## Notice of Public Hearing AB 2588 Air Toxics "Hotspots" Public Hearing

Notice is hereby given that the Tehama County Air Pollution Control District Board of Directors will hold a public hearing on Tuesday, April 7, 2026, at 10:00 AM, or as soon thereafter as may be heard, in the Board Chambers, 727 Oak Street, Red Bluff, California, to receive the Tehama County Air Pollution Control District AB 2588 Air Toxics "Hot Spots" report.

The Air Toxics "Hot Spots" Information and Assessment Act of 1987 (AB 2588) is a State of California public right-to-know law requiring local air quality management and air pollution control districts to collect information about the location, type, and quantity of toxic compounds emitted into the air from specified local businesses and industries. The AB 2588 Program Annual Report is published to provide the public with information regarding the AB 2588 Program of the Tehama County Air Pollution Control District (District). The enabling statutes (California Health & Safety Code (HSC) Sections 44300-44394) require the California Air Resources Board (CARB) and local air districts to implement the "Hot Spots" Program. This report describes the current reporting and evaluation status for facilities being tracked under this program. This annual report is required by California HSC Section 44363.

A copy of the 2588 report is available for public viewing at the Tehama Air Pollution Control District office, located at 1834 Walnut Street, Red Bluff, California, and on the District's website at [www.tehcoapcd.net](http://www.tehcoapcd.net). Written views or comments may be submitted within ten (10) days of the date of this notice. Any comments received will be considered. Please submit comments to the Air Pollution Control District Office, attention Joseph Tona, Air Pollution Control Officer, or by calling (530) 527-3717. Comments may also be delivered at or prior to the public hearing to the Tehama County Clerk of the Board of Supervisors, 633 Washington Street, Room 12, Red Bluff, CA.
