## Schedule A

### Tehama County Sheriff's Office

All grant awards, including any adjustments to requested funding, were made by the Cannabis Grants Unit based on the merits of the Grant Application, scale of operation, and in accordance with the Request for Application (RFA) requirements and associated regulations. As a result, not all Project activities and items detailed in Schedule A are applicable. Refer to Schedule B - Detailed Budget Estimate for approved Budget line items and Project activities. Project activities and items that are not clearly identified/specified in the Grant Agreement must be submitted to and approved by CGU prior to purchase.

#### **Project Description**

The Tehama County Sheriff's Office (TCSO) is committed to enhancing public safety by reducing impaired driving incidents within our community. With funding from the Cannabis Tax Fund Grant Program, TCSO will implement a comprehensive strategy focusing on community engagement and DUI enforcement. A core component of this strategy involves using SkyeBrowse to create immersive, virtual reality (VR) experiences of DUI crime scenes for educational purposes, particularly during community outreach events. Additionally, the funding would be utilized to purchase 1 unmanned, remotely piloted, powered aerial equipment used to capture and reconstruct DUI/DUID accident scenes, bolster DUI saturation patrols and pre-plan DUI checkpoints to maximize their effectiveness.

This project will address the identified needs through a multi-faceted approach:

- **VR DUI Education with SkyeBrowse:** TCSO will purchase the SkyeBrowse package, which includes 2 VR goggles. This equipment will be used to create realistic VR experiences of DUI crash scenes. These VR experiences will be showcased at community events to educate residents on the dangers and potential consequences of impaired driving.
- **DUI/DUID Accident Documentation:** TCSO will purchase one unmanned, remotely piloted, powered aerial equipment. This equipment will be used to improve the current accident documentation techniques by being able to capture a 360 aerial view of an accident caused by a DUI/DUID.
- **Increased DUI Enforcement:** TCSO will conduct targeted DUI saturation patrols and checkpoints, focusing on areas with high DUI incident rates and proximity to cannabis dispensaries.
- **Community Outreach and Education:** TCSO will actively participate in community events, including the Safety Fair at Lake California, education events at local schools, the health fair at Rolling Hills Casino, the Tehama County Emergency Preparedness and Resource Fair, the Tehama County District Fair, the Annual Chili Cook Off and Car Show, and many other community events to disseminate information about impaired driving prevention.
- **Officer Training:** TCSO will invest in advanced DUI training for its deputies, sending one deputy to DUI instructor school and two deputies to Drug Recognition Expert (DRE) school. The deputy attending DUI instructor school will be attending the course taught by CA Highway Patrol (CHP) in Folsom, CA 95630. The two deputies attending DRE school will be attending the course taught by CHP in Fairfield, CA.

#### **Problem Statement & Proposed Solution**

Impaired driving continues to pose a significant threat to the safety and well-being of Tehama County residents. While TCSO actively participates in the "Avoid the 5" program, our DUI arrest rate is currently low due to the transfer of many cases to the California Highway Patrol because of lack of funding. TCSO does not currently have the funds for law enforcement to conduct DUI saturation patrols or attend SFST, ARIDE or DRE trainings. To address this, TCSO aims to enhance its DUI enforcement capabilities and increase public awareness of the dangers of impaired driving.

Specifically, there is a need to:

- Enhance community understanding of the consequences of DUI.
- Improve DUI/DUID accident documentation technology.
- Improve pre-planning and execution of DUI saturation patrols and checkpoint

## Schedule A

### **Performance Measures/Scope of Work**

**Goal 1:** Enhance community understanding of the consequences of DUI.

The DUI Instructor will be discussing the laws and consequences of DUI/DUID's and the Deputy Coroner will be discussing the effects of alcohol and drugs on the body and how long they stay present in the body at the DUI Awareness Seminar's. Depending on the size of the event, an additional deputy will facilitate the Skyebrowse Virtual Reality portion of the seminar. The Skyebrowse VR will allow the user to experience a realistic walk through of a DUI accident, with the target audience being 13+, all disturbing images will be blurred.

DUI Awareness Seminars will be held at the following community events:

- 8th Grade Career Day - Average Attendees - 600
- Corning High School Career Day - Average Attendees - 300

Tehama County Sheriff's Office will be using the Skyebrowse VR only for community educational events and has paired the requested set down from 5 to 2 sets. The Skyebrowse VR will be an effective modern educational tool because it will catch the interest of the public and it allows them to experience the real consequences of driving under the influence of drugs and alcohol. The one unmanned, remotely piloted, powered aerial equipment will be only used to capture a 360 aerial view of DUI/DUID accidents that will be then viewed through the Skyebrowse VR set after being edited for safe public viewing.

### **Project Performance Evaluation**

The success of this project will be measured through the following performance indicators:

- Number of residents who participate in the SkyeBrowse VR experience at community events
- Feedback from community members who experience the VR simulation, gathered through surveys and interviews.
- Increased report clarity due to updated technology being used to document accident scenes.
- Number of DUI saturation patrols and checkpoints conducted with SkyeBrowse pre-planning.
- Changes in DUI arrest rates following the implementation of the project.
- Reduction in traffic collisions related to impaired driving.

TCSO will submit quarterly progress reports to the CHP, detailing the project's activities, performance data, and any challenges encountered.

### **Program Sustainability**

TCSO is committed to sustaining the benefits of this project beyond the grant period. We will explore opportunities to integrate the SkyeBrowse VR experience into our ongoing community outreach efforts and seek additional funding sources to support DUI enforcement activities.

### **Administrative Support**

The Tehama County Sheriff's office has been receiving grant funding from multiple grant sources for many years that has helped the Sheriff's Office better serve the citizens of Tehama County and fill the funding gaps that come with serving in a rural community. A staff member has been assigned specifically to manage the grants to ensure projects are completed during the performance period and that all reporting requirements are completed accurately and in a timely manner. The grants manager actively communicates with grant analyst during performance periods, department leadership, and other county agencies to make sure that funds are being spent efficiently and timely.
