**Resolution No. 01-2024 FY 2024-2025 Low Carbon Transit Operations Program (LCTOP) -
Deputy Director Riske-Gomez**

Requested Action(s)

Adopt Resolution No. 01-2024: Authorizing the Execution of the Certifications and Assurances and Authorized Agent Forms for the Low Carbon Transit Operations Program (LCTOP) for the following project: Shasta Connect Route.

Financial Impact:

\$263,579 in funding to benefit low-income households and residents from the State Low Carbon Transit Operations Program (LCTOP)

Background Information:

Fiscal Year 2024-2025 funding will support the continued interregional transit route project, known as "Shasta Connect." This project will support existing TRAX services to better connect the region and serve our residents. This route will also feed the anticipated North State Express Intercity Bus System once the route has been initiated. The Shasta Route significantly improves mobility and air quality and will increase transit use to Sacramento and larger systems. As the North State Express Intercity Bus System comes on-line, routes will be synchronized to flow smoothly into that service. The scheduled route times are Monday through Friday 7:45 AM to 6:50 PM for a total of five (5) round trips.

Lake California Drive Reconstruction Project - Deputy Director Riske-Gomez

Requested Action(s)

Informational presentation regarding the Lake California Reconstruction Project.

Financial Impact:

Click here to enter Financial Impact.

Background Information:

Congress has established a process called "Community Project Funding," which allows Members to submit funding requests for specific programs and projects based in their District. Community Project Funding (CPF) requests are submitted by a Member of Congress (Representative or Senator) for direct Federal funding in support of a local project or program. Only governmental or non-profit entities are eligible for Community Project Funding requests.

Staff requested funding under this program in 2023 and were nominated by Congressman LaMalfa. The Tehama County Transportation Commission was very honored to have received a nomination for Community Project Funding for FY 2024 totaling \$6,500,000. This project will reconstruct an existing facility to provide for the safety of pedestrians, remove hazards and clear a recovery zone, as well as develop a complete streets bike/pedestrian facility that may be utilized for the use of emergency vehicles during an incident.

This announcement is preliminary in nature as staff are currently collaborating with the Congressman to coordinate a formal release of information to the press and local stakeholders.

Washington, D.C. 20515

The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations
Washington, D.C. 20515

Chairwoman Granger and Ranking Member DeLauro,

I am requesting funding for the Lake California Drive Reconstruction Project – Corridor Improvements, Road Rehabilitation, and Multi-modal Infrastructure Development project in fiscal year 2024. The entity to receive funding for this project is Tehama County Transportation Commission, located at 1509 Schwab Street, Red Bluff, CA 96080. The funding would be used for reconstructing an existing facility to provide for the safety of pedestrians, remove hazards and clear a recovery zone, as well as develop a complete street bike/pedestrian facility that may be utilized for the use of emergency vehicles during an incident. The project is an appropriate use of taxpayer funds because it will support a mass mobilization during an emergency incident.

The project has a federal nexus because the funding provided is for purposes authorized by 23 USC 133(b).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Doug LaMalfa
Member of Congress

Safety, Secondary Access Community Planning & Evacuation Routing Project - Deputy Director Riske-Gomez

Requested Action(s)

Informational Presentation regarding the release of the Draft Safety, Secondary Access Community Planning & Evacuation Routing Study.

Financial Impact:

Click here to enter Financial Impact.

Background Information:

The Tehama County Safety, Secondary Access Community Planning & Evacuation Routing Study provides a comprehensive approach to emergency preparedness and evacuation for Tehama County. This includes identifying existing issues within the transportation network, such as dead end streets and limited ingress and egress points, as well as determining improvements to ensure infrastructure meets the evacuation needs of vulnerable communities in the County.

This Study was funded by the Caltrans Sustainable Communities Competitive Planning Grant Program and the CAL FIRE Wildfire Prevention Grant Program utilizing funding from the California Climate Investments Program, with additional funding from the CalOES Next Generation 911 Project.

This Study was a collaborative effort between TCTC, the project team, project partners, and the Tehama County community. Public and Stakeholder comment is currently being solicited via direct email or at <https://www.tehamaevac.com/add-comment>. The comment period closes May 30, 2024 with an anticipated adoption date in June of 2024. The plan may be viewed at <https://www.tehamaevac.com/> and bound hard copies will be provided at the meeting.
