

**AGREEMENT
BETWEEN
THE COUNTY OF TEHAMA
AND
SKYWAY HOUSE, LLC.**

This agreement is entered into between the County of Tehama, through its Health Services Agency (“County”), and Skyway House, LLC., a social model residential treatment facility for adult person(s) with a Substance Use Disorder (“Contractor”), for the purpose of providing residential treatment services to certain residents of Tehama County, determined by the Tehama County Health Services Agency, Drug and Alcohol, to be in need of residential services for the treatment of substance use disorders.

1. **RESPONSIBILITIES OF CONTRACTOR**

Drug and alcohol treatment residential services are defined for the purposes of this contract as a community-based, peer-group oriented, residential facility that provides food, shelter and certain services in a supportive non-drinking, non-drug using environment for ambulatory person(s) with a Substance Use Disorder. All services will be provided in accordance with Sections 11750 and 11841 of the California Health and Safety Code. The services include:

- Room and board.
- Counselor led educational and peer group sessions oriented towards practical problems in addiction, social, occupational, housing, and other areas.
- Individual counseling and support.
- Liaison on behalf of client in utilizing county and private services.
- Other program services in agreement with the purposes and standards as set forth in the State guidelines.
- Administrative services as required by the same alcoholism and drug abuse State guidelines.

The Contractor shall ensure that all clients follow the Pass Request and Offsite Activity Guidelines as outlined in **Exhibit C**.

The Contractor shall ensure that all clients are exposed to various types of community support systems, including, but not limited to, Alcoholics Anonymous, and/or Narcotics Anonymous meetings. Mandatory community support meeting attendance for all clients on a weekly basis is required. The Contractor will provide transportation to the meetings. The Contractor shall develop with each resident a written treatment/recovery plan within ten (10) days of admission, and a copy provided to the Tehama County Health Services Agency, Drug and Alcohol within fifteen (15) days.

There shall be no unlawful use of drugs or alcohol associated with the program and/or facility. Additionally, no aspect of the program or facility shall include any message on the responsible use, if the use is unlawful, of drugs or alcohol (HSC Section 11999-11999.3). By signing this contract, contractor agrees that it will enforce these requirements.

No Substance Use Prevention, Treatment, and Recovery Services Block Grant (SUPTRSBG) funds made available through this contract shall be used to carry out any program that includes the distribution of sterile needles or syringes for the hypodermic injection of any illegal drug unless the state chooses to implement a demonstration syringe program for injecting drug users.

The Contractor will send to Tehama County Health Services Agency, Drug and Alcohol, upon date of discharge for each client, a summary of the client's progress in treatment that specifically addresses the items included in the treatment/recovery plan and any unresolved issues to be addressed by follow-up. All clients referred by Tehama County Health Services Agency, Drug and Alcohol will have an exit plan developed, with the assistance of the Contractor, five (5) days prior to discharge. The exit plan will have an outpatient appointment scheduled with Drug and Alcohol Division offices to ensure effective transition to the community.

Contractor shall implement a process improvement project as outlined in the Network Improvement of Addiction Treatment (NIATx) model, targeting at least one of the following four NIATx aims:

- Reduced waiting times
- Reduced no-shows
- Increased admissions

- Increase continuation in treatment

The Contractor shall submit to the Drug and Alcohol Administrator by the tenth (10th) day of the following month, a separate written status report consisting of:

- Number and names of residents at the beginning of the month.
- Names, dates, and times of admissions during the month.
- Names, dates, and times of discharges during the month for residents unsuccessfully terminated by the Contractor along with the reasons for termination.
- Names, dates, and times of successful discharges.
- Length of stay, in 24-hour days, by name, for each Tehama County resident admitted for treatment.

The monthly status report shall include a written analysis by the program outlining any problems, pertinent facts, or interim findings, which may affect the Contractor's ability to satisfactorily fulfill the terms of this agreement. Contractor will report, using the correct Tehama County code on CalOMS under Special Services Contract, clients that have been referred by Tehama County Health Services Agency, Drug and Alcohol Division.

Contractor will be evaluated by the following performance objectives:

- A minimum of 80% of all discharged residents who were in treatment at least thirty (30) days will successfully complete residential treatment.
- Successful completion will be defined as being achieved when the following criteria are met:
 1. The resident must maintain complete and continual sobriety when participating in the program.
 2. The resident must have successfully completed all required program components as verified by documentation in the resident's file.
 3. 75% of clients who complete residential treatment will continue meetings according to their aftercare program plan for a minimum of three (3)

months. The aftercare program may consist of an alumni group, Tehama County Health Services Agency, Drug and Alcohol Division group, individual counseling, employment training, and/or a 12-Step Program.

The Contractor must be licensed by the State of California, Department of Healthcare Services, in order to be eligible for payment by County. Without Agreement approval by the California State Department of Healthcare Services, this Agreement shall be null and void in its entirety. County shall not be liable for payment of services by the Contractor for any client for whom County has not given prior approval for payment. Any person, counselor or registrant providing intake, assessment or need for services, treatment, or recovery planning, individual or group counseling to participants, patients, or residents in a DHCS licensed or certified program is required to be certified as defined in Title 9, CCR, Division 4, Chapter 8.

The Contractor shall maintain, on a current basis, clinical records indicating the nature and extent of the services performed and fiscal records indicating the payment received under this Agreement. Any apportionment of costs shall be made in accordance with generally accepted accounting principles and shall evidence proper audit trails reflecting the true cost of the services rendered. These shall be available for inspection by State, Federal, and County staff at any time. The Contractor shall submit a complete annual financial statement to the County no later than sixty (60) days after the end of the fiscal year and shall ensure that the appropriate audit trail exists by retaining all appropriate records and documents for the prescribed ten (10) years. Both parties to this Agreement agree to reply to any audit exceptions by State and Federal agencies and recognize that each is liable for its own audit exceptions. The Contractor will cooperate with County in the preparation of, and will furnish any and all information reasonably required, for reports to be prepared by County as may be required by the rules, regulations, or statutes of the State of California or the United States Government.

Effective July 1, 2022, MHPs, DMCODS/DMC counties will no longer be required to submit an annual Medi-Cal cost report. This policy change will eliminate the need for counties to collect and submit cost reports from subcontracted network providers for purposes of Medi-Cal reimbursement. However, counties may still need to collect cost information from subcontracted network providers for a variety of reasons, including, but not limited to:

- MHPs and DMC-ODS/DMC counties are required to continue to collect cost reports from network providers in compliance with DHCS cost reporting policies for services rendered prior to the date Behavioral Health Payment Reform is implemented on July 1, 2023.
- When cost reporting is required by state or federal law.

2. **RESPONSIBILITIES OF THE COUNTY**

Additionally, clients will present with their social security card and a California Identification card or Drivers License. County shall provide consultation and professional assistance to Contractor's staff and clients to ensure an effective recovery and community re-entry.

County reserves the right to enter the Contractor's physical location at any given time during the term of this Agreement for purposes of privately monitoring and reviewing of the client's course of treatment paid for by the County. County may at least annually, and with at least two (2) weeks' notice, perform a review of all appropriate administrative, personnel, clinical, and fiscal records, policies and procedures to assure compliance with DHCS and Federal statutes, rules and regulations, as well as compliance with this Agreement. The purpose of this review is to assist in meeting the County's legal obligation to monitor all service Contractors.

3. **COMPENSATION**

Contractor shall bill third-party payers, including, but not limited to, private insurance, Medi-Cal, Medicare, and receive an Explanation of Benefits (EOB) from the third-party payer prior to billing County. County shall be the payer of last resort. In no case shall County liability for payment exceed rates set forth in the Fee Schedule, attached hereto as **Exhibit B**.

Contractor shall be paid in accordance with the rates set forth in the Fee Schedule, attached hereto as **Exhibit B** after satisfactorily completing the duties described in this Agreement. The Maximum Compensation payable under this Agreement shall not exceed \$100,000.00 for each fiscal year. Total maximum for this agreement is \$300,000.00. Contractor shall not be entitled to payment or reimbursement for any tasks or services performed except as specified herein. Contractor shall have no claim against County for payment of any compensation or reimbursement, of any kind whatsoever, for any service provided by Contractor after the expiration or other termination of this Agreement. Contractor shall not be paid any amount in excess of the Maximum Compensation amount set forth above, and Contractor agrees that County has no obligation, whatsoever, to compensate or reimburse Contractor for any expenses, direct or indirect costs, expenditures, or charges of any nature by Contractor that exceed the Maximum Compensation amount set forth above. Should Contractor receive any such payment it shall immediately notify County and shall immediately repay all such funds to County. This provision shall survive the expiration or other termination of this Agreement.

4. **BILLING AND PAYMENT**

On or before the 15th of each month, Contractor shall submit to County an itemized invoice for all services rendered during the preceding calendar month. County shall make payment of all undisputed amounts within 30 days of receipt of Contractor's invoice. County shall be obligated to pay only for services properly invoiced in accordance with this section.

5. **TERM OF AGREEMENT**

This agreement shall commence on July 1, 2026, and shall terminate June 30, 2029, unless terminated in accordance with section 6 below.

6. **TERMINATION OF AGREEMENT**

Either party may terminate this agreement on 30 days' written

notice. County shall pay contractor for all work satisfactorily completed as of the date of notice. County may terminate this agreement immediately upon oral notice should funding cease or be materially decreased or should the Tehama County Board of Supervisors fail to appropriate sufficient funds for this agreement in any fiscal year.

The County's right to terminate this agreement may be exercised by the Health Services Agency Executive Director.

7. **ENTIRE AGREEMENT; MODIFICATION**

This agreement for the services specified herein supersedes all previous agreements for these services and constitutes the entire understanding between the parties hereto. Contractor shall be entitled to no other benefits other than those specified herein. No changes, amendments or alterations shall be effective unless in writing and signed by both parties. Contractor specifically acknowledges that in entering into and executing this agreement, Contractor relies solely upon the provisions contained in this agreement and no other oral or written representation.

8. **NONASSIGNMENT OF AGREEMENT**

Inasmuch as this agreement is intended to secure the specialized services of Contractor, Contractor may not assign, transfer, delegate or sublet any interest herein without the prior written consent of the County. Notwithstanding the foregoing, Contractor may assign its rights and obligations under this Agreement, in whole but not in part, without the County's permission, in connection with any merger, consolidation, sale of all or substantially all of Contractor's assets or equity, or any other similar transaction; *provided, that* the assignee: (a) provides prompt written notice of such assignment to the non-assigning party; (b) is capable of fully performing the obligations of the Contractor under the Agreement; and (c) agrees to be bound by the terms and conditions of this Agreement. The Agreement is binding on the parties hereto and their respective successors and permitted assigns.

9. **EMPLOYMENT STATUS**

Contractor shall, during the entire term of this agreement, be construed to be an independent contractor and nothing in this agreement is intended nor shall be construed to create an

employer-employee relationship, a joint venture relationship, or to allow County to exercise discretion or control over the professional manner in which Contractor performs the services which are the subject matter of this agreement; provided always, however, that the services to be provided by Contractor shall be provided in a manner consistent with the professional standards applicable to such services. The sole interest of the County is to ensure that the services shall be rendered and performed in a competent, efficient, and satisfactory manner. Contractor shall be fully responsible for payment of all taxes due to the State of California or the Federal government, which would be withheld from compensation of Contractor, if Contractor were a County employee. County shall not be liable for deductions for any amount for any purpose from Contractor's compensation. Contractor shall not be eligible for coverage under County's Workers Compensation Insurance Plan nor shall Contractor be eligible for any other County benefit.

10. **INDEMNIFICATION**

Contractor shall defend, hold harmless, and indemnify Tehama County, its elected officials, officers, employees, agents, and volunteers against all claims, suits, actions, costs, expenses (including but not limited to reasonable attorney's fees of County), damages, judgments, or decrees by reason of any person's or persons' injury, including death, or property (including property of County) being damaged, arising out of contractor's performance of work hereunder or its failure to comply with any of its obligations contained in this agreement, whether by negligence or otherwise. Contractor shall, at its own expense, defend any suit or action founded upon a claim of the foregoing. Contractor shall also defend and indemnify County against any adverse determination made by the Internal Revenue Service or the State Franchise Tax Board and/or any other taxing or regulatory agency against the County with respect to Contractor's "independent contractor" status that would establish a liability for failure to make social security or income tax withholding payments, or any other legally mandated payment.

11. **INSURANCE**

Contractor shall procure and maintain insurance pursuant to **Exhibit A**, "Insurance Requirements For Contractor," attached hereto and incorporated by reference.

12. **PREVAILING WAGE**

If the Services hereunder are being performed as part of an applicable “public works” or “maintenance” project, as defined by the Prevailing Wage Laws, and if the total compensation is \$1,000 or more, Contractor agrees to fully comply with and to require its subcontractors to fully comply with such Prevailing Wage Laws, to the extent that such laws apply. If applicable, County will maintain the general prevailing rate of per diem wages and other information set forth in Labor Code section 1773 at its principal office and will make this information available to any interested party upon request. Contractor shall defend, indemnify, and hold the County, its elected officials, officers, employees, and agents free and harmless from any claims, liabilities, costs, penalties, or interest arising out of any failure or alleged failure of the Contractor or its subcontractors to comply with the Prevailing Wage Laws. Without limiting the generality of the foregoing, Contractor specifically acknowledges that County has not affirmatively represented to contractor in writing, in the call for bids, or otherwise, that the work to be covered by the bid or contract was not a “public work.” To the fullest extent permitted by law, Contractor hereby specifically waives and agrees not to assert, in any manner, any past, present, or future claim for indemnification under Labor Code section 1781.

Contractor acknowledges the requirements of Labor Code sections 1725.5 and 1771.1 which provide that no contractor or subcontractor may be listed on a bid proposal or be awarded a contract for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5, with exceptions from this requirement specified under Labor Code sections 1725.5(f), 1771.1(a) and 1771.1(n).

If necessary, a Supplemental Report may be used to submit revised or additional information after the completed report is submitted, by submitting the revised or additional information on an updated "Privacy Incident Report" form. The Department will review and approve the determination of whether a breach occurred and whether individual notifications and a corrective action plan are required.

- f. **Responsibility for Reporting of Breaches.** If the cause of a breach of Department PI or PII is attributable to Contractor or its agents, subcontractors or vendors, Contractor is responsible for all required reporting of the breach as specified in CIPA, section 1798.29 and as may be required under the IEA. Contractor shall bear all costs of required notifications to individuals as well as any costs associated with the breach. The Privacy Officer shall approve the time, manner and content of any such notifications and their review and approval must be obtained before the notifications are made. The Department will provide its review and approval expeditiously and without unreasonable delay.

- g.** If Contractor has reason to believe that duplicate reporting of the same breach or incident may occur because its subcontractors, agents or vendors may report the breach or incident to the Department in addition to Contractor, Contractor shall notify the Department, and the Department and Contractor may take appropriate action to prevent duplicate reporting.
- h. Department Contact Information.** To direct communications to the above referenced Department staff, the Contractor shall initiate contact as indicated herein. The Department reserves the right to make changes to the contact information below by giving written notice to the Contractor. Said changes shall not require an amendment to this Addendum or the Agreement to which it is incorporated.

10) Designation of Individual Responsible for Security

Contractor shall designate an individual, (e.g., Security Officer), to oversee its data security program who shall be responsible for carrying out the requirements of this Exhibit D-2 and for communicating on security matters with the Department.

EXHIBIT D-3

Miscellaneous Terms and Conditions

Applicable to Exhibit D

- 1) **Disclaimer.** The Department makes no warranty or representation that compliance by Contractor with this Exhibit D, HIPAA or the HIPAA regulations will be adequate or satisfactory for Contractor's own purposes or that any information in Contractor's possession or control, or transmitted or received by Contractor, is or will be secure from unauthorized use or disclosure. Contractor is solely responsible for all decisions made by Contractor regarding the safeguarding of the Department PHI, PI and PII.

- 2) **Amendment.** The parties acknowledge that federal and state laws relating to electronic data security and privacy are rapidly evolving and that amendment of this Exhibit D may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take such action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, and the HIPAA regulations, and other applicable state and federal laws. Upon either party's request, the other party agrees to promptly enter into negotiations concerning an amendment to this Exhibit D embodying written assurances consistent with the standards and requirements of HIPAA, the HITECH Act, and the HIPAA regulations, and other applicable state and federal laws. The Department may terminate this Agreement upon thirty (30) days written notice in the event:
 - a) Contractor does not promptly enter into negotiations to amend this Exhibit E when requested by the Department pursuant to this section; or
 - b) Contractor does not enter into an amendment providing assurances regarding the safeguarding of Department PHI that the Department deems is necessary to satisfy the standards and requirements of HIPAA and the HIPAA regulations.

- 3) **Judicial or Administrative Proceedings.** Contractor will notify the Department if it is named as a defendant in a criminal proceeding for a violation of HIPAA or other security or privacy law. The Department may terminate this Agreement if Contractor is found guilty of a criminal violation of HIPAA. The Department may terminate this Agreement if a finding or stipulation that the Contractor has violated any standard or requirement of HIPAA, or other security or privacy laws is made in any administrative or civil proceeding in which the Contractor is a party or has been joined.

DHCS will consider the nature and seriousness of the violation in deciding whether or not to terminate the Agreement.

- 4) **Assistance in Litigation or Administrative Proceedings.** Contractor shall make itself and any subcontractors, employees or agents assisting Contractor in the performance of its obligations under this Agreement, available to the Department at no cost to the Department to testify as witnesses, or otherwise, in the event of litigation or administrative proceedings being commenced against the Department, its directors, officers or employees based upon claimed violation of HIPAA, or the HIPAA regulations, which involves inactions or actions by the Contractor, except where Contractor or its subcontractor, employee or agent is a named adverse party.
- 5) **No Third-Party Beneficiaries.** Nothing express or implied in the terms and conditions of this Exhibit D is intended to confer, nor shall anything herein confer, upon any person other than the Department or Contractor and their respective successors or assignees, any rights, remedies, obligations or liabilities whatsoever.
- 6) **Interpretation.** The terms and conditions in this Exhibit D shall be interpreted as broadly as necessary to implement and comply with HIPAA, the HITECH Act, and the HIPAA regulations. The parties agree that any ambiguity in the terms and conditions of this Exhibit D shall be resolved in favor of a meaning that complies and is consistent with HIPAA, the HITECH Act and the HIPAA regulations, and, if applicable, any other relevant state and federal laws.
- 7) **Conflict.** In case of a conflict between any applicable privacy or security rules, laws, regulations or standards the most stringent shall apply. The most stringent means that safeguard which provides the highest level of protection to PHI, PI and PII from unauthorized disclosure. Further, Contractor must comply within a reasonable period of time with changes to these standards that occur after the effective date of this Agreement.
- 8) **Regulatory References.** A reference in the terms and conditions of this Exhibit E to a section in the HIPAA regulations means the section as in effect or as amended.
- 9) **Survival.** The respective rights and obligations of Contractor under Section 3, Item D of Exhibit D-1, and Section 3, Item B of Exhibit D-2, Responsibilities of Contractor, shall survive the termination or expiration of this Agreement.

- 10) **No Waiver of Obligations.** No change, waiver or discharge of any liability or obligation hereunder on any one or more occasions shall be deemed a waiver of performance of any continuing or other obligation, or shall prohibit enforcement of any obligation, on any other occasion.
- 11) **Audits, Inspection and Enforcement.** From time to time, and subject to all applicable federal and state privacy and security laws and regulations, the Department may conduct a reasonable inspection of the facilities, systems, books and records of Contractor to monitor compliance with this Exhibit D. Contractor shall promptly remedy any violation of any provision of this Exhibit E. The fact that the Department inspects, or fails to inspect, or has the right to inspect, Contractor's facilities, systems and procedures does not relieve Contractor of its responsibility to comply with this Exhibit D. The Department's failure to detect a non-compliant practice, or a failure to report a detected non-compliant practice to Contractor does not constitute acceptance of such practice or a waiver of the Department's enforcement rights under this Agreement, including this Exhibit D.
- 12) **Due Diligence.** Contractor shall exercise due diligence and shall take reasonable steps to ensure that it remains in compliance with this Exhibit E and is in compliance with applicable provisions of HIPAA, the HITECH Act and the HIPAA regulations, and other applicable state and federal law, and that its agents, subcontractors and vendors are in compliance with their obligations as required by this Exhibit D.
- 13) **Term.** The Term of this Exhibit D-1 shall extend beyond the termination of the Agreement and shall terminate when all Department PHI is destroyed or returned to the Department, in accordance with 45 CFR Section 164.504(e)(2)(ii)(I), and when all Department PI and PII is destroyed in accordance with Attachment A.
- 14) **Effect of Termination.** Upon termination or expiration of this Agreement for any reason, Contractor shall return or destroy all Department PHI, PI and PII that Contractor still maintains in any form, and shall retain no copies of such PHI, PI or PII. If return or destruction is not feasible, Contractor shall notify the Department of the conditions that make the return or destruction infeasible, and the Department and Contractor shall determine the terms and conditions under which Contractor may retain the PHI, PI or PII. Contractor shall continue to extend the protections of this Exhibit E to such Department PHI, PI and PII, and shall limit further use of such data to those purposes that make the return or destruction of such data infeasible. This provision shall apply to Department PHI, PI and PII that is in the possession of subcontractors or agents of Contractor.

The Contractor shall retain each person's written confidentiality statement for Department inspection for a period of six (6) years following termination of this Agreement.
- D. **Background Check.** Before a member of the workforce may access Department PHI or PI, a background screening of that worker must be conducted. The screening should be commensurate with the risk and magnitude of harm the employee could cause, with more thorough screening being done for those employees who are authorized to bypass significant technical and operational security controls. The Contractor shall retain each workforce member's background check documentation for a period of three (3) years.

2. Technical Security Controls

- A. **Workstation/Laptop encryption.** All workstations and laptops that store Department PHI or PI either directly or temporarily must be encrypted using a FIPS 140-2 certified algorithm which is 128bit or higher, such as Advanced Encryption Standard (AES). The encryption solution must be full disk unless approved by the Department Information Security Office.

- B. **Server Security.** Servers containing unencrypted Department PHI or PI must have sufficient administrative, physical, and technical controls in place to protect that data, based upon a risk assessment/system security review.
- C. **Minimum Necessary.** Only the minimum necessary amount of Department PHI or PI required to perform necessary business functions may be copied, downloaded, or exported.
- D. **Removable media devices.** All electronic files that contain Department PHI or PI data must be encrypted when stored on any removable media or portable device (i.e. USB thumb drives, floppies, CD/DVD, Blackberry, backup tapes etc.). Encryption must be a FIPS 140-2 certified algorithm which is 128bit or higher, such as AES.
- E. **Antivirus software.** All workstations, laptops and other systems that process and/or store Department PHI or PI must install and actively use comprehensive anti-virus software solution with automatic updates scheduled at least daily.
- F. **Patch Management.** All workstations, laptops and other systems that process and/or store Department PHI or PI must have critical security patches applied, with system reboot if necessary. There must be a documented patch management process which determines installation timeframe based on risk assessment and vendor recommendations. At a maximum, all applicable patches must be installed within 30 days of vendor release. Applications and systems that cannot be patched within this time frame due to significant operational reasons must have compensatory controls implemented to minimize risk until the patches can be installed. Applications and systems that cannot be patched must have compensatory controls implemented to minimize risk, where possible.
- G. **User IDs and Password Controls.** All users must be issued a unique user name for accessing Department PHI or PI. Username must be promptly disabled, deleted, or the password changed upon the transfer or termination of an employee with knowledge of the password. Passwords are not to be shared. Passwords must be at least eight characters and must be a non-dictionary word. Passwords must not be stored in readable format on the computer. Passwords must be changed at least every 90 days, preferably every 60 days. Passwords must be changed if revealed or compromised. Passwords must be composed of characters from at least three of the following four groups from the standard keyboard:
 - 1) Upper case letters (A-Z)
 - 2) Lower case letters (a-z)
 - 3) Arabic numerals (0-9)

4) Non-alphanumeric characters (punctuation symbols)

- H. **Data Destruction.** When no longer needed, all Department PHI or PI must be wiped using the Gutmann or US Department of Defense (DoD) 5220.22-M (7 Pass) standard, or by degaussing. Media may also be physically destroyed in accordance with NIST Special Publication 800-88. Other methods require prior written permission of the Department Information Security Office.
- I. **System Timeout.** The system providing access to Department PHI or PI must provide an automatic timeout, requiring re-authentication of the user session after no more than 20 minutes of inactivity.
- J. **Warning Banners.** All systems providing access to Department PHI or PI must display a warning banner stating that data is confidential, systems are logged, and system use is for business purposes only by authorized users. User must be directed to log off the system if they do not agree with these requirements.
- K. **System Logging.** The system must maintain an automated audit trail which can identify the user or system process which initiates a request for Department PHI or PI, or which alters Department PHI or PI. The audit trail must be date and time stamped, must log both successful and failed accesses, must be read only, and must be restricted to authorized users. If Department PHI or PI is stored in a database, database logging functionality must be enabled. Audit trail data must be archived for at least 3 years after occurrence.
- L. **Access Controls.** The system providing access to Department PHI or PI must use role based access controls for all user authentications, enforcing the principle of least privilege.
- M. **Transmission encryption.** All data transmissions of Department PHI or PI outside the secure internal network must be encrypted using a FIPS 140-2 certified algorithm which is 128bit or higher, such as AES. Encryption can be end to end at the network level, or the data files containing Department PHI can be encrypted. This requirement pertains to any type of Department PHI or PI in motion such as website access, file transfer, and E-Mail.
- N. **Intrusion Detection.** All systems involved in accessing, holding, transporting, and protecting Department PHI or PI that are accessible via the Internet must be protected by a comprehensive intrusion detection and revention solution.

3. Audit Controls

- A. **System Security Review.** Contractor must ensure audit control mechanisms that record and examine system activity are in place. All systems processing and/or storing Department PHI or PI must have at least an annual system risk assessment/security review which provides assurance that administrative, physical, and technical controls are functioning effectively and providing adequate levels of protection. Reviews should include vulnerability scanning tools.
- B. **Log Reviews.** All systems processing and/or storing Department PHI or PI must have a routine procedure in place to review system logs for unauthorized access.
- C. **Change Control.** All systems processing and/or storing Department PHI or PI must have a documented change control procedure that ensures separation of duties and protects the confidentiality, integrity and availability of data.

4. Business Continuity / Disaster Recovery Controls

- A. **Emergency Mode Operation Plan.** Contractor must establish a documented plan to enable continuation of critical business processes and protection of the security of Department PHI or PI held in an electronic format in the event of an emergency. Emergency means any circumstance or situation that causes normal computer operations to become unavailable for use in performing the work required under this Agreement for more than 24 hours.
- B. **Data Backup Plan.** Contractor must have established documented procedures to backup Department PHI to maintain retrievable exact copies of Department PHI or PI. The plan must include a regular schedule for making backups, storing backups offsite, an inventory of backup media, and an estimate of the amount of time needed to restore Department PHI or PI should it be lost. At a minimum, the schedule must be a weekly full backup and monthly offsite storage of Department data.

5. Paper Document Controls

- A. **Supervision of Data.** Department PHI or PI in paper form shall not be left unattended at any time, unless it is locked in a file cabinet, file room, desk or office. Unattended means that information is not being observed by an employee authorized to access the information. Department PHI or PI in paper form shall not be left unattended at any time in vehicles or planes and shall not be checked in baggage on commercial airplanes.

- E. **Faxing.** Faxes containing Department PHI or PI shall not be left unattended and fax machines shall be in secure areas. Faxes shall contain a confidentiality statement notifying persons receiving faxes in error to destroy them. Fax numbers shall be verified with the intended recipient before sending the fax.
- F. **Mailing.** Mailings containing Department PHI or PI shall be sealed and secured from damage or inappropriate viewing of such PHI or PI to the extent possible. Mailings which include 500 or more individually identifiable records of Department PHI or PI in a single package shall be sent using a tracked mailing method which includes verification of delivery and receipt, unless the prior written permission of the Department to use another method is obtained.
