of state funds from discriminating against persons based on race, national origin, ethnic group identification, religion, age, sex, sexual orientation, color, or disability. [See 22 CCR § 98323.]

iii. California Civil Rights Laws

The AAA shall ensure compliance with the requirements of California Public Contract Code § 2010 by submitting a completed California Civil Rights Laws Certification prior to execution of this MOU. The certificate is available at: http://www.dgs.ca.gov/ols/Forms.aspx.

The California Civil Rights Laws Certification ensures the AAA's compliance with the Unruh Civil Rights Act (Cal. Civ. Code § 51) and the Fair Employment and Housing Act (Cal. Gov. Code § 12960) and further ensures that the AAA's internal policies are not used in violation of California Civil Rights Laws.

iv. The AAA assures the State that it complies with the Americans with Disabilities Act (ADA) of 1990, which prohibits discrimination on the basis of disability, as well as all applicable regulations and guidelines issued pursuant to the ADA. [See 42 USC § 12101 et seq.]

v. The AAA agrees to include these requirements in all contracts it enters into with subcontractors to provide services pursuant to this MOU and the Program Guide.

D. Lobbying Certification

The AAA, by signing this MOU, certifies to the best of its knowledge and belief, that:

i. No federally appropriated funds have been paid or will be paid, by or on behalf of the AAA, to any person for influencing or attempting to influence an officer or employee of any agency; a Member of Congress; an officer or employee of Congress; or an employee of a Member of Congress; in connection with the awarding of any federal contract; the making of any federal grant; the making of any

Docusign Envelope ID: 640EA109-647A-480E-9B08-C775B1A5D57C

federal loan; the entering into of any cooperative agreement; and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

ii. If any funds other than federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this federal contract, grant, loan, or cooperative agreement, the AAA shall complete and submit Standard Form-LLL, Disclosure Form to Report Lobbying, in accordance with its instructions.

iii. The AAA shall require that the language of the lobbying certification be included in the award documents for all subcontracts at all tiers (including contracts under grants, loans, and cooperative agreements which exceed $100,000) and that all subcontractors shall certify and disclose accordingly.

iv. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into.

v. This certification is a prerequisite for making or entering into this transaction imposed by 31 USC § 1352.

vi. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

E. Conflict of Interest

i. The AAA shall prevent employees, consultants, or members of governing bodies from using their positions for purposes including but not limited to the selection of subcontractors that are or give the appearance of being motivated by a desire for private gain for themselves or others, such as family, business, or other ties. In the event that the State determines that a conflict of interest exists, any increase in costs associated with the conflict of interest may be disallowed by the State and such conflict may constitute grounds for termination of the MOU.

ii. This provision shall not be construed to prohibit employment of persons with whom the AAA's officers, agents, or employees have family, business, or other ties, so long as the employment of such persons does not result in a conflict of interest (real or apparent) or

Docusign Envelope ID: 640EA109-647A-480E-9B08-C775B1A5D57C

increased costs over those associated with the employment of any other equally qualified applicant, and such persons have successfully competed for employment with the other applicants on an open and competitive merit basis.

F. Covenant Against Contingent Fees

i. The AAA warrants that no person or selling agency has been employed or retained to solicit the work outlined within this MOU and the Program Guide. There has been no agreement to make commission payments in order to obtain the work outlined within this MOU and the Program Guide.

ii. For breach or violation of this warranty, CDA shall have the right to terminate the MOU without liability or at its discretion to deduct from the program allocation or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingency fee.

G. Payroll Taxes and Deductions

The AAA shall promptly forward payroll taxes, insurances, and contributions, including State Disability Insurance, Unemployment Insurance, Old Age Survivors Disability Insurance, and federal and State income taxes withheld, to designated governmental agencies as required by law.

H. Program Allocations in Excess of $100,000

i. If all funding provided in support of the services outlined within this MOU and the Program Guide exceeds $100,000, the AAA shall comply with all applicable orders or requirements issued under the following laws:

1. Clean Air Act, as amended. (42 USC § 7401)

2. Federal Water Pollution Control Act, as amended. (33 USC § 1251 et seq.)

3. Environmental Protection Agency Regulations (40 CFR 29) (Executive Order 11738)

4. State Contract Act (Cal. Pub. Con. Code § 10295 et seq.)

5. Unruh Civil Rights Act (Cal. Pub. Con. Code § 2010)

Docusign Envelope ID: 640EA109-647A-480E-9B08-C775B1A5D57C

I. Debarment, Suspension, and Other Responsibility Matters

i. The AAA certifies to the best of its knowledge and belief, that it and its subcontractors:

1. Are not presently debarred, suspended, proposed for disbarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency.

2. Have not, within a three-year period preceding this MOU, been convicted of, or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, State, or local) transaction or contract under a public transaction; violation of federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property.

3. Are not presently indicted for, or otherwise criminally or civilly charged by a governmental entity (federal, State, or local) with commission of any of the offenses enumerated in paragraph (i)(2) of this certification.

4. Have not, within a three-year period preceding this MOU, had one or more public transactions (federal, State, or local) terminated for cause or default.

ii. The AAA shall report immediately to CDA in writing, any incidents of alleged fraud and/or abuse by either the AAA or subcontractors.

iii. The AAA shall maintain any records, documents, or other evidence of fraud and abuse until otherwise notified by CDA.

iv. The AAA agrees to timely execute any and all amendments to this MOU and the Program Guide or other required documentation relating to the Subcontractor’s debarment/suspension status.

J. AAA’s Staff

i. The AAA shall maintain adequate staff to meet the AAA’s obligations under this MOU and the Program Guide.

ii. This staff shall be available to the State for training and meetings which the State may find necessary from time to time.

Docusign Envelope ID: 640EA109-647A-480E-9B08-C775B1A5D57C

10. PROGRAM GUIDE

A. A Program Guide (or "Guide") has been created and is intended for use by CDA and the AAAs as a reference tool for the provision of OCA and OAA programs. It is also intended to be used as a reference tool for monitoring and for internal and external audits.

B. The Program Guide defines the responsibilities for providing OAA and OCA assistance and/or related support services to eligible older adults, adults with disabilities, family caregivers, and residents in long-term care facilities.

C. The Program Guide shall be maintained, updated, and/or revised by CDA. Updates shall be made on an annual basis, at the beginning of each state fiscal year, or whenever there is an update to federal and/or state laws, regulations, policies, and/or directives that impact guidance provided within the Program Guide.

D. The official copy of the Program Guide shall be kept and maintained on CDA's webpage.

11. FISCAL PROVISIONS

A. This MOU must be approved prior to release and disbursement of any program funding.

B. Upon release of an original or revised budget display, a separate budget for all programs affected shall be submitted electronically to CDA's Local Finance Bureau within 30 days of release.

C. Budgets must be approved by CDA's Local Finance Bureau prior to any disbursement of funding.

D. CDA cannot disburse funds until the enactment of the Budget Act has occurred and/or CDA has received funding authority.

E. Budget Displays reference terms specific to each program funding source, which shall be used to determine disbursement of funding.

F. AAAs shall follow other fiscal provisions and terms as outlined in the program guide.

Docusign Envelope ID: 640EA109-647A-480E-9B08-C775B1A5D57C

12. RESOLUTION OF LANGUAGE CONFLICTS

A. If a dispute arises in connection with this MOU involving the interpretation, implementation, or conflicts with the laws, policies, and regulations, the AAA and CDA will meet to attempt to resolve the problem in a manner that is allowable under federal and state laws. Both parties will strive to ensure that the dispute will not result in a disruption of OAA or OCA services.

B. The terms and conditions of federal awards and other requirements have the following order of precedence, if there is any conflict in what they require:

i. The Grant Terms and Conditions

ii. The Older Americans Act and other applicable federal statutes and their implementing regulations

iii. If applicable, the Older Californians Act and other California State codes and regulations

iv. This MOU and the Program Guide

v. Program Memos and other guidance issued by CDA

vi. Any other documents incorporated herein by reference including, if applicable, the federal HHS terms and conditions found in Part II of the HHS Grant Policy Statement. The HHS Grant Policy Statement is available under the HHS Policy Requirements Topic at https://www.hhs.gov/grants/grants/grants-policies-regulations/index.html

13. TERMINATION

A. Termination Without Cause

CDA may terminate performance of work under this MOU, in whole or in part, without cause upon ninety (90) days written notice if CDA determines that a termination is in the State's best interests. The Notice of Termination shall specify the extent of the termination and shall be effective ninety (90) days from the delivery of the Notice. The Parties agree that if the termination of the MOU is due to a reduction or deletion of funding by the Department of Finance (DOF), Legislature, or Congress, the Notice of Termination shall be effective thirty (30) days from the delivery of the Notice. Upon receipt of a Notice of Termination, the AAA shall submit to CDA a Transition Plan as specified in the Program Guide.

Docusign Envelope ID: 640EA109-647A-480E-9B08-C775B1A5D57C

The Parties agree that for the terminated portion of the MOU, the remainder of the MOU shall be deemed to remain in effect and is not void.

B. Termination for Cause
CDA may terminate, in whole or in part, for cause the performance of work under this MOU. CDA may terminate the MOU upon thirty (30) days written notice to the AAA. The Notice of Termination shall be effective thirty (30) days from the delivery of the Notice of Termination unless the grounds for termination are due to threat to life, health, or safety of the public and in that case, the termination shall take effect immediately. The AAA shall submit to CDA a Transition Plan as specified in the Program Guide. The grounds for termination for cause shall include, but are not limited to, the following:

i. In case of threat of life, health, or safety of the public, termination of the MOU shall be effective immediately.

ii. A violation of the law or failure to make progress so as to endanger performance of this MOU.

iii. Inadequate performance or failure to make progress so as to endanger performance of this MOU.

iv. Failure to comply with reporting requirements.

v. Evidence that the AAA is in an unsatisfactory financial condition as determined by an audit of the AAA or evidence of a financial condition that endangers performance of this MOU and/or the loss of other funding sources.

vi. Delinquency in payment of taxes or payment of costs for performance of this MOU in the ordinary course of business.

vii. Appointment of a trustee, receiver, or liquidator for all or a substantial part of the AAA's property, or institution of bankruptcy, reorganization or the arrangement of liquidation proceedings by or against the AAA.

viii. Service of any writ of attachment, levy of execution, or commencement of garnishment proceedings against the AAA's assets or income.

ix. The commission of an act of bankruptcy.

Docusign Envelope ID: 640EA109-647A-480E-9B08-C775B1A5D57C

x. Finding of debarment or suspension.

xi. The AAA's organizational structure has materially changed.

xii. CDA determines that the AAA may be considered a "high risk" agency as described in 2 CFR 200.205 and 45 CFR 75.205. If such a determination is made, the AAA may be subject to special conditions or restrictions.

C. AAA's Obligation After Notice of Termination

After receipt of a Notice of Termination, and except as directed by CDA, the AAA shall immediately proceed with the following obligations, as applicable, regardless of any delay in determining or adjusting any funds due under this clause.

The AAA shall:

i. Stop work as specified in the Notice of Termination.

ii. Place no further subcontracts for materials or services, except as necessary, to complete the continued portion of the MOU.

iii. Terminate all subcontracts to the extent they relate to work terminated.

iv. Settle all outstanding liabilities and termination settlement proposals arising from the termination of subcontracts, (the approval or ratification which will be final for purposes of this clause).

D. Effective Date

Termination of this MOU shall take effect immediately in the case of an emergency such as a threat to life, health, or safety of the public. The effective date for Termination with Cause or for funding reductions is thirty (30) days and Termination without Cause is ninety (90) days subsequent to written notice to the AAA, respectively. The notice shall describe the action being taken by CDA, the reason for such action, and any conditions of the termination, including the date of termination.

Docusign Envelope ID: 640EA109-647A-480E-9B08-C775B1A5D57C

E. Notice of Intent to Terminate by AAA (applicable to non-Title III Programs)

In the event the AAA no longer intends to provide services under this MOU, the AAA shall give CDA Notice of Intent to Terminate. Such notice shall be given in writing to CDA at least one hundred eighty (180) days prior to the proposed termination date. Unless mutually agreed upon, the AAA does not have the authority to terminate the MOU. The Notice of Intent to Terminate shall include the reason for such action and the anticipated last day of work. The AAA shall submit a Transition Plan in accordance with the Program Guide.

F. In the Event of a Termination Notice

CDA will present written notice to the AAA of any condition, such as, but not limited to, transfer of clients, care of clients, return of unspent funds; and disposition of property, which must be met prior to termination.

14. Remedies

The AAA agrees that any remedy provided in this MOU is in addition to and not in derogation of any other legal or equitable remedy available to CDA as a result of breach of this MOU by the AAA, whether such breach occurs before or after completion of the project.

15. Dissolution of Entity

The AAA shall notify CDA immediately of any intention to discontinue existence of the entity or to bring an action for dissolution.

16. AMENDMENTS

A. No amendment or variation of the terms of this MOU shall be valid unless made in writing, signed, and approved by both parties. No oral understanding or agreement not incorporated in this MOU is binding on any of the parties.

B. Any provision of this MOU or the Program Guide which conflicts with current or future applicable federal or state laws is hereby amended to conform to the provisions of those laws. Such amendment of this MOU and/or the Program Guide shall be effective on the effective date of the laws necessitating it and shall be binding on the parties even though such amendment may not have been reduced to writing and formally agreed upon and executed by the parties.

Docusign Envelope ID: 640EA109-647A-480E-9B08-C775B1A5D57C

C. Failure by the AAA to take necessary actions required by amendments to this MOU and/or the Program Guide shall constitute a material violation.

D. The State reserves the right to revise, waive, or modify the MOU to reflect any restrictions, limitations, or conditions enacted by Congress or the Legislature or as directed by the Executive Branch of State government.

California Department of AGING

PROGRAM GUIDE

Revised August 2025

Prohibition on copying and pasting this Program Guide into other contracts or solicitations.

The California Department of Aging warns that incorporating this Program Guide “by reference”, or including some version of the guide without including both *expressly identified* and *indirectly identifie*d *items* which must be included at both the RFP/IFB stage (per 22 CCR 7354) and the contract stage (per 22 CCR 7364) could potentially end up with the AAA omitting key terms, and the AAAs do so at their own risk.

1 INTRODUCTION

1.1 Purpose and Scope

The purpose of this Older Americans Act (OAA) and Older Californians Act (OCA) Program Guide, hereinafter referred to as the "Program Guide" or "guide", is to define the responsibilities for providing OAA and OCA assistance and/or related support services to eligible older adults, adults with disabilities, family caregivers, and residents in long-term care facilities.

1.2 Legal Authorities

The following are legal authorities for this Program Guide:

- 42 USC, Chapter 35, Section 3001
- Welfare and Institutions Code (WIC) Division 8.5

1.3 General Provisions

The California Department of Aging (CDA) and Area Agencies on Aging (AAA) shall comply and work in collaboration with all provisions of this Program Guide, OAA, OCA, and all federal and state laws, regulations, policies, and directives.

1.4 Intended Audience

This Program Guide is intended for use by the AAAs and CDA as a reference tool for the provision of OCA and OAA programs. It is also intended to be used as a reference tool for internal and external audits.

1.5 Usage of this Program Guide (*Revised 08/25)*

This Program Guide is broken down into chapters which will provide detailed information and guidance pertaining to the delivery of services for each of the programs, or in the case of Area Plan, groups of programs outlined within this guide. This guide includes the following chapters:

- Chapter 1 – Introduction: general overview of the purpose, scope, authority, and usage of the Program Guide
- Chapter 2 – Memorandum of Understanding: general overview of the use of an MOU to establish the relationship between the CDA and AAAs.
- Chapter 3 – General Terms and Conditions: terms and conditions universally applicable to all programs identified within this guide.
- Chapter 4 – Area Plan: terms and conditions applicable and specific to all programs and services that had historically been incorporated into the Area Plan contract
- Chapter 5 – Title V/SCSEP – terms and conditions specific to the provision of Title V/SCSEP services
- Chapter 6 – HICAP – terms and conditions specific to the provision of HICAP services
- Chapter 7 – MIPPA – terms and conditions specific to the provision of MIPPA services

1.6 Procedure for Program Guide Updates

The Program Guide shall be maintained, updated, and/or revised by CDA. Updates and/or revisions to language within this Program Guide will be memorialized by a revision number, date, and brief description of the purpose of the revision on the page immediately following the title page. All updates and/or revisions will be communicated in detail through the release of a Program Memo (PM) which will be maintained on CDA's webpage.

CDA will update this Program Guide on an annual basis, at the beginning of each State fiscal year, or whenever there is an update to federal and/or state laws, regulations, policies, and/or directives that impact guidance provided within this Program Guide.

1.7 Amendments, Revisions, or Modifications

1. No amendment or variation of the terms of this Program Guide or the MOU shall be valid unless made in writing and incorporated as expressed in Section 1.6. No oral understanding or agreement not incorporated in this Program Guide is binding on CDA or the AAAs.

2. CDA reserves the right to revise, waive, or modify the Program Guide and the MOU to reflect any restrictions, limitations, or conditions enacted by Congress or the Legislature or as directed by the Executive Branch of State government.

1.8 Program Guide Location and Availability

The official copy of this Program Guide will be kept and maintained on CDA's webpage.

2 MEMORANDUM OF UNDERSTANDING

2.1 Agreement

The Memorandum of Understanding (MOU) referenced throughout this Program Guide shall act as the legal authority establishing the relationship between CDA and the AAA for the purposes of performing the duties outlined within this Program Guide.

The MOU is valid for five years and renewed during the fifth year, prior to expiration of the MOU. No funding is directly tied to the MOU, but rather allows CDA to directly allocate funding received by CDA through the OAA and OCA to the AAAs without the need for establishing yearly contracts or amendments.

2.2 MOU Amendments

Amendments or changes to the MOU shall occur when required in the following circumstances:

1. When there is a change to legislation or new legislation that requires language within the MOU to be updated,

2. The addition or subtraction of the AAA's participation in a certain program covered by the MOU,

3. Changes to the AAA's legal name, or

4. Termination of an MOU.

2.3 MOU Location and Availability

A copy of the executed MOU is on file and available for inspection at the California Department of Aging, 2880 Gateway Oaks Drive, Suite 200, Sacramento, CA 95833.

3 General Terms and Conditions Applicable to All Programs

3.1 General Definitions and Resolutions of Language Conflicts

3.1.1 General Definitions *(Revised 08/25)*

1. **Allocation:** The process of assigning a cost, or a group of costs, to one or more cost objective(s), in reasonable proportion to the benefit provided or other equitable relationship. The process may entail assigning a cost(s) directly to a final cost objective or through one or more intermediate cost objectives. (2 CFR 200.4 and 45 CFR 75.2).

2. **Area Agency on Aging (AAA):** The Area Agency on Aging (AAA) that is awarded funds under the Memorandum of Understanding (MOU), is accountable to the State and/or federal government for use of these funds, and is responsible for executing the provisions for services provided under this Program Guide.

3. **Cal. Civ. Code:** California Civil Code (CIV)

4. **Cal. Gov. Code:** California Government Code (GC)

5. **Cal. Pub. Con. Code:** California Public Contract Code (PCC)

6. **CCR:** California Code of Regulations

7. **CFR:** Code of Federal Regulations

8. **Direct Allocation:** The process of allocating awarded funds under the legal authority granted through the MOU for the following programs Area Plan, HICAP, Title V, and MIPPA without the need for a formal contract or amendment.

9. **Disallowed Costs:** Those charges determined to be unallowable, in accordance with the applicable Federal statutes, regulations, or the terms and conditions of the Federal award. (2 CFR 200.31 and 45 CFR 75.2)

10. **HHS:** United States Department of Health and Human Services

11. **OAA:** Older Americans Act

12. **OCA:** Older Californians Act

13. **OMB:** Federal Office of Management and Budget

14. **Questioned Costs:** A cost that is questioned by an auditor because of an audit finding which resulted from a violation or possible violation of statute, regulation, or the terms and conditions of a Federal award, including for funds used to match Federal funds; where the costs, at the time of the audit, are not supported by adequate documentation; or where the costs incurred appear unreasonable and do not reflect the actions a prudent person would take in the circumstances. (2 CFR 200.84 and 45 CFR 75.2).

15. **Recoverable Cost:** The state and federal share of the questioned cost.

16. **Reimbursable Item:** Also known as “allowable cost” and “compensable item”

17. **State and Department:** The State of California and the California Department of Aging (CDA) interchangeably.

18. **Subcontract:** Any form of legal agreement between the AAA and the Subcontractor, including an agreement that the AAA or Subcontractor would consider to be a contract, including vendor type Agreements for providing goods or services for the Subcontractor to carry out part of a federal award received by the Contractor under this Program Guide. It does not include payments to a contractor or payments to an individual that is a beneficiary of a federal program

19. **Subcontractor:** The legal entity that receives funds from the AAA to carry out any part of a federal award identified in this Program Guide.

20. **UEI:** Unique Entity ID – a 12-character alphanumeric ID assigned to an entity by SAM.gov on April 4, 2022. As part of this transition, the DUNS number has been removed from SAM.gov and entity registration, searching, and data entry in SAM.gov now requires use of the new Unique Entity ID.

21. **USC:** United States Code

22. **Vendor:** An entity selling goods or services to the AAA or Subcontractor during the AAA or Subcontractor’s performance of the services under this Program Guide.

3.1.2 Resolution of Language Conflicts

The terms and conditions of federal awards and other requirements have the following order of precedence, if there is any conflict in what they require:

1. The Grant Terms and Conditions

2. The Older Americans Act and other applicable federal statutes and their implementing regulations

3. If applicable, the Older Californians Act and other California State codes and regulations

4. The MOU and this Program Guide

5. Program Memos and other guidance issued by CDA.

6. Any other documents incorporated herein by reference including, if applicable, the federal HHS terms and conditions found in Part II of the HHS Grant Policy Statement. The HHS Grant Policy Statement is available under the HHS Policy Requirements Topic at https://www.hhs.gov/grants/grants/grants-policies-regulations/index.html.

3.2 Assurances

3.2.1 Law, Policy and Procedure, Licenses, and Certificates

The AAA shall administer the programs listed within their MOU and require any subcontractors to administer their subcontracts in accordance with this Program Guide, and with all applicable local, State, and federal laws and regulations including, but not limited to, discrimination, wages and hours of employment, occupational safety, and to fire, safety, health, and sanitation regulations, directives, guidelines, and/or manuals related to this Program Guide and resolve all issues using good administrative practices and sound judgement. The AAA and its subcontractors shall keep in effect all licenses, permits, notices, and certificates that are required by law.

3.2.2 Subcontracts *(Revised 08/25)*

1. The AAA shall require language in all subcontracts to require all subcontractors to comply with all applicable State and federal laws.

2. The AAA is responsible for carrying out the terms of the MOU and this Program Guide, including the satisfaction, settlement, and resolution of all administrative, programmatic, and fiscal aspects of the program(s), including issues that arise out of any subcontracts, and shall not delegate or contract these responsibilities to any other entity. This includes, but is not limited to, disputes, claims, protests of award, or other matters of a contractual nature. The AAA's decision is final and the Subcontractor has no right of appeal to CDA.

3. The AAA shall, in the event any subcontractor is utilized by the AAA for any portion of this Program Guide, retain the prime responsibility for all the terms and conditions set forth, including but not limited to, the responsibility for preserving the State's copyrights and rights in data in accordance with Section 3.12 of this Program Guide, for handling property in accordance with Section 3.4 of this Program Guide, and ensuring the keeping of, access to, availability of, and retention of records of subcontractors in accordance with Section 3.3 of this Program Guide.

4. The AAA shall not obligate funds for the provision of services outlined within this Program Guide and the MOU in any subcontracts for services beyond the ending date of the funding periods, as outlined in the program budget displays.

5. The AAA shall have no authority to contract for, or on behalf of, or incur obligations on behalf of the State.

6. The AAA shall maintain on file copies of subcontracts, memorandums and/or Letters of Understanding which shall be made available for review at the request of CDA.

7. Pursuant to 2 CFR § 200.332(a), the AAA must verify that a subcontractor is not excluded or disqualified in accordance with 2 CFR § 180.300. Verification methods are provided in § 180.300 which includes confirming in *SAM.gov* that the potential subcontractor is not suspended, debarred, or otherwise excluded from receiving federal funds.

8. The AAA shall ensure every subcontract is clearly identified to the subcontractor as a subcontract and includes the information provided below. The AAA must provide the best available information when some of the information below is unavailable. The AAA must provide the unavailable information when it is obtained. Required information includes:

a. Federal award identification:

i. Subcontractor's name (must match the name associated with the UEI);
ii. Subcontractor's UEI);
iii. Federal Award Identification Number (FAIN);
iv. Federal Award Date;
v. Subcontract Period of Performance Start and End date;
vi. Subcontract Budget Period Start and End date;
vii. Amount of Federal Funds Obligated in the subcontract;
viii. Total Amount of Federal Funds Obligated to the subcontractor by the AAA, including the current financial obligation;
ix. Total Amount of the Federal Award committed to the subcontractor by the AAA;
x. Federal award project description, as required by the Federal Funding Accountability and Transparency Act (FFATA);
xi. Name of the Federal agency, AAA and contact information for Contractor's Awarding Official;
xii. Assistance Listings Title and Number; the AAA must identify the dollar amount made available under each federal award

and the Assistance Listings Title and Number at the time of disbursement;

xiii. Identification of whether the federal award is for research and development; and

xiv. Indirect cost rate for the federal award including if the de minimis rate is used in accordance with 2 CFR § 200.414.

b. All requirements of the subcontract, including requirements imposed by federal statutes, regulations, and the terms and conditions of the federal award.

c. Any additional requirements the AAA imposes on the subcontractor for the AAA to meet its responsibilities under the federal award. This includes information and certifications required for submitting financial and performance reports that the AAA must provide to the federal agency. (2 CFR § 200.415)

9. The AAA shall monitor the insurance requirements of its subcontractors in accordance with Section 3.8 of this Program Guide.

10. The AAA shall require language in all subcontracts to require all subcontractors to indemnify, defend, and save harmless the AAA, its officers, agents, and employees from any and all claims and losses accruing to or resulting from any subcontractors, suppliers, laborers, and any other person, firm, or corporation furnishing or supplying work services, materials, or supplies in connection with any activities performed for which funds provided in support of the services within the MOU and this Program Guide were used and from any and all claims and losses accruing or resulting to any person, firm, or corporation who may be injured or damaged by the Subcontractor(s) in the performance of the services outlined in the MOU and this Program Guide.

11. The AAA shall ensure that the Subcontractor will complete all reporting and expenditure documents requested by CDA. These reporting and expenditure documents shall be sent to the AAA in a timely manner and at intervals as determined by CDA.

12. In the case of small contracts not over $100,000 in the aggregate, an AAA need only obtain price or rate quotations from a number of qualified sources and informally select the source with which to contract or obtain the purchase. [22 CCR 7352(g)] Although a competitive process is not required, a Pre-Award Review is required for small contracts with for-profits, as follows:

a. Pre-Award Review: Prior to informally selecting the for-profit entity with which to contract or obtain the purchase, the AAA shall submit the following to CDA for review and approval for small contracts (under $100,000 in the aggregate):

i. Documentation that the aggregate value of the contract with any entity is less than $100,000

ii. A completed CDA 2000 (Conflict of Interest Disclosure Form) that discloses whether a potential or actual conflict of interest exists

iii. Copies of the price or rate quotations received from qualified sources on individual bidder letterhead

b. CDA will provide a determination letter within fifteen (15) days of receipt of all required documentation confirming that the AAA has satisfied the requirements of a noncompetitive award to a for-profit entity or will provide details as to the requirement(s) that have not been met.

c. The AAA shall maintain all of the following for a period of three (3) years after final payments are made and all other pending matters are closed: 1) Copies of all approved bids or proposals and any amendments or changes thereto; 2) A statement of the criteria used to approve awards; 3) Copies of the award documents and contracts entered into pursuant to section 7364; 4) Other information as required by 45 CFR 92.36(b), [CCR Title II, Section 7352(h), as well as CDA's determination letter.

d. Generally, the term "aggregate" applies to the total stated face value of a contract made in good faith between two parties, for our purposes often the AAA and a subcontractor.

EXAMPLE: GOOD FAITH (TWO VENDORS, TWO CONTRACTS, ONE RFP)

An RFP goes out seeking services for $120,000. The AAA does not receive a bid from a single vendor that can fulfill the $120,000 request. However, the AAA receives bids for $70,000 from vendor A and $50,000 from vendor B. Therefore, the AAA splits the contract amount into $70,000 with vendor A and $50,000 with vendor B to complete the entirety of the services required by the initial RFP.

In this scenario, the aggregate value is NOT over $100,000. When a good faith effort results in two contracts, with two different vendors, for the same service, and each contract is less than $100,000, the aggregate value of the award is less than $100,000. While the initial RFP indicated an amount over the $100,000 threshold, the end result became two small contracts, each in the amount of less than $100,000.

EXAMPLE: BAD FAITH

An AAA may not reduce the aggregate value of the contract by deliberately reducing or dividing what would normally be one large contract into smaller contracts to bypass bidding or oversight responsibilities. An example of bad faith dealing when carrying out a contract between the AAA and a subcontractor would include splitting two awards/contracts into two unreasonable amounts, e.g., $99,000 and $999, to avoid the $100,000 threshold trigger for the RFP process. Bad faith dealings could also exist when an AAA could have chosen one entity to carry out a service in the amount of $100,000 or over within one contract but chose to split the award into two contracts with two entities for the same service, e.g., one contract for $80K and the additional contract for $20K, with the intention of avoiding the RFP process.

Acting in this manner would be inconsistent with the purpose and mission of the open and competitive process required by California regulations and could potentially deprive competent and eligible entities from the opportunity to present their case to serve the AAA and its community. Splitting a contract/award in such a way would constitute bad faith and unfair dealing. CDA expects that AAAs will act in good faith when contemplating and executing contractual awards to promote open and fair competition.

An AAA should work with their legal counsel to interpret the applicable provisions of federal and state law, and to otherwise determine the good faith aggregate value of its contracts as is necessary.

13. Contracts over $100,000 in the aggregate for any entity must follow an open and competitive process [22 CCR 7352].

The AAA shall, prior to the awarding of a contract to any for-profit entity, submit the following to CDA for review and approval:

a. The Request for Proposal (RFP) or Invitation for Bid. [22 CCR 7362(a)(1)]

b. All bid proposals received. [22 CCR 7362(a)(2)]

c. The proposal or bid evaluation documentation, along with the AAA's rationale for awarding the contract to a for-profit entity. [22 CCR 7362(a)(3)].

d. Description and documentation of dissemination of information concerning the RFP to elicit adequate competition. [22 CCR 7356].

CDA will provide a determination letter within fifteen (15) days of receipt of all required documentation confirming that the AAA has satisfied the requirements of a competitive award to a for-profit entity or will provide details as to the requirement(s) that have not been met.

The AAA must maintain all documentation on file that supports a competitive award to a for-profit entity, as well as CDA's determination letter.

Where a program may be contracted to a for-profit organization, the AAA should include in its contract with the for-profit entity, a requirement for performance of a program specific audit of the subcontracted program by an independent audit firm.

14. The AAA shall require subcontractors to obtain AAA approval prior to awarding a contract to a for-profit entity:

a. Contracts under $100,000:

i. The AAA shall follow their internal process to make the determination for approval or denial of the award.

b. Contracts over $100,000:

i. The AAA shall evaluate that the requirements for an open and competitive process [22 CCR 7352] were followed.

ii. The AAA shall follow their internal process to make the determination for approval or denial of the award.

15. The AAA shall require all subcontractors to maintain adequate staff to meet the Subcontractor's Agreement with the AAA. This staff shall be available to the State for training and meetings which the State may find necessary from time to time.

16. If a private nonprofit corporation, the Subcontractor shall be in good standing with the Secretary of State of California and shall maintain that status throughout the term of the Agreement.

17. The AAA shall refer to 2 CFR 200.331, Subpart D - Subrecipient and Contractor Determinations and 45 CFR 75.351, Subpart D - Subrecipient and AAA Determinations in making a determination if a subcontractor relationship exists. If such a relationship exists, then the AAA shall follow the procurement requirements in the applicable Office of Management and Budgets (OMB) Circular.

18. The AAA shall utilize procurement procedures as follows:

a. The AAA shall obtain goods and services through open and competitive awards. Each AAA shall have written policies and procedures, including application forms, for conducting an open and competitive process, and any protests resulting from the process.

b. For goods and services purchased with Title III or Title VII funds, the procurement procedures must include, at a minimum, the requirements set forth in 22 CCR 7352. The only exceptions are contained in 22 CCR 7360(a) and 22 CCR 7360(d). The Contractor issuing a noncompetitive award must comply with 22 CCR 7360(b)-(d).

3.3 Records

1. The AAA shall maintain complete records which shall include, but not be limited to, accounting records, contracts, agreements, a reconciliation of the "Financial Closeout Report" (CDA Closeout) to the audited financial statements, single audit report, and general ledgers, and a summary worksheet identifying the results of performing an audit resolution of its subcontractors in accordance with Section 3.7 of this Program Guide. This includes the following: Letters of Agreement, insurance documentation, memorandums and/or Letters of Understanding, patient or client records, and electronic files of its activities and expenditures hereunder in a form satisfactory to CDA. All records pertaining to the MOU and Program Guide must be made available for inspection and audit by the State or its duly authorized agents, at any time during normal business hours.

2. All such records, including confidential records, must be maintained and made available by the AAA: (1) for the lesser of five (5) years after the closeout report has been issued, or an audit has been performed, or unless otherwise authorized in writing by CDA's Audit and Risk Management Branch, (2) for such longer period, if any, as is required by applicable statute, by any other clause of this Agreement, or by items 1 and 3 of this Section, and (3) for such longer period as CDA deems necessary.

3. If the MOU is completely or partially terminated, the records relating to the work terminated shall be preserved and made available for the same periods as specified in item 1 above. The AAA shall ensure that any resource directories and all client records remain the property of CDA upon termination of the MOU and are returned to CDA or transferred to another contractor as instructed by CDA.

4. In the event of any litigation, claim, negotiation, audit exception, or other action involving the records, all records relative to such action shall be maintained and made available until every action has been cleared to the satisfaction of the State and is so stated in writing to the AAA.

5. Adequate source documentation of each transaction shall be maintained relative to the allowability of expenditures reimbursed by the State. Source documentation includes, but is not limited to: vendor invoices, bank statements, cancelled checks, bank/credit card statements, contracts and agreements, employee time sheets, purchase orders, indirect cost allocation plans.

6. All records containing confidential information shall be handled in a confidential manner in accordance with the requirements for information integrity and security, and in accordance with guidelines set forth in this Section, and Section 3.11. After the authorized period has expired, confidential records shall be shredded and disposed of in a manner that will maintain confidentiality.

3.4 Property *(Revised 08/25)*

1. Unless otherwise provided for in this Section, property refers to all assets used in the operation of this Program Guide.

   a. Property includes land, buildings, improvements, machinery, vehicles, furniture, tools, and intangibles, etc.

   b. Property does not include consumable office supplies such as paper, pencils, toner cartridges, file folders, etc.

2. Property acquired to perform services outlined within this Program Guide, which meets any of the following criteria is subject to the reporting requirements (SAM 8610.5):

   a. Has a normal useful life of at least one (1) year and has a unit acquisition cost of at least $5,000 (a desktop or laptop setup, is considered a unit, if purchased as a unit).

   b. All computing devices, regardless of cost (including but not limited to, workstations, servers, laptops, personal digital assistants, notebook computers, tablets, smartphones and cellphones).

   c. All Portable electronic storage media, regardless of cost (including but not limited to, thumb/flash drives and portable hard drives).

3. Intangibles are property which lacks physical substance but gives valuable rights to the owner. Examples of intangible property include patents, copyrights, leases, and computer software. By contrast, hardware consists of tangible property (e.g., computer printer, terminal, etc.). Costs include all amounts incurred to acquire and to ready the intangible asset for its intended use. Typical intangible property costs include the purchase price, legal fees, and other costs incurred to obtain title to the asset.

4. The AAA shall keep track of property purchased with each program fund allocated via the legal authority of the MOU that meets the requirements as defined

in item 2 (above), and submit to CDA a Property Acquisition Form (CDA 9023) for all property furnished or purchased by either the AAA or the Subcontractor with funds allocated via the legal authority of the MOU, as instructed by the CDA. The AAA shall certify their reported property inventory annually with the Closeout by completing the Program Property Inventory Certification (CDA 9024).

The AAA shall record, at a minimum, the following information when property is acquired:

- Date acquired.
- Item description (include model number).
- CDA issued tag number.
- Serial number (if applicable).
- Purchase cost or other basis of valuation.
- Fund source.

5. Disposal of Property

a. Prior to disposal of any property purchased by the AAA or the Subcontractor with funds provided in support of services outlined within this Program Guide or any predecessor Agreement, the AAA must obtain approval from CDA for all reportable property as defined in Item 2 of this Section. Disposition, which includes sale, trade-in, discarding, or transfer to another agency may not occur until approval is received from CDA. The Contractor shall submit to CDA a Request to Dispose of Property (CDA 248) to property@aging.ca.gov. CDA will then instruct the AAA on disposition of the property. Once approval for disposal has been received from CDA and the AAA has reported to CDA the Property Survey Report's (STD 152) Certification of Disposition, the item(s) shall be removed from the AAA's inventory report. Property is not to be disposed of until both the CDA 248 and STD 152 have been approved by CDA. AAA will be liable for repayment of purchase price of equipment if AAA disposes of equipment without prior approval from CDA.

b. The AAA must remove all confidential, sensitive, or personal information from CDA property prior to disposal, including removal or destruction of data on computing devices with digital memory and storage capacity. This includes, but is not limited to magnetic tapes, flash drives, personal computers, personal digital assistants, cell or smart phones, multi-function printers, and laptops.

6. Any loss, damage, or theft of property shall be investigated and fully documented. The AAA shall promptly notify CDA and shall provide copies of the investigative documentation and police reports as requested by CDA.

7. The State reserves title to all State-purchased or financed property not fully consumed in the performance of the services outlined within this Program Guide, unless otherwise required by federal law or regulations or as otherwise agreed by the parties.

8. The AAA shall exercise due care in the use, maintenance, protection, and preservation of such property during the period of the project, and shall assume responsibility for replacement or repair of such property during the period of the project, or until the AAA has complied with all written instructions from CDA regarding the final disposition of the property.

9. In the event of the AAA's dissolution or upon termination of the MOU, the AAA shall provide a final property inventory to the State. The State reserves the right to require the AAA to transfer such property to another entity, or to the State.

10. To exercise the above right, no later than one hundred twenty (120) days after termination of the MOU or notification of the AAA's dissolution, the State will issue specific written disposition instructions to the AAA.

11. The AAA shall use the property for the purpose for which it was intended at the time CDA approval was provided. When no longer needed for that use, the AAA shall use it, if needed, and with written approval of the State for other purposes in this order:

    a. For another CDA program providing the same or similar service.

    b. For another CDA funded program.

12. The AAA may share use of the property or allow use by other programs, upon written approval from CDA. As a condition of the approval, CDA may require reimbursement for its use.

13. The AAA or subcontractors shall not use property or supplies acquired for services outlined within this Program Guide with federal and/or State monies for personal gain or to usurp the competitive advantage of a privately-owned business entity.

14. If purchase of property is a reimbursable item, the property to be purchased will be specified on an approved Budget.

15. The AAA shall include the provisions contained in this Section in all its subcontracts awarded for services outlined within this Program Guide.

3.5 Access

The AAA shall provide access to the federal or State contracting agency, the California State Auditor, the Comptroller, General of the United States, or any of their duly authorized federal or State representatives to any books, documents, papers, and records of the AAA or subcontractor which are directly pertinent the provision of services under this Program Guide for the purpose of making an audit, examination, excerpts, and transcriptions. The AAA shall include this requirement in its subcontracts.

3.6 Monitoring and Evaluation

Welfare and Institution Code (WIC) (Division 8.5. Mello-Granlund Older Californians Act [9000 – 9757.5] Chapter 2. California Department of Aging [9100 – 9118.5] Article 1. General Provisions [9100 – 9114] Section 9102(a)) states that the State Unit on Aging shall administer all programs under the Older Americans Act of 1965, as amended, and this division, including providing ongoing oversight, monitoring, and service quality evaluation to ensure that service providers are meeting standards of service performance established by the department.

CDA's AAA Based Teams and Office of the Long-term Care Ombudsman conduct onsite/remote monitoring visits to ensure that AAAs are in compliance with all federal and State laws, regulations, policies, contracts or grant agreements (Administrative); Performance goals are achieved (Program); and Federal awards are used for authorized purposes (Fiscal). Comprehensive onsite/remote assessments are conducted at a minimum once every four years as resources permit.

1. Authorized State representatives shall have the right to monitor and evaluate the AAA's administrative, fiscal and program performance pursuant to this Program Guide. Said monitoring and evaluation may include, but is not limited to, administrative processes, fiscal, data and procurement components. This will include policies, procedures, procurement, audits, inspections of project premises, interviews of project staff and participants, and when applicable, inspection of food preparation sites.

2. The AAA shall cooperate with the State in the monitoring and evaluation processes, which include making any administrative, program and fiscal staff available during any scheduled process.

3. The AAA shall monitor contracts and subcontracts to ensure compliance with laws, regulations, and the provisions of contracts that may have a direct and/or material effect on each of its CDA funded programs.

4. The AAA is responsible for maintaining supporting documentation including financial and statistical records, contracts, subcontracts, monitoring reports, and all other pertinent records until an audit has occurred and an audit resolution has been issued or unless otherwise authorized in writing by CDA.

5. Review, approve, and monitor its subcontractor budgets and expenditures and any subsequent amendments and revisions to budgets. To the extent feasible, ensure that all budgeted funds are fully expended by the end of each fiscal year. [20 CFR 641.430(e)-(f)] [2 CFR 200.327] [2 CFR 200.328]

3.7 Audit Requirements

3.7.1 General

1. Any duly authorized representative of the federal or State government, which includes but is not limited to the State Auditor, CDA Staff, and any entity selected by State to perform inspections, shall have the right to monitor and audit the AAA and all subcontractors providing services under this Program Guide and the MOU through on-site inspections, audits, and other applicable means the State determines necessary. In the event that CDA is informed of an audit by an outside federal or State government entity affecting the AAA, CDA will provide timely notice to the AAA.

2. The AAA shall make available all reasonable information necessary to substantiate that expenditures under this Program Guide and the MOU are allowable and allocable, including, but not limited to accounting records, vendor invoices, bank statements, cancelled checks, bank/credit card statements, contracts and agreements, employee time sheets, purchase orders, and indirect cost allocation plans. The AAA shall agree to make such information available to the federal government, the State, or any of their duly authorized representatives, including representatives of the entity selected by State to perform inspections, for examination, copying, or mechanical reproduction, on or off the premises of the appropriate entity upon a reasonable request.

3. All agreements entered into by the AAA and subcontractors with audit firms for purposes of conducting independent audits under this Program Guide and the MOU shall contain a clause permitting any duly authorized representative of the federal or State government access to the supporting documentation of said audit firm(s).

4. The AAA shall cooperate with and participate in any further audits which may be required by the State, including CDA fiscal and compliance audits.

3.7.2 CDA Fiscal and Compliance Audits

1. The CDA Audits and Risk Management Branch shall perform fiscal and compliance audits of AAAs in accordance with Generally Accepted Government Auditing Standards (GAGAS) to ensure compliance with applicable laws, regulations, grants, and contract requirements.

2. The CDA fiscal and compliance audits may include, but not be limited to, a review of:

   a. Financial closeouts (2 CFR 200.1 and 45 CFR 75.2)

b. Internal controls (2 CFR 200.303 and 45 CFR 75.303)

c. Allocation of expenditures (2 CFR 200.1 and 45 CFR 75.2)

d. Allowability of expenditures (2 CFR 200.403 and 45 CFR 75.403)

e. Equipment expenditures and approvals, if required (2 CFR 200.439 and 45 CFR 75.439)

3.7.3 Single Audit Reporting Requirements (2 CFR 200 Subpart F and 45 CFR Subpart F)

1. AAA Single Audit Reporting Requirements

a. AAAs that expend $750,000 or more in federal funds shall arrange for an audit to be performed as required by the Single Audit Act of 1984, Public Law 98-502; the Single Audit Act Amendments of 1996, Public Law 104-156; 2 CFR 200.501 to 200.521 and 45 CFR 75.501 to 75.521.

A copy shall be submitted to the:

California Department of Aging
Attention: Audits and Risk Management Branch
2880 Gateway Oaks Drive, Suite 200
Sacramento, CA 95833

b. The copy shall be submitted within thirty (30) days after receipt of the Auditor's report or nine (9) months after the end of the audit period, whichever occurs first, or unless a longer period is agreed to in advance by the cognizant or oversight agency.

c. For purposes of reporting, the AAA shall ensure that State-funded expenditures are displayed discretely along with the related federal expenditures in the single audit report's "Schedule of Expenditures of Federal Awards" (SEFA) under the Catalog of Federal Domestic Assistance (CFDA) number.

d. For State contracts that do not have CFDA numbers, the AAA shall ensure that the State-funded expenditures are discretely identified in the SEFA by the appropriate program name, identifying grant/contract number, and as passed through CDA.

2. The AAA shall perform a reconciliation of the "Financial Closeout Report" to the audited financial statements, single audit, and general ledgers. The reconciliation shall be maintained and made available for CDA review.

3. Contract Resolution of AAA's Subcontractors

The AAA shall have the responsibility for resolving its contracts with subcontractors to determine whether funds provided under this Program Guide

and the MOU are expended in accordance with applicable laws, regulations, and provisions of contracts or agreements. The AAA shall, at a minimum, perform Contract resolution within fifteen (15) months of the "Financial Closeout Report."

4. The AAA shall ensure that subcontractor single audit reports meet 2 CFR 200 and 45 CFR 75, Subparts F-Audit Requirements.

5. Contract resolution includes:

a. Ensuring that subcontractors expending $750,000 or more in federal awards during the subcontractor's fiscal year have met the audit requirements of 2 CFR 200.501 - 200.521 and 45 CFR 75.501 to 75.521.

b. Issuing a management decision on audit findings within six (6) months after receipt of the Subcontractor's single audit report and ensuring that the Subcontractor takes appropriate and timely corrective action.

c. Reconciling expenditures reported to the AAA to the amounts identified in the single audit or other type of audit if the Subcontractor was not subject to the single audit requirements. For a subcontractor who was not required to obtain a single audit and did not obtain another type of audit, the reconciliation of expenditures reported to CDA must be accomplished through performing alternative procedures (e.g., risk assessment [2 CFR 200.331 and 45 CFR 75.352], documented review of financial statements, and documented expense verification, including match, etc.).

6. When alternative procedures are used, the AAA shall perform financial management system testing, which provides, in part, for the following:

a. Accurate, current, and complete disclosure of the financial results of each federal award or program.

b. Records that identify adequately the source and application of funds for each federally funded activity.

c. Effective control over, and accountability for, all funds, property, and other assets to ensure these items are used solely for authorized purposes.

d. Comparison of expenditures with budget amounts for each federal award.

e. Written procedures to implement the requirements of 2 CFR 200.305.

f. Written procedures for determining the allowability of costs in accordance with 2 CFR Part 200 and 45 CFR Part 75, Subparts E - Cost Principles. [2 CFR 200.302 and 45 CFR 75.302]

g. The AAA shall document system and expense testing to show an acceptable level of reliability, including a review of actual source documents.

h. Determining whether the results of the reconciliations performed necessitate adjustment of the AAA's own records.

7. The AAA shall ensure that subcontractor single audit reports meet 2 CFR 200 and 45 CFR 75, Subparts F - Audit Requirements:

a. Performed timely – not less frequently than annually and a report submitted timely. The audit is required to be submitted within thirty (30) days after receipt of the Auditor's report or nine (9) months after the end of the audit period, whichever occurs first. [2 CFR 200.512 and 45 CFR 75.512]

b. Properly procured – use procurement standards for auditor selection. [2 CFR 200.509 and CFR 75.509]

c. Performed in accordance with Generally Accepted Government Auditing Standards. [2 CFR 200.514 and 45 CFR 75.514]

d. All inclusive – includes an opinion (or disclaimer of opinion) of the financial statements; a report on internal control related to the financial statements and major programs; an opinion (or disclaimer of opinion) on compliance with laws, regulations, and the provisions of contracts; and the schedule of findings and questioned costs. [2 CFR 200.515 and 45 CFR 75.515]

e. Performed in accordance with provisions applicable to this program as identified in 2 CFR Part 200, and 45 CFR Part 75, Subpart F, Audit Requirements.

8. Requirements identified in this Program Guide shall be included in contracts with the Subcontractor. Further, the Subcontractor shall be required to include in its contract with the independent Auditor that the Auditor will comply with all applicable audit requirements/standards; CDA shall have access to all audit reports and supporting work papers, and CDA has the option to perform additional work, as needed.

9. The AAA shall prepare a summary worksheet of results from the contract resolutions performed of all subcontractors. The summary worksheet shall include, but not be limited to, contract amounts; amounts resolved; amounts of

match verified, resolution of variances; recovered amounts; whether an audit was relied upon or the AAA performed an independent expense verification review (alternative procedures) of the Subcontractor in making a determination; whether audit findings were issued; and, if applicable, issuance date of the management letter; and any communication or follow-up performed to resolve the findings.

10. A reasonably proportionate share of the costs of audits required by, and performed in, accordance with the Single Audit Act Amendments of 1996, as implemented by requirements of this part, are allowable. However, the following audit costs are unallowable:

a. Any costs when audits required by the Single Audit Act and 2 CFR 200 and 45 CFR 75, Subparts F – Audit Requirements have not been conducted or have been conducted but not in accordance therewith; and

b. Any costs of auditing a non-federal entity that is exempted from having an audit conducted under the Single Audit Act and 2 CFR 200 and 45 CFR 75, Subparts F – Audit Requirements because its expenditures under federal awards are less than $750,000 during the non-federal entity's fiscal year.

i. The costs of a financial statement audit of a non-federal entity that does not currently have a federal award may be included in the indirect cost pool for a cost allocation plan or indirect cost proposal.

ii. Pass-through entities may charge federal awards for the cost of agreed-upon-procedures engagements to monitor subcontractors who are exempted from the requirements of the Single Audit Act and 2 CFR 200 and 45 CFR 75, Subparts F – Audit Requirements. This cost is allowable only if the agreed-upon procedures engagements are conducted in accordance with Generally Accepted Government Auditing Standards (GAGAS) attestation standards, paid for and arranged by the pass-through entity, and limited in scope to one or more of the following types of compliance requirements: activities allowed or not allowed; allowable costs/cost principles; eligibility; and reporting. [2 CFR 200.425]

3.8 Insurance

1. Prior to commencement of any work under this Program Guide and the MOU, the AAA shall provide for the term of the MOU, the following insurance:

a. General liability of not less than $1,000,000 per occurrence for bodily injury and property damage combined. Higher limits may be required by the State in cases of higher than usual risks.

b. Automobile liability including non-owned auto liability, of not less than $1,000,000 for volunteers and paid employees providing services supported by this Program Guide and the MOU.

c. If applicable, or unless otherwise amended by future regulation, the AAA and subcontractors shall comply with the Public Utilities Commission General Order No. 115-G which requires higher levels of insurance for charter-party carriers of passengers and is based on seating capacity as follows:

i. $750,000 if seating capacity is under 8

ii. $1,500,000 if seating capacity is 8 – 15

iii. $5,000,000 if seating capacity is over 15

d. Professional liability of not less than $1,000,000 as it appropriately relates to the services rendered. Coverage shall include medical malpractice and/or errors and omissions. (All programs except Title V).

2. The insurance will be obtained from an insurance company acceptable to the Department of General Services, Office of Risk and Insurance Management (DGS, ORIM), or be provided through partial or total self-insurance acceptable to the Department of General Services (DGS).

3. Evidence of insurance shall be in a form and content acceptable to DGS, ORIM

4. The AAA shall notify the State within five (5) business days of any cancellation, non-renewal, or material change that affects required insurance coverage

5. Insurance obtained through commercial carriers shall meet the following requirements:

a. The Certificate of Insurance shall provide the statement: “The Department of Aging, State of California, its officers, agents, employees, and servants are included as additional insureds, with respect to work performed for the State of California under this Agreement.” Professional liability coverage is exempt from this requirement

b. CDA shall be named as the certificate holder and CDA’s address must be listed on the certificate

6. The insurance provided herein shall be in effect at all times during the term of the MOU. In the event the insurance coverage expires during the term of the MOU, the AAA agrees to provide CDA, at least thirty (30) days prior to the expiration date, a new Certificate of Insurance evidencing insurance coverage as

provided herein for a period not less than the remaining MOU term or for a period not less than one (1) year. In the event the AAA fails to keep in effect at all times said insurance coverage, CDA may, in addition to any other remedies it may have, terminate the MOU.

7. The AAA shall require its subcontractors under this Program Guide and the MOU, other than units of local government which are similarly self-insured, to maintain adequate insurance coverage for general liability, Worker's Compensation liabilities, and if appropriate, auto liability including non-owned auto and professional liability, and further, the AAA shall require all of its subcontractors to hold the AAA harmless. The Subcontractor's Certificate of Insurance for general and auto liability shall also name the AAA, not the State, as the certificate holder and additional insured. The AAA shall maintain Certificates of Insurance for all of its subcontractors.

8. A copy of each appropriate Certificate of Insurance or letter of self-insurance, referencing the MOU number shall be submitted to CDA with the MOU.

9. The AAA shall be insured against liability for Worker's Compensation or undertake self-insurance in accordance with the provisions of the California Labor Code and the AAA affirms to comply with such provisions before commencing the performance of the work under this Program Guide and the MOU. [Cal. Labor Code § 3700]

3.9 Termination

1. Termination Without Cause

CDA may terminate performance of work under the MOU and this Program Guide, in whole or in part, without cause, if CDA determines that a termination is in the State's best interest. CDA may terminate the MOU upon ninety (90) days written notice to the AAA. The Notice of Termination shall specify the extent of the termination and shall be effective ninety (90) days from the delivery of the Notice. The parties agree that if the termination of the MOU is due to a reduction or deletion of funding by the Department of Finance (DOF), Legislature or Congress, the Notice of Termination shall be effective thirty (30) days from the delivery of the Notice. The AAA shall submit to CDA a Transition Plan as specified in this Program Guide. The parties agree that for the terminated portion of the MOU, the remainder of MOU shall be deemed to remain in effect and is not void.

2. Termination for Cause

CDA may terminate, in whole or in part, for cause the performance of work under the MOU and Program Guide. CDA may terminate the MOU upon thirty (30) days written notice to the AAA. The Notice of Termination shall be effective thirty (30) days from the delivery of the Notice of Termination unless the grounds for termination are due to threat to life, health or safety of the public and in that case,

the termination shall take effect immediately. The AAA shall submit to CDA a Transition Plan as specified in this Program Guide. The grounds for termination for cause shall include, but are not limited to, the following:

a. In case of threat of life, health or safety of the public, termination of the MOU shall be effective immediately.

b. A violation of the law or failure to comply with any condition of the MOU and this Program Guide.

c. Inadequate performance or failure to make progress so as to endanger performance of the MOU and this Program Guide.

d. Failure to comply with reporting requirements.

e. Evidence that the AAA is in an unsatisfactory financial condition as determined by an audit of the AAA or evidence of a financial condition that endangers performance of the MOU and this Program Guide and/or the loss of other funding sources.

f. Delinquency in payment of taxes or payment of costs for performance of the MOU and the services outlined within this Program Guide in the ordinary course of business.

g. Appointment of a trustee, receiver, or liquidator for all or a substantial part of the AAA's property, or institution of bankruptcy, reorganization or the arrangement of liquidation proceedings by or against the AAA.

h. Service of any writ of attachment, levy of execution, or commencement of garnishment proceedings against the AAA's assets or income.

i. The commission of an act of bankruptcy.

j. Finding of debarment or suspension.

k. The AAA's organizational structure has materially changed.

l. CDA determines that the AAA may be considered a "high risk" agency as described in 2 CFR 200.205 and 45 CFR 75.205. If such a determination is made, the AAA may be subject to special conditions or restrictions.

3. AAA's Obligation After Notice of Termination

After receipt of a Notice of Termination, and except as directed by CDA, the AAA shall immediately proceed with the following obligations, as applicable, regardless of any delay in determining or adjusting any funds due under this clause.

The AAA shall:

a. Stop work as specified in the Notice of Termination.

b. Place no further subcontracts for materials or services, except as necessary, to complete the continued portion of the MOU.

c. Terminate all subcontracts to the extent they relate to the work terminated.

d. Settle all outstanding liabilities and termination settlement proposals arising from the termination of subcontracts, (the approval or ratification of which will be final for purposes of this clause).

4. Effective Date

Termination of the MOU shall take effect immediately in the case of an emergency such as threat to life, health, or safety of the public. The effective date for Termination with Cause or for funding reductions is thirty (30) days and Termination without Cause is ninety (90) days subsequent to written notice to the AAA. The notice shall describe the action being taken by CDA, the reason for such action and, any conditions of the termination, including the date of termination.

5. Voluntary Termination of Area Plan Agreement (Title III Only)

Pursuant to 22 CCR 7210, the AAA may voluntarily terminate its MOU prior to its expiration either by mutual agreement with CDA or upon thirty (30) days written notice to CDA. In case of voluntary termination, the AAA shall allow CDA up to one hundred eighty (180) days to transition services. The AAA shall submit a Transition Plan in accordance with this Program Guide.

6. Notice of Intent to Terminate by AAA (all other non-Title III Programs)

In the event the AAA no longer intends to provide services under the MOU and this Program Guide, the AAA shall give CDA Notice of Intent to Terminate. Such notice shall be given in writing to CDA at least one hundred eighty (180) days prior to the proposed termination date. Unless mutually agreed upon, the AAA does not have the authority to terminate the MOU. The Notice of Intent to Terminate shall include the reason for such action and the anticipated last day of work. The AAA shall submit a Transition Plan in accordance with this Program Guide.

7. In the Event of a Termination Notice

CDA will present written notice to the AAA of any condition, such as, but not limited to, transfer of clients, care of clients, return of unspent funds; and disposition of property, which must be met prior to termination.

3.10 Notices

1. Any notice to be given hereunder by either party to the other may be effected by personal delivery in writing or by registered or certified mail, overnight mail, postage prepaid, return receipt requested, provided the AAA retains receipt, and shall be communicated as of actual receipt.

2. Any notice given to CDA for the AAA's change of legal name, main address, or name of the Director shall be completed by submitting a Std. 204 form to finance@aging.ca.gov.

3. Any notice given to CDA for a AAAs change of staff contact information shall be completed by submitting an email to AAAcontactinfo@aging.ca.gov.

4. All other notices with the exception of those identified in Items 2 and 3 of this Section shall be addressed to the California Department of Aging, AAA Based Teams, 2880 Gateway Oaks Drive, Suite 200, Sacramento, California, 95833. Notices mailed to the Contractor shall be to the address indicated on the coversheet of this Agreement.

5. Either party may change its address by written notice to the other party in accordance with this Section.

3.11 Information Confidentiality and Security

This Information Confidentiality and Security Requirements section sets forth the information privacy and security requirements the AAA is obligated to follow with respect to all personal, confidential, and sensitive information (as defined herein) disclosed to the AAA, or collected, created, maintained, stored, transmitted, or used by the AAA for or on behalf of the CDA pursuant to AAA's MOU with CDA and this Program Guide. (Such personal, confidential, and sensitive information is referred to here as CDA PSCI.) CDA and the AAA desire to protect their privacy and provide for the security of CDA PSCI pursuant to this section of the Program Guide and in compliance with state and federal laws applicable to CDA PSCI.

The terms of this section shall apply to all contracts, subcontracts, and subawards made by the AAA in furtherance of the MOU and services provided in accordance with this Program Guide. The AAA shall require its agents, subcontractors, or independent consultants (collectively, agents) to conform to this section regarding CDA PSCI.

3.11.1 Definitions

1. **Breach:**

   a. the unauthorized acquisition, access, use, or disclosure of CDA PSCI in a manner in which comprises the security, confidentiality, or integrity of the information; or

b. the same definition of “breach of the security system” set forth in California Civil Code section 1798.29, subdivision (f); or

c. the same as the definition of “breach” set forth in the Health Insurance Portability and Accountability Act Privacy Rule, 45 Code of Federal Regulations 164.402.

2. **Confidential Information:** Information that is exempt from disclosure under the provisions of the California Public Records Act (Government Code section 7920.000 Et seq.).

3. **Disclosure:** the release, transfer, provision of, access to, or divulging in any manner of information outside the entity holding the information.

4. **PSCI:** “personal information”, “sensitive information”, and “confidential information” (as these terms are defined herein).

5. **Personal Information:** Information that identifies or describes an individual, including, but not limited to, their name, social security number, physical description, home address, home telephone number, education, financial matters, and medical or employment history. It is CDA’s policy to consider all information about individuals private unless such information is determined to be a public record. Personal Information also includes the following:

a. Notice-Triggering Personal Information: Specific items of personal information (name plus Social Security number, driver license/California identification card number, or financial account number) that may trigger a requirement to notify individuals if it is acquired by an unauthorized person. For purposes of this provision, identity shall include, but not be limited to name, identifying number, symbol, or other identifying information assigned to the individual, such as finger or voice print or a photograph. See Civil Code section 1798.29.

b. Protected Health Information (PHI): The term “PHI” refers to and includes both “PHI” as defined at 45 CFR section 160.103 and Personal Information (PI) as defined in the Information Practices Act at California Civil Code section 1798.3(a). PHI includes information in any form, including paper, oral, and electronic.

6. **Public Information:** Information that is not exempt from disclosure under the provisions of the California Public Records Act (Government Code sections 7920.000 Et seq.).

7. **Security Incident:**

a. A breach or attempted breach; or

b. The attempted or successful unauthorized access, disclosure, modification, or destruction of CDA PSCI, in violation of any state or federal law or in a manner not permitted under this Program Guide; or

c. the attempted or successful modification or destruction of, or interference with, the AAA's system operations in an information technology system, that negatively impacts the confidentiality, availability, or integrity of CDA PSCI; or

d. any event that is reasonably believed to have compromised the confidentiality, integrity, or availability of an information asset, system, process, data storage, or transmission. Furthermore, an information security incident may also include an event that constitutes a violation or imminent threat of violation of information security policies or procedures, including acceptable use policies.

8. **Sensitive Information:** Information that requires special precautions to protect from unauthorized use, access, disclosure, modification, loss, or deletion. Sensitive Information may be either Public Information or Confidential Information. It is information that requires a higher-than-normal assurance of accuracy and completeness. Thus, the key factor for Sensitive Information is that of integrity. Typically, Sensitive Information includes records of agency financial transactions and regulatory actions.

3.11.2 Disclosure Restrictions

The AAA shall protect CDA PSCI from unauthorized disclosure. The AAA shall not disclose, except as otherwise specifically permitted by the MOU and this Program Guide, any CDA PSCI to anyone other than CDA personnel or programs without prior written authorization from the CDA.

1. The AAA and CDA mutually agree that the creation, receipt, maintenance, transmittal, and disclosure of data from CDA containing PHI shall be subject to the Health Insurance Portability and Accountability Act of 1996 and its implementing privacy and security regulations at 45 CFR Parts 160 and 164 (collectively and as used in this Agreement, HIPAA.). The AAA agrees to provide the same, or greater, level of protection to CDA data that would be required if the AAA were a Business Associate under HIPAA, regardless of whether the AAA is or is not a Business Associate.

2. To the extent that other state and/or federal laws provide additional, stricter, and/or more protective (collectively, more protective) privacy and/or security protections to CDA PSCI covered under this Program Guide beyond those provided through HIPAA, AAA agrees:

a. To comply with the more protective of the privacy and security standards set forth in applicable state or federal laws to the extent such

standards provide a greater degree of protection and security than HIPAA or are otherwise more favorable to the individuals whose information is concerned; and

b. To treat any violation of such additional and/or more protective standards as a breach or security incident, as appropriate.

c. Examples of laws that provide additional and/or stricter privacy protections to certain types of CDA PSCI, as defined in Section 3.11.1 of this Program Guide, include, but are not limited to the Information Practices Act, California Civil Code sections 1798-1798.78, Confidentiality of Alcohol and Drug Abuse Patient Records, 42 CFR Part 2, Welfare and Institutions Code section 5328, and California Health and Safety Code section 11845.5.

d. If the AAA is a Qualified Service Organization (QSO) as defined in 42 CFR section 2.11, the AAA agrees to be bound by and comply with subdivisions (2)(i) and (2)(ii) of that section.

3.11.3 Use Restrictions

The AAA shall not use any CDA PSCI for any purpose other than performing the AAA's obligations under the MOU and this Program Guide.

3.11.4 Safeguards and Security

The AAA shall implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of CDA PSCI including electronic CDA PSCI that it creates, receives, maintains, uses, or transmits on behalf of CDA. The AAA shall develop and maintain a written information privacy and security program that includes administrative, technical, and physical safeguards appropriate to the size and complexity of the AAA's operations and the nature and scope of its activities. The AAA's administrative, technical, and physical safeguards shall include, at a minimum:

1. Technical Security Controls:

The AAA shall, at a minimum, utilize a National Institute of Standards and Technology Special Publication (NIST SP) 800-53 compliant security framework when selecting and implementing its security controls and shall maintain continuous compliance with NIST SP 800-53 as it may be updated from time to time. The current version of NIST SP 800-53, Revision 5, is available online at https://csrc.nist.gov/publications/detail/sp/800-53/rev-5/final; updates will be available online at https://csrc.nist.gov/publications/sp800.

2. Removable Media Devices

All electronic files that contain CDA PSCI data must be encrypted when stored on any removable media or portable device (i.e., USB thumb drives, floppies,

CD/DVD, smart devices, tapes, etc.). PSCI must be encrypted, at a minimum, using a FIPS 140-2 certified algorithm or successor standards, such as Advanced Encryption Standard (AES), with a 128bit key or higher.

3. Patch Management:

The AAA shall apply security patches and upgrades and keep virus software up to date on all systems which PHI and other confidential information may be used.

4. Confidentiality Statement:

All people that will be working with CDA PSCI must sign a confidentiality statement that includes, at a minimum, General Use, Security and Privacy Safeguards, Unacceptable Use, and Enforcement Policies. The statement must be signed by all people prior to accessing CDA PSCI. The statement must be renewed annually. The AAA shall retain each person's written confidentiality statement for CDA inspection for a period of six (6) years following contract termination.

5. Transmission and Storage of PSCI:

All persons that will be working with CDA PSCI shall employ with FIPS 140-3 compliant encryption of PHI, at rest and in motion, unless it has been determined that such encryption is unreasonable and inappropriate based upon a risk assessment and equivalent alternative measures are in place and documented as such.

6. Minimum Necessary:

Only the minimum necessary amount of CDA PSCI required to perform necessary business functions applicable to the terms of this Program Guide may be used, disclosed, copied, downloaded, or exported.

7. Antivirus Software:

All workstations, laptops and other systems that process and/or store CDA PSCI must install and actively use a comprehensive anti-virus software solution with automatic updates scheduled at least daily.

8. Data Security:

CDA PSCI will be stored separately from other customers' data. Data will be stored and processed within the continental United States, and remote access to data from outside the continental United States will be prohibited. Data will be encrypted such that unauthorized parties are unable to read the data within the database/data repositories or any backups.

9. Mailing:

Mailings of CDA PSCI shall be sealed and secured from damage or inappropriate viewing of PSCI to the extent possible. Mailings which include 500 or more individually identifiable records of CDA PSCI in a single package shall be sent using a tracked mailing method which includes verification of delivery and receipt, unless the prior written permission of CDA to use another method is obtained.

10. Security Officer:

The AAA shall designate a Security Officer to oversee its data security program who will be responsible for carrying out its privacy and security programs and for communicating on security matters with CDA.

11. Mitigation of Harmful Effects:

The AAA shall mitigate, to the extent practicable, any harmful effect that is known to the AAA of a use or disclosure of PSCI and other confidential information in violation of the requirements of this Program Guide.

12. Access to, and Accounting For, Disclosure of PSCI

The AAA shall document and make available to CDA or (at the direction of CDA) to an Individual such disclosures of CDA PSCI and information related to such disclosures necessary to respond to a proper request by the subject Individual for an accounting of disclosures of personal information as required by 45 CFR section 164.524 or any applicable state or federal law.

3.11.5 Employee Training

All persons who assist in the performance of functions or activities on behalf of CDA, or access or disclose CDA PSCI, must complete information privacy and security training, at least annually, at the AAA's expense. Each person who receives information privacy and security training must sign a certification, indicating the member's name and the date on which the training was completed. These certifications must be retained for a period of six (6) years following contract termination.

3.11.6 Employee Discipline

Appropriate sanctions must be applied against persons who fail to comply with privacy policies and procedures or any provisions of these requirements, including termination of employment where appropriate.

3.11.7 Access to Practices, Books, and Records

The AAA shall make its internal practices, books, and records relating to the use and disclosure of PSCI on behalf of CDA available to CDA upon reasonable request.

3.11.8 Special Provision for SSA Data

If the AAA receives data from or on behalf of CDA that was verified by or provided by the Social Security Administration (SSA Data) and is subject to an agreement between CDA and SSA, the AAA shall provide, upon request by CDA, a list of all employees and agents who have access to such data, including employees and agents of its agents, to CDA.

3.11.9 Breaches and Security Incidents

The AAA shall implement reasonable systems for the discovery and prompt reporting of any breach or security incident, and take the following steps:

1. Notice to CDA:

The AAA shall notify CDA immediately by email or telephone of the discovery of:

a. Unsecured CDA PSCI if the CDA PSCI is reasonably believed to have been accessed or acquired by an unauthorized person.

b. Any suspected security incident which risks unauthorized access to CDA PSCI and/or other confidential information.

c. Any intrusion or unauthorized access, use, or disclosure of CDA PSCI in violation of this Agreement; or

d. Potential loss of confidential data affecting this agreement.

e. Notice via email shall be made using the current CDA 1025 “Information Security Incident Report” forms and shall include all information known at the time the incident is reported. The forms are available online at: https://aging.ca.gov/Information_security/

f. Upon discovery of a breach or suspected security incident, intrusion, or unauthorized access, use or disclosure of CDA PSCI, the AAA shall take:

i. Prompt corrective action to mitigate any risks or damages involved with the security incident or breach; and

ii. Any action pertaining to such unauthorized disclosure is required by applicable Federal and State laws and regulations.

2. Investigation of Security Incident or Breach

The AAA shall immediately investigate such security incident, breach, or unauthorized use or disclosure of CDA PSCI.

3. Complete Report

The AAA shall provide a complete report of the investigation to CDA within (10) working days of the discovery of the breach or unauthorized use or disclosure.

The complete report must include an assessment of all known factors relevant to a determination of whether a breach occurred under applicable federal and state laws. The report shall include a full, detailed corrective action plan including information on measures that were taken to halt and/or contain improper use or disclosure. If CDA requests information in addition to this report, the AAA shall make reasonable efforts to provide CDA with such information. CDA will review and approve or disapprove the AAA's determination of whether a breach occurred, whether the security incident or breach is reportable to the appropriate entities, if individual notifications are required, and the AAA's corrective action plan.

a. If the AAA does not submit a complete report within the ten (10) working day timeframe, the AAA shall request approval from CDA within the ten (10) working day timeframe of a new submission timeframe for the complete report.

4. Notification of Individuals

If the cause of a breach is attributable to the AAA or its agents, the AAA shall notify individuals accordingly and shall pay all costs of such notifications as well as any costs associated with the breach. The notifications shall comply with applicable federal and state law. CDA shall approve the time, manner, and content of any such notifications and their review and approval must be obtained before the notifications are made.

5. Responsibility for Reporting Breaches to Entities other than CDA

If the cause of a breach of CDA PSCI is attributable to the AAA or its subcontractors, the AAA is responsible for all required reporting of the breach as required by applicable federal and state law.

6. Submission of Sample Notification to Attorney General:

If notification to more than 500 individuals is required pursuant to California Civil Code section 1798.29, regardless of whether the AAA is considered only a custodian and/or non-owner of the CDA PSCI, the AAA shall, at its sole expense and at the sole election of CDA, either:

a. Electronically submit a single sample copy of the security breach notification, excluding any personally identifiable information, to the Attorney General pursuant to the format, content, and timeliness provisions of Section 1798.29, subdivision (e). The AAA shall inform the CDA Privacy Officer of the time, manner, and content of any such submissions prior to the transmission of such submissions to the Attorney General; or

b. Cooperate with and assist CDA in its submission of a sample copy of the notification to the Attorney General.

3.11.10 Contact Information

To direct communications to the above referenced CDA staff, the AAA shall initiate contact as indicated herein. CDA reserves the right to make changes to the contact information below by giving written notice to the AAA.

CDA Privacy Officer	**CDA Information Security Officer**
Office of Legal Services 2880 Gateway Oaks Dr., Suite 200 Sacramento, CA 95833 Attn: Chief Counsel Email: privacy@aging.ca.gov Telephone: (916) 419-7500	Information Security Branch 2880 Gateway Oaks Dr., Suite 200 Sacramento, CA 95833 Attn: Information Security Officer Email: iso@aging.ca.gov Telephone: (916) 419-7500

3.11.11 Responsibility of CDA

CDA agrees to not request the AAA use or disclose PSCI in any manner that would not be permissible under HIPAA and/or other applicable federal and/or state law.

3.11.12 Audits, Inspections, and Enforcement

1. CDA Right to Inspect:

From time to time, CDA may inspect the facilities, systems, books, and records of the AAA to monitor compliance with the safeguards required in the Information Confidentiality and Security Requirements (ICSR) section. The AAA shall promptly remedy any violation of any provision of this ICSR section. The fact that CDA inspects, or fails to inspect, or has the right to inspect, the AAA's facilities, systems, and procedures does not relieve the AAA of its responsibility to comply with this ICSR section.

2. Notification to CDA in Event the AAA is Subject to Other Audit:

If the AAA is the subject of an audit, compliance review, investigation, or any proceeding that is related to the performance of its obligations pursuant to the MOU and/or this Program Guide or is the subject of any judicial or administrative proceeding alleging a violation of HIPAA, the AAA shall promptly notify CDA unless it is legally prohibited from doing so.

3.11.13 Miscellaneous Provisions

1. Disclaimer:

CDA makes no warranty or representation that compliance by the AAA with this Program Guide will satisfy the AAA's business needs or compliance obligations.

The AAA is solely responsible for all decisions made by the AAA regarding the safeguarding of CDA PSCI and other confidential information.

2. Amendment:

a. Any provision of the MOU or this Program Guide which conflicts with current or future applicable federal or state laws is hereby amended to conform to the provisions of those laws. Such amendment of the MOU and/or this Program Guide shall be effective on the effective date of the laws necessitating it and shall be binding on the parties even though such amendment may not have been reduced to writing and formally agreed upon and executed by the parties.

b. Failure by the AAA to take necessary actions required by amendments to the MOU and/or this Program Guide shall constitute a material violation.

3. Assistance in Litigation or Administrative Proceedings

The AAA shall make itself, its employees, and agents available to CDA at no cost to CDA to testify as witnesses in the event of litigation or administrative proceedings being commenced against CDA, its director, officers, or employees based upon claimed violation of laws relating to security and privacy, and which involves inactions or actions by the AAA (except where the AAA or its subcontractor, workforce employee, or agent is a named adverse party).

4. No Third-Party Beneficiaries

Nothing in this Program Guide is intended to or shall confer upon any third person, any rights, or remedies whatsoever.

5. Interpretation

The terms and conditions in this Program Guide shall be interpreted as broadly as necessary to implement and comply with regulations and applicable laws. The parties agree that any ambiguity in the terms and conditions of this Program Guide shall be resolved in favor of a meaning that complies and is consistent with federal and state laws and regulations.

6. No Waiver of Obligations

No change, waiver, or discharge of any liability or obligation hereunder on any one or more occasions shall be deemed a waiver of performance of any continuing or other obligation or shall prohibit enforcement of any obligation on any other occasion.

7. Return or Destruction of CDA PSCI on Expiration or Termination

At expiration or termination of the MOU, if feasible, the AAA shall return or destroy all CDA PSCI that the AAA still maintains in any form and retain no copies of such information. If return or destruction is not feasible, CDA and the AAA shall determine the terms and conditions under which the AAA may retain the PSCI.

8. Data Sanitization

All CDA PSCI must be sanitized using NIST Special Publication 800-88 standard methods for data sanitization when the CDA PSCI is no longer needed.

a. Survival

If return or destruction of CDA PSCI is not feasible upon the completion or termination of the MOU, the respective rights, and obligations of the AAA under this Section shall survive the completion or termination of the MOU between the AAA and CDA. The AAA shall also limit further uses and disclosures of CDA PSCI to those purposes that make the return or destruction of the information infeasible.

3.12 Copyrights and Rights in Data

3.12.1 Copyrights

1. If any material funded by CDA is subject to copyright, the State reserves the right to copyright such material and the AAA agrees not to copyright such material, except as set forth in Section 3.12.2.

2. The AAA may request permission to copyright material by writing to the Director of CDA. The Director shall grant permission or give reason for denying permission to the AAA in writing within sixty (60) days of receipt of the request.

3. If the material is copyrighted with the consent of CDA, the State reserves a royalty-free, non-exclusive, and irrevocable license to reproduce, prepare derivative works, publish, distribute and use such materials, in whole or in part, and to authorize others to do so, provided written credit is given to the author.

4. The AAA certifies that it has appropriate systems and controls in place to ensure that State funds will not be used in the performance of work outlined within this Program Guide or the MOU for the acquisition, operation, or maintenance of computer software in violation of copyright laws.

3.12.2 Rights in Data

1. The AAA shall not publish or transfer any materials, as defined in item 2 below, produced or resulting from activities supported by this Program Guide and the MOU without the express written consent of the Director of CDA. That consent shall be given, or the reasons for denial shall be given, and any

conditions under which it is given or denied, within thirty (30) days after the written request is received by CDA. CDA may request a copy of the material for review prior to approval of the request. This subsection is not intended to prohibit the AAA from sharing identifying client information authorized by the participant or summary program information which is not client-specific.

2. As used in this Program Guide, the term “subject data” means writings, sound recordings, pictorial reproductions, drawings, designs or graphic representations, procedural manuals, forms, diagrams, workflow charts, equipment descriptions, data files and data processing or computer programs, and works of any similar nature (whether or not copyrighted or copyrightable) which are first produced or developed under the performance of the services outlined in this Program Guide and the MOU. The term does not include financial reports, cost analyses and similar information incidental to program administration, or the exchange of that information between AAAs to facilitate uniformity of program administration on a statewide basis.

3. Subject only to other provisions of this Program Guide and the MOU, the State may use, duplicate, or disclose in any manner, and have or permit others to do so subject to State and federal law, all subject data delivered under this Program Guide and the MOU.

3.13 Public Education and Information

(Please note: This differs from the IIIB service categories within the data dictionary that have the same names)

Public Education and Information (PE&I) falls into two categories:

1. Educational – materials that educate and inform an audience such as activity books, coloring books, brochures, and posters.

2. Promotional – material that promotes, supports, or enhances efforts and directly relates to the project objective such as key chains, onboard signs, mugs, pencils, magnets, and litter bags. The State of California and CDA does NOT allow CDA funds to be used for this purpose.

The AAA shall assure that publications, press releases, paid and earned advertisements, outreach and media, media and kick-off events, educational materials and public notice conditions are met by ensuring that:

Materials published or transferred by the AAA and financed with funds under this Program Guide and the MOU shall include the following funding disclaimer:

a. “The materials or product were a result of a project funded by a contract with the California Department of Aging”.

AAAs and subcontractors that produce educational materials that mention the CDA name (outside of the funding disclaimer) or use the CDA logo must receive approval from the CDA Office of Communications prior to production. Subrecipients that produce PE&I materials must receive written approval from the CDA Office of Communications if the CDA is mentioned anywhere other than within the funding disclaimer, or if the CDA logo is used. Subrecipients should allow a minimum of ten (10) business days for approval; they should contact the CDA Office of Communications for assistance (Communications@aging.ca.gov).

AAAs should also advise vendors that all materials used in the production of public outreach materials paid for with grant funds are the property of the AAA and the CDA (i.e., data, plates, digital files, camera-ready artwork, designs, concepts, photographs, video and audio). The CDA reserves the right to use materials developed by the AAA and/or subcontractor.

Questions regarding the inclusion, size or placement of the CDA logo should be directed to the CDA Office of Communications.

All documents produced must comply with Federal Acquisition Regulation, Section 508, which governs document accessibility.

3.13.1 S.W.A.G Ban *(Revised 08/25)*

1. In 2011, Governor Jerry Brown issued an executive memo that has banned state agencies and departments from spending taxpayer money on promotional items, which he named “S.W.A.G.”.

S.W.A.G stands for “Stuff We All Get”. The executive memo has **not** been overturned and is still in effect; accordingly, all entities that receive state funds must adhere to the executive memo.

SPECIFIC EXAMPLES OF S.W.A.G.

In the executive memo, Governor Brown named specific items that constitute S.W.A.G., which he defined as “free giveaway and gift items”, including key chains, squeeze toys, pens, hats, trinkets, shirts, cups, flashlights, ashtrays, and other “unnecessary” items. This is not an exhaustive list.

Ultimately, there is no specific case law defining S.W.A.G.; each case is unique. AAAs must assess whether an item is either S.W.A.G., or an allowable expense. The decision to proceed with the purchase at issue as an allowable expense requires the AAA to maintain a record and keep a written justification regarding the purchase in its procurement file as discussed below:

2. KEEPING WRITTEN JUSTIFICATION FOR PROCUREMENT

If the AAA determines that it is moving forward with the purchase of a promotional item, it should comply with the procedures outlined in SCM Vol. 2 Chapter 400, section 401:

Promotional Materials – 401

Prior to conducting a purchase for promotional materials, written justification must be kept in the procurement file supporting how the purchase of promotional materials meets the departmental mission and the AAA's business needs. Written justifications should include a description of the type of event(s) and how the promotional material(s) will be used.

[See: https://www.dgs.ca.gov/PD/Resources/SCM/TOC/2/2-8, *All expenditures of public funds must support the Department's function, purpose, and benefit the state.]*

3. FUNCTIONALITY AS AN ASSESSMENT FACTOR

In conducting its analysis on whether a promotional item constitutes S.W.A.G. or should be deemed an allowable expense, the AAA may consider:

- The functionality of the item,
- Whether the item is given to a targeted group of people vs. to the general public,
- Whether the items are to be used for promotional purposes in support of the departmental mission and the AAA's business needs.

4. AAAs should work with their counsel to determine whether a promotional item may constitute S.W.A.G. If the AAA deems the item an allowable expense, this will trigger the requirement to maintain written justification in its procurement files.

3.13.2 Advertising and Public Relations

The AAA shall assure that publications, press releases, paid and earned advertisements, outreach and media, media and kick-off events, educational materials and public notice conditions are met by ensuring that:

Materials published or transferred by the AAA and financed with funds under this Program Guide and the MOU shall include the following funding disclaimer:

a. "The materials or product were a result of a project funded by a contract with the California Department of Aging".

Any materials that utilize the CDA logo or name (outside of the funding disclaimer), require approval by the CDA Office of Communications prior to publication and dissemination. The use of the CDA logo and CDA mention outside of the funding disclaimer is at the discretion of the AAA. If the CDA logo or CDA mention is used, the AAA shall email the draft language and materials a minimum of ten (10) business days in advance of publication and dissemination

to communications@aging.ca.gov and the appropriate CDA Program staff point of contact.

Language and materials submitted will be assessed in batches on the first and fifteenth of each month, with a minimum of ten (10) business days approval period.

3.13.3 Approval Requirements for Advertising and Public Relations

This section further clarifies the approval requirements as outlined in sections 3.13 and 3.13.2.

Approval Required

Materials that use the CDA logo, including:

- Paid advertising
- Earned advertising
- Outreach materials
- Educational materials
- Media events
- Public notices

No Approval Required:

- Materials that **only** mention CDA in the funding disclaimer "The materials were funding by a contract with the California Department of Aging." **without using** the CDA logo.
- Materials that **do not** mention the CDA name **or use** the CDA logo.

Social Media Posts

Approval Required:

- Social media posts that mention the CDA name or use the CDA logo

No Approval Required:

- Social media posts that **do not** mention the CDA name **or use** the CDA logo, even if CDA funds are involved.
- Tagging @calaging on X, Facebook or LinkedIn is optional but encouraged to keep CDA informed about your organization's activities.

Specific Scenarios and Examples

- Paid advertisement in local newspaper - No approval is needed if the promotion includes the funding disclaimer **without** the CDA logo or mentioning CDA.
- Public Notices - No approval is needed for public notices about Area Plan updates or RFPs that use template language but **do not use** CDA logo.
- Examples of materials **requiring** approval:

Press releases, brochures, websites, flyers, invitations, presentations, and reports that **mention** the CDA name beyond the funding disclaimer language **or use** the CDA logo with or without other logos.

Submission Process
Submit language and materials needing approval to communications@aging.ca.gov

- Review timeline: Typically, within ten (10) business days
- Review dates: First and fifteenth of each month
- Urgent requests: Notify Office of Communications if expedited approval is needed

Questions

- For questions about approval requirements email communications@aging.ca.gov

3.13.4 Copyrights/Trademarks

The CDA reserves a royalty-free, non-exclusive and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for federal or state government purposes the following:

1. The copyright/trademark in any work developed under a grant, sub grant or contract under a grant or sub grant.

2. Any rights of copyright/trademark to which a AAA or subcontractor purchases ownership with grant funds.

3.14 Funds

3.14.1 Expenditure of Funds

1. The AAA shall expend all funds received to perform services outlined within this Program Guide and the MOU.

2. Any reimbursement for authorized travel and per diem shall be at rates not to exceed those amounts paid by the State in accordance with the California Department of Human Resources' (CalHR) rules and regulations.

In State:

Mileage/Per Diem (meals and incidentals)/Lodging
https://www.calhr.ca.gov/employees/pages/travel-reimbursements.aspx

Out of State: http://hrmanual.calhr.ca.gov/Home/ManualItem/1/2201

This is not to be construed as limiting the AAA from paying any differences in costs, from funds other than those provided by CDA, between the CalHR rates and any rates the AAA is obligated to pay under other contractual agreements. No travel outside the state of California shall be reimbursed unless prior written authorization is obtained from the State. [SCM 3.17.2.A(4)]

The AAA agrees to include these requirements in all contracts it enters into with subcontractors to provide services pursuant to this Program Guide and the MOU.

3. CDA reserves the right to refuse payment to the AAA or disallow costs for any expenditure, as determined by CDA to be: out of compliance with this Program Guide and the MOU, unrelated or inappropriate to contract activities, when adequate supporting documentation is not presented, or where prior approval was required, but was either not requested or not granted.

3.14.2 Accountability for Funds

The AAA shall maintain accounting records for funds received under the terms and conditions of this Program Guide and the MOU. These records shall be separate from those for any other funds administered by the AAA and shall be maintained in accordance with Generally Accepted Accounting Principles and Procedures and the Office of Management and Budget's (OMB) Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. [2 CFR 200] [45 CFR 75]

3.14.3 Financial Management Systems

The AAA shall meet the following standards for its financial management systems, as stipulated in 2 CFR 200.302 and 45 CFR 75.302:

1. Financial Reporting.
2. Accounting Records.
3. Complete Disclosure.
4. Source Documentation.
5. Internal Control.
6. Budgetary Control.
7. Cash Management (written procedures).
8. Allowable Costs (written procedures).

3.14.4 Unexpended Funds

Upon termination, cancellation, or expiration of the MOU, or dissolution of the entity, the AAA shall return to the State immediately upon written demand, any funds provided under this Program Guide and the MOU, which are not payable for goods or services delivered prior to the termination, cancellation, or expiration of the MOU, or the dissolution of the entity.

3.14.5 Funding Contingencies

1. It is understood between the parties that this Program Guide and the MOU may have been written before ascertaining the availability or appropriation of funds, for the mutual benefit of both parties, in order to avoid program and fiscal

delays that would occur if this Program Guide and the MOU were executed after that determination was made.

2. This Program Guide and the MOU is valid and enforceable only if sufficient funds are made available to the State by the United States Government or the Budget Acts of the appropriate fiscal years for purposes of this program(s). In addition, this Program Guide and the MOU is subject to any additional restrictions, limitations, or conditions enacted by the Congress or the Legislature that may affect the provisions, terms, or funding of this Program Guide and the MOU in any manner.

3.14.6 Limitation of State Liability

Payment for performance by the AAA shall be dependent upon the availability of future appropriations by the Legislature or Congress for the purposes of this Program Guide and the MOU and approval of an itemized Budget. No legal liability on the part of the State for any payment may arise under this Program Guide and the MOU until funds are made available; the itemized Budget is received and approved by the State and the AAA has received an executed MOU.

3.14.7 Funding Reduction

1. If funding for any State fiscal year is reduced or deleted by the Department of Finance, Legislature, or Congress for the purposes of the services outlined within this Program Guide and the MOU, the State shall have the option to either:

   a. Terminate the MOU

   b. Offer a revision to the Budget Display to reflect the reduced funding authorized by the authority of the MOU.

2. In the event the State elects to offer a revised budget display(s), it shall be mutually understood by both parties that:

   a. The State reserves the right to determine which programs, if any, shall be reduced.

   b. Some programs may be reduced by a greater amount than others, and

   c. The State shall determine at its sole discretion the amount that any or all of the programs shall be reduced for the applicable fiscal years.

3.14.8 Interest Earned

1. Interest earned on federal advance payments deposited in interest-bearing accounts must be remitted annually to CDA. Interest amounts up to $500 per year may be retained by the AAA and subcontractors for administrative expenses. [2 CFR 200.305(b)(9)] [45 CFR 75.305 (b)(9)]

2. Interest earned on advances of federal and non-federal funds shall be identified as non-match cash. [2 CFR 200.305(b)(8)] [45 CFR 75.305(b)(8)]

3. The AAA must maintain advance payments of federal awards in interest-bearing accounts, unless the following apply: [2 CFR 200.305(b)(8)] [45 CFR 75.305 (b)(8)]

a. The AAA receives less than $120,000 in federal awards per year.

b. The best reasonably available interest-bearing account would not be expected to earn interest in excess of $500 per year on federal cash balances.

c. The depository would require an average or minimum balance so high that it would not be feasible within the expected federal and non-federal cash resources.

d. A foreign government or banking system prohibits or precludes interest bearing accounts.

3.15 Fiscal Provisions

1. The MOU must be approved prior to release and disbursement of any program funding included within this Program Guide via the budget displays.

2. Upon release of an original or revised budget display, a separate budget for all programs affected shall be submitted electronically to CDA's Local Finance Bureau within 30 days of release.

3. Budgets must be approved by CDA's Local Finance Bureau prior to any disbursement of funding.

4. CDA cannot disburse funds until the enactment of the Budget Act has occurred and/or CDA has received funding authority.

5. Budget Displays reference terms specific to each program funding source, which shall be used to determine disbursement of funding.

6. AAAs shall follow other fiscal provisions and terms as outlined in the program guide.

4 AREA PLAN (AP)

4.1 Introduction

Each year, the federal government provides California funding for programs authorized by the Older Americans Act (OAA) and related federal legislation. OAA programs provide vital services for older adults related to nutrition, health and wellness, caregiver support, and much more.

To receive this federal funding, California must submit a State Plan on Aging to the federal Administration for Community Living every four years that identifies specific goals related to OAA programs.

4.2 Assurances

The AAA shall assure that the following conditions are met:

1. Services are provided only to the defined Eligible Service Population.

2. If the AAA makes any award of funds to a public or private nonprofit agency, for the following purposes: (1) acquiring, altering, leasing, or renovating a facility, including a mobile facility, for use as a multipurpose senior center or (2) constructing a facility, including a mobile facility, for use as a multipurpose senior center, the AAA shall adhere to the program requirements and to 45 CFR 75.327(2), "Procurement Standards" (procurement by contractors and subcontractors for nonprofit organizations), and 45 CFR 75.327 (procurement for State and local governments), as applicable.

3. The AAA shall comply with the standards and guidelines for procurement of supplies, equipment, construction, and services as provided in 45 CFR 75.328.

4. The AAA assures that when an existing facility has been altered (with funds made available to perform the services outlined within this Program Guide and the MOU) and is used as a multipurpose senior center, the period of time in which such facility shall be used as a center is as follows:

   a. Not less than three (3) years from the date the MOU terminates, where the amount provided by CDA, including the non federal share, does not exceed $30,000.

   b. If the amount provided by CDA exceeds $30,000, the fixed period of time shall be not less than three (3) years from the date of MOU plus one (1) year for each additional $10,000, or part thereof, to a maximum of $75,000.

   c. For amounts provided by CDA which exceed $75,000, the fixed period of time shall be no less than ten (10) years.

5. Any multipurpose senior center constructed with funds made available by this Program Guide and the MOU shall be used for that purpose for at least twenty (20) years after completion of that construction.

6. Any facility to be used as a senior center and acquired with funds made available by this Program Guide and the MOU shall be used for that purpose for at least ten (10) years from the date of acquisition.

7. Any AAA awarded Title III funds for senior center acquisition or construction will have a completed and notarized Notice of Assurances to the

State of California of the Use of Property and the United States' Right of Recapture (CDA 214) recorded with the County Recorder. The AAA shall periodically validate continuing use of such facility as a senior center during the recapture period.

8. CDA will make funds available only for the support of activities specified in an approved and current Area Plan that is in compliance with State and federal laws and regulations.

9. The AAA and/or its subcontractors shall make use of trained volunteers to expand the provision of FCSP activities in accordance with OAA § 373(d).

10. An individual's receipt of services under the In-Home Supportive Services Program shall not be the sole cause for denial of any services provided by the AAA or its subcontractors.

11. Funds made available under this Program Guide and the MOU shall supplement, and not supplant, any federal, State, or local funds expended by a State or unit of general purpose local government to provide Title III (excluding III E) and Title VII services.

12. The following closely related programs identified by CFDA number are to be considered as an "other cluster" for purposes of determining major programs or whether a program-specific audit may be elected. The AAA shall identify the CFDA titles and numbers to the independent auditor conducting the organization's single audit along with each of its subcontractors. The funding source (Federal Grantor) for the following programs is the U.S. Department of Health and Human Services, Administration for Community Living.

a. 93.041 - Special Programs for the Aging-Title VII-A, Chapter 3 – Programs for Prevention of Elder Abuse, Neglect, and Exploitation (Title VII-A, Chapter 3).

b. 93.042 - Special Programs for the Aging-Title III B & VII-A, Chapter 2 – Long-Term Care Ombudsman Services for Older Individuals (Title III B & VII-A, Chapter 2).

c. 93.043 - Special Programs for the Aging-Title III, Part D – Disease Prevention and Health Promotion Services (Title III D)

d. 93.044 - Special Programs for the Aging-Title III, Part B – Grants for Supportive Services and Senior Centers (Title III B)

e. 93.045 - Special Programs for the Aging-Title III, Part C – Nutrition Services (Title III C)

f. 93.052 - National Family Caregiver Support Program-Title III, Part E.

g. 93.053 - Nutrition Services Incentive Program

"Cluster of programs" means a grouping of closely-related programs that share common compliance requirements. The types of clusters of programs are research and development, student financial aid, and other clusters. "Other clusters" are defined by the consolidated CFR in the Compliance Supplement or as designated by a state for federal awards provided to its subcontractors that meet the definition of "cluster of programs." When designating an "other cluster," a state shall identify the federal awards included in the cluster and advise the subcontractors of compliance requirements applicable to the cluster. A "cluster of programs" shall be considered as one program for determining major programs, as described in 45 CFR 75.525(a), whether a program-specific audit may be elected.

[Federal Office of Management and Budget, [45 CFR 75 Requirements], Audits of States, Local Governments 45 CFR 75 Appendix V to part 75 F. 1., and Non-Profit Organizations 45 CFR 75 Appendix IV to part 75 C. 2.a.]

13. The AAA assures that voluntary contributions shall be allowed and may be solicited in accordance with the following requirements [OAA § 315(b)]:

a. The AAA or any subcontractors for any Title III or Title VII-A services shall not use means tests.

b. Any Title III or Title VII-A client that does not contribute toward the cost of the services received shall not be denied services.

c. Methods used to solicit voluntary contributions for Title III and Title VII-A services shall be non-coercive.

d. Each service provider will:

i. Provide each recipient with an opportunity to voluntarily contribute to the cost of the service.

ii. Clearly inform each recipient that there is no obligation to contribute and that the contribution is purely voluntary.

iii. Protect the privacy and confidentiality of each recipient with respect to the recipient's contribution or lack of contribution; and

iv. Establish appropriate procedures to safeguard and account for all contributions.

v. Use all collected contributions to expand the services for which the contributions were given and to supplement (not supplant) funds received under this Act.

14. Any Title III and Title VII service shall not implement a Cost Sharing program unless approved by CDA.

15. The AAA shall comply with OAA § 306(a)(17), which requires an AAA to include in its Area Plan information on how it will coordinate activities and develop long-range emergency preparedness plans with local and State emergency response agencies, relief organizations, local and State governments, the Local Ombudsman Program, and any other institutions that have responsibility for disaster relief service delivery.

16. The AAA, at a minimum, shall identify and make contact with its local Office of Emergency Services (OES) to define their respective roles and responsibilities. This contact shall include a discussion of the types of clients served by the AAA and how OES will address their needs in the community.

17. The AAA shall furnish annually, or whenever a change occurs, the name of its Disaster Coordinator to the CDA Disaster Coordinator.

18. The AAA shall assure that its Information and Assistance staff have written procedures in place and are trained at least annually on how to handle emergencies. As specified in 22 CCR § 7547, the training shall consist of:

a. Familiarity with telephone numbers of fire, police, and ambulance services for the geographic area served by the provider. These telephone numbers shall be posted near the telephone for easy access when an emergency arises.

b. Techniques to obtain vital information from older individuals and persons with disabilities who require emergency assistance.

c. Making written emergency procedure instructions available to all staff who have contact with older individuals or persons with disabilities.

19. The AAA shall not require proof of age, citizenship, or disability as a condition of receiving services.

20. The AAA shall assure that the following publication conditions are met:

Materials published or transferred by the AAA and financed with funds under this Program Guide and the MOU shall:

a. state, “The materials or product were a result of a project funded by a contract with the California Department of Aging”.

b. give the name of the entity, the address, and telephone number at which the supporting data is available and include a statement that, "The conclusions and opinions expressed may not be those of the California Department of Aging and that the publication may not be based upon or inclusive of all raw data."

4.2.1 Title III B and Title VII (Programs for Prevention of Elder Abuse, Neglect, and Exploitation; and Long-Term Care Ombudsman Services for Older Individuals)

The AAA shall assure the following:

1. Long-Term Care Ombudsman funds from Title III B and VII – A, Chapter 2 shall be used exclusively for the Long-Term Care Ombudsman Program.

2. The Long-Term Care Program Coordinator shall establish and monitor the budget for the Program

3. Long-Term Care Ombudsman Services in the Planning and Service Area will be carried out by the agency that has been designated by the State Ombudsman to provide those services. [OAA § 712(a)(5)(A); 45 CFR 1324.13(c)]

4. The Local Ombudsman Program, its governing board members, representatives of the Local Ombudsman Program, OSLTCO, and members of their immediate families shall be free of actual and perceived conflicts of interest. [OAA § 712(f)(1)(B); 45 CFR 1324.21]

5. Representatives of the Local Ombudsman Program shall have unescorted, unhindered access to long-term care facilities and long term care facility residents between the hours of 7:00 a.m. and 10:00 p.m., seven days a week. [OAA § 712(b)(1)(A); 45 CFR 1324.11(e)(2)(i); Welf. & Inst. Code § 9722(a); 22 CCR 8020(a)]. Authorization by the State Ombudsman is required for entry outside of these hours. [Welf. & Inst. Code § 9722(a); 22 CCR 8020(b)]

6. Representatives of the Local Ombudsman Program shall have access to the medical and personal records of residents with appropriate documentation of consent, or when authorized by the State Ombudsman, in accordance with policies developed by the State Ombudsman. [OAA § 712(b)(1)(B)] [45 CFR 1324.11(e)(2)(iv)] [Welf. & Inst. Code § 9724].

7. Representatives of the Local Ombudsman Program, upon request to a long-term care facility staff, shall be provided with a roster, census, or other list of the names and room numbers or room locations of all current residents. [Welf. & Inst. Code § 9722(d)]

8. Representatives of the Local Ombudsman Program shall not carry out the responsibilities of the Program until the State Ombudsman accepts them for certification. [OAA § 712(h)(6)(B); 45 CFR 1324.13(c)(3); Welf. & Inst. Code § 9719(a)]

9. All records and files maintained by the local Ombudsman Program relating to any complaint or investigation shall remain confidential unless disclosure is authorized by the resident, resident representative, State Ombudsman, or local Ombudsman Program Coordinator in compliance with OSLTCO policies and procedures. [OAA §§ 705(a)(6)(C); 712)] [45 CFR 1324.11(e)(3); 1324.19(b)(6-9)] [Welf. & Inst. Code § 9725]

10. The Local Ombudsman Program shall enter into a Memorandum of Understanding (MOU) with the Legal Services Provider (LSP) which will address conflict of interest, provision of legal advice, procedures for referral, and other technical assistance. The LSP may assist the State in providing legal representation to the Program when an Ombudsman Representative has been subpoenaed or a suit or other legal action has been threatened or brought against the performance of the official duties of the Ombudsman Representative. [OAA § 712(h)(8); 45 CFR 1324.13(h)(10); Welf. & Inst. Code § 9717(c); Statewide Standards for Legal Assistance in California]

11. Each Local Ombudsman Program shall maintain a separate budget. The Local Ombudsman Program Coordinator shall be responsible for managing the day-to-day operation of the Program, including managing all paid staff and volunteers in the Program. The Local Ombudsman Coordinator shall determine budget priorities, develop or participate in budget preparation, and be informed of budget allocations by the Contractor specific to the Ombudsman Program. [45 CFR 1324.13(f)]

12. The Local Ombudsman Program Coordinator shall provide CDA with an organizational chart that includes:

a. All local staff that are wholly or partly funded by Ombudsman Program resources.

b. Their titles/roles within the Program.

c. The number of hours per week charged to the Local Ombudsman Program for each position. [45 CFR 1324.13(b),(c)]

13. The Local Ombudsman Program Coordinator shall attend OSLTCO New Coordinator Training when initially designated as coordinator and OSLTCO biannual training conferences. [45 CFR 1324.13(c)(2); Welf. & Inst. Code § 9719(a)(1)]

14. The Local Ombudsman Program Coordinator shall inform CDA/OSLTCO of issues with local Ombudsman Representatives, complex cases, situations with potential legal implications, changes in staffing, emerging regional issues with statewide impact, breaches of confidentiality, and conflict of interest issues. [45 CFR 1324.13(b),(c)]

15. Representatives of the Local Ombudsman Program shall conduct interviews/investigations in a confidential manner and the Program shall have office space and telecommunications that protect the confidentiality of all complaint-related communications and records. [OAA § 712(a)(3)(D); 45 CFR 1324.19(b)(2)(i); Welf. & Inst. Code §§ 9725; 15633(c)]

16. Each Local Ombudsman Program shall have information systems sufficient to run State-approved database systems and to receive and send confidential e-mail messages to and from CDA. [OAA § 712(c); 45 CFR 1324.13(d); Welf. & Inst. Code § 9716(a)]

17. The entity providing Ombudsman services must be insured or self-insured for professional liability covering all Ombudsman activities including, but not limited to, investigation of resident complaints.

4.2.2 Assurances Specific to Legal Service Providers (LSPs)

In accordance with OAA § 731, the AAA shall assure that the following conditions are met:

1. LSPs will coordinate with State-designated providers of Long-Term Care Ombudsman services by developing and executing an MOU which will address conflict of interest, provision of legal advice, procedures for referral and other technical assistance.

2. LSPs may provide direct legal assistance to residents of the long-term care facilities where the clients are otherwise eligible and services are appropriate.

3. Where both legal and Ombudsman services are provided by the same agency, providers must develop and follow policies and procedures to protect the integrity, resources, and confidentiality of both programs.

4. LSPs may assist the State in providing legal representation to the Ombudsman Program when an Ombudsman or the program is named as a party or witness, in a subpoena, civil suit or other legal action challenging the performance of the official duties of the Ombudsman.

5. LSPs are to coordinate with the local Legal Services Corporation (LSC) program, if the provider is not an LSC-funded program.

6. LSPs are to coordinate with the network of other service providers, including but not limited to, other LSPs, Long-Term Care Ombudsman Programs, Health Insurance Counseling and Advocacy Programs, senior information and assistance, Adult Protective Services, law enforcement, case management services and focal points.

7. LSPs are to coordinate legal assistance activities with the statewide hotline and private Bar, including groups within the private Bar furnishing services to older individuals on a pro bono or reduced fee basis.

8. LSPs are to collect required data elements on legal services provided and report in CARS.

Waiver of this section of the Program Guide may be obtained from CDA pursuant to Section 1.7 of this Program Guide entitled, Amendments, Revisions, or Modifications.

4.2.3 Title III E (National Family Caregiver Support Program)

1. Funds made available under Title III E shall be budgeted and expended in accordance with the five core federal support service components specified in OAA § 373(b), distinguished between “family caregivers” and “older relative caregiver” support services, as required for Older Americans Act Performance System (OAAPS).

    a. Data and Financial Reporting for Title IIIE FCSP shall be in keeping with the OAAPS expanded 16 service categories

2. Funds made available under Title III E shall enable comprehensive and multifaceted systems of support services that include the five federal support service components for both “family caregiver” and “older relative caregiver” [OAA § 373(a) (b)], unless the AAA has documented through the Area Plan process that one or more of these components is being addressed by other sources.

3. Funds made available under Title III E shall supplement and not supplant other services that may directly or indirectly support unpaid caregiving, such as Medicaid waiver programs (e.g., the Multipurpose Senior Services Program, etc.) or other caregiver services such as those provided through the Department of Social Services’ Kinship Support Service Programs, the California Community Colleges’ Foster and Kinship Care Education Programs, the Department of Developmental Services’ Regional Centers, the California Caregiver Resource Centers, and other Title III funded providers.

4.3 Program Definitions

4.3.1 Definitions Specific to Title III and Title VII Programs *(Revised 08/25)*

1. **Caregiver Assessment:** a defined process of gathering information to identify the specific needs, barriers to carrying out caregiving responsibilities, and existing supports of a family caregiver or older relative caregiver, as identified by the caregiver involved, to appropriately target recommendations for support services described in OAA §373(b). Such assessment shall be administered through direct contact with the caregiver, which may include contact through a home visit, the Internet, telephone, or teleconference, or in-person interaction. [OAA §372(a)(1)]

2. **Child:** an individual who is not more than eighteen (18) years of age, and has not yet attained the statutory age of majority [Cal. Fam. Code §§ 6500-6502]

3. **Coordination:** activities that involve the active participation of the AAA staff to include liaison with non-Older Americans Act funded agencies and organizations for the purpose of avoiding duplication, improving services, resolving problems related to service delivery, and addressing the service needs of the eligible service population.

4. **Eligible Service Population for Title III B and D:** individuals sixty (60) years of age or older, with emphasis on those in greatest economic and social need with particular attention to low-income minority older individuals, older individuals with Limited English Proficiency (LEP), and older individuals residing in rural areas. [OAA § 305 (a)(2)(E); 22 CCR 7119, 7125, 7127, 7130, 7135 and 7638.7]

5. **Eligible Service Population for Title III C-1 and C-2:** individuals sixty (60) years of age or older, with emphasis on those in greatest economic and social need with particular attention to low-income minority older individuals, older individuals with LEP, and older individuals residing in rural areas. [OAA § 305 (a)(2)(E); 22 CCR 7125, 7127, 7130, 7135]

   a. Individuals eligible to receive a meal at a congregate nutrition site are:

      i. Any older individual.

      ii. The spouse of any older individual.

      iii. A person with a disability, under age sixty (60) who resides in housing facilities occupied primarily by older individuals at which congregate nutrition services are provided.

      iv. A disabled individual who resides at home with and accompanies an older individual who participates in the program.

v. A volunteer under age sixty (60), if doing so will not deprive an older individual age sixty (60) or older of a meal. [CCR 7636.9(b)(3); CCR 7638.7(b); and OAA 339(H)]

b. Individuals eligible to receive a home-delivered meal are individuals who are:

i. Frail as defined by 22 CCR 7119, homebound by reason of illness or disability, or otherwise isolated. (These individuals shall be given priority in the delivery of services.) [45 Code of Federal Regulations (CFR) 1321.69(a)].

ii. A spouse of a person defined in 22 CCR 7638.7(c)(2), regardless of age or condition, if an assessment concludes that is in the best interest of the homebound older individual.

iii. An individual with a disability who resides at home with older individuals, if an assessment concludes that it is in the best interest of the homebound older individual who participates in the program.

6. **Eligible Service Population for Title III E:** an adult family member, or another individual, who is an informal provider of in-home and community care to an older individual or to an individual of any age with Alzheimer's disease or a related disorder with neurological and organic brain dysfunction. Older relative caregivers (age 55+) who are primarily caring for a child or individual with a disability are also eligible for services. [OAA § 302(3)]

7. **Indirect Costs:** costs incurred for a common or joint purpose benefiting more than one cost objective and not readily assignable to the cost objective specifically benefited, without effort disproportionate to the results achieved.

8. **Individual with a disability:** an individual with a disability, as defined in Section 3 of the Americans with Disabilities Act of 1990 (42 U.S.C. 12102), who is not less than age 18 and not more than age 59. [OAA § 372(a)(3)]

9. **In-kind Contributions:** the value of non-cash contributions donated to support the project or program (e.g., property, service, etc.).

10. **Matching Contributions:** local cash and/or in-kind contributions made by the AAA, a subcontractor, or other local resources that qualify as match for the program funding.

11. **Non-Matching Contributions:** local funding that does not qualify as matching contributions and/or is not being budgeted as matching contributions (e.g., federal funds, overmatch, etc.).

12. **Nutrition Education:** an intervention targeting OAA participants and caregivers that uses information dissemination, instruction, or training with the intent to support food, nutrition, and physical activity choices and behaviors (related to nutritional status) in order to maintain or improve health and address nutrition-related conditions. Content is consistent with the Dietary Guidelines for Americans; is accurate, culturally sensitive, regionally appropriate, and considers personal preferences; and is overseen by a registered dietitian or individual of comparable expertise as defined in the OAA.

13. **Nutrition Services Incentive Program (NSIP):** the program whose purpose is to provide incentives to encourage and reward effective performance by AAAs in the efficient delivery of nutritious meals to older individuals. The program consists of a cash allotment based on the ratio of the number of meals served by each Planning and Service Area (PSA) compared to the total number of meals served in the State in the prior-prior federal fiscal year.

14. **Older relative caregiver:** a caregiver who:

    a. is age 55 or older; and

    b. lives with, is the informal provider of in-home and community care to, and is the primary caregiver for, a child or an individual with a disability;

    c. In the case of a caregiver for a child:

        i. is the grandparent, step grandparent, or other relative (other than the parent) by blood, marriage, or adoption, of the child;

        ii. is the primary caregiver of the child because the biological or adoptive parents are unable or unwilling to serve as the primary caregivers of the child; and

        iii. has a legal relationship to the child, such as legal custody, adoption, or guardianship, or is raising the child informally

    d. In the case of a caregiver for an individual with a disability, is the parent, grandparent, or other relative by blood, marriage, or adoption, of the individual with a disability. [OAA § 372(a)(4)(C)]

15. **One-Time-Only Funds:**

    a. Titles III and VII federal funds allocated to the AAA in a State fiscal year that are not expended or encumbered for services and administration provided by June 30 of that fiscal year as reported to the CDA in the Area Plan Financial Closeout Report. [22 CCR 7314(a)(6)]

    b. Title III and VII federal funds recovered from an AAA as a result of a fiscal audit determination and resolution by CDA. [22 CCR 7314(a)(7)]

c. Supplemental Title III and Title VII program funds allocated by the Administration on Aging to CDA as a result of the federal reallotment process. [22 CCR 7314(a)(8)]

16. **Priority Services for Title III B:** those services associated with access to services (transportation, outreach, information and assistance, and case management); in-home services including supportive services such as respite and visiting, for families of older individuals who are victims of Alzheimer's disease and related disorders with neurological and organic brain dysfunction; and legal assistance.

17. **Priority Services for Title III E:** services provided to:

a. Caregivers who are older individuals with greatest social need, and older individuals with greatest economic need (with particular attention to low-income older individuals)

b. Older relative caregivers of children with severe disabilities, or individuals with disabilities who have severe disabilities. [OAA§373(c)(2)(A-B)]

c. Family caregivers who provide care for individuals with Alzheimer's disease and related disorders with neurological and organic brain dysfunction. [OAA § 372(b)]

18. **Program Development:** activities that either establish a new service or expand or integrate existing services.

19. **Program Income:** revenue generated by the AAA or the subcontractor from program-supported activities and may include:

a. Voluntary contributions received from a participant or other party for services received.

b. Income from usage or rental fees of real or personal property acquired with grant funds or funds provided under this Program Guide and the MOU.

c. Royalties received on patents and copyrights from Program Guide and MOU-supported activities.

d. Proceeds from the sale of goods created under CDA grant funds.

20. **Program Requirements:** Title III program requirements found in the OAA [42 USC 3001-3058]; [45 CFR 1321]; the California Code of Regulations [22 CCR 7000 et seq.]; and CDA Program Memoranda, and California Retail Food Code (CRFC).

21. **Title III B (Supportive Services):** a variety of services including, but not limited to: personal care, homemaker, chore, adult day health care, case management, assisted transportation, transportation, legal assistance, information and assistance, outreach, outreach, services that promote or support social connectedness and reduce negative health effects associated with social isolation, and long-term care ombudsman advocacy, as defined in the Older Americans Act Performance System (OAAPS) categories and the National Ombudsman Reporting System (NORS). [OAA § 321(a)]

22. **Title III C-1 (Congregate Nutrition Services):** nutrition services provided to older individuals in an in-person or virtual congregate setting. Services include meals, nutrition education, nutrition risk screening, and opportunities for socialization. Each meal shall provide one-third (1/3) of the Dietary Reference Intakes (DRI) and comply with the most current Dietary Guidelines for Americans (DGA). To be an eligible Title III C-1 congregate nutrition site, the site must meet all of the following criteria: [22 CCR 7638.7(a)]

a. Be open to the public. [45 CFR 1321.53(b)(3)]

b. Not means test. [OAA § 315(b)(3)]

c. Provide participants the opportunity to make voluntary contributions and not deny service for not contributing to the cost of the service. [OAA § 315(b)(4); 22 CCR 7638.9]

d. Not receive funds from another source for the cost of the same meal, equipment, or services. [2 CFR 200.403(f); 45 CFR 75.403(f)]

23. **Title III C-2 (Home-Delivered Nutrition Services):** nutrition services provided to frail, homebound, or isolated older individuals via home delivery or picked-up and consumed at their place of residence or otherwise outside of in-person or virtual congregating. Services include meals, nutrition education, and nutrition risk screening.

Each meal shall provide one-third (1/3) of the DRI and comply with the most current Dietary Guidelines for Americans. [22 CCR 7135, 22 CCR 7638.7(c)]

24. **Title III D (Health Promotion Evidence Based):** disease prevention and health promotion programs that are based on scientific evidence and demonstrated through rigorous evaluation to be effective in improving the health of older adults. Title III D evidence-based health promotion programs include programs related to the prevention and mitigation of the effects of chronic diseases (including osteoporosis, hypertension, obesity, diabetes, and cardiovascular disease), infectious disease, and vaccine-preventable disease, and prevention of sexually transmitted diseases. Evidence-based services also include programs focused on alcohol and substance abuse reduction, chronic

pain management, smoking cessation, weight loss and control, stress management, falls prevention, physical activity, and improved nutrition. [OAA 102 (14)(D)]

25. **Title III E Family Caregiver Support Program (FCSP) Five Required Core Categories** are:

a. Information Services

b. Access Assistance

c. Support Services

d. Respite Care

e. Supplemental Services

[OAA 373(b)(1)(2)(3)(4)(5)]

26. **To-Go Meals:** meals that are picked up by individuals 60 years of age or older (or their agent) or delivered to individuals 60 years of age or older who are not comfortable dining in a congregate meal setting.

a. C-1: To-Go meals are categorized as C-1 meals if they are consumed onsite and include in-person interaction (e.g., dining at congregate site such as restaurant, food truck, etc. or one-on-one with program volunteer) or consumed offsite and include virtual interaction (e.g., group interaction via Zoom, FaceTime, etc. or one-on-one with program volunteer via telephone) during the meal.

b. C-2: To-Go meals are categorized as C-2 meals if they are consumed offsite without in-person or virtual interaction.

4.3.2 Definitions Specific to Title VII-A (Allotments for Vulnerable Elder Rights Protection Activities – Long-term Care Ombudsman Programs)

1. **Eligible Service Population:** individuals who are residents of long-term care facilities (i.e., nursing, skilled nursing, distinct part facilities, residential care facilities for the elderly, and other adult care homes similar to these facilities), hereinafter referred to as residents, regardless of their socio-economic status or area of residence. [OAA §§ 102(35), 321(a)(10), 711(6); Welf. & Inst. Code § 9701(b),(e)]

2. **Local Ombudsman Program Coordinator:** the individual selected by the Governing Board or Executive Director responsible for the Local Ombudsman Program and designated by the State Ombudsman to represent the Local Ombudsman Program and the Office of the State Long-Term Care Ombudsman. This individual manages the day-to-day operations of the Local Ombudsman

Program, including implementation of federal and State requirements. [OAA § 712(a)(5)(A); Welf. & Inst. Code § 9701(d)]

3. **Local Ombudsman Program:** either a program of the AAA or its Subcontractor that is designated by the State Ombudsman to carry out the duties of the State Long-Term Care Ombudsman Program with respect to the Planning and Service Area. The selection is in accordance with policies and procedures established by the State Ombudsman and which meets the State Ombudsman's criteria for designation and concurrence. [OAA §§ 711(3), 712(a)(5)(A); 45 CFR 1324.1; Welf. & Inst. Code § 9701(a)]

4. **Office of the State Long-Term Care Ombudsman (OSLTCO):** the office established by CDA to carry out the State Long-Term Care Ombudsman Program, both directly and by contract between CDA and the AAAs. As a program of CDA, OSLTCO is responsible for activities that promote the development, coordination, and utilization of Ombudsman services. OSLTCO establishes and maintains effective communication with programs that provide legal services for the elderly and advocacy services of a similar nature that receive funding or official designation from the State. OSLTCO analyzes data, monitors government actions, and provides recommendations pertaining to long-term care facilities and services. OSLTCO periodically updates training procedures for Local Ombudsman Programs and provides them with administrative and technical assistance. [OAA §§ 711(1), 712(a)(1), 712(h); 45 CFR 1324.1; Welf. & Inst. Code §§ 9710, 9716, 9717]

5. **Ombudsman Representative:** the volunteer or employee of the Local Ombudsman Program who is individually certified by the State Ombudsman in accordance with policies and procedures established by the State Ombudsman to serve as representative of the Office. [OAA §§ 711(5), 712(a)(5)(A); 45 CFR 1324.1; Welf. & Inst. Code § 9712.5]

6. **State Long-Term Care Ombudsman Program:** the CDA program through which the functions and duties of OSLTCO are carried out, consisting of the State Ombudsman, OSLTCO headed by the State Ombudsman, and the representatives of the Office. [OAA § 712(a)(1)(B); 45 CFR 1324.1; Welf. & Inst. Code § 9700]

7. **State Long-Term Care Ombudsman (State Ombudsman):** the individual who heads OSLTCO and is responsible to personally, or through representatives of the Office, fulfill the functions, responsibilities and duties set forth in OAA § 712(a)(3) [OAA §§ 712(a)(2); 45 CFR 1324.1; Welf. & Inst. Code §§ 9701(f), 9711]

4.3.3 Definitions Specific to Title VII-A (Allotments for Vulnerable Elder Rights Protection Activities – Programs for Prevention of Elder Abuse, Neglect, and Exploitation)

1. **Elder Abuse Prevention Programs:** activities to develop, strengthen, and carry out programs for the prevention, detection, assessment, and treatment of, intervention in, investigation of, and response to elder abuse, neglect, and exploitation (including financial exploitation). [OAA § 721]

4.4 Scope of Work

The AAA shall:

1. Implement the statutory provisions of the Title III and Title VII Programs [OAA § 306] in accordance with State and federal laws and regulations. The AAA shall make every effort to meet the goals and objectives stipulated in the four-year Area Plan and annual updates of the Area Plan's Goals, Objectives, and Service Unit Plan, herein incorporated into this Program Guide by reference. Performance shall not be unilaterally reduced or otherwise changed without prior consultation with, and written approval from CDA. A service unit reduction of greater than ten percent (10%) requires written approval from CDA.

2. The AAA shall maintain a four-year Area Plan, with annual updates, as specified in 22 CCR 7300-7320. The Area Plan and Area Plan Updates are due May 1st of each year per Title 22 CCR Section 7304. Area Plan Guidance documents are released by CDA each year in preparation of the next Area Plan or Area Plan Update submission and provide additional information along with the template and format requirements. This guidance is released as part of a Program Memo that is sent out to the AAAs and also posted on the CDA website.

3. Establish and maintain an organization that shall have the ultimate accountability for funds received from CDA and for the effective and efficient implementation of the activities as described in the Area Plan and all pertinent State and federal laws and regulations including data reporting requirements.

4. Meet the adequate proportion requirements for priority services as required under OAA § 306(a)(2); 22 CCR 7312.

5. Maintain staff time records and documentation to identify the allocation of Program Development or Coordination activities to determine the amount of Program Development or Coordination expenditures. Records and documentation shall:

    a. Include a written description for each Program Development or Coordination activity in the staff time records that is of sufficient detail to define the event or type of activity.

b. Be traceable back to the Program Development or Coordination objectives as approved in the Area Plan.

6. Keep on file a written record/documentation supporting expenditures of Program Development or Coordination activities for five (5) years or until any audit is resolved, whichever is longer.

7. Meet the requirements under OAA § 301(a)(1)(A) to secure and maintain maximum independence and dignity in a home environment for the eligible service population capable of self-care with appropriate supportive and nutrition services.

8. Remove individual and social barriers to economic and personal independence for the eligible service population to the extent possible as required under OAA § 301(a)(1)(B).

9. Provide a continuum of care for the vulnerable eligible service population as required under OAA § 301(a)(1)(C).

10. Secure the opportunity for the eligible service population to receive managed in-home services as required under OAA § 301(a)(1)(D).

11. Conduct and/or promote activities for the prevention and treatment of elder abuse, neglect, and exploitation, as required under OAA § 721.

12. Enter into contracts with subcontractors that require them to provide services pursuant to 22 CCR 7352 to 7364, and ensure all applicable provisions required within this Agreement are included in the subcontract(s).

13. Review, approve, and monitor subcontractor budgets and expenditures and any subsequent amendments and revisions to budgets. The AAA shall, to the extent feasible, ensure that all budgeted funds are expended by the end of each fiscal year.

14. Monitor, on an ongoing basis, the Subcontractor's use of federal and State funds through reporting, site visits, regular contact, or other means to assure the Subcontractor administers federal and State awards in compliance with laws, regulations, and the provisions of contracts and that performance goals are achieved. The AAA must follow up and ensure that the Subcontractor takes timely and appropriate action on all deficiencies pertaining to the Federal programs detected through monitoring and on-site review. [CFR 75.352]. Onsite program monitoring must be conducted every two (2) years for all programs except Title III C-1 and Title III C-2, which must be conducted every year. Fiscal monitoring must be conducted every two (2) years for all programs including Title III C-1 and Title III C-2.

15. Provide support and technical assistance to subcontractors and respond in writing to all written requests for direction, guidance, and interpretation of instructions to include client and performance data.

16. Distribute and maintain up-to-date CDA requirements so that all responsible persons have ready access to standards, policies, and procedures.

17. Provide program information and assistance to the public.

18. Maintain a program data collection and reporting system as specified in Section 4.9 of this Program Guide.

19. Contract Title III case management services only to a public or non-profit agency, as required by 42 USC 3026(a)(8)(C).

20. Offer to each older individual seeking Title III case management services, a list of agencies that provide similar services within the jurisdiction of the AAA as specified in 42 USC 3026(a)(8)(C)(i)-(iii).

21. Include the identity of each designated community focal point in subcontracts as specified in 42 USC 3026(a)(3)(B).

22. Adhere to 48 CFR 3.908, implementing section 828, entitled “Pilot Program for Enhancement of Contractor Whistleblower Protections,” of the National Defense Authorization Act (NDAA) for Fiscal Year 2013 (Pub. L. 112-239, enacted January 2, 2013), applies to this Agreement.

23. Recognize any same-sex marriage legally entered into in a United States (U.S.) jurisdiction that recognizes their marriage, including one of the fifty (50) states, the District of Columbia, or a U.S. territory, or in a foreign country so long as that marriage would also be recognized by a U.S. jurisdiction. This applies regardless of whether or not the couple resides in a jurisdiction that recognizes same-sex marriage. However, this does not apply to registered domestic partnerships, civil unions or similar formal relationships recognized under the law of the jurisdiction of celebration as something other than a marriage. Accordingly, recipients must review and revise, as needed, any policies and procedures which interpret or apply federal statutory or regulatory references to such terms as “marriage,” “spouse,” family,” “household member’” or similar references to familial relationships to reflect inclusion of same-sex spouse and marriages. Any similar familial terminology references in the U.S. Department of Health and Human Services’ (HHS) statutes, regulations, or policy transmittals will be interpreted to include same-sex spouses and marriages legally entered into as described herein.

24. To ensure all data is collected for the unmet need as requested by the U.S. Legislature, the AAA, either as a direct service provider or through a subcontractor must develop and implement a Wait List policy and procedure. The

policy and procedure must include provisions for: prescreening individuals to determine eligibility; managing applicants' placement on and removal from the Wait List; periodically reviewing the eligibility and identified needs of applicants on the Wait List; and assigning priority for enrollment based on Wait list.

4.4.1 Title III B Ombudsman and Title VII (Programs for Prevention of Elder Abuse, Neglect, and Exploitation; and Long-Term Care Ombudsman Services for Older Individuals)

The AAA shall ensure that the Local Ombudsman Program, in accordance with policies and procedures established by OSLTCO, will:

1. Provide services to protect the health, safety, welfare and rights of residents. [OAA § 712(a)(5)(B)(i); 45 CFR 1324.19(a)(2); Welf. & Inst. Code §§ 9701(a), 9712.5(b)]

2. Ensure residents in the service area of the Local Ombudsman Program have regular, timely access to State Certified Ombudsman Representatives and timely responses to complaints and requests for assistance. [OAA § 712(a)(5)(B)(ii); 45 CFR 1324.19(a)(3); Welf. & Inst. Code § 9712.5(d)]

3. Identify, investigate, and seek to resolve complaints made by or on behalf of residents that relate to action, inaction, or decisions, that may adversely affect the health, safety, welfare, or rights of the residents. Regardless of the source of the complaint, Ombudsman representatives must act with appropriate consent and support and maximize resident participation in the process of resolving the complaint. [OAA § 712(a)(5)(B)(iii); 45 CFR 1324.19(a)(1), 1324.19(b); Welf. & Inst. Code §§ 9701(a), 9712.5(a)]

4. Identify, investigate, and seek to resolve complaints made by or on behalf of residents with limited or no decision-making capacity and who have no legal representative. If such a resident is unable to communicate consent to the Ombudsman representative, the Ombudsman representative shall seek evidence to indicate what outcome the resident would have communicated. In absence of evidence to the contrary, the Ombudsman representative shall assume that the resident wishes to have the resident's health, safety, welfare, and rights protected and work to accomplish that outcome. [OAA § 712(a)(5)(B)(vii); 45 CFR 1324.19(b)(2)(iii)]

5. Receive and investigate reports of suspected abuse, neglect and exploitation of elder or dependent adults occurring in long-term care facilities as defined in Welf. & Inst. Code § 15610.47. [Welf. & Inst. Code § 15630 et seq.]

6. Witness:

    a. Advance health care directives for residents of skilled nursing facilities [Probate Code 4675]

b. Property transfers with a fair market value of more than $100 from residents in long-term health care facilities to owners, employees, agents, or consultants of facilities and their immediate families or representatives of public agencies operating in facilities and members of their immediate families. [HSC § 1289]

7. Collect and submit data in accordance with the statewide uniform reporting system established by the State Ombudsman and the reporting provisions specified in this Program Guide. [OAA § 712(c); Welf. & Inst. Code § 9716(a)].

8. Represent the interests of residents before governmental agencies and seek administrative, legal, and other remedies to protect the health, safety, welfare, and rights of residents. [OAA § 712(a)(5)(B)(iv); 45 CFR 1324.19(a)(4); Welf. & Inst. Code § 9712.5(e)]

9. Review, comment, and facilitate the ability of the public to comment on proposed or existing laws, regulations, and other governmental policies and actions, that pertain to the rights and well-being of residents. [OAA § 712(a)(5)(B)(v); 45 CFR 1324.19(a)(5); Welf. & Inst. Code § 9712.5(g)-(i)]

10. Support, actively encourage, and assist in the development of resident and family councils. [OAA § 712(a)(5)(B)(vi); 45 CFR 1324.19(a)(6); Welf. & Inst. Code § 9726.1(a)(3)]

11. Carry out other activities that the State Ombudsman determines to be appropriate, including the following services [OAA § 712(a)(5)(B)(viii); 45 CFR 1324.19(a)(7)]:

a. Update, periodically, a plan for maintaining an ongoing presence in long-term care facilities. [OAA § 712(a)(3)(D); Welf. & Inst. Code § 9712.5(d)(1)]

b. Provide public information and technical support pertaining to long-term care services, including inspection reports, statements of deficiency, and plans of correction for long-term care facilities within the service area. [Welf. & Inst. Code § 9726.1(a)(1)]

c. Promote visitation programs and other community involvement in long-term care facilities within the service area. [Welf. & Inst. Code § 9726.1(a)(2), (4)]

d. Present community education and training programs to long-term care facility staff, human service workers, families and the general public about long-term care and residents' rights. [Welf. & Inst. Code § 9726.1(a)(5)]

e. Refer other individuals' complaints and concerns that a representative becomes aware are occurring in the facility to the appropriate governmental agency. [Welf. & Inst. Code § 9712.5(a)(2)]

12. Ensure that the Local Ombudsman Program, in accordance with policies and procedures established by the State Ombudsman, will use Citation Penalties Account funds, Licensing and Certification Program funds, Ombudsman General Funds, Older Americans Act funds, and Older Californians Act funds to support activities for the overall program.

13. Review and approve claims for Citation Penalties Account funds, Licensing and Certification Program funds, and Ombudsman General funds, Older Americans Act funds, and Older Californians Act funds.

14. Submit monthly fiscal documents to CDA, as determined by CDA, for Citation Penalties Account funds, Licensing and Certification Program funds, Ombudsman General funds, Older Americans Act funds, and Older Californians Act funds.

The AAA shall ensure that the Elder Abuse Prevention program shall do some or all of the following:

1. Provide for public education and outreach to identify and prevent elder abuse, neglect, and exploitation;

2. Provide for public education and outreach to promote financial literacy and prevent identity theft and financial exploitation of older individuals;

3. Ensure the coordination of services provided by AAAs with services instituted under the State adult protective service program, State and local law enforcement systems, and courts of competent jurisdiction;

4. Promote the development of information and data systems, including elder abuse reporting systems, to quantify the extent of elder abuse, neglect, and exploitation in the PSA;

5. Conduct analyses of local Adult Protective Services and Long-Term Care Ombudsman information concerning elder abuse, neglect, and exploitation and identifying unmet service, enforcement, or intervention needs;

6. Conduct training for individuals, including caregivers described in part E of Title III, professionals, and paraprofessionals, in relevant fields on the identification, prevention, and treatment of elder abuse, neglect, and exploitation, with particular focus on prevention and enhancement of self-determination and autonomy;

4.4.2 Title III B (Grants for Supportive Services and Senior Centers)

1. Facility Construction or Repair

This section applies only to Title III funds and not to other funds allocated to other Titles under the OAA. Title III funds may be used for facility construction or repair.

a. When applicable for purposes of construction or repair of facilities, the Contractor shall comply with the provisions contained in the following and shall include such provisions in any applicable agreements with subcontractors:

i. Copeland "Anti-Kickback" Act. [18 USC 874, 40 USC 3145] [29 CFR 3]

ii. Davis-Bacon Act. [40 USC 3141 et seq.] [29 CFR 5]

iii. Contract Work Hours and Safety Standards Act. [40 USC 3701 et seq.] [29 CFR 5, 6, 7, 8]

iv. Executive Order 11246 of September 14, 1965, entitled "Equal Employment Opportunity" as amended by Executive Order 11375 of October 13, 1967, as supplemented in Department of Labor Regulations. [41 CFR 60]

b. Payments are not permitted for construction, renovation, alteration, improvement, or repair of privately-owned property which would enhance the owner's value of such property except where permitted by law and by CDA.

c. When funding is provided for construction and non-construction activities, the Contractor must obtain prior written approval from CDA before making any fund or budget transfers between construction and non-construction.

4.4.3 Title III C (Nutrition Services) and Nutrition Services Incentive Program *(Revised 08/25)*

The AAA shall:

1. Comply with all provisions in CCR 7630 – 7638.13 Elderly Nutrition Program.

2. On an ongoing basis, monitor the Subcontractor's use of federal and State funds through reporting, site visits, regular contact, or other means to assure the Subcontractor administers federal and State awards in compliance with laws, regulations, and this Program Guide and that performance goals are achieved. The AAA must ensure that the Subcontractor takes timely and appropriate action

on all deficiencies pertaining to the Federal programs detected through monitoring and on-site review. [CFR 75.352]. Onsite program monitoring must be conducted every year for Title III C-1 and Title III C-2. Fiscal monitoring must be conducted every two (2) years for all programs including Title III C-1 and Title III C-2.

3. Monitor nutrition programs. Food facilities (i.e., sites that store, prepare, package or portion food) must be monitored on-site annually by the AAA Registered Dietitian (RD) [22 CCR 7634.3(d)]. Non-food facilities that only distribute packaged meals (i.e., do not store, prepare, package or portion food – therefore don't meet the California Retail Food Code's definition of a "food facility") must be monitored at least every other year on-site. Sites must be monitored using a standardized procedure developed by the AAA that ensures all sites are monitored systematically. AAA policies and procedures must guarantee the following:

   a. AAA RD monitoring of each food facility annually on-site.

   b. AAA RD monitoring of non-food facility nutrition sites (i.e., sites that do not store, prepare, package, or portion food) at least every other year on-site.

   c. AAA RD monitoring of non-food facility nutrition sites more often if they are at increased risk for food safety violations or have a history of corrective actions.

4. Maintain or increase the number of Title III C-1 and C-2 meals served if federal and/or State funds for meal programs increase. The AAA shall promote and maintain high standards of food safety and sanitation as required by the California Retail Food Code (CalCode).

5. Ensure that meal counts associated with Title III C-1, C-2 and NSIP are in accordance 22 CCR 7638.7(a)(1)-(4).

6. Offer a meal to a volunteer under the age of sixty (60) if doing so will not deprive an older individual of a meal. [22 CCR 7638.7(b)(1)] The AAA or the Subcontractor shall develop and implement a written policy for providing and accounting for volunteer meals. [22 CCR 7638.7(b)(2)]

7. Provide a home-delivered meal to an eligible individual. [22 CCR 7638.7(c)]

8. Report a meal only once either as a Title III meal or a Title VI meal.

9. Ensure Title III C meals meet the nutrition requirements of meals:

   a. Comply with the most current Dietary Guidelines for Americans

b. Provide one-third of the Dietary References Intakes (DRI) if providing one meal per day, two-thirds of the DRI if providing two meals per day, and 100% of the DRIs if providing three meals per day.

c. Comply with the Older Californians Nutrition Program Menu Guidance.

10. Develop a policy and procedure to ensure that Title III C-1 and Title III C-2 meals are only received by eligible individuals.

11. Annually assess each Title III C-1 and C-2 client's nutrition risk using the DETERMINE Your Nutritional Health checklist published by the Nutrition Screening Initiative. [OAA § 339(2)(J); OAA § 207(a)(3)]

a. Title IIIC intake forms must include the DETERMINE Your Nutritional Risk Health checklist questions and scoring as indicated in the Title IIIC – Intake and Assessment Forms Guide.

12. Ensure that an eligible individual who receives a meal is given the opportunity to voluntarily contribute to the cost of the meal.

a. Comply with provisions for voluntary contributions in Section 4.4. [OAA §325(b)]

b. The nutrition services provider must develop a suggested amount. When developing this contribution amount, the income ranges of the older individuals in the community and the provider's other sources of income shall be considered. [CCR 7638.9.(b)]

i. Title III C-1: Post signage indicating the suggested contribution for eligible individuals, and the guest fee for non-eligible individuals, near the contribution container at each congregate meal site. The guest fee shall cover all meal costs. [CCR 7638.9.(c)]

ii. Title III C-2: Notify C-2 clients of the suggested contribution amount and methods for making voluntary contributions.

13. Meet requirements for Title III To-Go Meals:

a. Title III C-1 To-Go Meals:

i. For C-1 To-Go meals that are consumed onsite:

a) At least a portion of the meal is consumed in a congregate setting. Congregate settings include indoors (restaurants, grocery stores, etc.) or outdoors (parks, picnics, food trucks, festivals, events, tailgate parties, etc.).

ii. For C-1 To-Go meals that are consumed offsite:

a) Meal is picked up by the client (or representative) or delivered to the client.

b) In-person or virtual interaction is included with the meal.

Examples include:

1) In-person group dining at a congregate site such as a restaurant, park, food truck, etc.)

2) In-person, one-on-one interaction during the meal with program volunteer.

3) Virtual group interaction scheduled by the nutrition provider such as nutrition education, virtual museum or travel tours, or group chat on virtual platforms such as GoogleMeet, Zoom, FaceTime, or similar applications that offer live interaction with participants.

4) Virtual one-on-one interaction during the meal arranged by the nutrition provider via telephone or virtual platform (Zoom, FaceTime, etc.).

c) The sign-in procedure includes confirmation that the client intends to participate in the virtual group interaction. The meal is considered a C-1 meal if the client confirms their intent to join the virtual activity. The meal is considered a C-2 meal if the client does not confirm their intent to join the virtual activity.

d) The service provider is responsible for tracking confirmation of planned attendance; however, the provider is not responsible for verifying the client attends the virtual activity.

b. Title III C-2 To-Go Meals

i. Meet the following criteria for Title III C-2 To-Go Meals:

a) Meal is picked up by client (or client's agent) or delivered by the provider to the client.

b) Meal is consumed off-site (i.e., not in a congregate setting).

c) Participation in in-person or virtual interaction with the meal is declined or not available.

ii. Complete initial assessment for all new C-2 clients within 2 weeks of the start of service.

a) The CCR 7638.3(a)(2) requirement for initial assessments to be conducted “in the home” does not apply if meals are picked up rather than home-delivered; assessments may be completed in person at time of meal pick-up or via telephone. If meals are home-delivered by the provider, the initial assessment must be conducted in the home.

b) Complete quarterly eligibility reassessments for all C-2 clients.

1) The CCR 7638.3(a)(4) requirement for quarterly eligibility reassessments to be conducted “in the home” every other quarter does not apply if meals are picked up rather than home-delivered by the provider and may be done in-person at the time of meal pick up or by phone. If meals are home-delivered, the quarterly eligibility reassessments must be conducted in the home every other quarter.

2) Establish a wait list and a prioritization policy as per CCR 7638.3(c) if unable to serve all eligible individuals.

4.4.4 Title III D Health Promotion – Evidence-Based

AAA Shall:

1. Provide one or more Title IIID evidence-based health promotion programs.

2. Provide Title IIID programs that meet ACLs evidence-based requirements through one of the two options:

a. Meets the requirements for ACL’s evidence-based definition; or

b. Is considered to be an “evidence-based program” by any operating division of the U.S. Department of Health and Human Services (HHS) and is shown to be effective and appropriate for older adults.

3. Ensure the fidelity of programs is maintained by adhering to the curriculum.

4. Offer Title III D services to eligible individuals 60 and older, and the spouse of eligible older individuals.

5. Ensure that an eligible individual is given the opportunity to voluntarily contribute to the cost of the service.

a. Comply with provisions for voluntary contributions in Section 4.4. [OAA §325(b)]

6. Monitor, on an ongoing basis, the Subcontractor's use of federal and State funds through reporting, site visits, regular contact, or other means to assure the Subcontractor administers federal and State awards in compliance with laws, regulations, and the provisions of contracts and that performance goals are achieved. The AAA must follow up and ensure that the Subcontractor takes timely and appropriate action on all deficiencies pertaining to the Federal programs detected through monitoring and on-site review. [CFR 75.352]. Onsite monitoring for Title III D programs must be conducted every other year at minimum. Onsite Fiscal monitoring must be conducted every two (2) years for Title III D programs.

7. Provide support and technical assistance to subcontractors and respond in writing to all written requests for direction, guidance, and interpretation of instructions to include client and performance data.

4.5 Budget and Budget Revisions *(Revised 08/25)*

1. The AAA shall be compensated for expenses only as itemized in the approved Budget with the exception of line item budget transfers as noted in Section 4.7.1 and shall not be entitled to payment for these expenses until the MOU is approved and executed by CDA.

2. The Budget must set forth in detail the reimbursable items, unit rates and extended total amounts for each line item. The AAA's Budget shall include, at a minimum, the following items when reimbursable under the legal authority provided by the MOU:

a. Personnel Costs – annual full time effort (FTE) wage rates and personnel classifications together with the percentage of time to be charged, specified for each fund source. 2 CFR 200.430 must be followed for rules regarding allowability of personnel costs. Specific emphasis of section (i) of 2 CFR 200.430:

i. Charges to Federal awards for salaries and wages must be based on records that accurately reflect the work performed. These records must:

1) Be supported by a system of internal control which provides reasonable assurance that the charges are accurate, allowable, and properly allocated.

2) Be incorporated into the official records of the non-federal entity.

3) Reasonably reflect the total activity for which the employee is compensated by the non-Federal entity, not exceeding 100% of compensated activities.

4) Support the distribution of the employee's salary among specific activities or cost objectives if the employee works on more than one Federal award; a Federal award and a non-Federal award, an indirect cost activity and a direct cost activity; two or more indirect activities which are allocated using different allocation bases; or an unallowable activity and a direct or indirect cost activity.

5) Budget estimates (i.e. estimates determined before the services are performed) alone do not qualify as support for changes to Federal awards.

ii. Salaries and wages of employees used in meeting cost sharing or matching requirements on Federal awards must be supported in the same manner as salaries and wages claimed for reimbursement from Federal awards.

b. Fringe Benefits – specified for each fund source.

c. Staff Travel (In-state and Out-of-State travel) – mileage reimbursement, lodging, per diem and other travel costs, specified for each fund source.

d. Staff Training – attendance cost for necessary training, specified for each fund source.

e. Rent – total cost per funding source.

f. Property - detailed descriptions and unit costs, specified for each fund source. See Section 3.4 Property, of this Program Guide.

g. Supplies – to include items that do not qualify as property, specified for each fund source. See Section 3.4 Property, of this Program Guide.

h. Contractual Costs – subcontractor and consultant cost details, specified for each fund source.

i. Food – used in delivering Congregate and Home-Delivered Meals.

j. Other Costs – Facilities, operating expenses, and other ordinary and necessary costs specified for each fund source.

k. Allocated Direct Costs – requires submission of a Direct Cost Allocation Plan for prior approval. OR Indirect Costs – costs incurred for a common or joint purpose benefitting more than one cost objective and not readily assignable as a direct cost.

l. Subcontractor Services - summary costs for subcontracted programs specified for each fund source.

3. The AAA shall ensure that the Subcontractor shall submit a budget, which shall be incorporated by reference into the Subcontract and will have, at a minimum, the categories listed in Item 2 above.

4.5.1 Indirect Costs - Increases effective July 1, 2025 *(Revised 08/25)*

1. The maximum reimbursement amount allowable for indirect costs is fifteen percent (15%) of the AAA's Modified Total Direct Costs (MTDC), per funding category excluding in-kind contributions and nonexpendable equipment.

Modified Total Direct Cost (MTDC) means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first $50,000 of each subaward (regardless of the period of performance of the subawards under the award). MTDC excludes in-kind contributions, equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each subaward in excess of $50,000. Other items may only be excluded when necessary to avoid a serious inequity in the distribution of indirect costs, and with the approval of the cognizant agency for indirect costs. [45 CFR 75.2]

2. AAAs requesting reimbursement for indirect costs exceeding the maximum fifteen percent (15%) shall retain on file an approved negotiated indirect cost rate or cost allocation plan.

3. Indirect costs exceeding the fifteen percent (15%) maximum may be budgeted as in-kind for purposes of meeting matching requirements in Title III and VII programs only. AAAs must receive prior approval from federal awarding agency prior to budgeting the excess indirect costs as in-kind.

4. For major Institutes of Higher Education and major nonprofit organizations, indirect costs must be classified within two broad categories: "Facilities" and "Administration." "Facilities" is defined as depreciation on buildings, equipment and capital improvement, interest on debt associated with certain buildings, equipment and capital improvements, and operations and maintenance expenses. "Administration" is defined as general administration and general expenses such as the director's office, accounting, personnel and all

other types of expenditures not listed specifically under one of the subcategories of “Facilities” (including cross allocations from other pools, where applicable). [2 CFR 200.414(a)] [45 CFR 75.414(a)]

4.6 Program Specific Funds

1. Program Income must be reported and expended under the same terms and conditions as the program funds from which it is generated.

2. Program Income must be used to pay for current allowable costs of the program in the same fiscal year that the income was earned (except as noted in 4).

3. For Title III B, III C, III D, III E, VII Ombudsman, and VII-A Elder Abuse Prevention programs, Program Income must be spent before allocated funds (except as noted in 4) and may reduce the total amount of allocated funds payable to the AAA.

4. For Title III B, III C, III D, III E, VII Ombudsman, and VII A Elder Abuse Prevention programs, if Program Income is earned in excess of the amount reported in the Area Plan Budget, the excess amount may be deferred for use in the first quarter of the following funding period, which is the last quarter of the federal fiscal year.

5. If Program Income is deferred for use it must be used by the last day of the federal fiscal year and reported when used.

6. Program Income may not be used to meet the matching requirements of this Agreement.

7. Program Income must be used to expand baseline services.

4.6.1 One-Time Only (OTO) Funds

1. OTO funds are non-transferable between funding sources. This means that OTO funds can only be used in the program in which they were accrued.

2. OTO funds can only be awarded to a subcontractor that has a valid contract with the AAA. All contracts shall be procured either through an open and competitive procurement process pursuant to 22 CCR 7352 or through a non-competitive award pursuant to 22 CCR 7360.

3. Titles III and VII federal Program OTO funds shall only be used for the following purposes:

   a. The purchase of equipment that enhances the delivery of services to the eligible service population.

   b. Home and community-based projects that are approved in advance by CDA, and are designed to address the unmet needs of the eligible service population identified in the Area Plan.

c. Innovative pilot projects that are approved in advance by CDA, and are designed for the development or enhancement of a comprehensive and coordinated system of services as defined in 45 CFR 1321.53(a)(b).

d. OTO funds can be used to maintain or increase baseline services. However, AAAs shall assure that services funded with OTO funds will not create an expectation of service delivery beyond the funding period the OTO was received. Expenditures for baseline services do not require advance CDA approval.

4. NSIP OTO funds shall only be used to purchase food used in the Elderly Nutrition Program.

4.6.2 Matching Contributions

"Matching Contributions" means local cash and/or in-kind contributions made by the AAA, a subcontractor, or other local resources that qualify as match for the program funding.

1. Cash and/or in-kind contributions may count as match, if such contributions are used to meet program requirements.

2. Any matching contributions (cash or in-kind) must be verifiable from the records of the AAA or a subcontractor.

3. Matching contributions must be used for allowable costs in accordance with the OMB cost principles.

4.6.3 Area Plan Administration

Area Plan Administration is comprised of federal funds from Title III B, III C1, III C2, and III E. Federal Area Plan Administration funding may be utilized on Area Plan administration, or program activities and services, or both.

4.7 Program Specific Budget and Budget Revision

1. The AAA shall submit electronically the original Area Plan Budget with the Area Plan and Area Plan annual updates by May 1, unless otherwise instructed by CDA.

2. The AAA shall submit electronically a budget revision thirty (30) calendar days after receiving an amended Area Plan Budget Display with changes in funding levels, unless otherwise instructed by CDA.

3. The final date to submit a budget revision containing allocation transfers is January 15 of the current fiscal year funding period unless otherwise specified by CDA.

4.7.1 Line Item Budget Transfers

The AAA may transfer funds between line items for each funding source under the following terms and conditions:

1. The AAA may transfer any or all administrative funds into program without restrictions for each funding source – Title III B, C-1, C-2, & E. However, the AAA shall not transfer funds designated for programs into administration line items.

2. The AAA shall submit a revised budget to CDA when one or the cumulative line item budget transfers exceeds ten percent (10%) of the total budget for each funding source.

3. The AAA shall maintain a written record of all budget changes and clearly document line item budget changes. The record shall include the date, amount and purpose of the transfer. This record shall be available to CDA upon request and shall be maintained in the same manner as all other financial records.

4. Final budget revision containing line item adjustments may be submitted as necessary, but no later than sixty (60) days prior to the ending date of the current allocation period, and shall not include allocation transfers.

4.7.2 Allocation Transfers *(Revised 08/25)*

1. The AAA shall submit a request to CDA to transfer federal or State funds between Title III B, C-1 and C-2 programs in accordance with the most current Budget Display. The request shall be submitted as instructed in the Area Plan Budget forms.

   a. Transfer of federal baseline funds is allowable between Titles III B and III C in accordance with OAA § 308(b)(5)(A) and between Titles III C-1, and III C-2 in accordance with OAA § 308(b)(4)(A).

   b. Transfer of State funds is allowable between Title III C-1 General Fund and Title III C-2 General Fund.

   c. The Title III C nutrition augmentation funding may be transferred between General Fund C1 and General Fund C2 as needed to provide services. The funding must not be transferred to other programs or be used to supplant other program funding, including the Federal Title III C1 and Federal Title III C2.

2. Approved transfers and Area Plan Budgets will be incorporated by reference into the current Budget display for each funding term.

3. Transfer of funds cannot be processed or approved after the end of the specified fiscal year listed on the Budget Display. Transfer of funds requests will not be accepted or processed after January 15th, for any funding, as specified in section 4.7 of this Program Guide.

4.7.3 Matching Requirements *(Revised 08/25)*

1. The required minimum administration matching contributions for Title III B, not including Ombudsman, III C, & III E combined is twenty-five percent (25%).

2. The required minimum program federal matching requirement is fifteen percent (15%). The State provides the five percent (5%) State requirement portion of this match. The AAA contributions for Title III B, not including Ombudsman and III C, is ten percent (calculation factor of 10.53%).

3. Program matching contributions for Title III B, not including Ombudsman and III C, can be pooled to meet the matching requirement of ten percent (calculation factor of 10.53%)..

4. The required minimum program matching contributions for Title III E is twenty-five percent (25%).

5. Minimum matching requirements are calculated on net costs, which are total costs less program income, non-matching contributions, and State funds. Matching contributions are included in the minimum matching requirements calculation.

6. Matching contributions generated in excess of the minimum required are considered overmatch.

7. Program overmatch from Title III B or C can be used to meet the program match requirement for Title III E provided.

   a. The expenditures are related to the needs of caregivers and are attributable to a service category within the National Family Caregiver Support Program (NFCSP).

8. Of the total minimum match required for Title III at least twenty-five percent (25%) must be from local public agencies (e.g., city and county governments, school districts, special districts, and water districts).

4.7.4 Program Development or Coordination

The AAA shall not budget or fund Program Development or Coordination activities as a cost of Title III B Supportive Services until it has first budgeted and spent the total of its Title III B, C, & E funds allocated for Area Plan administration costs. During the current fiscal year as specified on the budget display, Program Development or Coordination activities and Area Plan administration activities can occur simultaneously. (See Section 4.12 for reconciliation during the closeout period.)

4.7.5 Property

Property with per unit cost over $5,000 or any computing devices, regardless of cost requires submission of a justification and budget from the AAA. Property

requires pre-approval from CDA and must be included on an approved Area Plan budget prior to purchase. To request approval for property, budgets and a justification form shall be sent to finance@aging.ca.gov.

4.8 Payments *(Revised 08/25)*

1. Title III B, III C, III D, III E, VII Ombudsman and VII-A Elder Abuse Prevention, Ombudsman Citation Penalties Account, Licensing and Certification Program funds, General Ombudsman funds and Older Californians Act.

The AAA shall prepare and submit a monthly expenditure report in an electronic format to CDA no later than the last business day of each month or as specified by CDA. The report shall include all costs and funding sources for the month prior.

2. Payments will be made to reimburse expenditures reported unless AAA pre-selects an Advance method and provides a justification explaining the need for an advance on the budget form at the beginning of a new funding term, as referenced on the budget display. Payments after the advance has been provided will be made to reimburse expenditures reported, as outlined in Item 1 of this section of this Program Guide.

3. CDA shall process and approve reported expenditures that are based upon actual, not estimated, expenditures. CDA shall notify the AAA of any disputed expenditures.

4. The AAA shall submit timely expenditures to CDA. Late expenditures may lead to a delay in payment until the following month.

5. Upon written request by CDA, the AAA must submit additional documentation or justification to support the reported expenditures.

6. AAA shall be charged $75 per program fund source for expedited payments to recover the fees charged by the State Controller's Office. CDA may waive the fees on a case-by-case basis as appropriate.

7. CDA may require financial reports more frequently than indicated above or with more detail (or both), upon written notice to the AAA, until such time as CDA determines that the financial management standards are met.

8. The funding availability for July 1 through September 30 will be determined based on the final three months of the previous federal fiscal year grant period as specified in the AAA's budget display.

9. The funding availability for October 1 through February 28 will be determined based on the original budget display allocations until any original transfer requests are approved by Administration for Community Living (ACL).

10. The funding availability for March 1st (or upon ACL approval whichever is the latter) through June 30th, will be based on the AAA's final approved budget for the Federal Fiscal Year term as represented on the budget display.

4.9 Reporting

1. The AAA shall submit program performance reports to the CDA Data Team for: Title III B, Title III C-1, Title III C-2, Title III D, Title III E, and Title VII-A Elder Abuse Prevention Programs in accordance with CDA requirements. [Welf. & Inst. Code § 9102 (a)(5]

2. The AAA shall have written procedures to assure that all submitted performance data is timely, complete, accurate, and verifiable.

a. Quarterly, the AAA shall submit data reports for OAA-funded programs as follows:

Quarter	Reporting Period	Due Date
Quarter 1	July 1 - September 30	October 31
Quarter 2	October 1 - December 31	January 31
Quarter 3	January 1 - March 31	April 30
Quarter 4	April 1 - June 30	July 31

b. Annually, the AAA shall submit performance reports as follows, or as instructed by CDA:

Reporting Period	Due Date
July 1 – June 30	September 30

c. For reports that will be submitted late, ten (10) calendar days prior to the report due date, the AAA shall submit to the Data Team (DataTeam.Reports@aging.ca.gov), a written explanation including the reasons for the delay and the estimated date of submission.

d. For web-based California Aging Report System (CARS) reports, the AAA shall approve all data within ten (10) calendar days of receipt of notification of passed status. If data in the CARS report is not correct and approvable within ten (10) days, the AAA will make a notation in the comments area of the CARS report and submit the data using the approved status button. Reporting Requirements specific to Title III B, Title III C-1, Title III C-2, Title III D, Title III E, and Title VII-A Elder Abuse Prevention Program services

3. The AAA shall submit program data reports electronically as follows

   a. Upload the OAAPS State Program Report (SPR) to CARS at https://ca.getcare.com.

   b. Submit performance data reports quarterly.

   c. Submit OAAPS SPR reports annually.

4. The AAA shall verify the accuracy of all data submitted to CDA by reviewing and responding to the Annual Data Error Report in accordance with CDA requirements.

   a. The AAA shall, in accordance with CDA requirements, correct and/or explain all logic and questionable errors in the Annual Data Error Report.

      i. The AAA shall return the Annual Data Error Report to CDA, verifying that corrections have been made, via email to DataTeam.Reports@aging.ca.gov.

      ii. The Annual Data Error Reports are due to CDA by a date specified by CDA, which can vary from year to year.

   b. The AAA shall review and verify all quarterly and annual OAAPS SPR data for accuracy and make necessary corrections, in accordance with CDA requirements.

5. Reporting Provisions Specific to the Ombudsman Program

   The AAA shall take the following actions, or shall require its Subcontractor, the Local Ombudsman Program, to enter data into the Internet-based National Ombudsman Reporting System (NORS) utilizing software provided by CDA, as required. NORS data entry must be timely, complete, accurate, and verifiable.

   a. Data entry for quarterly NORS reports must be completed no later than one month following the end of the reporting quarter (i.e., October 31, January 31, April 30, and July 31). Upon request, aggregate data may be sent to the corresponding AAA.

   b. On or before the reporting dates, the Local Ombudsman Program must submit the Quarterly Ombudsman Data Reporting Form (OSLTCO S301), indicating that data for the quarter has been completed or the reason for any delay, to the OSLTCO mailbox (stateomb@aging.ca.gov) with a copy to the AAA.

6. The AAA shall have written reporting procedures specific to each program which include:

a. Collection and reporting of program data for the AAA and Subcontractor.

b. Ensuring accuracy of all data from the AAA and Subcontractor.

c. Verification of the AAA and Subcontractor data prior to submission to the CDA Data Team.

d. Procedures for the AAA and Subcontractor on correcting data errors.

e. A methodology for calculating and reporting:

i. Total estimated unduplicated clients in each non-registered service.

ii. Total estimated unduplicated clients in all non-registered services.

iii. Total estimated unduplicated clients across all registered and non registered services.

f. A performance data monitoring process.

7. The AAA shall orient and train staff and Subcontractor staff regarding program data collection and reporting requirements. The AAA shall have cross-trained staff in the event of planned or unplanned, prolonged absences to ensure timely and accurate submission of data

8. Reporting Provisions Specific to Title VII-A, Chapter 3 Elder Abuse Prevention

a. The AAA shall electronically submit data reports for the Elder Abuse Prevention Program service categories according to the CDA Service Categories and Data Dictionary into CARS on a quarterly basis by the following due dates:

Quarter	Reporting Period	Due Date
Quarter 1	July 1 - September 30	October 31
Quarter 2	October 1 - December 31	January 31
Quarter 3	January 1 - March 31	April 30
Quarter 4	April 1 - June 30	July 31

4.10 Appeals

1. The AAA may appeal an adverse determination as defined in 22 CCR 7702 using the appeal process established by CDA in 22 CCR 7700 through 7710.

Such appeal shall be filed within thirty (30) days of receipt of CDA's notice of adverse determination.

2. Subcontractors of the AAA may appeal the AAA's final adverse determination relating to Title III and Title VII programs using the appeal process established in 22 CCR 7700 to 7710.

3. Any dispute regarding an existing direct service contract or the procurement of the direct service contract shall be resolved locally, consistent with W&I § 9535(k), and as specified in the procurement documents and contracts of the AAA.

4. Appeal costs or costs associated with any court review are not reimbursable.

4.11 Transition Plans and Obligations Upon Termination

4.11.1 Transition Plan

1. The AAA shall submit a transition plan to the State within fifteen (15) days of delivery of a written Notice of Termination (pursuant to Section 3.9 of this Program Guide) for a service funded either by Title III or Title VII. The transition plan must be approved by the State and shall at a minimum include the following:

a. A description of how clients will be notified about the change in their service provider.

b. A plan to communicate with other organizations that can assist in locating alternative services.

c. A plan to inform community referral sources of the pending termination of the service and what alternatives, if any, exist for future referrals.

d. A plan to evaluate clients in order to assure appropriate placement.

e. A plan to transfer any confidential medical and client records to a new contractor.

f. A plan to dispose of confidential records in accordance with applicable laws and regulations.

g. A plan for adequate staff to provide continued care through the term of the Contract. [22 CCR 7206(e)(4)]

h. A full inventory and plan to dispose of, transfer, or return to the State all equipment purchased during the entire operation of the Program.

i. Additional information as necessary to affect a safe transition of clients to other community service providers.

2. The AAA shall implement the transition plan as approved by the State. The State will monitor the AAA's progress in carrying out all elements of the transition plan.

3. If the AAA fails to provide and implement a transition plan as required by Section 3.9. of this Agreement, the Contractor will implement a transition plan submitted by CDA to the Contractor following the Notice of Termination.

4.11.2 Obligations Upon Termination Specific to the Ombudsman Program

1. Transition of Local Ombudsman Services

a. The AAA shall, upon receipt of notice of intent to terminate Ombudsman services by the subcontractor, notify the State Ombudsman in writing, within one (1) working day of the receipt of the notice.

b. The AAA shall, upon notice of termination, implement one of the following options to ensure continuity of Ombudsman services in accordance with federal and State mandates:

i. Continue the provision of mandated Ombudsman services as a subcontract with a provider selected in response to a Request for Proposal (RFP). CDA shall allow the AAA up to one hundred eighty (180) days to transition services to a new subcontractor.

ii. Continue the provision of mandated Ombudsman services as a direct service of the AAA. CDA shall allow the AAA up to one hundred eighty (180) days to transition services from the Subcontractor to the AAA.

2. Transition Plan

a. The AAA shall submit a Transition Plan to the State Ombudsman within fifteen (15) days from the occurrence of any of the following:

i. The AAA's receipt of written notice of the Subcontractor's intent to terminate Ombudsman services.

ii. The AAA's written notice to the Subcontractor of its intent to terminate the subcontract for Ombudsman services.

iii. The AAA's receipt of written notice of CDA's intent to terminate the subcontract for Ombudsman services.

iv. The Transition Plan shall be submitted to:

CDA OSLTCO
2880 Gateway Oaks Drive, Suite 200
Sacramento, CA 95833
Attn: State Ombudsman

b. The AAA shall identify in the Transition Plan which option it has chosen to ensure that there will be no break in continued services, based on the following:

i. Continue the mandated Ombudsman provisions as a direct service of the AAA, utilizing experienced State Certified Ombudsman Representatives and a local Program Coordinator selected by the AAA and designated by the State Ombudsman to represent the Local Ombudsman Program.

ii. Continue the mandated Ombudsman provisions as a subcontracted service with a subsequent provider selected in response to an RFP and designated by the State Ombudsman to carry out Ombudsman duties with respect to the PSA.

c. The Transition Plan shall, at a minimum, include the following:

i. Details of how the AAA shall maintain an adequate level of State Certified Ombudsman Representatives to ensure continuity of services during the transition to a subsequent Local Ombudsman Program.

ii. Details of how the AAA shall notify all the impacted facilities and community referral sources of the change in the parties providing Local Ombudsman Program services.

iii. Details of how the AAA shall deliver to the subsequent Local Ombudsman Program, a full inventory of updated confidential client records, public facility records, and records documenting Ombudsman certification and training.

iv. A description of how the subsequent Local Ombudsman Program will be assisted in assessing the status of all active clients' records at the point of transfer to ensure timely continuation of Ombudsman services.

v. A description of how residents and their families will be notified about the changes in their Ombudsman services provider.

3. The AAA shall implement the Transition Plan as approved by the State Ombudsman. The State Ombudsman will monitor the AAA's progress in carrying out all elements of the Transition Plan.

4. If the AAA fails to provide and implement the Transition Plan as required above, the AAA agrees to implement a Transition Plan submitted by the State Ombudsman to the AAA. This Transition Plan may utilize State Certified Ombudsman Representatives from either the terminating Subcontractor or from a neighboring Local Ombudsman Program.

4.12 Closeout

1. The Area Plan Financial Closeout Report and the Program Property Inventory Certification shall be submitted annually to the CDA Local Finance Bureau. All AAAs are required to submit Closeout reports as instructed by CDA.

2. Federal funds will be reduced proportionately to maintain the required matching ratios if the AAA fails to report sufficient match.

3. During the review and approval of the closeout, administration costs will be increased to the total amount allocated before approving final costs for Program Development or Coordination activities.

4. Final expenditures must be reported to CDA in accordance with the allocations and funding periods specified in the budget display. If the expenditures reported by the AAA exceed the advanced amount, CDA will reimburse the difference to the AAA up to the program funding allocation amounts listed on the budget display. If the expenditures reported by the AAA are less than the advanced amount, CDA will invoice the AAA for the unspent funds.

The payment on the invoice is due immediately upon receipt or no later than 30 days from the date on the invoice.

If payment is not received within 30 calendar days, CDA will collect payment from upcoming disbursements. To account for the collected funds from the outstanding invoice, the AAA will need to adjust records to move the funds already on hand from the previous fiscal year funding period to the current fiscal year funding period.

5 TITLE V SENIOR COMMUNITY SERVICES PROGRAM (TV SCSEP)

5.1 Introduction

The OAA Title V SCSEP provides part-time, work-based training opportunities for older workers in local community service agencies and assists program participants in obtaining unsubsidized employment. While training in community service positions, participants provide non-profit or government "host agencies" with support to provide community services.

The Program provides participants with a variety of supportive services, such as personal and job-related counseling and job-related training as preparation for community service assignments, job search assistance, and job referrals. The California Department of Aging contracts with local providers who provide Program services and collaborates with six national SCSEP grantees who provide Program services for the remaining participant slots throughout California. Each participant training slot may serve more than one participant over the course of the year.

5.2 Assurances

1. The AAA shall assure the following:

   a. Services are provided only to the defined eligible service population. [20 CFR 641.500]

   b. Participants enrolled in the Title V SCSEP shall receive at least the current State minimum wage or the prevailing local wage, whichever is higher, plus all fringe benefits required by law. The AAA or subcontractor must provide uniform fringe benefits to all participants. Participants must be paid for orientation, training, assessment, individual employment planning, and community service assignment work hours. [OAA § 502(c)(6)(A)] [OAA § 504(b)] [20 CFR 641.565]

   c. Participants shall be provided skill enhancement opportunities, personal and employment-related counseling, assistance in transition to unsubsidized employment, and other benefits. [20 CFR 641.535]

2. The AAA shall assure that the Title V SCSEP will serve the eligible service population and give priority to individuals who:

   a. Are sixty-five (65) years of age or older.

   b. Have a disability.

   c. Have LEP or low literacy skills.

   d. Reside in a rural area.

   e. Are veterans or spouses of veterans as defined in 20 CFR 641.520(b).

   f. Have low employment prospects.

   g. Have failed to find employment after utilizing services provided through the AJC Delivery System; or

   h. Are homeless or at risk for homelessness.

i. Have been incarcerated within the last 5 years or is under supervision following release from prison or jail within the last 5 years. [OAA §518(b)(2)(H)]

[OAA § 518(b)] [20 CFR 641.520]

3. The AAA shall develop and implement methods to recruit minority populations to ensure they are enrolled at least in proportion to their numbers in the population in the area. [OAA § 515(c)]

4. The AAA will comply with an average participation cap for eligible individuals of no more than twenty-seven (27) months in the aggregate, unless requested and approved by DOL. [OAA § 502(b)(1)(C)] [20 CFR 641.570(c)] [DOL Training and Employment Guidance Letter (TEGL) 22-19]

5. The AAA will assure that community service assignments must not reduce the number of employment opportunities or vacancies that would otherwise be available to individuals who are not Title V SCSEP participants. [OAA § 502(b)(1)(G)] [20 CFR 641.844(1)]

6. The AAA will use a tool that encompasses all program requirements found in CDA's Title V SCSEP monitoring tool when monitoring local project (subcontractors).

7. The AAA will follow CDA's Participant Termination Policy (PM 11-20). [20 CFR 641.580] [20 CFR 641.910]

8. The AAA shall establish grievance procedures for resolving participant's questions and complaints. In addition, the AAA shall comply with all non-discrimination provisions related to Title V SCSEP funds. [20 CFR 641.827]; [20 CFR 641.910]; CDA PM 11-20 and CDA PM 11-06. The grievance procedure shall in the case of:

a. Civil Rights violations, advise participants to submit their questions or file complaints with the Director, Civil Rights Center, U.S. Department of Labor, Room N-4123, 200 Constitution Avenue, N.W., Washington, D.C. 20210.

b. Non-Civil Rights violations, advise participants who are not satisfied with the final determination of his/her grievance, to file an appeal with DOL within thirty (30) days of the determination. Said appeal shall be directed to Chief, Division of Adult Services, Employment and Training Administration, U.S. Department of Labor 200 Constitution Avenue, N.W., Washington, D.C. 20210.

9. Political Activities

The AAA Shall assure the following:

a. The AAA will post a notice at each training site and make available to each participant, a written explanation of allowable and unallowable political activities in accordance with OAA § 502(b)(1)(P) and 20 CFR 641.836.

b. Notices shall state that Title V SCSEP participants may engage freely in the political process with the following exceptions:

i. Participants may not engage in partisan or nonpartisan political activities during hours for which they are being paid with Title V SCSEP funds. [20 CFR 641.836(d)(1)]

ii. Participants may not present themselves as a spokesperson for Title V SCSEP while engaged in political activity. [20 CFR 641.836(d)(2)]

iii. Participants may not be assigned to the office of a Member of Congress, a State or local legislator, or on the staff of any legislative committee. [20 CFR 641.836(d)(3)]

10. The AAA shall have appropriate office space for conducting private participant interviews to enable participants to freely discuss their backgrounds and experiences in a confidential manner.

11. The AAA shall comply with CDA's Title V SCSEP Authorized Break in Participation Policy (CDA PM 14-15). [20 CFR 641.570(d)]

12. The AAA shall ensure participants have safe and healthy working conditions at their community service employment worksites. [OAA § 502(b)(1)(J)] [20 CFR 641.535(a)(10)]

13. The AAA acknowledges that CDA reserves a paid-up, nonexclusive and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use for federal purposes:

a. The copyright in all products developed under this Program Guide, including a subcontract.

b. Any rights of copyright to which the AAA or subcontractor purchases ownership under an award (including, but not limited to; curricula, training models, technical assistance products, and any related materials).

c. Products developed in whole or in part with contract funds shall include the following language:

i. SCSEP is funded by a contract awarded by CDA totaling $XXX,XXX (XX%) with grant funds from the U.S. Department of

Labor's Employment and Training Administration with $XXX.XX (XX%) financed with non-federal sources.

ii. The product was created by the "name of AAA" and does not necessarily reflect the official position of CDA and the U.S. Department of Labor.

iii. No guarantees, warrantees or assurances of any kind, express or implied are made with respect to such information, including any information on linked sites and including, but not limited to, accuracy of the information or its completeness, timeliness, usefulness, adequacy, continued availability, or ownership.

14. Pursuant to Public Law 116-94, Division A, Title V, Section 506 and 507, AAA acknowledges that federal funds may not be expended for health benefits coverage that includes coverage of abortions, except when the pregnancy is the result of rape or incest, or in the case where a woman suffers from a physical disorder, physical injury, or physical illness, including life-endangering physical conditions caused by or arising from the pregnancy itself that would, as certified by a physician, place the woman in danger of death unless an abortion is performed. This does not prohibit providing health benefits coverage for abortions when all funds for that specific benefit do not come from a federal source. Additionally, AAA agrees that no federal funds may be provided to a local government if that local government subjects any institutional or individual health care entity to discrimination on the basis that the health care entity does not provide, pay for, provide coverage of, or refer for abortions.

15. Federal funds may not be used to enter into or renew a contract which includes a provision for prescription drug coverage unless the contract also includes a provision for contraceptive coverage. This requirement does not apply to contracts with 1) the religious plans Personal Care's HMO and OSF HealthPlans, Inc. and 2) health benefit plans that object to such coverage on the basis of religious beliefs. In implementing this section, any plan that enters into or renews a contract may not subject any individual to discrimination on the basis that the individual refuses to prescribe or otherwise provide for contraceptives because such activities would be contrary to the individuals' religious beliefs or moral convictions. Nothing in this term shall be construed to require coverage in contradiction to Item 14.

16. AAA agrees to comply with the Flood Disaster Protection Act of 1973, and will not use federal funds to acquire, modernize or construct property in flood-prone communities, unless the community participates in the National Flood Insurance Program and flood insurance is purchased within one year of identification.

17. AAA agrees that its employees and volunteers will not engage in severe forms of trafficking in persons during the period of time that the award is in effect,

procure a commercial sex act, during the period of time that the award is in effect, use forced labor in the performance of the services outlined within this Program Guide. This Program Guide is subject to provisions of the Trafficking Victims Protection Act of 2000, and violations of this Section may result in termination of the MOU.

18. AAA agrees that work created with the support of federal funds shall be licensed under a Creative Commons Attribution 4.0 (CC BY) license. Work that must be licensed under the CC BY includes both new content created with federal funds and modifications made to pre-existing, recipient-owned content using grant funds. Notice of the license shall be affixed to the work.

19. AAA acknowledges that CDA may be required to maintain the currency of information in the Federal Awardee Performance and Integrity Information System (FAPIIS). AAA agrees to submit the following information to CDA within 30 days when in connection with the performance of this contract:

a. A criminal proceeding

b. A civil proceeding that results in a monetary fine, penalty, reimbursement, restitution, or damages

c. An administrative proceeding that results in a monetary fine, penalty, reimbursement, restitution, or damages

d. Any other criminal, civil or administrative proceeding that could have resulted in a fine, penalty, reimbursement, restitution, or damages

20. AAA agrees that the federal government shall have certain intellectual property rights in adherence with the Bayh-Dole Act (the Patent and Trademark Law Amendments Act), as codified at 37 CFR 401.3 and 401.14. These requirements describe the ownership of intellectual property rights and the government's nonexclusive, nontransferable, irrevocable, paid-up license to use any invention conceived or first actually reduced to practice in the performance of work under this grant.

5.3 Program Definitions *(Revised 08/25)*

1. "**American Job Centers" (AJC, also known as the One-Stop Centers):** agencies that are funded by the Workforce Innovation and Opportunities Act (WIOA). [20 CFR 678.900]

2. **"BCT Partners":** the entity designated by United States (U.S.) Department of Labor (DOL) to maintain the Title V Senior Community Service Employment Program (SCSEP) Grantee Performance Management System (GPMS) and the Web Data Collection System (WDCS).

3. **"Charter Oak Group" (COG):** the entity designated by DOL to create and maintain the Title V SCSEP WDCS handbook that provides direction on entering data into the WDCS.

4. **"Classroom Training Hours":** the number of hours spent in classroom training by Title V SCSEP participants. [20 CFR 641.540(c)]

5. **"Community-Service Employment":** part-time, temporary employment paid with Title V funds in projects at host agencies through which eligible individuals are engaged in community service and receive work experience and job skills that can lead to unsubsidized employment. The term "community service assignment" is used interchangeably with "community service employment." Assignments may be supplemented by general or specialized skills training and a participant must have an Individual Employment Plan (IEP) that details skills to be attained and timelines for achieving the goal. [OAA § 518(a)(2)] [20 CFR 641.140] [20 CFR 641.577]

6. **"Core Measures":** performance measures that are subject to goal-setting and corrective action and are:

   a. Hours of community service employment;

   b. Percentage of project participants who are in unsubsidized employment during the second quarter after exit from project;

   c. Percentage of project participants who are in unsubsidized employment during the fourth quarter after exit from the project;

   d. Median earnings of project participants who are in unsubsidized employment during the second quarter after exit from the project;

   e. Indicators of effectiveness in serving employers, host agencies, and project participants;

   f. Number of eligible individuals served; and

   g. Number of most-in-need individuals served.

   [OAA § 513(b)(1)] [OAA § 518(a)(3)(B)(ii) or (b)(2)] [20 CFR 641.700(b)] [20 CFR 641.710]

7. **"Eligible Service Population":** unemployed, low-income, California residents who are fifty-five (55) years of age or older and who have poor employment prospects. [OAA § 518(a)(3)(A)] [20 CFR 641.500] [20 CFR 641.520(a)]

Priority must be given to individuals who are sixty-five (65) years of age and older or:

a. Have a disability.

b. Have limited English proficiency or low literacy skills.

c. Reside in a rural area.

d. Are veterans or spouses of veterans as defined in 20 CFR 641.520(a)(5) 38 U.S.C. 4215(a).

e. Have low employment prospects.

f. Have failed to find employment after utilizing services provided through the One-Stop Delivery System.

g. Are homeless or at risk for homelessness. [OAA § 518(b)] [20 CFR 641.520]

h. Have been incarcerated within the last 5 years or is under supervision following release from prison or jail within the last 5 years. [OAA § 518(b)(2)(H)]

8. **"Host Agency":** a public agency or private non-profit organization exempt from taxation under § 501(c)(3) of the Internal Revenue Code of 1986 which provides a training work site and supervision for one or more participants. [20 CFR 641.140]

9. **"Hours of Community Service Employment":** the number of hours of community service provided by Title V SCSEP participants. [20 CFR 641.577] [20 CFR 641.710(a)]

10. **"In-Kind Contributions":** the value of non-cash contributions donated to support the project or program (e.g., property, service, host agency supervisory time, etc.).

11. **"Indicators of Effectiveness in Serving Employers, Host Agencies, and Project Participants":** the combined results of customer assessments of the services received by each of these three customer groups. [20 CFR 641.710(e)]

12. **"Individual Durational Limit":** a participant can be enrolled in the program for up to forty-eight (48) months. [OAA § 518(a)(3)(B)(i)] [20 CFR 641.570(a)] [California Department of Aging (CDA) Program Memo (PM) 10-19] [CARES Act Sec.3223(I)(A)] [DOL Training and Employment Guidance Letter (TEGL) 22-19]

13. **"Infrastructure Costs":** the shared infrastructure costs negotiated between the AAA and the local Workforce Development Board (WDB) to operate a local AJC or One-Stop Center. Shared infrastructure costs are required of all WIOA partners, including Title V SCSEP. These costs are identified in an executed Memorandum of Understanding (MOU) between the AAA and the local

WDB. Infrastructure Costs may be charged to Administration or Other Program. [29 U.S.C 3151] [20 CFR 678.400 through 20 CFR 678.510]

14. **"Job Ready":** individuals who do not require further education or training to perform work that is available in their labor market. [20 CFR 641.140]

15. **"Limited English Proficiency" (LEP):** individuals who do not speak English as their primary language and who have a limited ability to read, speak, write, or understand English. [20 CFR 641.140]

16. **"Low-Income":** family income not more than 125 percent (125%) of the federal poverty guidelines. [OAA § 518(a)(3)(A)] [20 CFR 641.500]

17. **"Measures of Performance":** the seven core measures that are subject to goal-setting and corrective action. [20 CFR 641.700(a)] 20 CFR 641.720]

18. **"Median Earnings of Project Participants Who are in Unsubsidized Employment During the Second Quarter After Exit from the Project":** the formula: For all participants who exited and are in unsubsidized employment during the second quarter after the exit quarter: The wage that is at the midpoint (of all the wages) between the highest and the lowest wage earned in the second quarter after the exit quarter. [20 CFR 641.710(d)]

19. **"Modified Positions":** the number of authorized training slots adjusted to account for states with a higher minimum wage paid to participants. [SCSEP Quarterly Progress Report, ETA 5140]

20. **"Number of Eligible Individuals Served" (service level):** the total number of participants served, divided by the AAA's authorized number of positions, after adjusting for minimum wage. [20 CFR 641.710(f)]

21. **"Number of Most-in-Need Individuals Served" (service to most-in-need):** service to participants who meet any of the following characteristics:

a. Have a severe disability.

b. Are frail.

c. Are aged seventy-five (75) or older.

d. Meet the eligibility requirements related to age for, but do not receive, benefits under Title II of the Social Security Act.

e. Live in an area with persistent unemployment and are individuals with severely limited employment prospects.

f. Have LEP.

g. Have low literacy skills.

h. Have a disability.

i. Reside in a rural area.

j. Are veterans.

k. Have low employment prospects.

l. Have failed to find employment after utilizing services provided under Title I of the Workforce Innovation and Opportunity Act, Public Law 113-128.

m. Are homeless or at risk for homelessness.

[OAA § 518(a)(3)(B)(ii) or (b)(2)] [20 CFR 641.710(g)]

22. **"On-The-Job-Experience (OJE) Training":** developing a training assignment that provides the participant an opportunity to develop and practice specific skills and/or experience, which are not attainable through the regular community service assignment. [Older Worker Bulletin No. 04-04]

23. **"Participant":** an individual who is eligible for the Title V SCSEP; is given a community service assignment; and is receiving services funded by the program for up to forty-eight (48) months. [OAA § 518(a)(3)] [20 CFR 641.140] [20 CFR 641.570(a)]

24. **"Participant Position":** an authorized training slot whose unit cost includes administration; participant wage and fringe benefits; and other participant costs. The number of participant slots and the amount of funding available for a given fiscal year is based on an equitable distribution ratio determined by the U.S. Census and allocated by DOL. [OAA § 506(g)(1)] [OAA § 507] [20 CFR 641.140]

25. **"Percentage of Project Participants Who are in Unsubsidized Employment During the Second Quarter After Exit from Project":** defined by the formula: The number of participants who exited during the reporting period who are employed in unsubsidized employment during the second quarter after the exit quarter divided by the number of participants who exited during the reporting period multiplied by 100. [20 CFR 641.710(b)]

26. **"Percentage of Project Participants Who are in Unsubsidized Employment During the Fourth Quarter After Exit from the Project":** defined by the formula: The number of participants who exited during the reporting Period who are employed in unsubsidized employment during the fourth quarter after the exit quarter divided by the number of participants who exited during the reporting period multiplied by 100. [20 CFR 641.710(c)]

27. "**Program Income":** income earned by the AAA during the Contract period that is directly generated by an allowable activity supported by contract funds or earned as a result of the award of contract funds, and may include:

a. Voluntary contributions received from a participant or responsible party as a result of the service.

b. Income from usage or rental fees of real or personal property acquired with grant funds or funds provided under this Agreement.

c. Royalties received on patents and copyrights from contract supported activities.

d. Proceeds from the sale of goods created under CDA grant funds.

28. **"Recipient Local Share":** local cash and/or in-kind contributions made by the Contractor, Subcontractor, or other local resources and reported to CDA. [OAA § 502(c)(2)] [20 CFR 641.809]

29. **"State Plan":** a plan that outlines a four-year strategy, and describes the planning and implementation process, for the statewide provision of community service employment and other authorized activities for eligible individuals under Title V SCSEP. [OAA § 503(a)] [20 CFR 641.140]

30. **"Subcontract":** Any form of legal agreement between the AAA and the Subcontractor, including an agreement that the AAA or Subcontractor would consider to be a contract, including vendor type Agreements for providing goods or services for the Subcontractor to carry out part of a federal award received by the Contractor under this Program Guide. It does not include payments to a contractor or payments to an individual that is a beneficiary of a federal program.

31. **"Subcontractor":** The legal entity that receives funds from the AAA to carry out any part of a federal award identified in this Program Guide.

32. **"Supportive Services":** services, such as transportation; health and medical services; special job-related or personal counseling; incidentals, such as work shoes, badges, uniforms, eyeglasses, and tools; child and adult care; housing, including temporary shelter; follow-up services; and needs-related payments which are necessary for an individual to participate in program activities authorized under Title V SCSEP. [OAA § 502(c)(6)(A)(iv)] [OAA § 518(a)(8)] [20 CFR 641.140] [20 CFR 641.545]

33. **"Title V SCSEP Grantee Performance Management System (GPMS)":** the DOL system used to process and analyze Title V SCSEP data and the system used to view, print, and save Title V SCSEP quarterly progress reports, data quality reports, and management reports. [OAA § 503(f)(3)-(4)] [20 CFR 641.879(b)] [20 CFR 641.879(e)-(h)]

34. **"Title V Senior Community Service Employment Program (SCSEP)":** a program that serves unemployed, low-income persons who are fifty-five (55) years of age and older and who have poor employment prospects by training them in part-time community service assignments and by assisting them in developing skills and experience to facilitate their transition to unsubsidized employment. [OAA § 502(a)(1)] [20 CFR 641.110]

35. **"Transfer/Change Utility":** the WDCS procedure used to transfer a participant in GPMS from one contractor to another or changing a sub-contractor within a subcontractor. [Title V SCSEP Data Collection Handbook Rev. 7 (March 2017), Participant Form Guide (page 39, number 17)]

36. **"Unemployed":** an individual who is without a job and who wants and is available for work, including an individual who may have occasional employment that does not result in a constant source of income. [OAA § 518(a)(9)] [20 CFR 641.140]

37. **"Web Data Collection System (WDCS)":** the DOL web-based data collection system used to input all Title V SCSEP program and participant information into GPMS. [OAA § 503(f)(3)-(4)] [GPMS User Guide for Grantees Version 1.5 (January 2024)] [20 CFR 641.879(b)] [20 CFR 641.879(e)-(h)]

5.4 Scope of Work *(Revised 08/25)*

1. The AAA or subcontractor shall perform the following if operating as a direct or contracted Title V SCSEP program:

   a. Implement statutory provisions of the Title V SCSEP in accordance with all applicable laws, regulations, and this Program Guide including but not limited to:

      i. Older Americans Act (OAA) of 1965, as amended through Public Law 116-131, enacted March 25, 2020.

      ii. 20 CFR Part 641 SCSEP: Final Rule, September 1, 2010.

      iii. 20 CFR Part 641 SCSEP; Performance Accountability, Final Rule, August 29, 2018.

      iv. 20 CFR Part 641 SCSEP; Performance Accountability, Interim Final Rule, December 1, 2017.

      v. Workforce Innovation and Opportunity Act of 2014 (WIOA), Public Law 113-128.

      vi. 2 CFR Part 200, Office of Management and Budget (OMB), Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, Final Rule.

vii. 2 CFR Part 2900, Uniform Administrative, Requirements, Cost Principles and Audit Requirements for Federal Awards Technical Amendments, Department of Labor (DOL).

viii. 20 CFR 678.400 through 20 CFR 678.510.

ix. Jobs for Veterans Act of 2002, Public Law 107-288. [38 U.S.C. 4215]

x. Age Discrimination in Employment Act of 1967, Public Law 90-202.

xi. California Healthy Workplaces/Healthy Families Act 2014.

xii. Age Discrimination Act of 1975. [42 U.S.C. 6101 to 6107]

xiii. Terms and Conditions of this Program Guide, the MOU, and the Terms and Conditions of the current SCSEP grant.

xiv. Other CDA PMs, laws, regulations, and guidance pertaining to Title V SCSEP posted on the CDA website.

xv. Any other subsequent TEGLs, memos, bulletins, or similar instructions issued during the term of this Agreement by DOL.

xvi. Privacy Act of 1974, as amended, 5 U.S.C. § 552a.

b. Review, approve, and monitor its subcontractor budgets and expenditures and any subsequent amendments and revisions to budgets. To the extent feasible, ensure that all budgeted funds are fully expended by the end of each fiscal year. [20 CFR 641.430(e)-(f)] [2 CFR 200.327] [2 CFR 200.328]

c. Develop methods of recruitment and selection that will assure the maximum number of eligible individuals have the opportunity to participate in the program. [20 CFR 641.515(a)]

d. Provide a paid orientation to participants that include information on project goals and objectives; community service training assignments; training opportunities; available supportive services; the availability of a free physical examination; participant's rights and responsibilities; CDA Participant Termination Policy; CDA Grievance Policy; CDA Authorized Break in Participation Policy; and permitted and prohibited political activities. [20 CFR 641.535(a)(1)] [20 CFR 641.535(a)(9)] [20 CFR 641.570(d)] [CDA PM 11-06] [CDA PM 11-20] [CDA PM 14-15]

e. Conduct individual assessments of the participants' work history; skills and interests; talents; physical capabilities; aptitudes; occupational preferences; needs for supportive services; potential for performing

proposed community service assignment duties; and potential for transition to unsubsidized employment. Assessments must be conducted no less frequently than two (2) times during a 12-month period. [20 CFR 641.535(a)(2)]

f. Provide an Individual Employment Plan (IEP) for each participant based on an assessment. IEPs shall be developed in partnership with each participant and must reflect the needs as well as the expressed interests and desires of the participant. The initial IEP should include an appropriate employment goal for each participant. IEPs shall be updated as necessary to reflect information gathered during the participants' assessments. IEPs shall contain goals, action steps to achieve goals, and timelines to complete goals. [20 CFR 641.140] [20 CFR 641.535(a)(3)]

g. Provide or arrange for training for participants specific to their community service assignment or in support of their training needs identified in their IEP. [20 CFR 641.535(a)(5)-(6)]

h. Submit all requests for an OJE to CDA for approval prior to exercising the OJE with any participants. OJE training is permitted with the same employer, but no more than five (5) times per year for the same job category. [Older Worker Bulletin No. 04 04]

i. Obtain and record the personal information necessary for a proper determination of eligibility for all participants and maintain documentation supporting their eligibility. The income of each participant shall be recertified once every twelve (12) months. Documentation records shall be maintained in a confidential manner. [20 CFR 641.505]

j. Cooperate with community, employment, and training agencies, including agencies under the WIOA, to provide services to low-income older workers. [20 CFR 641.200]

k. Participate in the development of the Title V SCSEP State Plan. Local activities must support the strategic focuses outlined in the Title V SCSEP State Plan. [20 CFR 641.315(a)]

l. Submit a SCSEP Project Quarterly Narrative Progress Reports to CDA each quarter using guidance distributed by CDA. [20 CFR 641.879(f)]

m. Follow-up with participants placed into unsubsidized employment to determine whether they are still employed and to make certain that participants receive any follow-up services they may need to ensure retention. [20 CFR 641.545(c)]

n. Execute a signed Memorandum of Understanding (MOU) between the Local Workforce Development Board(s) and the AAA detailing how services will be provided and identifying the AAA required shared infrastructure costs. [WIOA, Public Law 113-128]

The MOU must contain the following components:

i. A description of the functions/services to be performed for AJC (One-Stop Center) clients.

ii. An explanation of how the costs of these functions/services and AJC (One-Stop Center) operations will be funded, including WIOA required shared contributions to infrastructure costs. Negotiated infrastructure costs must be captured on the AAA's budget under Administration or Program Other.

iii. A description of the methods to be used for referring clients among the partners.

iv. The duration of the MOU and procedures for amending it.

[29 U.S.C. 3151] [20 CFR 678.400 through 20 CFR 678.510]

o. Maintain an up-to-date SCSEP Data Collection Handbook, BCT Partners Data Validation Handbook, and copies of both State and federal departmental requirements so that all responsible persons have ready access to standards, policies, and procedures. [20 CFR 641.879(b)] [20 CFR 641.879(d)-(e)]

p. Use the program data collection and reporting system as required by CDA in this Program Guide. [OAA § 503(f)(3)-(4)]

q. Submit all requests for a Transfer/Change utility transaction in GPMS to CDA for prior approval. [Title V SCSEP Data Collection Handbook Rev. 7 (March 2017), Participant Form Guide (page 39, number 17)]

r. Not enroll individuals who can be directly placed into unsubsidized employment. [20 CFR 641.512].

s. Use the COG's SCSEP Data Collection Handbook, provided on COG's website, for DOL policy guidance, frequently asked questions, and revisions to the handbook.

t. The Healthy Workplaces/Healthy Families Act of 2014 provides paid sick leave to all California employees who work for the same employer ninety (90) or more days.

SCSEP programs must:

i. Provide participants with forty (40) hours of sick leave at the start of each program year, provided the participant(s) have been with SCSEP longer than ninety (90) days. (CA Labor Code Section 246)

ii. Unspent sick leave time will not be carried over to the following program year.

iii. A participant is entitled to use paid sick days beginning on the 90th day of the training assignment.

iv. Participants on sick leave are not permitted to participate in any trainings, workshops, and/or meetings.

v. When a participant uses sick leave, the participant must record absent hours on that pay period's time sheet.

2. Core Measures [20 CFR 641.700(b)]

   The AAA shall, or if subcontracted, the Subcontractor shall, meet the biennially negotiated performance measures established by the DOL, which include the following core measures:

   a. Hours of community service employment.

   b. Percentage of project participants who are in unsubsidized employment during the second quarter after exit from project.

   c. Percentage of project participants who are in unsubsidized employment during the fourth quarter after exit from project.

   d. Median earnings of project participants who are in unsubsidized employment during the second quarter after exit from the project.

   e. Indicators of effectiveness in serving employers, host agencies, and project participants.

   f. The number of eligible individuals served.

   g. The number of most-in-need individuals served.

   [OAA § 513(b)(1)] [20 CFR 641.700(b)] [20 CFR 641.710]

3. In addition to the conditions above, the AAA shall perform the following if subcontracting for Title V SCSEP program services [2 CFR 200.327] [2 CFR 200.328]:

   a. Ensure all applicable provisions required within this Program Guide are included in any subcontract entered into by the AAA to carry out the terms outlined within this Program Guide.

b. Pursuant to 2 CFR § 200.332(a), The AAA must verify that a subcontractor is not excluded or disqualified in accordance with 2 CFR § 180.300. Verification methods are provided in § 180.300 which includes confirming in *SAM.gov* that the potential subcontractor is not suspended, debarred, or otherwise excluded from receiving federal funds.

The AAA shall ensure every subcontract is clearly identified to the subcontractor as a subcontract and includes the information provided below. The AAA must provide the best available information when some of the information below is unavailable. The AAA must provide the unavailable information when it is obtained. Required information includes:

i. Federal award identification:

a) Subcontractor's name (must match the name associated with the UEI);
b) Subcontractor's UEI);
c) Federal Award Identification Number (FAIN);
d) Federal Award Date;
e) Subcontract Period of Performance Start and End date;
f) Subcontract Budget Period Start and End date;
g) Amount of Federal Funds Obligated in the subcontract;
h) Total Amount of Federal Funds Obligated to the subcontractor by the AAA, including the current financial obligation;
i) Total Amount of the Federal Award committed to the subcontractor by the AAA;
j) Federal award project description, as required by the Federal Funding Accountability and Transparency Act (FFATA);
k) Name of the Federal agency, AAA and contact information for Contractor's Awarding Official;
l) Assistance Listings Title and Number; the AAA must identify the dollar amount made available under each federal award and the Assistance Listings Title and Number at the time of disbursement;
m) Identification of whether the federal award is for research and development; and
n) Indirect cost rate for the federal award including if the de minimis rate is used in accordance with 2 CFR § 200.414.

ii. All requirements of the subcontract, including requirements imposed by federal statutes, regulations, and the terms and conditions of the federal award.

iii. Any additional requirements the AAA imposes on the subcontractor for the AAA to meet its responsibilities under the federal award. This includes information and certifications required for submitting financial and performance reports that the AAA must provide to the federal agency. (2 CFR § 200.415)

c. Conduct an annual onsite monitoring, evaluate, and document the Subcontractor's performance and compliance with this Program Guide.

d. Provide training, support and technical assistance to the Subcontractor(s) as needed and respond in writing to all written requests from the Subcontractor(s) for guidance, and interpretation of instructions.

5.4.1 Additional Federal Requirements

This Program Guide is subject to the requirements of the U.S. Department of Labor (DOL)'s Senior Community Service Employment Program (SCSEP) grant Terms and Conditions and Assurances. By receiving funds to perform services outlined within this Program Guide, the AAA agrees that it will carry out the project/program as authorized and will comply with the terms and conditions and other requirements of this Program Guide, including but not limited to:

1. U.S. Department of Labor Training and Guidance Letter (TEGL) 22-19

   AAA is bound by the authorizations, restrictions, and requirements contained in the U.S. Department of Labor, Training and Guidance Letter (TEGL) 22-19, SCSEP Planning Instructions and Allocations.

2. Salary and Bonus Limitations (TEGL 5-06)

   Pursuant to Public Law 116-94, Division A, Title I, Section 105, this award is subject to the Salary and Bonus limitations in Public Law 109-234. The limitation applies to all programs administered or funded by the U.S. Department of Labor and covers any salary or bonus payments made by the AAA or subcontractor to an individual.

3. Requirements for Conferences and Conference Space

   Conferences sponsored in whole or in part by the AAA are allowable if the conference is necessary and reasonable for the successful performance of the federal award. For more information on the requirements and allowability of costs associated with conferences, refer to 2 CFR 200.432.

4. Architectural Barriers

   Architectural Barriers Act of 1968, 42 U.S.C. 4151 et seq., as amended, the Federal Property Management Regulations (see 41 CFR 102-76), and the Uniform Federal Accessibility Standards issued by GSA (see 36 CFR 1191, Appendixes C and D) set forth requirements to make facilities

accessible to, and usable by, the physically handicapped and include minimum design standards. All new facilities designed or constructed with grant support must comply with these 23 requirements.

5. Executive Orders

The AAA shall assure compliance with the following Executive Orders (EO)

a. EO 12928 - AAA is strongly encouraged to provide subcontracting opportunities to Historically Black Colleges and Universities and other Minority Institutions; Tribal Colleges and Universities; and to Small Businesses Owned and Controlled by Socially and Economically Disadvantaged Individuals.

b. EO 13043 - AAA is encouraged to adopt and enforce on-the-job seat belt policies and programs for their employees when operating company-owned, rented, or personally owned vehicles.

c. EO 13513 - AAA and subcontractors are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or rented vehicles or Government Owned Vehicles (GOV), while driving Privately Owned Vehicles (POV) when on official Government business, or when performing any work for, or on behalf of the Government.

d. EO 13166 - AAA shall take reasonable steps to ensure that LEP persons have meaningful access to programs in accordance with DOL's Policy Guidance on the Prohibition of National Origin Discrimination as it Affects Persons with Limited English Proficiency. Meaningful access may entail providing language assistance services, including oral and written translation, where necessary. For assistance and information regarding your LEP obligations, go to http://www.lep.gov.

6. Reporting Total Compensation of AAA Executives

The AAA shall report the names and total compensation of its top five (5) most highly compensated executives for the preceding fiscal year unless the AAA's gross income from all federal contracts and subcontracts is under $300,000. Such report shall be made to CDA no later than thirty (30) days after the execution of this Agreement.

7. Reporting Fraud, Abuse, and Criminal Conduct (TEGL 2-12)

The AAA shall immediately document and report to CDA allegations, suspicions and complaints involving possible fraud, program abuse and criminal misconduct. In addition, situations involving imminent health or safety concerns, or the imminent loss of funds exceeding an amount

larger than $50,000 (e.g. $500,000), are considered emergencies and must immediately be reported to CDA by telephone and followed up with a written report, no later than one working day after the telephone report. No action will be taken against any complainant for disclosing information concerning criminal or improper activities or making a valid complaint to proper authorities. Complainants may remain anonymous.

8. Hotel-Motel Fire Safety

Pursuant to 15 U.S.C. 2225(a), the AAA must ensure that all space for conferences, meetings, conventions or training seminars funded in whole or in part with federal funds complies with the protection and control guidelines of the Hotel and Motel Fire Safety Act (P.L. 101-391, as amended). AAA may search the Hotel Motel National Master List at http://www.usfa.dhs.gov/applications/hotel/ to see if the property is in compliance, or to find other information about the Act.

9. Contracting with Corporations

The AAA is prohibited from knowingly entering into a contract, memorandum of understanding, or cooperative agreement with any corporation or its subsidiary that:

a. Was convicted of a felony criminal violation under any federal law within the preceding twenty-four (24) months.

b. Has any unpaid federal tax liability for which all judicial and administrative remedies have been exhausted.

c. Is an inverted domestic corporation under Section 835(b) of the Homeland Security Act of 2002. [6 U.S.C. 395(b)]

10. Prohibition on Procuring Goods Obtained Through Child Labor

Pursuant to Public Law 116-94, Division A, Title I, Section 103, no funds may be obligated or expended for the procurement of goods mined, produced, manufactured, or harvested or services rendered, in whole or in part, by forced or indentured child labor in industries and host countries identified by DOL.

11. Restriction on Purchase of Sterile Needles or Syringes

Pursuant to Public Law 116-94, Division A, Title V, Section 527, no Federal funds shall be used to purchase sterile needles or syringes for the hypodermic injection of any illegal drug.

12. Requirement for Blocking Pornography

Pursuant to Public Law 116-94, Division A, Title V, Section 520, no federal funds may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography.

5.5 Budget and Budget Revisions *(Revised 08/25)*

1. The AAA shall be compensated for expenses only as itemized in the approved Budget with the exception of line-item budget transfers as noted in this Section and shall not be entitled to payment for these expenses until this Agreement is approved and executed by CDA. The approved budget is hereby incorporated by reference into the MOU.

2. The Budget must set forth in detail the reimbursable items, unit rates and extended total amounts for each line item. The AAA's budget shall include, at a minimum, the following items when reimbursable under the legal authority provided by this Program Guide and the MOU:

a. Personnel Costs – annual full-time effort (FTE) wage rates and personnel classifications together with the percentage of time to be charged, specified for each fund source. 2 CFR 200.430 must be followed for rules regarding allowability of personnel costs.

i. Charges to Federal awards for salaries and wages must be based on records that accurately reflect the work performed. These records must:

1) Be supported by a system of internal control which provides reasonable assurance that the charges are accurate, allowable, and properly allocated;

2) Be incorporated into the official records of the non-federal entity;

3) Reasonably reflect the total activity for which the employee is compensated by the non-Federal entity, not exceeding 100% of compensated activities;

4) Support the distribution of the employee’s salary among specific activities or cost objectives if the employee works on more than one Federal award; a Federal award and a non-Federal award, an indirect cost activity and a direct cost activity; two or more indirect activities which are allocated using different allocation bases; or an unallowable activity and a direct or indirect cost activity.

5) Budget estimates (i.e. estimates determined before the services are performed) alone do not qualify as support for changes to Federal awards.

ii. Salaries and wages of employees used in meeting cost sharing or matching requirements on Federal awards must be supported in the same manner as salaries and wages claimed for reimbursement from Federal awards.

b. Fringe Benefits.

c. Contractual Costs – subcontract and consultant cost detail.

d. Allocated Direct Costs – requires submission of a Direct Cost Allocation Plan for prior approval. OR Indirect Costs – costs incurred for a common or joint purpose benefitting more than one cost objective and not readily assignable as a direct cost.

e. Rent - total costs.

f. Supplies – to include items that do not qualify as property. See section 3.4 Property of this Program Guide.

g. Property – detailed description and unit costs. See section 3 Property, of this Program Guide.

h. Travel (In State Travel and Out of State) – mileage reimbursement rate, lodging, per diem and other costs.

i. Staff Training - attendance cost for necessary training

j. Other Costs - facilities, operating expenses, and other ordinary and necessary costs.

3. The AAA shall ensure that the Subcontractor shall submit a budget, which shall be incorporated by reference into the Subcontract and will have, at a minimum, the categories listed in Item 2. above.

5.5.1 Indirect Costs – Increases effective July 1, 2025 *(Revised 08/25)*

1. The maximum reimbursement amount allowable for indirect costs is fifteen percent (15%) of the Contractor's Modified Total Direct Costs (MTDC).

Modified Total Direct Cost (MTDC) means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first $50,000 of each subaward (regardless of the period of performance of the subawards under the award). MTDC excludes in-kind contributions, equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each subaward in excess of $50,000 Other items may only be excluded when

necessary to avoid a serious inequity in the distribution of indirect costs, and with the approval of the cognizant agency for indirect costs. [45 CFR 75.2]

2. AAAs requesting reimbursement for indirect costs exceeding the maximum fifteen percent (15%) shall retain on file an approved negotiated indirect cost rate or cost allocation plan.

3. For major Institutes of Higher Education and major nonprofit organizations, indirect costs must be classified within two broad categories: “Facilities” and “Administration.” “Facilities” is defined as depreciation on buildings, equipment and capital improvement, interest on debt associated with certain buildings, equipment and capital improvements, and operations and maintenance expenses. “Administration” is defined as general administration and general expenses such as the director's office, accounting, personnel and all other types of expenditures not listed specifically under one of the subcategories of “Facilities” (including cross allocations from other pools, where applicable). [2 CFR 200.414]

5.6 Program Specific Funds

5.6.1 Program Income

1. “Program income” is revenue generated by the AAA or subcontractor from Program Guide-supported activities and includes:

   a. Voluntary contributions received from a participant or responsible party as a result of the service.

   b. Income from usage or rental fees of real or personal property acquired with grant funds or funds provided to perform services outlined within this Program Guide.

   c. Royalties received on patents and copyrights from services outlined within this Program Guide.

   d. Proceeds from the sale of items fabricated under a contract agreement.

2. Costs of generating program income may be deducted from gross income to determine program income earned, provided these costs are not charged to program funding.

3. Program income must be expended prior to drawing down additional funds as required in [2 CFR 200.305(b)(5)] and [2 CFR 200.307(e)].

4. Program Income remaining at the end of the period of performance must be returned to CDA.

5.6.2 Recipient Local Share

Recipient Local Share (cash and/or in-kind) must be reported monthly, and shall be limited to:

1. Cash and/or in-kind contributions, if such contributions are used to meet program requirements.

2. Recipient Local Share (cash or in-kind) verifiable from the records of the Contractor or subcontractor.

3. Recipient Local Share used for allowable costs in accordance with the Code of Federal Regulations [2 CFR 200] and [2CFR 2900].

4. On-the-Job Experience expenditures applied to wages and fringe benefits, other program costs, or administration, shall be identifiable in the AAA's records.

5.7 Program Specific Budget and Budget Revision

1. The AAA shall submit electronically the original Title V Budget with the annual updates by May 1, unless otherwise instructed by CDA.

2. The AAA shall submit electronically, a budget revision thirty (30) days after receiving an amended Title V Budget Display with changes in funding levels, unless otherwise instructed by CDA.

3. Budget revisions may be submitted as necessary, but no later than (60) days prior to the ending of the current fiscal year funding period.

4. The AAA is limited to eight percent (8%) of the federal allocation for Administration.

5. Administrative costs for a subcontractor are limited to ten (10%) percent of the federal allocation and should be reported as Subcontractor Administration in the Title V Budget.

6. Consultant fees are limited to $710 per day without prior DOL Grant approval.

7. The AAA shall ensure that of the total federal funds expended, not less than seventy-nine percent (79%) shall be spent for Participant Wages and Fringe Benefits.

8. The AAA is not required to budget On-the-Job Experience (OJE) training costs separate from other costs; costs shall be tracked during the funding period as specified on the budget display.

9. The AAA may charge expenditures associated with participant assessment, training, job development, counseling functions, etc. to the Program Other category in the Title V Budget.

a. Property with per unit cost of $5,000 or more, all computing devices regardless of cost (including but not limited to, workstations, servers, laptops, personal digital assistants, notebook computers, tablets, smartphones, and cellphones), and all portable electronic storage media regardless of cost (including but not limited to, thumb/flash drives and portable hard drives) requires justification from the AAA and approval from CDA, and must be included in the Title V/SCSEP Budget.

b. Property with a per unit cost of $5,000 or more requires justification and approval from the Department of Labor. The AAA must submit a detailed description list to be included in the CDA 35 Title V/SCSEP Budget within 30 days of contract issuance date. [2CFR200.33], [2 CFR 200.313] and [2 CFR 200.439].

10. Senior Community Service Employment Program (Title V) Budget must be submitted in accordance with the Budget Instruction Package, as issued by CDA, before the start-up of each fiscal year. The (Title V) Budget must correlate with Title V SCSEP activities and functions, stipulated within the annual Title V SCSEP Application.

5.7.1 Line-Item Budget Transfers

The AAA may transfer funds between line items under the following terms and conditions:

1. The AAA shall submit a revised budget to CDA for any line-item budget transfer of funds that is ten percent (10%) or more of the total budget.

2. The AAA shall maintain a written record of all budget changes and clearly document line-item budget changes. The record shall include the date of the transfer, the amount, and the purpose. This record shall be available to CDA upon request and shall be maintained in the same manner as all other financial records.

5.8 Payments *(Revised 08/25)*

1. The AAA shall prepare and submit a monthly expenditure report in an electronic format to CDA no later than the last business day of each month or as specified by CDA. The report shall include all costs and funding sources for the month prior.

2. Payments will be made to reimburse expenditures reported unless the AAA pre-selects an Advanced method and provides a justification explaining the need for an advance on the budget form at the beginning of a new funding term, as referenced on a budget display. Payments after the advance has been provided will be made to reimburse expenditures reported, as outlined in Item 1 of this section of this Program Guide.

3. During the entirety of the funding period, the AAA shall report quarterly accruals and monthly actual expenditures. [2 CFR 2900 14]

4. The AAA shall submit timely expenditures to CDA. Late expenditures may lead to a delay in payment until the following month.

5. Upon written request by CDA, the AAA must submit additional documentation or justification to support the reported expenditures.

6. AAA shall be charged $75 per program fund source for expedited payments to recover the fees charged by the State Controller's Office. CDA may waive the fees on a case-by-case basis as appropriate.

5.9 Reporting

1. The AAA shall:

   a. Enter program and participant data into GPMS using the WDCS on a routine basis.

   b. Review and continually seek to clear errors in the WDCS and the data must be timely, complete, accurate, and verifiable.

   c. Create a plan to ensure accuracy of data from all levels which includes a method for the AAA or subcontractors to verify the accuracy of the data prior to submission to CDA.

   d. Train and orient staff and subcontractor's staff on data collection and reporting requirements.

2. The AAA shall review DOL Case Management System (CMS) weekly, in accordance with DOL requirements to ensure accuracy of data entry into the WDCS.

3. The AAA shall review Data Quality Reports, monthly, in accordance with DOL requirements to ensure accuracy of data inputted into the WDCS.

4. The AAA shall submit a Corrective Action Plan describing the actions to be taken to achieve the performance goals if the project did not achieve the established performance goals in the previous fiscal year. [20 CFR 641.740(b)]

5. For purposes of reporting in the Schedule of Expenditures of Federal Awards in the audit, the federal grantor is the U.S. Department of Labor, Employment and Training Administration. The Catalog of Federal Domestic Assistance Number is 17.235.[OAA § 503(f)(3)(4)] [20 CFR 641.879]

6. The AAA shall submit its Title V SCSEP Project Quarterly Narrative Progress Report to CDA twenty (20) days after the close of each quarter using guidance distributed by CDA. [20 CFR 641.879(f)]

5.10 Appeals

In the event of a dispute or grievance regarding the terms and conditions of this Program Guide, both parties shall abide by the following procedures:

1. The AAA shall first discuss the problem informally with CDA. If the problem is not resolved, the AAA must, within fifteen (15) working days of the failed attempt to resolve the dispute with CDA, submit a written complaint together with any evidence to the Division of Home and Community Living Deputy Director. The complaint must include the disputed issues, the legal authority/basis for each issue which supports the AAA's position and the remedy sought. The Deputy Director shall, within fifteen (15) working days after receipt of the AAA's written complaint, make a determination on the dispute and issue a written decision and reasons therefore. All written communication shall be pursuant to Section 3.10 of this Program Guide. Should the AAA disagree with the decision of the Deputy Director, the AAA may appeal the decision to CDA's Chief Deputy Director.

2. The AAA's appeal must be submitted within ten (10) working days from the date of the decision of the Division of Home and Community Living (DHCL) Deputy Director; be in writing; state the reasons why the decision is unacceptable; and include the original complaint, the decision that is the subject of appeal, and all supporting documents. Within twenty (20) working days from the date of the AAA's appeal, the Chief Deputy Director or designee shall meet with the AAA for review of the issues raised on appeal and issue a final written decision.

3. The AAA may appeal the final decision of CDA's Chief Deputy Director in accordance with the procedures set forth in 1 CCR 1200.

4. Costs incurred by the AAA or subcontractor for administrative or court review are not reimbursable.

5.11 Transition Plans and Obligations Upon Termination

1. The AAA shall submit a transition plan to CDA within fifteen (15) business days of delivery of a written Notice of Termination by CDA or Notice of Intent to Terminate by the AAA. The transition plan must be approved by CDA and shall at a minimum include the following:

    a. A thirty (30) day written notice informing participants of program closure, reduction of slots, or change in service provider.

    b. A process on how confidential records of participants and database files will be relinquished by the AAA and transferred to the new service provider.

    c. A process to communicate with national Title V SCSEP grantees to transfer current participants into other employment/training opportunities.

d. A process on how supportive services will be identified and provided to participants to ease in the transition.

e. A process to conduct a property inventory and plan to dispose of, transfer, or return to CDA all equipment purchased during the entire operation of the services outlined within this Program Guide.

f. A description of adequate staff to provide continued service through the term of the existing MOU. [22 CCR 7206(e)(4)]

2. The AAA shall implement the transition plan as approved by CDA. CDA will monitor the AAA's progress in carrying out all elements of the transition plan.

3. The AAA agrees to implement a transition plan submitted by CDA to the AAA when the AAA fails to provide and implement a transition plan as required by Section 3.9.

5.12 Closeout

1. The Title V/SCSEP Financial Closeout Report (CDA 90) and the Program Property Inventory Certification (CDA 9024) shall be submitted annually to the CDA Local Finance Bureau. All AAAs are required to submit Closeout Reports as instructed by CDA.

2. Final expenditures must be reported to CDA in accordance with allocations and funding periods specified in the budget display. If the expenditures reported by the AAA exceed the advanced amount, CDA will reimburse the difference to the AAA up to the program funding allocation amounts listed on the budget display. If the expenditures reported by the AAA are less than the advanced amount, CDA will invoice the AAA for the unspent funds.

The payment on the invoice is due immediately upon receipt or no later than 30 days from the date on the invoice.

If payment is not received within 30 calendar days, CDA will collect payment from upcoming disbursements. To account for the collected funds from outstanding invoice, the AAA will need to adjust records to move the funds already on hand from the previous fiscal year funding period to the current fiscal year funding period.

6 HEALTH INSURANCE COUNSELING AND ADVOCACY PROGRAM (HICAP)

6.1 Introduction

The California Health Insurance Counseling and Advocacy Program (HICAP) is a Mello-Granlund Older Californians Act (OCA) program authorized under Welfare and Institutions Code Sections 9530 – 9538 and 9541.

The purpose of HICAP is to provide Medicare beneficiaries and those imminent of becoming eligible for Medicare with counseling and advocacy as to Medicare, private health insurance, and related health care coverage plans.

Twenty-six (26) Area Agencies on Aging are responsible for the local management of HICAP in their designated HICAP's service area(s).

HICAP is supported through State and federal funds, and subject to U.S. Department of Health and Human Services (HHS) Administrative Requirements, which can be found in 45 CFR Part 75, federal grant terms and conditions, as well as implemented through the HHS Grants Policy Statement.

6.2 Assurances

1. The AAA shall assure, either as a HICAP direct services or contracted services, that the following conditions are met:

    a. Services are provided only to the defined Eligible Service Population.

    b. Public awareness, knowledge and visibility of the HICAP that includes persons in greatest need of services and partnership opportunities with groups not currently being reached.

    c. Staffing is adequate to cover all requirements and timelines of the Program. The Program Manager shall manage the Program at least thirty-two (32) hours per week. The equivalent of at least one half-time paid Volunteer Coordinator shall assist the Program Manager in coordinating the activities of volunteers.

    d. The Program Manager for HICAP has general oversight of the HICAP services and sole authority to recommend persons for HICAP Counselor registration, to file industry complaints, and to refer HICAP clients to legal services.

    e. All persons affiliated with the Program and who are counseling, including paid personnel and volunteers, are trained and registered with the State as HICAP Counselors in accordance with laws, regulations, and the HICAP Program Manual.

    f. Participants who volunteer their time for the health insurance counseling and advocacy program may be reimbursed for expenses incurred, as specified in Section 3.15.1.

2. The AAA shall assure, either as a HICAP direct services or contracted services, compliance with the State Conflict of Interest Requirements as they pertain to HICAP services as follows:

    a. The project staff and volunteers do not engage in the solicitation of insurance; nor endorse any Medicare supplement, long-term care, or other

insurance policies or plans; nor endorse the services of any insurer or managed care plan, claims processing organization, or other enterprise that could benefit from activities conducted by the HICAP. All project staff and volunteers shall provide HICAP educational services in a manner that is objective and impartial and provide counseling consistent with the best interests of the clients and which preserves the independent decision-making responsibilities of the client.

b. The project, project staff, and volunteers shall not have a conflict of interest such as, but not limited to, a business relationship with insurers, health plans, or organizations posing a conflict of interest. The AAA shall assure that project staff and volunteers do not accept money or gifts from the clientele in exchange for services in accordance with CDA guidance on conflict of interest and the HICAP Program Manual.

c. All reasonable and necessary measures to assure that advisors, employees, and volunteers associated with the operation of HICAP agree to act in a manner so as to prevent the appearance of impropriety, or any other act which would place in jeopardy HICAP's reputation as an independent and impartial program. The AAA shall assure that advisors and governing board members shall recuse themselves from HICAP business if they are employed by, or receive compensation from, the health insurance or managed health care industries. This shall not preclude the AAA from soliciting program contributions from entities that do not pose a conflict of interest.

3. Materials published or transferred by the AAA and financed with funds under this Agreement shall:

a. Use the SHIP Logo and Tagline on all HICAP publications, including websites.

b. Identify the name of the entity, the address, and telephone number at which the supporting data is available.

c. Acknowledge the support of CDA in writing, whenever publicizing the work under this Agreement in any media.

d. Assure that all HICAP related public information materials include the appropriate HICAP Product Disclaimer.

The AAA may select the appropriate Template Language that best corresponds with the AAA's, or contracted service provider's HICAP allocation(s). Template language should be edited to replace each reference of "XX" with the appropriate corresponding figure.

i. Product Disclaimer Template Option 1:

"This [project/publication/program/website, etc.] [is/was] supported by the Administration for Community Living (ACL), U.S. Department of Health and Human Services (HHS) as part of a financial assistance award totaling $XX with 100 percent funding by ACL/HHS. The contents are those of the author(s) and do not necessarily represent the official views of, nor an endorsement, by ACL/HHS, or the U.S. Government."

ii. Product Disclaimer Template Option 2:

This project/publication/program/website, etc.] [is/was] supported by the Administration for Community Living (ACL), U.S. Department of Health and Human Services (HHS) as part of a financial assistance award totaling $XX with XX percentage funded by ACL/HHS and $XX amount and XX percentage funded by non-government source(s). The contents are those of the author(s) and do not necessarily represent the official views of, nor an endorsement, by ACL/HHS, or the U.S. Government.

4. CDA may require prior approval and may control the location, cost, dates, agenda, instructors, instructional materials, and attendees at any reimbursable training seminar workshop or conference conducted in relation to the program funded by the authority provided by the MOU. CDA may also maintain control over any reimbursable publicity, or education materials to be made available for distribution.

5. The AAA shall assure, either as HICAP direct services or contracted services, full compliance with full compliance with PM 19-08, to include:

a. All HICAP volunteers and staff members in positions of trust are subject to a background and national-level criminal record check.

b. The HICAP shall have a protocol for determining which criminal violations render a volunteer or staff member unsuitable for SHIP assignments.

c. The Area Agency on Aging shall assure, either as HICAP direct services or contracted services, full compliance with the federal Volunteer Risk and Program Management (VRPM) requirements.

6. The AAA shall assure, either as HICAP direct services or contracted services, full compliance with 2 CFR 200.216.

The AAA is prohibited from the direct or indirect use of funds to:

a. Procure or obtain;

b. Enter into contract to procure or obtain; or

c. Extend or renew a contract to procure or obtain services, equipment or systems produced by Huawei Technologies Company or ZTE Corporation, or any subsidiary or affiliate of such entities. [Pub. L. 115-232, section 889]. The above prohibition includes video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, and Dahua Technology Company, their subsidiaries and affiliates.

7. Contingent upon legislative approval for augmented Local Assistance funds and CDA's notice of availability of funds:

a. The HICAP shall ensure that the equivalent of at least one full-time paid Volunteer Coordinator shall assist the Program Manager in coordinating the activities of volunteers.

b. The full-time paid Volunteer Coordinator shall supersede the prior requirement for a half-time paid Volunteer Coordinator.

8. The AAA, whether providing HICAP directly or through contracted service providers, shall assure program funds are not used for Meals except for the following:

a. When an organization customarily provides meals to employees working beyond the normal workday, as a part of a formal compensation arrangement.

b. As part of a per diem or subsistence allowance provided in conjunction with allowable travel.

c. When providing training events for HICAP staff and all the following conditions are met:

i. The HICAP training event is at least four hours in length.

ii. The agenda for the training does not include a designated lunch break. (i.e., working lunch)

iii. All attendees sign an attendance sheet to confirm their participation throughout the training.

9. The AAA, whether providing HICAP directly or through contracted service providers, shall assure full compliance with the Consolidated Appropriations Act, 2021, Public Law 116-260 to include Administration for Community Living (ACL) grant award funds may not be used:

a. To pay the salary of an individual at a rate in excess of $221,990. HRSA Bulletin 2024-02E

b. To advocate or promote gun control (Section 217).

c. To carry out any program of distributing sterile needles or syringes for the hypodermic injection of any illegal drug (Section 522).

d. For lobbying purposes (Public Law 116-260 Section 503), such as:

i. For publicity or propaganda purposes, for the preparation, distribution, or use of any kit, pamphlet, booklet, publication, electronic communication, radio, television, or video presentation designed to support or defeat the enactment of legislation before the Congress or any state or local legislature or legislative body, except in presentation to the Congress or any state or local legislature itself, or designed to support or defeat any proposed or pending regulation, administrative action, or order issued by the executive branch of any state or local government, except in presentation to the executive branch of any state or local government itself.

ii. To pay the salary or expenses of any grant or contract recipient, or agent acting for such recipient, related to any activity designed to influence the enactment of legislation, appropriations, regulation, administrative action, or Executive order proposed or pending before the Congress or any state government, state legislature or local legislature or legislative body, other than for normal and recognized executive-legislative relationships or participation by an agency or officer of a state, local or tribal government in policy- making and administrative processes within the executive branch of that government.

iii. The prohibitions in subsections (a) and (b) shall include any activity to advocate or promote any proposed, pending or future federal, state or local tax increase, or any proposed, pending, or future requirement or restriction on any legal consumer product, including its sale or marketing, including but not limited to the advocacy or promotion of gun control.

10. The AAA, whether providing HICAP directly or through contracted service providers, shall assure full compliance to the requirements of Section 106(g) of the Trafficking Victims Protection Act of 2000, as amended (22 U.S.C. 7104(g)).

a. Provisions applicable to the AAA, whether providing HICAP services directly or through a contracted service provider, that are private entities:

Employees may not:

i. Engage in severe forms of trafficking in persons during the period of time that the award is in effect;

ii. Procure a commercial sex act during the period of time that the award is in effect; or

iii. Use forced labor in the performance of the award or subawards under the award.

b. The Department may terminate this agreement, without penalty, if the AAA that is a private entity:

i. Is determined to have violated an applicable prohibition in paragraph a; or

ii. Has an employee who is determined by the agency official authorized to terminate the award to have violated an applicable prohibition in paragraph a of this award term through conduct that is either:

1) Associated with performance under this agreement; or

2) Imputed to the AAA using the standards and due process for imputing the conduct of an individual to an organization that are provided in 2 CFR part 180, “OMB Guidelines to Agencies on Government wide Debarment and Suspension (Nonprocurement),” as implemented by the Administration for Community Living at 2 CFR part 376.

c. The AAA must inform CDA immediately of any information received from any source alleging a violation of a prohibition in paragraph a.

i. Of the MOU term.

ii. CDA’s right to terminate unilaterally that is described in paragraph b:

1) Implements section 106(g) of the Trafficking Victims Protection Act of 2000 (TVPA), as amended (22 U.S.C. 7104(g)), and

2) Is in addition to all other remedies for noncompliance that are available to CDA under this agreement

3) The AAA must include the requirements of paragraph a of this agreement in any subcontract.

d. Definitions for purposes of this contract item:

i. “Employee” means either:

1) An individual employed by the AAA or a subcontractor who is engaged in the performance of the project or program under this agreement; or

2) Another person engaged in the performance of the project or program under this award and not compensated by you including, but not limited to, a volunteer or individual whose services are contributed by a third party as an in-kind contribution toward cost sharing or matching requirements.

ii. "Forced labor" means labor obtained by any of the following methods: the recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery

iii. "Private entity":

1) Means any entity other than a State, local government, Indian tribe, or foreign public entity, as those terms are defined in 2 CFR 175.25.

2) Includes:

a) A nonprofit organization, including any nonprofit institution of higher education, hospital, or tribal organization other than one included in the definition of Indian tribe at 2 CFR 175.25(b)

b) A for-profit organization

iv. "Severe forms of trafficking in persons," "commercial sex act," and "coercion" have the meanings given at section 103 of the TVPA, as amended (22 U.S.C. 7102)

11. The AAA, whether providing HICAP directly or through contracted service providers, shall assure full compliance with the 48 CFR 3.901 Whistleblower Protections for Contractor Employees which protects contractor employees from reprisal for disclosure of information (41 U.S.C. 4705).

12. The AAA, whether providing HICAP directly or through contracted service providers, shall assure full compliance with Obergefell v. Hodges, 576 U.S. 644 (2015), the U.S. Supreme Court's decision which held that States may not deny same-sex couples the right to marry. The AAA is expected to recognize same-sex marriage, given that marriage is also recognized by a U.S. jurisdiction. Accordingly, the AAA must review and revise, as needed, any policies and procedures which interpret or apply Federal statutory or regulatory references to such terms as "marriage," "spouse," family," "household member'" or similar references to familial relationships to reflect inclusion of same-sex spouse and marriages.

13. The AAA, whether providing HICAP directly or through contracted service providers, shall assure full compliance with the HHS Grants Policy Statement (GPS),

which are common across all HHS Operating Divisions (OPDIVs) and apply as indicated in the HHS GPS unless there are statutory, regulatory, or award-specific requirements to the contrary (as specified in individual Notices of Awards).

6.3 Program Definitions

1. **"Eligible Service Population":** Medicare beneficiaries, including Medicare beneficiaries by virtue of a disability, and those persons imminent of Medicare eligibility [Welf. & Inst. Code § 9541(a), (c)(2)], and the public at large who are eligible to receive HICAP community education services, including long-term care planning and long-term care insurance counseling services. [Welf. & Inst. Code § 9541(c)(1), (c)(2), (c)(4)-(6)]

2. **Older Californians Act (OCA):** Welf. & Inst. Code § 9541 of the Mello-Granlund Older Californians Act, which is the enabling legislation for HICAP.

3. **"Health Insurance Counseling and Advocacy Program" (HICAP):** a program designed to provide Medicare beneficiaries and those imminent of becoming eligible for Medicare with counseling and advocacy about Medicare, private health insurance, and related health care coverage plans for the purpose of preserving service integrity on a Statewide basis. [Welf. & Inst. Code § 9541]

4. **"Medicare Modernization Act 2005 (MMA) State Funds":** the 2005 augmentation of HICAP State funds as defined in Welf. & Inst. Code § 9757.5(h).

5. **"State Health Insurance Assistance Program" (SHIP):** a national program supported by the federal Administration for Community Living (ACL) that offers one-on-one counseling and assistance to people with Medicare and their families. Through federal grants directed to states, SHIPs provide free counseling and assistance via telephone and face-to-face interactive sessions, public education presentations and programs, and media activities. In California, SHIP is the same program as the Health Insurance Counseling and Advocacy Program (HICAP). This term may be used interchangeably with HICAP.

6. **"Program Income":** revenue generated by the AAA or Subcontractor from Program Guide and Program supported activities, and may include:

   a. Voluntary contributions received from a participant or responsible party as a result of the service.

   b. Income from usage or rental fees of real or personal property acquired with grant funds or funds provided under the MOU.

   c. Royalties received on patents and copyrights from contract-supported activities.

   d. Proceeds from the sale of goods created under CDA grant funds.

6.4 Scope of Work

The AAA, whether providing HICAP directly or through a subcontract, shall:

1. Ensure statutory provisions of HICAP [Welf. & Inst. Code § 9541] are met. Services shall be provided in accordance with all applicable laws, regulations, this Program Guide, SHIP Base Grant Program Terms and Conditions, the HICAP Program Manual, and any other subsequent CDA Program Memos (PM), provider bulletins or similar instructions issued during the term of the MOU.

2. Maintain and, if applicable, distribute a current HICAP Program Manual and related CDA requirements to all HICAP Counselors and responsible persons to ensure ready access to standards, policies, and procedures. Additionally, all counselors shall be provided the latest HICAP Counselor Handbook. [Welf. & Inst. Code § 9100(c)-(d); § 9541(b)(1)-(2)]

3. Provide timely notice to CDA of any changes to the Program or changes in the status of the AAA or Subcontractor that could restrict the operations of, or access to, HICAP services. These changes include, but are not limited to, personnel changes, program or project phone number changes, headquarters office address changes and mailing address changes. If subcontracted, the AAA will forward this information to CDA.

4. Submit the name of the HICAP Program Manager to CDA within thirty (30) days of initial employment. If subcontracted, the AAA will forward this information to CDA.

5. Conduct recruitment, training, coordination, and registration of health insurance counselors, including a large contingent of volunteer counselors, Long-Term Care Counselors, and Long-Term Care Community Educators, designed to expand services as broadly as possible [WIC 9541(c)(7)]. New counselors shall be recruited, trained, and registered in compliance with state law and the HICAP Program Manual.

6. Ensure that the standard HICAP work week business hours, during which HICAP is open to the public, shall be five (5) days a week, Monday through Friday, from at least 9 a.m. to 4 p.m., except on holidays.

7. Ensure that public telephone access is available during normal business hours, Monday through Friday, 9 a.m. to 4 p.m. In the event clients cannot receive personal assistance immediately, they must be offered an opportunity to leave their name, a message, and return telephone number with an answering service or on an answering machine. Calls from clients leaving messages must be returned within two (2) business days received.

8. Ensure that the HICAP email address displayed on any public-facing website is monitored by staff Monday through Friday, 9 a.m. to 4 p.m. Responses to email communications must be provided within two (2) business days of the day the email was received.

9. Obtain a written and signed consent form from clients prior to disclosing their personal or confidential information to a third party. AAAs are encouraged to use the CDA 9009 (Authorization for Use/Disclosure of Health Information), or a similar form developed by the AAA.

10. Provide a written disclosure statement or its equivalent to counseling clients prior to counseling, as prescribed by CDA in the HICAP Program Manual. [Welf. & Inst. Code § 9541(f)(4)]

11. Provide community education designed to inform the public about Medicare, Medicare supplement and long-term care insurance options, Medicare Advantage plans, related managed health care plans, and insurance topics. [Welf. & Inst. Code § 9541(c)(1), (c)(4)-(6)]

12. Refer instances of suspected misrepresentation in advertising or sales of services provided by Medicare, managed health care plans, and life and disability insurers and agents, in accordance with the HICAP Program Manual. [Welf. & Inst. Code § 9541(e)]

13. Ensure that the HICAP Program Manager and/or designated representative shall attend all CDA required HICAP training sessions or conferences, in order to maintain program knowledge, efficiency, and competency. [Welf. & Inst. Code § 9541(f)(7)]

14. Maintain a program data collection and reporting system as specified in Section 6.9 of this Program Guide.

15. Collect, track, and report on all aspects of HICAP activity as specified in Section 6.9 of this Program Guide, to assess the Contractor's progress in reaching measurable outcomes as defined through annual HICAP Performance Measures.

16. Ensure the submission of program information and support documentation, to the CDA, for the development of required reports. These include, but are not limited to, the SHIP Grant Application, Supplemental Grant Funding Applications, and the SHIP Grant Mid-term Report. The information and documentation will be sent in the format requested, in a timely manner, and at intervals as determined by CDA.

17. Ensure processes are in place to provide program evaluation and quality assurance, including but not limited to, client satisfaction surveys and questionnaires.

18. Ensure referral services for legal representation with respect to Medicare appeals, Medicare related managed care appeals, and other related insurance problems, excluding the filing of lawsuits against private insurers or managed health care plans.

19. Ensure that if legal services are provided directly or through a subcontract, the following conditions must be met:

a. HICAP legal representation and technical program support shall be provided by or under the direction of a Supervising Attorney who is trained in Medicare law and who is in good standing with the California Bar.

b. Legal representation services shall be limited to Medicare, Medicare Part D issues, Medicare savings programs, low-income subsidy issues, long-term care insurance, managed care, and related health care coverage plans. [Welf. & Inst. Code § 9541(c)(3)]

c. HICAP legal representation shall be subject to the understanding that the legal representation and legal advocacy shall not include the filing of lawsuits against private insurers or managed health care plans. [Welf. & Inst. Code § 9541(c)(3)]

d. Contracted legal representation services shall not commence without a formal referral from the HICAP Program Manager to the Supervising Attorney, and only after a preliminary counseling session determines the need for referral.

i. Counseling sessions are required to be conducted by a registered HICAP counselor.

ii. The client may be either the person imminently becoming eligible for Medicare, enrolled in Medicare, or their representative.

e. Report the Legal Services units of service (if applicable) in the Area Plan Service Unit Plan (SUP).

The Supervising Attorney shall report the performance of legal services in accordance with HICAP reporting instructions.

20. Perform the following if subcontracting for HICAP program services:

a. Enter into contracts with subcontractors to operate the HICAP and provide HICAP counseling, informal advocacy, outreach, education and legal representation to Medicare beneficiaries within the contracted service area pursuant to Welf. & Inst. Code § 9541(c)(3), the HICAP Program Manual as issued by CDA, and any other subsequent CDA PMs, provider bulletins or similar instructions issued during the term of the MOU.

b. Ensure all applicable provisions required within this Program Guide and the MOU are included in any subcontract entered into by the AAA to carry out the terms of this Program Guide and the MOU.

c. Review, approve, and monitor subcontractors' budgets and expenditures and any subsequent amendments and revisions to budgets. The AAA shall, to the extent feasible, ensure that all budgeted funds are expended by the end of each fiscal year.

d. Conduct onsite monitoring once every two (2) years, and evaluate and document subcontractors' performance and compliance with this Program Guide and the MOU. [45 CFR 1321.11]

e. Provide training, support and technical assistance to the Subcontractor as needed and respond in writing to all written requests from subcontractors for guidance and interpretation of instructions.

21. AAAs are required to integrate HICAP in their Area Plan and annual updates, following CDA guidance. When Area Plans or annual updates are submitted, AAAs must ensure that the submitted Area Plan or annual update either aligns with the approved HICAP budget or submit a budget revision to align with the Area Plan, as outlined in Area Plan chapter of this Program Guide. [Welf. & Inst. Code § 9535(b)]

6.5 Budget and Budget Revisions *(Revised 08/25)*

1. The AAA shall be compensated for expenses only as itemized in the approved Budget with the exception of line item budget transfers as noted in this Section 6.7.1 and shall not be entitled to payment for these expenses until the MOU is approved and executed by CDA. The approved budget is hereby incorporated by reference into the MOU.

2. The Budget must set forth in detail the reimbursable items, unit rates and extended total amounts for each line item. The AAA's budget shall include, at a minimum, the following items when reimbursable under the legal authority provided by the MOU:

a. Personnel Costs – annual full time effort (FTE) wage rates and personnel classifications together with the percentage of time to be charged, specified for each fund source. 2 CFR 200.430 must be followed for rules regarding allowability of personnel costs.

i. Charges to Federal awards for salaries and wages must be based on records that accurately reflect the work performed. These records must:

1) Be supported by a system of internal control which provides reasonable assurance that the charges are accurate, allowable, and properly allocated;

2) Be incorporated into the official records of the non-federal entity;

3) Reasonably reflect the total activity for which the employee is compensated by the non-Federal entity, not exceeding 100% of compensated activities;

4) Support the distribution of the employee's salary among specific activities or cost objectives if the employee works on more than one Federal award; a Federal award and a non-Federal award, an indirect cost activity and a direct cost activity; two or more indirect activities which are allocated using different allocation bases; or an unallowable activity and a direct or indirect cost activity.

5) Budget estimates (i.e. estimates determined before the services are performed) alone do not qualify as support for changes to Federal awards.

ii. Salaries and wages of employees used in meeting cost sharing or matching requirements on Federal awards must be supported in the same manner as salaries and wages claimed for reimbursement from Federal awards.

b. Fringe Benefits.

c. Contractual Costs - subcontract and consultant cost detail.

d. Allocated Direct Costs - requires submission of a Direct Cost Allocation Plan for prior approval. OR Indirect Costs – costs incurred for a common or joint purpose benefitting more than one cost objective and not readily assignable as a direct cost.

e. Rent - total costs.

f. Supplies – to include items that do not qualify as property. See Section 3.4 Property, of this Program Guide.

g. Property - detailed descriptions and unit costs. See section 3.4 Property, of this Program Guide.

h. Staff Training – attendance cost for necessary training, specified for each fund source.

i. Travel (In State and Out of State) - mileage reimbursement rate, lodging, per diem and other costs.

j. Other Costs - facilities, operating expenses, and other ordinary and necessary costs.

3. The AAA shall ensure that the Subcontractor shall submit a budget, which shall be incorporated by reference into the Subcontract and will have, at a minimum, the categories listed in Item 2 above.

6.5.1 Indirect Costs – Increases effective April 1, 2025 (*Revised 08/25)*

1. The maximum reimbursement amount allowable for indirect costs is fifteen percent (15%) of the AAA's Modified Total Direct Costs (MTDC).

Modified Total Direct Cost (MTDC) means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first $50,000 of each subaward (regardless of the period of performance of the subawards under the award). MTDC excludes in-kind contributions, equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each subaward in excess of $50,000. Other items may only be excluded when necessary to avoid a serious inequity in the distribution of indirect costs, and with the approval of the cognizant agency for indirect costs. [45 CFR 75.2]

2. AAAs requesting reimbursement for indirect costs exceeding the maximum fifteen percent (15%) shall retain on file an approved negotiated indirect cost rate or cost allocation plan.

3. For major Institutes of Higher Education and major nonprofit organizations, indirect costs must be classified within two broad categories: "Facilities" and "Administration." "Facilities" is defined as depreciation on buildings, equipment and capital improvement, interest on debt associated with certain buildings, equipment and capital improvements, and operations and maintenance expenses. "Administration" is defined as general administration and general expenses such as the director's office, accounting, personnel and all other types of expenditures not listed specifically under one of the subcategories of "Facilities" (including cross allocations from other pools, where applicable).

6.6 Program Specific Funds

6.6.1 Program Income

1. No Program Income is required under the terms and conditions of this Agreement.

2. No fees may be charged for services, although contributions or donations may be requested. Signs and literature about HICAP services may indicate that donations are welcome. HICAP clients are not to be pressured to make donations. All contributions or donations, either in cash or in goods and services, provided specifically to the HICAP, shall be spent on activities related to HICAP. Voluntary contributions received from a client or responsible party for services rendered by HICAP shall be reported as Program Income. (Applicable to HICAP program only.)

6.6.2 One-Time Only (OTO) Funds

OTO funds, if any, are non-transferable between funding sources and are to be used for the purposes for which they were originally allocated. This means that OTO funds can only be used in the program in which they were accrued.

6.6.3 Administration

AAA Administration shall be no more than ten percent (10%) of the total program allocation per term, as outlined on the budget display.

6.7 Program Specific Budget and Budget Revisions

1. The AAA shall submit electronically the original HICAP Budget thirty (30) days after budget displays have been released, unless otherwise instructed by CDA.

2. The AAA shall submit electronically a budget revision thirty (30) days after receiving an amended Budget Display with changes in funding levels, unless otherwise instructed by CDA.

3. The final date to submit a budget revision is sixty (60) days prior to the end of the budget period, unless otherwise specified by CDA. CDA will not accept any budget revisions after the budget period has expired. Budget periods associated with the MOU and this Program Guide are outlined within the HICAP budget display.

4. In the event that programs are changed from direct services to contracted services or contracted services to direct services, the AAA shall submit a revised budget to CDA, prior to implementation of said change.

6.7.1 Line Item Budget Transfers

The AAA may transfer funds between line items under the following terms and conditions:

1. The AAA shall submit a revised budget to CDA for any line item budget transfer of funds that is ten percent (10%) or more of the total budget.

2. The AAA shall maintain a written record of all budget changes and clearly document line item budget changes. The record shall include the date of the transfer, the amount, and the purpose. This record shall be available to CDA upon request and shall be maintained in the same manner as all other financial records.

6.8 Payments *(Revised 08/25)*

1. The AAA shall prepare and submit a monthly expenditure report in an electronic format to CDA no later than the last business day of each month or as specified by CDA

2. Payments will be made to reimburse expenditures reported unless the AAA pre-selects an Advance method and provides a justification explaining the need for an advance on the budget form at the beginning of a new funding term, as referenced on the budget display. Payments after the advance has been provided will be made to reimburse expenditures reported as outlined in Item 1 of this section of this Program Guide.

3. CDA shall process and approve reported expenditures that are based upon actual, not estimated expenditures. CDA shall notify the AAA of any disputed expenditures.

4. The AAA shall submit timely expenditures to CDA. Late expenditures may lead to a delay in payment until the following month.

5. Upon written request by CDA, the AAA must submit additional documentation or justification to support the reported expenditures.

6. AAA shall be charged $75 per program fund source for expedited payments to recover the fees charged by the State Controller's Office. CDA may waive the fees on a case-by-case basis as appropriate.

6.9 Reporting

1. The AAA shall ensure, either as a direct services or contracted services HICAP, that program data is entered into the Statewide HICAP Automated Reporting Program (SHARP) in accordance with CDA requirements [Welf. & Inst. Code § 9541(c)(8)]. Data entered must be timely, complete, accurate, and verifiable.

a. The AAA shall review and approve program performance data entered into SHARP.

b. The AAA shall review and approve performance data, and submit programmatic data using SHARP for the reporting periods as follows:

Reporting Period	Due Date
April 1 – April 30	May 15
May 1 – May 31	June 15
June 1 – June 30	July 15
July 1 – July 31	August 15
August 1 – August 31	September 15
September 1 – September 30	October 15
October 1 – October 31	November 15

November 1 – November 30	December 15
December 1 – December 31	January 15
January 1 – January 31	February 15
February 1 – February 28	March 15
March 1 – March 31	April 15

2. The AAA, whether providing HICAP directly or through contracted service providers, shall train and orient staff regarding program data collection and reporting requirements. The AAA shall have cross-trained staff in the event of planned or unplanned prolonged absences to ensure timely and accurate submission of data. [45 CFR 1321.55(b)]

3. The AAA, whether providing HICAP directly or through contracted service providers, shall provide to CDA for approval, a detailed HICAP Work Plan that outlines the strategies and use of resources to complete project goals as provided by CDA.

The AAA's proposed HICAP Work Plan must be submitted to and approved by the CDA HICAP Bureau before payments can be made to the AAA.

The CDA-approved HICAP Work Plan is hereby incorporated into the MOU by reference.

Requests to modify or amend the approved Work Plan may be made by either CDA or the AAA at any time. Modifications of the Work Plan shall be effective upon the mutual agreement of both parties. However, the CDA may unilaterally modify the Work Plan if required by ACL or other federal award guidance.

6.10 Transition Plans and Obligations Upon Termination

1. In the event of a change in a HICAP contracted service provider, the AAA shall assure that a subsequent HICAP contracted service provider is available to complete any open cases or transactions during the transition period. This shall include Medicare appeals and timelines with the Centers for Medicare & Medicaid Services or hearing officers.

2. The AAA shall submit a transition plan to CDA within fifteen (15) days of CDA's written Notice of Termination or AAA's Notice of Intent to Terminate. The transition plan must be approved by CDA and shall at a minimum include the following:

   a. A description of how open or active counseling and legal cases (if applicable) shall be transitioned to the new provider.

b. A description of how names, addresses, and telephone numbers of current clients will be handled and transferred to the new provider.

c. A description of how clients will be notified about the change in and continuation of, their HICAP services.

d. A description of how communications with other HICAP sites, local agencies and advocacy organizations shall be made to assist in locating alternative services as needed.

e. A description of how community referral sources will be informed of the pending termination of this HICAP MOU or contracted service provider agreement and the transition and provision of services.

f. A description of how sensitive and confidential records will be transferred.

g. A description of adequate staff to provide continued service through the term of the existing agreement. [22 CCR 7206(e)(4)]

h. A plan to conduct a property inventory and transfer, or return to CDA all equipment purchased with HICAP funds as directed by CDA.

i. Additional information as necessary to effect a safe transition of clients from the outgoing AAA or Subcontractor to the new AAA or subcontractor.

3. The AAA shall require a contracted service provider, in the event of a change of a HICAP contracted service provider, either as a result of a routine procurement process or a subcontract termination, to submit a transition plan to the AAA upon written Notice of Termination by the AAA or Notice of Intent to Terminate by the contracted service provider. The AAA shall submit the transition plan to CDA at least fifteen (15) days prior to the termination of the agreement, in accordance this section of the Program Guide. The transition plan must be approved by CDA prior to implementation.

4. The AAA shall implement the transition plan as approved by CDA.

5. CDA will monitor the AAA's progress in carrying out all elements of the transition plan.

6.11 Closeout

1. All AAAs shall submit a Closeout Report to the Local Finance Bureau once per State Fiscal Year, covering the period of April 1st – March 31st.

2. Final expenditures must be reported to CDA in accordance with the allocations and funding periods specified in the budget display. If the expenditures reported by the AAA exceed the advanced amount, CDA will

reimburse the difference to the AAA up to the program funding allocation amounts listed on the budget display. If the expenditures reported by the AAA are less than the advanced amount, CDA will invoice the AAA for the unspent funds.

The payment on the invoice is due immediately upon receipt or no later than 30 days from the date on the invoice.

If payment is not received within 30 calendar days, CDA will collect payment from upcoming disbursements. To account for the collected funds from outstanding invoice, the AAA will need to adjust records to move the funds already on hand from the previous fiscal year funding period to the current fiscal year funding period.

7 MEDICARE IMPROVEMENTS FOR PATIENTS AND PROVIDERS ACT (MIPPA)

7.1 Introduction

The Medicare Improvements for Patients and Providers Act (MIPPA) of 2008 is a multi-faceted piece of legislation related to Medicare. One important provision of MIPPA is the allocation of federal funding (through Section 119) for State Health Insurance Assistance Programs (SHIPs), Area Agencies on Aging (AAAs), and Aging and Disability Resource Centers (ADRCs) to help low-income Medicare beneficiaries apply for programs that make Medicare affordable. In addition to SHIPs, AAAs, and ADRCs, Tribes can also receive small grants to do MIPPA outreach in their communities. MIPPA grants are administered by the U.S. Administration for Community Living (ACL).

MIPPA legislation also funds a National Center for Benefits Outreach and Enrollment, currently operated by NCOA.

7.2 Assurances

7.2.1 Order of Authority

This Program Guide is subject, in descending order, to the requirements applicable under (1) the Medicare Improvements for Patients and Providers Act of 2008 - Section 119, Public Law (PL) 110-275, as amended by Section 3306 of the Patient Protection and Affordable Care Act of 2010 (Affordable Care Act), reauthorized by Section 610 of the American Taxpayer Relief Act of 2012 (ATRA), reauthorized by Section 110 of the Protecting Access to Medicare Act of 2014, reauthorized by the Medicare Access and CHIP Reauthorization Act of 2015, and reauthorized for two years under the Bipartisan Budget Act of 2018 (P.L. 115-123, BBA of 2018); reauthorized by the Coronavirus Aid, Relief, and Economic Security (CARES) Act of 2020; (2) other applicable federal statutes and their implementing regulations; (3) program regulations; (4) terms of conditions of the award.

By expending funds received under this award, the recipient commits to ensuring that it will carry out the project/program described in its approved state plan(s). Funds must be expended on the approved MIPPA plans; failure to do so will

result in the disallowance of expenditures and require the return of all funds spent on inappropriate activities.

7.2.2 Audit Requirement

This Program Guide is subject to the requirements of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards under Title 45 CFR Part 75. These requirements and additional terms and conditions can be found the ACL website:

https://www.acl.gov/grants/managing-grant

The AAA shall identify the CFDA titles and numbers to the independent auditor conducting the organization's single audit along with each of its subcontractors. The funding source (Federal Grantor) for the following programs is the U.S. Department of Health and Human Services, Administration for Community Living:

93.071 Priority Area 1: SHIPs, Priority Area 2: AAAs, Priority Area 3: ADRCs

Expenditures will also be identified separately by Catalog of Federal Domestic Assistance (CFDA) number as separate rows on Form SF-SAC. For questions and information concerning the submission process, please visit:

https://harvester.census.gov/facides/Files/2015_2018%20Checklist%20Instructions%20and%20Form.pdf

7.2.3 Products

At any phase of the project period, the AAA shall deliver to CDA, upon request, any materials, systems, or other items developed, refined, or enhanced under this Program Guide. The Recipient agrees that CDA and ACL shall have royalty-free, non-exclusive, and irrevocable rights to reproduce, publish, or otherwise use and authorize others to use the items for federal or state government purposes.

7.2.4 MIPPA Product Disclaimer

The AAA shall assure that all MIPPA related public information materials include the appropriate MIPPA Product Disclaimer.

The AAA may select the appropriate Template Language that best corresponds with the AAA's, or sub-contractor's MIPPA contract allocation(s) and has been edited to replace each reference to "XX" with the appropriate corresponding figure.

1. Product Disclaimer Template Option 1:

"This [project/publication/program/website, etc.] [is/was] supported by the Administration for Community Living (ACL), U.S. Department of Health and Human Services (HHS) as part of a financial assistance award totaling $XX with 100 percent funding by ACL/HHS. The contents are those of the author(s) and do

not necessarily represent the official views of, nor an endorsement, by ACL/HHS, or the U.S. Government."

2. Product Disclaimer Template Option 2:

This [project/publication/program/website, etc.] [is/was] supported by the Administration for Community Living (ACL), U.S. Department of Health and Human Services (HHS) as part of a financial assistance award totaling $XX with XX percentage funded by ACL/HHS and $XX amount and XX percentage funded by non-government source(s). The contents are those of the author(s) and do not necessarily represent the official views of, nor an endorsement, by ACL/HHS, or the U.S. Government.

7.2.5 Whistleblower Protections

AAAs are hereby given notice that the 48 CFR Section 3.908, implementing Section 828, entitled "Pilot Program for Enhancement of Contractor Whistleblower Protections," of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2013 (Pub. L. 112-239, enacted January 2, 2013), applies to this Program Guide.

7.2.6 United States v. Windsor

United States v. Windsor, 133 S.Ct. 2675 (June 26, 2013), Section 3 of the Defense of Marriage Act, codified at 1 U.S.C. Section 7. All contractors/subcontractors are expected to recognize any same-sex marriage legally entered into in a U.S. jurisdiction that recognizes their marriage, including one of the 50 states, the District of Columbia, or a U.S. territory, or in a foreign country so long as that marriage would also be recognized by a U.S. jurisdiction. This applies regardless of whether or not the couple resides in a jurisdiction that recognizes same-sex marriage. However, this does not apply to registered domestic partnerships, civil unions, or similar formal relationships recognized under the law of the jurisdiction of celebration as something other than a marriage. Accordingly, AAAs/subcontractors must review and revise, as needed, any policies and procedures which interpret or apply federal statutory or regulatory references to such terms as "marriage," "spouse," "family," "household member" or similar references to familial relationships to reflect inclusion of same-sex spouse and marriages. Any similar familial terminology references in HHS statutes, regulations, or policy transmittals will be interpreted to include same-sex spouses and marriages legally entered into as described herein.

7.2.7 Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment

The AAA shall assure, either as MIPPA direct services or contracted services, full compliance with 2 CFR 200.216. The AAA is prohibited from the direct or indirect use of funds to:

1. Procure or obtain; or

2. Enter into contract to procure or obtain; or

3. Extend or renew a contract to procure or obtain services, equipment or systems produced by Huawei Technologies Company or ZTE Corporation, or any subsidiary or affiliate of such entities. [Pub. L. 115-232, section 889]. The above prohibition includes video surveillance and telecommunications equipment produced by Hytera Communications.

Corporation, Hangzhou Hikvision Digital Technology Company, and Dahua Technology Company, their subsidiaries, and affiliates.

7.2.8 Funding Restrictions

Funds may not be used for the following purposes:

1. Construction and/or major rehabilitation of buildings.

2. Basic research (e.g. scientific or medical experiments)

3. Continuation of existing projects without expansion or new and innovative approaches.

4. Meals are generally unallowable, except for the following:

   a. When an organization customarily provides meals to employees working beyond the normal workday, as a part of a formal compensation arrangement, and

   b. As part of a per diem or subsistence allowance provided in conjunction with allowable travel.

7.2.9 Cooperation with National Center for Benefits Outreach and Enrollment (NCBOE)

The AAA shall assure engagement in NCBOE peer learning opportunities, such as webinars and communities of practice.

7.2.10 Training

The AAA shall assure project staff maintain a comprehensive understanding of project expectations. This includes, but is not limited to attendance of CDA-hosted MIPPA meetings and/or trainings by service provider management staff and/or designees.

7.2.11 Connectivity

The AAA shall maintain the capability to send and receive e-mail communications and other information through the internet, including expanding/maintaining internet capability at the local program level. Counselors should have access to internet-based enrollment and counseling tools at the time and place of counseling.

7.2.12 Compliance with ACL Guidance Related to VRPM

The AAA shall assure, either as direct services or contracted services, full compliance with Administration for Community Living (ACL) guidance related to Volunteer Risk and Program Management (VRPM) policies.

ACL VRPM required policies include, but are not limited to:

1. All volunteers and staff members in positions of trust are subject to a background and national-level criminal record check.

2. The AAA shall have a protocol for determining which criminal violations render a volunteer or staff member unsuitable for assignments.

ACL VRPM requirements can be accessed from the ACL VRPM Policies Webpage.

7.2.13 ACL Guidance Related to Conflicts of Interest

The AAA shall assure, either as direct services or contracted services, compliance with ACL guidance related to Conflict of Interest (COI), which includes, but is not limited to, guidance provided on the ACL Managing Conflicts of Interest in SHIP, SMP and MIPPA Programs Webpage and the guidance document, Conflict of Interest: Identification, Remedy, and Removal.

7.3 Program Definitions

1. **Aging and Disability Resource Connection (ADRC):** a program that helps older adults and individuals with disabilities make informed decisions about their service and support options, and serves as a single point of entry to the long-term care system. Outside California, these programs are called Aging and Disability Resource Centers. The terms are used interchangeably in this agreement. ADRCs were established through a collaborative effort of the U.S. Administration for Community Living (ACL) and the Centers for Medicare & Medicaid Services.

2. **Eligible Service Population**: individuals defined as Medicare eligible beneficiaries likely to be qualified for Medicare Part D, the Low-Income Subsidy (LIS) Prescription Drug Program, and/or the Medicare Savings Programs (MSP).

3. **Enhanced Outreach:** outreach activities that include, but are not limited to, disease prevention and promoting wellness and are above and beyond routine activities planned in response to other funding (e.g., Basic State Health Insurance Assistance Program [SHIP] funds or Older Americans Act [OAA] outreach funds).

4. **Enrollment Assistance:** one-on-one assistance to beneficiaries completing and submitting LIS and MSP applications. Enhanced outreach alone does not meet the requirement for enrollment assistance.

5. **Enrollment Assistance Centers:** locations equipped and designated for LIS and MSP enhanced outreach and enrollment assistance that have been publicly advertised and identified for these purposes.

6. **Health Insurance Counseling and Advocacy Program (HICAP):** a program designed to provide Medicare beneficiaries and those imminent of becoming eligible for Medicare with counseling and advocacy as to Medicare, private health insurance, and related health care coverage plans, on a statewide basis. [Welf. & Inst. Code §9541]

7. **Indirect Costs:** costs incurred for a common or joint purpose benefiting more than one cost objective and not readily assignable to the cost objective specifically benefited without effort disproportionate to the results achieved.

8. **Low-Income Subsidy (LIS):** a federal program that provides financial assistance with Part D premiums and cost sharing for eligible low-income Medicare beneficiaries.

9. **Medicare Improvements for Patients and Providers Act (MIPPA) of 2008:** legislation that amended Titles XVIII and XIX of the Social Security Act to extend expiring provisions under the Medicare program, to improve beneficiary access to preventive and mental health services, to enhance low-income benefit programs, and to maintain access to care in rural areas, including pharmacy access.

10. **Medicare Part D Low-Income Subsidy (LIS)/Extra Help:** a federal program that provides financial assistance with Part D premiums and cost sharing for eligible low-income Medicare beneficiaries.

11. **Medicare Prescription Drug Improvement and Modernization Act of 2003 (also known as the "Medicare Modernization Act" or "MMA"):** legislation that imposed the most sweeping changes to the Medicare program since its inception, including the addition of a prescription drug benefit through a new Medicare Part D.

12. **Medicare Savings Programs (MSP):** three programs that serve Medicare beneficiaries who do not qualify for full Medi-Cal: Qualified Medicare Beneficiaries, Specified Low-Income Medicare Beneficiaries, and Qualified Individuals. Beneficiaries enrolled in one of these Medicare Savings Programs automatically receive LIS.

13. **National Center for Benefits Outreach and Enrollment (NCBOE):** an organization that helps organizations enroll seniors and younger adults with disabilities with limited means into the benefits programs for which they are eligible so that they can remain healthy and improve the quality of their lives.

14. **Program Income:** revenue generated by the AAA or subcontractor from activities and services outlined within this Program Guide and the MOU. Program income is:

a. Voluntary contributions received from a participant or responsible party as a result of the service(s).

b. Income from usage or rental fees of real or personal property acquired with funds provided under the authority of this Program Guide and the MOU.

c. Royalties received on patents and copyrights from Program Guide-supported activities.

d. Proceeds from the sale of items fabricated under a contract agreement.

15. **Rural:** all territory, population and housing units not classified as urban. The rural classification cuts across other hierarchies and can be in metropolitan or non-metropolitan areas.

16. **State Health Insurance Assistance Program (SHIP):** a national program supported by the federal ACL that offers one-on-one counseling and assistance to people with Medicare and their families. Through federal grants directed to states, SHIPs provide free counseling and assistance via telephone and face-to-face interactive sessions, public education presentations and programs, and media activities. In California, SHIP is the same program as the Health Insurance Counseling and Advocacy Program (HICAP). This term may be used interchangeably with HICAP.

17. **Urban:** all territory, population, and housing units in urban areas, which include urbanized areas and urban clusters. An urban area generally consists of a large central place and adjacent densely settled census blocks that together have a total population of at least 2,500 for urban clusters, or at least 50,000 for urbanized areas. Urban classification cuts across other hierarchies and can be in metropolitan or non-metropolitan areas.

7.4 Scope of Work

7.4.1 Program Provisions

1. The Scope of Work shall be performed by the AAA and/or its subcontractors, which may include, but not be limited to, the HICAP and the ADRC (where applicable). MIPPA Eligible Service Providers receiving one or more MIPPA Priority Area allocations are responsible for the corresponding Activities outlined below:

a. MIPPA Priority Area 1 (SHIP)

i. Eligible Service Providers: HICAP Service Provider, whether provided as a direct service or through a subcontractor.

ii. Activities: Must provide enhanced outreach to eligible Medicare beneficiaries regarding their preventive, wellness, and limited income benefits; application assistance to individuals who may be eligible for LIS or MSPs; and outreach activities aimed at preventing disease and promoting wellness.

b. MIPPA Priority Area 2 (AAA):

i. Eligible Service Providers: AAA Programs, may include HICAP Service Providers.

ii. Activities: Must provide enhanced outreach to eligible Medicare beneficiaries regarding their preventive wellness, and limited income benefits; application assistance to individuals who may be eligible for LIS or MSPs; and outreach activities aimed at preventing disease and promoting wellness.

c. MIPPA Priority Area 3 (ADRCs):

i. Eligible Service Provider: Designated ADRCs, may include HICAP Service Providers serving the ADRC service area.

ii. Activities: Must provide outreach regarding Medicare Part D benefits related to LIS and MSPs, and conduct outreach activities aimed at preventing disease and promoting wellness.

d. All Priority Areas – SHIPs, AAAs, and ADRCs: Must conduct outreach activities aimed at preventing disease and promoting wellness.

2. All MIPPA contract and subcontract activities must be over and above those related activities provided through other funding sources (e.g., OAA funding and the basic federal SHIP/ State HICAP funds), and they must support attainment of performance objectives specified by the California Department of Aging (CDA) (available on the CDA website).

7.4.2 AAA Responsibilities

The AAA, directly or through coordination and collaboration with subcontractors, local aging network resources, and community partners shall:

1. Provide MIPPA Program Activities in the corresponding service area(s) where MIPPA Priority Area 1 (AAA), MIPPA Priority Area 2 (SHIP), and MIPPA Priority Area 3 (ADRC) funding has been allocated. For MIPPA Priority Area 3 (ADRC) allocation, program activities must be provided in the corresponding ADRC service area as indicated in the Budget Display.

2. Provide to CDA for approval, a detailed MIPPA Work Plan (CDA 7001M) that outlines the AAA's and subcontractors' (if applicable) strategies and use of resources to complete project goals as provided by CDA.

The proposed MIPPA Work Plan must be submitted to and approved by the CDA HICAP Bureau before payments can be made to the AAA.

The CDA-approved MIPPA Work Plan is hereby incorporated by reference as part of this Program Guide.

Requests to modify or amend the approved Work Plan may be made by either CDA or the AAA at any time. Modifications of the Work Plan shall be effective upon the mutual agreement of both parties. However, the CDA may unilaterally modify the Work Plan if required by ACL or other federal award guidance.

3. Prepare and submit MIPPA-related budget(s) and budget reports as specified by CDA. In addition, the Contractor shall review, approve, and monitor all MIPPA-related budgets, expenditures and revisions of subcontractors including, but not limited to, HICAP(s) and ADRC(s) (where applicable).

4. Monitor, on an ongoing basis, all use of MIPPA funds through reporting, site visits, regular contact, or other means to provide reasonable assurance that the MIPPA funds are administered in compliance with laws, regulations, and the provisions of contracts, and that performance goals are achieved [2 CFR Section 200.328]. Program and fiscal monitoring shall be performed during the term of this Agreement.

5. Evaluate each subcontractor's risk of noncompliance with federal statutes, regulations, and the terms and conditions of this Program Guide and the MOU for purposes of determining the appropriate subcontractor monitoring as required under 2 CFR Section 200.331(b), which may include consideration of such factors as:

a. Prior experience with the same or similar subcontracts;

b. Results of previous audits including whether or not the Subcontractor receives a Single Audit in accordance with 2 CFR Part 200, Subpart F—Audit Requirements, and the extent to which the same or similar subcontract has been audited as a major program;

c. Whether the Subcontractor has new personnel or new or substantially changed systems; and

d. The extent and results of federal awarding agency monitoring (e.g., if the Subcontractor also receives federal awards directly from a federal awarding agency).

6. Consider imposing specific conditions as described in 2 CFR Section 200.207 upon a subcontractor with a history of failure to comply with general or specific terms and conditions of a federal award or failure to meet expected performance goals of the Program Guide.

7. Monitor the activities of the Subcontractor as necessary to ensure that funding is used solely for authorized purposes in compliance with federal statutes, regulations, and the terms and conditions of this Program Guide and the MOU; and that performance objectives are achieved.

8. The AAA, while monitoring the Subcontractor, must:

a. Review required financial and programmatic reports. [2 CFR Section 200.302]

b. Follow-up and ensure that the Subcontractor takes timely and appropriate action on all deficiencies pertaining to funds awarded to perform MIPPA services through this Program Guide and MOU detected through audits, on-site reviews, and other means.

c. Issue a management decision for audit findings pertaining to the funds awarded to perform MIPPA services through this Program Guide and MOU as required by 2 CFR Section 200.521.

9. Provide support and technical assistance to subcontractors and respond in writing to all written requests for direction, guidance, and interpretation of instructions.

10. Maintain and distribute up-to-date CDA requirements so that all responsible persons have ready access to standards, policies, and procedures.

11. Prepare and submit the Budget to the CDA Local Finance Bureau, as referenced in section 7.5, Budget and Budget Revisions, of this Program Guide.

12. Ensure that AAAs and/or MIPPA service provider key personnel attend all CDA required MIPPA meetings and training sessions.

7.4.3 Performance Measures

The AAA shall collect, track, and report on all aspects of MIPPA activities specified in Section 7.8, of this Program Guide. MIPPA related activities that are measured through federal MIPPA Performance Measures, include:

1. The number of counseling services for beneficiaries under 150% of the Federal Poverty Level

2. The number of persons reached through interactive presentations, booth/exhibits, mobile info vans, and enrollment events

3. The number of counseling services for beneficiaries in Target Beneficiary Groups (Under 65, Rural, Native American, English as a Secondary Language)

4. The number of counseling services where applications were submitted for Limited Income Subsidy (LIS)/Extra Help and Medicare Savings Programs (MSPs)

7.4.4 Other Provisions and Assumptions

1. The AAA, whether providing services directly or through a subcontract, shall ensure:

a. Services are provided to the Eligible Service Population as defined.

b. As applicable, compliance with standards and guidelines for procurement of supplies, equipment, and services as provided in 2 CFR 200 Subpart D, Procurement Standards.

7.5 Budget and Budget Revisions *(Revised 08/25)*

1. The AAA shall be compensated for expenses only as itemized in the approved Budget with the exception of line item budget transfers as noted in this Program Guide and shall not be entitled to payment for these expenses until the MOU is approved and executed by CDA. The approved budget is hereby incorporated by reference into the MOU.

2. The Budget must set forth in detail the reimbursable items, unit rates and extended total amounts for each line item. The AAA's budget shall include, at a minimum, the following items when reimbursable under the legal authority provided by this Program Guide and the MOU:

a. Personnel Costs – annual full time effort (FTE) wage rates and personnel classifications together with the percentage of time to be charged, specified for each fund source. 2 CFR 200.430 must be followed for rules regarding allowability of personnel costs. Specific emphasis of section (i) of 2 CFR 200.430:

i. Charges to Federal awards for salaries and wages must be based on records that accurately reflect the work performed. These records must:

1) Be supported by a system of internal control which provides reasonable assurance that the charges are accurate, allowable, and properly allocated;

2) Be incorporated into the official records of the non-federal entity;

3) Reasonably reflect the total activity for which the employee is compensated by the non-Federal entity, not exceeding 100% of compensated activities;

4) Support the distribution of the employee's salary among specific activities or cost objectives if the employee works on more than one Federal award; a Federal award and a non-Federal award, an indirect cost activity and a direct cost activity; two or more indirect activities which are allocated using different allocation bases; or an unallowable activity and a direct or indirect cost activity.

5) Budget estimates (i.e. estimates determined before the services are performed) alone do not qualify as support for changes to Federal awards.

ii. Salaries and wages of employees used in meeting cost sharing or matching requirements on Federal awards must be supported in the same manner as salaries and wages claimed for reimbursement from Federal awards.

b. Fringe Benefits.

c. Contractual Costs - subcontract and consultant cost detail.

d. Allocated Direct Costs – requires submission of a Direct Cost Allocation Plan for prior approval. OR Indirect Costs – costs incurred for a common or joint purpose benefitting more than one cost objective and not readily assignable as a direct cost.

e. Rent – total costs

f. Supplies – to include items that do not qualify as property. See section 3.4 Property, of this Program Guide.

g. Property - detailed description and unit costs. See section 3.4, Property, of this Program Guide.

h. Travel (In State and Out of State) - mileage reimbursement rate, lodging, per diem and other costs.

i. Staff Training – attendance costs for necessary training, specified for each fund source.

j. Other Costs - facilities, operating expenses, and other ordinary and necessary costs.

3. The AAA shall ensure that the subcontractor shall submit a budget, which shall be incorporated by reference into the subcontract and will have, at a minimum, the categories listed in Item 2. above.

4. The AAA shall submit a revised budget to CDA when one or the cumulative line item budget transfers exceed ten percent (10%) of the total budget for each sub-cost category

5. The AAA shall maintain a written record of all budget changes and clearly document line item changes. The records shall include the date, amount and purpose of the transfer. This record shall be available to CDA upon request and shall be maintained in the same manner as all other financial records.

6. Unless otherwise specified by CDA, the final budget revision must be submitted at least sixty (60) days prior to the ending date of the budget period, as outlined on the program Budget Display.

7. The budget is due electronically to the Local Finance Bureau no later than thirty (30) days from the date of the transmission of the Budget Display and MOU.

8. Funds made available under this Program Guide and the MOU shall supplement, and not supplant, any federal, State, or local funds expended by a State or unit of general-purpose local government.

7.5.1 Indirect Costs - Increases effective September 1, 2025 *(Revised 08/25)*

1. The maximum reimbursement amount allowable for indirect costs is fifteen percent (15%) of the AAA's and/or Subcontractor's modified total direct costs (MTDC), excluding in-kind contributions and nonexpendable equipment unless there is an accepted negotiated rate. [45 CFR 75.414 (c) (1) and (f)].

2. AAAs requesting reimbursement for indirect costs shall retain on file an approved indirect cost rate or an allocation plan documenting the methodology used to determine the indirect costs.

For major Institutes of Higher Education and major nonprofit organizations, indirect costs must be classified within two broad categories: "Facilities" and "Administration." "Facilities" is defined as depreciation on buildings, equipment and capital improvement, interest on debt associated with certain buildings, equipment and capital improvements, and operations and maintenance expenses.

"Administration" is defined as general administration and general expenses such as the director's office, accounting, personnel and all other types of expenditures not listed specifically under one of the subcategories of "Facilities" (including cross allocations from other pools, where applicable). [45 CFR 75.414(a)]

7.6 Program Specific Funds

1. Program Income

No Program Income is required under the terms and conditions of this Program Guide and the MOU.

2. Matching Contributions

No match is required under the terms and conditions of this Program Guide and the MOU.

3. Administration

AAA Administration shall be no more than ten percent (10%) of the total program allocation.

4. Property

Property with per unit cost over $5,000 or any reportable property as outlined in the property section of this guide, regardless of cost, requires justification from the AAA and approval from CDA. Property must be included on and will be approved via an approved MIPPA Budget.

7.7 Payments *(Revised 08/25)*

The State shall reimburse the AAA with MIPPA funding that has been appropriated, designated, encumbered, or otherwise made available for payment by the State under this Program Guide and the MOU. The following process applies to all funding with this Program Guide and the MOU:

1. The AAA shall submit monthly expenditures in an electronic format, utilizing the CDA's online Local Finance Reporting System, no later than the last business day of each month unless otherwise specified by CDA, reporting costs and funding for the month prior.

2. Payments will be made to reimburse monthly expenditures reported unless the AAA pre-selects an Advance method and provides a justification explaining the need for an advance on the budget form at the beginning of a new funding term, as referenced on the budget display. Payments after the advance has been provided will be made to reimburse expenditures reported, as outlined in Item 1 of this section of this Program Guide.

3. CDA shall process and approve reported expenditures that are based upon actual, not estimated expenditures. CDA shall notify the AAA of any disputed expenditures.

4. The AAA shall submit timely expenditures to CDA. Late expenditures may lead to a delay in payment until the following month.

5. Upon written request by CDA, AAA must submit additional documentation or justification to support the reported expenditures.

6. The AAA shall be charged $75 per program fund source for expedited payments to recover the fees charged by the State Controller's Office. CDA may waive the fees on a case-by-case basis as appropriate.

a. If the MOU is executed late to no fault of CDA then the AAA may be liable for the incurred processing fees.

b. If the MOU is executed late due to CDA's handling, then CDA shall cover the incurred processing fees.

7. The AAA shall ensure, to the extent feasible, that all budgeted funds are expended by the expiration of this Agreement.

7.8 Reporting

1. Data Reporting and Collection

a. The AAA is required to collect and report data as specified by CDA for work completed by the AAA and the ADRC (where applicable). Refer to: https://aging.ca.gov/Providers_and_Partners/Health_Insurance_Counseling_and_Advocacy_Program/#pp-mippa for reporting guidance.

b. The AAA shall ensure participating HICAPs report work completed under the Agreement using the Statewide HICAP Automated Reporting Program (SHARP).

c. The AAA shall ensure that all performance data is submitted according to CDA-approved reporting procedures and timelines and is timely, complete, accurate, and verifiable.

d. CDA reserves the right to modify performance reporting terms and conditions to ensure compliance with federal government guidelines and requirements.

2. Narrative Reports

a. Narrative reports are due to CDA at dates to be specified by CDA.

b. All narrative reports shall specify how the contract funds were used, progress to date in achieving MIPPA Work Plan objectives, barriers encountered, and steps taken to overcome these barriers.

7.9 Transition Plans and Obligations Upon Termination

In the event of a change in subcontractors during the term of the MOU, the AAA shall assure that a subsequent subcontractor is available to complete any open

cases or transactions during the transition period. This shall include all requirements specified this Program Guide and the MOU.

7.9.1 Transition Plan

The AAA shall submit a transition plan to CDA for approval within fifteen (15) days of a written Notice of Termination by CDA or Notice of Intent to Terminate by the AAA or subcontractor. The transition plan must be approved by CDA prior to implementation and shall at a minimum include the following:

1. A description of how open or active counseling and legal cases (if applicable) shall be transitioned to the new AAA or Subcontractor.

2. A description of how names, addresses, and telephone numbers of current clients will be handled and transferred to the new AAA or Subcontractor.

3. A description of how clients will be notified about the change and how their services will be continued.

4. A description of how communications with other HICAP sites, ADRCs (where applicable), local agencies and advocacy organizations may be made to assist in locating alternative services as needed.

5. A description of how community referral sources will be informed of the change of AAA or subcontractor and the continuation of services.

6. A description of how sensitive, confidential records, including personal health information, will be transferred to ensure adequate protection of the records.

7. A description of the qualifications of the requisite staff that would ensure continued provision of services through the term of the existing MOU.

8. A plan that specifies a timeline for the transition.

9. A plan to conduct a property inventory and transfer, or return to the CDA, all equipment purchased with these Program funds as directed by CDA.

10. Additional information as necessary to effect a safe transition of clients from the outgoing AAA to the new AAA.

The AAA shall implement the transition plan as approved by CDA.

CDA will monitor the AAA’s progress in carrying out all elements of the transition plan.

7.10 Closeout

1. The MIPPA Financial Closeout Report and the Program Property Inventory Certification shall be submitted annually to the CDA Local Finance

Bureau. All AAAs are required to submit Closeout Reports with actual expenditures, electronically, as instructed by CDA..

2. All AAAs are required to submit a Program Property Inventory Certification annually, at the time of closeouts, to Property@aging.ca.gov or as instructed by CDA.

3. Final expenditures must be reported to CDA in accordance with allocations and funding periods specified in the budget display. If the expenditures reported by the AAA exceed the advanced amount, CDA will reimburse the difference to the AAA up to the program funding allocation amounts listed on the budget display. If the expenditures reported by the AAA are less than the advanced amount, CDA will invoice the AAA the unspent funds.

The payment on the invoice is due immediately upon receipt or no later than 30 calendar days from the date on the invoice.

If payment is not received within 30 calendar days, CDA will collect payment from upcoming disbursements. To account for the collected funds from the outstanding invoice, the AAA will need to adjust records to move the funds already on hand from the previous year's contract to the current contract period.

Agenda Request Form

File #: 25-1938 **Agenda Date:** 11/18/2025 **Agenda #:** 10.

DEPARTMENT OF AGRICULTURE

Requested Action(s)
a) AGREEMENT - Request approval and authorization for the Agricultural Commissioner to sign Cooperative Agreement Number 25-0054-000-SA with the California Department of Food and Agriculture for the provision of inspection services relating to advertising and labeling of petroleum and automotive products in an amount not to exceed $1,575, effective 7/1/25 and shall terminate 6/30/26

Financial Impact:
The revenue to be received has been identified in the department's FY 25/26 budget. The funds will be deposited into account 450532.

Background Information:
The department has historically entered into this agreement with the California Department of Food and Agriculture to perform these services. Without an approved agreement the department would not receive funding for providing these services.

State of California, Department of Food and Agriculture
AGREEMENT
GAU-03 (Rev. 8/2024)

COOPERATIVE AGREEMENT SIGNATURE PAGE

AGREEMENT NUMBER
25-0054-000-SA

1. This Agreement is entered into between the State Agency and the Recipient named below:

STATE AGENCY'S NAME
CALIFORNIA DEPARTMENT OF FOOD AND AGRICULTURE (CDFA)

RECIPIENT'S NAME
COUNTY OF TEHAMA

2. The Agreement Term is: July 1, 2025 through June 30, 2026

3. The maximum amount of this Agreement is: $1,575.00

4. The parties agree to comply with the terms and conditions of the following exhibits and attachments which are by this reference made a part of the Agreement:

Exhibit A: Recipient and Project Information	2 Page(s)
Exhibit B: General Terms and Conditions	5 Page(s)
Exhibit C: Payment and Budget Provisions	2 Page(s)
Attachments: Scope of Work and Budget	

IN WITNESS WHEREOF, this Agreement has been executed by the parties hereto.

4. **RECIPIENT: Please check appropriate box below:**
   Research and Development (R&D) means all research activities, both basic and applied, and all development activities that are performed by non-Federal entities. The term research also includes activities involving the training of individuals in research techniques where such activities utilize the same facilities as other R&D activities and where such activities are not included in the instruction function.

   This award ☐ does ☒ does not support R&D.

5. For a detailed description of activities to be performed and duties, see Scope of Work and Budget.

EXHIBIT B

GENERAL TERMS AND CONDITIONS

1. **Approval**
   This Agreement is of no force or effect until signed by both parties. The Recipient may not invoice for activities performed prior to the commencement date or completed after the termination date of this Agreement.

2. **Agreement Execution**
   Unless otherwise prohibited by state law, regulation, or Department or Recipient policy, the parties agree that an electronic copy of a signed Agreement, or an electronically signed Agreement, has the same force and legal effect as an Agreement executed with an original ink signature. The term "electronic copy of a signed Agreement" refers to a transmission by facsimile, electronic mail, or other electronic means of a copy of an original signed Agreement in a portable document format. The term "electronically signed Agreement" means an Agreement that is executed by applying an electronic signature using technology approved by all parties.

3. **Assignment**
   This Agreement is not assignable by the Recipient, either in whole or in part, without the prior consent of the CDFA Agreement Manager or designee in the form of a formal written amendment.

4. **Governing Law**
   This Agreement is governed by and will be interpreted in accordance with all applicable State and Federal laws.

5. **State and Federal Law**
   It is the responsibility of the Recipient to know and understand which State, Federal, and local laws, regulations, and ordinances are applicable to this Agreement and the Project, as described in Exhibit A. The Recipient shall be responsible for observing and complying with all applicable State and Federal laws and regulations. Failure to comply may constitute a material breach.

6. **Recipient Commitments**
   The Recipient accepts and agrees to comply with all terms, provisions, conditions and commitments of the Agreement, including all incorporated documents, and to fulfill all assurances, declarations, representations, and statements made by the Recipient in the application, documents, amendments, and communications in support of its request for funding.

7. **Performance and Assurances**
   The Recipient agrees to faithfully and expeditiously perform or cause to be performed all Project work as described in the Scope of Work, and to apply grant funds awarded in this Agreement only to allowable Project costs.

8. **Mutual Liability**
   Parties shall, to the extent allowed by law, each be individually liable for any and all claims, losses, causes of action, judgments, damages, and expenses to the extent directly caused by their officers, agents, or employees.

9. **Unenforceable Provision**
   In the event that any provision of this Agreement is unenforceable or held to be unenforceable, the parties agree that all other provisions of this Agreement shall remain operative and binding.

10. Contractors/Consultants

The Recipient, and the agents and employees of Recipient, in the performance of this Agreement, are not officers, employees, or agents of the CDFA. The Recipient's obligation to pay its Contractors/Consultants is an independent obligation from the CDFA's obligation to make payments to the Recipient. Recipient agrees to comply with all applicable State and local laws and regulations during the term of this Agreement. The Recipient is responsible to ensure that any/all contractors/consultants it engages to carry out activities under this Agreement shall have the proper licenses/certificates required in their respective disciplines. The Contractors/Consultants shall not affect the Recipient's overall responsibility for the management of the project, and the Recipient shall reserve sufficient rights and control to enable it to fulfill its responsibilities under this Agreement.

11. Non-Discrimination Clause

The Recipient agrees that during the performance of this Agreement, it will not discriminate, harass, or allow harassment or discrimination against any employee or applicant for employment based on race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status. The Recipient agrees to require the same of all contractors and consultants retained to carry out the activities under this Agreement.

The Recipient agrees that during the performance of this Agreement, the evaluation and treatment of its employees and applicants for employment are free from discrimination and harassment. The Recipient will comply with the provision*s* of the Fair Employment and Housing Act (Government Code section 12990 *et seq*.) and the applicable regulations promulgated there under (California Code of Regulations, Title 2, section 10000 *et seq*.). The applicable regulations of the Fair Employment and Housing Council implementing Government Code section 12990 (a-f), set forth in Division 4.1 of Title 2 of the California Code of Regulations, are incorporated into this Agreement by reference and made a part hereof as if set forth in full. The Recipient will give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining unit or other Agreement. The Recipient must include the nondiscrimination and compliance provisions of this clause in all subcontracts to perform work under this Agreement.

The Recipient agrees to require the same of all contractors and consultants retained to carry out activities under this Agreement.

12. Excise Tax

The State of California is exempt from federal excise taxes and no payment will be made for any taxes levied on employees' wages. The CDFA will pay for any applicable State of California or local sales or use taxes on the services rendered or equipment or parts supplied pursuant to this Agreement. California may pay any applicable sales and use tax imposed by another State.

13. Disputes

The Recipient must continue with the responsibilities under this Agreement during any dispute. In the event of a dispute, the Recipient must file a "Notice of Dispute" with the CDFA Agreement Manager, identified in Exhibit A, or designee within ten (10) calendar days of discovery of the problem. The Notice of Dispute must contain the Agreement number. Within ten (10) calendar days of receipt of the Notice of Dispute, the CDFA Agreement Manager or designee must meet with the Recipient for the purpose of resolving the dispute. In the event of a dispute, the language contained within this Agreement prevails.

14. Termination for Convenience

This Agreement may be terminated by either party upon written notice. Notice of termination must be delivered to the other party at least thirty (30) calendar days prior to the intended date of termination. Notice of termination does not nullify obligations already incurred prior to the date of termination. In the event of Termination for Convenience of this Agreement by CDFA, CDFA must pay all responsible costs and non-cancellable obligations incurred by the Recipient as of the date of termination.

15. Termination for Cause

Either party may terminate this Agreement for cause in the event of a material breach of this Agreement, provided that the non-breaching party provides written notice of the material breach. If the breach is not cured to the satisfaction of the non-breaching party, this Agreement shall automatically terminate and the CDFA shall reimburse the Recipient for all documented costs incurred up to the date of the notice of termination, including all non-cancellable obligations. Timelines associated with notice and curing of material breaches shall be consistent with the timelines outlined in paragraph 17.

16. Acceptable Failure to Perform

The Recipient shall not be liable for any failure to perform as required by this Agreement, to the extent such failure to perform is caused by any of the following: labor disturbances or disputes of any kind, accidents, the inability to obtain any required government approval to proceed, civil disorders, acts of aggression, acts of God, energy or other conservation measures, failure of utilities, mechanical breakdowns, materials shortages, disease, pandemics, or similar occurrences.

17. Breach

The parties may be in material breach under this Agreement if they fail to comply with any term of this Agreement, or a party determines that the other party is not implementing the Project in accordance with the provisions of this Agreement, or that a party has failed in any other respect to comply with the provisions of this Agreement. In the event of a material breach, the party identifying the breach shall provide a Notice of Material Breach to the breaching party within fifteen (15) calendar days upon discovery of breach. The breaching party shall have fifteen (15) calendar days from receipt of the notice to notify how it intends to cure the breach. Upon receipt of the proposed cure, the non-breaching party has fifteen (15) days to accept or reject the proposed cure. Upon the non-breaching party's approval of the cure, the breaching party has thirty (30) days to implement the cure. If the breaching party fails to cure the breach within thirty (30) days of the non-breaching party's approval of the cure, the non-breaching party may take the following respective actions:

A. CDFA may suspend payments;
B. CDFA may demand repayment of all funding;
C. Either party may terminate the Agreement
D. CDFA may debar Recipient; or
E. Either party may take any other action deemed necessary to recover costs.

The non-breaching party shall send a Notice of Failure to Cure Material Breach upon its decision to carry out any of these actions. These actions are effective upon issuance of the Notice of Failure to Cure Material Breach, unless the Recipient appeals a Notice of Failure to Cure Material Breach, in which case the effective date falls on the issuance of a final decision on the appeal.

Where CDFA notifies the Recipient of its decision to demand repayment pursuant to this paragraph, the funds that are subject to the demand shall be repaid immediately. CDFA may consider the Recipient's refusal to repay the requested disbursed amount a material breach.

A Notification of Failure to Cure Material Breach may be appealed to CDFA. The appeal must be post marked within ten (10) calendar days of the date the Recipient received the Notice of Failure to Cure

and addressed to the CDFA Legal Office of Hearing and Appeals or emailed to CDFA.LegalOffice@cdfa.ca.gov.

California Department of Food and Agriculture
Legal Office of Hearing and Appeals
1220 N Street
Sacramento, CA 95814

All notices, communications, and appeals described in this paragraph must be received in writing to be considered timely.

If CDFA notifies the Recipient of its decision to withhold the entire funding amount from the Recipient pursuant to this paragraph, this Agreement shall terminate upon receipt of such notice by the Recipient and CDFA shall no longer be required to provide funds under this Agreement and the Agreement shall no longer be binding on either party.

18. Publicity and Acknowledgement

The Recipient agrees that it will acknowledge CDFA's support whenever projects funded, in whole or in part, by this Agreement are publicized in any news media, brochures, publications, audiovisuals, presentations or other types of promotional material and in accordance with the Grant Procedures Manual if incorporated by reference and attachment to the Agreement. The Recipients may not use the CDFA logo.

19. News Releases/Public Conferences

The Recipient agrees to notify the CDFA in writing at least two (2) business days before any news releases or public conferences are initiated by the Recipient or its Contractors/Consultants regarding the project described in the Attachments, Scope of Work and Budget and any project results.

20. Scope of Work and Budget Changes

Changes to the Scope of Work, Budget, or the Project term, must be requested in writing to CDFA Grant Administrative Contact no less than thirty (30) days prior to the requested implementation date. Any changes to the Scope of Work and Budget are subject to CDFA approval and, at its discretion, CDFA may choose to accept or deny any changes. If accepted and after negotiations are concluded, the agreed upon changes will be made and become part of this Agreement. CDFA will respond in writing within ten (10) business days as to whether the proposed changes are accepted.

21. Reporting Requirements

The Recipient agrees to comply with all reporting requirements specified in Scope of Work and/or Grant Procedures Manual if incorporated by reference to this Agreement as an attachment.

22. Equipment

Purchase of equipment not included in the approved Budget requires prior approval. The Recipient must comply with state requirements regarding the use, maintenance, disposition, and reporting of equipment as contained in CCR, Title 3, Division 1, Chapter 5, sections 303, 311, 324.1 and 324.2.

23. Closeout

The Agreement will be closed out after the completion of the Project or project term, receipt and approval of the final invoice and final report, and resolution of any performance or compliance issues.

24. Confidential and Public Records

The Recipient and CDFA understand that each party may come into possession of information and/or data which may be deemed confidential or proprietary by the person or organization furnishing the information or data. Such information or data may be subject to disclosure under the California Public Records Act or the Public Contract Code. To the extent allowed by law, CDFA determines whether the information is releasable. Each party agrees to maintain such information as confidential and notify the other party of any requests for release of the information.

25. Amendments

Changes to funding amount or Agreement term require an amendment and must be requested in writing to the CDFA Agreement Manager or designee no later than sixty (60) calendar days prior to the requested implementation date. Amendments are subject to CDFA approval, and, at its discretion, may choose to accept or deny these changes. No amendments are possible if the Agreement is expired.

26. Executive Order N-6-22 Russia Sanctions

On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (the EO) regarding Economic Sanctions against Russia and Russian entities and individuals. “Economic Sanctions” refers to sanctions imposed by the U.S. government in response to Russia’s actions in Ukraine, as well as any sanctions imposed under state law. The EO directs state agencies to terminate agreements with, and to refrain from entering any new agreements with, individuals or entities that are determined to be a target of Economic Sanctions. Accordingly, should the State determine Recipient is a target of Economic Sanctions or is conducting prohibited transactions with sanctioned individuals or entities, that shall be grounds for termination of this agreement. The State shall provide Recipient advance written notice of such termination, allowing Recipient at least 30 calendar days to provide a written response. Termination shall be at the sole discretion of the State.

EXHIBIT C
PAYMENT AND BUDGET PROVISIONS

1. Invoicing and Payment

A. For activities satisfactorily rendered and performed according to the attached Scope of Work and Budget, and upon receipt and approval of the invoices, CDFA agrees to reimburse the Recipient for actual allowable expenditures incurred in accordance with the rates specified herein, which is attached hereto and made a part of this Agreement.

B. Invoices must include the Agreement Number, performance period, type of activities performed in accordance with this Agreement, and when applicable, a breakdown of the costs of parts and materials, labor charges, and any other relevant information required to ensure proper invoices are submitted for payment.

C. Unless stated in the Scope of Work quarterly invoices must be submitted to the CDFA Administrative Contact, within thirty (30) calendar days after the end of each quarter in which activities under this Agreement were performed.

D. Unless stated in the Scope of Work a final invoice will be submitted for payment no more than thirty (30) calendar days following the expiration date of this Agreement, or after project is complete, whichever comes first. The final invoice must be clearly marked “Final Invoice” thus indicating that all payment obligations of the CDFA under this Agreement have ceased and that no further payments are due or outstanding.

2. Allowable Expenses and Fiscal Documentation

A. The Recipient must maintain adequate documentation for expenditures of this Agreement to permit the determination of the allowability of expenditures reimbursed by CDFA under this Agreement. If CDFA cannot determine if expenditures are allowable under the terms of this Agreement because records are nonexistent or inadequate according to Generally Accepted Accounting Principles, CDFA may disallow the expenditures.

B. If mileage is a reimbursable expense, using a privately-owned vehicle will be at the standard mileage rate established by the United States (U.S.) Internal Revenue Service (IRS) and in effect at the time of travel. The standard mileage rate in effect at the time of travel can be found on IRS’s website regardless of funding source/type.

C. If domestic travel is a reimbursable expense, receipts must be maintained to support the claimed expenditures. The maximum rates allowable for travel within California are those established by the California Department of Human Resources (CalHR). The maximum rates allowable for domestic travel outside of California are those established by the United States General Services Administration (GSA).

D. If foreign travel is a reimbursable expense, receipts must be maintained to support the claimed expenditures. The maximum rates allowable are those established in a per diem supplement to Section 925, Department of State Standardized Regulations.

E. The Recipient will maintain and have available, upon request by CDFA, all financial records and documentation pertaining to this Agreement. These records and documentation will be kept for three (3) years after completion of the Agreement period or until final resolution of any performance/compliance review concerns or litigation claims.

3. Prompt Payment Clause

Payment will be made in accordance with, and within the time specified in, California Government Code Title 1, Division 3.6, Part 3, Chapter 4.5, commencing with Section 927 - The California Prompt Payment Act.

4. Budget Contingency Clause

If funding for any fiscal year is reduced or deleted for purposes of this program, the CDFA has the option to either cancel this Agreement with no liability occurring to the CDFA or offer to amend the Agreement to reflect the reduced amount.

SCOPE OF WORK

In the best interest of the state, under the authority of the Secretary of the California Department of Food and Agriculture (CDFA), and in accordance with the California Business and Professions Code (BPC), Section 13434, the Division of Measurement Standards (Division) and the county (County) agree to the conditions and requirements within this Scope of Work.

The Division will pay the County $75.00 for each completed initial inspection of a business establishment selling or distributing petroleum and/or automotive products, provided the inspection is completed to determine compliance with BPC Chapters 14, 14.5 and 15. The total allocation to the County for these inspections shall not exceed this Agreement. For purposes of this Agreement, an initial inspection is the first physical inspection in the fiscal year of a business establishment where the ***primary*** business is selling fuels, lubricants, and automotive products, e.g., retail service stations, distributors of engine fuels, oils, and quick-lube shops. Inspections at equipment rentals, marinas, and/or aviation fuel locations will not be accepted. No compensation will be paid for duplicated site inspections at the same location anytime during the same fiscal year.

Inspection Requirements:

The County shall complete an initial inspection to verify compliance with the appropriate provisions of the BPC and the California Code of Regulations relating to the advertising and labeling of fuels, lubricants, and automotive products, and for compliance with the provisions of BPC Section 13660. Findings shall be recorded on the Petroleum Products Inspection Report (PPIR) Form # 41-011, supplied by, or approved by, the Division.

Within five (5) working days of conducting an inspection, the County shall submit a completed legible pink colored copy of the PPIR form to the Sacramento office. Electronic submission may be provided to the Fuels, Lubricants, and Automotive Products Program's e-mail address at cdfa.dms_petroleum@cdfa.ca.gov.

The assigned number of inspections at brake shops, quick-lube shops, and other retail establishments selling bulk lubricant products or automotive products shall not exceed 10% of the total annual initial inspections authorized. The Division reserves the right to, at its discretion, assign and direct the County to collect designated samples of bulk lubricants or automotive products for the purpose of conducting marketplace surveys and initial inspections at specific stations. The business establishments visited for the purpose of obtaining these designated samples shall be counted as inspections authorized under this Agreement and will be billable up to $75.00 per location. Prior to being assigned sampling duties, the Division will provide training in the proper sampling and chain of evidence completion procedures. Unless otherwise directed, all samples are to be submitted to the Division's laboratory in Sacramento.

Sample containers will be provided by the Division. Payment for product samples and transportation of the sample to the Division's laboratory shall be the sole responsibility of

the County. The County will use the inspection and sampling procedures outlined in the Division of Measurement Standards' "Petroleum Products Program Manual." Off-sale of samples not meeting product specifications shall be the responsibility of the County, or the Division if requested to do so by the County, and will be processed in accordance with the guidelines established in the Division's "Citation Manual." Current versions of the "Petroleum Products Program Manual" and the “Citation Manual” are available on the DMS County Portal.

Nothing in this Agreement prevents or precludes Division staff from performing routine business establishment inspections within the County. The County will be notified when Division staff is performing these inspections within the County. The Division also reserves the right to re-inspect business establishments that were previously inspected and billed for by the County. These re-inspections are for the purpose of evaluating the work of the County. Enforcement action, if needed, will be taken by Division staff following the “Citation Manual” guidelines.

Per BPC Section 12015, the County agrees that appropriate enforcement action shall be taken upon discovery of violation(s) at the business establishment being inspected. The enforcement actions will be handled in accordance with the guidelines established in the Division's "Citation Manual." If the appropriate enforcement action is more than the issuance of a Notice of Violation (NOV), and if the County is unable or fails to take that action against the violator, the Division shall take the specified enforcement action and payment for the inspection will be withheld.

The original inspection report shall be maintained at the County Office of Weights and Measures for four (4) years and be made available to the CDFA upon request.

All requests for payment under this Agreement shall be made using the Fuels, Lubricants, and Automotive Products Agreement Invoice with the County’s official letterhead. The invoice shall be submitted quarterly and include a summary sheet with the following information: the total number of initial inspections conducted; the name and address of the business establishment inspected or sampled; and the amount of money requested. Funds will be disbursed to the County on approval of the invoice submitted quarterly. If no work is carried out, an invoice is not required.

How to submit quarterly invoice:

Electronic submission: cdfa.dms_petroleum@cdfa.ca.gov

or

Mail to: Division of Measurement Standards

DEPARTMENT OF AGRICULTURE / DIVISION OF ANIMAL SERVICES

Requested Action(s)
a) AGREEMENT - Request approval and authorization for the Director of Animal Services to sign the Agreement with Valley Vet Clinic RB, Inc., for the purpose of providing dog and cat spay and neuter services for the amounts as listed with a maximum amount not to exceed $100,000, effective 11/1/25 and shall terminate 10/31/26

Financial Impact:
Spay/Neuter surgeries are performed on animals at the time of adoption, or during specific sponsored situations. Spay/Neuter fees will be collected from the adopter or sponsored by the Division's Spay/Neuter Trust.

Background Information:
The Division of Animal Services has entered into an agreement with Valley Veterinary Clinic to perform spay/neuter services for many years. CA Food and Agriculture Code requires that dogs and cats be spayed or neutered prior to release to the new owner at the time of adoption. Without the requested action, the Division would be unable to keep up with the number of animals requiring surgery to be adopted, resulting in a decrease in adoptions and extended length of stay for animals in the shelter.

AGREEMENT BETWEEN THE COUNTY OF TEHAMA AND VALLEY VET CLINIC RB, INC.

This agreement is entered into between the County of Tehama, through its Department of Agriculture, Division of Animal Services, ("County") and Valley Vet Clinic RB, Inc., a California corporation, ("Contractor") for the purpose of providing dog and cat spaying/neutering services.

1) RESPONSIBILITIES OF CONTRACTOR

During the term of this agreement, Contractor shall upon request of the County, provide spaying and neutering surgeries to dogs and cats designated by the Division. Such services shall be provided at a veterinarian clinic operated, maintained, and provided by Contractor that meets all requirements of California Code of Regulations, Title 16, Division 20, Article 4. Contractor shall provide all personnel, supplies, and equipment necessary to perform the surgeries.

2) RESPONSIBILITIES OF THE COUNTY

County shall compensate Contractor for said services pursuant to Section 3 and 4 of this agreement.

3) COMPENSATION

Contractor shall be paid in accordance with the all-inclusive rates set forth below:

- $80 for cat spaying/neutering
- $140 for dog spaying/neutering

After satisfactorily completing the duties described in this Agreement. The maximum Compensation payable under this Agreement shall not exceed $100,000. Contractor shall not be entitled to payment or reimbursement for any tasks or services performed except as specified herein. Contractor shall have no claim against County for payment of any compensation or reimbursement, of any kind whatsoever, for any service provided by Contractor after the expiration or other termination of this Agreement. Contractor shall not be paid any amount in excess of the Maximum Compensation amount set forth above, and Contractor agrees that County has no obligation, whatsoever, to compensate or reimburse Contractor for any expenses,

direct or indirect costs, expenditures, or charges of any nature by Contractor that exceed the Maximum Compensation amount set forth above. Should Contractor receive any such payment it shall immediately notify County and shall immediately repay all such funds to County. This provision shall survive the expiration of other termination of this Agreement.

4) BILLING AND PAYMENT

On or before the 15th of each month, Contractor shall submit to County an itemized invoice for all services rendered during the preceding calendar month. County shall make payment of all undisputed amounts within 30 days of receipt of Contractor's invoice. County shall be obligated to pay only for services properly invoiced in accordance with this section.

5) TERM OF AGREEMENT

This agreement shall commence on November 1, 2025, and shall terminate October 31, 2026, unless terminated in accordance with section 6 below.

6) TERMINATION OF AGREEMENT

If Contractor fails to perform his/her duties to the satisfaction of the County, or if Contractor fails to fulfill in a timely and professional manner his/her obligations under this agreement, or if Contractor violates any of the terms or provisions of this agreement, then the County shall have the right to terminate this agreement effective immediately upon the County giving written notice thereof to the Contractor. Either party may terminate this agreement on 30 days' written notice. County shall pay contractor for all work satisfactorily completed as of the date of notice. County may terminate this agreement immediately upon oral notice should funding cease or be materially decreased, or should the Tehama County Board of Supervisors fail to appropriate sufficient funds for this agreement in any fiscal year.

The County's right to terminate this agreement may be exercised by the Tehama County Agricultural Commissioner.

7) ENTIRE AGREEMENT; MODIFICATION

This agreement for the services specified herein supersedes all previous agreements for these services and constitutes the entire understanding between the parties hereto. Contractor shall be entitled to no other benefits other than those specified herein. No changes, amendments or

alterations shall be effective unless in writing and signed by both parties. Contractor specifically acknowledges that in entering into and executing this agreement, Contractor relies solely upon the provisions contained in this agreement and no other oral or written representation.

8) NONASSIGNMENT OF AGREEMENT

Inasmuch as this agreement is intended to secure the specialized services of Contractor, Contractor may not assign, transfer, delegate or sublet any interest herein without the prior written consent of the County.

9) EMPLOYMENT STATUS

Contractor shall, during the entire term of this agreement, be construed to be an independent contractor and nothing in this agreement is intended nor shall be construed to create an employer-employee relationship, a joint venture relationship, or to allow County to exercise discretion or control over the professional manner in which Contractor performs the services which are the subject matter of this agreement; provided always, however, that the services to be provided by Contractor shall be provided in a manner consistent with the professional standards applicable to such services. The sole interest of the County is to insure that the services shall be rendered and performed in a competent, efficient and satisfactory manner. Contractor shall be fully responsible for payment of all taxes due to the State of California or the Federal government, which would be withheld from compensation of Contractor, if Contractor were a County employee. County shall not be liable for deductions for any amount for any purpose from Contractor's compensation. Contractor shall not be eligible for coverage under County's Workers Compensation Insurance Plan nor shall Contractor be eligible for any other County benefit.

10) INDEMNIFICATION

Contractor shall defend, hold harmless, and indemnify Tehama County, its elected officials, officers, employees, agents, and volunteers against all claims, suits, actions, costs, expenses (including but not limited to reasonable attorney's fees of County), damages, judgments, or decrees by reason of any person's or persons' injury, including death, or property (including property of County) being damaged, arising out of contractor's performance of work hereunder or its failure to comply with any of its obligations contained in this agreement, whether by

negligence or otherwise. Contractor shall, at its own expense, defend any suit or action founded upon a claim of the foregoing. Contractor shall also defend and indemnify County against any adverse determination made by the Internal Revenue Service or the State Franchise Tax Board and/or any other taxing or regulatory agency against the County with respect to Contractor's "independent contractor" status that would establish a liability for failure to make social security or income tax withholding payments, or any other legally mandated payment.

11) INSURANCE

Contractor shall procure and maintain insurance pursuant to Exhibit A, "Insurance Requirements For Contractor," attached hereto and incorporated by reference.

12) PREVAILING WAGE

Contractor certifies that it is aware of the requirements of California Labor Code Sections 1720 et seq. and 1770 et seq., as well as California Code of Regulations, Title 8, Section 16000 et seq. ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on certain "public works" and "maintenance" projects. If the Services hereunder are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is $1,000 or more, Contractor agrees to fully comply with and to require its subcontractors to fully comply with such Prevailing Wage Laws, to the extent that such laws apply. If applicable, County will maintain the general prevailing rate of per diem wages and other information set forth in Labor Code section 1773 at its principal office, and will make this information available to any interested party upon request. Contractor shall defend, indemnify and hold the County, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties, or interest arising out of any failure or alleged failure of the Contractor or its subcontractors to comply with the Prevailing Wage Laws. Without limiting the generality of the foregoing, Contractor specifically acknowledges that County has not affirmatively represented to contractor in writing, in the call for bids, or otherwise, that the work to be covered by the bid or contract was not a "public work." To the fullest extent permitted by law, Contractor hereby specifically waives and agrees not to assert, in any manner, any past, present, or future claim for indemnification under Labor Code section 1781.

Contractor acknowledges the requirements of Labor Code sections 1725.5 and 1771.1 which provide that no contractor or subcontractor may be listed on a bid proposal or be awarded a contract for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5, with exceptions from this requirement specified under Labor Code sections 1725.5(f), 1771.1(a) and 1771.1(n).

If the services are being performed as part of the applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, Contractor acknowledges that this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

13) NON-DISCRIMINATION

Contractor shall not employ discriminatory practices in the treatment of persons in relation to the circumstances provided for herein, including assignment of accommodations, employment of personnel, or in any other respect on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, age, or sexual orientation.

14) GREEN PROCUREMENT POLICY

Through Tehama County Resolution No. 2021-140, the County adopted the Recovered Organic Waste Product Procurement Policy (available upon request) to (1) protect and conserve natural resources, water and energy; (2) minimize the jurisdiction's contribution to pollution and solid waste disposal; (3) comply with state requirements as contained in 14 CCR Division 7, Chapter 12, Article 12 (SB 1383); (4) support recycling and waste reduction; and (5) promote the purchase of products made with recycled materials, in compliance with the California Integrated Waste Management Act of 1989 (AB 939) and SB1382 when product fitness and quality are equal and they are available at the same or lesser cost of non-recycled products. Contractor shall adhere to this policy as required therein and is otherwise encouraged to conform to this policy.

15) COMPLIANCE WITH LAWS AND REGULATIONS

All services to be performed by Contractor under to this Agreement shall be performed in accordance with all applicable federal, state, and local laws, ordinances, rules, and regulations. Any change in status, licensure, or ability to perform activities, as set forth herein, must be reported to the County immediately.

16) LAW AND VENUE

This agreement shall be deemed to be made in, and shall be governed by and construed in accordance with the laws of the State of California (excepting any conflict of laws provisions which would serve to defeat application of California substantive law). Venue for any action arising from this agreement shall be in Tehama County, California.

17) AUTHORITY

Each party executing this Agreement and each person executing this Agreement in any representative capacity, hereby fully and completely warrants to all other parties that he or she has full and complete authority to bind the person or entity on whose behalf the signing party is purposing to act.

18) NOTICES

Any notice required to be given pursuant to the terms and provisions of this agreement shall be in writing and shall be sent first class mail to the following addresses:

If to County:	Tehama County Department of Agriculture Division of Animal Services P.O. Box 38 Red Bluff, CA 96080
If to Contractor:	Valley Vet Clinic RB, Inc. 420 Antelope Blvd. Red Bluff, CA 96080

Notice shall be deemed to be effective two days after mailing.

19) NON-EXCLUSIVE AGREEMENT

Contractor understands that this is not an exclusive agreement, and that County shall have the right to negotiate with and enter into agreements with others providing the same or similar services to those provided by Contractor, or to perform such services with County's own forces, as County desires.

20) STANDARDS OF THE PROFESSION

Contractor agrees to perform its duties and responsibilities pursuant to the terms and conditions of this agreement in accordance with the standards of the profession for which Contractor has been properly licensed to practice.

21) LICENSING OR ACCREDITATION

Where applicable the Contractor shall maintain the appropriate license or accreditation through the life of this contract.

22) RESOLUTION OF AMBIGUITIES

If an ambiguity exists in this Agreement, or in a specific provision hereof, neither the Agreement nor the provision shall be construed against the party who drafted the Agreement or provision.

23) NO THIRD PARTY BENEFICIARIES

Neither party intends that any person shall have a cause of action against either of them as a third party beneficiary under this Agreement. The parties expressly acknowledge that is not their intent to create any rights or obligations in any third person or entity under this Agreement. The parties agree that this Agreement does not create, by implication or otherwise, any specific, direct or indirect obligation, duty, promise, benefit and/or special right to any person, other than the parties hereto, their successors and permitted assigns, and legal or equitable rights, remedy, or claim under or in respect to this Agreement or provisions herein.

24) HAZARDOUS MATERIALS

Contractor shall provide to County all Safety Data Sheets covering all Hazardous Materials to be furnished, used, applied, or stored by Contractor, or any of its Subcontractors, in connection with the services on County property. Contractor shall provide County with copies of any such Safety Data Sheets prior to entry to County property or with a document certifying that no Hazardous Materials will be brought onto County property by Contractor, or any of its Subcontractors, during the performance of the services. County shall provide Safety Data Sheets for any Hazardous Materials that Contractor may be exposed to while on County property.

25) HARASSMENT

Contractor agrees to make itself aware of and comply with the County's Harassment Policy, TCPR §8102: Harassment, which is available upon request. The County will not tolerate or condone harassment, discrimination, retaliation, or any other abusive behavior. Violations of this policy may cause termination of this agreement.

26) COUNTERPARTS, ELECTRONIC SIGNATURES – BINDING

This agreement may be executed in any number of counterparts, each of which will be an original, but all of which together will constitute one instrument. Each Party of this agreement agrees to the use of electronic signatures, such as digital signatures that meet the requirements of the California Uniform Electronic Transactions Act (("CUETA") Cal. Civil Code §§ 1633.1 to 1633.17), for executing this agreement. The Parties further agree that the electronic signatures of the Parties included in this agreement are intended to authenticate this writing and to have the same force and effect as manual signatures. Electronic signature means an electronic sound, symbol, or process attached to or logically associated with an electronic record and executed or adopted by a person with the intent to sign the electronic record pursuant to the CUETA as amended from time to time. The CUETA authorizes use of an electronic signature for transactions and contracts among Parties in California, including a government agency. Digital signature means an electronic identifier, created by computer, intended by the party using it to have the same force and effect as the use of a manual signature, and shall be reasonably relied upon by the Parties. For purposes of this section, a digital signature is a type of "electronic signature" as defined in subdivision (i) of Section 1633.2 of the Civil Code. Facsimile signatures or signatures transmitted via pdf document shall be treated as originals for all purposes.

27) AVAILABILITY OF FUNDS

All funding under this agreement is subject to the availability of Federal, State and County funds. If at any time during the period covered by this agreement the funding from any source is discontinued or decreased, this agreement shall no longer be binding upon the County or the Contractor, effective with the date of funding is discontinued or decreased.

In the event of an audit exception or exceptions, the party responsible for not meeting the program requirement or requirements shall by responsible for the deficiency.

IN WITNESS WHEREOF, County and Contractor have executed this agreement on the day and year set forth below.

Exhibit A

INSURANCE REQUIREMENTS FOR CONTRACTOR

Contractor shall procure and maintain, for the duration of the contract, insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work described herein and the results of that work by Contractor, his/her agents, representatives, employees or subcontractors. At a minimum, Contractor shall maintain the insurance coverage, limits of coverage and other insurance requirements as described below.

Commercial General Liability (including operations, products and completed operations) $1,000,000 per occurrence for bodily injury, personal injury and property damage. If coverage is subject to an aggregate limit, that aggregate limit will be twice the occurrence limit, or the general aggregate limit shall apply separately to this project/location.

Automobile Liability

Automobile liability insurance is required with minimum limits of $1,000,000 per accident for bodily injury and property damage, including owned and non-owned and hired automobile coverage, as applicable to the scope of services defined under this agreement.

Workers' Compensation

If Contractor has employees, he/she shall obtain and maintain continuously Workers' Compensation insurance to cover Contractor and Contractor's employees and volunteers, as required by the State of California, as well as Employer's Liability insurance in the minimum amount of $1,000,000 per accident for bodily injury or disease.

Professional Liability (Contractor/Professional services standard agreement only)

If Contractor is a state-licensed architect, engineer, contractor, counselor, attorney, accountant, medical provider, and/or other professional licensed by the State of California to practice a profession, Contractor shall provide and maintain in full force and effect while providing services pursuant to this contract a professional liability policy (also known as Errors and Omissions or Malpractice liability insurance) with single limits of liability not less than $1,000,000 per claim and $2,000,000 aggregate on a claims made basis. However, if

coverage is written on a claims made basis, the policy shall be endorsed to provide coverage for at least three years from termination of agreement.

If Contractor maintains higher limits than the minimums shown above, County shall be entitled to coverage for the higher limits maintained by Contractor.

All such insurance coverage, except professional liability insurance, shall be provided on an "occurrence" basis, rather than a "claims made" basis.

Endorsements: Additional Insureds

The Commercial General Liability and Automobile Liability policies shall include, or be endorsed to include "Tehama County, its elected officials, officers, employees and volunteers" as an additional insured.

The certificate holder shall be "County of Tehama."

Deductibles and Self-Insured Retentions

Any deductibles or self-insured retentions of $25,000 or more must be declared to, and approved by, the County. The deductible and/or self-insured retentions will not limit or apply to Contractor's liability to County and will be the sole responsibility of Contractor.

Primary Insurance Coverage

For any claims related to this project, Contractor's insurance coverage shall be primary insurance as respects the County, its officers, officials, employees and volunteers. Any insurance or self-insurance maintained by the County, its officers, officials, employees or volunteers shall be excess of Contractor's insurance and shall not contribute with it.

Coverage Cancellation

Each insurance policy required herein shall be endorsed to state that "coverage shall not be reduced or canceled without 30 days' prior written notice certain to the County."

Acceptability of Insurers

Contractor's insurance shall be placed with an insurance carrier holding a current A.M. Best & Company's rating of not less than A:VII unless otherwise acceptable to the County. The County

reserves the right to require rating verification. Contractor shall ensure that the insurance carrier shall be authorized to transact business in the State of California.

Subcontractors

Contractor shall require and verify that all subcontractors maintain insurance that meets all the requirements stated herein.

Material Breach

If for any reason, Contractor fails to maintain insurance coverage or to provide evidence of renewal, the same shall be deemed a material breach of contract. County, in its sole option, may terminate the contract and obtain damages from Contractor resulting from breach. Alternatively, County may purchase such required insurance coverage, and without further notice to Contractor, County may deduct from sums due to Contractor any premium costs advanced by County for such insurance.

Policy Obligations

Contractor's indemnity and other obligations shall not be limited by the foregoing insurance requirements.

Verification of Coverage

Contractor shall furnish County with original certificates and endorsements effecting coverage required herein. All certificates and endorsements shall be received and approved by the County prior to County signing the agreement and before work commences. However, failure to do so shall not operate as a waiver of these insurance requirements.

The County reserves the right to require complete, certified copies of all required insurance policies, including endorsements affecting the coverage required by these specifications at any time.

DEPARTMENT OF AGRICULTURE / DIVISION OF ANIMAL SERVICES

Requested Action(s)
a) TRANSFER OF FUNDS: ANIMAL SERVICES, B-19 - From Misc. Grants (2078-466081) to Contingency (1109-59000), $18,947.12; and From Contingency (1109-59000) to Medical Expense (2078-53190), $3,460.68; to Professional Services (2078-53230), $11,031.25; to Household Expense (2078-53140), $50.51; and to Extra Help (2078-51011), $4,404.68 **(Requires 4/5's vote)**

Financial Impact:
The funds for the requested action are a result of the UC Davis Sniptember Spay/Neuter Grant.

Background Information:
On November 14, 2022, the Division of Animals Services was selected to receive a California for All Animals, UC Davis, "Sniptember Grant" in the amount of $180,000.

In keeping with the Division's adoption program and state spay/neuter requirements, this grant allowed Animal Services to purchase the needed surgical equipment and supplies, as well as fund staffing for spay and neuter surgeries for shelter animals on the newly purchased mobile veterinary clinic.

This Fiscal Year 25/26, during Quarter 1, the department staffed a total of 200 spay/neuter surgeries and was able to spay and neuter 57 cats and 143 dogs utilizing the new mobile veterinary clinic. To date, the grant funds have allowed the division to staff 824 spay/neuter surgeries.

ADMINISTRATION

Requested Action(s)
a) TRANSFER OF FUNDS: FACILITIES MAINTENANCE; B-20 - From Misc. Revenue (1074-471120), $4,620.24, to Contingency (1109-59000), $4,620.24; and from Contingency (1109-59000) to Special Projects (1074-532321), $4,620.24 **(Requires a 4/5's vote)**

b) TRANSFER OF FUNDS: RED BLUFF COMMUNITY CENTER; B-21 - From Contingency (1109-59000), $43,670.21 to City of Red Bluff Operating Deficit (7034-555272), $43,670.21 **(Requires a 4/5's vote)**

Financial Impact:
The requested transfers of $4,620.24 for Facilities Maintenance is funded by Trindel and will have no impact on the general fund. The requested transfer for Red Bluff Community Center is a general fund contingency request.

Background Information:

Facilities Maintenance Transfer
We are requesting a budget transfer to balance the Facilities Maintenance accounts following the completion of a project funded by the Trindel Safety fund.

Facilities Maintenance completed a project on behalf of the Assessor's office. All project costs were paid from the Facilities Maintenance expenditure budget, and the reimbursement from the Trindel Safety fund was deposited into the Facilities Maintenance revenue account. This transfer is a necessary accounting action to ensure the department's budget accurately reflects both the revenue and the corresponding expenses for this project.

Red Bluff Community Center
The County has an agreement with the City of Red Bluff for the operation of the Red Bluff Community Center. Per the terms of this agreement, the County is responsible for 50% of the center's actual operating expenditures after all revenues have been applied.
This year, the County's 50% share has been calculated at $210,582.21, which is a 26% increase over the previous year. The current FY 2025-26 budget allocation for this purpose is $166,912, leaving a shortfall of $43,670.21. This transfer is necessary to cover the remaining balance owed to the City of Red Bluff as required by our agreement.

ADMINISTRATION

Requested Action(s)

a) Declare the following vehicles to be surplus County property:

1) AG EXTENSION - 2005 Ford F-150, VIN # 1FTRF14W75NA85455, County Inventory #25454, Stock #508
2) FACILITIES MAINTENANCE - 2006 Ford Escape, VIN # 1FMYU92Z56KC50169, County Inventory #25391, Stock #399

b) Request authorization for Administration/Purchasing to dispose of the property in the manner that provides the highest possible return to the County

Financial Impact:

All proceeds will be deposited in their respective budget unit(s).

Background Information:

The County has a contract with BidCal.com for auction services. Property that may not be suitable for the auction will be offered to the highest bidder through an informal bid process.

ADMINISTRATION

Requested Action(s)
a) AGREEMENT - Request approval and authorization for the Chair to sign Amendment with Mid Pacific Engineering (Agreement #134PA25) for the purpose of providing on-call materials testing and special inspection services, for the new Tehama County Corrections Re-entry Project, thereby adding an additional $15,000, for a total maximum compensation to not exceed $65,000

Financial Impact:
Funds are included in the project budget. Funding is available in the Accumulated Capital Outlay (ACO)- Plant Acquisition budget, account #1081-57586. Although not reimbursable by the State through the SB 1022 financing program, the expense will be included as a cash match contributing to the total eligible project cost.

Background Information:
Mid Pacific Engineering (MPE) has been providing on-call materials testing and special inspection services for the new jail re-entry facility. Additional testing was necessary due to unknown soil conditions and changes in work plans to accommodate. An increase in total compensation is necessary to cover the additional work that has been performed by MPE.

AMENDMENT

TO THE AGREEMENT BETWEEN THE COUNTY OF TEHAMA AND MID PACIFIC ENGINEERING, INC.

This Amendment to Agreement Number 134PA25, dated April 22, 2025, by and between the County of Tehama, through its Administration Office (County) and Mid Pacific Engineering, Inc. (Contractor) for the provision of on-call materials testing and special inspection services, shall be amended as follows:

3) <u>COMPENSATION</u>

Contractor shall be paid in accordance with the rates set forth in the Fee Schedule, attached to agreement 134PA25 as Exhibit "B", after satisfactorily completing the duties described in this Agreement. The Maximum Compensation payable under this Agreement shall not exceed $65,000. Contractor shall not be entitled to payment or reimbursement for any tasks or services performed except as specified herein. Contractor shall have no claim against County for payment of any compensation or reimbursement, of any kind whatsoever, for any service provided by Contractor after the expiration or other termination of this Agreement. Contractor shall not be paid any amount in excess of the Maximum Compensation amount set forth above, and Contractor agrees that County has no obligation, whatsoever, to compensate or reimburse Contractor for any expenses, direct or indirect costs, expenditures, or charges of any nature by Contractor that exceed the Maximum Compensation amount set forth above. Should Contractor receive any such payment it shall immediately notify County and shall immediately repay all such funds to County. This provision shall survive the expiration or other termination of this Agreement.

It is mutually agreed that all other terms and conditions of Agreement Number 134PA25 shall remain in full force and effect.

IN WITNESS WHEREOF, County and Contractor have executed this agreement on the day and year set forth below.

Office of the Tehama County Counsel
Margaret Long, County Counsel

AGREEMENT BETWEEN THE COUNTY OF TEHAMA AND MID PACIFIC ENGINEERING, INC.

This agreement is entered into between the County of Tehama, through its Administration Office, ("County") and Mid Pacific Engineering, Inc. ("Contractor") for the purpose of providing on-call materials testing and special inspection services.

1) RESPONSIBILITIES OF CONTRACTOR

During the term of this agreement, Contractor shall provide on-call materials testing and special inspection services as outlined in Exhibit "B", at the direction of County's Project Manager.

2) RESPONSIBILITIES OF THE COUNTY

County shall compensate Contractor for said services pursuant to Section 3 and 4 of this agreement.

3) COMPENSATION

Contractor shall be paid in accordance with the rates set forth in the Fee Schedule, attached hereto as Exhibit "B", after satisfactorily completing the duties described in this Agreement. The Maximum Compensation payable under this Agreement shall not exceed $50,000. Contractor shall not be entitled to payment or reimbursement for any tasks or services performed except as specified herein. Contractor shall have no claim against County for payment of any compensation or reimbursement, of any kind whatsoever, for any service provided by Contractor after the expiration or other termination of this Agreement. Contractor shall not be paid any amount in excess of the Maximum Compensation amount set forth above, and Contractor agrees that County has no obligation, whatsoever, to compensate or reimburse Contractor for any expenses, direct or indirect costs, expenditures, or charges of any nature by Contractor that exceed the Maximum Compensation amount set forth above. Should Contractor receive any such payment it shall immediately notify County and shall immediately repay all such funds to County. This provision shall survive the expiration or other termination of this Agreement.

4) BILLING AND PAYMENT

On or before the 15th of each month, Contractor shall submit to County an itemized invoice for all services rendered during the preceding calendar month. County shall make payment of all

undisputed amounts within 30 days of receipt of Contractor's invoice. County shall be obligated to pay only for services properly invoiced in accordance with this section.

5) TERM OF AGREEMENT

This agreement shall commence on the date of signing and shall terminate upon completion of the work, unless terminated in accordance with section 6 below.

6) TERMINATION OF AGREEMENT

If Contractor fails to perform his/her duties to the satisfaction of the County, or if Contractor fails to fulfill in a timely and professional manner his/her obligations under this agreement, or if Contractor violates any of the terms or provisions of this agreement, then the County shall have the right to terminate this agreement effective immediately upon the County giving written notice thereof to the Contractor. Either party may terminate this agreement on 30 days' written notice. County shall pay contractor for all work satisfactorily completed as of the date of notice. County may terminate this agreement immediately upon oral notice should funding cease or be materially decreased, or should the Tehama County Board of Supervisors fail to appropriate sufficient funds for this agreement in any fiscal year.

The County's right to terminate this agreement may be exercised by the Chief Administrator.

7) ENTIRE AGREEMENT; MODIFICATION

This agreement for the services specified herein supersedes all previous agreements for these services and constitutes the entire understanding between the parties hereto. Contractor shall be entitled to no other benefits other than those specified herein. No changes, amendments or alterations shall be effective unless in writing and signed by both parties. Contractor specifically acknowledges that in entering into and executing this agreement, Contractor relies solely upon the provisions contained in this agreement and no other oral or written representation.

8) NONASSIGNMENT OF AGREEMENT

Inasmuch as this agreement is intended to secure the specialized services of Contractor, Contractor may not assign, transfer, delegate or sublet any interest herein without the prior written consent of the County.

9) EMPLOYMENT STATUS

Contractor shall, during the entire term of this agreement, be construed to be an independent contractor and nothing in this agreement is intended nor shall be construed to create an employer-employee relationship, a joint venture relationship, or to allow County to exercise discretion or control over the professional manner in which Contractor performs the services which are the subject matter of this agreement; provided always, however, that the services to be provided by Contractor shall be provided in a manner consistent with the professional standards applicable to such services. The sole interest of the County is to insure that the services shall be rendered and performed in a competent, efficient and satisfactory manner. Contractor shall be fully responsible for payment of all taxes due to the State of California or the Federal government, which would be withheld from compensation of Contractor, if Contractor were a County employee. County shall not be liable for deductions for any amount for any purpose from Contractor's compensation. Contractor shall not be eligible for coverage under County's Workers Compensation Insurance Plan nor shall Contractor be eligible for any other County benefit.

10) INDEMNIFICATION

Contractor shall defend, hold harmless, and indemnify Tehama County, its elected officials, officers, employees, agents, and volunteers against all claims, suits, actions, costs, expenses (including but not limited to reasonable attorney's fees of County), damages, judgments, or decrees by reason of any person's or persons' injury, including death, or property (including property of County) being damaged, arising out of contractor's performance of work hereunder or its failure to comply with any of its obligations contained in this agreement, whether by negligence or otherwise. Contractor shall, at its own expense, defend any suit or action founded upon a claim of the foregoing. Contractor shall also defend and indemnify County against any adverse determination made by the Internal Revenue Service or the State Franchise Tax Board and/or any other taxing or regulatory agency against the County with respect to Contractor's "independent contractor" status that would establish a liability for failure to make social security or income tax withholding payments, or any other legally mandated payment.

11) INSURANCE

Contractor shall procure and maintain insurance pursuant to Exhibit A, "Insurance Requirements For Contractor," attached hereto and incorporated by reference.

12) PREVAILING WAGE

Contractor certifies that it is aware of the requirements of California Labor Code Sections 1720 et seq., as well as California Code of Regulations, Title 8, Section 16000 et seq. (Prevailing Wage Laws), which require the payment of prevailing wage rates and the performance of other requirements on certain public works and maintenance projects. Contractor shall pay, at least, the general prevailing wage rates, as determined by the Director of the Department of Industrial Relations of the State of California, for all work hereunder. Contractor further agrees to fully comply with and to require its subcontractor to fully comply with such Prevailing Wage Laws. County will maintain the general prevailing rate of per diem wages and other information set forth in Labor Code Section 1773 at its principal office, and will make this information available to any interested party upon request. Contractor shall defend, indemnify and hold the County, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties, or interest arising out of any failure or alleged failure of the Contractor or its subcontractors to comply with the Prevailing Wage Laws.

Contractor acknowledges the requirements of Labor Code sections 1725.5 and 1771.1 which provide that no contractor or subcontractor may be listed on a bid proposal or be awarded a contract for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 with exceptions from this requirement specified under Labor Code sections 1725.5(f), 1771.1(a) and 1771.1(n).

Contractor acknowledges that this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

13) NON-DISCRIMINATION

Contractor shall not employ discriminatory practices in the treatment of persons in relation to the circumstances provided for herein, including assignment of accommodations, employment of personnel, or in any other respect on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, age, or sexual orientation.

14) GREEN PROCUREMENT POLICY

Through Tehama County Resolution No. 2021-140, the County adopted the Recovered Organic Waste Product Procurement Policy (available upon request) to (1) protect and conserve natural resources, water and energy; (2) minimize the jurisdiction's contribution to pollution and solid waste disposal; (3) comply with state requirements as contained in 14 CCR Division 7, Chapter 12, Article 12 (SB 1383); (4) support recycling and waste reduction; and (5) promote the purchase of products made with recycled materials, in compliance with the California Integrated Waste Management Act of 1989 (AB 939) and SB1382 when product fitness and quality are equal and they are available at the same or lesser cost of non-recycled products. Contractor shall adhere to this policy as required therein and is otherwise encouraged to conform to this policy.

15) COMPLIANCE WITH LAWS AND REGULATIONS

All services to be performed by Contractor under to this Agreement shall be performed in accordance with all applicable federal, state, and local laws, ordinances, rules, and regulations. Any change in status, licensure, or ability to perform activities, as set forth herein, must be reported to the County immediately.

16) LAW AND VENUE

This agreement shall be deemed to be made in, and shall be governed by and construed in accordance with the laws of the State of California (excepting any conflict of laws provisions which would serve to defeat application of California substantive law). Venue for any action arising from this agreement shall be in Tehama County, California.

17) AUTHORITY

Each party executing this Agreement and each person executing this Agreement in any representative capacity, hereby fully and completely warrants to all other parties that he or she has full and complete authority to bind the person or entity on whose behalf the signing party is purposing to act.

18) NOTICES

Any notice required to be given pursuant to the terms and provisions of this agreement shall be in writing and shall be sent first class mail to the following addresses:

a. If to County: Tehama County Administration
727 Oak Street
Red Bluff, CA 96080

b. If to Contractor: Mid Pacific Engineering, Inc.
6310 State Highway 273
Anderson, CA 96007

Notice shall be deemed to be effective two days after mailing.

19) NON-EXCLUSIVE AGREEMENT

Contractor understands that this is not an exclusive agreement, and that County shall have the right to negotiate with and enter into agreements with others providing the same or similar services to those provided by Contractor, or to perform such services with County's own forces, as County desires.

20) STANDARDS OF THE PROFESSION

Contractor agrees to perform its duties and responsibilities pursuant to the terms and conditions of this agreement in accordance with the standards of the profession for which Contractor has been properly licensed to practice.

21) LICENSING OR ACCREDITATION

Where applicable the Contractor shall maintain the appropriate license or accreditation through the life of this contract.

22) RESOLUTION OF AMBIGUITIES

If an ambiguity exists in this Agreement, or in a specific provision hereof, neither the Agreement nor the provision shall be construed against the party who drafted the Agreement or provision.

23) NO THIRD PARTY BENEFICIARIES

Neither party intends that any person shall have a cause of action against either of them as a third party beneficiary under this Agreement. The parties expressly acknowledge that is not their intent to create any rights or obligations in any third person or entity under this Agreement. The parties agree that this Agreement does not create, by implication or otherwise, any specific, direct or indirect obligation, duty, promise, benefit and/or special right to any person, other than

the parties hereto, their successors and permitted assigns, and legal or equitable rights, remedy, or claim under or in respect to this Agreement or provisions herein.

24) HAZARDOUS MATERIALS

Contractor shall provide to County all Safety Data Sheets covering all Hazardous Materials to be furnished, used, applied, or stored by Contractor, or any of its Subcontractors, in connection with the services on County property. Contractor shall provide County with copies of any such Safety Data Sheets prior to entry to County property or with a document certifying that no Hazardous Materials will be brought onto County property by Contractor, or any of its Subcontractors, during the performance of the services. County shall provide Safety Data Sheets for any Hazardous Materials that Contractor may be exposed to while on County property.

25) HARASSMENT

Contractor agrees to make itself aware of and comply with the County's Harassment Policy, TCPR §8102: Harassment, which is available upon request. The County will not tolerate or condone harassment, discrimination, retaliation, or any other abusive behavior. Violations of this policy may cause termination of this agreement.

26) COUNTERPARTS, ELECTRONIC SIGNATURES – BINDING

This agreement may be executed in any number of counterparts, each of which will be an original, but all of which together will constitute one instrument. Each Party of this agreement agrees to the use of electronic signatures, such as digital signatures that meet the requirements of the California Uniform Electronic Transactions Act (("CUETA") Cal. Civil Code §§ 1633.1 to 1633.17), for executing this agreement. The Parties further agree that the electronic signatures of the Parties included in this agreement are intended to authenticate this writing and to have the same force and effect as manual signatures. Electronic signature means an electronic sound, symbol, or process attached to or logically associated with an electronic record and executed or adopted by a person with the intent to sign the electronic record pursuant to the CUETA as amended from time to time. The CUETA authorizes use of an electronic signature for transactions and contracts among Parties in California, including a government agency. Digital signature means an electronic identifier, created by computer, intended by the party using it to

have the same force and effect as the use of a manual signature, and shall be reasonably relied upon by the Parties. For purposes of this section, a digital signature is a type of "electronic signature" as defined in subdivision (i) of Section 1633.2 of the Civil Code. Facsimile signatures or signatures transmitted via pdf document shall be treated as originals for all purposes.

IN WITNESS WHEREOF, County and Contractor have executed this agreement on the day and year set forth below.

Exhibit A

INSURANCE REQUIREMENTS FOR CONTRACTOR

Contractor shall procure and maintain, for the duration of the contract, insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work described herein and the results of that work by Contractor, his/her agents, representatives, employees or subcontractors. At a minimum, Contractor shall maintain the insurance coverage, limits of coverage and other insurance requirements as described below.

Commercial General Liability (including operations, products and completed operations) $1,000,000 per occurrence for bodily injury, personal injury and property damage. If coverage is subject to an aggregate limit, that aggregate limit will be twice the occurrence limit, or the general aggregate limit shall apply separately to this project/location.

Automobile Liability

Automobile liability insurance is required with minimum limits of $1,000,000 per accident for bodily injury and property damage, including owned and non-owned and hired automobile coverage, as applicable to the scope of services defined under this agreement.

Workers' Compensation

If Contractor has employees, he/she shall obtain and maintain continuously Workers' Compensation insurance to cover Contractor and Contractor's employees and volunteers, as required by the State of California, as well as Employer's Liability insurance in the minimum amount of $1,000,000 per accident for bodily injury or disease.

Professional Liability (Contractor/Professional services standard agreement only)

If Contractor is a state-licensed architect, engineer, contractor, counselor, attorney, accountant, medical provider, and/or other professional licensed by the State of California to practice a profession, Contractor shall provide and maintain in full force and effect while providing services pursuant to this contract a professional liability policy (also known as Errors and Omissions or Malpractice liability insurance) with single limits of liability not less than $1,000,000 per claim and $2,000,000 aggregate on a claims made basis. However, if

coverage is written on a claims made basis, the policy shall be endorsed to provide coverage for at least three years from termination of agreement.

If Contractor maintains higher limits than the minimums shown above, County shall be entitled to coverage for the higher limits maintained by Contractor.

All such insurance coverage, except professional liability insurance, shall be provided on an "occurrence" basis, rather than a "claims made" basis.

Endorsements: Additional Insureds

The Commercial General Liability and Automobile Liability policies shall include, or be endorsed to include "Tehama County, its elected officials, officers, employees and volunteers" as an additional insured.

The certificate holder shall be "County of Tehama."

Deductibles and Self-Insured Retentions

Any deductibles or self-insured retentions of $25,000 or more must be declared to, and approved by, the County. The deductible and/or self-insured retentions will not limit or apply to Contractor's liability to County and will be the sole responsibility of Contractor.

Primary Insurance Coverage

For any claims related to this project, Contractor's insurance coverage shall be primary insurance as respects the County, its officers, officials, employees and volunteers. Any insurance or self-insurance maintained by the County, its officers, officials, employees or volunteers shall be excess of Contractor's insurance and shall not contribute with it.

Coverage Cancellation

Each insurance policy required herein shall be endorsed to state that "coverage shall not be reduced or canceled without 30 days' prior written notice certain to the County."

Acceptability of Insurers

Contractor's insurance shall be placed with an insurance carrier holding a current A.M. Best & Company's rating of not less than A:VII unless otherwise acceptable to the County. The County

reserves the right to require rating verification. Contractor shall ensure that the insurance carrier shall be authorized to transact business in the State of California.

Subcontractors

Contractor shall require and verify that all subcontractors maintain insurance that meets all the requirements stated herein.

Material Breach

If for any reason, Contractor fails to maintain insurance coverage or to provide evidence of renewal, the same shall be deemed a material breach of contract. County, in its sole option, may terminate the contract and obtain damages from Contractor resulting from breach. Alternatively, County may purchase such required insurance coverage, and without further notice to Contractor, County may deduct from sums due to Contractor any premium costs advanced by County for such insurance.

Policy Obligations

Contractor's indemnity and other obligations shall not be limited by the foregoing insurance requirements.

Verification of Coverage

Contractor shall furnish County with original certificates and endorsements effecting coverage required herein. All certificates and endorsements shall be received and approved by the County prior to County signing the agreement and before work commences. However, failure to do so shall not operate as a waiver of these insurance requirements.

The County reserves the right to require complete, certified copies of all required insurance policies, including endorsements affecting the coverage required by these specifications at any time.

Red Bluff, California
MPE Project No. 06774-02

As requested by Mr. Jeff Smith of Lenders Construction Services, LLC, Mid Pacific Engineering, Inc. (MPE) will continue to provide on-call materials testing and special inspection services for the Tehama County Re-Entry Facility project located at 645 Madison Street in Red Bluff, California. Our office has provided services for this project from December 14, 2023 to the present date, as outlined in our original agreement addressed to Lenders Construction Services, LLC (MPE Project No. 06774-01, dated November 10, 2023). It is our understanding that all completed and remaining services performed from the time period of October 27, 2024, and continuing until the completion of the project will be provided based on this agreement and billed directly to the County of Tehama.

Billing for our work will be on a time and expense basis using the attached 2022 Prevailing Wage Schedule of Fees, with a not-to-exceed amount of **$50,000** without prior authorization. Please be aware that the construction schedule and the contractor's efficiency affects the number of site visits and cost required for our services. *We will bill only for work actually performed on your project.* We understand this project falls under California prevailing wage laws.

To assure that all parties fully understand the limitations of our role in your project, we emphasize that our representative will not act as supervisor of construction, nor will they direct construction operations. The various sub-contractors should be informed that neither the presence of our representative nor the testing by our firm shall excuse them for defects discovered in their work. Job and site safety of the contractor's personnel will be the sole responsibility of the contractor. Written reports of our findings and test results will be provided upon completion of each phase of work. Copies of daily field reports will be distributed to the site Superintendent upon request.

If this agreement and the attached *General Conditions for Construction Testing* along with our 2022 Prevailing Wage Schedule of Fees are acceptable, please sign and date this letter in the space provided below and return one copy to our office as our formal authorization to proceed.

We look forward to working with you on this project. If you have any questions regarding this agreement or require additional information, please feel free to contact us.

GEOTECHNICAL ENGINEERING | EARTHWORK TESTING | MATERIALS ENGINEERING AND TESTING | SPECIAL INSPECTIONS

GENERAL CONDITIONS

FOR

CONSTRUCTION TESTING SERVICES

WARRANTY OF AUTHORITY TO SIGN - The person signing the attached contract, or accepting the attached proposal, warrants he has authority as, or on behalf of, the Client or Owner for whom or for whose benefit Mid Pacific Engineering, Inc. (hereinafter referred to as "Consultant") would render service. If such a person does not have such authority, he agrees that he is personally liable for all breeches of the Agreement and that in any action against him for breach of such warranty, a reasonable attorney's fee shall be included in any judgment rendered.

LIMITATION OF LIABILITY - The Client agrees to limit the Consultant's liability to the client and all construction contractors and subcontractors on the project arising from the Consultant's services pursuant to this agreement, such that the total aggregate liability of the Consultant to all those named shall not exceed $50,000 or the Consultant's total fee for the services rendered on this project, whichever is greater. The Client further agrees to require of the contractor and his subcontractors an identical limitation of the Consultant's liability for damages suffered by the contractor or the subcontractor arising from the Consultant's professional acts, errors, or omissions. Neither the contractor nor any of his subcontractor's assume any liability for damages to others which may arise on account of the Consultant's professional acts, errors or omissions.

STANDARD OF CARE - Service performed by the Consultant under this Agreement will be conducted in a manner consistent with the level of care and skill ordinarily exercised by members of the profession currently practicing under similar conditions. No other warranty, express or implied, is made.

RESPONSIBILITY OF THE CONTRACTOR - Services provided by the Consultant under this Agreement should not be taken as a guarantee of construction nor does it relieve the contractor of his responsibility to produce a completed project conforming to the project plans and/or specifications. In all cases the contractor is responsible for site safety and the repairs of defects regardless of when they are found.

DISTRIBUTION OF REPORTS - Unless specifically requested by the Client, all reports prepared by the Consultant will be sent only to the Client. If reports or other test data prepared by the Consultant is to be forwarded to any other party (including regulatory agencies), the Client must specifically request this service in writing to the Consultant prior to the start of work.

INSURANCE - The Consultant represents and warrants that it and its agents, staff and consultants employed by it are protected by Workers' Compensation insurance and that the Consultant has such coverage under public liability and property damage insurance policies which the Consultant deems to be adequate. Certificates for all such policies of insurance may be provided to the Client upon request in writing. Within the limits and conditions of such insurance, the Consultant agrees to indemnify and save the client harmless from and against any loss, damage of liability arising from any negligent acts by the Consultant, its agents, staff, and consultants employed by it. The Consultant shall not be responsible for any loss, damage, or liability beyond the amounts, limits, and conditions of such insurance. The Consultant shall not be responsible for any loss, damage, or liability arising from any acts by the Client, it agents, staff, and other consultants employed by it.

SAMPLES - The Consultant will dispose of all soil, rock, concrete, steel, masonry, or other construction-related samples upon completion of testing. Further storage or transfer of samples can be made at Client's expense upon written request.

OWNERSHIP OF DOCUMENTS - All reports, field data, field notes, laboratory test data, calculations, estimates, and other documents prepared by the Consultant, as instruments of service, shall remain the property of the Consultant. Client agrees that all reports and other work furnished to the Client or his agents, which are not paid for, will be returned upon demand and will not be used by the Client for any purpose whatsoever.

TERMINATION - This agreement may be terminated by either party upon seven (7) days written notice in the event of substantial failure by the other party to perform in accordance with the terms hereof. Such termination shall not be effective if that substantial failure has been remedied before expiration of the period specified in the written notice. In the event of termination, Consultant shall be paid for services performed to the termination notice date plus reasonable termination expenses.

ASSIGNS - Neither the Client nor the Consultant may delegate, assign, sublet or transfer his duties or interest in the Agreement without written consent of the other party.

PAYMENT - The Consultant will submit monthly invoices to the Client and a final bill upon completion of services. Unless specified otherwise in the Agreement, payment is due upon presentation of invoice and is past due thirty (30) days from invoice date. Client agrees to pay a finance charge of one and one-half percent (1-1/2%) per month, or the maximum rate allowed by law, on past due accounts.

If fees are not paid in full for the labor, services, equipment or materials furnished or to be furnished, a mechanic's lien may be placed against the property. Such action may lead to the loss of all or part of Client's property being so improved.

MEDIATION - All claims, disputes and other matters in question between the parties to this agreement, arising out of or relating to this agreement or the breach thereof, shall be submitted to non-binding mediation under the auspices of a mediation service experienced in the handling of construction disputes prior to initiation of any lawsuit or other litigation unless the parties mutually agree otherwise. The cost of said Mediation shall be split equally between the parties. This agreement to mediate shall be specifically enforceable under the prevailing law of the jurisdiction in which this agreement was signed.

DISPUTES - In the event that a dispute should arise relating to the performance of the services to be provided under this agreement or for nonpayment of fees, and should that dispute result in litigation, it is agreed that the prevailing party shall be entitled to recover all reasonable costs incurred in the defense of the claim, including staff time, court costs, attorneys' fees, and other claim-related expenses.

Agenda Request Form

File #: 25-1986 **Agenda Date:** 11/18/2025 **Agenda #:** 16.

ADMINISTRATION

Requested Action(s)
a) AGREEMENT - Request approval and authorization for the Chair to sign the agreement with Adams Ashby Group, Inc. for the purposes of General Administration, Labor Compliance, and Environmental Review for the Corning Veterans Hall Remodel Project, Community Project Funding (CPF, B-23-CP-CA-0149), maximum compensation is not to exceed $123,000

Financial Impact:
Funding for this project comes from the Community Project Funding grant (CPF) awarded to the County for the Corning Veterans Hall Remodel Project. Funds are budgeted in ACO Account #1081-57515.

Background Information:
Adams Ashby Group is a consultant who will provide general administration services, labor compliance and environmental review for the Community Project Funding grant awarded through the California Department of Housing and Community Development (HCD) for the Corning Veteran's Hall Remodel Project. The consultant has extensive experience and knowledge in working with state awarded grants. This consultant has worked with the County on various grant related projects over the years. Without their services the County would not be able to meet the grant requirements and therefore would have to decline the awarded grant.

AGREEMENT BETWEEN THE COUNTY OF TEHAMA AND ADAMS ASHBY GROUP, INC.

This agreement is entered into between the County of Tehama ("County") and Adams Ashby Group, Inc. ("Contractor") for the purposes of Community Project Funding (B-23-CP-CA-0149, CPF) General Administration, Labor Compliance, and Environmental Review for the Corning Veterans Hall Remodel Project (Public Facility Project) grant funded through the California Department of Housing and Community Development (HCD).

1. RESPONSIBILITIES OF CONTRACTOR

During the term of this agreement, Contractor shall provide grant application and general administration services, as described in Exhibit B. Services shall be conducted at the direction of the County, and the Contractor will be paid according to Section 3 and 4 of this agreement. If the County should require that is not listed in Exhibit B, the County and Contractor shall mutually agree to a price for this service prior to it being performed.

2. RESPONSIBILITIES OF THE COUNTY

County shall compensate Contractor for said services pursuant to section 3 and 4 of this agreement. County shall supply to the Contractor existing data, maps, drawings, specifications, or other information that the Contractor will need to perform his duties.

3. COMPENSATION

Contractor shall be paid a flat fee of $45,000 invoiced over a 14-month period at $3,200 per month for General Administration; a flat fee of $63,000 invoiced over a 14-month period at $4,500 per month for Labor Compliance, and a flat fee of $15,000 for the Environmental Review. The Maximum Compensation (including expense reimbursement) payable under this Agreement shall not exceed $123,000. Contractor shall not be entitled to payment or reimbursement for any tasks or services performed except as specified herein. Contractor shall not be paid any compensation or reimbursement beyond the flat fee amount set forth above, and Contractor agrees that County has no obligation, whatsoever, to compensate or reimburse Contractor for any expenses, direct or indirect costs, expenditures, or charges of any nature by Contractor that exceed the flat fee amount set forth above. Should Contractor receive any such payment, it shall immediately notify County

and shall immediately repay all such funds to County. This provision shall survive the expiration or other termination of this agreement.

4. BILLING AND PAYMENT

On or before the 15th of each month, Contractor shall submit to County an itemized invoice for all services rendered, as well as expense reimbursement requested, during the preceding calendar month. County shall make payment of all undisputed amounts within 30 days of receipt of Contractor's invoice. County shall be obligated to pay only for services properly invoiced in accordance with this section.

5. TERM OF AGREEMENT

This agreement shall commence upon signing and shall terminate upon project completion, unless terminated in accordance with section 6 below.

6. TERMINATION OF AGREEMENT

If Contractor fails to perform his/her duties to the satisfaction of the County, or if Contractor fails to fulfill in a timely and professional manner his/her obligations under this agreement, or if Contractor violates any of the terms or provisions of this agreement, then the County shall have the right to terminate this agreement effective immediately upon the County giving written notice thereof to the Contractor. Either party may terminate this agreement on 30 days' written notice. County shall pay contractor for all work satisfactorily completed as of the date of notice. County may terminate this agreement immediately upon oral notice should funding cease or be materially decreased, or should the Tehama County Board of Supervisors fail to appropriate sufficient funds for this agreement in any fiscal year.

The County's right to terminate this agreement may be exercised by the Chief Administrator.

7. ENTIRE AGREEMENT; MODIFICATION

This agreement for the services specified herein supersedes all previous agreements for these services and constitutes the entire understanding between the parties hereto. Contractor shall be entitled to no other benefits other than those specified herein. No changes, amendments or alterations shall be effective unless in writing and signed by both parties. Contractor specifically

acknowledges that in entering into and executing this agreement, Contractor relies solely upon the provisions contained in this agreement and no other oral or written representation.

8. NONASSIGNMENT OF AGREEMENT

Inasmuch as this agreement is intended to secure the specialized services of Contractor, Contractor may not assign, transfer, delegate or sublet any interest herein without the prior written consent of the County.

9. EMPLOYMENT STATUS

Contractor shall, during the entire term of this agreement, be construed to be an independent contractor and nothing in this agreement is intended nor shall be construed to create an employer-employee relationship, a joint venture relationship, or to allow County to exercise discretion or control over the professional manner in which Contractor performs the services which are the subject matter of this agreement; provided always, however, that the services to be provided by Contractor shall be provided in a manner consistent with the professional standards applicable to such services. The sole interest of the County is to insure that the services shall be rendered and performed in a competent, efficient and satisfactory manner. Contractor shall be fully responsible for payment of all taxes due to the State of California or the Federal government, which would be withheld from compensation of Contractor, if Contractor were a County employee. County shall not be liable for deductions for any amount for any purpose from Contractor's compensation. Contractor shall not be eligible for coverage under County's Workers Compensation Insurance Plan nor shall Contractor be eligible for any other County benefit.

10. INDEMNIFICATION

Contractor shall defend, hold harmless, and indemnify Tehama County, its elected officials, officers, employees, agents, and volunteers against all claims, suits, actions, costs, expenses (including but not limited to reasonable attorney's fees of County), damages, judgments, or decrees by reason of any person's or persons' injury, including death, or property (including property of County) being damaged, arising out of contractor's performance of work hereunder or its failure to comply with any of its obligations contained in this agreement, whether by negligence or otherwise. Contractor shall, at its own expense, defend any suit or action founded upon a claim of the foregoing. Contractor shall also defend and indemnify County against any adverse determination made by the Internal Revenue Service or the State Franchise Tax Board and/or any

other taxing or regulatory agency against the County with respect to Contractor's "independent contractor" status that would establish a liability for failure to make social security or income tax withholding payments, or any other legally mandated payment.

11. INSURANCE

Contractor shall procure and maintain insurance pursuant to Exhibit A, "Insurance Requirements For Contractor," attached hereto and incorporated by reference.

12. PREVAILING WAGE

Contractor certifies that it is aware of the requirements of California Labor Code Sections 1720 et seq. and 1770 et seq., as well as California Code of Regulations, Title 8, Section 16000 et seq. ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on certain "public works" and "maintenance" projects. If the Services hereunder are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is $1,000 or more, Contractor agrees to fully comply with and to require its subcontractors to fully comply with such Prevailing Wage Laws, to the extent that such laws apply. If applicable, County will maintain the general prevailing rate of per diem wages and other information set forth in Labor Code section 1773 at its principal office, and will make this information available to any interested party upon request. Contractor shall defend, indemnify and hold the County, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties, or interest arising out of any failure or alleged failure of the Contractor or its subcontractors to comply with the Prevailing Wage Laws. Without limiting the generality of the foregoing, Contractor specifically acknowledges that County has not affirmatively represented to contractor in writing, in the call for bids, or otherwise, that the work to be covered by the bid or contract was not a "public work." To the fullest extent permitted by law, Contractor hereby specifically waives and agrees not to assert, in any manner, any past, present, or future claim for indemnification under Labor Code section 1781.

Contractor acknowledges the requirements of Labor Code sections 1725.5 and 1771.1 which provide that no contractor or subcontractor may be listed on a bid proposal or be awarded a contract for a public works project unless registered with the Department of Industrial Relations pursuant

to Labor Code section 1725.5, with exceptions from this requirement specified under Labor Code sections 1725.5(f), 1771.1(a) and 1771.1(n).

If the services are being performed as part of the applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, Contractor acknowledges that this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

13. NON-DISCRIMINATION

Contractor shall not employ discriminatory practices in the treatment of persons in relation to the circumstances provided for herein, including assignment of accommodations, employment of personnel, or in any other respect on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, age, or sexual orientation.

14. GREEN PROCUREMENT POLICY

Through Tehama County Resolution No. 2021-140, the County adopted the Recovered Organic Waste Product Procurement Policy (available upon request) to (1) protect and conserve natural resources, water and energy; (2) minimize the jurisdiction's contribution to pollution and solid waste disposal; (3) comply with state requirements as contained in 14 CCR Division 7, Chapter 12, Article 12 (SB 1383); (4) support recycling and waste reduction; and (5) promote the purchase of products made with recycled materials, in compliance with the California Integrated Waste Management Act of 1989 (AB 939) and SB1383 when product fitness and quality are equal and they are available at the same or lesser cost of non-recycled products. Contractor shall adhere to this policy as required therein and is otherwise encouraged to conform to this policy.

15. COMPLIANCE WITH LAWS AND REGULATIONS

All services to be performed by Contractor under to this Agreement shall be performed in accordance with all applicable federal, state, and local laws, ordinances, rules, and regulations. Any change in status, licensure, or ability to perform activities, as set forth herein, must be reported to the County immediately.

16. LAW AND VENUE

This agreement shall be deemed to be made in, and shall be governed by and construed in accordance with the laws of the State of California (excepting any conflict of laws provisions which would serve to defeat application of California substantive law). Venue for any action arising from this agreement shall be in Tehama County, California.

17. AUTHORITY

Each party executing this Agreement and each person executing this Agreement in any representative capacity, hereby fully and completely warrants to all other parties that he or she has full and complete authority to bind the person or entity on whose behalf the signing party is purposing to act.

18. NOTICES

Any notice required to be given pursuant to the terms and provisions of this agreement shall be in writing and shall be sent first class mail to the following addresses:

If to County:	County of Tehama 727 Oak Street Red Bluff, CA 96080 (530) 527-4655
If to Contractor:	Lorie Ann Adams, Principal Adams Ashby Group 1000 Lincoln Road H-212 Yuba City, CA 95991

Notice shall be deemed to be effective two days after mailing.

19. NON-EXCLUSIVE AGREEMENT

Contractor understands that this is not an exclusive agreement, and that County shall have the right to negotiate with and enter into agreements with others providing the same or similar services to those provided by Contractor, or to perform such services with County's own forces, as County desires.

20. RESOLUTION OF AMBIGUITIES

If an ambiguity exists in this Agreement, or in a specific provision hereof, neither the Agreement nor the provision shall be construed against the party who drafted the Agreement or provision.

21. NO THIRD PARTY BENEFICIARIES

Neither party intends that any person shall have a cause of action against either of them as a third party beneficiary under this Agreement. The parties expressly acknowledge that is not their intent to create any rights or obligations in any third person or entity under this Agreement. The parties agree that this Agreement does not create, by implication or otherwise, any specific, direct or indirect obligation, duty, promise, benefit and/or special right to any person, other than the parties hereto, their successors and permitted assigns, and legal or equitable rights, remedy, or claim under or in respect to this Agreement or provisions herein.

22. STANDARDS OF THE PROFESSION

Contractor agrees to perform its duties and responsibilities pursuant to the terms and conditions of this agreement in accordance with the standards of the profession for which Contractor has been properly licensed to practice.

23. LICENSING OR ACCREDITATION

Where applicable the Contractor shall maintain the appropriate license or accreditation through the life of this contract.

24. RESOLUTION OF AMBIGUITIES

If an ambiguity exists in this Agreement, or in a specific provision hereof, neither the Agreement nor the provision shall be construed against the party who drafted the Agreement or provision.

25. NO THIRD PARTY BENEFICIARIES

Neither party intends that any person shall have a cause of action against either of them as a third party beneficiary under this Agreement. The parties expressly acknowledge that is not their intent to create any rights or obligations in any third person or entity under this Agreement. The parties agree that this Agreement does not create, by implication or otherwise, any specific, direct or indirect obligation, duty, promise, benefit and/or special right to any person, other than the parties

hereto, their successors and permitted assigns, and legal or equitable rights, remedy, or claim under or in respect to this Agreement or provisions herein.

26. HAZARDOUS MATERIALS

Contractor shall provide to County all Safety Data Sheets covering all Hazardous Materials to be furnished, used, applied, or stored by Contractor, or any of its Subcontractors, in connection with the services on County property. Contractor shall provide County with copies of any such Safety Data Sheets prior to entry to County property or with a document certifying that no Hazardous Materials will be brought onto County property by Contractor, or any of its Subcontractors, during the performance of the services. County shall provide Safety Data Sheets for any Hazardous Materials that Contractor may be exposed to while on County property.

27. HARASSMENT

Contractor agrees to make itself aware of and comply with the County's Harassment Policy, TCPR §8102: Harassment, which is available upon request. The County will not tolerate or condone harassment, discrimination, retaliation, or any other abusive behavior. Violations of this policy may cause termination of this agreement.

28. COUNTERPARTS, ELECTRONIC SIGNATURES – BINDING

This agreement may be executed in any number of counterparts, each of which will be an original, but all of which together will constitute one instrument. Each Party of this agreement agrees to the use of electronic signatures, such as digital signatures that meet the requirements of the California Uniform Electronic Transactions Act ((“CUETA”) Cal. Civil Code §§ 1633.1 to 1633.17), for executing this agreement. The Parties further agree that the electronic signatures of the Parties included in this agreement are intended to authenticate this writing and to have the same force and effect as manual signatures. Electronic signature means an electronic sound, symbol, or process attached to or logically associated with an electronic record and executed or adopted by a person with the intent to sign the electronic record pursuant to the CUETA as amended from time to time. The CUETA authorizes use of an electronic signature for transactions and contracts among Parties in California, including a government agency. Digital signature means an electronic identifier, created by computer, intended by the party using it to have the same force and effect as the use of a manual signature, and shall be reasonably relied upon by the Parties. For purposes of

this section, a digital signature is a type of "electronic signature" as defined in subdivision (i) of Section 1633.2 of the Civil Code. Facsimile signatures or signatures transmitted via pdf document shall be treated as originals for all purposes.

IN WITNESS WHEREOF, County and Contractor have executed this agreement on the day and year set forth below.

Exhibit A

INSURANCE REQUIREMENTS FOR CONTRACTOR

Contractor shall procure and maintain, for the duration of the contract, insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work described herein and the results of that work by Contractor, his/her agents, representatives, employees or subcontractors. At a minimum, Contractor shall maintain the insurance coverage, limits of coverage and other insurance requirements as described below.

Commercial General Liability (including operations, products and completed operations)
$1,000,000 per occurrence for bodily injury, personal injury and property damage. If coverage is subject to an aggregate limit, that aggregate limit will be twice the occurrence limit, or the general aggregate limit shall apply separately to this project/location.

Automobile Liability
Automobile liability insurance is required with minimum limits of $1,000,000 per accident for bodily injury and property damage, including owned and non-owned and hired automobile coverage, as applicable to the scope of services defined under this agreement.

Workers' Compensation
If Contractor has employees, he/she shall obtain and maintain continuously Workers' Compensation insurance to cover Contractor and Contractor's employees and volunteers, as required by the State of California, as well as Employer's Liability insurance in the minimum amount of $1,000,000 per accident for bodily injury or disease.

Professional Liability (Contractor/Professional services standard agreement only)
If Contractor is a state-licensed architect, engineer, contractor, counselor, attorney, accountant, medical provider, and/or other professional licensed by the State of California to practice a profession, Contractor shall provide and maintain in full force and effect while providing services pursuant to this contract a professional liability policy (also known as Errors and Omissions or Malpractice liability insurance) with single limits of liability not less than $1,000,000 per claim and $2,000,000 aggregate on a claims made basis. However, if coverage

is written on a claims made basis, the policy shall be endorsed to provide coverage for at least three years from termination of agreement.

If Contractor maintains higher limits than the minimums shown above, County shall be entitled to coverage for the higher limits maintained by Contractor.

All such insurance coverage, except professional liability insurance, shall be provided on an "occurrence" basis, rather than a "claims made" basis.

Endorsements: Additional Insureds

The Commercial General Liability and Automobile Liability policies shall include, or be endorsed to include "Tehama County, its elected officials, officers, employees and volunteers" as an additional insured.

The certificate holder shall be "County of Tehama."

Deductibles and Self-Insured Retentions

Any deductibles or self-insured retentions of $25,000 or more must be declared to, and approved by, the County. The deductible and/or self-insured retentions will not limit or apply to Contractor's liability to County and will be the sole responsibility of Contractor.

Primary Insurance Coverage

For any claims related to this project, Contractor's insurance coverage shall be primary insurance as respects the County, its officers, officials, employees and volunteers. Any insurance or self-insurance maintained by the County, its officers, officials, employees or volunteers shall be excess of Contractor's insurance and shall not contribute with it.

Coverage Cancellation

Each insurance policy required herein shall be endorsed to state that "coverage shall not be reduced or canceled without 30 days' prior written notice certain to the County."

Acceptability of Insurers

Contractor's insurance shall be placed with an insurance carrier holding a current A.M. Best & Company's rating of not less than A:VII unless otherwise acceptable to the County. The County

reserves the right to require rating verification. Contractor shall ensure that the insurance carrier shall be authorized to transact business in the State of California.

Subcontractors

Contractor shall require and verify that all subcontractors maintain insurance that meets all the requirements stated herein.

Material Breach

If for any reason, Contractor fails to maintain insurance coverage or to provide evidence of renewal, the same shall be deemed a material breach of contract. County, in its sole option, may terminate the contract and obtain damages from Contractor resulting from breach. Alternatively, County may purchase such required insurance coverage, and without further notice to Contractor, County may deduct from sums due to Contractor any premium costs advanced by County for such insurance.

Policy Obligations

Contractor's indemnity and other obligations shall not be limited by the foregoing insurance requirements.

Verification of Coverage

Contractor shall furnish County with original certificates and endorsements effecting coverage required herein. All certificates and endorsements shall be received and approved by the County prior to County signing the agreement and before work commences. However, failure to do so shall not operate as a waiver of these insurance requirements.

The County reserves the right to require complete, certified copies of all required insurance policies, including endorsements affecting the coverage required by these specifications at any time.

Exhibit B

Scope of Work:

Grant Administration Services for HUD Community Project Funding (CPF) Grant
Prepared for Local Government

To provide comprehensive grant administration services to ensure compliance with all federal, state, and local requirements associated with the use of HUD CPF grant funds. This includes compliance with 24 CFR Part 570 (CDBG), Davis-Bacon labor standards, reporting through the Disaster Recovery Grant Reporting (DRGR) system, and other applicable HUD policies and procedures.

1. Grant Start-Up & File Establishment

- Review and interpret HUD grant agreement, CPF award conditions, and authorizing legislation.
- Develop a **compliance checklist and critical path timeline** for the project.
- Set up physical and digital grant files per HUD monitoring standards and 2 CFR 200 requirements.
- Coordinate with City/Agency staff to align procurement and implementation procedures.

2. Environmental Review Coordination

- Ensure compliance with **24 CFR Part 58** (NEPA), including the appropriate level of environmental review.
- Prepare and/or review environmental review records (ERRs).
- Facilitate public notices (e.g., NOI/RROF) and coordinate submission to HUD for clearance.
- Ensure that no funds are obligated or expended prior to environmental clearance.

3. Davis-Bacon and Labor Standards Compliance

- Determine applicability of Davis-Bacon and Related Acts (DBRA) and State prevailing wage (if dual applicability).
- Ensure bid documents and construction contracts include correct wage decisions and labor clauses.
- Conduct pre-construction conference with labor compliance briefing.

- Monitor certified payrolls, conduct wage interviews, and resolve discrepancies.
- Maintain labor standards files and submit required reports (e.g., Semi-Annual Labor Standards Report, Form HUD-4710).

4. Procurement & Contracting Oversight

- Ensure all procurement complies with **2 CFR Part 200.318–326**.
- Assist in development or review of bid documents, RFPs, and contract agreements to include federal provisions.
- Verify contractor eligibility via **SAM.gov debarment checks**.
- Maintain procurement documentation including cost/price analyses and bid tabulations.

5. DRGR System Compliance & Federal Reporting

- Establish project(s) and activities in **HUD's DRGR system**.
- Prepare Action Plan updates and budget allocations in DRGR.
- Track expenditures and submit **Quarterly Performance Reports (QPRs)** in DRGR.
- Prepare and submit **drawdown requests** through DRGR, ensuring alignment with allowable costs and supporting documentation.
- Maintain DRGR user permissions and coordinate with HUD Field Office as necessary.

6. Financial Management & Reimbursement

- Track project budget, obligations, and expenditures.
- Prepare Requests for Funds (RFF) with complete documentation and justification.
- Maintain segregation of duties and proper internal controls.
- Assist with reconciliation of grant expenditures and matching contributions, if applicable.
- Support single audit preparation if federal thresholds are met.

7. Civil Rights, Fair Housing, and Section 3

- Ensure compliance with **Title VI, Section 504, ADA, and the Fair Housing Act**.
- Maintain and post Equal Opportunity documentation and complaint procedures.

- Prepare and implement a **Section 3 Plan**, designate a Section 3 Coordinator, and document efforts.
- Track and report MBE/WBE and Section 3 participation, if applicable.

8. Monitoring & Closeout

- Assist with preparation for HUD or third-party monitoring visits, including file review and response to monitoring findings.
- Maintain checklist of required documentation for **closeout package**.
- Complete final reports and certifications required by HUD.
- Archive all records in compliance with HUD retention standards (5–7 years depending on activity type).

Deliverables

- Environmental Review Records (ERR)
- Davis-Bacon Compliance File (HUD-4010, 4710, wage interviews, payrolls)
- Quarterly DRGR Reports (QPRs)
- Request for Reimbursement (RFF) packages
- Monitoring Response Documentation
- Project Closeout Report

Agenda Request Form

File #: 25-1461 **Agenda Date:** 11/18/2025 **Agenda #:** 17.

PROBATION

Requested Action(s)
a) Request to declare twenty one (21) used Glock 23 Gen 3 and Gen 4 .40 caliber handguns; one (1) used Glock 22 Gen 3 .40 caliber handgun; one (1) used Glock 27 Gen 3 .40 caliber handgun, and associated accessories, as surplus County property, and authorize the Purchasing Agent to dispose of the handguns in the manner most advantageous to the County

Financial Impact:
There is no financial impact to the General Fund.

Background Information:
The Tehama County Probation Department previously transitioned from .40 caliber firearms to 9mm caliber firearms, purchasing new Smith & Wesson handguns to support this change. The Glock handguns have been out of service for several years. The Department intends to trade in the surplus Glock firearms through a licensed firearms dealer. Store credit from the trade-in will be used toward the acquisition of new, California-compliant rifles. The Department currently uses Ruger Mini-14 rifles manufactured in the 1980s, which were owned by the Tehama County Sheriff's Office. Replacing these with modern AR-15 rifles will enhance operational readiness and allow for magazine interchangeability with other County law enforcement agencies in the event of a mass shooting or other shooting incident.

TEHAMA COUNTY PROBATION DEPARTMENT

Chief Probation Officer, Pam Gonzalez

P.O. Box 99, Red Bluff, CA 96080

July 3, 2025

To Whom it May Concern:

The Tehama County Probation Department has a cache of used Glock handguns. The Department made the decision to change calibers of assigned firearms from .40 Caliber to 9mm Caliber. The Department purchased new Smith and Wesson firearms to facilitate this transition. As a result of this purchase, the Glock handguns have been out of service for several years.

The Tehama County Probation Department currently uses Ruger Mini-14 rifles for service rifles. These rifles are owned by the Tehama County Sheriff's Office and are firearms manufactured in the 1980's.

All firearm transactions must be completed by a firearms dealer and a Dealer Record of Sale must be completed for each firearm with a serial number. It is the wish of the Tehama County Probation Department to trade in the previously used Glock firearms and use store credit from that transaction to purchase new and modern California Compliant rifles.

Carrying a new modern rifle would allow the interchange of firearm magazines between all other Tehama County Law Enforcement agencies in the event of a mass shooting/school shooting event.

Please contact me if you have any further questions.

PROBATION

Requested Action(s)
a) TRANSFER OF FUNDS: PROBATION, B-17, from Salary & Wages (2037-51010) $5,000.00, to Extra Help (2037-561011) $5,000.00 **(Requires 4/5's vote)**

Financial Impact:
No financial impact to the General Fund, as monies will be transferred from one previously budgeted account to the other.

Background Information:
Effective 10/3/25, per Tehama County Personnel Action Form dated 9/15/25, the Probation Program Analyst FT employee has moved to an Extra Help status in order to assist the department with operational continuity and guidance while in transition during the recruitment period for the full-time position. This transfer will provide funds in the appropriate account within Budge Unit 2037 to pay for Extra Help hours worked.

Tehama County Auditor's Office

BUDGET APPROPRIATION TRANSFER REQUEST

Auditor Number B-17

DEPARTMENT NAME **Probation**

Date: **October 28, 2025**

Due to a budget deficiency, or unanticipated expense, I am requesting a transfer, or an additional appropriation as listed below.

Effective 10/4/25, the Probation Program Analyst FT employee has moved to an Extra Help employee.This change will allow for Probation Management and Fiscal Staff to consult with the EH employee to continue Fiscal practices without delay while the Probation Program Analyst FT position is in the process of recruitement. This transfer is necessary to pay the EH employee as there is currently no budget for 2037-51011.

PROBATION

Requested Action(s)
a) TRANSFER OF FUNDS: PROBATION; B-16 - from CalAIM (2036-4505724), to Contingency (2002-59000), $46,150.27; and From Contingency (2002-59000) to Professional/Special Services (2036-53230), $46,150.27 **(Requires a 4/5's vote)**

Financial Impact:
There is no financial impact on the General Fund. Probation will utilize CalAIM PATH 3 funds to issue payment to Health Management Associates, Inc. (HMA).

Background Information:
The California Advancing and Innovating Medi-Cal (CalAIM) Justice Involved Initiative (JII) supports incarcerated youth in preparing for successful reentry into their communities. To facilitate this effort, the Tehama County Probation Department has partnered with HMA, a state-approved contractor under the CalAIM initiative, to develop an implementation plan ensuring access to health care services for incarcerated youth. This plan has been submitted and approved by the State of California.

HMA has provided valuable consultation on multiple aspects of the initiative, including the development of Requests for Proposals (RFP) for Pharmacy Services and an Electronic Health Records (HER) system. Additionally, they have assisted in drafting job classifications for two new positions, essential to advancing the CalAIM initiative. Their expertise and support are helping the Juvenile Detention Facility move closer to meeting the State's CalAIM requirements.

CalAIM PATH 3 funds will pay invoices issued by HMA for services rendered to the Tehama County Probation Department.

CLERK OF THE BOARD

Requested Action(s)
a) RESOLUTION - Request adoption of the resolution approving the adoption of the Conflict of Interest Code for Sky View County Water District

Financial Impact:
There is no financial impact.

Background Information:
Section 81000 of the Political Reform Act requires each local government agency to adopt a Conflict-of-Interest Code. This code identifies which financial interests public officials, employees, and consultants must disclose on their Statement of Economic Interests (Form 700). The Tehama County Board of Supervisors serves as the code-reviewing body for the Sky View County Water District ("District"). The District must adopt its own Conflict-of-Interest Code, separate from that of the County of Tehama.

RESOLUTION NO. _____

A RESOLUTION OF THE BOARD OF SUPERVISORS APPROVING THE ADOPTION OF THE CONFLICT OF INTEREST CODE FOR THE SKY VIEW COUNTY WATER DISTRICT

WHEREAS the Political Reform Act of 1974 (Gov. Code Section 81000 et seq.) requires every local government agency to adopt a Conflict of Interest Code; and

WHEREAS the Tehama County Board of Supervisors is the code reviewing body for Sky View County Water District within Tehama County; and

WHEREAS the Sky View County Water District is required to adopt its own Conflict of Interest Code separate from the Conflict of Interest Code for the County of Tehama; and

WHEREAS the Sky View County Water District requested approval and adoption of their revised Conflict of Interest Code in order to comply with current law;

NOW, THEREFORE, BE IT RESOLVED that the Tehama County Board of Supervisors hereby approves the Conflict of Interest Code for the Sky View County Water District as attached hereto.

The foregoing resolution was offered on a motion by Supervisor _____, seconded by Supervisor _____, and carried by the following vote of the Tehama County Board of Supervisors:

AYES:

RESOLUTION NO. 25-002

RESOLUTION OF THE BOARD OF DIRECTORS OF THE SKY VIEW COUNTY WATER DISTRICT (SVCWD), COUNTY OF TEHAMA, STATE OF CALIFORNIA IN THE MATTER OF:

ADOPTION OF CONFLICT OF INTEREST CODE

At the October 15th special meeting of the Board of Directors of the Sky View County Water District (the 'District), it was motioned by Director Taylor and seconded by Director Dixon and duly carried that the following resolution be adopted.

WHEREAS, the Sky View County Water District is a duly established County Water District authorized pursuant to California Water Code Section 30320, to supply water to the community located in Tehama County known as the Sky View County Water District; and

WHEREAS, section 87300 of the California Government Code requires every public agency to adopt and promulgate a Conflict of Interest code; and

WHEREAS, amendments to the Political Reform Act, Government Code Sections 81000 have in the past and foreseeably will in the future require conforming amendments to be made in Conflict of Interest Codes adopted pursuant to its provisions; and

WHEREAS, the Fair Political Practices commission has adopted a regulation, 2 Cal. Code of Regs, Section 18730, which contains the terms of a standard model Conflict of Interest Code, which can be incorporated by reference, and which will be amended to conform to amendments in the Political Reform Act after public notice and hearings conducted by the Fair Political Practices Commission pursuant to the Administrative Procedure Act, Government Code Sections 11370; and

WHEREAS, 81 1990 Government Code Section 87306.5 was added to the Political Reform Act requiring every local agency which has adopted a Conflict of Interest Code to review its code every two years and updating if necessary; and

WHEREAS, The District reviewed its Conflict of Interest Code in compliance with the Political Reform Act at a special meeting held on October 15, 2025, by and through Resolution 25-002.

WHEREAS, section 82011 of the California Government Code requires that the reviewing body for agencies located entirely within the county shall be the County Board of Supervisors.

NOW, THEREFORE, BE IT RESOLVED and the Board of Directors of the Sky View County Water District hereby finds that:

1. The Conflict of Interest Code is adopted pursuant to the provisions and in accordance with the requirements of sections 87300 of the California Government Code.

2. After adoption of this Resolution the Secretary of the Board of Directors of Sky View County Water District shall forward a certified copy of this resolution with appendices to the Tehama County Board of Supervisors for review and approval and/or amendment.

The Foregoing resolution was introduced, passed and adopted by the Board of Directors at a special meeting held on the 15th day of October, 2025 by the following vote:
Ayes: 4
Noes: 0
Absent: 1
Abstention: 0

SIGNED:

X _____
Vic Ciardi, Board President
Sky View County Water District

ATTEST:

Kris M Gow
Secretary of the Board of Directors
Sky View County Water District

I, Kris M. Gow, Secretary of the Board of Directors of Sky View County Water District, do hereby Certify the foregoing Resolution was duly passed and adopted at a Special Meeting of the Board of Directors of Sky View County Water District on the 15th day of October, 2025

DATED: 10-15-2025

X Kris M Gow
Secretary of the Board of Directors

SKY VIEW COUNTY WATER DISTRICT
33731 Ponderosa Way
PAYNES CREEK, CA 96075-9716
(530) 597-2913 skyviewwaterdistrict@yahoo.com

CONFLICT OF INTEREST CODE FOR THE SKY VIEW COUNTY WATER DISTRICT

The Political Reform Act (Government Code Section 81000, et seq.) requires state and local government agencies to adopt and promulgate conflict of interest codes. The Fair Political Practices Commission has adopted a regulation (2 California Code of Regulations Sec 18730) that contains the terms of a standard conflict of interest code, which can be incorporated by reference in an agency's code. After public notice and hearing it may be amended by the Fair Political Practices Commission to conform to amendments in the Political Reform Act. Therefore, the terms of 2 California Code of Regulations Section 18730 and any amendments to it duly adopted by the Fair Political Practices Commission are hereby incorporated by reference. This regulation and the attached Appendix designating positions and establishing disclosure categories, shall constitute the conflict of interest code of the SKY VIEW COUNTY WATER DISTRICT.

Individuals holding designated positions, as shown in Appendix A, shall file their statements of economic interest annually with the SKY VIEW COUNTY WATER DISTRICT who will make the statements available for public inspection and reproduction.

(Gov. Code Section 81008). Statements for all designated positions will be retained by the SKY VIEW COUNTY WATER DISTRICT.

APPENDIX A

Designated Positions

Designated Positions	Disclosure Categories (Appendix B)
General Manager	1,2
Board of Directors	1,2
Consultants / New positions*	*

* The General Manager may determine in writing that a particular consultant or new position, although a "designated position," is hired to perform a range of duties that is limited in scope and thus is not required to fully comply with the disclosure requirements described in this section. Such written determination shall include a description of the consultant's duties and, based upon that description, a statement of the extent of disclosure requirements.

The determination is a public record and shall be retained for public inspection in the same manner and location as this Conflict of Interest Code.

Officials Who Manage Public Investments

It has been determined that the following positions manage public investments and will file a Statement of Economic Interest pursuant to Government code Section 87200 (Statutory Filers):

- Members of the Board of Directors

An individual holding one of the above listed positions may contact the Fair Political Practices Commission for assistance or written advice regarding their filing obligations if they believe that their position has been categorized incorrectly. The Fair Political Practices Commission makes the final determination whether a position is covered by Government Code Section 87200.

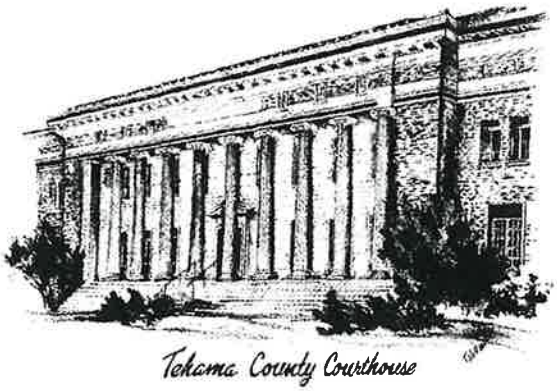
BOARD OF SUPERVISORS

Requested Action(s)
a) Request ratification for the Chair to sign the letter of support for the John C. Harris County Fair Racing Legacy, an initiative dedicated to bringing back horse racing to Northern California in 2026



Financial Impact:
There is no financial impact associated with this item.

Background Information:
On October 28,2025, District 2 Supervisor Tom Walker, requested to bring forward an item for the Board to consider approval of a letter of support for the John C. Harris County Fair Racing Legacy. Due to timing of the matter, it was necessary to issue the letter prior to its formal inclusion on the agenda.

The John C. Harris County Fair Racing Legacy is an initiative aimed at restoring horse racing to Northern California fairs beginning in 2026. Participating fairs include the Tehama District Fair, Alameda County Fair, Humboldt County Fair, Sonoma County Fair, and Big Fresno Fair**.** This initiative is designed to revitalize local fairgrounds by generating new revenue streams, creating employment opportunities, and strengthening the long-term sustainability of community fairs.

Subject: Support for the John C. Harris County Fair Racing Legacy

Dear Members of the California Horse Racing Board,

On behalf of the Tehama County Board of Supervisors, I am proud to express our strong support for the John C. Harris County Fair Racing Legacy, an initiative dedicated to bringing horse racing back to Northern California in 2026 at the Tehama District Fair, Alameda County Fair, Humboldt County Fair, Sonoma County Fair, and Big Fresno Fair.

Restoring horse racing to these Northern California fairgrounds will not only revive a beloved tradition but also deliver significant economic and community benefits. This initiative is projected to create over 900 jobs and generate millions of dollars in revenue, providing vital financial resources to sustain and strengthen our regional fair network.

As proud partners of the Tehama District Fair, we recognize that the fair's success directly contributes to the prosperity of our community. Increased revenue from horse racing will provide essential funding to maintain and enhance fairground facilities—ensuring they continue to serve as vital hubs for agricultural education, community enrichment, and emergency response support.

Our county fairgrounds have long stood as cornerstones of rural California life. The revenue and engagement generated through horse racing will ensure these facilities remain strong, vibrant, and available for future generations.

For these reasons, the Tehama County Board of Supervisors fully supports the John C. Harris County Fair Racing Legacy and respectfully urges the California Horse Racing Board to approve and advance this important initiative.

Thank you for your time and thoughtful consideration.

Sincerely,

Matt Hansen
Chair, Tehama County Board of Supervisors

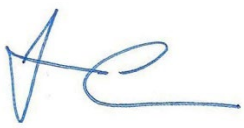
There is no financial impact.

Background Information:
Representatives are registered voters who reside and own property within the Resource Conservation District of Tehama County.

RESOURCE CONSERVATION DISTRICT OF TEHAMA COUNTY

November 5, 2025



Clerk of the Board of Supervisors
PO Box 250
Red Bluff CA 96080

Dear Clerk;

The Resource Conservation District of Tehama County (RCDTC) recommends that the Supervisors appoint Frank Dawley to our board of directors for a full 4-year term ending 11/30/2029 and re-appoint Michael Vasey and Tom Stroing to another term ending 11/30/2028. Also, please extend Tricia Parker-Hamelberg term to end 11/30/2029. Previously, her term would have ended in the middle of the year and we would like to have all of the term dates to end 11/30/xx.

Thanks!

Sincerely,

Jon Barrett
District Manager
Resource Conservation District of Tehama County

TEHAMA COUNTY AIR POLLUTION CONTROL DISTRICT

Requested Action(s)
a) AGREEMENT - Request approval and authorization for the Air Pollution Control Officer to sign the Woodsmoke Reduction Program Retailer Agreement with Top Hat Energy, Inc which allows them to participate in the Woodsmoke Reduction Program as a participating Retailer in amounts not to exceed the predesignated amount for each voucher issued, effective upon execution by both parties and to terminate on 6/30/26

Financial Impact:
There is no financial impact to the General Fund associated with this item.

Background Information:
The Wood Smoke Reduction Program (Program) is a statewide initiative that employs cap-and-trade funds to mitigate greenhouse gas emissions. This Program also offers the added benefits of reducing black carbon and fine particulate (PM2.5) emissions. Its goal is to assist households in replacing uncertified wood stoves or inserts, currently used as their primary heat source, with cleaner-burning, more efficient devices. Enhanced incentives are specifically available for disadvantaged communities, low-income communities, and low-income households. According to the California Air Resources Board Woodsmoke Reduction Program guidelines, the replacement device must be installed by a professional, appropriately licensed stove installer (Installer) and meet local fire and building codes. Installers interested in participating in this Program must agree to the Program's terms and conditions by signing an agreement with the District. The retailer agreement ensures that the retailers are eligible to participate, in order to participate in the Program, the Installer will be required to agree to the following: Abide by the terms and conditions of the Program; Unless verified by the District, verify that the old device and the replacement device qualify for the Program; Conduct professional installation of the qualified device in compliance with all applicable State, county, city, or tribal codes/ordinances; Provide residents with training on device operation and maintenance and, if applicable, for wood burning devices, best practices in wood storage and woodburning; and Render the old device inoperable and recycle it, if recycling is available in the area.

WOODSMOKE REDUCTION PROGRAM
ACKNOWLEDGEMENT OF TRAINING

The Program requires an educational component to ensure that the new home heating devices, particularly wood stoves, are properly operated and maintained to maximize energy efficiency and achieve the lowest possible emission rates. With proper burning techniques and properly seasoned wood, the amount of wood used could be significantly reduced. While a new wood stove typically pollutes less than an older one, user operation is important for achieving emission reductions. Districts are required to obtain verification of training.

Woodsmoke Reduction Program - Retailer Provisions

1. Inform the Customer about Program requirements and timelines.
2. Verify the old device is eligible for the Program.
3. Conduct an in—home estimate for the installation of a basic model that will be safe, clean-burning, and efficient, note upgrades above base estimates on the estimate, and provide to the customer. Eligible costs include:
    a. Cost of the new basic model device including sales tax.
    b. Installation of the new device including any parts, materials, or labor required for the safe and legal installation of the new device.
    c. Removal and disposal of the old stove or insert (if applicable). The old stove should still be operational prior to the in-home estimate (no retroactive projects allowed).
    d. If residence does not have a functional smoke and carbon monoxide detectors, the purchase and installation of new detectors.
    e. If the existing fireplace is structurally sound, the purchase and installation of a fireplace insert utilizing wood, pellets, natural gas, propane, or electricity. If fireplace lacks structural integrity, the purchase of a free-standing home heating device.
    f. Designer upgrades and work not necessary for the safe operation of the new device will not be considered.
4. Accept the voucher from the customer and apply the voucher value as a discount towards the purchase price of the device.
    a. Standard Vouchers are valued at $2,500 for new pellet, wood-burning, and electric stove devices or $5,000 for new electric heat pump installations .
    b. Enhanced Vouchers are valued up to $5,000 for new pellet, wood-burning, and electric stove devices or $10,000 for new electric heat pump installations.
5. Notify the District no later than the expiration date on the voucher once the customer has signed a contract or entered into a binding agreement to purchase a new appliance. Do not take a voucher from a customer if the customer does not sign a contract or enter into a binding agreement to purchase a new appliance.
6. Ensure that all new wood-burning devices are EPA-certified. After May 15, 2020, new EPA certified wood and pellet stoves / inserts must meet Step 2 standards with a 2.0 grams per hour emission rate. New non-catalytic wood stoves must be listed in Table 1 of the most current State Woodsmoke Reduction Program Guidelines.
7. Consider providing an additional discount at the time of sale to the purchase price of the EPA-certified device.
8. Complete and sign the Woodsmoke Reduction Program voucher provided by the customer for each replaced device (i.e. uncertified wood stove/insert). Make sure to include the manufacturer, model and serial number for each wood stove/insert removed or replaced and also for the new replacement device.
9. Remove the uncertified wood stove/insert from the residence and properly dispose of it by delivering it to a recycling facility. If present, make sure to remove the refractory material from the wood device before delivering it to the recycler. If the replacement device is an electric heat pump, the household may be allowed to retain the old wood burning device to serve as emergency heat in case of a power outage.
10. Complete and submit to the District a Recycler Certification form for each uncertified stove/insert. The Recycler Certification form must be signed indicating that the stove will be destroyed and recycled.
11. Provide information to homeowner or tenant on new device operation and maintenance, and proper wood burning practices. Please have the homeowner or tenant sign an Acknowledgement of Training form.

12. Submit to the District completed paperwork with an original invoice for reimbursement. Invoices submitted to the District without the required paperwork are not payable (No Exceptions). All paperwork must be submitted to the District within thirty (30) days of completing the installation of the device. The following paperwork must be submitted with invoice:
    a. Original Voucher completely filled out and signed with all required information showing that the work has been completed. Copies of the voucher will not be accepted.
    b. Copy of in-home estimate provided to homeowner.
    c. Copy of purchase invoice – The purchase invoice shall show the voucher, retailer, and manufacturer's discounts as line items. The purchase invoice must be signed by the customer and list the manufacturer and the type of device purchased.
    d. Voucher Tracking Form & Acknowledgement of Training Form.
    e. Building Permit and proof of final building permit inspection.
    f. Recycler Certification form, if replacing or removing a wood stove/insert.
    g. Two photos, one showing the replaced or removed device and one showing the installed device.
13. As a Participating Retailer, I understand that the District will not reimburse me for expired vouchers.
14. As a Participating Retailer, I understand that it is my responsibility to ensure that all installations are done in accordance with any applicable city, town or county codes and/ordinances including but not limited to, ensuring that all necessary building permits are obtained as required.
15. As a Participating Retailer, I understand that installers must be properly licensed with an active C-61 (D34 Prefabricated Equipment Contractor) license or C-20 license issued by the California Contractors State Licensing Board to install the new device. A B-license contractor is allowed to install listed heating equipment if the installation was part of a larger project that included at least two unrelated trades. Framing and carpentry does not count towards the count of unrelated trades. Without performing additional trades or holding additional license, a B-contractor would be required to subcontract with an individual holding a C-61/D34 or C-20 license. I also understand that Installers must have a minimum of three (3) years of experience installing home heating devices to manufacturer specifications.
16. As a Participating Retailer, I understand that the District assumes no responsibility or liability for the removal of appliances, the purchase and installation of replacement appliances or any other element of the replacement process. I agree to indemnify, defend, and hold harmless District and its employees, agents, and representatives against any and all liability, loss, and expense, including reasonable attorneys' fees, from any and all claims for injury or damages arising out of my performance under this Agreement, the removal of appliances, the purchase and installation of replacement appliances, and any other element of the replacement process.
17. As a Participating Retailer, I understand the insurance requirements necessary to participate in the Program. The insurance requirements are incorporated herein as an attachment to this Retailer Provisions document.
18. As a Participating Retailer, I agree to address and resolve unanticipated issues expeditiously with the District.
19. As a Participating Retailer, I understand that all installations must be completed no later than ninety (90) days after a voucher has been redeemed. If work cannot be completed due to unforeseen circumstances such as construction delays, I must obtain a written authorization from the District for an extension to complete the installation. Any vouchers submitted after this date for refunds without prior authorization from the District will not be accepted by the District.
20. As a Participating Retailer, I agree to provide the District, the California Air Pollution Control Officer's Association (CAPCOA), and the State of California access to my facility and records to inspect for compliance with program requirements, if requested. I understand that the District will provide not less than two (2) calendar days notice prior to this inspection.
21. As a Participating Retailer, I understand the following: This Program involves funding from the state and, as a consequence, retailers, installers, and any subcontractors shall comply with all applicable nondiscrimination statutes and regulations during the performance of this Program including but not limited

to the following: Retailers and their employees, representatives, and Subcontractors shall not unlawfully discriminate against any employee or applicant for employment because of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status; Retailers and Installers shall, unless exempt, comply with the applicable provisions of the Fair Employment and Housing Act (Government Code, Sections 12900 et seq.) and applicable regulations promulgated thereunder (California Code of Regulations, Title 2, Sections 7285.0 et seq.); and the applicable regulations of the Fair Employment and Housing Commission implementing Government Code, Section 12990, set forth in Chapter 5 of Division 4 of Title 2 of the California Code of Regulations incorporated into this Program by reference and made a part hereof as if set forth in full. Retailers, by signing the Retailer Agreement, provide written notice of their obligations under this clause as required by law.

22. As a Participating Retailer, I fully understand that I will be removed from the program for not complying with the conditions and requirements of this Agreement.

Woodsmoke Reduction Program – Insurance Requirements

1. General Provisions

a. Coverage Term: Installer/contractor insurance coverage shall be in force for the complete term of the project agreement. If insurance expires during the term of the project agreement, a new certificate must be received by the State at least ten (10) days prior to the expiration of this insurance. Any new insurance must still comply with the original terms of the project agreement

b. Policy Cancellation or Termination and Notice of Non-Renewal: Installer/contractor is responsible to notify the State within five (5) business days before the effective date of any cancellation, non-renewal, or material change that affects required insurance coverage. In the event installer/contractor fails to keep in effect at all times the specified insurance coverage, the State may, in addition to any other remedies it may have, terminate the project agreement upon the occurrence of such event, subject to the provisions of this Grant Agreement.

c. Deductible: Installer/contractor is responsible for any deductible or self-insured retention contained within their insurance program.

d. Primary Clause: Any required insurance contained in the project agreement shall be primary, and not excess or contributory to any other insurance carried by the State.

e. Insurance Carrier Required Rating: All insurance companies must carry a rating acceptable to the Office of Risk and Insurance Management. If the installer/contractor is self insured for a portion or all of its insurance, review of financial information including a letter of credit may be required.

f. Endorsements: Any required endorsement must be physically attached to all requested certificates of insurance and not substituted by referring to such coverage on the certificate of insurance.

g. Inadequate Insurance: Inadequate or lack of insurance does not negate the installer/contractor's obligations under the Agreement.

h. Satisfying an SIR: All insurance required by this Grant Agreement or the project agreements must allow the State to pay and/or act as the installer/contractor's agent in satisfying any self-insured retention (SIR). The choice to pay and/or act as the installer/contractor's agent in satisfying any SIR is at the State's discretion.

i. Available Coverages/Limits: All coverage and limits available to the installer/contractor shall also be available and applicable to the State.

j. Subcontractors/Manufacturers: In the case of installer/contractor's utilization of subcontractors/manufacturers to completed the contracted scope of work, installer/contractor shall include all subcontractors/manufacturers as insured under installer/contractor's insurance or supply evidence of insurance to the State equal to policies, coverages, and limits required of installer/contractor.

2. Commercial General Liability

Installer/contractor shall maintain general liability on an occurrence form with limits not less than $1,000,000 per and $2,000,000 aggregate for bodily injury and property damage liability. The policy shall include coverage for liabilities arising out of premises, operations, independent contractors, products, completed operations, personal and advertising injury, and liability assumed under an insured project agreement. This insurance shall apply separately to each insured against which claim is made, or suit is brought subject to the installer/contractor's limit of liability. The policy must name the State of California, its officers, agents, and employees as additional insured, but only with respect to work performed under the contract. If requested by individual Air Districts, the policy shall also name the District, its officers, agents, and employees as additional insured, but only with respect to work performed under the contract

3. Automobile Liability

Installer/contractor shall maintain motor vehicle liability with limits not less than $1,000,000 combined single limit per accident. Such insurance shall cover liability arising out of a motor vehicle including owned, hired and non-owned motor vehicles. The policy must name the State of California, its officers, agents, and employees as additional insured, but only with respect to work performed under the contract. If requested by individual Air Districts, the policy shall also name the District, its officers, agents, and employees as additional insured, but only with respect to work performed under the contract

In the event that the installer/contractor does not have any commercially owned motor vehicles, a no-owned autos waiver must be completed and retained in district files. A sample waiver form is available upon request.

4. Workers' Compensation and Employers' Liability

Installer/contractor must furnish to the State a certificate of insurance to remain in effect at all times during the term of this Agreement. Installer/contractor shall maintain statutory workers' compensation and employers' liability for all its employees who will be engaged in the performance of the Agreement. Employers' liability limits of $1,000,000 are required. A sample form is available upon request. The policy must include:

"When work is performed on State owned or controlled property the Workers' Compensation policy shall contain a waiver of subrogation in favor of the State. The waiver of subrogation endorsement shall be provided."

In the event that the installer/contractor does not have any employees, a worker's compensation statement of exemption form must be completed and submitted to the District.

Woodsmoke Reduction Program - Retailer Provisions

1. Inform the Customer about Program requirements and timelines.
2. Verify the old device is eligible for the Program.
3. Conduct an in—home estimate for the installation of a basic model that will be safe, clean-burning, and efficient, note upgrades above base estimates on the estimate, and provide to the customer. Eligible costs include:
    a. Cost of the new basic model device including sales tax.
    b. Installation of the new device including any parts, materials, or labor required for the safe and legal installation of the new device.
    c. Removal and disposal of the old stove or insert (if applicable). The old stove should still be operational prior to the in-home estimate (no retroactive projects allowed).
    d. If residence does not have a functional smoke and carbon monoxide detectors, the purchase and installation of new detectors.
    e. If the existing fireplace is structurally sound, the purchase and installation of a fireplace insert utilizing wood, pellets, natural gas, propane, or electricity. If fireplace lacks structural integrity, the purchase of a free-standing home heating device.
    f. Designer upgrades and work not necessary for the safe operation of the new device will not be considered.
4. Accept the voucher from the customer and apply the voucher value as a discount towards the purchase price of the device.
    a. Standard Vouchers are valued at $2,500 for new pellet, wood-burning, and electric stove devices or $5,000 for new electric heat pump installations .
    b. Enhanced Vouchers are valued up to $5,000 for new pellet, wood-burning, and electric stove devices or $10,000 for new electric heat pump installations.
5. Notify the District no later than the expiration date on the voucher once the customer has signed a contract or entered into a binding agreement to purchase a new appliance. Do not take a voucher from a customer if the customer does not sign a contract or enter into a binding agreement to purchase a new appliance.
6. Ensure that all new wood-burning devices be EPA-certified. After May 15, 2020, new EPA certified wood and pellet stoves / inserts must meet Step 2 standards with a 2.0 grams per hour emission rate. New non-catalytic wood stoves must be listed in Table 1 of the most current State Woodsmoke Reduction Program Guidelines.
7. Consider providing an additional discount at the time of sale to the purchase price of the EPA-certified device.
8. Complete and sign the Woodsmoke Reduction Program voucher provided by the customer for each replaced device (i.e. uncertified wood stove/insert). Make sure to include the manufacturer, model and serial number for each wood stove/insert removed or replaced and also for the new replacement device.
9. Remove the uncertified wood stove/insert from the residence and properly dispose of it by delivering it to a recycling facility. If present, make sure to remove the refractory material from the wood device before delivering it to the recycler. If the replacement device is an electric heat pump, the household may be allowed to retain the old wood burning device to serve as emergency heat in case of a power outage.
10. Complete and submit to the District a Recycler Certification form for each uncertified stove/insert. The Recycler Certification form must be signed indicating that the stove will be destroyed and recycled.
11. Provide information to homeowner or tenant on new device operation and maintenance, and proper wood burning practices. Please have the homeowner or tenant sign an Acknowledgement of Training form.
12. For heat pump projects only, the homeowner or tenant may retain the existing wood-burning device for use only during power outages. The homeowner or tenant must complete a Retention of Wood-Burning Device Certification.
13. Submit to the District completed paperwork with an original invoice for reimbursement. Invoices submitted to the District without the required paperwork are not payable (No Exceptions). All paperwork must be submitted to the District within thirty (30) days of completing the installation of the device. The following paperwork must be submitted with invoice:
    a. Original Voucher completely filled out and signed with all required information showing that the work has been completed. Copies of the voucher will not be accepted.
    b. Copy of in-home estimate provided to homeowner.
    c. Copy of purchase invoice – The purchase invoice shall show the voucher, retailer, and manufacturer's discounts as line items. The purchase invoice must be signed by the customer and list the manufacturer and the type of device purchased.
    d. Voucher Tracking Form & Acknowledgement of Training Form.
    e. Building Permit and proof of final building permit inspection.

WOODSMOKE REDUCTION PROGRAM
RETAILER AGREEMENT

Parties: This Retailer Agreement ("Agreement") is between Air Quality Management Districts and Air Pollution Control Districts as listed below ("DISTRICTS"), and

Top Hat Energy, Inc.

("Subrecipient"), effective as of the date of the District signature. below.

Subject Matter: The subject matter of this Agreement is the Woodsmoke Reduction Program. Detailed services to be provided by the Subrecipient pursuant to this Agreement are described in the Woodsmoke Reduction Program ("Program") Retailer Provisions ("Retailer Provisions"), attached hereto and incorporated herein by this reference.

Maximum Amount: In consideration of the services to be performed, DISTRICTS agree to pay Subrecipient a sum not to exceed the amount specified in the Retailer Provisions.

Agreement Term: The period of Subrecipient's performance begins upon date of execution, signified by the latest date of signature by DISTRICTS, and ends on June 30, 2026 or earlier if the parties agree that all project dollars have been spent, whichever occurs first.

Amendment: No changes, modifications, or amendments in the terms and conditions of this Agreement will be effective unless reduced to writing, numbered, and signed by the duly authorized representative of DISTRICTS and Subrecipient.

Termination: This Agreement may be terminated with at least 30 days advanced written notice to the other parties; provided however that individual DISTRICTS may separately terminate this Agreement within the jurisdiction of their District immediately for reasons stated in the Retailer Provisions.

Contact persons:

Subrecipient (Retailer) Name: Top Hat Energy Inc

TEHAMA COUNTY AIR POLLUTION CONTROL DISTRICT

Requested Action(s)
a) AGREEMENT - Request approval and authorization for the Air Pollution Control Officer to sign the Carl Moyer Off Road Equipment Replacement Program Agreement with N+S Tractor, effective upon execution by both parties and terminates on 12/31/27

Financial Impact:
There is no Financial Impact associated with this item.

Background Information:
For the District's Equipment Replacement Program for mobile and stationary agricultural engines, the District is requiring dealerships that want to participate in the program (i.e. sell equipment to potential grantees) to sign a dealership agreement. The purpose of this agreement is for the dealership to do initial verifications on whether equipment is eligible for replacement as well as verify that proposed replacement equipment is eligible for funding under the Carl Moyer and Farmer Programs.

TEHAMA COUNTY AIR POLLUTION CONTROL DISTRICT
OFF-ROAD EQUIPMENT REPLACEMENT PROGRAM

TEHAMA COUNTY AIR POLLUTION CONTROL DISTRICT

OFF-ROAD EQUIPMENT REPLACEMENT PROGRAM

The off-road Equipment Replacement Program reduces emissions by replacing old, high polluting equipment with newer, cleaner equipment earlier than would have been expected through normal wear and tear. Carl Moyer Program funds and Funding Agricultural Replacement Measures for Emission Reductions (FARMER) Program funds may be used to offset part of the cost of the replacement vehicle and the entire cost of verified diesel emission control system (RETROFIT) retrofits. The California Air Resources Board (CARB) established these programs in 2008 and 2018 because engine replacement may be impossible or not cost effective to the owner.

1. Projects Eligible for Funding

Eligible projects are those in which new equipment having the most recent model year California emission diesel engine, 25 horsepower or larger, replaces a Tier 0 (uncontrolled), Tier 1, Tier 2, or Tier 3 engine powering a fully functional piece of equipment. Large spark ignition (LSI) equipment is also eligible for funding.

The emission reductions from the project must not be required by any local, state, and/or federal rule, regulation, or other legally binding requirement. The following equipment replacement projects may be considered for funding:

- Stationary agricultural engines
- Off-road mobile agricultural equipment
- Other off-road compression ignition projects

Equipment purchased before a grant agreement for the project is fully executed is not eligible for funding.

Projects must meet a cost-effectiveness of $34,000 per weighted ton of air pollutants reduced. Pollutants included in the cost-effectiveness calculation are NOx (oxides of nitrogen), ROG (reactive organic gases) and diesel PM (particulate matter). PM is weighted by a factor of 20; (NOx + ROG + 20*PM). District staff will calculate cost effectiveness using the average of two recent years of documented equipment usage. Applicants that do not provide credible records to document the previous two years' amount of historical operation in Tehama County are not eligible for funding.

2. Maximum Eligible Funding Amounts

Grants are awarded to the most cost-effective projects. The maximum funding eligible for TCAPCD Off-Road Equipment Program projects for new or used equipment purchase ranges from 75 percent to 100 percent of project costs. A maximum of $55,000 in grant funding may be awarded per approved project, except for electric UTV projects which are capped at $13,500 per project. Only one equipment replacement project per applicant will be considered. However, if funding remains after all qualified projects have been funded, applicants may qualify for additional projects.

3. Equipment Requirements

Existing (Old) Equipment Requirements

1. The old equipment must have an uncontrolled (Tier 0), Tier 1, Tier 2, or Tier 3 engine.
2. The applicant must have owned the old equipment in California for the previous two years. The applicant must provide two of the following to document ownership of the equipment in California.
    a. Bill of sale for the existing engine (preferred)
    b. Tax depreciation logs
    c. Property tax records
    d. Equipment insurance records
    e. Bank appraisal for equipment
    f. Maintenance/service records
    g. General ledgers
    h. Fuel records specific to the existing equipment that identify the equipment owner
    i. Other documentation approved by CARB
3. The old equipment must be in operational condition and have an approved pre-inspection by District staff. The applicant must provide documentation to show that the equipment was operational for the previous year. The following types of documents are acceptable:
    a. Revenue and usage records that identify operational, standby, and down hours for the equipment
    b. Routine inspections which document the operating condition of the existing equipment (Occupational Safety and Health Administration or workplace required)
    c. Employee timesheets linked to specific equipment use
    d. Preventative maintenance/service records tied to specific hours of equipment use
    e. Repair work orders specific to the equipment
    f. Other documents approved by CARB
4. The replacement of two (or more) pieces of old, like equipment with one piece of replacement equipment is eligible for funding. Each piece of old and replacement equipment must comply with all the appropriate criteria. The replacement equipment must do the same job as the old pieces of equipment. For baseline cost-effectiveness calculation, the annual emissions of the two pieces of old equipment are summed. For the replacement equipment cost-effectiveness calculation, the usage of the two pieces of old equipment is summed for the replacement equipment usage.
5. The old equipment must be registered in the Diesel Off-road On-Line Reporting System

(DOORS) if it is subject to the Regulation for In-Use Off-Road Diesel-Fueled Fleets (Off-Road Regulation).

6. The old equipment must be scrapped/destroyed to permanently remove it from service. This ensures emissions reductions are real and prevents the existing equipment from being sold and put back into operation where emissions would continue to be emitted.

Replacement Equipment Requirements

1. The replacement equipment must have an engine meeting the most recent Model Year California emission standard. If a specific piece of equipment cannot be purchased with an engine meeting the most recent Model Year emission standard at the time the District obligates funds, then equipment with an engine meeting the previous Model Year emission standard may be purchased. Documentation from the equipment manufacturer that equipment with an engine meeting the current Model Year emission standard is unavailable must be provided to the District. Used equipment meeting the most recent Model Year California emission standard qualifies as new equipment if sold by a dealer with the required warranties and documentation of how the price was depreciated to account for the used condition and the number of hours of operation accumulated since new may also qualify.
2. Engines participating in the averaging, banking, and trading program that are certified to family emission limits higher than the applicable emission standards are ineligible to participate in the Carl Moyer Program.
3. Engines that are participating in the "Tier 4 Early Introduction Incentive for Engine Manufacturers" program, as detailed in Title 13, CCR, section 2423(b)(6), are ineligible for Carl Moyer Program funding.
4. The certification emission standard and/or Tier designation for the engine must be determined from CARB Executive Order issued for that engine which may be found at http://www.arb.ca.gov/msprog/offroad/cert/cert.php.
5. The replacement equipment must serve the same function and perform the same work equivalent as the old equipment (i.e., replacement of an agricultural tractor with another agricultural tractor). This requirement may be waived by the District with approval from CARB for instances where general purpose farming equipment changes commodities.
6. Only the minimum attachments normally sold with the original equipment, as determined by the District, are eligible for funding on the replacement equipment. Incentive funding can only be used to pay for items essential to the operation of the equipment.
7. The horsepower rating for the replacement equipment engine must not be greater than 125 percent of the original manufacturer rated horsepower (baseline horsepower) for the old equipment engine unless a higher horsepower rating is approved on a case-by-case basis by CARB.
8. Purchasers of new CI equipment must purchase a minimum of a one-year or 1600 hours power and drive train warranty for the replacement equipment. Purchasers of used, late model year equipment must purchase the remaining manufacturer warranty, if available, on the equipment. Warranty documentation must be provided to the District. Warranty costs are not eligible for funding. The district may waive this requirement if they have

provided CARB a satisfactory plan to ensure that funded equipment will be maintained and operated as if under warranty.

9. No funds will be issued for maintenance or repairs related to the operation of the equipment. The participant takes sole responsibility for ensuring that the equipment is in operational condition throughout the agreement period.
10. For CI equipment, a CARB verified diesel emission control system (or retrofit) is required on all replacement equipment if available. Retrofit projects that control particulate matter (PM) must use the highest level technically feasible technology available for the equipment being retrofitted.
11. If the applicant obtains financing to assist in the purchase of replacement equipment, full documentation of financing must be provided to the District. No more than the applicant's share of the cost of the equipment may be financed. The equipment shall not be used as collateral for the loan.
12. Future annual hours of equipment operation for determining emission reductions must be based only on readings from an installed and fully operational hour meter or fuel usage documentation specific for the new equipment. Documentation· must include fuel logs, purchase receipts, or ledger entries. If during the project life the hour meter fails for any reason, the hour meter must be repaired or replaced as soon as possible at the owner's expense.
13. A CARB Verified Diesel Emission Control System retrofit is required on all replacement equipment if available.
    a. Retrofit's that control PM must use the highest-level CARB-verified technology available at obligation of funds for the equipment being retrofitted.
    b. The retrofit must be installed prior to delivery of the replacement equipment to the Grantee and must stay in operation on the replacement equipment for the project life. The issuance of a two-party check made payable to both the retrofit supplier and the Grantee is authorized if both parties agree to such payment.
    c. The cost of the retrofit, filters, and maintenance of the retrofit needed during the project life is eligible for incentive funding, provided its inclusion in the project cost still meets the weighted cost-effectiveness limit.
    d. For the purpose of project selection based on cost-effectiveness, the District shall use a cost-effectiveness value that is calculated by excluding cost of the retrofit.

Existing Equipment Destruction Requirements

The TCAPD Off-Road Equipment Replacement Program requires the existing equipment to be scrapped to permanently removed it from service. The chassis and engine must be destroyed to permanently remove old equipment from service. The applicant/owner shall permanently destroy and render useless or cause to be destroyed permanently or rendered useless each engine and equipment chassis. Critical mating surfaces in the engine cylinder block and cooling or lubricant passages shall be breached, by burning, cutting, or breaking. The chassis shall be cut in such a manner as to make it permanently unusable and not repairable. The applicant/owner shall make each destroyed component available for District inspection in order for the District to certify such work has been properly done.

4. District Administrative Requirements

District staff will implement the Off-Road Equipment Replacement Program using the following administrative procedures:

1. The District's request for proposals (RFP) will solicit applications for off road equipment replacement projects along with the other Carl Moyer and/or FARMER Program categories listed in the District's policies and procedures manual. Each application will be evaluated and ranked in accordance with the District's policies and procedures. Off road equipment replacement project applications will compete for funding with all applications received before the RFP's application submittal deadline.
2. The District staff will work with equipment dealers and/or applicants to complete the standard "Off-Road Equipment Replacement Project Application" and may develop additional forms if necessary to collect all information, records, and price quotes necessary to evaluate the proposal and to populate the data fields in the CARB's CARL database. Additional forms will be submitted to CARB for approval before they are used.
3. The District staff will evaluate each proposal to verify the eligibility and cost-effectiveness in accordance with the CMP Guidelines. As part of the evaluation, staff will conduct a pre- inspection on the old equipment.
4. A Grant Agreement will be executed for each off-road equipment replacement project that competes successfully in the RFP process and is approved by the District Air Pollution Control Officer.
5. Upon delivery of the new equipment to the dealer, the District staff will conduct a post-inspection. The dealer shall not deliver the new equipment to the applicant until the post inspection is complete.
6. Payment may be approved after approved pre-inspection of the old equipment, approved post-inspection of the new equipment, approved salvage inspection and receipt of an approved invoice for the new equipment. All payments will be issued to the applicant.
7. Monitoring and enforcement of Grant Agreements is covered in Section 16 of the District's Policies and Procedures manual as follows:
    a. The district audits at least five percent of the projects that have more than a three-year project life and are within two years of contract expiration. In addition, district audits include all of the projects whose owners fail to report annually. The district audit should be conducted by the TCAPCD Moyer staff. The Moyer staff should contact the randomly selected grantees via mail for notification. The selected grantee shall contact the TCAPCD Moyer staff within 15 days of notification to schedule an audit.
    b. The audit includes verification that the engines and ·equipment paid for are still operational and meet the mileage, fuel usage, or hours of operation indicated on the executed contract. This is completed by checking the serial number of the engine; witnessing the engine operate; and checking the odometer, hour meter/usage device, fuel receipts, or electronic monitoring unit (EMU).
    c. The district also randomly audits at least five percent of the projects at the end of

the contract term. Included are projects whose owners failed to report annually and those projects that were found to be below the level of use during the audit two years prior to the end of the contract. The district audit should be conducted by the TCAPCD Moyer staff The Moyer staff should contact the randomly selected grantees via mail for notification. The selected grantee shall contact the TCAPCD Moyer staff within 15 days of the notification is dated to schedule an audit.

OFF-ROAD EQUIPMENT REPLACEMENT OR REPOWER ELECTRIFICATION APPLICATION

PLEASE COMPLETE ONE APPLICATION FOR EACH ENGINE OR PIECE OF EQUIPMENT. All information necessary for completing this application is available in the Carl Moyer Program Guidelines viewable at https://www.arb.ca.gov/msprog/moyer/guidelines/current.htm. Farmer Program Guidelines viewable at https://ww2.arb.ca.gov/our-work/programs/farmer-program. Please print clearly or type all information on this application.

Eligibility Criteria

To be eligible for funding, projects must meet the criteria described in the most current Carl Moyer/Farmer Program Guidelines and the most current Carl Moyer/Farmer Program Advisories. These criteria include but are not limited to the following:

- Emission reductions obtained through Carl Moyer Program/Farmer projects must not be required by any federal, state, or local regulation, memorandum of agreement/understanding with a regulatory agency, settlement agreement, mitigation requirement, or other legal mandate.
- Projects must meet a cost-effectiveness of $34,000.00 per weighed ton of NOx + ROG + twenty times combustion PM10 reduced, calculated in accordance with the cost-effectiveness methodology discussed in the Guidelines.
- No emission reductions generated by the Carl Moyer/Farmer Program shall be used as marketable emission reduction credits, or to offset any emission reduction obligation of any person or entity.
- No project funded by the Carl Moyer/Farmer Program shall be used for credit under any federal or state emission averaging banking and trading program.
- Funded projects must have at least 75 percent of their operations take place in California.
- All engines in new vehicle purchases and repower projects must be certified by the ARB for sale in California and must comply with durability and warranty requirements.

Funding Disclosure

Has the engine or vehicle in this application been awarded funding from another public agency or being considered for funding? ☐ Yes ☐ No

If “yes”, provide the following information:

Agency applied to _____
Date of application submittal _____
Funding amount requested _____
Baseline engine serial number _____
Status of application _____

Carl Moyer Off-Road Equipment Replacement Program Agreement

This agreement (Agreement) is between Tehama County Air Pollution Control District (District) and Mas Tractor (Dealership).

1.0 RECITALS

1.1 The entire District is classified as a state ozone nonattainment area due to the fact that the level of ozone in the ambient air exceeds the state health-based standards.

1.2 Ozone is formed by the interaction of Nitrogen Oxides (NOx) and other precursor pollutants in the atmosphere. The majority of NOx in the District is generated by vehicles, including off-road equipment. In order to bring the District into attainment with the state standards and keep the District in compliance with federal standards, we need to work together to reduce the levels of NOx emitted.

1.3 The California Air Resources Board (ARB) has developed several programs to help Air District's achieve the state standards and keep the District in compliance with federal ozone standards. One of these programs is the Off-Road Equipment Replacement Program (the Program).

1.4 The objective of the Program is to accelerate the retirement of older high polluting off-road equipment through financial incentives that will encourage the voluntary replacement of uncontrolled equipment with new equipment that uses low emission technology.

1.5 Under the Program, the District will provide financial incentives to equipment owners that agree to destroy their old equipment and then replace it with new, low emission equipment.

1.6 To ensure that actual reductions result from the Program, it is essential:

- That the old equipment is inspected to verify that it qualifies for the Program
- That the old equipment is destroyed properly to permanently eliminate its potential for emissions
- That a digital hour meter is installed in the new equipment to measure future actual hours of operation within the District, and
- That particulate emission control devices be installed if they are available, safe, and cost effective.

1.7 The Dealership is in the business of selling new or used off road equipment.

1.8 The Dealership has reviewed and is familiar with the District's Off-Road Equipment Replacement Program.

1.9 The Dealership understands that the purpose of the Program, and this Agreement, is to help the District achieve clean air standards as required by state and federal law.

1.10 The Dealership wishes to enter into this Agreement so that it will be eligible to market its equipment and services to program participants.

1.11 The District has not reviewed the Dealership's operations or reached any conclusion on the quality of the Dealership's operation. The District is permitting the Dealership to enter into this Agreement solely because the Dealership has represented to the District that it is aware of the Program goals and agrees to abide by the Program requirements. The Dealership shall not represent or imply, to any party, that the District has approved or endorsed the Dealership's operations.

2.0 **CONDITIONS:**

The parties agree that:

2.1 **DEFINITIONS:** As used in this Agreement, the following terms have the following meanings:

- **Program Participant**—the individual or business entity that is surrendering its off-road equipment and receiving funds to aid in the purchase of new off-road equipment.
- **Old or Existing Equipment**—the off-road equipment that the Program Participant surrenders for destruction.
- **Replacement Equipment**—the new equipment purchased by the Program Participant. Used equipment meeting the most recent Model Year CA emission standard qualifies as new equipment if sold by the dealer with the required warranties and documentation of how the price was depreciated to account for the used condition and the number of operating hours of accumulated use since new.

2.2 **PAYMENT:** The Dealership shall not be entitled to any compensation or reimbursement whatsoever from the District under this Agreement. The Dealership will not be paid or otherwise reimbursed directly by the District. Rather, the benefit received by the Dealership under this Agreement is the opportunity to participate in the Program, which carries the corresponding opportunity to profit through the sale of equipment to be purchased by Program Participants.

2.3 **DEALERSHIP QUALIFICATIONS:** Dealership warrants that it meets the following minimum qualifications for participation in the Program and will continue to meet these qualifications throughout its participation in the Program. During the term of this Agreement, Dealership may petition District's Air Pollution Control Officer to waive or modify any of these minimum qualifications.

- Owner holds a current and valid California business license for a minimum of two consecutive years prior to the date of this agreement.
- A minimum of one (1) employee has been trained by the District regarding the Program.
- Owner agrees to allow the District to inspect equipment covered under this agreement during normal business hours.

2.4 **DEALERSHIP REQUIREMENTS:** Unless otherwise indicated, the Dealership must meet each requirement before the District will be obligated to release the incentive funds to the Program Participant. The Dealership agrees to do the following:

1. Provide basic information to participants about the equipment replacement program. The District will provide training to dealership staff.
2. Help the participants correctly complete the application. It is important to make sure that all information is filled out correctly and that the participant understands the program and the meaning of the Grant Agreement. Information necessary for preliminary evaluation of the project includes, but is not limited to the following:
    - Description and specifications of the old equipment including year, model, horsepower rating, a list of included attachments and accessories, serial numbers of the equipment and engine, operating condition, and credible records of the previous two years of ownership and amount of usage in Tehama County.
    - Description and specifications of the proposed new equipment including year, model, horsepower rating, ARB engine Family Number and Executive Order

number, a list of included attachments and accessories, detailed price quote, warrantee information, and financing information—if financed.

- If a verified diesel emission control system (VDECS) is feasible, specifications of the VDECS to be installed on the equipment including make, model, a price quote that will be valid at the time the VDECS is installed, warrantee information, and identification of the installer. If a VDECS is not feasible, letter(s) from each VDECS manufacturer stating that a VDECS is not feasible for said equipment shall be submitted to the District.

3. The applicant/owner will schedule a time and place for the District to pre-inspect and to verify the identity, operation, and condition of the old equipment.
4. After the Grant Agreement is executed, and the Dealership is notified, the new equipment can be ordered. It will be delivered to the dealership and, if feasible, arrange for installation of the VDECS.
5. Before delivering the new equipment to the Grantee, the Dealership will schedule a time and place for the District to inspect and verify the identity, operation, and condition of the new equipment and VDECS, if installed. The Dealership may not deliver the equipment to the participant until the District inspects the new equipment and verifies that it is eligible for funding.
6. The Dealership shall submit copies of itemized invoices, warranty information, and financing information to the District, prior to the District issuing payment for the grant.
7. The Dealership will use only OEM certified parts for any repairs to any engine or equipment covered under the District Program.

2.5 **CANCELLATION:** The District may terminate this agreement if the Dealership fails to comply with its requirements. Any Dealership whose agreement was cancelled for cause and subsequently re-applies for a new agreement must include with the submittal a written description of the actions that will be taken to eliminate the cause of the termination of the previous agreement.

2.6 **AMENDMENTS:** No alteration or variation of the terms of this Agreement shall be valid unless made in writing and signed by all parties.

2.7 **TERM:** This Agreement shall begin upon execution by both parties and terminate on December 31, 2027.

2.8 This Agreement consists of:

- This Agreement
- Exhibit A, TCAPCD Off Road Equipment Replacement Program
- Exhibit B, CARB Standard "Off Road Equipment Replacement Application"

2.9 Correspondence between the District and the Dealership should be addressed to the following:

To District:	*To Dealership:* behrerman@nstractor.com

The address and/or contacts may be changed by written notice to the other party. Such written notice may be given by mail, email, or fax.

2.10 The undersigned representative of Dealership affirmatively states that he or she has legal authority to bind Dealership to the terms of this Agreement.

2.11 The Dealership shall, during the entire term of this agreement, be construed to be an independent contractor and nothing in this agreement is intended nor shall be construed to create an employer-employee relationship, a joint venture relationship, or to allow the District to exercise discretion or control over the professional manner in which Contractor performs the services which are the subject matter of this agreement; provided always, however, that the services to be provided by the Dealership shall be provided in a manner consistent with the professional standards applicable to such services. The sole interest of the District is to ensure that the services shall be rendered and performed in a competent, efficient and satisfactory manner.

2.12 The Dealership shall defend, hold harmless, and indemnify the Tehama County Air Pollution Control District, its elected officials, officers, employees, agents, and volunteers against all claims, suits, actions, costs, expenses (including but not limited to reasonable attorney's fees of District), damages, judgments, or decrees by reason of any person's or persons' injury, including death, or property (including property of District) being damaged, arising out of the Dealership's performance of work hereunder or its failure to comply with any of its obligations contained in this agreement, whether by negligence or otherwise. The Dealership shall, at its own expense, defend any suit or action founded upon a claim of the foregoing. The Dealership shall also defend and indemnify the District against any adverse determination made by the Internal Revenue Service or the State Franchise Tax Board and/or any other taxing or regulatory agency against the District with respect to the Dealership's "independent contractor" status that would establish a liability for failure to make social security or income tax withholding payments, or any other legally mandated payment.

2.13 All services to be performed by the Dealership pursuant to this Agreement shall be performed in accordance with all applicable federal, state, and local laws, rules, regulations, and ordinances. Any change in status, licensure, or ability to perform activities hereunder must be reported to the District immediately.

2.14 This agreement shall be deemed to be made in and shall be governed by and construed in accordance with the laws of the State of California (excepting any conflict of laws provisions which would serve to defeat application of California substantive law). The venue for any action arising from this agreement shall be in Tehama County, California.

TEHAMA COUNTY AIR POLLUTION CONTROL DISTRICT

Requested Action(s)
a) AGREEMENT - Request approval and authorization for the Air Pollution Control Officer to sign the AB923 Grant Agreement with Tehama County Department of Education to replace one school bus with a new lower emission school bus in the amount of $147,940, to begin upon execution by both parties and to terminate ten (10) years from the date of installation

Financial Impact:
The District has budgeted funding from the AB923 Grant Program for these types of projects.

Background Information:
The California Clean Air Act (Health and Safety Code sections 44220 et seq. and Vehicle Code section 9250.11) authorizes air districts to impose and collect motor vehicle registration fees to be used for eligible emission reduction projects under the Carl Moyer and Lower Emission School Bus Programs, as well as agricultural projects and accelerated vehicles retirement programs. The Tehama County Air Pollution Control District (“TCAPCD”) has imposed such California Clean Air Act Fees, the revenues from which may be used to fund emission reduction projects in Tehama County. The school’s replacement of one existing school bus with a new Model 1 CE bus equipped with a 240 -horsepower diesel-fired engine that will reduce the emissions of air contaminants in Tehama County thereby providing a public benefit to the residents of Tehama County and serving a public purpose of the Tehama County Air Pollution Control District

Agreement Number _____

TEHAMA COUNTY AIR POLLUTION CONTROL DISTRICT

TEHAMA COUNTY APCD AB923 GRANT PROGRAM

AGREEMENT

This Agreement (Agreement) is between the Tehama County Air Pollution Control District (District), a public agency of the State of California, and the Tehama County Department of Education (Participant) the original applicant to the AB923 Grant Program:

WHEREAS, the California Clean Air Act (Health and Safety Code sections 44220 et seq. and Vehicle Code section 9250.11) authorizes air districts to impose and collect motor vehicle registration fees to be used for eligible emission reduction projects under the Carl Moyer and Lower Emission School Bus Programs, as well as agricultural projects and accelerated vehicles retirement programs; and

WHEREAS, the Tehama County Air Pollution Control District ("TCAPCD") has imposed such California Clean Air Act Fees, the revenues from which may be used to fund emission reduction projects in Tehama County; and

WHEREAS, the School's replacement of one existing school bus with a new lower emission school bus will reduce the emissions of air contaminants in Tehama County thereby providing a public benefit to the residents of Tehama County and serving a public purpose of the Tehama County Air Pollution Control District; and

WHEREAS, the School hereby represents that it desires to accept such funding, that it is willing and able to perform the activities set forth herein, and that it will comply with all of the terms and conditions of this Agreement; and

WHEREAS, Participant represents that the purchase described herein is NOT required by any local, state, and/or federal rule or regulation. For public agencies, controlling board policy does NOT require the purchase; and

NOW THEREFORE, the parties agree as follows:

1. Participant agrees to accept in full satisfaction thereof, an amount up to $147,940.00 for the purchase of a new Model 1 CE School Bus, equipped with a 240-horsepower diesel-fired engine, subject to the terms of this Agreement.
2. This Agreement shall begin upon the execution of the Agreement by both parties and terminates ten (10) years from the date that the engine(s) or parts have been installed as confirmed by the District's post-inspection conducted in accordance with the Carl Moyer Air Quality Standards Attainment Program guidelines, rules, regulations, policies and procedures. The foregoing term of the Agreement shall be divided into two timelines. The "project completion" timeline shall begin upon the execution of the Agreement and shall terminate on the date that the engine(s) or parts have been installed as confirmed by the District's post-inspection. This timeline shall be completed no later than 180 days after execution of the Agreement unless extended by the Air Pollution

Control Officer. The "project implementation" timeline shall begin upon the date that the engine(s) or parts have been installed as confirmed by the District's post-inspection and shall terminate upon termination of this Agreement as set forth above.

3. All payments shall be made directly to the Participant. Payments shall be made only when Participant has previously paid for the purchase and the payment to Participant is a reimbursement. Participant also agrees that any work done prior to execution is at the Participants own cost and will not be reimbursed under this Agreement. Additionally, before any payment is made hereunder, an eligible invoice must be received by the District, and the District's post-inspection must be successfully completed to document the completion of the work specified in the invoice. The equipment/engines(s) must be operational before the payment is issued. Participant must submit an itemized invoice from the engine supplier (for repowers or retrofits) or paid invoices from the equipment owner (for new equipment) to receive final payment.

4. The Participant must submit copies of invoices that confirm installation of a digital odometer/hour meter. Each invoice must include an identification number, new engine and equipment serial numbers, odometer reading, and date service was provided. The Participant must also provide copies of any financing documents for the equipment described in Exhibit A.

5. The low-emission technology of the engine(s) shall be certified for sale or under experimental permit for operation in California and show at least a 30% reduction of NOx emissions compared to the applicable standard for that engine year and application in one of three ways:

   - California Air Resource Board (CARB) certification testing.
   - U.S. Environmental Protection Agency certification testing.
   - Emission testing at a laboratory approved by the U.S. Environmental Protection Agency, CARB, and or the District. The testing must be performed in a manner acceptable to the Air Pollution Control Officer.

6. Participant agrees that engine(s)/equipment covered under this Agreement meet all the eligibility requirements and shall be operated in a manner consistent with those eligibility requirements as described in the Carl Moyer Air Quality Standards Attainment Program guidelines, rules, regulations, policies and procedures.

7. Participant shall cooperate with the District and CARB in implementation, monitoring, enforcement, and other efforts to assure the emission benefits from the project are real, quantifiable, surplus, and enforceable.

8. _____ (Initial) The Participant agrees to the following motor vehicle title and or lien requirements:

   - If the vehicle type is issued a title by the Department of Motor Vehicles (DMV), the Participant will provide a copy of the replacement vehicle's title to the District. If the vehicle is not financed, the District shall be

named as a lien holder on the title of the vehicle. If the vehicle type is not issued a title by the DMV, a Uniform Commercial Code (UCC) filing will be required.

- The Participant must be the legal owner of the replacement vehicle described in Exhibit A through the length of this Agreement.
- If the replacement vehicle is financed, and the loan is repaid before the termination of this Agreement, the Participant must add the District as lien holder to the title and ensure that the District remains a lien holder on the replacement vehicle through the remainder of the Agreement's project implementation timeline.
- If the replacement vehicle is repossessed by the finance company, the Participant must reimburse the District in accordance with the reimbursement formula described in Exhibit A.
- If the equipment described in Exhibit A is repossessed by another lienholder, or otherwise levied upon, attached, seized, or removed from the Participant's possession through legal process, the Participant must reimburse the District in accordance with the Section 18 of this Agreement.

9. If either of the events listed in this paragraph occur, the Participant must notify the District within 30 days of the date Participant knows, or reasonably suspects, that the event has occurred or is likely to occur:

   - The Participant suffers a catastrophic financial loss that impairs the Participant's ability to perform the conditions of this Agreement; or
   - The Participant files for bankruptcy; or
   - Any other event has occurred or is likely to occur that could impair the Participant's ability to perform the conditions of this Agreement.

10. Participant shall complete and return all requested information and surveys sent from the Tehama County Air Pollution Control District, yearly, for at least ten (10) years from the commencement of operation. Noncompliance with the reporting requirements shall require on-site monitoring or inspection by the District. Participant shall also maintain records related to this project and retain those records for at least three years after expiration of the term of this Agreement or three years after final payment hereunder, whichever is later. The District, CARB, or their designee may conduct a fiscal audit of the project and/or otherwise examine Participant's records at any time.

11. The Participant shall keep the following records from the beginning of operation of the equipment described in Exhibit A:

    Miles and location(s) of operation and type of maintenance performed.

12. Participant shall maintain the equipment/engine(s) according to the manufacturer's specifications for the life of the project and shall not tamper with the equipment/engine(s) in any manner. Participant agrees to maintain a working engine hours meter and/or an approved usage-measuring device on all engines for the duration of the contract and allow the District access to the

meter. If the hours meter fails, Participant shall immediately notify the District, and remains responsible for validating any hours not recorded by the hour meter. Participant must either repair or replace the non-operating meter or provide other documentation of equipment operating hours acceptable to the District.

13. Participant agrees that the District, CARB, or their designee will have access to project site to perform necessary monitoring and enforcement during the term of this Agreement.

14. The District and CARB shall have the authority to fine Participant and/or seek any other remedies available under the law for noncompliance with Carl Moyer Program requirements or failure to fully perform under this Agreement.

15. Participant agrees that the replacement equipment/engine(s), authorized under this agreement by the Tehama County Air Pollution Control District Carl Moyer Program, will be operated and maintained at least 75% of the time within the boundaries of the State of California throughout the life of the contract.

16. Participant agrees that the original equipment/engine(s) to be replaced by this program is the same as the equipment/engine(s) stated in Participant's application and restated in "Exhibit A" hereto. Said equipment/engine(s) will be destroyed immediately or otherwise rendered unusable immediately after new equipment/engine installation. The District can personally observe the Participants destruction of the equipment/engine block or proof of destruction or usability shall be submitted to the Tehama County Air Pollution Control District office within 30 days of new equipment/engine installation. Equipment/engine destruction may include but is not limited to: salvage receipt (with serial number), putting a hole (at least three inches in diameter and irregular in shape) in the engine block AND oil pan (with accompanying photos with serial numbers visible in photo), welding the cylinder(s) to prevent re-use AND hole in the oil pan, or any other means acceptable to the Tehama County Air Pollution Control District. Participant shall defend, indemnify, and hold harmless District, its officers, agents, employees, and volunteers from any and all losses, costs, damages, fines, or expenses (including attorney fees, court costs, and expert fees) or liability of any kind or character to any person or property arising from, or alleged to arise from, any act or omission of Participant related to this Agreement, or which are related in any way to the engine(s) for which financial assistance or other incentives are received from the District by Participant.

17. _____ (Initial) Participant agrees that each engine will operate a minimum amount of usage as shown in Exhibit "A"- Performance Requirements during the term of this Agreement. Upon termination of this Agreement, if the engine fails to fulfill the minimum required operation, Participant shall return to the Tehama County Air Pollution Control District an amount based on the difference between the required operation amount and the actual amount operated, times the payback factor shown in Exhibit "A". The District reserves

the right, in its sole discretion, to extend the duration of the contract if the engine fails to fulfill the minimum required operation.

18. Participant acknowledges that receipt of this incentive prohibits application for any form of emission reduction credits for this project including: Emission Reduction Credit (ERC), Mobile Emission Reduction Credit (MERC) and/or Certificate of Advanced Placement (CAP), for all time, from Tehama County Air Pollution Control District or any other Air Quality Management or Air Pollution Control District.

19. _____ (Initial) Participant agrees, by signing this contract for this project, the owner (or designee) shall not submit another application or sign another contract for the same specific equipment/engine(s) with any other source of Carl Moyer funds, including but not limited to, other Districts or the Air Resources Board for a multi-District solicitation. Participant further certifies that Participant has not received any other incentive funding for the equipment/engine(s) covered under this Agreement. Any owner or owner's designee who is found to have submitted multiple applications or signed multiple contracts for the same equipment/engine(s) shall, at a minimum, be disqualified from funding for that equipment/engine(s) from all sources and may also be banned from submitting future applications to any and all Carl Moyer Program solicitations. In addition, the District or CARB may levy fines and/or pursue other civil or criminal remedies for such conduct.

20. Participant agrees that if funds are not available from CARB, or the Tehama County Air Pollution Control District Board of Directors otherwise declines to appropriate funding for this Agreement, the District shall have the right to cancel this Agreement immediately without cost or penalty to the District or CARB.

21. Participant agrees that the District shall have the right to cancel this contract or withhold payment for non-compliance if the Participant does not meet the obligations of the contract.

22. Participant agrees to be responsible for all applicable taxes on all equipment/engine(s) purchased.

23. Participant hereby asserts that the purchase of low NOx emission engine(s) is a completely voluntary act; and the District has made no representations or guarantees to the Participant regarding the quality, condition, or proposed use of the low NOx emission engine purchased by Participant.

24. This Agreement and any payments to Participant for compensation and expenses are subject to the provisions and limitations imposed by the California Health and Safety Code. District shall have no liability for payment of any compensation and expenses that are found to be in contravention to the California Health and Safety Code. Participant shall reimburse District for any compensation and expenses paid by District to Participant and later determined to be in contravention to the Health and Safety Code.

Agreement Number _____

25. The representative of Participant signing this Agreement on behalf of Participant (authorized signature) affirmatively states that he or she has legal authority to bind Participant to the terms of this Agreement.

26. Correspondence between the District and Participant should be addressed to the following:

To District	To Participant
Tehama County Air Pollution Control District Attn: Carl Moyer Program P.O. Box 1169 Red Bluff, CA 96080 Phone: (530) 527-3717	Veronica Coates Tehama County Department of Education 900 Palm St., Bldg. 7402 Red Bluff, CA 96080 Phone: (530) 527-8553

The address and/or contacts may be changed by written notice to the other party. Nothing shall preclude the giving of this information by personal service.

28. Participant shall maintain in force at all times during the term of this Agreement and extensions or modifications thereto, insurance in accordance with Exhibit "B". In the event Participant does not have the required certificate of insurance, or if the required insurance lapses, this Agreement shall be terminated immediately.

29. This agreement supersedes all previous agreements and constitutes the entire understanding of the parties hereto. No alteration or variation of the terms of this Agreement shall be valid unless made in writing and signed by both parties.

30. No performance to be rendered or payment due under this Agreement may be delegated or assigned.

31. This Agreement shall be deemed to be made in, and shall be governed by and construed in accordance with the laws of, the State of California (excepting any conflict of laws or provisions which would serve to defeat application of California substantive law). Venue for any action arising from this agreement shall be in Tehama County, California.

Agreement Number _____

EXHIBIT "B"

INSURANCE REQUIREMENTS

1. During the "project completion timeline," or for one year from the execution of this Agreement, whichever is longer, Participant shall, at its sole expense, obtain and maintain in full force and effect the type and limits of liability requirements as follows:

   COMMERCIAL/GENERAL LIABILITY: Bodily Injury and Property Damage for premises and operations; Personal Injury and Advertising for premises and operations; Independent Contractors (if any basis); Incidental Contracts; Contractual Liability; and Products and Completed Operations.

   "Claims made" policies are unacceptable.

   Minimum Limits: $1,000,000 combined single limit, on an occurrence policy form.

   WORKERS COMPENSATION: If Participant has employees, he/she shall obtain and maintain continuously workers' compensation insurance as required by California law to cover Participant and Participant's employees and partners.

2. Participant shall maintain in force at all times during the term of this Agreement property insurance in an amount of not less than the replacement value of the equipment/engine(s) subject to this Agreement, and covering all risks of loss, damage or destruction of such equipment/engine(s). The policy shall list the Tehama County Air Pollution Control District as loss payee.

3. With regard to all insurance provided as required hereunder:

   Notice of Cancellation: Each insurance policy shall be endorsed, and evidence of such endorsement shall be provided to the DISTRICT, that coverage not be suspended, voided, canceled, reduced in coverage or in limits, or material change in coverage, except after thirty (30) days prior written notice has been given to the DISTRICT. Ten (10) days prior written notice of cancellation for non-payment of Participant's insurance premium is permissible.

   Supplementary Payments: The above-stated limits of liability coverage for Commercial/ General Liability assumes that the standard "supplementary payments" clause will pay in addition to the applicable limits of liability and that these supplementary payments are not included as part of the insurance limits of liability. If any of the policies indicate that defense costs are included in the general aggregate limit, then the general aggregate limits must be a multiple of the per occurrence limits.

   Participant's Insurance Primary: The Participant's insurance coverage shall be primary insurance. Any insurance or self-insurance maintained by the DISTRICT,

its officials, trustees, agents, employees, or volunteers shall be excess to the Participants insurance and shall not contribute with it.

Acceptability of Insurer: Insurance is to be placed with admitted State of California insurers which have an A.M. Best's rating of no less than A:VII, or be an equivalent program of self-insurance.

Exceptions: Any exceptions to the above insurance requirements are subject to the concurrence of the DISTRICT.

4. Verification of Coverage:

Participant shall furnish the DISTRICT with insurance or self-insurance and/or original endorsement(s) and/or binder(s) affecting coverage required herein, as directed by the DISTRICT. The certificates, endorsements, and/or binders for each insurance policy are to be signed by a person authorized by the insurer to effect coverage on its behalf. The certificates, endorsements, and/or binders are to be received and approved by the DISTRICT before work commences. The DISTRICT reserves the right to require complete, certified copies of all required insurance policies, at any time. If Participant provides self-insurance, it shall, on intervals specified by the APCO, provide financial statements sufficiently detailed so as to allow the APCO to assess Participant's capability of providing such self-insurance. The APCO may reject self-insurance coverage where he finds that sufficient coverage will not be afforded to the DISTRICT.

TEHAMA COUNTY AIR POLLUTION CONTROL DISTRICT

Requested Action(s)
a) AGREEMENT - Request approval and authorization for the Air Pollution Control Officer to sign the AB923 Grant Agreement with Tehama County Department of Education to replace one school bus with a new lower emission school bus in the amount of $129,017, to begin upon execution by both parties and to terminate ten (10) years from the date of installation

Financial Impact:
The District has budgeted funding from the AB923 Grant Program for these types of projects.

Background Information:
The California Clean Air Act (Health and Safety Code sections 44220 et seq. and Vehicle Code section 9250.11) authorizes air districts to impose and collect motor vehicle registration fees to be used for eligible emission reduction projects under the Carl Moyer and Lower Emission School Bus Programs, as well as agricultural projects and accelerated vehicles retirement programs. The Tehama County Air Pollution Control District (“TCAPCD”) has imposed such California Clean Air Act Fees, the revenues from which may be used to fund emission reduction projects in Tehama County. The school’s replacement of one existing school bus with a new Model 1CE school bus equipped with a 240-horsepower diesel-fired engine that will reduce the emissions of air contaminants in Tehama County thereby providing a public benefit to the residents of Tehama County and serving a public purpose of the Tehama County Air Pollution Control District

Agreement Number _____

TEHAMA COUNTY AIR POLLUTION CONTROL DISTRICT

TEHAMA COUNTY APCD AB923 GRANT PROGRAM

AGREEMENT

This Agreement (Agreement) is between the Tehama County Air Pollution Control District (District), a public agency of the State of California, and the Tehama County Department of Education (Participant) the original applicant to the AB923 Grant Program:

WHEREAS, the California Clean Air Act (Health and Safety Code sections 44220 et seq. and Vehicle Code section 9250.11) authorizes air districts to impose and collect motor vehicle registration fees to be used for eligible emission reduction projects under the Carl Moyer and Lower Emission School Bus Programs, as well as agricultural projects and accelerated vehicles retirement programs; and

WHEREAS, the Tehama County Air Pollution Control District ("TCAPCD") has imposed such California Clean Air Act Fees, the revenues from which may be used to fund emission reduction projects in Tehama County; and

WHEREAS, the School's replacement of one existing school bus with a new lower emission school bus will reduce the emissions of air contaminants in Tehama County thereby providing a public benefit to the residents of Tehama County and serving a public purpose of the Tehama County Air Pollution Control District; and

WHEREAS, the School hereby represents that it desires to accept such funding, that it is willing and able to perform the activities set forth herein, and that it will comply with all of the terms and conditions of this Agreement; and

WHEREAS, Participant represents that the purchase described herein is NOT required by any local, state, and/or federal rule or regulation. For public agencies, controlling board policy does NOT require the purchase; and

NOW THEREFORE, the parties agree as follows:

1. Participant agrees to accept in full satisfaction thereof, an amount up to $129,017.00 for the purchase of a new Model 1 CE School Bus, equipped with a 240-horsepower diesel-fired engine, subject to the terms of this Agreement.
2. This Agreement shall begin upon the execution of the Agreement by both parties and terminates ten (10) years from the date that the engine(s) or parts have been installed as confirmed by the District's post-inspection conducted in accordance with the Carl Moyer Air Quality Standards Attainment Program guidelines, rules, regulations, policies and procedures. The foregoing term of the Agreement shall be divided into two timelines. The "project completion" timeline shall begin upon the execution of the Agreement and shall terminate on the date that the engine(s) or parts have been installed as confirmed by the District's post-inspection. This timeline shall be completed no later than 180 days after execution of the Agreement unless extended by the Air Pollution

Control Officer. The "project implementation" timeline shall begin upon the date that the engine(s) or parts have been installed as confirmed by the District's post-inspection and shall terminate upon termination of this Agreement as set forth above.

3. All payments shall be made directly to the Participant. Payments shall be made only when Participant has previously paid for the purchase and the payment to Participant is a reimbursement. Participant also agrees that any work done prior to execution is at the Participants own cost and will not be reimbursed under this Agreement. Additionally, before any payment is made hereunder, an eligible invoice must be received by the District, and the District's post-inspection must be successfully completed to document the completion of the work specified in the invoice. The equipment/engines(s) must be operational before the payment is issued. Participant must submit an itemized invoice from the engine supplier (for repowers or retrofits) or paid invoices from the equipment owner (for new equipment) to receive final payment.

4. The Participant must submit copies of invoices that confirm installation of a digital odometer/hour meter. Each invoice must include an identification number, new engine and equipment serial numbers, odometer reading, and date service was provided. The Participant must also provide copies of any financing documents for the equipment described in Exhibit A.

5. The low-emission technology of the engine(s) shall be certified for sale or under experimental permit for operation in California and show at least a 30% reduction of NOx emissions compared to the applicable standard for that engine year and application in one of three ways:

   - California Air Resource Board (CARB) certification testing.
   - U.S. Environmental Protection Agency certification testing.
   - Emission testing at a laboratory approved by the U.S. Environmental Protection Agency, CARB, and or the District. The testing must be performed in a manner acceptable to the Air Pollution Control Officer.

6. Participant agrees that engine(s)/equipment covered under this Agreement meet all the eligibility requirements and shall be operated in a manner consistent with those eligibility requirements as described in the Carl Moyer Air Quality Standards Attainment Program guidelines, rules, regulations, policies and procedures.

7. Participant shall cooperate with the District and CARB in implementation, monitoring, enforcement, and other efforts to assure the emission benefits from the project are real, quantifiable, surplus, and enforceable.

8. VC (Initial) The Participant agrees to the following motor vehicle title and or lien requirements:

   - If the vehicle type is issued a title by the Department of Motor Vehicles (DMV), the Participant will provide a copy of the replacement vehicle's title to the District. If the vehicle is not financed, the District shall be

named as a lien holder on the title of the vehicle. If the vehicle type is not issued a title by the DMV, a Uniform Commercial Code (UCC) filing will be required.

- The Participant must be the legal owner of the replacement vehicle described in Exhibit A through the length of this Agreement.
- If the replacement vehicle is financed, and the loan is repaid before the termination of this Agreement, the Participant must add the District as lien holder to the title and ensure that the District remains a lien holder on the replacement vehicle through the remainder of the Agreement's project implementation timeline.
- If the replacement vehicle is repossessed by the finance company, the Participant must reimburse the District in accordance with the reimbursement formula described in Exhibit A.
- If the equipment described in Exhibit A is repossessed by another lienholder, or otherwise levied upon, attached, seized, or removed from the Participant's possession through legal process, the Participant must reimburse the District in accordance with the Section 18 of this Agreement.

9. If either of the events listed in this paragraph occur, the Participant must notify the District within 30 days of the date Participant knows, or reasonably suspects, that the event has occurred or is likely to occur:

   - The Participant suffers a catastrophic financial loss that impairs the Participant's ability to perform the conditions of this Agreement; or
   - The Participant files for bankruptcy; or
   - Any other event has occurred or is likely to occur that could impair the Participant's ability to perform the conditions of this Agreement.

10. Participant shall complete and return all requested information and surveys sent from the Tehama County Air Pollution Control District, yearly, for at least ten (10) years from the commencement of operation. Noncompliance with the reporting requirements shall require on-site monitoring or inspection by the District. Participant shall also maintain records related to this project and retain those records for at least three years after expiration of the term of this Agreement or three years after final payment hereunder, whichever is later. The District, CARB, or their designee may conduct a fiscal audit of the project and/or otherwise examine Participant's records at any time.

11. The Participant shall keep the following records from the beginning of operation of the equipment described in Exhibit A:

    Miles and location(s) of operation and type of maintenance performed.

12. Participant shall maintain the equipment/engine(s) according to the manufacturer's specifications for the life of the project and shall not tamper with the equipment/engine(s) in any manner. Participant agrees to maintain a working engine hours meter and/or an approved usage-measuring device on all engines for the duration of the contract and allow the District access to the

meter. If the hours meter fails, Participant shall immediately notify the District, and remains responsible for validating any hours not recorded by the hour meter. Participant must either repair or replace the non-operating meter or provide other documentation of equipment operating hours acceptable to the District.

13. Participant agrees that the District, CARB, or their designee will have access to project site to perform necessary monitoring and enforcement during the term of this Agreement.

14. The District and CARB shall have the authority to fine Participant and/or seek any other remedies available under the law for noncompliance with Carl Moyer Program requirements or failure to fully perform under this Agreement.

15. Participant agrees that the replacement equipment/engine(s), authorized under this agreement by the Tehama County Air Pollution Control District Carl Moyer Program, will be operated and maintained at least 75% of the time within the boundaries of the State of California throughout the life of the contract.

16. Participant agrees that the original equipment/engine(s) to be replaced by this program is the same as the equipment/engine(s) stated in Participant's application and restated in "Exhibit A" hereto. Said equipment/engine(s) will be destroyed immediately or otherwise rendered unusable immediately after new equipment/engine installation. The District can personally observe the Participants destruction of the equipment/engine block or proof of destruction or usability shall be submitted to the Tehama County Air Pollution Control District office within 30 days of new equipment/engine installation. Equipment/engine destruction may include but is not limited to: salvage receipt (with serial number), putting a hole (at least three inches in diameter and irregular in shape) in the engine block AND oil pan (with accompanying photos with serial numbers visible in photo), welding the cylinder(s) to prevent re-use AND hole in the oil pan, or any other means acceptable to the Tehama County Air Pollution Control District. Participant shall defend, indemnify, and hold harmless District, its officers, agents, employees, and volunteers from any and all losses, costs, damages, fines, or expenses (including attorney fees, court costs, and expert fees) or liability of any kind or character to any person or property arising from, or alleged to arise from, any act or omission of Participant related to this Agreement, or which are related in any way to the engine(s) for which financial assistance or other incentives are received from the District by Participant.

17. VC (Initial) Participant agrees that each engine will operate a minimum amount of usage as shown in Exhibit "A"- Performance Requirements during the term of this Agreement. Upon termination of this Agreement, if the engine fails to fulfill the minimum required operation, Participant shall return to the Tehama County Air Pollution Control District an amount based on the difference between the required operation amount and the actual amount operated, times the payback factor shown in Exhibit "A". The District reserves

the right, in its sole discretion, to extend the duration of the contract if the engine fails to fulfill the minimum required operation.

18. Participant acknowledges that receipt of this incentive prohibits application for any form of emission reduction credits for this project including: Emission Reduction Credit (ERC), Mobile Emission Reduction Credit (MERC) and/or Certificate of Advanced Placement (CAP), for all time, from Tehama County Air Pollution Control District or any other Air Quality Management or Air Pollution Control District.

19. VC (Initial) Participant agrees, by signing this contract for this project, the owner (or designee) shall not submit another application or sign another contract for the same specific equipment/engine(s) with any other source of Carl Moyer funds, including but not limited to, other Districts or the Air Resources Board for a multi-District solicitation. Participant further certifies that Participant has not received any other incentive funding for the equipment/engine(s) covered under this Agreement. Any owner or owner's designee who is found to have submitted multiple applications or signed multiple contracts for the same equipment/engine(s) shall, at a minimum, be disqualified from funding for that equipment/engine(s) from all sources and may also be banned from submitting future applications to any and all Carl Moyer Program solicitations. In addition, the District or CARB may levy fines and/or pursue other civil or criminal remedies for such conduct.

20. Participant agrees that if funds are not available from CARB, or the Tehama County Air Pollution Control District Board of Directors otherwise declines to appropriate funding for this Agreement, the District shall have the right to cancel this Agreement immediately without cost or penalty to the District or CARB.

21. Participant agrees that the District shall have the right to cancel this contract or withhold payment for non-compliance if the Participant does not meet the obligations of the contract.

22. Participant agrees to be responsible for all applicable taxes on all equipment/engine(s) purchased.

23. Participant hereby asserts that the purchase of low NOx emission engine(s) is a completely voluntary act; and the District has made no representations or guarantees to the Participant regarding the quality, condition, or proposed use of the low NOx emission engine purchased by Participant.

24. This Agreement and any payments to Participant for compensation and expenses are subject to the provisions and limitations imposed by the California Health and Safety Code. District shall have no liability for payment of any compensation and expenses that are found to be in contravention to the California Health and Safety Code. Participant shall reimburse District for any compensation and expenses paid by District to Participant and later determined to be in contravention to the Health and Safety Code.

Agreement Number _____

25. The representative of Participant signing this Agreement on behalf of Participant (authorized signature) affirmatively states that he or she has legal authority to bind Participant to the terms of this Agreement.

26. Correspondence between the District and Participant should be addressed to the following:

To District	To Participant
Tehama County Air Pollution Control District Attn: Carl Moyer Program P.O. Box 1169 Red Bluff, CA 96080 Phone: (530) 527-3717	Veronica Coates Tehama County Department of Education 900 Palm St., Bldg. 7402 Red Bluff, CA 96080 Phone: (530) 527-8553

The address and/or contacts may be changed by written notice to the other party. Nothing shall preclude the giving of this information by personal service.

28. Participant shall maintain in force at all times during the term of this Agreement and extensions or modifications thereto, insurance in accordance with Exhibit "B". In the event Participant does not have the required certificate of insurance, or if the required insurance lapses, this Agreement shall be terminated immediately.

29. This agreement supersedes all previous agreements and constitutes the entire understanding of the parties hereto. No alteration or variation of the terms of this Agreement shall be valid unless made in writing and signed by both parties.

30. No performance to be rendered or payment due under this Agreement may be delegated or assigned.

31. This Agreement shall be deemed to be made in, and shall be governed by and construed in accordance with the laws of, the State of California (excepting any conflict of laws or provisions which would serve to defeat application of California substantive law). Venue for any action arising from this agreement shall be in Tehama County, California.

EXHIBIT "B"

INSURANCE REQUIREMENTS

1. During the "project completion timeline," or for one year from the execution of this Agreement, whichever is longer, Participant shall, at its sole expense, obtain and maintain in full force and effect the type and limits of liability requirements as follows:

   COMMERCIAL/GENERAL LIABILITY: Bodily Injury and Property Damage for premises and operations; Personal Injury and Advertising for premises and operations; Independent Contractors (if any basis); Incidental Contracts; Contractual Liability; and Products and Completed Operations.

   "Claims made" policies are unacceptable.

   Minimum Limits: $1,000,000 combined single limit, on an occurrence policy form.

   WORKERS COMPENSATION: If Participant has employees, he/she shall obtain and maintain continuously workers' compensation insurance as required by California law to cover Participant and Participant's employees and partners.

2. Participant shall maintain in force at all times during the term of this Agreement property insurance in an amount of not less than the replacement value of the equipment/engine(s) subject to this Agreement, and covering all risks of loss, damage or destruction of such equipment/engine(s). The policy shall list the Tehama County Air Pollution Control District as loss payee.

3. With regard to all insurance provided as required hereunder:

   Notice of Cancellation: Each insurance policy shall be endorsed, and evidence of such endorsement shall be provided to the DISTRICT, that coverage not be suspended, voided, canceled, reduced in coverage or in limits, or material change in coverage, except after thirty (30) days prior written notice has been given to the DISTRICT. Ten (10) days prior written notice of cancellation for non-payment of Participant's insurance premium is permissible.

   Supplementary Payments: The above-stated limits of liability coverage for Commercial/ General Liability assumes that the standard "supplementary payments" clause will pay in addition to the applicable limits of liability and that these supplementary payments are not included as part of the insurance limits of liability. If any of the policies indicate that defense costs are included in the general aggregate limit, then the general aggregate limits must be a multiple of the per occurrence limits.

   Participant's Insurance Primary: The Participant's insurance coverage shall be primary insurance. Any insurance or self-insurance maintained by the DISTRICT,

its officials, trustees, agents, employees, or volunteers shall be excess to the Participants insurance and shall not contribute with it.

Acceptability of Insurer: Insurance is to be placed with admitted State of California insurers which have an A.M. Best's rating of no less than A:VII, or be an equivalent program of self-insurance.

Exceptions: Any exceptions to the above insurance requirements are subject to the concurrence of the DISTRICT.

4. Verification of Coverage:

Participant shall furnish the DISTRICT with insurance or self-insurance and/or original endorsement(s) and/or binder(s) affecting coverage required herein, as directed by the DISTRICT. The certificates, endorsements, and/or binders for each insurance policy are to be signed by a person authorized by the insurer to effect coverage on its behalf. The certificates, endorsements, and/or binders are to be received and approved by the DISTRICT before work commences. The DISTRICT reserves the right to require complete, certified copies of all required insurance policies, at any time. If Participant provides self-insurance, it shall, on intervals specified by the APCO, provide financial statements sufficiently detailed so as to allow the APCO to assess Participant's capability of providing such self-insurance. The APCO may reject self-insurance coverage where he finds that sufficient coverage will not be afforded to the DISTRICT.

TEHAMA COUNTY AIR POLLUTION CONTROL DISTRICT

Requested Action(s)
a) AGREEMENT - Request approval and authorization for the Air Pollution Control Officer to sign the Rule 2:11D Indirect Source Project Agreement with the Resource Conservation District of Tehama County to assist in the mitigation project for the use of a Carbonizer to reduce Particulate Matter and Oxides of Nitrogen and emissions from an 80-acre orchard removal project in the amount of $47,000 and shall begin upon execution by both parties and terminate upon the completion of the project

Financial Impact:
The District receives fees through the Indirect Source Fee Program in the preceding fiscal year, and budgets for it's expenses in the next fiscal year. Thus, fund expenditure is already in the approved budget.

Background Information:
The California Clean Air Act of 1988 gives authority to Districts to regulate indirect sources of emissions; and Health and Safety Code section 40716, states that "a district may adopt and implement regulations to reduce or mitigate emissions from indirect and areawide sources of air pollution"; and Health and Safety Code section 42311, subdivision (g) specifically allows district to adopt a schedule of fees on areawide or indirect sources which are regulated, but for which permits are not issued, to cover the costs of District programs related to this source. The Participant submitted an application on behalf of Tehama County, and was selected for Rule 2:11D mitigation project funding in the amount of $47,000, from TCAPCD to assist with the use of a Carbonizer to reduce Particulate Matter (PM) and Oxides of Nitrogen (NO_X) and emissions from whole orchard removal; and the TCAPCD Board of Directors, upon recommendation of the Rule 2: 11D Review Committee, believes the proposal is both cost-effective and provides air quality and health benefits to a large number of citizens in Tehama County.

Agreement Number _____

TEHAMA COUNTY AIR POLLUTION CONTROL DISTRICT

RULE 2:11D INDIRECT SOURCE PROJECT AGREEMENT

This Agreement (Agreement) is between the Tehama County Air Pollution Control District (TCAPCD), a public agency of the State of California, and the Resource Conservation District of Tehama County (Participant), the original applicant to the Indirect Source Project Program:

WHEREAS, the California Clean Air Act of 1988 gives authority to Districts to regulate indirect sources of emissions; and

WHERAS, Health and Safety Code section 40716, states that "a district may adopt and implement regulations to ... reduce or mitigate emissions from indirect and areawide sources of air pollution"; and

WHEREAS, Health and Safety Code section 42311, subdivision (g) specifically allows district to adopt a schedule of fees on areawide or indirect sources which are regulated, but for which permits are not issued, to cover the costs of District programs related to this source; and

WHEREAS, on October 26, 2010 the Tehama County Air Pollution Control District (TCAPCD) Board of Directors approved Resolution No. 79-2010 authorizing the "Rule 2:11D Indirect Source Fees;" and

WHEREAS, "Rule 2:11D Indirect Source Fees" provides a sound method for mitigating the emissions produced from the operation of new commercial and residential development projects throughout the County of Tehama, including within the incorporated cities in the County; and

WHEREAS the Participant submitted an application on behalf of Tehama County, and was selected for Rule 2:11D mitigation project funding in the amount of $47,000, from TCAPCD to assist with the use of a Carbonizer to reduce Particulate Matter (PM) and Oxides of Nitrogen (NO_X) and emissions from whole orchard removal; and

WHEREAS the TCAPCD Board of Directors, upon recommendation of the Rule 2:11D Review Committee, believes the proposal is both cost-effective and provides air quality and health benefits to a large number of citizens in Tehama County; and

WHEREAS, the Participant represents that the project described herein is NOT required by any local, state, and/or federal rule or regulation, and controlling board policy does NOT require the purchase;

NOW THEREFORE, the parties agree as follows:

Agreement Number _____

1. Participant shall present to TCAPCD an invoice for the project described in Exhibit "A." Participant shall include with its invoice documentation satisfactory to TCAPCD demonstrating that the actual cost of the project incurred by Participant equal or exceeds $47,000. Within thirty (30) days after Participant presents such invoice, TCAPCD will transfer to Participant a sum equal to the lesser of the actual cost of the project or $47,000. Upon tender of the aforementioned sum, TCAPCD's obligations under this Agreement shall be fully performed, and TCAPCD shall have no further obligation to Participant. In no event shall Districts obligation under this Agreement exceed $47,000.

2. This Agreement shall begin upon the execution of the Agreement by both parties and terminate upon the completion of the project described in Exhibit "A."

3. Participant shall provide all materials and labor to perform the work outlined in this Agreement and as set forth on Exhibit "A".

4. Participant and its employees shall, during the entire term of this agreement, be construed to be an independent contractor of TCAPCD, and nothing in this agreement is intended nor shall be construed to create an employer-employee relationship, a joint venture relationship, or to allow TCAPCD to exercise discretion or control over the professional manner in which Participant performs the services which are the subject matter of this agreement; provided always, however, that the services to be provided by Participant shall be provided in a manner consistent with the professional standards applicable to such services. The sole interest of TCAPCD is to insure that the services shall be rendered and performed in a competent efficient and satisfactory manner. Participant shall be fully responsible for payment of all taxes due to the State of California or the Federal government, which would be withheld from compensation of Participant, were Participant or its employee(s) a TCAPCD employee. TCAPCD shall not be liable for deductions for any amount for any purpose from Participant's or Participant employees' compensation. Participant and Participant's employees shall not be eligible for coverage under TCAPCD's Workers Compensation Insurance Plan nor shall Participant be eligible for any other TCAPCD benefit. Participant and any employee(s) provided by Participant under this agreement shall not be an employee of TCAPCD. Participant has full rights to manage its employees, subject to the requirements of the law. Participant shall be responsible for making any and all social security withholding, income tax withholding, or any other wage withholding of any nature required from the compensation paid to its employees, including all employees provided under this agreement.

5. Participant shall defend, indemnify, and hold harmless District, its officers, agents, employees, and volunteers from any and all losses, costs, damages, fines, or expenses (including attorney fees, litigation expenses, court costs, and expert fees) or liability of any kind or character to any person or property arising from, or alleged to arise from, any act or omission of Participant related to this Agreement, or which are related in any way to the project(s) for which financial assistance or other incentives are received from the District by "Participant."

6. Participant acknowledges that receipt of this incentive prohibits application for any form of emission reduction credits for this project including: Emission Reduction Credit (ERC), Mobile Emission Reduction Credit (MERC) and/or Certificate of Advanced Placement (CAP), for all time, from TCAPCD or any other Air Quality Management or Air Pollution

EXHIBIT "B"
INSURANCE REQUIREMENTS

1. For one year from the execution of this Agreement, Participant shall, at its sole expense, obtain and maintain in full force and full force and effect the types and amounts of insurance, or participation in self-insurance program, as follows:

   COMMERCIAL/GENERAL LIABILITY: Bodily Injury and Property Damage for premises and operations: Personal Injury and Advertising for premises and operations; Independent Contractors (if any basis); Incidental Contracts; Contractual Liability; and Products and Completed Operation.

   "Claims made" policies are unacceptable.

   Minimum Limits: $1,000,000 combined single limit, on an occurrence policy form.

   WORKERS COMPENSATION: If Participant has employees, he/she shall obtain and maintain continuously worker's compensation insurance as required by California law to cover Participant and Participant's employees and partners.

2. Participant shall maintain in force at all times during the term of this Agreement property insurance in an amount of not less than the replacement value of the equipment/engine(s) subject to this Agreement, and covering all risks of loss, damage or destruction of such equipment/engine(s). The policy shall list the DISTRICT as loss payee.

3. With regard to all insurance provided as required hereunder:

   Notice of Cancellation: Each insurance policy shall be endorsed, and evidence of such endorsement shall be provided to the DISTRICT, that coverage not be suspended, voided, canceled, reduced in coverage or in limits, or material change in coverage, except after thirty (30) days prior written notice has been given to the DISTRCT. Ten (10) days prior written notice of cancellation for non-payment of Participant's insurance premium is permissible.

   Supplementary Payments: The above-stated limits of liability coverage for Commercial/General Liability assumes that the standard "supplementary payments: clause will pay in addition to the applicable limits of liability and that these supplementary payments are not included as part of the insurance limits of liability. If any of the policies indicate that defense costs are included in the general aggregate limit, then the general aggregate limits must be a multiple of the per occurrence limits.

   Participant's Insurance Primary: The Participant's insurance coverage shall be primary insurance. Any insurance or self-insurance maintained by the DISTRICT, its officials, trustee, agents, employees or volunteers shall be excess to the Participants insurance and shall not contribute with it.

   Acceptability of Insurer: Insurance is to be placed with admitted State of California insurers which have an A.M. Best's rating of no less that A:VII, or be an equivalent program of self-insurance.

   Exceptions: Any exceptions to the above insurance requirements are subject to the concurrence of the DISTRICT.

4. Verification of Coverage

   "Participant" shall furnish the DISTRICT with insurance or self-insurance and/or original endorsement(s) and/or binder(s) affecting coverage required below, as directed by the

7. Participant certifies that it is aware of the requirements of California Labor Code Sections 1720 et seq. and 1770 et seq., as well as California Code of Regulations, Title 8, Section 16000 et seq. ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on certain "public works" and "maintenance" projects. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is $1,000 or more, Participant agrees to fully comply with and to require its subcontractors to fully comply with such Prevailing Wage Laws, to that extent that such laws apply. If applicable, Participant will maintain the general prevailing rate of per diem wages and other information set forth in Labor Code section 1773 at its principal office, and will make this information available to any interested party upon request. Participant shall defend, indemnify and hold the TCAPCD, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties, or interest arising out of any failure or alleged failure of the Participant or its subcontractors to comply with the Prevailing Wage Laws. Without limiting the generality of the foregoing, Participant specifically acknowledges that TCAPCD has not affirmatively represented to contractor in writing, in the call for bids, or otherwise, that the work to be covered by the bid or contract was not a "public work." To the fullest extent permitted by law, Participant hereby specifically waives and agrees not to assert, in any manner, any past, present, or future claim for indemnification under Labor Code section 1781.

8. Participant shall not employ discriminatory practices in the treatment of persons in relation to the circumstances provided for herein, including assignment of accommodations, employment of personnel, or in any other respect on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, age, or sexual orientation.

9. The terms of this Agreement and the services to be provided hereunder are contingent on the approval of funds by the appropriating government agency. Should sufficient funds not be allocated, the services provided may be modified or this Agreement terminated at any time by TCAPCD giving thirty (30) days prior written notice.

10. Participant agrees that the District shall have the right to cancel this contract or withhold payment for non-compliance if the Participant does not meet the obligations of the contract.

11. Participant agrees to be responsible for all applicable taxes on all equipment purchased.

12. The representative of Participant signing this Agreement on behalf of Participant (authorized signature) affirmatively states that he or she has legal authority to bind Participant to the terms of this Agreement.

13. Participant shall comply with all provisions of Exhibits A and B attached hereto and incorporated by reference. In the event of a conflict between the provisions of the main body of this agreement and any attached Exhibit(s), the main body of the agreement shall take precedence.

14. All representations, covenants and warranties specifically set forth in this Agreement, by or on behalf of or for the benefit of any or all of the Parties hereto, shall be binding upon and inure to the benefit of such Party, its successors and assigns.

PAYEE DATA RECORD

STD 204 (Rev. 2-2000) (Page 2)

ARE YOU A RESIDENT OR A NONRESIDENT?

Each corporation, individual/sole proprietor, partnership, estate or trust doing business with the State of California must indicate their residency status along with their taxpayer identification number.

A **corporation** will be considered a "resident" if it has a permanent place of business in California. The corporation has a permanent place of business in California if it is organized and existing under the laws of this state or, if a foreign corporation has qualified to transact intrastate business. A corporation that has not qualified to transact intrastate business (e.g.,a corporation engaged exclusively in interstate commerce) will be considered as having a permanent place of business in this state only if it maintains a permanent office in this state that is permanently staffed by its employees.

For **individuals/sole proprietors**, the term "resident" includes every individual who is in California for other than a temporary or transitory purpose and any individual domiciled in California who is absent for a temporary or transitory purpose. Generally, an individual who comes to California for a purpose which will extend over a long or indefinite period will be considered a resident. However, an individual who comes to perform a particular contract of short duration will be considered a nonresident.

For withholding purposes, a **partnership** is considered a resident partnership if it has a permanent place of business in California. As estate is considered a California estate if the decedent was a California resident at the time of death and a trust is considered a California if at least one trustee is a California resident.

More information on residency status can be obtained by calling the Franchise Tax Board at the numbers listed below:

From within the United States, call	1-800-852-5711
From outside the United States, call	1-916-845-6500
For hearing impaired with TDD, call	1-800-822-6268

ARE YOU SUBJECT TO NONRESIDENT WITHHOLDING?

Payments made to nonresident vendors, including corporations, individuals, partnerships, estates and trusts, are subject to withholding. Nonresident vendors performing services in California or receiving rent, lease or royalty payments from property (real or personal) located in California will have 7% of their total payments withheld for state income taxes. However, no withholding is required if total payments to the vendor are $1500 or less for the calendar year.

A nonresident payee may request that income taxes be withheld at a lower rate or waived by sending a completed form FTB 588 to the address below. A waiver will generally be granted when a payee has a history of filing California returns and making timely estimated payments. If the payee activity is carried outside of California or partially outside of California, a waiver or reduced withholding rate may be granted. For more information, contact:

Franchise Tax Board
Nonresident Withholding Section
Attention: State Agency Withholding Coordinator
P.O. Box 651 Sacramento, CA 95812-0651
Telephone: (916) 845-4900
FAX: (916) 845-4831

If a reduced rate of withholding or waiver has been authorized by the Franchise Tax Board, attach a copy to this form.

PRIVACY STATEMENT

Section 7(b) of the Privacy Act of 1974 (Public Law 93-5791) requires that any federal, state, or local governmental agency which requests an individual to disclose his social security account number shall inform that individual whether that disclosure is mandatory or voluntary, by which statutory or other authority such number is solicited, and what uses will be made of it.

The State of California requires that all parties entering into business transactions that may lead to payment(s) from the State must provide their Taxpayer Identification Number (TIN) as required by the State Revenue and Taxation Code, Section 18646 to facilitate tax compliance enforcement activities and to facilitate the preparation of Form 1099 and other information returns as required by the Internal Revenue Code, Section 6109. The TIN for individual and sole proprietorships is the Social Security Number (SSN).

It is mandatory to furnish the information requested. Federal law requires that payments for which the requested information is not provided be subject to a 31% withholding and state law imposes noncompliance penalties of up to $20,000.

You have the right to access records containing your personal information, such as your SSN, To exercise that right, contact the business services unit or the accounts payable unit of the state agency(ies) with which you transact that business.

Please call the Department of Finance, Fiscal Systems and Consulting Unit at (916) 324-0385 if you have any questions regarding this Privacy Statement. Questions related to residency or withholding should be referred to the telephone numbers listed above. All other questions should be referred to the requesting agency listed in Section 1 on page 1.

Tehama County Air Pollution Control District
Request for Proposals
2:11D Indirect Source Program Grant Funding

The Tehama County Air Pollution Control District is seeking proposals for emission mitigation projects that demonstrate reductions in emissions of ozone precursors such as oxides of nitrogen or volatile organic compounds, or of particulate matter including diesel particulate, smoke, or dust.

Submittal:	One electronic or hard copy of each proposal must be received at the address below.
Address to:	Lisa Mann 1834 Walnut St Red Bluff, CA 96080 lmann@tehcoapcd.net
Issuance Date:	August 17, 2021

Air Pollution Control District Proposal Project Name: RCDTC Carbonizer Project
Lead Agency: Resource Conservation District of Tehama County
P.O. Box 1232
Red Bluff, CA 96080
Lead Agency Contact: Lisa Krumwide, Project Coordinator 530-727-1280
Project Location: PATH House
380 Sale Lane
Red Bluff, CA 96080
Contractor: Lepage Company
Calculated Emission Reduction: $21,846.85 per weighted ton emission reduction

Mitigation Project Report

The Resource Conservation District of Tehama County (RCDTC), a public agency, is partnering with Lepage Company, a private contractor (Attachment 1), to create biochar and reduce air pollution, through the use of their Tiger Cat 6040 Carbonizer. This Carbonizer will be used on site to incinerate 80 acres of prune trees, on the Poor And Homeless Housing property (PATH), 380 Sale Lane, Red Bluff, CA (Attachment 2).

RCDTC will coordinate with Lepage Company to streamline invoicing, reporting and compliance under the current Authority to Construct Permit 1262 (Attachment 3) that was issued by the Air Pollution Control District (District) on January 29, 2025. Project work is anticipated to start between May-June 2025 and will be completed by June 2025. All Project work is dependent on contracting.

Once funding is made available, Lepage Company will transport the carbonizer to the Sale Lane property along with any equipment needed to perform construction and incineration. Lepage Company will knock-over and pile the whole prune trees. Piled prune trees will then be placed into the carbonizer for incineration. Once the trees have been incinerated, Lepage Company will use a spreader to place the biochar onto the property.

The RCDTC performed a thorough emission reduction analysis for the proposed mitigation project using *US EPA document AP-42* (1) and *Air Curtain Incinerator Emissions Factor Determination* (2). The following information is the RCDTC's findings.

An air curtain incinerator reduces burn emissions from forest and agricultural woody biomass when compared to open pile burning. Open pile burning of prune as an orchard crop, with 30 ton/acre of waste due to orchard removal, creates 3 lb/ton PM10 (1). NOx was not measured for prune, however, open pile forest burning creates 4 lb/ton of NOx (1). Therefore, removal of an 80-acre prune orchard, at 30 ton/acre of waste would result in 240 tons of waste needing incineration.

80 ac * 30 tons waste/acre = 240 tons waste

PM10 production from 240 tons of waste woody biomass, at 3 lb/ton, will output 720 particulate pounds.

240 tons waste * 3 lb particulate/ton waste = 720 pounds (0.36 tons) PM10.

NOx production from 240 tons of waste woody biomass, at 4 lb/ton will be 960 pounds of NOx.

240 tons waste * 4 lb NOx/ton waste = 960 lbs (0.48) of NOx

Using Table 3 from *Air Curtain Incinerator Emissions Factor Determination* (2), accepted emission factors for burning woody biomass of agriculture and forest vegetation are 1.0 lb/ton NOx and 1.3 lb/ton for PM10.

Approximately 240 tons of prune waste will be removed from the 80-acre farm and burned in an air curtain incinerator. Using the emission factor of 1.0 lb NOx/ton waste times 240 tons, results in 240 lbs (0.12 tons) of NOx.

1.0 lb NOx/ ton waste * 240 tons waste = 240 lbs (0.12 tons) NOx

Using the air curtain incinerator PM10 emission factor of 1.3 lb/ton times 240 tons of prune waste will result in 312 pounds of PM10.

240 tons waste * 1.3 lbs PM10/ton waste = 312 lbs (0.156 tons) PM10

Pile burning will produce a NOx of 960 pounds versus 240 pounds using an air curtain incinerator for a total project savings of (960-240=720) 720 pounds (0.36 tons) of NOx. Pile burning will produce a PM10 of 720 pounds versus 312 pounds using an air curtain incinerator for a total savings of (720-312=408) 408 pounds (0.204 tons) PM10.

Using the Carl Moyer Program cost-effectiveness criteria for PM10 and Ozone Precursors, RCDTC concludes the following.

Formula C-2: Annual Weighted Surplus Emissions Reductions (3):

NOx reductions (tons/yr) + ROG reductions (tons/yr) + [20 * (PM10 reductions (tons/yr)]

0.36 tons NOx + [20 * 0.204 tons PM10] =

0.36 tons NOx + 4.08 tons PM10 =

4.44 tons reduction of NOx and PM10

The result of formula C-2 is used to complete formula C-1 to determine the cost-effectiveness of surplus emission reductions.

Formula C-1: Cost-Effectiveness of Weighted Surplus Emission Reductions ($/ton):

$$\frac{\text{Annualized Cost (\$/yr)}}{\text{Annual Weighted Surplus Emission Reductions (tons/yr)}}$$

$97,000 Le Page removal estimate /4.44 tons emission reduction = $21,846.85 per weighted ton emission reduction.

This falls well below the Carl Moyers cost-effectiveness limit of $34,000 per weighted ton of surplus emissions reduced. Furthermore, considering the standard commercial prune orchard development and life span, this 4.44 tons of emissions reduction will extend for 10 years. Standard practice for the removal and replanting of a prune orchard will have a mitigation project life of at least ten years. There will be two years of fallow time followed by at least 8 years of tree growth and production prior to subsequent orchard removal.

PROPOSAL

January 27, 2025

TO: Tehama County Resource Conservation District
RE: Orchard Removal/Cleanup of approximately 80 acres on Sale Lane, Red Bluff CA

Lepage Company proposes to furnish all equipment, labor and permits necessary to complete the following:

Mobilization, Cut, Skid and Deck 80 acres of dead orchard trees
- Feller Bunchers
- Skidders
- Excavators w/grapple
- Water Tender

$42,000.00

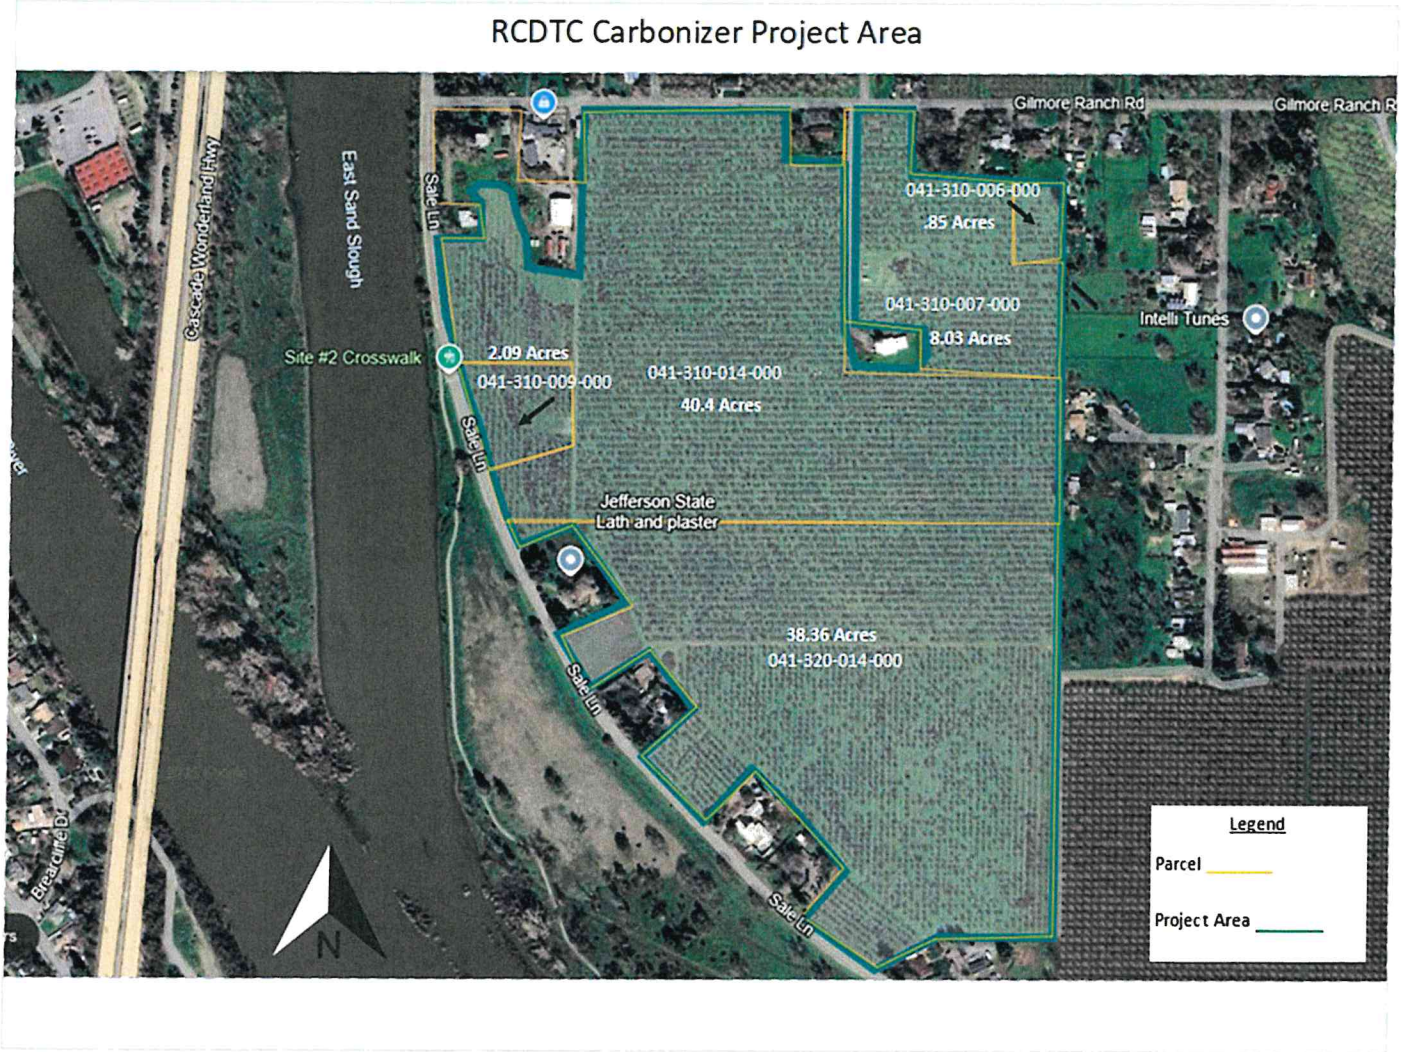
Process trees to create Biochar
- TigerCat 6040 Carbonizer
- Excavator w/Grapple
- Log Skidder
- Water Tender

$45,000.00

Load out, haul and broadcast Biochar product
approximately 160 yds throughout the 80-acre Orchard
- CAT D6 Dozer
- Frontend Loader
- Fertilizer Spreader

$10,000.00

Total $97,000.00



Respectfully Submitted

James P. Lepage V. President

Accepted_____

EXCLUDES: Any SWPP plans, OSHA permits or plans, engineering, surveying, staking, geo-grid reports, compaction testing. Any excavation that requires breaking, blasting, sawing etc. would be considered extra work, ground stabilization due to unsuitable soil conditions, any over excavation, any export, purchasing or installing any soil stabilization treatment. Prevailing wage rates and any items that are not clearly included above, expect to be excluded from this proposal.

Attachment 3:

Appendix A- Authority to Construct Permit

Authority to Construct

Issued by Tehama County Air Pollution Control District
1834 Walnut St., P.O. Box 1169, Red Bluff CA 96080
Phone: (530) 527-3717 Fax: (530) 527-0959

Permit 1262
Is Hereby Granted on January 29, 2025
To:

Lepage Company Inc. / Tehama Rock Products
Attn: Jenifer Waelty
218 Washington St
Red Bluff, CA 96080

To Construct:

One (1) TigerCat 6040, Serial Number TBD, carbonizer powered by a FPT NEF6.7 151KW(202HP) Tier 4 Final Engine.

Equipment Location:

Various locations in Tehama County

Permit Conditions:

1. This Authority to Construct Permit shall remain in effect until a Permit to Operate or a Letter of Exemption is granted or denied pursuant to Tehama County Air Pollution Control District (District) Rule 2:14 Cancellation of Permits. A Permit to Operate shall be issued if the article or equipment listed above conforms to this Authority to Construct Permit, and is in compliance with all Federal and State of California laws, as well as all District rules, regulations, and permit conditions governing air pollution.

2. The permitted source shall construct the facility to conform to the design and operational characteristics contained in the application for an Authority to Construct as listed below:

a.	Submission date:	November 22, 2024
b.	Submitted by:	Jenifer Waelty
c.	Submitted for:	Lepage Company Inc. / Tehama Rock Products
d.	Contact:	Jenifer Waelty
e.	Emission unit(s):	TigerCat 6040 Carbonizer 202HP FPT NEF6.7 Tier 4 Final diesel fired engine

3. Written authorization shall be obtained from the Air Pollution Control Officer (APCO) prior to making any change in the construction or operational characteristics specified in this Permit that may cause the issuance of air contaminants, or the use of which may eliminate or reduce or control the issuance of air contaminants. (District Rule 2:1)

MEMORANDUM

To: Tehama County Air Pollution Control District Board of Supervisors
From: Joseph Tona Air Pollution Control Officer and Secretary of the indirect Source Fee Committee
Date: August 7, 2025
Subject: Evaluation of RCDTC Carbonizer Grant Proposal

This memorandum serves to formally document the decision reached by the four committee members present at the meeting held on August 7, 2025, at 2:00 p.m. to review the RCDTC Carbonizer Grant Proposal.

Members in Attendance:

- Jessica Martinez – Representative of Tehama County
- Brin Greer – Representative of the Public at Large
- Brant Mesker – Representative of the City of Corning
- JR Gonzales – Representative of the City of Red Bluff

  Note: The Construction Industry Representative seat is currently vacant.

Following discussion and consideration of the proposal, the four members present unanimously agreed to recommend that the proposed mitigation project be forwarded to the Tehama County Air Pollution Control District Board for consideration and final selection, as required by Rule 2:11D Indirect Source Fees.

Sincerely,

Joseph Tona
Tehama County Air Pollution Control Officer

Secretary of the Indirect Source Fee Committee

E-Contract Review
Approval as to Form

Department Name: Air Pollution Control

Vendor Name: Resource Conservation District of Tehama County

Contract Description: For the purpose of use of a Carboinizer to reduce particulate matter and oxides of Nitrogen and emission from an 80-acer orchard removal project

TEHAMA COUNTY AIR POLLUTION CONTROL DISTRICT - Air Pollution Control Officer Joseph Tona

Requested Action(s)
a) TRANSFER OF FUNDS: AIR POLLUTION, B-4 - From AB 923 (609-301900), $304,657 to AB 923 (60910-55520), $304,657 **(Requires a 4/5s vote)**

Financial Impact:
Funds are from AB 923, which are restricted for Carl Moyer Memorial Air Quality Standards Attainment Program eligible projects. This was originally budgeted for last fiscal year, but the project was not completed.

Background Information:
AB 923 provides funding for cleaner-than-required engines and equipment, which is administered by local air districts. These funds can be used to support Moyer-eligible projects. During the recent Moyer application period, the District received an application to replace two school buses. Our regular Moyer allocation is insufficient to fund these buses; however, there are sufficient funds available in the AB 923 account to cover these replacements. This $304,657 budget adjustment would allow the District to fund the replacement of the two school buses.

TEHAMA COUNTY AIR POLLUTION CONTROL / PERSONNEL - Air Pollution Control Officer Joe Tona

Requested Action(s)
a) Request approval of revisions to the classification specifications of Air Pollution Control Specialist I/II and Air Pollution Control Specialist III, effective 11/18/25

Financial Impact:
There is no financial impact associated with this request.

Background Information:
The Air Pollution Control Department is requesting to revise the classification specification for the Air Pollution Control Specialist I/II and Air Pollution Control Specialist III.

The Department requests to revise the Definition, Supervision Received and Class Characteristics sections to update the referenced title of Air Pollution Control Program Manager to the current title of Air Pollution Control Officer. In addition, the License and Special Requirements section has been revised to reflect the current Driver's License requirements as set forth in SB 1100.

There is no requested change to the current salary placement.

The Joint Council Bargaining Unit has been notified of the proposed revisions.

TITLE: AIR POLLUTION CONTROL SPECIALIST I/II **FLSA: Non-Exempt**

BOARD APPROVED: ~~September 17, 2019~~ **BARGAINING UNIT: Misc.**

DEFINITION

Under the direct supervision of the Air Pollution Control Officer~~Program Manager~~, conducts routine inspections, investigations and evaluations of existing and potential sources of air contaminants in industrial, commercial and residential establishments for the purpose of detection, prevention, abatement and control of air pollution in accordance with applicable laws, rules and regulations. Performs related professional work as required.

SUPERVISION RECEIVED AND EXERCISED

No permanent full-time staff to supervise.

CLASS CHARACTERISTICS

Positions in this classification series are flexibly staffed. This is a multi-level professional classification series in which incumbents may be assigned to either of the two (2) levels, depending upon experience, proficiency gained, and the complexity of assigned functions. An incumbent at the Air Pollution Control Specialist I level may be promoted to the Air Pollution Control Specialist II level when work knowledge has been developed, sound work habits demonstrated, and requirements have been met.

Air Pollution Control Specialist I: This is the entry-level class in the Air Pollution Specialist series and under the supervision of the Air Pollution Control Officer~~Program Manager~~ learns to perform a wide variety of air pollution control functions. As skill is gained, supervision is reduced and an incumbent performs the required duties more independently. An Air Pollution Control Specialist I may expect to qualify for the next higher class of Air Pollution Control Specialist II. Determination of qualifying may differ depending upon requirements of the department.

Air Pollution Control Specialist II: This is the journey-level class in the Air Pollution Specialist series. Incumbent is expected to work more independently on the more complex air pollution control issues. An Air Pollution Control Specialist II differs from an Air Pollution Control Specialist III in that the latter is an advanced journey level position that works on more difficult and specialized assignments and may provide lead direction and training to subordinate employees.

EXAMPLES OF ESSENTIAL FUNCTIONS (ILLUSTRATIVE ONLY)

- Enforces various federal, state and district laws, rules and regulations regarding air quality

- Monitors, inspects, investigates and evaluates industrial and commercial sources of potential or existing air pollution contaminants
- Prepares and updates engineering evaluations for Authority to Construct (ATCs) and Permits to Operate (PTOs) and issues permits
- Evaluates submitted source test protocols and observes field source testing; analyzes data and calculates source emissions from comprehensive test results
- Investigates complaints of potential violations; issues violation notices, warnings, or takes other corrective action as appropriate
- Assembles evidence and prepares cases against code violators; provides court testimony, as required
- Conducts training sessions and assists with air pollution control strategies at various establishments to facilitate compliance
- Coordinates inspection/enforcement activities with other agencies, as appropriate
- Receives and responds to inquiries, requests for assistance and complaints regarding departmental programs and code requirements
- Operates a variety of vehicles and special equipment, including set up and maintenance; operates and calibrates various pieces of air monitoring equipment, gasoline station test equipment, power and hand tools, measuring devices, etc
- Provides technical advice and assistance to regulated facilities, private industry, individuals, other agencies and counties as requested; develops and conducts public education programming for school children and adults
- Performs various office duties as necessary, including preparing comprehensive and technical reports and correspondence, development of rules and regulations, copying and filing documents, entering data into the computer and maintaining computer databases, reviews incoming correspondence, answering the telephone, ordering supplies, attending meetings and training sessions, etc
- May coordinate special departmental programs or activities as assigned
- Responsible for assigned vehicle, reporting maintenance issues to appropriate agency staff
- Performs related work as required

QUALIFICATIONS

Knowledge of:

- Air Quality Plan components and methods of calculating impacts of air pollution control measures
- Purposes and procedures of various public and private agencies involved in air quality and their interrelationships
- Principles of physics, chemistry and mathematics in relation to air pollution control
- The design and use of air pollution control devices, instruments and equipment
- Applicable Federal, State, County, Department, and Division laws, regulations, policies and procedures
- Modern office practices, methods and computer equipment
- Record keeping principles and procedures
- Computer applications related to the work
- English usage, grammar, spelling, vocabulary, and punctuation
- Techniques for dealing effectively with and providing a high level of customer service to all individuals contacted in the course of work

Ability to:

- Develop, analyze, interpret and apply laws and regulations related to air pollution control
- Conduct routine inspections and evaluations
- Make sound, educated decisions
- Perform required mathematical and engineering calculations quickly and accurately
- Enter and retrieve data from a computer with sufficient speed and accuracy to perform assigned work
- Work independently and as a team member
- Use English effectively to communicate in person, over the telephone and in writing
- Organize and prioritize a variety of projects and multiple tasks in an effective and timely manner organize own work, set priorities and meet critical time deadlines
- Operate modern office equipment including computer equipment and specialized software applications programs
- Maintain significant flexibility in daily operations and decision making
- Read and interpret various materials pertaining to the responsibilities of the job
- Assemble and analyze information and prepare written reports and records in a clear and concise manner
- Establish and maintain effective working relationships with those contacted on the job

Education & Experience:

Any combination of training and experience which would provide the required knowledge, skills and abilities is qualifying. A typical way to obtain the required qualifications would be:

- Graduation from an accredited college or university with a Bachelor's degree in physics, chemistry, biology, engineering, environmental science, mathematics, or a related field.

  Air Pollution Control Specialist I: One (1) to two (2) years experience in physics, chemistry, biology, engineering, environmental science, mathematics, or a related field. Other combinations of education and experience may be considered.

  Air Pollution Control Specialist II*:* Two (2) to three (3) years experience in physics, chemistry, biology, engineering, environmental science, mathematics, or a related field with at least one (1) of that being with a County Air Pollution Control Program. Other combinations of education and experience may be considered.

License & Special Requirements:

- Requires state certification as a visible emissions evaluator within one (1) year of employment
- Possession of, or ability to obtain and maintain, a valid California Class C driver's license and a satisfactory driving record is required. Individuals who do not meet this requirement due to a disability will be reviewed on a case-by-case basis.
- ~~Requires a valid California driver's license~~

PHYSICAL DEMANDS

Must possess mobility to work in a standard office setting and use standard office equipment, including a computer; to inspect County development sites, to operate a motor vehicle and to visit various County and meeting sites; vision to read printed materials and a computer screen; and hearing and speech to communicate in person, before groups, and over the telephone. This is partially a sedentary office classification; the job also involves field inspection work requiring frequent walking at inspection site areas to monitor performance and to identify problems or hazards; standing in work areas and walking between work areas

may be required. Finger dexterity is needed to access, enter, and retrieve data using a computer keyboard, typewriter keyboard, or calculator and to operate standard office equipment. Positions in this classification occasionally bend, stoop, kneel, reach, push, and pull drawers open and closed to retrieve and file information. Employees must possess the ability to lift, carry, push, and pull materials and objects, up to 30 pounds, as necessary to perform job functions.

WORKING CONDITIONS

Employees partially work in an office environment with moderate noise levels and controlled temperature conditions, and partially in the field and may occasionally be exposed to loud noise levels, cold and hot temperatures, inclement weather conditions, road hazards, vibration, confining workspace, chemicals, mechanical and/or electrical hazards, and hazardous physical substances and fumes. Employees may interact with upset staff and/or public and private representatives in interpreting and enforcing departmental policies and procedures.

EQUAL OPPORTUNITY EMPLOYER / AMERICANS WITH DISABILITIES ACT COMPLIANT / VETERANS' PREFERENCE POLICY / DRUG-FREE WORKPLACE

(10/21/08, 9/17/19)

TITLE: AIR POLLUTION CONTROL SPECIALIST III **FLSA: Non-Exempt**

BOARD APPROVED: ~~OCTOBER 21, 2008~~ **BARGAINING UNIT: Misc.**

DEFINITION

Under the direction of the Air Pollution Control Officer~~Program Manager~~, conducts complex and difficult inspections, investigations and evaluations of existing and potential sources of air contaminants in industrial, commercial and residential establishments for the purpose of detection, prevention, abatement and control of air pollution in accordance with applicable laws, rules and regulations. Performs related professional work as required.

SUPERVISION RECEIVED AND EXERCISED

Under direction of the Air Pollution Control Officer~~Program Manager~~, may provide lead direction and training to incumbents within the lower level Air Pollution Control Specialist Series.

CLASS CHARACTERISTICS

This position is the advanced, journey-level class in the Air Pollution Control Specialist series reporting to the Air Pollution Control Officer~~Program Manager~~. An incumbent in this class performs more difficult and specialized assignments and works with a higher degree of independence. This position may also represent the Air Pollution Control Officer~~Program Manager~~ before public, private and professional groups.

EXAMPLES OF ESSENTIAL FUNCTIONS (Illustrative Only)

- Enforces various federal, state and district laws, rules and regulations regarding air quality.
- Monitors, inspects, investigates and evaluates industrial and commercial sources of potential or existing air pollution contaminants and issues permits.
- Develops specific permit conditions, prepares and updates engineering evaluations for Authority to Construct (ATCs) and Permits to Operate (PTOs).
- Evaluates submitted source test protocols and observes field source testing; analyzes data and calculates source emissions from comprehensive test results.
- Investigates complaints of potential violations; issues violation notices, warnings, or takes other corrective action, as appropriate.
- Assembles evidence and prepares cases against code violators; provides court testimony as required.
- Conducts training sessions and assists with air pollution control strategies at various establishments to facilitate compliance.
- Coordinates inspection/enforcement activities with other agencies, as appropriate.
- Receives and responds to inquiries, requests for assistance and complaints regarding department programs and code requirements.

- Prepares and submits a variety of inspection, technical and other records and reports.
- Operates a variety of vehicles and special equipment including setup and maintenance, operate and calibrate various pieces of air monitoring equipment, gasoline station test equipment, power and hand tools, measuring devices, etc.
- Performs various office duties as necessary, including preparing comprehensive and technical reports and correspondence, development of rules and regulations, copying and filing documents, entering data into the computer and maintaining computer files, reviewing incoming correspondence, answering the telephone, ordering supplies, attending meetings and training sessions, etc.
- Trains and provides technical leadership to subordinate personnel as assigned.
- Provides technical advice and assistance to regulated facilities, private industry, individuals, other agencies, and counties as requested.
- May coordinate special department programs or activities as assigned.
- Responsible for assigned vehicle, reporting maintenance issues to appropriate agency staff.
- Performs related work as required.

QUALIFICATIONS

Knowledge of:

- Air Quality Plan components and methods of calculating impacts of air pollution control measures;
- Purposes and procedures of various public and private agencies involved in air quality and their interrelationships;
- Principles of physics, chemistry and mathematics in relation to air pollution control;
- The design and use of air pollution control devices, instruments and equipment;
- Applicable Federal, State, County, Department, and Division laws, regulations, policies and procedures;
- Modern office practices, methods and computer equipment;
- Record keeping principles and procedures;
- Computer applications related to the work;
- English usage, grammar, spelling, vocabulary, and punctuation;
- Techniques for dealing effectively with and providing a high level of customer service to all individuals contacted in the course of work.

Ability to:

- Develop, analyze, interpret and apply laws and regulations related to air pollution control;
- Conduct complex inspections and evaluations; to make sound, educated decisions;
- Perform required mathematical and engineering calculations quickly and accurately;
- Enter and retrieve data from a computer with sufficient speed and accuracy to perform assigned work;
- Work independently and as a team member;
- Use English effectively to communicate in person, over the telephone and in writing;
- Organize and prioritize a variety of projects and multiple tasks in an effective and timely manner; organize own work, set priorities and meet critical time deadlines;
- Operate modern office equipment including computer equipment and specialized software applications programs;

- Maintain significant flexibility in daily operations and decision making;
- Read and interpret various materials pertaining to the responsibilities of the job;
- Assemble and analyze information and prepare written reports and records in a clear and concise manner;
- Make sound, educated decisions;
- Establish and maintain effective working relationships with those contacted on the job.

Education & Experience:
Any combination of training and experience which would provide the required knowledge, skills and abilities is qualifying. A typical way to obtain the required qualifications would be:

- Graduation from an accredited college or university with a Bachelor's degree or higher in physics, chemistry, biology, engineering, environmental science, mathematics, or a related field.
- Three (3) to five (5) years experience in physics, chemistry, biology, engineering, environmental science, mathematics, or a related field. Two (2) of those being within a County Air Pollution Control Program is preferred.
- Other combinations of education and experience may be considered.

License & Special Requirements:

- Possession of, or ability to obtain and maintain, a valid California Class C driver's license and a satisfactory driving record is required. Individuals who do not meet this requirement due to a disability will be reviewed on a case-by-case basis.
- ~~Requires a valid California driver's license.~~
- Requires state certification as a visible emissions evaluator.

Employees may interact with upset staff and/or public and private representatives in interpreting and enforcing departmental policies and procedures.

EQUAL OPPORTUNITY EMPLOYER / AMERICANS WITH DISABILITIES ACT COMPLIANT / VETERANS' PREFERENCE POLICY / DRUG-FREE WORKPLACE

(10/21/08)

TITLE: AIR POLLUTION CONTROL SPECIALIST I/II **FLSA: Non-Exempt**

BOARD APPROVED: **BARGAINING UNIT: Misc.**

DEFINITION

Under the direct supervision of the Air Pollution Control Officer, conducts routine inspections, investigations and evaluations of existing and potential sources of air contaminants in industrial, commercial and residential establishments for the purpose of detection, prevention, abatement and control of air pollution in accordance with applicable laws, rules and regulations. Performs related professional work as required.

SUPERVISION RECEIVED AND EXERCISED

No permanent full-time staff to supervise.

CLASS CHARACTERISTICS

Positions in this classification series are flexibly staffed. This is a multi-level professional classification series in which incumbents may be assigned to either of the two (2) levels, depending upon experience, proficiency gained, and the complexity of assigned functions. An incumbent at the Air Pollution Control Specialist I level may be promoted to the Air Pollution Control Specialist II level when work knowledge has been developed, sound work habits demonstrated, and requirements have been met.

Air Pollution Control Specialist I: This is the entry-level class in the Air Pollution Specialist series and under the supervision of the Air Pollution Control Officer learns to perform a wide variety of air pollution control functions. As skill is gained, supervision is reduced and an incumbent performs the required duties more independently. An Air Pollution Control Specialist I may expect to qualify for the next higher class of Air Pollution Control Specialist II. Determination of qualifying may differ depending upon requirements of the department.

Air Pollution Control Specialist II: This is the journey-level class in the Air Pollution Specialist series. Incumbent is expected to work more independently on the more complex air pollution control issues. An Air Pollution Control Specialist II differs from an Air Pollution Control Specialist III in that the latter is an advanced journey level position that works on more difficult and specialized assignments and may provide lead direction and training to subordinate employees.

EXAMPLES OF ESSENTIAL FUNCTIONS (ILLUSTRATIVE ONLY)

- Enforces various federal, state and district laws, rules and regulations regarding air quality
- Monitors, inspects, investigates and evaluates industrial and commercial sources of potential or existing air pollution contaminants

- Prepares and updates engineering evaluations for Authority to Construct (ATCs) and Permits to Operate (PTOs) and issues permits
- Evaluates submitted source test protocols and observes field source testing; analyzes data and calculates source emissions from comprehensive test results
- Investigates complaints of potential violations; issues violation notices, warnings, or takes other corrective action as appropriate
- Assembles evidence and prepares cases against code violators; provides court testimony, as required
- Conducts training sessions and assists with air pollution control strategies at various establishments to facilitate compliance
- Coordinates inspection/enforcement activities with other agencies, as appropriate
- Receives and responds to inquiries, requests for assistance and complaints regarding departmental programs and code requirements
- Operates a variety of vehicles and special equipment, including set up and maintenance; operates and calibrates various pieces of air monitoring equipment, gasoline station test equipment, power and hand tools, measuring devices, etc
- Provides technical advice and assistance to regulated facilities, private industry, individuals, other agencies and counties as requested; develops and conducts public education programming for school children and adults
- Performs various office duties as necessary, including preparing comprehensive and technical reports and correspondence, development of rules and regulations, copying and filing documents, entering data into the computer and maintaining computer databases, reviews incoming correspondence, answering the telephone, ordering supplies, attending meetings and training sessions, etc
- May coordinate special departmental programs or activities as assigned
- Responsible for assigned vehicle, reporting maintenance issues to appropriate agency staff
- Performs related work as required

(10/21/08)

Tehama County

Agenda Request Form

File #: 25-1865 **Agenda Date:** 11/18/2025 **Agenda #:** 34.

TEHAMA COUNTY AIR POLLUTION CONTROL / PERSONNEL - Air Pollution Control Officer Joe Tona

Requested Action(s)
a) Request approval of a new classification specification of Air Pollution Administration Specialist within the Joint Council bargaining unit, effective 11/18/25

b) RESOLUTION - Request adoption of a resolution amending the FY 25/26 Position Allocation List (PAL), (Reso #2025-074) by deleting one (1.00 FTE) Administrative Assistant allocation and adding one (1.00 FTE) Air Pollution Administration Specialist allocation at Joint Council Salary Range 28, effective 11/18/25

c) Request approval to reclassify one Administrative Assistant incumbent as an Air Pollution Administration Specialist, effective 11/18/25

Financial Impact:
The requested action of reclassifying the current Administrative Assistant to an Air Pollution Administration Specialist results in an annual increase of approximately $3,120. Costs will be fully funded by the Carl Moyer Administrative funding, Rx Fire Grant Funding and other fee revenue. Therefore, there is no impact to the General Fund.

Background Information:
The Air Pollution Control Officer (APCO) is requesting a structural change within the Air Pollution District. This request involves adding a new classification of Air Pollution Administration Specialist to the District's Position Allocation List (PAL) and reclassifying the current Administrative Assistant to an Air Pollution Administration Specialist.

Over the years, the Air Pollution Control District has taken on additional grant-related work, including the Carl Moyer Program, the FARMER Program, and the Woodsmoke Reduction Program. Each of these initiatives has increased recordkeeping requirements to ensure proper implementation and adherence to their respective guidelines, while also helping the District achieve significant emission reductions without relying on additional or stricter regulations.

Currently, the District is staffed by three positions supporting the Air Pollution Control Officer: an Administrative Assistant and two Air Pollution Control Specialists. The Air Pollution Control Specialists focus on investigations, preparing engineering evaluations, issuing permits to operate, and implementing grant programs. The Administrative Assistant handles clerical work, screens calls and visitors, responds to complaints, and performs routine financial recordkeeping. The District now requires a position capable of supporting the APCO by performing higher level duties.

The proposed reclassification reflects the evolving scope of responsibilities, which now extend

beyond traditional clerical duties. The revised role will emphasize grant administration, financial tracking, public outreach, coordination with representatives from outside public agencies such as the California Air Resources Board, and providing project-specific guidance to departmental staff, while also covering tasks typically assigned to the Administrative Assistant role.

By creating an Air Pollution Administration Specialist role, the workload on the Air Pollution Control Specialists will be reduced, allowing for more focus on other tasks critical to grant implementation and the District's broader objectives. This role would also provide greater flexibility in future hiring, enabling the District to recruit either an Administrative Assistant or an Air Pollution Administration Specialist when staff turnover occurs.

In recognition of the expanded duties, the APCO requests to place the Air Pollution Administration Specialist at Salary Range 28, representing a two-range (5%) increase from the current Administrative Assistant classification (Range 26). This adjustment is consistent with the internal salary relationships for similar positions at this level.

Should the classification be approved, the APCO requests to amend the Position Allocation List (PAL) by deleting one (1.0 FTE) Administrative Assistant and adding one (1.0 FTE) Air Pollution Administration Specialist allocation. This would result in a reclassification of the current Administrative Assistant incumbent. The incumbent is currently performing duties at a higher level and meets the minimum qualifications of the Air Pollution Administration Specialist.

The Joint Council bargaining unit was provided written notice of the proposed action and is in agreement on this matter.

Justification to create a new position or reclassify an existing position:

Currently, the District is staffed by three positions supporting the Air Pollution Control Officer: an Administrative Assistant and two Air Pollution Control Specialists. The Specialists can be classified as Level I, II, or III, and their duties include investigations, preparing engineering evaluations, issuing permits to operate, implementing grant programs, and performing related tasks. The Administrative Assistant handles clerical work, screens calls and visitors, responds to complaints, and performs routine financial recordkeeping.

The District now requires a position capable of supporting the Air Pollution Control Officer by conducting financial tracking, performing public outreach, meeting with representatives from other public agencies (e.g., the California Air Resources Board), and directing staff work on a project-by-project basis, while also covering tasks typically assigned to the Administrative Assistant role.

Since Tehama County does not currently have a position that fulfills these needs, we propose creating an Air Pollution Administration Specialist position. In developing this role, we researched comparable classifications, such as the Senior Office Assistant at the San Joaquin APCD and the Staff Assistant at the South Coast AQMD, as well as Tehama County's own Staff Analyst I and Administrative Assistant positions. Based on the expanded duties and responsibilities, we recommend placing the Air Pollution Administration Specialist at a minimum of Range 28 on the Tehama County salary schedule.

Explain how new duties evolved:

Over the years, the Air Pollution Control District has taken on additional grant-related work, including the Carl Moyer Program, the FARMER Program, and the Woodsmoke Reduction Program. Each of these initiatives has increased recordkeeping requirements to ensure proper implementation and adherence to their respective guidelines, while also helping the District achieve significant emission reductions without relying on additional or stricter regulations.

By creating an Air Pollution Administration Specialist role, the workload on our Air Pollution Control Specialists will be reduced, allowing them to focus on other tasks critical to grant implementation and the District's broader objectives. This role would also provide greater flexibility in future hiring, enabling the District to recruit either an Administrative Assistant or an Air Pollution Administration Specialist when staff turnover occurs.

Supervisor's name and title for this position:

The position would be supervised by the Air Pollution Control Officer

Budget Impacts:

Tehama County Air Pollution Control District Air Pollution Administration Specialist Financial Implications						
	Bargaining Unit	Proposed Range	FTE Budget Unit Number	Total Annual Salary Step A	Total Annual Salary Step E	Total Annual Maximum Increased Cost
Air Pollution Administration Specialist	JC	28	60110	$ 53,248	$64,729.60	$3,120.00
Funding Source:						
Carl Moyer Administrative Funding, Rx Fire Grant Funding, Other fee revenue						
This Position Will be paid for with the Air Pollution Control District Funding. No County General Fund dollars are included in these costs.						

RESOLUTION NO. _____

PAL CHANGE

NOW, THEREFORE, BE IT RESOLVED that the Board of Supervisors of the County of Tehama, State of California, does hereby amend **Resolution 2025-074, the 2025-26** Position Allocation List, as follows:

DEPARTMENT (BUDGET)/POSITION		**ALLOCATION** From	To	**RANGE** From	To	**EFFECTIVE DATE**
AIR POLLUTION (60110)

RESOLUTION NO. _____

TITLE: AIR POLLUTION ADMINISTRATION SPECIALIST **FLSA: Non-Exempt**

BOARD APPROVED: **BARGAINING UNIT: Misc.**

DEFINITION

Under general supervision, performs a variety of routine secretarial and administrative projects and assignments involving the compilation and evaluation of data and prepares recommendations for administrative and professional staff review; assists in the coordination and dissemination of program and project information to Tehama County Air Pollution Control District staff and the public; operates automated office equipment and generates reports; and does other work as required.

SUPERVISION RECEIVED AND EXERCISED

Receives general supervision from the Air Pollution Control Officer or designee. The Air Pollution Administration Specialist may direct staff on a project-by-project basis. No permanent full-time staff to supervise.

CLASS CHARACTERISTICS

This class is characterized by the responsibility to assist management, supervisory and professional staff in administering a variety of departmental programs, projects and operations by performing para-professional administrative assignments. This class is further characterized by performing coordination and liaison responsibilities with representatives of other divisions, public agencies, and private industry to collect and disseminate requisite program and project information. This class is distinguished from clerical classes by the analytical requirements necessary to collect and evaluate data in order to prepare appropriate recommendations on routine administrative projects and assignments. This is not considered a supervisory class in that the selection and discipline of employees is not assigned to this level and the number of employees for which direction is provided is limited.

EXAMPLES OF ESSENTIAL FUNCTIONS (Illustrative Only)

- Assists in the administration of Risk Management programs; prepares and/or reviews accident/loss reports, claims, insurance applications, questionnaires, and surveys; performs other Risk Management duties as directed.
- Assists in Purchasing programs and functions as assigned.
- Conducts studies as assigned relating to any matter under the direct or indirect authority of the Air Pollution Control Officer.

- Assists in coordinating the activities of assigned projects by reviewing program objectives, compliance, and procedures and timelines.
- Meets representatives of other divisions, public agencies and private industry to provide and clarify information.
- Coordinates and monitors the development of grant documents including finance tracking, public outreach and the timely submittal of requisite data and reports.
- Develops programs and conducts training as necessary for the department.
- Coordinates and schedules meetings, appointments, and speaking engagements for departmental personnel, appointed boards, and commissions; arranges for meeting rooms, may attend meetings and take minutes.
- Under general direction of the Air Pollution Control Officer, may direct the work of other office staff on a project-by-project basis.
- Serves as a liaison between key department personnel and other County departments, law enforcement agencies, news media, and the general public.
- Screens and responds to calls, visitors, and mail; addresses complaints and requests for information, including complex or unusual cases requiring research, resolution, or referral;
- Assists in interpreting and applying regulations, policies, procedures, and systems;
- Provides front counter assistance, directs visitors to appropriate staff or locations, and tracks public inquiries in relevant databases.
- Receives, opens, time stamps, sorts, and distributes incoming and interdepartmental mail; prepares and distributes outgoing mail.
- Organizes and maintains various administrative, confidential, reference, imaging, and follow-up files; purges files as required.
- Composes, types, transcribes, researches, formats, and proofreads a wide variety of correspondence, minutes, reports, letters, and memoranda; types from rough drafts, verbal instructions, or transcribing machine recordings; checks drafts for punctuation, spelling, and grammar; makes or suggests corrections to drafts.
- Receives, codes, logs, schedules, and distributes service requests and work orders.
- May review expenditure requests for staff, services, supplies, and equipment with appropriate staff members to determine appropriateness; prepares and presents recommendations for administrative review to identify and justify expenditures for specific requests;
- May compile the annual and mid-year budget revisions for the division; monitors and controls budget accounts to ensure appropriate spending by reviewing printouts of major expenses.
- Performs a variety of administrative assignments for managerial, supervisory, and professional staff in the compilation, review, and dissemination of program and project data and information; compiles data from various sources and arranges in proper format;
- Performs accurate mathematical, financial, and statistical computations required for report preparation and records maintenance;
- Prepares narrative and statistical reports, letters, memoranda, etc., as requested; reviews and evaluates data and develops written recommendations for review.

- Performs related work as required.

QUALIFICATIONS

Knowledge of:

- Methods and techniques for gathering compiling, analyzing and presenting data and report preparation;
- Arithmetical computations required for recordkeeping purposes to compile budget or project cost estimates.
- Applicable Federal, State, County, Department, and Division laws, regulations, codes, policies, and procedures;
- Modern office practices, methods, and equipment, including computer equipment;
- Computer applications related to the work;
- Principles of business letter writing;
- English usage, spelling, vocabulary, grammar, and punctuation;
- Record keeping principles and procedures;
- Basic bookkeeping and accounting practices including County budgeting and financial operations;
- Techniques for dealing effectively with and providing a high level of customer service to all individuals contacted in the course of work

Ability to:

- Conduct research, abstract and present data, and prepare recommendations on administrative projects and assignments.
- Respond to and effectively prioritize multiple phone calls and other requests for service;
- Compose correspondence and reports independently or from brief instructions; maintain records and databases;
- Make accurate arithmetic, financial, and statistical computations;
- Perform responsible clerical support work with accuracy, speed, and minimal supervision;
- Learn and understand the organization and operation of the County and of outside agencies as necessary to assume assigned responsibilities;
- Organize and prioritize a variety of projects and multiple tasks in an effective and timely manner;
- Organize own work, set priorities, and meet critical time deadlines;
- Learn, interpret, and apply administrative and departmental policies and procedures;
- Organize, maintain, and update office database and records systems;
- File materials alphabetically, chronologically, and numerically;
- Schedule and coordinate projects; set priorities; adapt to changing priorities; meet critical time deadlines;
- Enter and retrieve data from a computer with sufficient speed and accuracy to perform assigned work;
- Operate modern office equipment, including calculators, copiers, and computer equipment;

- Use word-processing, database, spreadsheet, and graphics software applications programs;
- Use English effectively to communicate in person, over the telephone, and in writing;
- Use tact, initiative, prudence and independent judgment within general policy, procedural, and legal guidelines;
- Maintain high personal standards of ethics and integrity;
- Make sound, educated decisions;
- React calmly and professionally in emergencies, emotional and/or stressful situations;
- Establish and maintain effective working relationships with those contacted on the job, including those of different social, ethnic, and economic backgrounds.

Education & Experience:
Any combination of training and experience which would provide the required knowledge, skills and abilities is qualifying. A typical way to obtain the required qualifications would be:

- Equivalent to the completion of twelfth (12th) grade and supplemental training or coursework in secretarial skills, business administration, or computer applications related to the work. An Associates Degree is highly desirable.
- One (1) year of experience performing administrative support work which included gathering and evaluating data and developing reports and/or recommendations for administrative action, preferably involving the supervision of others or in a lead capacity.
- Other combinations of education & experience may be considered.

License & Special Requirements:

- A valid Class C California driver's license or alternative form of transportation may be required for some positions at the time of appointment. Individuals who do not meet this requirement due to a disability will be reviewed on a case-by-case basis.

PHYSICAL DEMANDS

Must possess mobility to work in a standard office setting and use standard office equipment, including a computer; to operate a motor vehicle, and to visit various County and meeting sites; vision to read printed materials and a computer screen; and hearing and speech to communicate in person, before groups, and over the telephone. This is primarily a sedentary office classification although standing in work areas and walking between work areas may be required. Finger dexterity is needed to access, enter, and retrieve data using a computer keyboard, typewriter keyboard, or calculator and to operate standard office equipment. Positions in this classification occasionally bend, stoop, kneel, reach, push, and pull drawers open and closed to retrieve and file information. Employees must possess the ability to lift, carry, push, and pull materials and objects, up to 30 pounds, as necessary to perform job functions.

WORKING CONDITIONS

Employees work in an office environment with moderate noise levels, controlled temperature conditions, and no direct exposure to hazardous physical substances. Employees may be exposed to dust, scents and fumes. Employees may interact with upset staff and/or public and private representatives in interpreting and enforcing departmental policies and procedures.

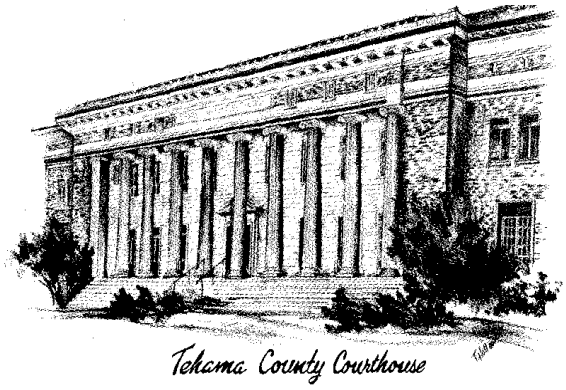
AMERICAN LEGION - Service Officer Norman L. Goodin

Requested Action(s)
a) PROCLAMATION - Request adoption of the proclamation proclaiming November 11th as Veterans Day



Financial Impact:
None.

Background Information:
This request was received from a local veteran's group to be brought forward to the Board for recognition of Veterans Day. Due to cancelled meetings in recognition of Election Day on November 4th and the Veterans Day holiday observed by Tehama County on November 11th, this proclamation is being brought after the fact, with notification to the requesters.

Board of Supervisors
COUNTY OF TEHAMA

Gabriel Hydrick
Chief Administrator

District 1 – Rob Burroughs
District 2 – Tom Walker
District 3 – Vacant
District 4 – Matt Hansen
District 5 – Greg Jones

PROCLAMATION

HONORING ALL VETERANS, THE VOLUNTEERS WHO ASSIST THEM, AND RECOGNIZING NOVEMBER 11th AS VETERANS' DAY

WHEREAS, the contributions and sacrifices of the men and women who served in the Armed Forces have been vital in maintaining our freedoms and way of life; and

WHEREAS, tens of millions of Americans have served in the Armed Forces and hundreds of thousands of Americans have given their lives while serving the Armed Forces during the past century; and

WHEREAS, the State of California is home to over 1.8 million veterans and their families; and

WHEREAS, our veterans are brave and selfless individuals who, when duty called, willingly put themselves in harm's way to defend the lives and liberty of others; and

WHEREAS, Tehama County is home to a robust group of volunteers who continue to serve long after their tour is done assisting other veterans; and

WHEREAS, our veterans understand the important task before those American service men and women now keeping watch; and

WHEREAS, all Americans should observe and appreciate the sacrifices our veterans made who fought for peace and defended democracy in our land and abroad; and the volunteer efforts of those who assist them.

NOW, THEREFORE, WE THE TEHAMA COUNTY BOARD OF SUPERVISORS HEREBY PROCLAIM NOVEMBER 11th AS VETERANS' DAY

In Tehama County and urge all citizens to honor and recognize the members of our communities who have served in the armed forces.

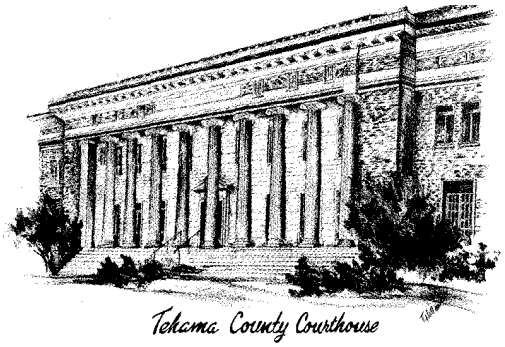
BOARD OF SUPERVISORS

Requested Action(s)
a) PROCLAMATION - Request adoption of a proclamation proclaiming November 17 - 21, 2025 as California Clerk of the Board of Supervisors week in Tehama County



Financial Impact:
None.

Background Information:
The Clerk of the Board fulfills numerous statutory and locally mandated requirements and serves as the official record keeper of actions taken by each County's Board of Supervisors. We would like to recognize the broad scope of services each Clerk of the Board and their respective office provides with the highest integrity and respect for the public's business.

Board of Supervisors
COUNTY OF TEHAMA

Gabriel Hydrick
Chief Administrator

District 1 – Rob Burroughs
District 2 – Tom Walker
District 3 – Vacant
District 4 – Matt Hansen
District 5 – Greg Jones

PROCLAMATION OF THE TEHAMA COUNTY BOARD OF SUPERVISORS RECOGNIZING NOVEMBER 17 THROUGH NOVEMBER 21, 2025 AS CALIFORNIA CLERK OF THE BOARD OF SUPERVISORS WEEK

WHEREAS, California counties provide many services that are essential to the lives of Californians; and
WHEREAS, the position of the Clerk of the Board of Supervisors (Board) plays an integral role in the function of California County government; and
WHEREAS, the Clerk of the Board performs many legally mandated functions that protect and preserve the rights of the citizens to an open and accessible government; and
WHEREAS, the work performed by Clerks of the Board is a time honored and vital part of local government; and
WHEREAS, the Clerks duties of record keeping is revered, their work among the earliest recorded on behalf of the public, and Clerks have long pledged to maintain their neutrality and impartiality of the proceedings of government; and
WHEREAS, the California Clerk of the Board of Supervisors Association, an affiliate of the California State Association of Counties, is organized to promote the principles of good government, to represent the interests of Clerks of the Board with legislative bodies and other professional organizations, to encourage the development of professional growth and education, and to support the objectives of all regional groups established within the Association; and
WHEREAS, it is most appropriate that we recognize the accomplishments of Clerks of the Board across the 58 counties in the State of California.

NOW, THEREFORE, BE IT PROCLAIMED, that the Board of Supervisors of the County of Tehama does herewith proclaim the week of November 17 through November 21, 2025 as "California Clerk of the Board of Supervisors Week" in recognition of the high level of services bestowed upon the people of Tehama County and the people of California by Clerks of the Board.

Dated this 18th day of November, 2025.

CLERK OF THE BOARD - Clerk of the Board Sean Houghtby

Requested Action(s)
a) Declare a vacancy for the position of District 3 Supervisor

b) Board discussion and direction to staff regarding the candidate selection process to fill vacancy created by the resignation of Supervisor Pati Nolen, effective 10/28/2025

Financial Impact:
No financial impact associated with this item.

Background Information:
On October 28, 2025, Pati Nolen resigned from her office as District 3 County Supervisor, effective immediately.

In 2014, following a vacancy that was required to be filled by the Governor, Tehama County voters approved an amendment to the County Charter that allowed for local control of the appointment. Under Article II, Section 7 of the Charter, whenever a vacancy occurs, the remaining members of the Board may fill the vacancy within 90 days after the vacancy occurs. If the Board fails to make an appointment within this time period, the appointment power reverts to the Governor. The appointee, regardless of whether by Board or by the Governor, would hold office until the following election and qualification of their successor. The election would be scheduled for June 2, 2026 (filing deadline March 6, 2026), with a run-off election in November, if necessary.

Board precedent is to formally post the vacancy on 11/19/25 through 12/9/25 (21 days) and invite applications from interested residents of District 3. Pursuant to Government Code 25041, each applicant must have been a registered voter of the district which they seek to represent for at least 30 days immediately preceding the deadline for documents for the office and shall reside in the district during their incumbency. The application will include a Declaration of Candidacy and a Candidate Statement of Qualifications. Interviews of eligible candidates are planned be conducted as follows:

1) A Special Meeting will be set to avoid time constraints on a date selected by the Board. Staff recommends 12/16/25 beginning at 5:00 p.m. If there are more than 7 applicants, an additional meeting may be needed to conduct all interviews.
2) Public Comment will be received at the beginning of the meeting, with the standard 3-minute time limit.
3) Candidate statement of interest and qualifications, not to exceed 3 minutes per candidate.
4) A facilitator will ask questions of each candidate in a round-robin style format
5) The Board will publicly vote to appoint a candidate.

Please note, this process is not defined by the Charter and is therefore at the discretion of the Board.

This candidate selection process follows the process used to fill similar vacancies for other elected positions as allowed within the Charter.

Staff is requesting Board direction on how to proceed if there is no candidate selected after interviews are conducted.

ATTENTION REGISTERED VOTERS IN TEHAMA COUNTY DISTRICT 1 INTERESTED IN BECOMING A SUPERVISOR:

ELECTED OFFICIAL OPPORTUNITY

Board of Supervisors
Supervisor, District 1

Application Deadline: September 21, 2021 at 5PM

HOW TO APPLY:

For more information and to apply, visit the Tehama County Career Opportunities Page via the link below!

www.governmentjobs.com/careers/tehama

SALARY
(Per Pay Period)

$1,045.00 / Month

BENEFITS

This position is an unrepresented position. Certain benefits contained in the Tehama County Management Employees' Association MOU apply:

- Approximately 80% of the premium for medical, dental, and vision plan is paid by the County. The current employee rate, as of January 2021, is $193.93/mo. (EPO plan). The plan covers the employee and all eligible family members.
- $100 per month communication allowance
- $500 per month additional comp./travel allowance
- A generous retirement plan through the California Public Employees' Retirement System (CalPERS).
- An Employee Assistance Program is provided to all employees and employees' family members at no cost.
- A $30,000 Life Insurance Plan for employees.
- A deferred compensation retirement savings plan is available to employees with a 2% deferred compensation contribution each pay period.

ABOUT THE POSITION

The Board of Supervisors is the governing body of the County and certain special districts. The Board enacts ordinances and resolutions, adopts the annual budget, approves contracts, appropriates funds, determines land use zoning for the unincorporated area, and appoints certain County officers, including the Chief Administrator and members of various boards and commissions.

This recruitment is for Tehama County District 1 Supervisor, and is an elected position. This appointment will hold office until the election and qualification of a successor. The appointed Board Member may run for an additional 2-year term starting at the June 2022 election, with a run-off election in November 2022, if necessary. The Board of Supervisors generally meets at 10 a.m. each Tuesday at the Tehama County Administrative Office located at 727 Oak Street, Red Bluff, CA.

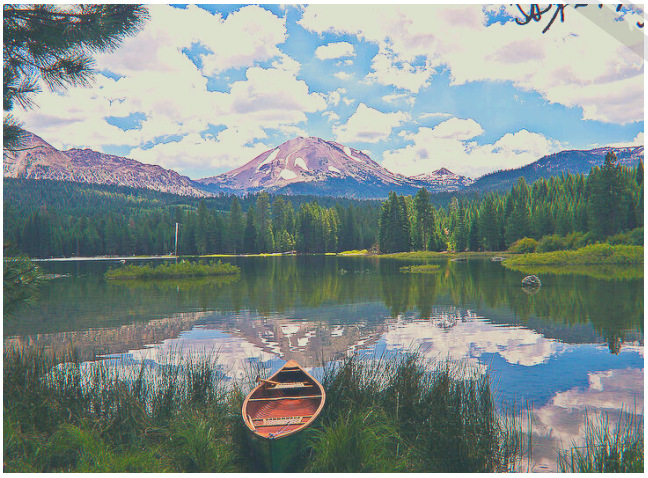
ABOUT THE COUNTY

Tehama County is a charter county with a board-administrator form of government whose Chief Administrator is selected by a five member Board of Supervisors, who are elected at large. Each Board member serves a four year term. The Board of Supervisors governs Tehama County and is responsible for establishing the county budget and for executing all ordinances, resolutions and other legal actions that fall within the jurisdiction of Tehama County. The County has an operating budget of approximately $223 million and approximately 907 allocated positions. On a regional level, the County provides services to anyone residing within the 3,000 square miles that comprise its legal boundaries.

These services include:

- Agriculture, Animal Services
- Assessor, Auditor-Controller
- Building & Safety
- Child Support Services
- Public Administrator/Public Guardian
- County Clerk & Recorder
- County Counsel
- District Attorney,
- Environmental Health
- Fire
- Health Services
- In Home Supportive Services
- Landfill Management Agency
- Library
- Planning
- Probation/Juvenile Hall
- Public Works
- Sheriff/Coroner/Animal Regulations
- Veterans Services
- Social Services
- Treasurer/Tax Collector Services

See other side for more information.



ELECTED OFFICAL OPPORTUNITY

Supervisor, District 1

TEHAMA COUNTY BOARD OF SUPERVISORS

ABOUT THE COMMUNITY

Nestled in the northern Sacramento Valley, Tehama County lies approximately midway between Sacramento and the Oregon border. The County sits alongside the beautiful Sacramento River and is only 50 miles West of Lassen National Park. Tehama County is the central point of widespread recreation; with nearby camping, hunting, fishing, golfing, snow skiing, and boating resources as good as or better than anywhere in California. Tehama County is home to approximately 65,000 people. In our County's small town atmosphere, you can experience the feeling of knowing your neighbors. Additionally, the mean travel time to work is only 23 minutes and the cost of living in Tehama County is lower than many other places in California.

SPECIAL REQUIREMENTS

- Candidate shall be a registered voter of District 1 for at least 30 days immediately preceding the deadline to file nomination documents for the office of supervisor, and shall reside in the district during incumbency.
- Candidate's application will become a public document.
- Interviews will be held in a public location before the Tehama County Board of Supervisors.
- Must complete and attach to application two additional forms: Declaration of Candidacy and Statement of Qualifications. These forms are linked in the job announcement online and must be included as an attachment with your completed application.

Application Deadline: September 21, 2021 at 5PM

Tehama County is currently recruiting for one (1) position to fill a future vacancy for the Tehama County Board of Supervisors

BOARD OF SUPERVISORS

Requested Action(s)
a) Request appointment of a Vice-Chair to fill the vacancy for the remainder of 2025

Financial Impact:
There is no financial impact associated with this item.

Background Information:
Due to the resignation of the District 3 Supervisor, the Board may consider appointing another member to serve as Vice-Chair for the remainder of 2025. This will not impact the annual appointment of the Chair and Vice-Chair that will occur during the first regular board meeting in 2026.

COMMITTEES / COMMISSIONS - Board of Supervisors

Requested Action(s)
a) Request to appoint one (1) representative of the Board of Supervisors and one (1) alternate to serve on the California State Association of Counties (CSAC) Board of Directors for the 2025-2026 term, effective 12/1/2025
(Incumbents: Vacant, Alternate: Tom Walker)

Financial Impact:
Travel expenses may be incurred for these representatives or other members of the Board to attend annual conferences. These travel expenses have been included in the travel budget for each Supervisor.

Background Information:
CSAC requests all nominations for new directors to be received prior to their annual conference, which is set to commence on Monday, December 1, 2025.

If the Board chooses to not nominate a new representative at this time, the current appointee, Tom Walker, will continue to serve in this capacity.

September 20, 2025

TO: Chairs, Boards of Supervisors

FROM: Graham Knaus, CEO

SUBJECT: Nomination and Selection of CSAC Board of Directors Members

In accordance with the CSAC Constitution, we would like to provide you with information about the nomination process for CSAC Board of Directors members and alternates.

CSAC Board members and alternates are nominated by their respective Boards of Supervisors and appointed by the CSAC Executive Committee. The nomination is for a one-year term commencing with the CSAC Annual Meeting. Any member of your Board of Supervisors is eligible for the directorship.

The 2025 Annual Meeting will commence on Monday, December 1. At this meeting, the new Board will meet first by caucus (urban, suburban, and rural) to nominate CSAC Officers and Executive Committee members, and again as a full Board to elect the 2025-2026 Executive Committee and to conduct other Association business.

Please note that if your county is nominating a new member to serve on the CSAC Board of Directors and you want that representative to vote on behalf of your county during the CSAC Annual Meeting, you must appoint this representative prior to the start of the Annual Meeting on Monday, December 1.

Attached is the current Board roster, along with a nomination form. If you do not submit a 2025-2026 nomination, your current Board representative and alternate will continue to serve. Please note that counties can change Board members and/or alternates at any point throughout the year, subject to final appointment by the CSAC Executive Committee.

If you have any questions or need further information, please contact Korina Jones at kjones@counties.org or 916-247-0032.

AUDITOR-CONTROLLER - Auditor-Controller Krista Peterson

Requested Action(s)
a) INFORMATIONAL PRESENTATION - Report and Financial Overview for June 30, 2025 and September 30, 2025

Financial Impact:
There is no Financial Impact

Background Information:
The June 30, 2025, report shows the Financial Status of Operating Funds 101 through 116 (excluding 104 - Fish & Game). The detail report gives revenue and expenditure totals by fund and budget unit as of June 30. The June quarter includes the expense and revenues as of June 30, 2025, and reflects closing entry adjustments applicable to Fiscal Year 2024/25. Final budget numbers include the Adopted budget and all budget adjustments approved by the Board throughout the year, Service and Supply budget adjustments requested by the department, adjustments made by Auditor-Controller for items over budget by category, as well as encumbrances adjustments.

The September quarter report shows the Financial Status of Operating Funds 101 through 116 (excluding 104 - Fish & Game). It shows expenditures and revenues by fund and budget unit for the 1 st quarter of fiscal year 2025/26. The budget represents “final budget” as approved by the board, as well as some encumbrance adjustments made after the budget was approved.

TEHAMA COUNTY

AUDITOR'S FINANCIAL REPORT

AS OF JUNE 2025

PRESENTED BY

KRISTA PETERSON

County of Tehama

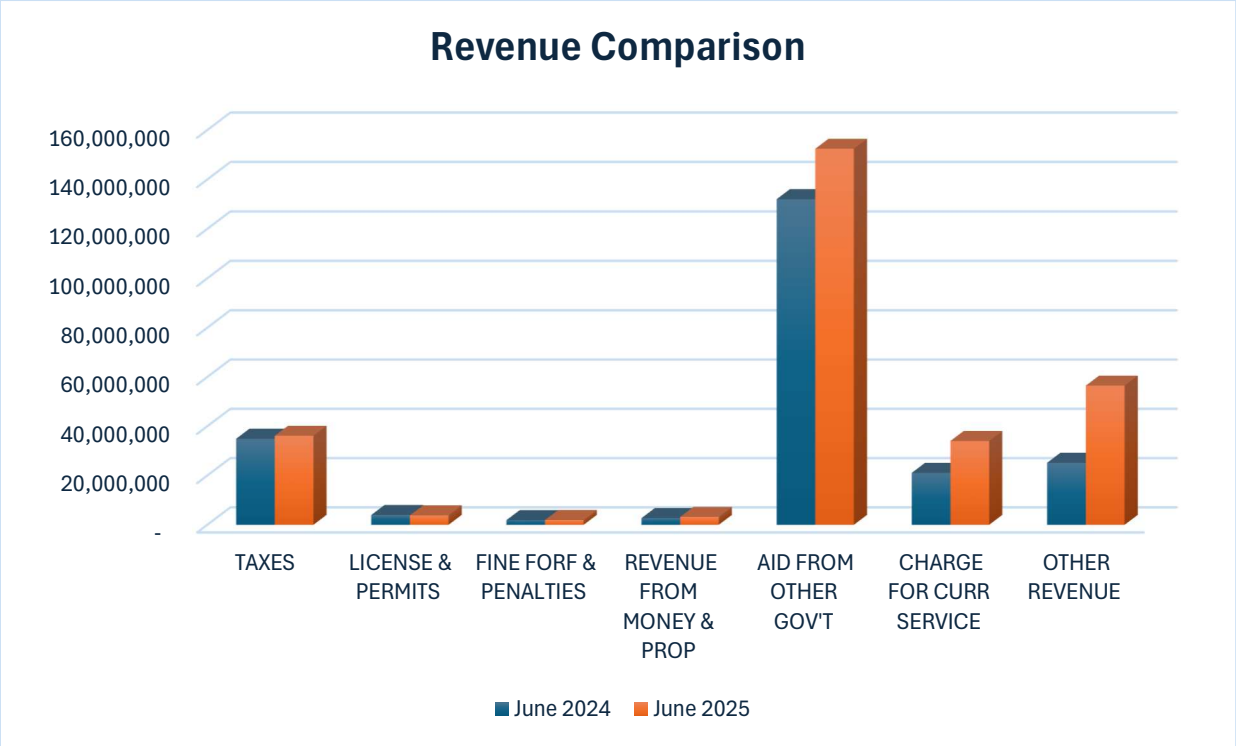
Financial Report

Quarter ending June 2025

Overview

Presented in the following pages are the details of expenditures and revenues for the June 2025 quarter for fiscal year 2024/2025.

The county uses a modified accrual for financial reporting purposes and applies all expenditures and revenues incurred or earned through August 31st to the prior year. The final entries are done via journal entries and are reflected in the totals of this report.



The percentage of budget and remaining budget calculations shown in the following pages are calculated using the June 30, 2025 (after closing adjustments) totals in comparison to budget.

The budget being presented reflects the Final Budget figures plus any board approved adjustments…including mid-year budget adjustments.

Revenue & Expenditure trends include activity from Funds 101 through 116 (excluding 104 – Fish & Game) and reflect information from Debt Service, Capital Outlay and Risk Management. Significant changes by fund will be addressed in the Notes section of this report.

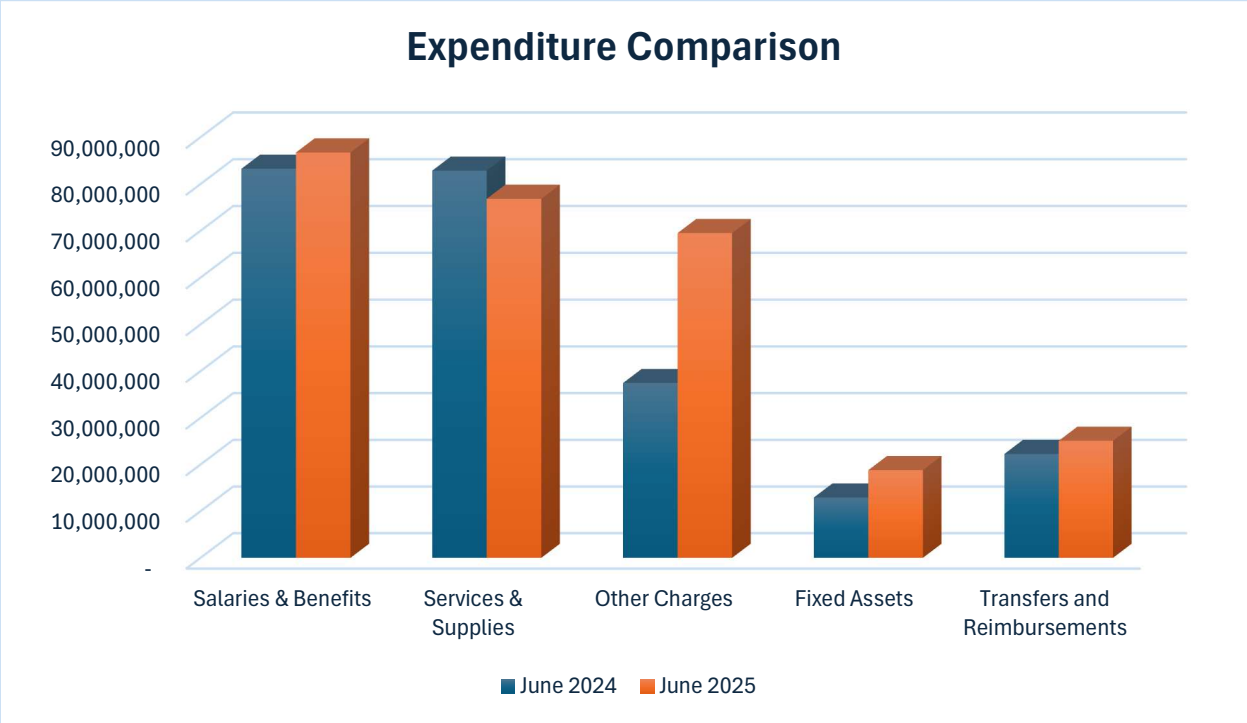
Revenue Comparison

Revenue	June 2024	June 2025
TAXES	34,967,011	36,151,023
LICENSE & PERMITS	4,013,048	3,865,161
FINE FORF & PENALTIES	1,910,521	1,964,276
REVENUE FROM MONEY & PROP	2,743,597	3,226,732
AID FROM OTHER GOV'T	132,042,647	152,446,139
CHARGE FOR CURR SERVICE	21,105,669	34,042,048
OTHER REVENUE	25,206,768	56,527,340
Total	**221,989,261**	**288,222,719**

Revenue Comparison Notes…

The overall differences by source from June 2024 to June 2025 are as follows:

- Property Tax & Sales Tax revenue increased by $1,184,012.
  - The anticipated increase for FY 2024/25 was 4%, or approximately $900,000. We ended the year on target with an increase of $934,590.
  - Sales tax revenues increased by nearly $360,000.



- License & Permit revenue is down $147,887.
  - Construction permits were reduced by $395,218, Septic & Well permits reduced by $18,460 and Planning permits reduced by $8,534. These decreases are offset by increase in Franchise Fees of $243,872.

Revenue Comparison Notes Cont.

- Fines & Forfeitures increased slightly by $53,755.
- Use of money is up $483,135.
    - Interest earnings continue to be higher on investments.
- Aid from Other Agencies (mainly state & federal revenue) is up $20,403,492.
    - Notable increases include: $12,170,488 State Grant dollars for Jail Expansion, Public Safety Augmentation increase of $678,278 and $7,689,187 in State Mental Health revenues.
- Charge for Services are up $12,936,379.
    - There are multiple Increases across funds. Most notably were Fire – Other Fees of $1,972,393, Risk Management - Workers Comp & General Liability Insurance $1,808,616, Mental Health Medi-Cal - $9,364,846
- Other Revenues is up overall by $31,320,572.
    - This is mainly due to the newly created TRAN from the County Treasury Pool to Health Agency in the amount of $30,000,000.
- Transfers are up overall by $2,796,387
    - The increase is mainly due to General Fund Contribution to Public Safety of $3,244,744.
    - This increase is offset by decreases of $379,620 to ACO and $75,430 to Social Service Fund.

Expenditure Comparison

Expenditure	June 2024	June 2025
Salaries & Benefits	83,253,715	86,731,599
Services & Supplies	82,855,153	76,831,297
Other Charges	37,461,186	69,507,545
Fixed Assets	12,936,812	18,800,139
Transfers and Reimbursements	22,261,789	25,073,021
Total	**238,768,655**	**276,943,601**

Expenditure Comparison Notes

As of June 2025, total expenditures were $276,943,601 compared to $238,768,655 in June 2024.

The overall differences by object level from June 2024 to June 2025 were as follows:

- Salary & Benefits are up $3,477,884.
  - The increase is a result of increases in Unfunded PERS & Advanced Discretionary PERS payments of $1,687,346 as well as increased hiring resulting in an increase of $1,515,247 in regular salary expense.
- Service & Supplies down $6,023,856.
  - The decrease is mainly due to decreases in Road Capital projects of nearly $8 million, and Social Service professional service decreases of $1.8 million. These decreases were offset with an increase of over $2 million due to Emergency Services expense for the Park Fire.

Expenditure Comparison Notes cont.

- Other Charges are up $32,046,359.
    - This increase is mostly due to the TRAN between the Health Agency and the County Treasury with a principal payment of $30 million and Interest of nearly $1 million.
    - Additionally, Support and Care increased by nearly $1 million overall.
- Fixed Assets are up $5,863,327.
    - This increase is largely due to increased Jail Expansion expense of $7,320,264 and a net increase of $1,060,064 for vehicle purchases by Fire and Road.
    - The increase was offset by a reduction of $1,334,059 for the Navigation Center completion as well as various other decreases to Special Departmental Equipment and Improvements to Structure and Grounds.
- Transfers and Reimbursements are up $2,811,232.
    - The increase is mainly due to contributions to Public Safety which grew by $3,244,744. The increase is offset by a reduction of $363,875 for debt service payments and interfund transfers in the Health Agency of $365,412

Notes by Fund

General Fund – Fund 101

Revenues

Overall, the General Fund has received 96.6% of budgeted revenues. As of June 30, 2025, 102.3% of the tax revenue was received. **Property Tax** revenue exceeded budget by $264,957 and **Sales Tax** revenue exceeded budget by $418,122. **License & Permit** revenue exceeded budgetary expectations by $375,431. The increase is due mainly to increased Franchise Fees. **Fines & Forfeiture** revenue has exceeded the budgeted revenue of $1,203,338 by $536,542. This is due largely to the Tax Loss Reserve adjustment increase and is offset by the lack of Marijuana fines of $460,266 and Court Fines. **Revenue from Money & Property** has exceeded budgeted revenues by $825,564 due to interest earnings. 65% of **Aid from Other Government Agency revenues** was recognized, leaving a balance of $2,498,755. These budgeted amounts are made up of state grants and contracts, ARPA transfers, & PILT. The main contributing factor for the unrecognized balance is the State Disaster Relief of $1,975,763 for the Park Fire. Other significant areas where the budgeted amount of revenue was unmet were State Grants for Parks & Recreation in the amount of $338,561 & State Grants for Broadband in Advertising budget with a balance of $431,111. **Charge for Services** finished with 82% of budget received and **Other Revenue** has unrecognized budgeted revenue of $442,036. The budget in this category is largely comprised of the donation from the Nomlaki Tribe in the amount of $350,000 which was not received.

Expenditures

Overall expenditure appropriations for the General Fund are 88.3% of the $57,340,028 budgeted. All object level budgets are below 100% benchmark. **Salary & Benefits** budgets expended 90.5% of the budgeted $17,641,595. **Service & Supply budgets** expended 84.4% of the $9,049,704 allocation. **Other Charges** only expended $1,404,386 of the $2,014,953 budget. This object level includes Trial Court MOU & Court Facilities payments and Broadband Technical Assistance. **Fixed Asset** appropriations are budgeted at $1,195,928 and expended 68.1% of that amount. Most of the revenues for these expenditures are offset with revenues from ARPA, LATCF and grants. The fixed asset budget includes the Auditor software upgrade, vehicles, and computers. **Transfers & Reimbursements ended** with 90.4% of budgeted appropriations being expended. This account includes contributions to Public Safety & non-General Fund Departments.

Road Fund – Fund 102

Revenues

The Road Fund received 87.6% of budgeted revenue appropriation of $44,051,508. Their main source of revenue is **Aid from Other Government Agencies** which had a budget of $42,591,906 with $37,821,997 received. Aid from Others includes reimbursements from CalTrans for road projects, SB1 for road repairs and State Highway User's tax revenue. This revenue directly

relates to Professional Service expenditures claimed for ongoing projects. **Tax Revenue** is budgeted at $850,000 and comes from Local Transportation Funds (1/4 cent statewide general sales tax). They received only $510,042, or 60% of their budgeted revenues for fiscal year 2024/25.

Expenditures

The Road Fund has only expended 77% of their $44,051,508 appropriations. **Salary & Benefits** expended 87.3% of the allocated budget. **Service and Supplies** is currently expended at 76.4% of budgeted allocations. This category of expenditures includes Professional Services which is largely influenced by progress made on major projects. **Other Charges** ended the year with only 39.2% of the $372,622 expended and **Fixed Assets** spent 81.8%, or $718,570 of the $878,375 budgeted.

Capital Outlay – Fund 103

Revenues

The Capital Outlay fund ended the year with only 55.9% of budgeted revenues. The major revenue source for this fund this year was state grants. The budget of $24,829,640 will come from the Board of State and Community Corrections (SB1022 award) and is intended for the Jail Re-entry project. $13,751,901 was received in 2024/25. The initial expenditures were covered by county match which was contributed in prior years by General Fund and Community Corrections. The remainder of this revenue is anticipated to come in during 2025/26 as the project wraps up.

Expenditures

The Capital Outlay Fund only expended 54% of their $24,864,649 appropriations. This fund is used for countywide capital projects. The projects budgeted this year include Jail Re-Entry with a budget of $22,903,389 and expenditures through the end of June 2025 of $12,582,472, Navigation Center with a budget of $584,063 and expenditures of $503,436 and Walnut Street Slurry Seal with a budget of $745,577 and expenditures of $95,090.

Fire Fund – Fund 105

Revenues

Recognized revenues for the Fire Fund exceeded the overall budget by 22.3%. **Property Tax Revenue** ended the year with 111.2% of the budgeted $4,458,000 revenue. This was $501,489 more than budgeted. **Use of Money & Property** is $481,253, or 229.2% of anticipated revenue. **Aid From Other Government Agencies** and **Charge for Service** revenue exceeded budget by 38.4% and 35.5%, respectively. The Aid from Other Government Agencies is from a state grant and property tax relief. The combination of both was $672,782 over expected revenue. **Other Revenue** was not budgeted and included the sale of fixed assets and outdated warrants.

Expenditures

The Fire Fund has expended 74.8% of their $10,257,149 appropriations. The Fund only utilized 76.1% of appropriations for **Salary & Benefits. Service & Supplies** expended 79.9% of appropriations, and **Other Charges** used only 63.6% of the $4,973,295 budgeted. **Fixed Assets** spent 2,216,536, or 92.9% of their budgeted $2,385,046.

Public Safety Fund – Fund 106

Revenues

The Public Safety Fund is largely supported by **General Fund Contributions**. Total Revenues received without General Fund Contributions was 92.4% and with General Fund Contribution, the fund received 91.7% of anticipated revenue. As a result of the contributions, Public Safety **Other Revenue – GF Contribution** ended the year with 91.2% of the budgeted appropriation of $24,824,479. The secondary main source of revenue for Public Safety is **Aid From Other Government Agencies** with 91.5% of recognized revenue as of June 30,2025. This source of revenue is comprised of Public Safety Augmentation, Citizen Option Public Safety, AB443 and Realignment for various public safety functions like AB109 programs, Court Security & Bailiff. **Charges for Services** revenue ended with 90.4% of budgeted revenues. The main contributors to this revenue source are Juvenile Hall for Institutional Care provided for other county juveniles, the District Attorney for contracted Services with Social Services, and various Law Enforcement Services provided by the Sheriff.

Expenditures

The Public Safety Fund has expended 82% of the $45,885,451 expenditure appropriations. **Salary and Benefits** expended 92.6% of the $31,948,208 budget appropriations through June 30, 2025. **Services & Supplies** used 98.1% of the $11,126,241, and **Fixed Assets** appropriations ended with 92.4% of the budget utilized. **Special Contingency** budget is $1,166,145 and is used to cover increased to health insurance premiums, special comp time payouts, vacation in lieu and retirements payouts. This account was used at the end of the year to cover shortages in budget units within the Public Safety Fund in the amount of $290,315.

Risk Management – Fund 107

Revenues

Risk Management is an Internal Service Fund and is used to manage the charges for certain activities such as liability insurance, workers compensation, and liability. The fund supports all county departments and recovers costs through **Charges for Services.** The fund received 106% of the budgeted revenue of $8,359,390. While this seems to be over the anticipated budget it is largely due to year-end closing requirements made to Internal Service Funds. While the Fund receives most of its revenue through **Charges for Services**, it also far exceeded expectations for **Interest Revenue** by $171,674.

Expenditures

Risk Management expenditures include **Salary & Benefits** for general operations which reached 93.2% of the appropriations as of June 30,2025. **Services & Supplies** spent 110.4% of the budgeted appropriations of $7,999,471. The budget in Service & Supplies is mostly comprised of premiums for Workers Compensation, Liability and Medical Malpractice. However, the year-end adjusting entries is the driving factor behind the overage in Service & Supplies.

Social Services – Fund 108

Revenues

Social Services recognized 90.3% of the budgeted revenues of $55,387,527. While they have **Rental Income,** and **Charges for Services** revenue, their primary revenue source comes from **Aid from Other Government Agencies.** This source is mostly Federal and State monies used for Public Assistance and Administration of their programs. Overall **Aid from Other Government Agencies** received 90% of the $54,080,128 appropriations. Some of the funding for Social Services programs comes in the form of an advance from the federal/state government, but much of it is received from Sales Tax and is held in Special Revenue funds for Realigned programs. This revenue is transferred monthly for Assistance expenditures and quarterly for administrative related expenditures. **Other Revenue** is budgeted at $1,131,383 which is largely comprised of the General Fund contribution of $976,909, as required by law. The excess revenue in Other Revenue is due to Insurance Settlements, additional Public Assistance Repayments and Unanticipated Revenue.

Expenditures

Social Service Fund expended 90.4% of their total appropriation budget of $55,392,527. **Salary & Benefits** are all expended through the administrative budget unit and expended $17,534,524, or 91%. **Service & Supplies** is also strictly charged to the administrative budget unit. Expenditures at this object level reached 82.6% of the $10,604,776 budget. **Other Charges** is primarily assistance payments for Calworks, Adoption Assistance, Foster Care, THP and other assistance programs. $23,649,218 of the $25,312,252 appropriations, or 93.4% was expended as of June 30, 2025. **Transfers and Reimbursements** are budgeted at $108,428 and is for the funds' portion of the Aircon Debt for 24/25.

Debt Services Fund – Fund 110

Revenues

The Debt Services Fund is used for county debt. Revenues are transferred in from various funds to make the Principal and Interest payments each year. The funding requirement in 24/25 was $1,461,005 and 103.3% or $1,508,564 was received. The excess revenue is due to interest earnings.

Expenditures

The County has two long term debts. One is a Certificate of Participation (COP) which was used for Capital Improvements and the other is for the Energy Efficiency project called Aircon. The requirement for the Principal and Interest payments for the COP in 24/25 was $864,513 and $594,398 for Aircon.

Health Services Fund – Fund 112

Revenues

Health Services Fund received 109.1% of their anticipated revenue of $40,086,338. One of the fund's main revenue sources is **Aid from Other Government Agencies.** As of June 2025, 115.5% was received. This revenue source includes Other State Health, State and Federal Grants, State Mental Health, Drug and Alcohol funding and Health & Welfare Realignment. Some of these monies are directly deposited in the budget units associated with the Health Fund, but much of their money is received from Special Revenue Funds. The Health Fund has been steadily catching up on billing, which is evidenced by their overage of budgeted revenues in Aid From Other Government Agencies. **Charge for Services** is also a major revenue source for this fund. 97.1% of the $15,472,995 budgeted was received. **Charge for Service** revenue received was mostly from Mental Health Med-Cal Fees of $12,939,893. Other contributors to the total revenue in this source include Interfund Revenue (from other County funds for Health Services provided) of $1,098,371 and a few other service fees. **Other Revenue** includes Miscellaneous various small programs with a budgeted amount of $187,655 and a contribution from General Fund of $83,392. New in 2024-25 was the TRAN between the County Treasury and the Health Agency. In 2024/25 the Agency borrowed $30,000,000 to maintain a positive cashflow.

Expenditures

Health Services Fund spent 90.2% of their allocated budget of $39,907,601 (excluding TRAN activity). **Salary and Benefits** finished with only 78.6% spent of their allocated budget due to staffing at the agency. **Service & Supplies** used 97.1% of their $12,397,406 expenditure allocation. Of this amount, $8,314,500 was dedicated to Professional Services for contracts. The contracts not only allow the Health Agency to offer necessary services to the community, but they also help bridge some gaps due to staffing shortages. **Other Charges,** which includes Support and Care of Persons, Institute Mental Disease & Support & Care -State Hospital, had a budget of $7,749,485 and expenditures as of June 30, 2025, of $8,709,640, or 112.4%. Also recorded in Other Charges is the TRAN repayment and interest. Each year the fund is required to pay back the amount borrowed for the TRAN with interest. On June 30, 2025, a transfer was done to charge back the $30 million and collect $960,155. Because the TRAN is borrowed from the County Treasury Pool, the interest is credited to the Interest Clearing Fund and distributed to all funds based on average daily cash balance by fund in the County Treasury. **Transfers & Reimbursements** includes debt payments of $118,954 and Intrafund transfers between budget units within the Health Services Fund.

Child Support Services Fund – Fund 113

Revenues

Child Support Services Fund is supported by Federal and State revenues which are recognized in **Aid from Other Government Agencies.** Revenues received overall for this fund were 94.9% of the allocated budget of $2,372,599. **Interest Revenue** was budgeted at $5,000 for the year and received $15,018.

Expenditures

The fund expended 93.9% of their allocated $2,377,599 expenditure budget. **Salaries and Benefits** are just under the 100% and **Service and Supplies** utilized 85.8% of their allocated $550,838 budget.

Building & Safety Fund – Fund 115

Revenues

The Building & Safety Fund is supported by **License and Permit** revenue. Although fee revenue has reduced by nearly $400,000 compared to June 2024, the fund still received 95.1% budgeted of their $1,347,783 License and Permit budget. **Fines , Forfeitures and Penalty** revenue finished the year with 81.9% of the allocated $7,000. **Interest** earnings exceeded the $20,000 budgeted amount by $103,157.

Expenditures

The fund expended only 81.9% of their allocated $1,366,766 budget. **Salaries and Benefits** ended the year with 89.2% spent and **Service and Supplies** with 84.7% spent. The fund also has **Transfers and Reimbursement** budget of $100,000, which is their Contingency budget. This amount remained untouched in the 2024/25 fiscal year.

Senior Nutrition Fund – Fund 116

Revenues

Senior Nutrition Fund is supported mostly by State and Federal Grants. This revenue is recorded in **Aid from Other Government Agencies** and as of June 30, 2025, they received 121.6% of the allocated $596,835 budget. **Charge for Services** revenue is for services provided by Senior Nutrition and paid through Community Actions Agency CSBG grant. **Charge for Services** received only 41.4% of the $45,000 budget. **Other Revenues** include a General Fund contribution of $35,000, **Donation** revenue of $39,335 and **Fundraiser** revenue of $26,216.

Expenditures

The fund expended 94.2% of their operating budget. **Salary & Benefits** used 98.4% of the $161,565 allocation and **Service & Supplies** used 93% of their $558,098 allocation.

TEHAMA COUNTY

AUDITOR'S FINANCIAL REPORT

AS OF SEPTEMBER 2025

PRESENTED BY

KRISTA PETERSON

County of Tehama

Financial Report

Quarter Ending September 2025

Overview

Presented in the following pages are the details of expenditures and revenues for the September 30, 2025 quarter for fiscal year 2025/26.

The percentage of budget and remaining budget calculations shown in the following pages are calculated using September 30 actual totals in comparison to budget.

The budget being presented reflects the Final Budget figures plus any board approved adjustments and some encumbrances (budget from prior year reserved for 2025/26 with existing board approved contracts, Purchase Orders and Purchasing Agreements.

Revenue & Expenditure trends include activity from Funds 101 through 116 and reflect information from Debt Service, Capital Outlay and Risk Management.

General Notes

Revenues

The reports show very little revenue across funds as of September 30, 2025. This is largely due to the accruals for 2024/25. Part of the closing process is to recognize revenue in the period that it was earned. Because of this most of the revenue coming from State and Federal agencies in July and August is for May and June. As a result, revenue in **Aid from Other Gov't** only reflects one month, or one 12th of the anticipated appropriations. Total budget for Aid From Other Gov't across funds is $133,140,269 with $16,107,470, or 12.1% received.

One of the Major sources of revenue in General Fund is **Taxes.** Sales tax, like Aid from Other Gov't revenue is subject to accruals and therefore only reflects one month of revenue. Additionally, Property Tax revenue is due in the months of December and April, so as of September 30, 2025, there is very little property tax revenue received. As of September 30, 2025, only 3% of the $39,297,004 has been received.

License and Permit Revenue include permit revenue related to construction and includes revenues in Building & Safety, Planning, Environmental Health & Road. Revenue as of September 30 related to building is $678,071, or 43.5% of the $1,557,294 budgeted.

From Property includes rent and interest. The interest for the September quarter posts following the quarter end. Therefore, no interest revenues have been posted for this

reporting period. Any revenues reflected in this source are for departments that collect rent.

Other Revenue this is mainly contributions, miscellaneous program revenue and one-time revenue. The revenues reflected in this source currently are mainly a result of General Fund contributions. This revenue also includes the revenues related to the TRAN between the Health Agency and County Treasury Pool. This year the TRAN is in the amount of $25 million and was issued on July 1, 2025.

Expenditures

Salary & Benefits – All, but Health Agency, are exceeding the 25% threshold for the 1st quarter. This is due to the one-time Unfunded PERS payments made in July.

Service & Supplies – the bulk of the expenses in service and supplies is typically for Maintenance Agreements and Contracted services. These expenses are affected by the accrual period, where the expense is moved back to the period it was incurred. Much of the July expense is moved back to the prior year. Thus, all the funds are below the 25% threshold for spending with the exception Building & Safety that utilized 30.7 of their $319,468 allocation.

Other Charges – This is mostly for support and care of clients, debt payments and contributions to other agencies. Other Charges also include the new debt for the TRAN with budget amount for principal of $25 million and interest of $1 million.

Fixed Assets – In total across funds there is a budget of $16,330,565. The bulk of that is for the Jail Re-Entry project in the amount of $13,000,000. The remainder includes budgets for computers, vehicles, and special departmental equipment. As of September 30, 2025, there was $1,155,233 spent. Most of this was for the Jail Re-entry project with $594,933 in expenditures and Walnut Street Slurry with $439,885 in expenditures.

Transfers & Reimbursements – This is predominantly General Fund contribution to other funds. However, it also includes transfers for Debt Service payments for Aircon. As of September 30, only $739,994 of the overall $34,362,980 has been expended.
